Human Resources Screening Questions

Does your institution have any part-time staff?

If you answer Yes to this question, you will be provided the screens to report part-time staff.

Yes No

Did your institution hire any full-time permanent staff who were included on the payroll of the institution between July 1 and October 31, 2009 either for the first time or after a break in service AND who were still on the payroll of the institution as of November 1, 2009? (Exclude persons who have returned from sabbatical leave OR full-time staff who are working less-than-9-month contracts/teaching periods and whose primary responsibility is instruction, research, and/or public service.)

If you answer Yes to this question and your institution has 15 or more full-time staff, you will be provided the screens to report full-time permanent new hires in the Fall Staff section (long version).

Yes No

You may use the space below to provide context for the data you've reported above.

WEST HILLS COMMUNITY COLLEGE

CERTIFICATED STAFF

AFFIRMATIVE ACTION EMPLOYMENT PROGRAM

The Board of Trustees subscribes to the following statement on Affirmative Action issued by the Office of Civil Rights, Department of Health, Education and Welfare.

As the phrase implies, Affirmative Action requires the employer to make additional efforts to recruit, employ, and promote qualified members of groups formerly excluded, even if that exclusion cannot be traced to particular discriminatory actions on the part of the employer. The premise of the Affirmative Action concept of Executive Order #11246 is that unless positive action is undertaken to overcome the effects of systemic institutional form of exclusion and discrimination, a benign neutrality in employment practices will tend to perpetuate the status quo indefinitely (1).

West Hills College has the responsibility to strive to correct any adverse discrepancies that might have resulted, unintentionally, from part-time employment practices. It shall, therefore, be the policy of the West Hills Community College District to provide for verifiable Affirmative Action approaches to the recruitment, examination, selection, retention and education to assure the protected groups are integrated within district employment and college enrollment at all levels.

Furthermore, all bids for construction to contractors for projects of \$16,000 or more, which involve labor, shall contain an Affirmative Action/Equal opportunity clause; and through all appropriate means, the District will make it known that it is an Affirmative Action/Equal opportunity employer.

While this District's Affirmative Action Program shall seek to bring about a better ethnic and sexual balance among employees, it must not come into conflict with the concept of equal opportunity for all that is, steps to increase opportunities for some shall not result in discrimination against others. Furthermore, implementation of this policy should be such a form that high standards of employee performance are maintained to guarantee a beneficial effect upon Educational Program of this District.

WEST HILLS COMMUNITY COLLEGE
Affirmative Action Employment Program

CERTIFICATED STAFF

The Superintendent/President shall insure implementation of an affirmative Action Program in accordance with District policy and in keeping with applicable state and federal laws. Furthermore, the efficacy of this policy is to be evaluated regularly and reports made to the Board.

Ed. Code 87400, 87427
5 Cal. Adm. Code 30, et seq.

Institutional Narrative

The history of West Hills College Lemoore (WHCL) begins in 1962, when Lemoore High School District residents voted to annex to the College District. In 1979 the district purchased land in the City of Lemoore, and in 1981 a classroom building and an office were erected. The campus operated in portable buildings on five acres in the City of Lemoore, as well as in leased space in Lemoore K-12 schools and in classrooms located on the Lemoore Naval Air Station. This site was named the Kings County Center. The Center served its community well for more than twenty years.

Unique Public-Private Partnerships

In response to the growing enrollment and the enthusiasm of Lemoore area residents to build their own campus, the district supported a plan to build a new campus in Lemoore. Residents of the West Hills Community College District approved a \$19 million West Hills College bond Measure G which was partially used to construct a new Lemoore campus. In Kings County, the measure was approved by 70% of the votes. This bond measure, coupled with bond monies from Proposition 1A which passed statewide, allowed the college to move on a dream that has been in the making for over 30 years. On September 26, 2000 the Board of Trustees signed and accepted a “Revised and Restated Agreement of Donation of Land” from Robert and Mardell Pedersen, and Lionel and Lola Semas for a new campus. This revised agreement described the donation in four phases and exceed 100 acres. West Hills College Lemoore opened its doors to students on January 14, 2002. The second phase of construction was approved and began in the winter of 2004. When fully completed, West Hills College Lemoore will have capacity for over 6,000 students.

Small class sizes and the latest in science and technology facilities are features of West Hills College Lemoore. The brand-new, state-of-the-art West Hills College Lemoore campus – a project with its first phase completed cost approximately \$1 million less than budgeted – features the largest and most technologically advanced library in Kings County, 18 classrooms, computer labs, three science *Collaboratories* (an award winning concept that is being replicated at other colleges). Associate degrees and/or certificate programs are offered in almost 30 areas from Administration of Justice to trade, technology and industry. At present, students pursuing the law enforcement option of the Administration of Justice degree may earn the degree entirely online. Corrections students must currently take one course in a classroom, but may take all other coursework online. Beginning Fall 2004, students were able to earn a bachelor’s degree through California State University, Fresno while attending classes at the Lemoore site or through online courses.

Responsive to Community Interests

From the beginning WHC Lemoore has recognized the importance of responding to the community. Not only do such programs meet the employer needs of the

area, but they also offer work training opportunities to students who are the hardest to employ, many of whom struggle with the English language.

The Central Valley is home to a number of gaming casinos operated by local Native American tribes; one of these casinos is located approximately four miles from the campus. To meet the needs of this business, the college has developed a Hotel, Restaurant and Casino Management program. Over 1,900 students have taken coursework in this program since 2000.

Through a partnership with the Kings County Department of Health, high-risk WHC Lemoore students took coursework designed to teach them skills in food preparation and menu development for people with diabetes. Meals were taken by Kings County Department of Health to the homes of people with diabetes.

In addition, the college is responsive to the needs of Naval Air Station Lemoore. With a base resident population of 7,640 active and retired military personnel and dependents, the college is a valued source of education for the base. The college maintains an office and classrooms on the base, but most base students also come to the college campus. The needs of these personnel are varied, ranging from newly enlisted servicemen who may have little education and are in need of basic classes, to highly educated military personnel and dependents. WHC Lemoore seeks to offer courses to meet the spectrum of requirements, and works closely with base officials to select and design these courses.

Thinking Globally

Naval Air Station Lemoore is located about five miles from the WHC Lemoore campus. While many military bases have been closed or downsized in the past decade, NASL has grown and is expected to continue to grow. In addition to its positive economic impact on the community and the college, the presence of the base provides the area with a global perspective. The base has an active partnership with its personnel participating in a variety of college activities, including advisory committees, special ceremonies, and serving as a resource for programs related to military activities.

The range of experience and education offered by military personnel who participate in WHC Lemoore classes and activities is a significant resource to college faculty and staff. Some military personnel lack basic education, and the college is able to provide them with classes that increase their ability to succeed in the military. In addition, many highly educated, world-traveled military personnel seek coursework to enhance their education. The college seeks to respond to this need through NASL participation in college advisory committees and through regular meetings with base administrators. Faculty and staff at the college have noted that the presence of these knowledgeable students in their classes adds significantly to the teaching and learning experience for both students and teachers. For valley students, many of whom may have limited travel experience, the global perspective brought by NASL is invaluable.

President's Message

West Hills College Lemoore received its initial accreditation in June 2006 to become the newest community college in the State of California, and the only full service accredited college in Kings County. The governance structure and practices are outlined in this Planning and Governance Manual in concurrence with the Strategic Master Plan (SMP) which serves as the roadmap to guide the college in meeting its goals and evaluating its programs and services. During the spring 2007 semester, a broadly represented group of faculty, staff, students, and administration met to review and revise the college's Strategic Master Plan to better identify and address the needs of the community we serve.

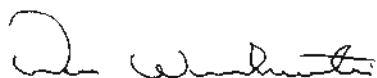

A revised mission statement appropriately identifies who our students are and signifies a commitment to student learning outcomes utilizing innovation, goal orientated strategies, and community partnerships to provide excellent learning opportunities. We have identified institutional outcomes that will prepare our students with the skills and experiences needed to succeed in the world of work or transfer to an institution of higher learning.

Through a process of regular evaluation and review, we will be able to constantly update and revise programs or develop new programs to meet current demand. Our faculty will be equipped with the latest technology and means of delivery to provide high quality instructional experiences to our students. Faculty will have access to the latest training opportunities to further enhance their curriculum and course delivery modalities.

Our students will have at their disposal high quality support services to assist them with obtaining their educational goals. Support opportunities will be available 24/7 through online technology in order to serve students on campus or located in distant locations.

It is our goal to be able to provide the highest quality services to our constituents.

Sincerely,

Don Warkentin, President
West Hills College Lemoore

Mission, Vision, Goals and Institutional Outcomes

Mission Statement

West Hills College Lemoore enriches the lives of our students and the community we serve by being dedicated to quality educational learning opportunities and partnerships. The college provides a positive environment that is committed to student learning and empowering students to achieve their educational goals.

Vision Statement

Learning Through Excellence and Innovation

Goals and Institutional Outcomes

Goal 1 - WHCL is committed to provide quality education to students and the community.

Measurements (Institutional Outcomes):

1. Community Participation Rates
2. High School Graduates Participation Rates
3. Overall Success Rates
4. Overall Retention Rates
5. Persistence Rates (continuous enrollment)
6. Student Learning Outcomes Implementation and assessment.

Goal 2 - WHCL is committed to empower students to achieve their educational goals.

Measurements (Institutional Outcomes):

1. Basic skills math successful course completion & retention
2. Basic skills ESL successful course completion & retention
3. Basic skills English successful course completion & retention
4. Vocational courses successful course completion & retention
5. Degree and certificate completion
6. Transfers to four year institutions

Goal 3 - WHCL will effectively maintain and increase its resources and productivity.

Measurements (Institutional Outcomes):

1. Monitor Student Headcount
2. Meet Full-Time Equivalent Students (FTES) Goals
3. Successful Grant Acquisitions
4. Increase Revenue Generated by Outside Capitol Campaign Activities

Governance Structure

Introduction

The West Hills College Lemoore governance structure and process is designed to be inclusive and collaborative. It involves faculty, staff, students, community members and administrators in the planning and operation of the college. The governance structure and practices were developed collaboratively and support the participatory approach to decision-making. The Board of Trustees is the final authority for governance at West Hills College Lemoore, and delegates authority to the District Chancellor who in turn delegates authority to the College President. The President then solicits and receives input through the participatory governance decision-making process.

Organization

The Planning and Governance Council (PGC), as the principal participatory governance body of the College, creates the processes for recommending College policies and governance committee structures (see Addendum A, AP 2410). The PGC reviews and approves actions, recommendations, and requests of committees, planning groups, and task forces. The PGC amends and guides the planning processes and recommends policies and procedures to respond to the changing needs of the student population and the internal and external environments. The PGC develops, implements, evaluates continuously and revises, if necessary, the College's plans and initiatives, both long-term and short-term.

The Strategic Master Plan outlines the tasks and actions to be accomplished during the upcoming year. The PGC reviews Strategic Master Plan and evaluates progress toward achieving the college goals. Each governance committee is responsible for achieving the tasks and actions as outlined for each committee within its goals, roles, and products. The governance committees report directly to the PGC, and each has a representative on the PGC. The College President serves as the chair of the PGC. All governance committee representatives on the PGC report progress on their assigned goal, objectives, and activities at the PGC meetings.

Review Cycle: Mission/Vision, Goals, and Institutional Outcomes

WHC Lemoore's mission/vision, goals and institutional outcomes shall be reviewed by the Strategic Planning Committee each fall semester. Recommendations will be forwarded to the respective governance groups and returned to the PGC for recommended revision/s and/or adoption.

Representation

The governance structure provides for representation from five recognized constituencies at West Hills College Lemoore: Students, Academic Senate, Faculty Association (CTA), Classified Staff (CSEA), and administrators. **However, governance meetings are public. In addition, to representation afforded to individuals through constituencies, other individuals and groups may be heard in any governance meeting by requesting and receiving permission from the chair to participate and/or have items added to the agenda.**

Appointments from the constituencies, when not specified by position, are made by the following:

- SGA – students
- Academic Senate – faculty
- CTA – faculty
- CSEA – classified staff
- President – administrators

The constituent appointees serve the length of term designated by the constituency group and/or the President.

Responsibilities of Representatives

The primary responsibilities of representatives are as follows:

- Prepare for and attend meetings
- Communicate with individual constituencies. **All representatives are responsible for keeping their respective constituencies informed of the proceedings and recommendations.**
- Contribute to informed decision-making

Recommendation and Operating Process

Each council/committee shall attempt to achieve consensus. When consensus cannot be reached, a majority of members shall determine the recommendation. **Each council/committee chair is responsible for communicating recommendations through the appropriate administrative and/or governance structure.** The process for presenting items first for information, then for action at a subsequent meeting shall be followed. **The PGC will have 60 days in which to complete the review and approval process of board policies and administrative procedures at the college level and submit final comments, recommendations or actions taken with regard to the policy/procedure to the Chancellor's Office (AP 2410).** Allowance will be made for suspending this process when deemed appropriate by a majority. **Agendas and minutes for each standing committee shall be posted on the college website.**

Definition of Governance Structures

Council: A group of constituency representatives designated or selected to act in an advisory capacity that meets on a regular basis. The charge of a council entails college-wide issues and is the designated governance group.

Standing Committee: A permanent committee of constituency representatives intended to consider all matters pertaining to a designated subject that meets on a regular basis. A standing committee is part of the governance structure and reports to a Council.

Permanent Sub-Committee: A permanent sub group of a standing committee designated to consider specific subjects in detail for recommendations back to the standing committee. The chair must be a member of the committee to which it reports. Other members need not be members of the committee to which it reports.

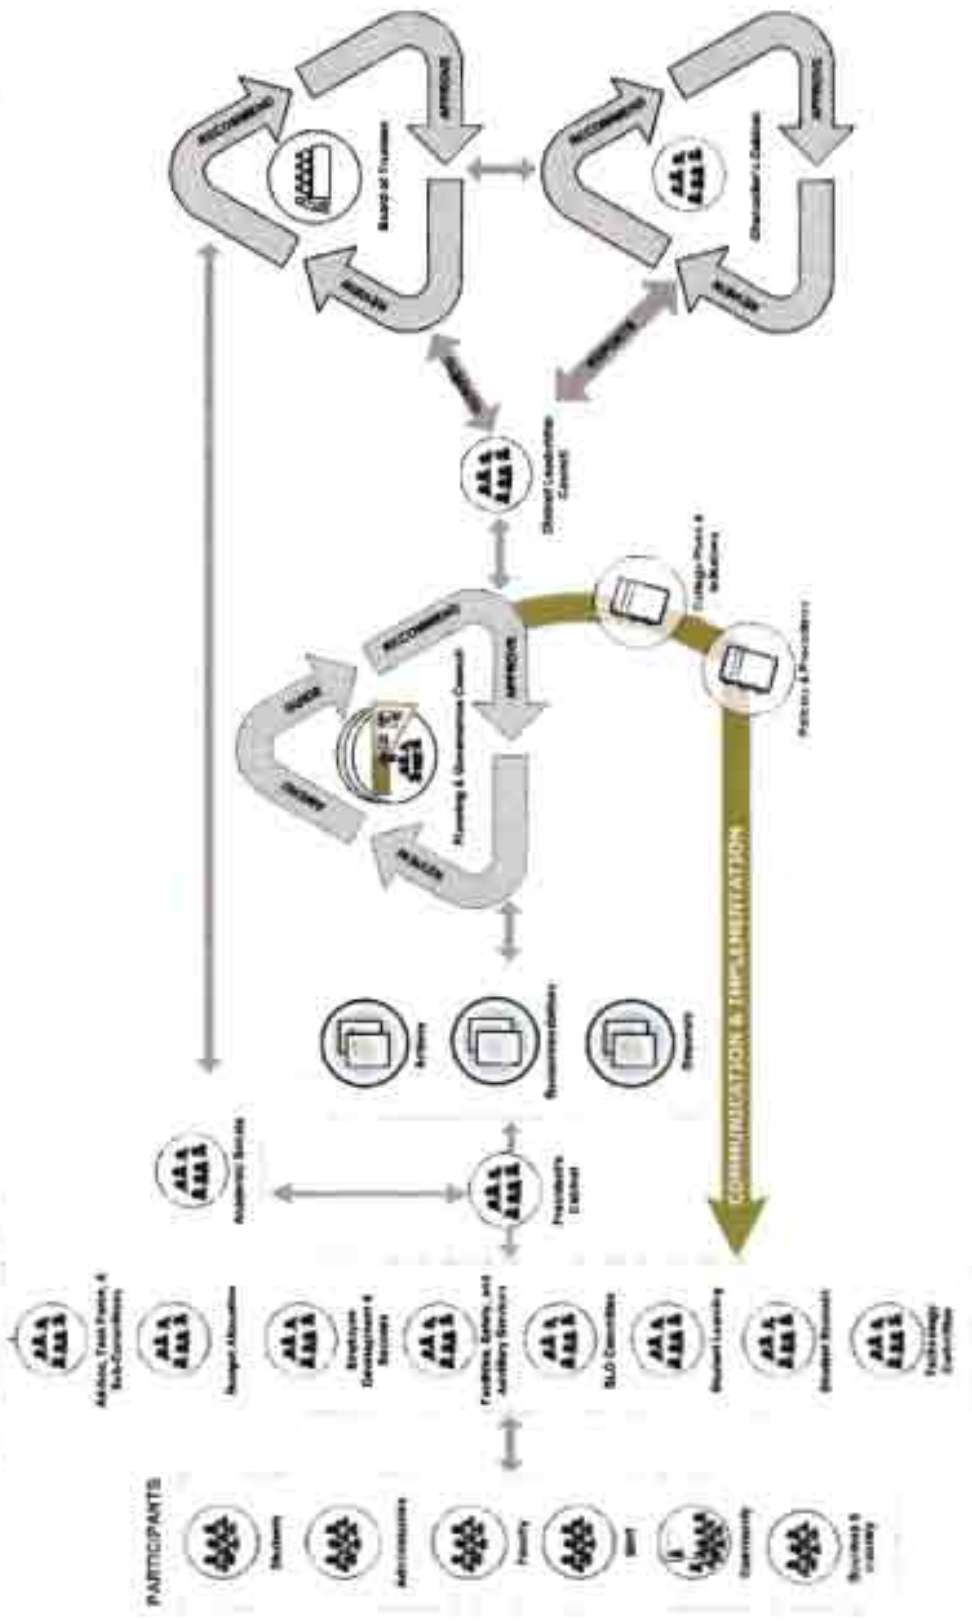

Ad Hoc Committee: A committee created by a council or standing committee to address and make recommendations on a particular subject as needed and meets until a task is completed. The members need not be from a council or standing committee.

Task Force: A constituency-represented group created to address a special college-wide subject/issue and meets until the subject/issue is resolved.

West Hills College Lemoore Governance Process

COMMITTEES & PLANNING GROUPS

WHL-15
 Revised 06-2010
 Created by: WHL-15 (Office of Institutional Excellence)

COUNCIL/COMMITTEES

The following college wide committees have operational responsibility for the implementation of the Institutional Student Outcomes:

Planning and Governance Council

Role: The PGC represents all constituent groups of WHCL, develops and implements the WHCL Strategic Master Plan, develops or revises and approves governance policies and communicates with the respective groups. The strategic planning process guides budget priorities. Recommendations made by the PGC reflect the values and support the mission of the College and are in the best interest of improving student success and serving the community. The PGC, as the recognized participatory governance body of the College, creates the processes for recommending College policies and governance committee structures. The PGC amends and guides the planning processes and recommends policies and procedures to respond to the changing needs of the student population and the internal external environments. The PGC develops, implements, evaluates continuously and revises, if necessary, the College plans and initiatives, both long-term and short-term. A three-year planning cycle is used to implement the Master Plan. The PGC has oversight of college standing committees and receives and monitors reports. Communication with individual constituencies and participation in the Council meetings are primary responsibilities of the PGC members.

Products: WHCL's Strategic Master Plan, annual evaluation of the institutional outcomes, annual progress report, policies and procedures recommendations.

Diversity Statement: The PGC will review all new committee structures, policies, or procedures for the diversity statements, holding the "requesting" individual or group accountable for including the consideration of appropriate diversity issues into their processes.

PGC Membership (Approved: 10/17/07)

- (1) College President – Chairperson
- (2) CTA Faculty
 - (1) Academic Senate President
 - (1) Curriculum Committee Chair
 - (1) Student Learning Outcomes Coordinator (Academic Senate seat)
 - (1) Librarian/Technology Committee Chair
- (2) CSEA
 - (1) Student Government Association
 - (1) Vice President of Educational Services
 - (1) Dean of Student Services
 - (1) Associate Dean of Educational Services
 - (1) Director of Maintenance & Operations and Auxiliary Services
 - (1) Counselor/Advisor – (added 10/17/07 per recommendation from CSEA)

Reporting Relationship: Reports to the District Leadership Council, Chancellor, and Board of Trustees. **Meeting Schedule:** Twice per month; first and third Wednesday.

Academic/Faculty Senate

Goal: The Academic Senate represents the faculty through consultative and collegial processes and, by such means, makes recommendations to the governing board and/or to its agents or designees. The Academic Senate has primary responsibility for making recommendations in the areas of academic and professional matters, including but not limited to curriculum, academic standards, hiring policies, procedures, and criteria for contract faculty and administration; and is to comment upon and review policies proposed by the Board of Governors of the Community Colleges of California. With respect to these recommendations, the governing board and/or its agents or designees either relies primarily upon the advice or judgment of the academic senate, or otherwise enters into written mutual agreements with the academic senate in accordance with board policies delegating authority and responsibility to the academic senate. The Academic Senate shall engage in joint agreements with the district and participate in the design and implementation of participatory governance of the college in accordance with the Education Code, and Title 5, and any college policies related to the role of the Academic Senate in participatory governance.

Role: The Senate's primary function, as the representative of the faculty, is to make recommendations to the Administration and the Board of Trustees on policy development and implementation in matters concerning:

- Curriculum, including establishing prerequisites and placing courses within disciplines
- Degree and certificate requirements
- Grading policies
- Educational program development
- Standards or policies regarding student preparation and success
- Districts and college governance structures, as related to faculty roles
- Faculty roles and involvement in accreditation process; including self-study and annual reports
- Policies for faculty professional development activities
- Process for program review
- Process for institutional planning and budget development
- Other academic and professional matters as are mutually agreed upon between the governing board and the Academic Senate.

Budget Allocation Committee

Goal: To build and foster a strong commitment to the use and development of community, technology, education, and funding in order to effectively increase the resources and productivity at West Hills College Lemoore.

Role: The WHCL Budget Allocation Committee has the responsibility of soliciting budget proposals from its staff for the purposes of conducting business. Area Budget Sub-Committees from: 1) Arts and Sciences 2) Occupational Education 3) Student Services and 4) Maintenance and Operations will provide input to the Budget Allocation Committee. Once received, the Budget Allocation Committee will prioritize these requests based on their impact on student success and the college's mission and vision statements. The college's budget recommendations and priorities will be sent to the Planning and Governance Council.

Products: Prioritized list of budget recommendations to be sent to the Planning and Governance Council.

Diversity Statement: WHCL is committed to the appropriation of resources that includes thoughtful consideration of the special needs of its diverse students, faculty, staff, and community populations. It is expected that the Budget Allocation Committee will actively implement diversity issues into their budget processes. When forwarding action and/or information items to the PGC, the Budget Allocation Committee will identify the items addressed in each item.

Membership: (Chairperson to be elected by the committee membership)

- 2 – Administrators
- 2 – CTA/Faculty Representatives
- 2 – CSEA/Classified Representatives
- 1 – SGA Representative

Reporting Relationship: Planning and Governance Council

Meeting Schedule: Every two weeks beginning in January and continuing until April.

Facilities, Safety and Auxiliary Services Committee

Goal: To support the mission of the college by maintaining the appearance, functionality, accessibility, safety, technology, and cleanliness of current and future facilities conducive to a quality educational environment.

Role: The FSAC, representing all constituent groups of WHCL, develops, monitors, and has implementation oversight of the Facilities Master Plan, Site Safety, and Emergency Preparedness Plan. The FSAC evaluates and recommends revision of plans and standards and communicates with the respective groups involved. The aforementioned planning process guides budget priorities. Recommendations made by the FSAC reflect the values and support the mission of the College and are in the best interest of improving student success and serving the community. The FSAC develops, implements, evaluates continuously, and revises if necessary, the FSAC plans and initiatives, both long-term and short-term. A three-year planning cycle is used to implement all FSAC plans. The individual constituencies and participation in the committee meetings are primary responsibilities of the FSAC members.

Products: Facilities Master Plan, Site Safety, Emergency Preparedness Plan

Diversity Statement: The Facilities, Safety and Auxiliary Services Committee will address diversity into all planning and implementation processes as appropriate. Diversity issues will include but are not limited to access, use, learning experience, and indoor/outdoor environment. When forwarding action and/or information items to the Planning and Governance Council. The Facilities and Safety Committee will identify the diversity items addressed in each item.

Membership: (Chairperson to be elected by the committee membership)

- 1 – Director of Facilities Services
- 1 – Media Services Representative
- 1 – DSPS Representative
- 1 – ITS Representative
- 1 – SGA Representative
- 1 – CTA/Faculty Representative
- 1 – CSEA/Classified Representative
- 1 – Administrative Representative

Reporting Relationship: Planning Governance Council

Meeting Schedule: Monthly/first Friday of the month

Technology Committee

Goal: To support the mission of the college by maintaining technology conducive to a quality educational environment.

Role: The technology committee has the responsibility of assessing IT related policies, procedures, and planning, as they relate to WHC Lemoore. The central focus is the intersection of instruction, administrative support and technology in regards to students and their ability to meet their educational goals. WHCL has a student-centered environment that relies heavily on technology and the committee's objective will be increasing communication among the various constituencies in order to meet this goal. Open communication, collaboration and feedback related to technology needs and availability will be a key function. The committee will be representative of all campus constituencies and align to the Mission and Vision statements of the College.

Products: Technology plan (annually) in coordination with the Budget Allocation Committee.

Diversity Statement: The Technology Committee will actively address issues of diversity in the workplace including but not limited to: access, gender, age, culture, race, religion, experience and education.

Chair: Recommended by the President

Reporting Relationship: Reports to the Planning and Governance Council

Membership:

Librarian -1

M & O – 1

Student Services Assistant/Office Manager – 1

Counselor/Advisor – 1

Faculty – 2

Student – 1

Media Technician – 1

DSPS Assistive Technology Specialist - 1

Meeting Schedule: Every two weeks initially, and then upon committee consensus

Student Learning Committee

IFPRC

Goal: To provide positive and energetic teaching and learning environments to further our commitment to student-centered, outcome based education using relevant goals, innovations, strategies, and partnerships.

Role: The Student Learning Committee (SLC) representing all constituent groups of WHC Lemoore, develops, monitors, and has implementation oversight to the Educational Master Plan, Program Review and Accreditation processes. The SLC will ensure that appropriate actions are taken to achieve the college's goals by analyzing measurable data to verify effectiveness of: 1) the evidence of the achievement of student learning outcomes and 2) the evidence of institutional and program review performance. The SLC will also ensure that on-going and systematic evaluation and planning are consistent with the college mission, vision and guiding principles.

Products: Educational Master Plan, Program Reviews, Accreditation Self-Study and the on-going accreditation process

Diversity Statement: It is expected that the Student Learning Committee will actively incorporate all facets of diversity in the systematic evaluation and planning processes. When forwarding action and/or information items to the Planning and Governance Council, the Student Learning Committee will identify the diversity items addressed in each item.

Membership:

- Vice President of Educational Services – Chairperson
- 1 - Associate Dean of Educational Services
- 2 – CTA/Faculty Representative
- 2 - CSEA/Classified Representative
- 1 - SGA Representative
- 1 - Accreditation Liaison
- 1 - Student Services Representative
- 1 - Director of Admissions/Records (Ad Hoc)

→ Submit
Recommendation on
Program Review
Committee

Reporting Relationship: Planning and Governance Council

Meeting Schedule: Monthly with more frequent meetings as needed

Employee Development and Success Committee

Goal: West Hills College Lemoore recognizes the importance of institutional development. To this end, Institutional Development will act as a catalyst to support and enhance the other four goals.

Role: The Employee Development and Success Committee (EDSC) will develop, implement, and monitor issues and activities related to helping all WHCL employees maximize their success in the workplace. Areas of responsibility include professional development activities, training needs, employee recognition activities, and employee social activities and celebrations. The EDSC will survey college employees bi-annually for training and professional development needs resulting in an annual schedule of programs and events. The EDSC will plan and implement these programs and events in collaboration with the Academic Senate, CSEA, and college administration. The EDSC will plan and coordinate various college employee social activities, including end-of-year celebration of programs and events and prepare an annual report.

Products: Annual professional development plan; employee notification of programs and events; evaluation of programs and events; annual plan.

Diversity Statement: The EDSC will actively address issues of diversity in the workplace including but not limited to: access, gender, age, culture, race, religion, experience and education.

Membership: (Chairperson to be elected by committee membership)

- 3 – CSEA/Classified Representatives
- 1 – SGA Representative
- 3 – CTA/Faculty Representatives (one from Educational Services)
- 3 – Student Services Representatives
- 1 - Associate Dean of Educational Services, Evening College

Reporting Relationship: Planning and Governance Council

Meeting Schedule: First and third Thursdays of every month August to May

Student Success Committee

Goal: Student success is our success. It is our belief that every student be treated with dignity and respect in their quest for a premiere educational experience at WHCL.

Role: The Student Success Committee (SSC) represents all constituent groups and programs on the Lemoore campus. It maintains Student Services operations, develops, monitors, and implements the Matriculation Plan, the Student Equity Plan, the Transfer Plan, Student Handbook, and categorically funded programs. In addition, the SSC provides oversight to the articulation process, scholarship development, financial aid services, graduation activities and awards ceremonies. The SSC guides the planning process and recommends policies and procedure changes to all the pertinent groups and to the Planning and Governance Council. Programs and departments represented by the SSC will evaluate the effectiveness of their services through the program review process. Recommendations made by the SSC reflect the values and support the mission of the College and promote student success.

Products: Matriculation Plan, Student Equity Plan, Student Handbook, Transfer Plan, Institutional Outcomes for Student Services, Diversity Plan, Articulation submittals, annual categorical program reports, institutional research explaining retention, persistence and success.

Diversity Statement: We promote the exploration and celebration of differences and uniqueness in people, languages, and cultures. The Student Success Committee will actively address student diversity at every level of service including but not limited to enrollment trends, outreach, registration/enrollment access, advising, retention, and student clubs and associations. When forwarding action and/or information items to the Planning and Governance Council, the Student Success Committee will identify the diversity items addressed in each item.

Membership:

- 1 – Dean of Student Services - Chair
- 1 – CTA/Faculty Representative
- 1 – CSEA/Classified Representative
- 1 – Counselor
- 1 – Director of Student Support Services
- 1 – Director/Coordinator of EOPS
- 1 – Director of ETS & Upward Bound Math & Science
- 1 – Associate Dean of Evening College
- 1 – Financial Aid Coordinator
- 1 – Information Technology Representative
- 1 – Office Manager
- 2 – Student Government Association Representatives

Reporting Relationship: Planning and Governance Council

Meeting Schedule: Monthly/fourth Monday 2:30 pm – 4:00 pm

Student Learning Outcomes Committee

Goal:

Role: The purpose of the Student Learning Outcomes Committee is to coordinate the various efforts on the West Hills College-Lemoore campus to create, implement, assess, and implement student learning on our campus. The SLOC will facilitate discussion among the various interested parties including, but not limited to: faculty, administration, and support staff regarding student learning.

Products: WASC Student Learning Outcomes reports, support and training to faculty and staff in creating, implementing, assessing, and evaluating results of student learning.

Diversity Statement: Ethnic and gender diversity will be taken into account when organizing the SLOC and creating, implementing, assessing, and evaluating student learning outcomes.

Chair: Faculty Student Learning Outcomes Coordinator

Reporting Relationship: College Administration

Membership:

- Student Learning Outcomes Coordinator—faculty—Chair (1)
- Student Learning Outcomes Coordinator—non-teaching faculty—Co-Chair/Vice-Chair (1)
- Six faculty from the following learning areas as chosen by the Academic Senate: Arts and Letters (1), CIS/Business/CTE (1), Math/Science/PE (1), Health and Wellness (1), Social Science (1), Counseling (1)
- Staff members to represent support programs (4)
- SGA Representative (1)
- Instructional Administrator (1)
- Non Instructional Administrator (1)

Meeting Schedule: To be determined

Procedure and Determination in Hiring Faculty

West Hills College Lemoore recognizes that the hiring of faculty must be a deliberate and thoughtful process. Further, the process must include the input from constituency groups and instructional administrators alike based upon a combination of empirical and quantitative information.

West Hills Community College Board of Trustees has approved Board Procedure 7210 (Employment of Academic Employees). Within this procedure are guidelines to be used in the identification and filling of faculty positions:

1. The faculty/Academic Senate, in conjunction with the appropriate Dean/administrator, shall submit staffing needs each year in early fall and provide supporting data for their requests to the Chief Instructional Officer (CIO) or designee.
2. The CIO shall confer with the College President who will determine staffing priorities.
3. The staffing priorities determined by the College President will be forwarded to the Chancellor.
4. The Chancellor will make final staffing decisions and will recommend the positions to be filled to the Board of Trustees.

Execution of these procedures at West Hills College Lemoore must conform to the committee structure existing on the campus as well as the timelines necessary for full implementation. Specifically, the College will employ the following procedure to determine faculty staffing needs:

1. Submitted instructional program reviews also provide the opportunity for faculty members to identify staffing needs within their department. It is incumbent of the department to provide significant justification for the new position(s) within the program review document. The timeframe for submission of program reviews is late fall term.
2. If a program is not undergoing the periodic and regular program review, an individual faculty department member will provide full time faculty requests into their yearly budget request (Form Group 2 of the Budget Development Process Booklet). This is to occur during the beginning of the spring semester.
3. The Chief Instructional Officer (CIO) will compile all new faculty requests from a combination of program reviews and budget request forms. The CIO will provide the Academic Senate with this list for the purpose of priority ranking. This will occur no later than the end of the spring semester.
4. The Academic Senate will review all proposed new positions, as well as the unfulfilled requests from previous years, and will submit to the CIO a prioritized list of potential new faculty positions along with supporting data no later than the middle of the fall semester.
5. The CIO will consult with the other instructional administrators to determine a list of possible new faculty positions. A prioritized list will be prepared along with supporting information no later than the middle of the fall semester.
6. The CIO will present to the College President the prioritized lists prepared by both the Academic Senate and the instructional administrators. The President will determine the faculty staffing priorities and forwarded to the District Chancellor.

The District Office, and specifically the Department of Human Resources, will begin the advertisement of the position as soon as the College President has finalized his list and budget provisions have been secured.

7. In the event that it is determined that the budget cannot support new faculty positions or that the positions are unneeded at this time, the prioritize list will be maintained by the President's Office for potential implementation at a later date.

Procedure and Determination in Hiring Support Staff

West Hills College Lemoore recognizes that the hiring of support staff must be a deliberate and thoughtful process. Further, the process must include the input from constituency groups, supervisors and administrators alike based upon a combination of empirical and quantitative information.

West Hills Community College Board of Trustees has approved Board Policy 7230 and Administrative Procedure (Hiring Procedure and Guidelines for Classified Staff). Within this procedure are guidelines to be used in the identification and filling of faculty positions:

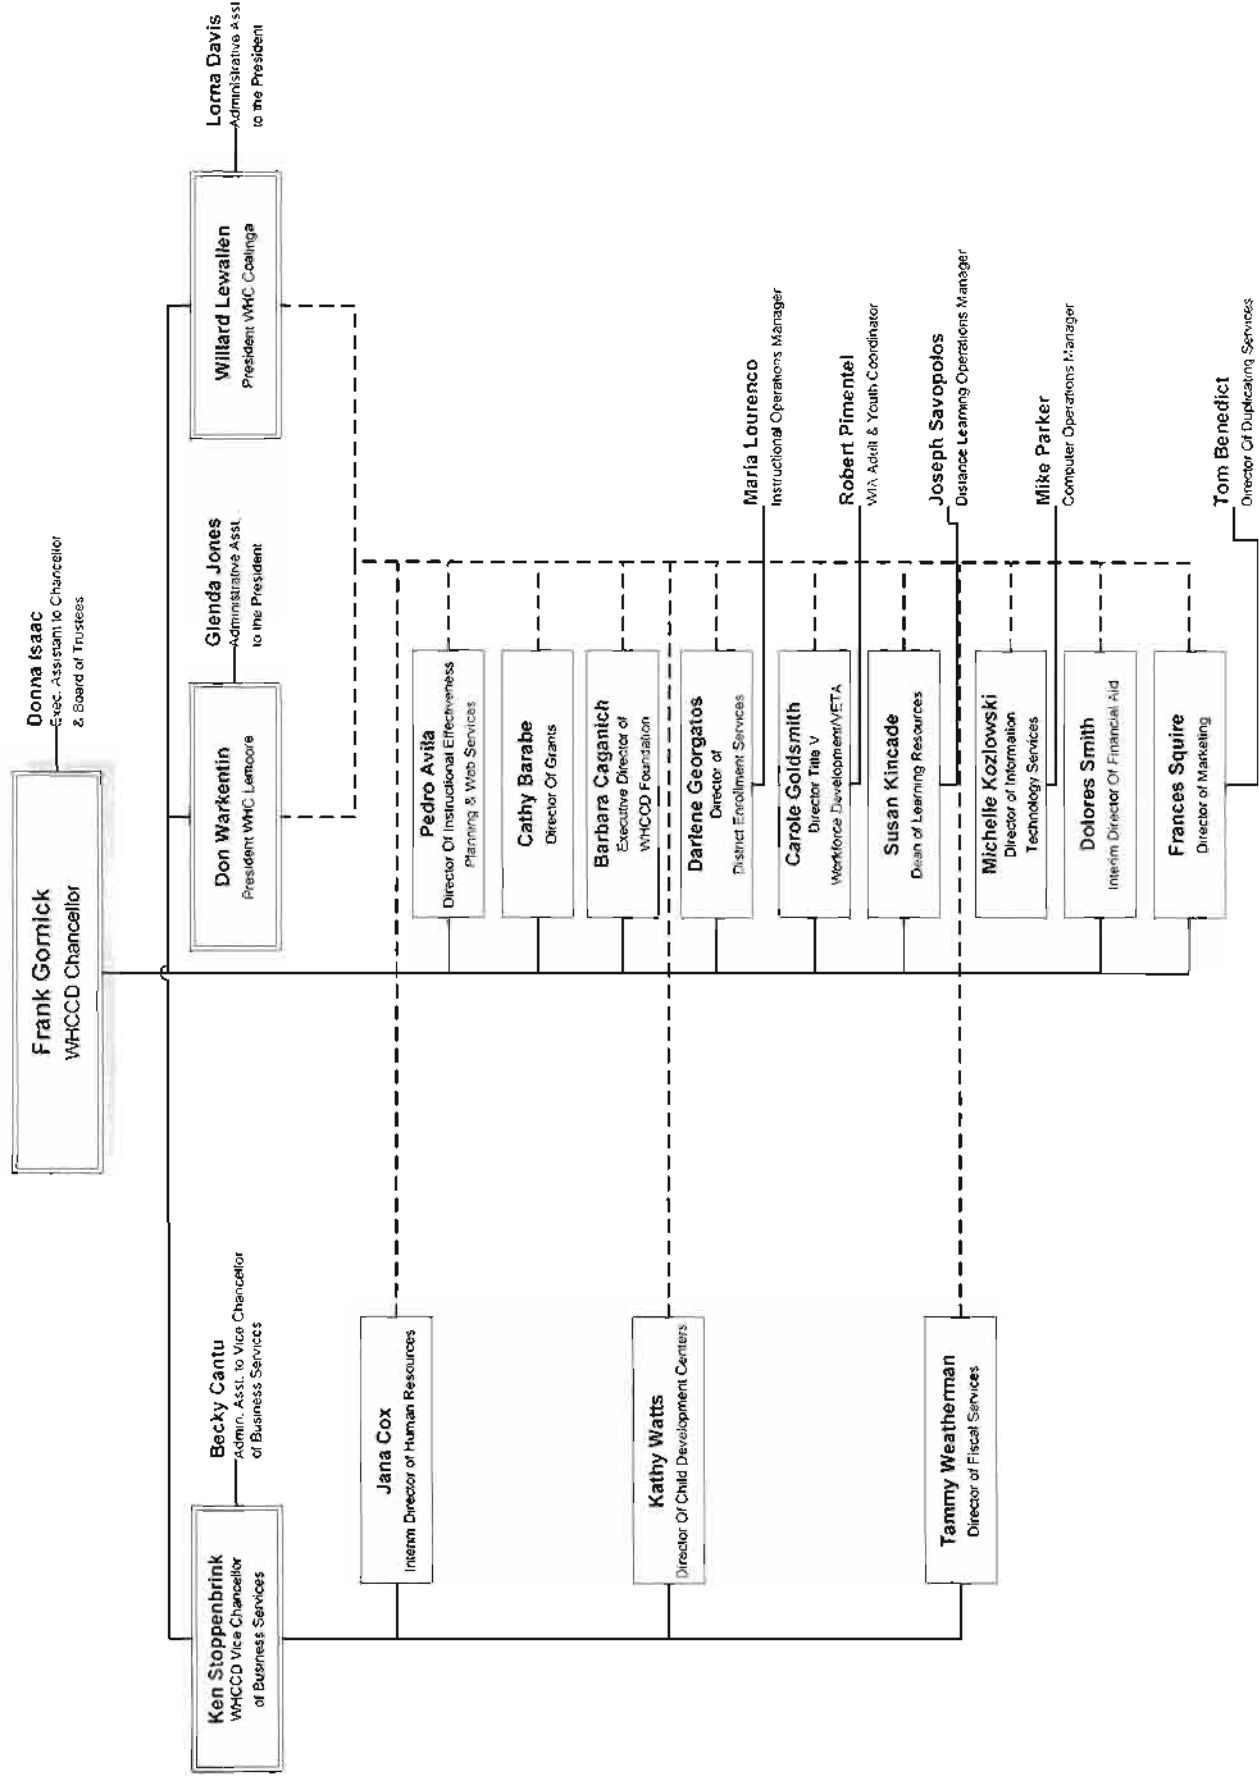

1. The Area Supervisor, in conjunction with the appropriate dean/administrator, shall submit staffing needs each year in early fall and provide supporting data for their requests to the College President or designee.
2. The Area Supervisor/Dean shall confer with the College President who will determine staffing priorities.
3. The staffing priorities determined by the College President will be forwarded to the Chancellor.
4. The Chancellor will make final staffing decisions and will recommend the positions to be filled to the Board of Trustees.

Execution of these procedures at West Hills College Lemoore must conform to the committee structure existing on the campus as well as the timelines necessary for full implementation. Specifically, the College will employ the following procedure to determine staffing needs:

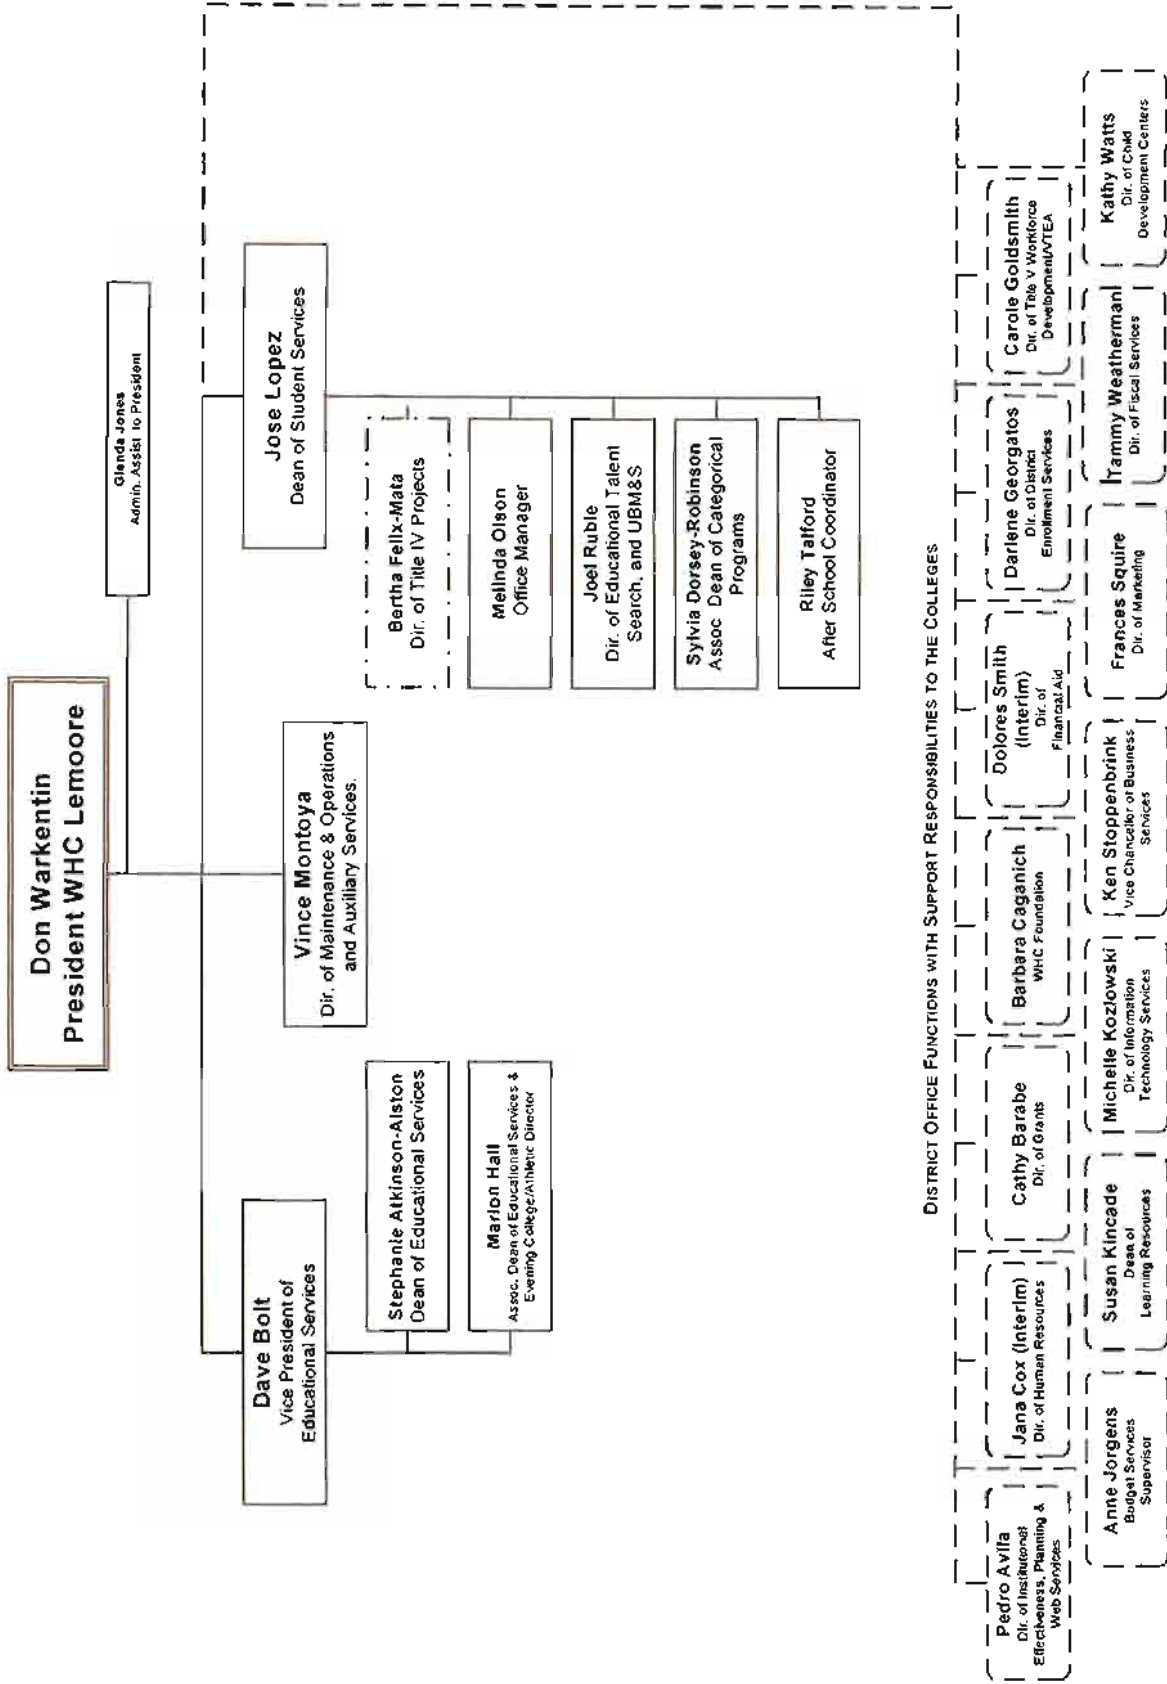

1. Submitted appropriate program reviews provide the opportunity for supervisors to identify staffing needs within their department or program. It is incumbent of the department/program to provide significant justification for the new position(s) within the program review document. The timeframe for submission of program reviews is late fall term.
2. If a program is not undergoing the periodic and regular program review, an individual supervisor will provide full time staffing requests into their yearly budget request (Form Group 2 of the Budget Development Process Booklet). This is to occur during the beginning of the spring semester.
3. The Area Administrator will compile all new staff requests from a combination of program reviews and budget request forms. The Area Administrator will provide the College President with this list for the purpose of priority ranking. This will occur no later than the end of the spring semester.
4. The College President will consult with the other administrators to determine a list of possible new staff positions. A prioritized list will be prepared along with supporting information no later than the middle of the fall semester.

5. The College President will determine the staffing priorities and forwarded to the District Chancellor. The District Office, and specifically the Department of Human Resources, will begin the advertisement of the position as soon as the College President has finalized his list and budget provisions have been secured.
6. In the event that it is determined that the budget cannot support new staff positions or that the positions are unneeded at this time, the prioritize list will be maintained by the President's Office for potential implementation at a later date.

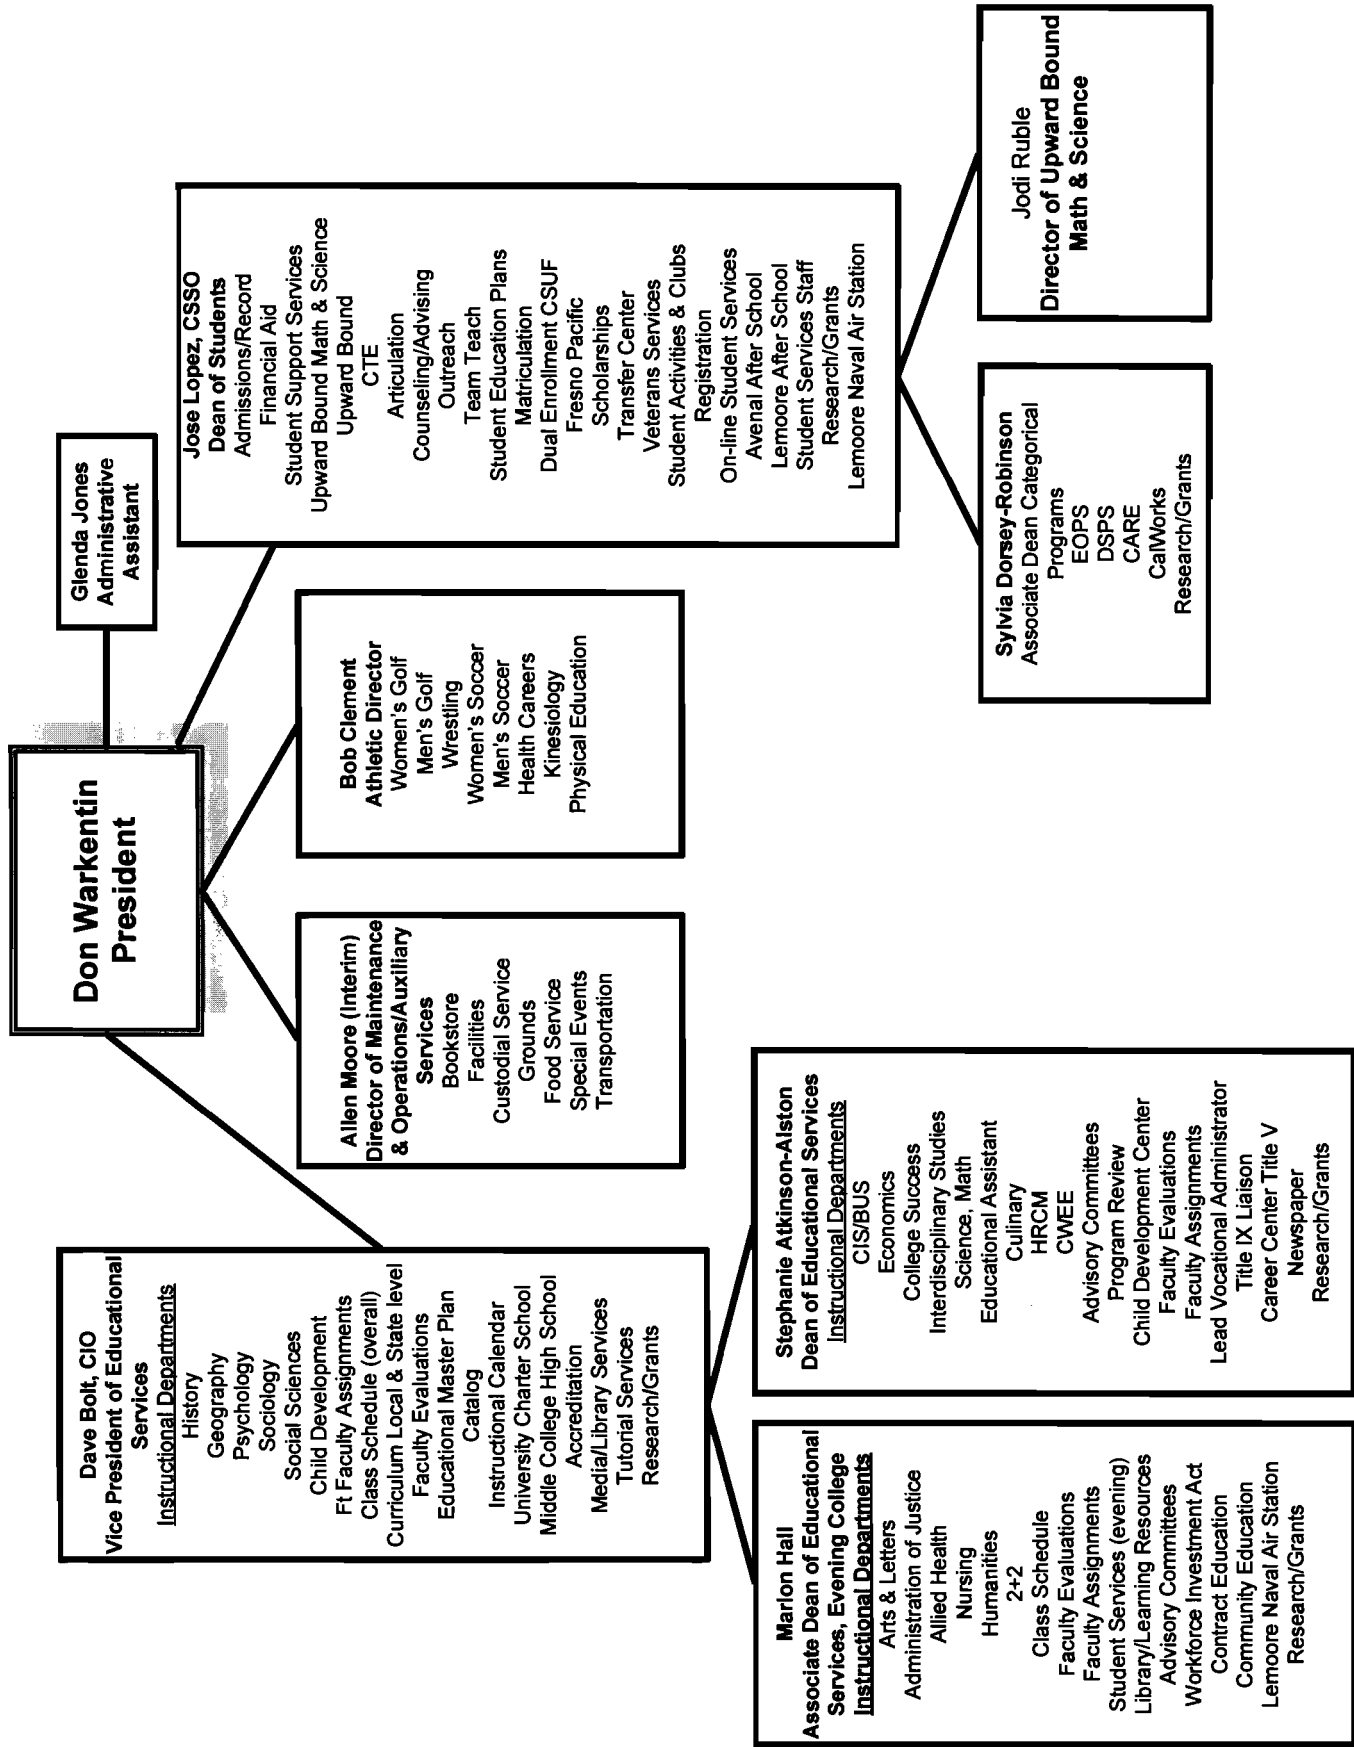

WEST HILLS COMMUNITY COLLEGE DISTRICT CHANCELLORS OFFICE

WEST HILLS COLLEGE LEMOORE

11/10/07 2:06 PM

ADDENDUM A

Administrative Procedure 2410 Policy and Administrative Procedure

Reference: *Education Code Section 70902*

Board Policies and Administrative Procedures are regularly reviewed by the Chancellor's Office. The Chancellor makes recommendations to the Board of Trustees concerning revisions to existing policies and procedures or the development of new policies and procedures to ensure that they are current and comply with state and federal laws.

Any employee, student, or member of the public may initiate a review or development of any policy or procedure by submitting a request or recommendation in writing to the Chancellor's Office.

Review and Approval Process

Upon receipt of the request or recommendation, the Chancellor's Office may refer to the Community College League's Policy and Procedure Service for recommended or legally advised language. The Chancellor's Office may also use the Policy and Procedure listserv to query other districts for related Board Policies or Administrative Procedures. In some instances, the Chancellor's Office may request that legal counsel review the policy or procedure language. Other employees with expertise in specific areas governed by a Board Policy or Administrative Procedure may also be consulted during the review process.

After initial review by the Chancellor's Office, the policy and/or procedure will be routed to the supervisor, manager or Dean of the appropriate department, if applicable, for review (i.e. Student Services, Human Resources, Business Office, etc.). Following the applicable review, the policy and/or procedure will be routed as follows:

1. Policy and/or procedure to be reviewed and discussed by the Chancellor's Executive Cabinet.
2. After review by the Chancellor's Executive Cabinet, the policy and/or procedure will be sent to the College Consultation Council (CCC) at West Hills College Coalinga and the Planning and Governance Council (PGC) at West Hills College Lemoore (through the College Presidents) for review and approval, if applicable. Simultaneously, the policy and/or procedure will be sent to the Academic Senate Presidents and the Faculty Association President as a courtesy.
3. Review and approval by the Academic Senate Presidents will be requested only if the policy and/or procedure deal(s) with academic and professional matters. Review and approval by the Faculty Association President will only be

requested if the policy and/or procedure has or will have a significant effect on faculty.

4. After review by the CCC and the PGC, any comments, recommendations or actions taken with regard to the policy and/or procedure shall be sent to the Chancellor's Office by the College Presidents. In the case of review and approval by the Academic Senate Presidents or Faculty Association President, any comments, recommendations or actions taken with regard to the policy and/or procedure shall be sent to the Chancellor's Office by the individuals serving in those capacities. As a courtesy, the comments, recommendations or actions taken should also be sent to the College Presidents.

5. The Chancellor's Office will take the policy and/or procedure to the District Leadership Council (DLC) for review and approval.

6. After DLC review, and upon final review by the Chancellor, the policy and/or procedure will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting.

Submission of Policies and Procedures for Review

When submitted to the CCC, PGC, the Academic Senate Presidents, the Faculty Association President, and the DLC, the policy and/or procedure shall be accompanied by a routing form which will include the following information:

- Policy/Procedure Number
- Policy/Procedure Name
- Indication of new or revised policy/procedure
- Initiator of proposed new or revised policy/procedure
- Purpose for new or revised policy/procedure
- Anticipated timeline for review and approval process

New policies and procedures will be submitted to the appropriate groups as a "clean" copy.

Revised policies and procedures will be submitted to the appropriate groups using the following editing marks:

- Deleted text to be shown in
- Added text to be shown in bold print

Nonsubstantive ("clean up" or "housekeeping") revisions to policies and procedures (i.e. names, title changes, addition or deletion of references) that do not change the intent or meaning of the policy or procedure may be recommended by the Chancellor to the Board of Trustees for review and consideration without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CCC, PGC, the Academic Senate Presidents, the Faculty Association President and the DLC as a courtesy.

Policies and procedures dealing strictly with the Board of Trustees may be recommended by the Chancellor to the Board of Trustees for review and consideration without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CCC, PGC, the Academic Senate Presidents and, the Faculty Association President and the DLC as a courtesy. New or revised procedures that outline an existing process may be recommended by the Chancellor to the Board of Trustees for review and consideration without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CCC, PGC, the Academic Senate Presidents, the Faculty Association President and the DLC as a courtesy.

Timeline

In most instances, policy and procedure review and approval will be based on a two-month cycle at the college level. Once the Chancellor's Executive Cabinet agrees to move new or revised policies and/or procedures forward to the CCC, PGC, the Academic Senate Presidents and the Faculty Association President, the review and approval process timeline officially begins. The groups will have 60 days in which to complete the review and approval process at the college level and submit final comments, recommendations or actions taken with regard to the policy and/or procedure to the Chancellor's Office.

At the completion of the 60 days (or sooner if the appropriate groups have completed their review and approval process), the policy and/or procedure will be placed on the DLC agenda for review and approval if applicable. Following DLC review, the policy and/or procedure will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting. The Board of Trustees will be provided with the Chancellor's final recommendation, along with the completed routing form which will include the comments, recommendations and actions taken by the appropriate groups.

The timeline may be shorted due to various circumstances including, but not limited to, changes in law or urgent need. However, the Chancellor's Office shall notify all applicable groups of the shortened timeline.

After approval by the Board of Trustees, policies and procedures will be posted to the District's website. The College Presidents and Academic Senate Presidents will also be notified as to the status of the proposed or revised policies and procedures.

Board approval date: 3/7/06

Revised policy approval date: 6/26/07

Board Policy 7135 Employee Scholars Program

The West Hills Community College District is committed to the concept of personal, professional, and institutional development for the growth of all employees. The district believes all employees must have the opportunity to receive professional development support and maintain proficiency in their respective fields in order to be able to deliver quality educational services to its students. The district believes it is important to encourage employees to augment the professional skills required. This will enable the district to provide services to its citizens without incurring the expenses for the recruitment of non-residents.

All full time employees of the West Hills Community College District, including faculty, classified, classified management, confidential and administrative employees, are eligible to be considered for the Employee Scholars Program.

See Administrative Procedure 7135

Board approval date: 11/13/01
Revised: 1/24/06

Administrative Procedure 7135 Employee Scholars Program

All full time employees of the West Hills Community College District, including faculty, classified, classified management, confidential and administrative employees, are eligible to be considered for the Employee Scholars Program.

The course of study must be directly related to the employee's present/future position, or a degree requirement for a position to which the employee may transfer or progress towards within the District. Prior approval must be granted by the supervisor, College President (if applicable), Staff Development Committee, and final approval by the Chancellor before coursework begins.

Application Process

Employees are responsible for submitting applications for the Employee Scholars Program in accordance with this procedure, utilizing the Employee Scholars Program Application Request (Appendix A). All applications must be submitted and approved prior to the beginning of coursework. Incomplete applications will be returned to the employee.

Employees are responsible for completing the application request and obtaining the approval of his/her immediate supervisor, the College President (if applicable), the Staff Development Committee, and the Chancellor.

Supervisors are responsible for:

1. Reviewing/verifying employee information for accuracy;
2. Making recommendations as to applicability of the course to the employee's present/future position within the District; and
3. Forwarding the request to the next appropriate level.

Reimbursement Process

All reimbursement requests are to be submitted using the Employee Scholars Program Reimbursement Request form (Appendix B). All course work to be reimbursed must be taken at an accredited university or college. Reimbursement for course completion will be paid provided the course is completed with a "C" or above or a "Pass" in the case of a "Pass" or "Fail" grade. Reimbursement will be made within the following limits for registration fees, tuition and books: 100% up to \$300 per unit up to a maximum of 10 units per year.

Reimbursement requests are to be submitted for reimbursement within sixty (60) days of completion of each course. Requests not submitted in a timely manner will be denied.

All course work must be completed outside the employee's normal working hours.

Should the employee leave the employment of the District within 24 months after receiving reimbursement for any courses or classes taken, the employee shall reimburse the District a pro

**Administrative Procedure 7135
Employee Scholars Program**

rated amount of the expenses (i.e. If the District reimburses the employee \$2,000 for a class and the employee leaves after 12 months, the employee will owe the District \$1,000).

*West Hills College Lemoore
Employee Development
and
Success Committee*

*Minutes
Thursday February 21, 2008
Location: 124
Time: 4:00– 5:00p.m.*

Attendees

- Dr. Marlon Hall, Chair/Administration
- Rose Denberg, Secretary/CSEA Representative
- Donna Jimenez. CSEA Representative
- Tiffany Hernandez, CSEA Representative
- Dr. Mativo, CTA/Faculty Representative

Absent

- Jan Young, Co-Chair/SCEA Representative
- Vera Kennedy, CTA/Faculty Representative
- Bob Hall, CTA/Faculty Representative
- Angela Barginear, CSEA Representative
- Jennifer Cadena, CSEA Representative
- Bobby Garcia, Student Representative
- Janet Ortiz, Student Representative

Call to Order

- Meeting called to order at 4:10 pm by Chair Dr. Marlon Hall

Additions to Agenda

- None

Approval of Minutes

- February 7, 2008 - minutes were not available. Rose will get them from Jan Young who took the last meeting minutes

Information/Discussion Items

1. Old Business
 - a. Classified Staff Development Day report
 - i. Tiffany suggested there be more water next one as there was none provided. Workshops were good
 - ii. Rose shared she attended Office 2007-very helpful and informative, pertinent to work; Duplicating and Desktop-she learned how to compress files/photos to create flyers which will be smaller in mass emails; SISC-very good! Was able to rectify specific health care issues
 - iii. Donna J. shared how Datatel sessions were very good
 - iv. Dr. Hall questioned why staff didn't ask more questions of Chancellor Dr. Gornick when they had the opportunity.

1. Donna J suggested perhaps we could have the Board minutes before the next Training Day (this might bring up issues/questions for us to present)
 - v. Would staff like this training twice a year instead of once? Perhaps we could lengthen the time to two days?
 1. Yes, that could be nice, helpful
 - b. Annual Calendar
 - i. Rose presented the proposed 2008 Calendar.
 1. Additions of Frosty Fridays and WHCL Leadership Conference were recommended. Rose will do
 - c. Frosty Friday
 - i. Dean Jose Lopez offered to cover first round.
 - ii. Next one-March 7th, Reyna's in Lemoore
 - iii. Dr. Hall will speak w/ Dean Lopez on future events
 - d. Mini-fundraisers
 - i. Donna J. suggested we all create our own ideas of fund raisers.
 - ii. Dr. Hall will plan a 50/50 raffle with Jan Young
 2. New Business
 - a. WHCL Leadership Conference
 - i. This will be an all day conference for students, community.
 - ii. President Don Warkentin also wants it to be Staff Development
 - iii. Guest and Key Note speakers will present
 1. Mental Health
 2. AOJ
 3. Health Careers
 4. Child Development
 5. Business
 - iv. Brunch and Lunch will be served
 - v. Break Out sessions
 - vi. Videoing - Dr. Mativo will prepare for this
 - vii. Local Media will be invited/attending
 - b. Food and Follies
 - i. Donna reported this committee will be meeting next week
 - ii. Focus will be more on Appreciation w/some follies
 3. Sub-committee reports
 - a. Staff and Professional Development
 - i. Dr. Hall reported he attended a conference where two potentially valuable committees came to the fore
 1. AACCA (African American Community College Association)
 2. AA2MENS (Dr. Hall has the definition)
 - a. Dr. Hall spoke with Don Warkentin - both agree these would be great committees to bring to our school - more to come!
 - ii. Male Conference

1. In Planning to cultivate male educational development:
to include:
 - a. Technical careers
 - b. Engineering
 - c. Health careers
 - d. Counseling
- b. Celebration/Social Events
 - i. Many ideas are in the pre-planning stages
- c. Evaluation and Survey
 - i. Not discusses at this meeting
4. PGC Report
 - a. Dr. Hall and Jan will attend and bring back suggestions received at the meeting
5. Other
 - a. Donna suggested we bring on a Masseuse (Amber's mother has offered to come two times a month) She has her own portable table, could set up and provide services for \$1.00 per hour
6. Adjournment
 - a. Meeting was adjourned at 5:05 pm

Administrative Procedure 7135 Employee Scholars Program

All full time employees of the West Hills Community College District, including faculty, classified, classified management, confidential and administrative employees, are eligible to be considered for the Employee Scholars Program.

The course of study must be directly related to the employee's present/future position, or a degree requirement for a position to which the employee may transfer or progress towards within the District. Prior approval must be granted by the supervisor, College President (if applicable), Staff Development Committee, and final approval by the Chancellor before coursework begins.

Application Process

Employees are responsible for submitting applications for the Employee Scholars Program in accordance with this procedure, utilizing the Employee Scholars Program Application Request (Appendix A). All applications must be submitted and approved prior to the beginning of coursework. Incomplete applications will be returned to the employee.

Employees are responsible for completing the application request and obtaining the approval of his/her immediate supervisor, the College President (if applicable), the Staff Development Committee, and the Chancellor.

Supervisors are responsible for:

1. Reviewing/verifying employee information for accuracy;
2. Making recommendations as to applicability of the course to the employee's present/future position within the District; and
3. Forwarding the request to the next appropriate level.

Reimbursement Process

All reimbursement requests are to be submitted using the Employee Scholars Program Reimbursement Request form (Appendix B). All course work to be reimbursed must be taken at an accredited university or college. Reimbursement for course completion will be paid provided the course is completed with a "C" or above or a "Pass" in the case of a "Pass" or "Fail" grade. Reimbursement will be made within the following limits for registration fees, tuition and books: 100% up to \$300 per unit up to a maximum of 10 units per year.

Reimbursement requests are to be submitted for reimbursement within sixty (60) days of completion of each course. Requests not submitted in a timely manner will be denied.

All course work must be completed outside the employee's normal working hours.

Should the employee leave the employment of the District within 24 months after receiving reimbursement for any courses or classes taken, the employee shall reimburse the District a pro

**Administrative Procedure 7135
Employee Scholars Program**

rated amount of the expenses (i.e. If the District reimburses the employee \$2,000 for a class and the employee leaves after 12 months, the employee will owe the District \$1,000).

Employee Scholars Program Brunch

May 24, 2010

Harris Ranch

- On November 13, 2001, the Board of Trustees of the West Hills Community College District voted unanimously to establish an assistance program for employees through the implementation of Board Policy 7135.
- The Employee Scholars Program (originally called the Employee Educational Assistance Program), is committed to the concept of personal, professional and institutional development for the growth of all employees.
- All full time employees of the district are eligible to be considered for the Employee Scholars Program.

- The program provides reimbursement of up to \$300 per unit up to a maximum of 10 units per year on an annual basis. Each participant has the potential to be reimbursed up to \$3,000 in a year. There are no limits to the length of time employees may participate.
- Over \$227,000 has been reimbursed to participants to date.
- 94 employees have participated in the program since November 2001.
- 59 of those participants continue to work for the West Hills Community College District, and all but a few are present here today.

*There are currently 26 employees participating
in the Employee Scholars Program!*

Colleges and Universities

- Ashford University
- Boise State University
- Cal Poly
- Canyon College
- Capella University
- Chapman University
- Colorado Tech University
- Columbia College
- Concord Law School
- CSU, Bakersfield
- CSU, Dominguez Hills
- CSU, Fresno
- CSU, Northridge
- CSU, Sacramento
- DeVry University
- Excelsior College
- Fielding Graduate University
- Franklin University
- Fresno Pacific University
- Hope International University
- National University
- Rockhurst University
- Saint Leo University
- Sonoma State University
- State Center CCD
- UC Davis
- UC San Diego Extension
- UCLA/UCLA Extension
- University of Illinois
- University of Missouri
- University of Phoenix
- University of San Diego
- Walden University
- West Hills College

Courses of Study

- Administrative Leadership
- Adult Learning Disabilities
- Ag Science
- Animation Technology
- Assistive Technology
- Auditing
- Business Accounting
- Business Administration
- Business Information Systems
- Business Management
- Information Systems
- Information Technology
- Child Development
- Community College Faculty Preparation
- Counseling
- Distance Education
- E-Business
- Early Childhood Education
- Education and Leadership Change
- Educational Administration
- Educational Counseling
- Educational Leadership
- Educational Psychology
- Educational Technology
- Equine Science
- Faculty Preparation
- Grant Writing
- Health
- Human Development
- Human Resources Management
- Kinesiology
- Liberal Arts
- Network Professional
- Non-Profit Management
- Nursing
- Organizational Leadership
- Preschool English Learners
- Pathophysiology
- Physical Education
- Psychology
- Pupil Personnel Services
- Social Science
- Social Work
- Sociology
- Student Services
- Technology

- Of the 26 employees currently participating in the Employee Scholars Program....
 - 1 is taking professional development courses
 - 1 is taking continuing education units
 - 1 is working toward a Graduate Certificate
 - 1 is working toward an Associate's Degree
 - 9 are working toward a Bachelor's Degree
 - 9 are working toward a Master's Degree
 - 4 are working toward a Doctorate Degree

Time for Testimonials!

How has the Employee Scholars Program
been a benefit to you?

Congratulations!

Flex Day

Thursday, August 9, 2007

8:30-9:00	Continental Breakfast		Conference Center
9:00-9:15	Welcome Back!	J. Preston	Conference Center
9:15-10:15	Break Out Sessions (Choose 1)		
	1) Teaching Tips Roundtable	B. Hall	Room 235
	2) DE Taskforce	Taskforcers	Room 236
	3) The Lab is Fab!	N.Daniels/S.Heskett	Library
10:15-10:30	Break		
10:30-12:00	Keeping Up with SLOs	The SLO 10	Conference Center
12:00-1:00	Lunch	(CTA or on your own)	
1:00-3:00	SLO Workshop Time	The SLO 10	Library
	1) Group #1	Preston/Brownlee	Math Lab
	2) Group #2	Sanchez/Shehorn	English Lab
	3) Group #3	Tos/Ennes	DSPS Lab
3:00-4:00	Catalog Clean Up	A.Tos	Library

Flex Day Session Overview

9:15-10:15 Break Out Sessions (Choose 1)

1) Teaching Tips Roundtable: Best Practices with NISOD Bob B. Hall Room 235

Every year WHC recognizes excellence in teaching by sending faculty members to the NISOD conference in Austin, Texas. During this session the 2006-2007 NISOD recipient Bob Hall will share about what he learned from his experience. This session will also include a roundtable discussion time where faculty will be asked to share a Best Practices teaching technique that has worked for them in the classroom.

2) Distance Education Taskforce Taskforcers Room 236

WHC has an online learning program that continues to grow and with that growth come many challenges. Join the Distance Education Taskforce for a presentation of what they accomplished last year, to hear what their goals are this year, and to provide your input, suggestions, and best practices for our online learning and teaching environment.

3) The Lab is Fab! N.Daniels/S.Heskett Library

Ever wonder what goes on in the Labs? We have a variety of labs available in the Learning Resource Center (Library) that have recently made some significant changes and added some significant technology to help our students. This session will highlight the services available for students in the English Lab and the innovative technology that is available in the DSPS lab.

10:30-12:00 Keeping Up with SLOs Conference Center

The SLO movement continues throughout the state and the nation and WHCL is picking up "slomomentum". This important informational session will cover a variety of SLO-related topics. Rene Sanchez will cover the history of SLOs, a WHCL SLO update, the annual WASC report, and senate resolutions related to SLOs. The session will also include presentations from the "SLO 10", faculty members who implemented SLOs in the spring 2007 semester. The SLO 10 will share their writing and implementation process, results of their assessments, and the changes they are making based on the implementation. The session will set you up for success for our afternoon workshop time.

1:00-3:00 SLO Workshop Time Library

Workshop time will give you the opportunity to write student learning outcomes, create assessments for student learning outcomes, and discuss the implementation of SLOs with your learning area colleagues. Pedro Avila will be available to discuss the assessment process and each group will have a couple of members of the SLO 10 available to them to help with the writing, implementing, and assessing of SLOs.

1) Math/Science/PE Preston/Brownlee Math Lab
2) A & L/S Sci./CD/Allied Health/CIS/Bus./AOJ Sanchez/Shehorn English Lab
3) Non-Teaching/Student Services/Tutoring Tos/Ennes DSPS Lab

3:00-4:00 Catalog Clean Up A.Tos Library

The final hour of our flex day will be spent doing "catalog clean up". Each learning area and discipline will take time to review the most current catalog and suggest revisions if needed. Angela Tos will kick off the session with some key information about the importance of the catalog and keeping it current.

Friday, August 14, 2009 Duty Day West Hills College Lemoore

8:30 – 9:00	Continental Breakfast	<i>Conference Room 253</i>

Systems Thinking and Interventions

- GROUP EXERCISE

Systems Thinking & Interventions

- Objective:
 - Conduct a transfer of knowledge session that will introduce mindful dialogue and produce concerted individual actions that appropriately effect our systems thinking and learning organization (WHCL)

Systems Thinking & Interventions

- Introduction
 - What do you know about systems thinking?
 - Definitions associated with systems thinking
 - History of systems thinking

Systems Thinking & Interventions

- History of systems thinking
 - Aristotle
 - Descartes
 - Newton

Systems Thinking & Interventions

- Old science (Newtonian Universe)
 - Precise measurements are possible
 - The more preciseness of the measurement the would lead to more precise predictions about past and future conditions
 - For every chaotic and complex system an attempt has been made to explain how things interact in a designed manner to function independently, yet affect the overall systems operation

Systems Thinking & Interventions

- Systems management and leadership perspectives
 - Parsons
 - Weber

Systems Thinking & Interventions

- Capra (1982) defined systems thinking as holistic
 - Early accounts of systems thinking approach were noted in the 17th century were of the physics model
 - The physics model regarded nature as inert, things moved because of external impact since forces acted from the outside
 - Based on the fundamental shift of perception from the world as a machine to the world as a living system

Systems Thinking & Interventions

- 21st century
 - Paradigm shift in thinking
 - Gharajedaghi (2006) suggest that in order for systems thinking to be effective, an open system must be analyzed in the context of its environment
 - Terms such as reductionism and reductionist help in providing a foundation to successfully explore realistic analogies of systems thinking

Systems Thinking & Interventions

- Reductionism and Reductionist
 - When a single component of a system is removed from the system it will continue to perform as it did when in the system
 - Can only be implied in simple systems

Systems Thinking & Interventions

- Important considerations of systems thinking
 - James Lovelock and the Gaia theory
 - Gaia theory named after the ancient Greek goddess "G" or the supreme Mother Earth, feminine, gentle, and nurturing but also ruthless to those who crossed her
 - Proposed that the Earth's atmosphere, cryosphere, hydrosphere and lithosphere are closely integrated forming a complex interacting system maintaining the climate and biogeochemical conditions on Earth in a state of equilibrium

Systems Thinking & Interventions

- Important considerations of systems thinking
 - The Flower (Dr. Malcolm Bonner & S. Atkinson-Alston, 2009)
 - Everything is connected to everything
 - Nothing exists in isolation

Systems Thinking & Interventions

- The Flower
 - ...holding a flower in your hand,...the ground, the rain, the sun, the bee...
 - ...the rain, the heat, the sun/the moon...the Earth
 - Everything is connected to everything
 - Nothing exists in isolation

Systems Thinking & Interventions

- Taoism
 - Prehistoric folk religion practiced in China
 - Tao referred to as road, channel, path, way, doctrine or line
 - Tao is stated to be the flow of the universe or the force behind the natural order, equating it with the influence that keeps the universe balanced and ordered

Systems Thinking & Interventions

- Yin Yang concept
 - Chinese philosophy
 - Describes how opposing forces are interconnected and interdependent in the natural world
 - Complementary opposites within a greater whole
 - Everything has both yin and yang aspects, constantly interact, never existing in absolute stasis

Systems Thinking & Interventions

- Cultural influences on systems thinking
 - Tao
 - Yin yang

Connectiveness...universal faith-based movements call for action on global warming

 - Nothing is new under the sun (Barry, 2007) specifically when it comes to environmental issues

Systems Thinking & Interventions

- What is systems theory?
 - According to Senge (1994) examines the concept of systems as application in educational settings in his book titled, “The Fifth Discipline”
 - Learning organization
 - Characteristics of a learning organization

Systems Thinking & Interventions

- Learning organization
 - Cultivates an effective learning environment for all constituency groups

Systems Thinking & Interventions

- Characteristics of a learning organization
 - Systems thinking
 - Personal mastery
 - Shared vision
 - Team learning
 - Mental models

Systems Thinking & Interventions

- Systems thinking
 - A method of examining the patterns that connect the larger system
 - Intuitive thinking. Seeing the ocean not the individual waves.
 - Looks at the whole in relationships to its parts

Systems Thinking & Interventions

- Personal mastery is achieved by:
 - Continually clarify and intensifying of personal vision
 - Focused energies
 - Developed patience
 - Seeing reality objectively

Systems Thinking & Interventions

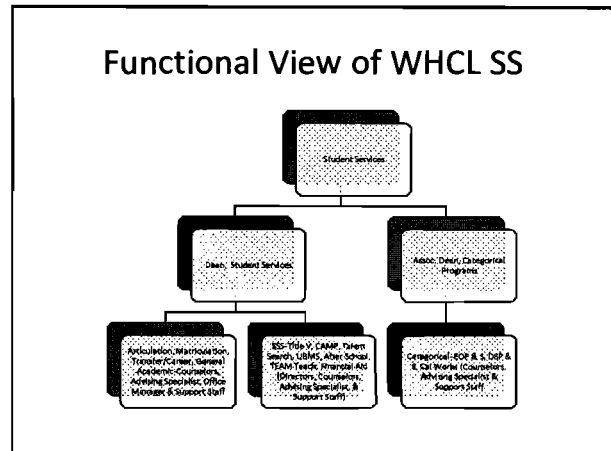

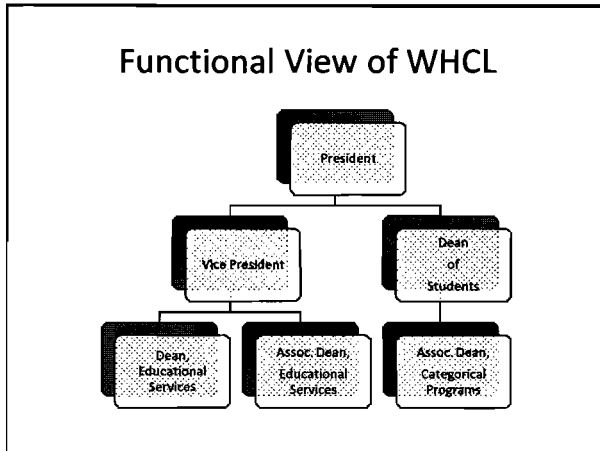

- Shared vision
 - Collective development of a picture of the future
 - Sum of the personal visions of all participating individuals (shared governance)
 - Can not be learned, rather comes from a deep-seated belief (personal conviction)

Systems Thinking & Interventions

- Team learning
 - Group IQ is higher than that of the individual
 - People must communicate with each other for the team learning to be effective

Systems Thinking & Interventions

- Mental models
 - Continuously questioning of ingrained assumptions, generalization and perceptions that influence how we comprehend and react to the world
 - Understanding our biases, examine and deconstruct them

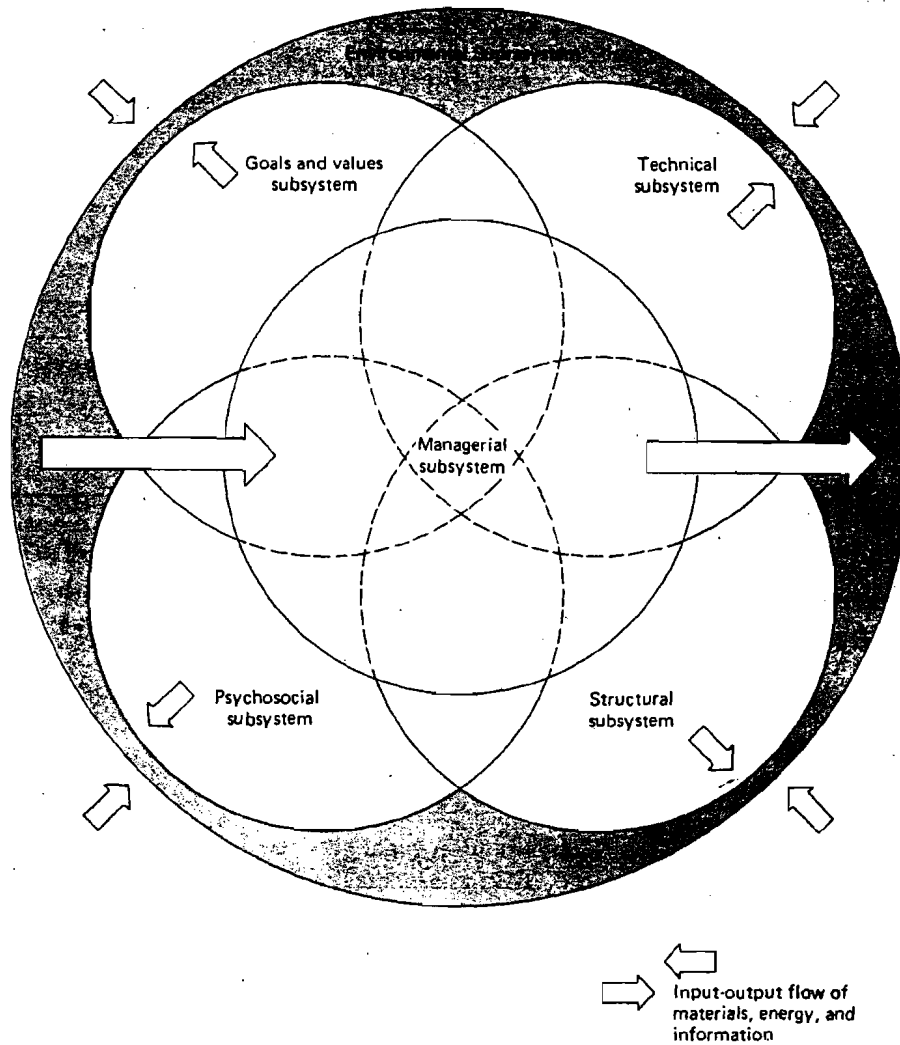

Systems Thinking & Interventions

- Overview and summary
 - “None of us exists independent of our relationships with others” - Wheatley (1992)
 - Relationships, connections and anding
 - “Andness occurs when you make a connection with something or someone—you are literally “anding” with it or them. Unless you “and” with something or someone, no exchange occurs, nothing is produced, no new energy is created” - Komives, Lucas, & McMahon (2007)

To: WHCCD Employees
Subject: New Online Academic Platform

Dear WHC Employees:

On Tuesday, January 19th, we begin our spring 2010 semester with a new online academic platform, **Blackboard Learn**. This will affect our online and face-to-face courses, our students and faculty, and of course our staff as questions regarding the new look and navigation changes take place.

One of the first things we are asking our students to do is go through the Blackboard Student Orientation. All students enrolled in a course using Blackboard are enrolled in the Blackboard Student Orientation.

If you have students struggling to understand their new Blackboard Learn, please encourage them to go through the Orientation. If they have any questions or concerns, direct them to the student Help Desk at helpdesk@whccd.edu

Thank you!

Susan Whitener
Associate Vice Chancellor of Educational Planning
West Hills Community College District

West Hills College Coalinga

Lenore Simonson
Educational Technology Specialist
West Hills College Lemoore

February 16, 2010 10:00AM-11:00AM

AGENDA

- 09 Faculty Survey Results
- 09 Time Management/Personal Responsibility and Accountability
- 09 Syllabus and Course Timeline
- 09 Communication
- 09 Know What You're Getting Into
- 09 Tech Tips: Logging in, Accessibility, etc.
- 09 Navigating through the Bb9 Course Environment
- 09 Help Desk
- 09 Questions

FACULTY SURVEY RESULTS

WHCCD online faculty members were asked what they felt online students need to know how to do in order to be more successful

Percentage of Responses

Time Management, Personal Responsibility and Accountability

They go hand-in-hand

- Dropping classes
- Due dates
- Pace yourself
- Realistic scheduling/planning
- Adequate ratio of homework/study time to lecture/lab time
- Access to proper computer configuration

You are expected to manage yourself

Time Management

FOUR STEPS TO IMPROVED TIME MANAGEMENT

There are four strategies that can be very useful for managing time more effectively. They are:

- Create a semester schedule
- Assess and plan your work load each week
- Adjust your plan each day
- Evaluate your schedule

Helpful Time Management Information is posted in the Online Student Orientation

Personal Responsibility and Accountability

- Guard your GPA: Drop classes if you do not wish to be in them
- Drop classes using My West Hills portal
- Know drop dates (Academic calendar and information from instructors)
- Communicate regularly with instructor
- College Orientation
- College Success Class (GS 61)
- Computer Skills Classes (CIS 7)
- WHCCD Computer and Network Use Policy

Syllabus and Course Timeline: The Importance of the Syllabus

- Print, Read and Follow the class syllabus!
- Know the instructor's attendance/drop policy, makeup policy, etc.
- Review the assignment timeline
- Check the Announcements **every** time you login to the class
- Academic Integrity/Honesty
- Online instruction vs. Face-to-face instruction

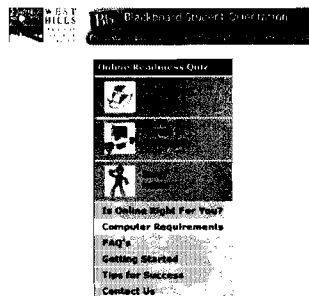

Communication

- Email from both WHCCD student email account and from within Bb
- Check email regularly
- Please note that your my West Hills login is NOT your West Hills email address:
Your email address is username@whccd.net
Your portal login is username@whccd.edu
Your Blackboard login is [username](#) with no domain
- Read all of the information pushed out to you in the modules on the Course Home Page
- Proper Netiquette, spelling, grammar and punctuation

Know What You're Getting Into Is Online Right For You

Know What You're Getting Into Is Online Right For You

- Study Habits/Lifestyle
- Computer skills expectations
- Access to technology
- Your instructor is not a computer teacher
- Don't set yourself up for failure

WEST HILLS COMMUNITY COLLEGE Blackboard Student Orientation

For assistance, please contact the DSP&S office at the address below.

- To login to the Online Course you registered for go to the main West Hills College web site at:
<http://www.westhillscollge.com/>
- Click on the Blackboard icon near the top right of the page to open the Blackboard login page. 
- Login using your Blackboard Username and Password (the valid format is just "firstnamelastname" with no domain added, for example: johnsmith).
- If you are unable to log in, contact the Help Desk
- To enter a class in Blackboard, click on the link to that class in the My Courses module or by using the Course tab at the top left of the page. To enter the Orientation, click on the class link titled "Orientation: Blackboard Student Orientation".

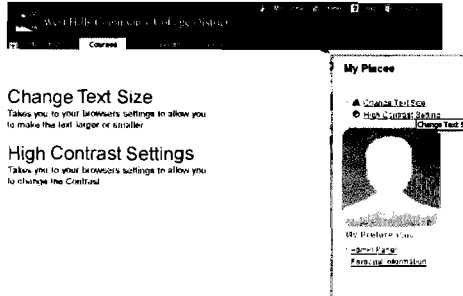

Receiving Accommodations in Online Classes

- There are students being served through the Disabled Students Programs and Services (DSP&S) office who may need class and testing accommodations.
- These students are responsible for communicating their needs to online instructors by producing a copy of the Accommodation Form Sheet from the DSP&S counselors, Lataria Hall or Maria Gonzalez.
- This document is only valid if sent electronically to online instructors through the **counselor's e-mail**.
- Only students who have provided instructors with the accommodation form are eligible for the accommodations listed on their form.
- Should you have questions please contact:

Lataria Hall at 925-3338 or Maria Gonzalez at 925-3244 (via email at latariahall@whccd.edu or maridelaluzgonzalez@whccd.edu).

Accessibility – My Places

The screenshot shows a web browser window with a 'Course' tab. On the right side, there is a 'My Places' sidebar. The sidebar contains a 'Change Text Size' link, a 'High Contrast Settings' link, and a 'Change Text S' link. Below these links is a small image of a person's profile.

Change Text Size

Takes you to your browser's settings to allow you to make the text larger or smaller.

High Contrast Settings

Takes you to your browser's settings to allow you to change the Contrast.

Accessibility

Northridge, CA 91324

Building A Learning Organization

- GROUP EXERCISE

Building A Learning Organization

- Objective
 - Conduct a transfer of knowledge session that will introduce mindful dialogue and produce concerted individual actions that appropriately affect our learning organization (WHCL)

Organizational Change

Systems Thinking & Interventions

- Introduction
 - What do you know about systems thinking?
 - Definitions associated with systems thinking
 - History of systems thinking

Scholarly method to evaluate a system
Organizational Change

intervention to study, key success methods, Assessment of change, Examination of failures, Level of theory, Bridging systems orientation

An assemblage of interrelated parts with a driving force

Functional Relationships
integration
Dialogue - input/output

- 3 approaches

Systems Thinking & Interventions

- History of systems thinking
 - Aristotle
 - Descartes
 - Newton

Aristotle - linear thought and functional

Newton - precise measurement

Descartes -

Systems Thinking & Interventions

- Old science (Newtonian Universe)
 - Precise measurements are possible
 - The more preciseness of the measurement the would lead to more precise predictions about past and future conditions
 - For every chaotic and complex system an attempt has been made to explain how things interact in a designed manner to function independently, yet affect the overall systems operation

Systems Thinking & Interventions

- Taoism (pronounced Dow) or (Dowjin)
 - Prehistoric folk religion practiced in China
 - Tao referred to as road, channel, path, way, doctrine or line
 - Tao is stated to be the flow of the universe or the force behind the natural order, equating it with the influence that keeps the universe balanced and ordered

Systems Thinking & Interventions

- Cultural influences on systems thinking
 - Tao
 - Yin yang
- Connectiveness...universal faith-based movements call for action on global warming
- Nothing is new under the sun (Barry, 2007) specifically when it comes to environmental issues

Tao - Road, channel, path,
There is a flow in the universe -
that facilitates or brings
change

Systems Thinking & Interventions

- Yin Yang concept
 - Chinese philosophy
 - Describes how opposing forces are interconnected and interdependent in the natural world
 - Complementary opposites within a greater whole
 - Everything has both yin and yang aspects, constantly interact, never existing in absolute stasis

Systems Thinking & Interventions

- Systems management and leadership perspectives
 - Parsons (1947)
 - Weber (1947)

PARSONS -

Max Weber - individuals act rationally and interactively with his family.

Parsons - Parsons's system

Systems Thinking & Interventions

- Important considerations of systems thinking
 - James Lovelock and the Gaia theory
 - Gaia theory named after the ancient Greek goddess "G" or the supreme Mother Earth, feminine, gentle, and nurturing but also ruthless to those who crossed her
 - Proposed that the Earth's atmosphere, cryosphere, hydrosphere and lithosphere are closely integrated forming a complex interacting system maintaining the climate and biogeochemical conditions on Earth in a state of equilibrium

 - Intuitive thinking. Seeing the beyond the forest and the trees.
 - Looks at the whole in relationships to its parts

Building A Learning Organization

- Personal mastery is achieved by:
 - Continually clarify and intensifying of personal vision
 - Focused energies
 - Developed patience
 - Seeing reality objectively

Building A Learning Organization

- Shared vision
 - Collective development of a picture of the future
 - Sum of the personal visions of all participating individuals (shared governance)
 - Cannot be learned, rather comes from a deep-seated belief (personal conviction)

Building A Learning Organization

- Team learning
 - Group IQ is higher than that of the individual
 - People must communicate with each other for the team learning to be effective

Building A Learning Organization

- Mental models
 - Continuously questioning of ingrained assumptions, generalization and perceptions that influence how we comprehend and react to the world
 - Understanding our biases, examine and deconstruct them

Jana

Building A Learning Organization

- Overview and summary
 - “None of us exists independent of our relationships with others” - Wheatley (1992)
 - Relationships, connections and anding
 - “Andness occurs when you make a connection with something or someone—you are literally “anding” with it or them. Unless you “and” with something or someone, no exchange occurs, nothing is produced, no new energy is created”- Kormives, Lucas, & McMahon (2007)

Building A Learning Organization

"My 95 Theses Minus 79"

My thoughts on what it takes to have an effective learning organization:

- Have a personal vision
- Dialogue with others; this is a must
- Work as a team to build/develop a shared vision
- Be flexible
- Respect the opinion of others
- Know the differences between right and wrong
- Keep it simple
- An organization must develop a culture that supports learning and that is not afraid to make mistakes

Building A Learning Organization

— think outside the box

- Avoid narrow-minded thinking
- Have knowledge in your area
- Be willing to share that knowledge
- Prepare for the bad during the good times
- Prepare for the good during the bad times
- Be committed
- Always be conscious of the whole and how the parts are interrelated to the whole
- Dialogue and communication are important aspects of any organization if it is to meet its mission. ★

Building A Learning Organization

- *"If you want to go quickly, go alone. If you want to go far, go together."*

• Al Gore

Questions 2 & 6

4.0 – 5.0 = Somewhat satisfied → Very satisfied
3.0 – 3.99 = Satisfied → Somewhat Satisfied
2.0-2.99 = Dissatisfied → Satisfied

Employee Success Activities Survey

Question #3

Employee Success Activities Survey

Comments:

- Keep the Christmas Party. It is important to celebrate employee contributions.
- I have attended Christmas parties from other places of employment. I was under the impression that this school didn't offer one. If there [was] I didn't hear about it and if I didn't hear about it, were only certain staff invited? How about some pictures on the website.
- Would not mind to pay more for a better location.
- Would love a Christmas party at the casino, even if we had to pay \$30 or \$40. The retirement party was great. Excellent place for Christmas party!
- It should not be continued if it is going to continue to be a "Christmas" party and if it is going to continue being something that is exclusionary for single individuals.
- I was not invited.
- I enjoyed the Christmas party. Food was good. It seemed like attendance was a bit low. Very few faculty, not sure why. We did think the food was served a bit late.....
- The small turnout doesn't justify the expense. If folks can't spend \$10 then we don't need to have the party. I suggest we suspend for a few years and see if interest increases after a few years without the party.
- I had prior commitment that was the reason I did not attend.
- Even though I did not attend, I may in the future, so it should be continued, and yes, \$10 is a very reasonable cost.
- The fee was totally understandable and acceptable. We should continue to have these events each year...perhaps include a gift exchange. The games we played last year were so enjoyable. What happened to all that?
- Just getting together with the staff and co-workers is enough for me.

Employee Success Activities Survey

Question 7

Employee Success Activities Survey

Comments:

- A new end of the year celebration is needed
- I think the date to this should be moved. I also think there needs to be awards for staff members.
- This event is a good fun way to end the semester.
- More employee recognition and less follies
- Seems more like a staff food and follies rather than being about the entire college community.
- Did not attend event.
- Not invited
- I think Food & Follies is for employee's that are well liked! It's always the same people that get recognized!
- Keep it going. We have some very funny staff members.
- I was expecting more follies.
- I see a lot of advantages in giving out recognition awards to Faculty and Staff. The bloopers should be side-line, but not forgotten! ha! We all need a good laugh!

Employee Success Activities Survey

Question #4

Christmas Party Recommendations:

- No I thought it was really nice
- Different type of food. I would be happy to help with the planning of these events. The band was too loud to talk.
- I would recommend having Don make the announcement of the Christmas Party and to emphasize that he is requesting for all staff to attend.
- Casino!
- Invite me next time.
- Have it somewhere where we are allowed a selection of food prior to the event and sit-down
- Food, music , and location.
- New location to accommodate our group.
- Have we ever considered having it on a Saturday? Personally, I live out of town and would like to have the option of coming straight from home to the party.
- Serve food earlier.
- Not have one. It costs too much.
- In a larger hall? Charge more if needed. Check all other events to try to avoid clashes with other events. Include games and gift exchanges for those who wish to participate.
- I would recommend fewer singing and goofy activities.

Employee Success Activities Survey

Question 5

Reasons For Not Attending Christmas Party:

- Prior commitment
- Somehow I did not hear about it :) or we so busy at the Grants Office I may have overlooked it :)
- Same night as husband's party.
- I believe the party was on the same day as a district office holiday party so I attended the district event. It would be nice if this event wasn't on the same day as other district events.
- Just not a party person.
- Out of town
- Work. December is our department's biggest commitment for our industry.
- Prior commitment...please check with what's going on in the community (Lemoore Christmas parade, other holiday events)
- Did not like the location of the event.
- Do not feel welcome, too many cliques
- We were away at a prior commitment, but to be honest, I do not remember hearing about the event prior to Christmas.
- I have attended previous Christmas parties and have had a wonderful time. I just couldn't go this year.
- I did not attend due to prior commitments. Would like a least a month prior notice of the date.
- Became ill. Had tickets.
- Went last year- did not care for place where it was, so chose not to go.
- I did not attend because I was not invited.
- sick
- Location, to get to the buffet you had to walk through the bar, way to crowded

Employee Success Activities Survey

Reasons For Not Attending Christmas Party: (Cont'd)

- Prior commitment, pre-scheduled furlough day
- Why should the college charge a fee to attend a party that's for employees!
- I was unable to attend because my director in Coalinga was having a personal party of all employees.
- I work in Coalinga and it was a busy time. I did not feel I could be away from work for that long of a time (travel time back and forth and the time attending the event).
- It was the same night as the first night of Hanukkah.
- Finding time and the workload.
- I commute to work, so trying to attend a Christmas Party on Friday night is very difficult. It would be nice if they were on Saturdays. The people that commute would not have to make two long distance trips on the same day
- I had a camping trip scheduled with my family
- Had to work at my other job. Prior commitment, and long commute from home (65 miles one way!)
- I actually didn't receive anything.
- I am an adjunct instructor, and I did have a conflict.
- Prior commitment and extremely busy grading papers :)
- I was on sick leave and State Wrestling Championships always on that weekend.
- I did not attend the last party because of not having a good time the previous year.

Employee Success Activities Survey

Question 9

Reasons For Not Attending Food & Follies:

- May have overlooked it :)
- Last day of semester and not on campus
- Department commitments
- Prior commitment
- Again, I do not remember hearing about it.
- Work
- Haven't been here forever...not of interest.
- Was not invited.
- I do not ever have coverage and I am not able to attend.
- I was unable to attend because I worked many hours the day before for graduation. Although, I hope I can attend this year.
- It conflicted with another meeting.
- I was not in town. I was out with family on a camping trip
- Don't remember why, but I do have a long commute from home (65 miles one way!)
- I work at the district office. I am not sure when Food & Follies was, but if it was during work hours -that's probably why I didn't go.
- A conflict with full time work schedule.
- Last year event was tailored to non-faculty staff.

Employee Success Activities Survey

Question 8

Recommended Changes to Food & Follies:

- Sorry, did not hear about it.
- End of the year awards dinner/luncheon
- Date of event.
- Try to give awards to staff/faculty/administrators other than the ones who get one every year.
- Yes, incorporate a specific event that would enhance the college
- Have more individuals take part in it.
- Sounds like I would have liked to have tri-tip on a day like this. Non-catered, of course, I would like WHC staff to BBQ it up.
- Either include everyone in the "follies" or just have an end of the year potluck.
- Invite me next time.
- I enjoy this event. As a recommendation, I would suggest that if awards are given out that an equal number of awards go to faculty, staff, and administration.
- Find a time that works well for more people, especially faculty, which is a tough thing to do

West Hills College Lemoore

Educational Master Plan
2008

V.4.2
December 2, 2008

President's Message

West Hills College Lemoore, one of California's newest community colleges, is well prepared to meet the educational needs of the twenty-first century. Our Educational Master Plan will demonstrate that we are on the cutting edge and have the capacity to adapt to new and emerging educational technologies to serve a wide variety of student needs.

Our facilities, instructional programs, support services, and technology are state of the art and will allow us to keep pace in an ever-changing environment. As you read through our Educational Master Plan, you will see how we value our demographic and student data in the decision making processes. We also utilize information from our area employers in job forecasting and training needs. Information is vital to keeping our offerings current and providing the support mechanisms and resources to ensure our students are the best educated and prepared to reach their educational goals.

The development of a comprehensive educational master plan requires many hours of planning, discussions, meetings, and research involving all constituents throughout the college and also district office personnel. A plan of this nature not only informs us about who we are, but where we will be heading for the next several years. Our plan will serve as a foundation, but it also will be a template for many future updates as the college continues to grow and serve the communities of the south valley.

We hope you will find this document to be both informative and also a guide to our continued growth and expansion of the campus. You will continue to see new facilities emerge and new programs come online, adhering to our processes outlined in our Educational Master Plan.

I look forward with great anticipation to the next several years with West Hills College Lemoore.

Don Warkentin
President
West Hills College Lemoore

ACKNOWLEDGMENTS

The WHC Lemoore Educational Master Plan (EMP) development process was facilitated by GKK Works planning consultants and by the WHCCD Office of Institutional Effectiveness and Planning. The Office of Institutional Effectiveness was responsible for providing data and coordinated communication between GKK and the college. GKK consultants were responsible for the design of the document, data analysis, key findings and recommendations. The WHC Lemoore EMP framework is based on the Cypress Community College EMP which has been identified as a best practice by the CA Research and Planning group.

The process began with a kick-off meeting on April 18, 2008 to discuss the EMP framework. A follow-up meeting took place on May 13, 2008 where faculty representatives and administrators reviewed the first draft of the EMP and provided feedback and direction. A third meeting was held on July 28, 2008 where a preliminary draft of the EMP was presented to faculty representatives and college administrators. It is important to note that the program goals, found under the instructional section of the EMP, were directly derived from the college's program review documents. During the fall 2008 Duty Day (August 8, 2008), the instructional section of the EMP was reviewed by Lemoore faculty in attendance. The preliminary draft of the EMP is scheduled for a first reading by the Board of Trustees on October 28, 2008 and by the Lemoore Planning and Governance Council on November 6, 2008.

WHC Lemoore is immensely grateful to these individuals who have volunteered to assist with this important plan. Their work will continue as we implement and refine our plan in the coming years. Participants are as follows:

Stephanie Atkinson-Alston - Dean of Educational Services, WHCL
Pedro Avila - Director of Institutional Effectiveness & Planning, WHCCD
Dave Bolt - VP of Educational Services, WHCL
David Babb - Biology Instructor/SLO Coordinator, WHCL
Robert Clement - Director of Athletics, WHCL
Sylvia Dorsey-Robinson - Associate Dean of Categorical Programs, WHCL
Stephanie Droker - Work Experience Instructor/Academic Senate President, WHCL
Dr. Carole Goldsmith - Director of Title V/Workforce Connection, WHCCD
Dr. Frank Gornick - Chancellor, WHCCD
Lataria Hall - DSPS Counselor, WHCL
Dr. Marlon Hall - Associate Dean of Educational Services, WHCL
Marta Hendrickson - Counselor, WHCL
Jose Lopez - Dean of Students, WHCL
Dave Neer - Instructor/Golf Coach, WHCL
Rene Sanchez - History Instructor/Curriculum President, WHCL
Don Warkentin - President, WHCL
Susan Whitener - Dean of Learning Resources & Web Services, WHCCD

Intent of the Educational Master Plan

The West Hills College Lemoore Educational Master Plan (EMP) provides a reference point and framework for the future of the college. It includes a thorough data review of the recent past and present of the college's overall instructional program. While maintaining the integrity of the college's vision, mission and strategic goals, the EMP draws a blueprint for implementing emerging educational objectives.

More specifically, the EMP focuses on the service area, students, staff, and programs of West Hills College Lemoore. Matriculation rates from regional high schools provide a basis for enrollment projections. An analysis of economic trends in the area and a review of emerging labor market information inform the consideration of new programs. An examination of instructional programs and disciplines along with student performance assess current effectiveness and point the way for change.

Utilizing this quantitative and qualitative data, key findings have been identified to inform the process for rational planning to occur in a culture of evidence and history. Unanticipated events, emerging issues in the region, and changing demographics in the service area demand that the Educational Master Plan be treated as a living, fluid document that will guide decisions regarding the educational programs of the college.

The EMP is conceived to exist in a cycle of six years. The current iteration comes at the midpoint of the college's accreditation cycle -- following the submittal of the college's Midterm Focused Report to the Accrediting Commission for Community and Junior Colleges. That midterm report was a summary of the college's institutional actions and progress made in response to the prior recommendations of the Accrediting Commission. West Hills College Lemoore is in the process of implementing actions and plans described in the report.

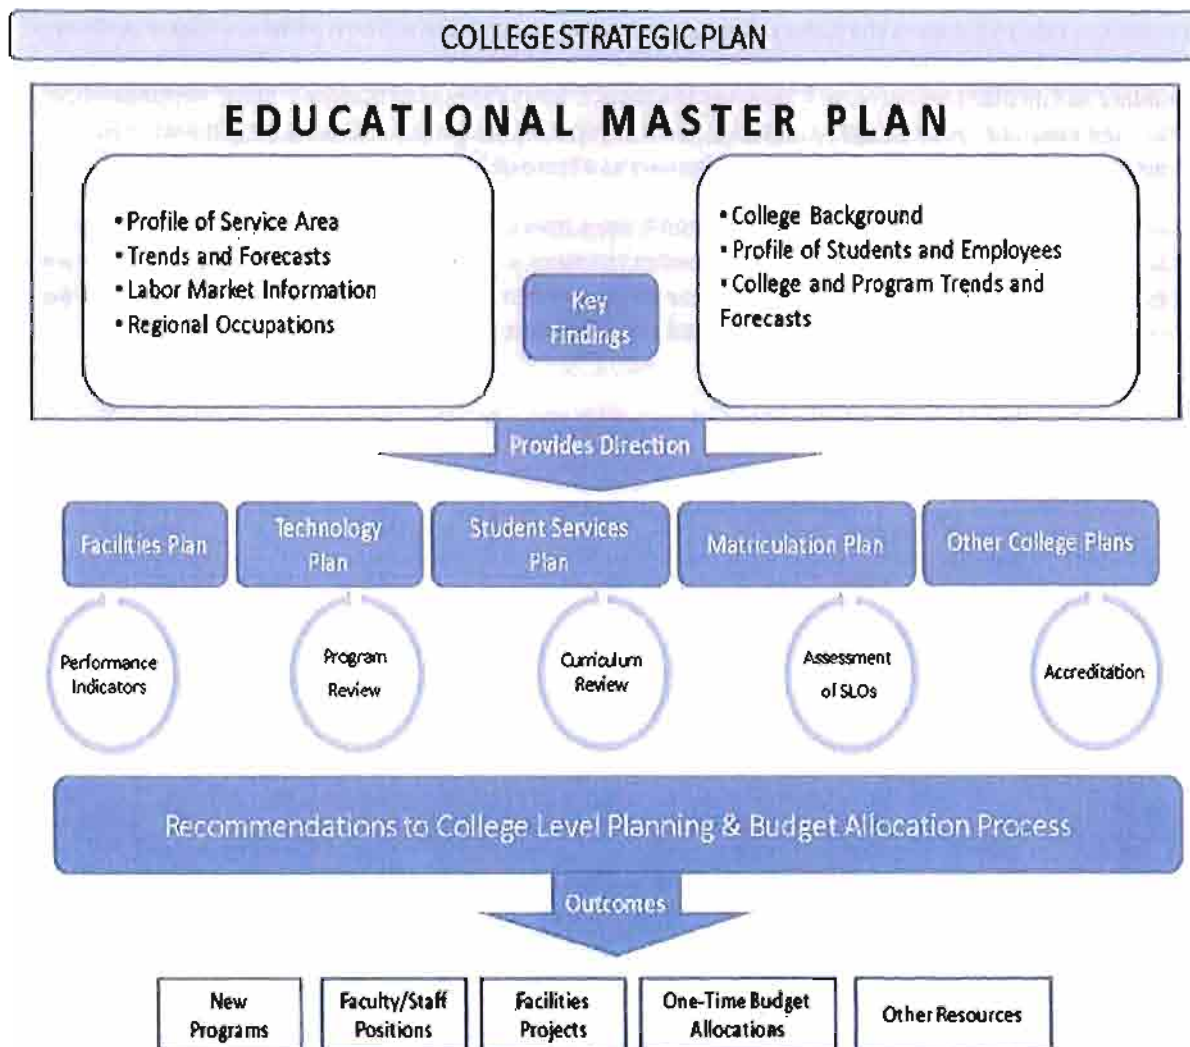

The Educational Master Plan for West Hills College Lemoore is directed by the college's strategic plan and the strategic plan of West Hills Community College District. Both of these plans are cited in the EMP as they provide the overarching direction and core values that guide the college.

Master Plan Framework

This Educational Master Plan of West Hills College Lemoore is being constructed at a particularly important juncture in our history as a college. WHC Lemoore received initial accreditation from the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges in June 2006. As one of the newest colleges in the California community college system, we are poised to realize our vision as a premiere, interactive learner-centered college.

Our Educational Master Plan gives direction to the planning processes of the college by providing a clear snapshot of our educational programs. It provides a thorough examination of internal and external trends. It serves as a primary resource for the development and update of other college plans. And it helps to identify our strengths, limitations, and capabilities -- and offer possibilities for the future.

The framework of this plan provides for an Educational Master Plan that is fluid and vital so we can respond to the community we serve.

COLLEGE HISTORY

The establishment of a college for the Coalinga Union High School District was proposed in the spring of 1932. The official beginning of the Coalinga Extension Center of Fresno State College dates from October 3, 1932. In September 1941, Coalinga Junior College became an independent unit under the direction of the Governing Board of the Coalinga Union High School District. Construction of a new campus on Cherry Lane near the northern limit of the City of Coalinga was begun on October 3, 1955, and the buildings were occupied on September 13, 1956.

In November of 1961, the voters of Coalinga Union High School District approved the formation of a separate junior college district, and in June of 1962, the voters of Lemoore High School District voted to annex to the college district, as did voters of Riverdale and Tranquillity High School Districts in December of 1962. Effective July 1, 1969, the official name of the college was changed to West Hills College in keeping with the nature of the expanded district.

In order to effectively serve the college district, West Hills College built the North District Center in the city of Firebaugh in 1971. In 1979, the District purchased land in the City of Lemoore, and in 1981, a classroom building and an office were erected. This was the Kings County Center until January 2002. On September 26, 2000, the Board of Trustees signed and accepted the "Agreement of Donation of Land for the West Hills College Lemoore" a generous donation from Robert and Mardell Pedersen and Lionel and Lola Simas.

Opening its doors to students on January 14, 2002, West Hills College Lemoore featured 18 classrooms, a state-of-the-art science wing called a Collaboratory, the largest and most technologically advanced library in Kings County, a multipurpose conference center, a full-service student services and administration building, as well as an outdoor amphitheater for students and community members.

COLLEGE MISSION

WEST HILLS COLLEGE LEMOORE ENRICHES THE LIVES OF OUR STUDENTS AND THE COMMUNITY WE SERVE BY BEING DEDICATED TO QUALITY EDUCATIONAL LEARNING OPPORTUNITIES AND PARTNERSHIPS. THE COLLEGE PROVIDES A POSITIVE ENVIRONMENT THAT IS COMMITTED TO STUDENT LEARNING AND EMPOWERING STUDENTS TO ACHIEVE THEIR EDUCATIONAL GOALS.

COLLEGE VISION

LEARNING THROUGH EXCELLENCE AND INNOVATION.

COLLEGE GOALS

- 1. WHCL IS COMMITTED TO PROVIDE QUALITY EDUCATION TO STUDENTS AND THE COMMUNITY.**
- 2. WHCL IS COMMITTED TO EMPOWER STUDENTS TO ACHIEVE THEIR EDUCATIONAL GOALS.**
- 3. TO SUPPORT STUDENT LEARNING, WHCL WILL EFFECTIVELY MAINTAIN AND INCREASE ITS RESOURCES AND PRODUCTIVITY.**

GUIDING PRINCIPLES

WEST HILLS COLLEGE LEMOORE IS STUDENT-CENTERED AND IS DEDICATED TO PROVIDING HIGH QUALITY LEARNING OPPORTUNITIES. WE ARE GUIDED BY OUR CORE VALUES:

- ACCESS: ENSURE ACCESSIBILITY TO ALL OUR PROGRAMS AND SERVICES.**
- COLLABORATION: EMPHASIZE EFFORTS TO UNDERSTAND AND MEET COMMUNITY NEEDS AND GARNER COMMUNITY SUPPORT. SUPPORT COLLABORATIVE DECISION-MAKING PROCESSES.**
- COMMUNITY: DEVELOP AND FOSTER A SENSE OF COMMUNITY WITHIN THE COLLEGE.**
- DIVERSITY: RESPECT AND EMBRACE DIVERSITY IN OUR PROGRAMS AND LEARNING ENVIRONMENTS.**
- EXCELLENCE: PROVIDE HIGH QUALITY LEARNING, TEACHING, AND SERVICE OPPORTUNITIES.**
- INNOVATION: SUPPORT INNOVATION AND TECHNOLOGY TO ENHANCE LEARNING ENVIRONMENTS, SERVICES, AND COMMUNICATION.**
- INTEGRITY: ADVOCATE AND DEMONSTRATE HONESTY, TRUTHFULNESS, EQUITY, AND ETHICS.**
- MUTUAL RESPECT: PROMOTE AN ENVIRONMENT OF OPEN COMMUNICATION**

Section II: Profile of Students, Employees, and Service Area

This internal scan of West Hills College Lemoore is an opportunity to assess, over academic years, the demographics and characteristics of our students and their educational goals. We use this data to discern patterns and trends and review our institutional educational plans to best serve our students.

WEST HILLS COLLEGE LEMOORE, OVERALL STUDENT DEMOGRAPHICS

During the 2007-08 academic year, West Hills College Lemoore, including the students on its campus on College Avenue, at the Naval Air Station, and students enrolled in online classes, totaled 7,091 unduplicated students, a 9.62% increase in students served from the previous academic year. The growth in student population at West Hills College Lemoore is expected to continue on its upward trend.

Unduplicated Student Headcount

Year	Count	% Change
2002-03	5,468	-9.24
2003-04	5,010	-8.38
2004-05	5,512	10.02
2005-06	5,817	5.53
2006-07	6,469	11.21
2007-08	7,091	9.62

Source: WHCCD Data Warehouse

- The last four years show a pattern of steady growth.

- Overall distribution of age is stable over the six years observed.

Summary of Overall Student Characteristics:

Students at WHCL are increasingly Hispanic and decreasingly white. Gender distribution has remained relatively consistent over the six years observed at about 62% female and 38% male. The distribution of age is also relatively stable with over 55% of students in '07-'08 24 years or under, and 38% 25-49 years old – fairly consistent with the ages of students during the five years prior.

Note: In the following section, the 2002-2008 data for the individual college entities -- Lemoore campus, Naval Air Station Lemoore (NASL), and online classes -- is broken out into separate sections. This separation provides a comparison of student demographics among the three different entities.

- The majority of the students at the WHC Lemoore campus are 24 years old and younger.
- The age distribution of students at the WHC Lemoore campus has been fairly consistent over the years observed, similar to the overall pattern of enrollment.

Summary of WHC Lemoore Campus Student Demographics:

The demographics of the 5,276 students at the WHC Lemoore campus are generally reflective of the overall college. 42% of students are Hispanic, 34% are white – with a trend reflecting a diminishing number of white students during the six years observed. 62% are female and 57% of the student population in '07-'08 are 24 years or younger. 22% of students on campus are 30-49 years of age. Head count of students on campus has increased during the last four years.

NAVAL AIR STATION (NASL) 2002-2008 DEMOGRAPHICS

- Age distribution remains older than Main Campus.

Summary of Naval Air Station Lemoore (NASL) Student Demographics

The number of students taking classes at NASL has declined from 462 students in '02-'03 to 143 in '07-'08. The ethnicity of students varies from the main campus, with a larger percentage of white and African American students making up the composition of students taking classes at NASL. More females than males take classes on site, and the age distribution of students is older than that on the Main Campus.

ONLINE INSTRUCTION 2002-2008 DEMOGRAPHICS

WHC Lemoore Unduplicated Online Enrollment

Year	WHCL Online Enrollment	% Change	*Enrolled in Online & Face-to-Face	% Concurrently Enrolled
2002-03	2,068	24.5	1,368	66.2%

*Students enrolled at any WHCCD face-to-face location

Source: WHCCD Data Warehouse

- Over the last five years observed, there is a consistent downward trend in the percentage of students concurrently enrolled in online and face-to-face classes. During the same period, there is a consistent upward trend of the numbers of students enrolled in online classes.
- The ratio between students enrolled in online classes versus students enrolled concurrently in online and face to face classes has widened over the last five years, with more students enrolled solely online.
- The number of students taking classes online solely or concurrently has grown in total number, reflective of the growth at the college and the accessibility of the online delivery system.

As a point of comparison the following table shows the online and face-to-face enrollment in the entire West Hills Community College District.

WHCC District Unduplicated Online Enrollment

Year	WHCCD Online Enrollment	*Enrolled in Online & Face-to-Face	% Concurrently Enrolled
2002-03	2,068	1,368	66.2%
2003-04	1,792	1,246	69.5%

2006-07	3,998	2,258	56.5%
2007-08	4,497	2,312	51.4%

*Students enrolled at any WHCCD face-to-face location

Source: WHCCD Data Warehouse

- In '02-'03, 700 students were solely enrolled in online courses in the district. By '07-'08, the number of students who were only enrolled in online courses had grown to 2,185.
- There is a consistent downward trend during the last five years observed in the percentage of students who are concurrently enrolled in online and face-to-face classes. There is a consistent upward trend during the same period of students who are enrolled online.
- Total number of all students taking online classes solely or concurrently has grown in number reflective of the growth at the district and the accessibility of the online delivery system.

The table below shows the city of residence for online only students at WHCCD.

City	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08

Source: WHCCD Data Warehouse

- In 2007-08, 57 percent of online students were below the age of 24 years old
- The online student age distribution has remained constant since 2003 which is consistent with overall college pattern.

Summary of Online Student Demographics

There is significant growth in the district and at the college among students who only take online classes. In '02-'03, 66% of the district's students who took online classes were also enrolled in classes on a campus or at a center. By '07-'08, throughout the district the percentage of students who were enrolled concurrently had dropped to 51.4%. At Lemoore, the same trend is reflected – by '07-'08, 53.9% of students were enrolled concurrently, dropping from the 66% concurrent students in '02-'03.

Online students are 39% white and 36% Hispanic which differs from main campus students in which the ethnic predominance is reversed. Age and gender of students parallel those of the main campus, being predominantly young and female. The majority of online students come from our service area.

STUDENT CHARACTERISTICS – FALL 2007

Student Educational Goals - Fall 2007	N	%
Obtain an associate degree and transfer to a 4-year institution.	1,325	31.96
Undecided on goal.	676	16.30
Unknown/Declined to State	581	14.01
Obtain a two year associate's degree without transfer.	341	8.22
Transfer to a 4-year institution without an associate degree.	291	7.02

Source: WHCCD Admission Application; Data Warehouse

- The highest percentage of students identify as their goal the desire to obtain an associate degree and transfer to a four year institution.
- 40% of students identify transfer to a four year institution as their educational goal.

Admission Survey

As part of the admissions application, students are requested to participate in a supplemental survey. This survey identifies family income levels, as well as level of education attained by the parents. It provides a more in depth look into the student’s characteristics and provides information for future planning.

Highest Education Level Attained by Mother or Father, Fall 2007	%
Below College or University	67
College or University Degree	33

Source: WHCCD 2007-2008 admission application supplemental survey
 Survey participation rate: 42%; Margin of error: 1.3%

- 67% of WHC Lemoore students are first-generation students.

Source: WHCCD 2007-2008 admission application supplemental survey

Survey participation rate: 40%; Margin of error: 1.4%

- 45% of students have family income of \$25,000 or less
- According to the US Census Bureau, the median household income for the State of California is \$56,645 and nationally is \$48,451.

Hours Worked Per Week

Source: Community College Survey of Student Engagement

+/- 5% margin of error

- 76% of students work while attending college.
- 51% of students work over 20 hours a week.

Total	4,146	Applicants	100%

Source: WHCCD Admission Application; Data Warehouse

- 7% of students indicate Fresno and Coalinga as their cities of residence. These may be online students or students coming to the college for a particular program.

Summary of Student Characteristics

40% of students express a goal of transferring to a four year institution. 67% of students do not have a parent who attended college. 45% of students have a family income of \$25,000 or less and in '07-'08 this compares to a median household income in California of \$56,645. Over 50% of students work more than 20 hours a week. 66% of our students identify Lemoore and Hanford as their cities of residence.

FULL-TIME EMPLOYEE CHARACTERISTICS

The following tables describe employee characteristics by job classifications.

Administration

Age	n	%	Ethnicity	n	%	Gender	n	%
35-54	5	55.6%	African-American	3	33.3%	Female	2	22.2%
55-59	2	22.2%	Hispanic	1	11.1%	Male	7	77.8%

60-64	5	10.6%	Native American	1	2.1%			
65+	4	8.5%	Other	1	2.1%			
Total	47	100.0%	White	36	76.6%			
			Total	47	100.0%			

- 27% of faculty is 55 and older, 72% is below 55 years. Ethnicity is not reflective of service area.

Classified

Age	n	%	Ethnicity	n	%	Gender	n	%
20-24	1	2.2%	African-American	1	2.2%	Female	33	73.3%
25-34	18	40.0%	Filipino	1	2.2%	Male	12	26.7%
35-54	23	51.1%	Hispanic	27	60.0%	Total	45	100.0%
55-59	2	4.4%	White	16	35.6%			
60-64	1	2.2%	Total	45	100.0%			
Total	45	100.0%						

- 93% of classified staff is 54 years and below, predominantly Hispanic and female.

Summary

An overall scan of employee age, ethnicity, and gender reveals:

- There is a high probability of significant retirement in the next 10 years in the administrative ranks.
- Faculty is relatively young, although 27% are 55 and above.
- Faculty ethnicity does not reflect that of region.
- Classified staff is predominantly young, female, and Hispanic.

WEST HILLS COMMUNITY COLLEGE DISTRICT REGIONAL AREA

A regional scan was performed by Economic Modeling Specialists, Inc. on ten counties that are a part of and surround the West Hills Community College District. These ten counties include: Fresno, Kern, Kings, Madera, Mariposa, Merced, San Benito, San Joaquin, Stanislaus, and Tulare. The region covered was identified by the district as the region where students are most likely to obtain jobs and establish residency. A scan of the ten counties revealed:

- Total regional attainment of a college degree is below average compared to the state and the nation (See Regional Educational Level, Age 25+ below)
- The educational attainment of individual ethnic groups of the region is below average compared to the state and nation (See Race/Ethnicity below)
- By 2012, the age group of 30 to 34 year olds is expected to experience the highest growth
- Racial/ethnic groups with the highest expected growth are Hispanics
- Total population is expected to change ten percent, double the expected change of the State (5 percent)

Regional Education Level, Age 25+	2007 Total	% of Region	% of State	% of Nation
Less than 9 th Grade	327,883	14.0	9.8	5.5
9 th Grade to 12 th Grade	291,573	12.5	9.5	9.0

WEST HILLS COMMUNITY COLLEGE DISTRICT SERVICE AREA

The West Hills Community College District was first started in 1932 as a college for the Coalinga Union High School District. It now has a total area of 3,464 square miles and includes portions of five counties: Fresno, Kings, Madera, Monterey and San Benito. The West Hills College Coalinga campus on Cherry Lane in Coalinga opened in 1956 and in 1971, the North District Center was established in Firebaugh, in the most northern part of the district. In 1962 Lemoore High School District residents voted to annex to the college district. From 1962 to 1979 classes were offered primarily at the Lemoore Naval Air station and Lemoore High School. The facility was called The Kings County Center in 1981 when it operated in portable buildings on five acres in the city of Lemoore. In 1998, approved by 70% of the voters in Kings County, a \$19 million bond was passed for the new construction of the Lemoore campus. The construction was completed in 2002. WHC Lemoore became fully accredited as a college in West Hills Community College District in 2006.

West Hills Community College District Map

WEST HILLS COLLEGE LEMOORE SERVICE AREA

While the West Hills Community College District is comprised of parts of five counties, the service area for West Hills College Lemoore primarily includes ten cities-- Armona, Avenal, Hanford, Helm, Kettleman City, Laton, Lemoore, Stratford, Five Points, and Riverdale.

The West Hills College Lemoore service area is relatively young, with 34 percent of its population between 20-39 years old. The ethnic demographics reveal that 49 percent of the population is Hispanic and 39 percent is white, with considerably lower percentages for all other ethnicities.

Test Scores for Selected Schools

The California Standards Tests (CST) is administered to students in California Public Schools in English/Language Arts, mathematics, science, and history/social science. They are also referred to as the STAR tests. CST scores are used in calculating each school's Academic Performance Index (API). The test is administered in the 11th grade. The data below regarding students in our feeder high schools reveals the majority of feeder high schools exhibit a low percentage of students at the proficient or advanced level in English and math.

Note: The California High School Exit Exam (CAHSEE) is a completely different test. It can be taken by students at any time during their high school career. While the CAHSEE is required for high school graduation, students can pass the test with 8th grade math skills and 9th grade writing and language skills.

High School	CST English/Language Arts (2007) Percent Proficient or Advanced	CST Summative High School Math (Grade 9-11) (2007) Percent Proficient or Advanced
Avenal High School*	24%	0%
Coalinga High School*	28%	34%
Corcoran High School	26%	61%
Hanford High West	28%	32%
Hanford High School*	33%	15%
Laton High School**	31%	0%
Lemoore High School*	35%	30%
Riverdale High School	34%	75%

Source: California Department of Education

- Many 11th graders from the high schools in the service area do not test at a proficient level or higher in English.
- However Corcoran High and Riverdale High school have exceedingly high proficiency scores in math.
- Schools with 0 percent proficient or advanced CST Summative High School Math may be due to non-testing conditions.

Summary

The feeder high schools of Lemoore and Hanford send the college more students than other high schools in the area. The Hispanic student population at the college is significantly smaller than their numbers in our feeder schools. Students test at a low level of proficiency with two startling exceptions in math – Corcoran High and Riverdale High. The projected number of high school graduates is static for the next 7 years.

INTRODUCTION

This data provides us with an ability to examine our students' success in a quantitative manner. It allows us to measure the strategies we have employed against general key performance indicators. From this we ascertain key findings and develop strategies to meet our goals.

DEFINITION OF TERMS

Duplicated Enrollment

This is the number of actual enrollments in any given class or program. Under this definition, a student enrolled in multiple courses is counted multiple times at the program, campus, or institutional level.

Unduplicated Enrollment, (Headcount)

This is the number of actual students. One student, taking five classes, is counted as one student. If there are 20 students in a program in which all students are enrolled in five classes, there are 100 duplicated enrollments, but a 20 student headcount.

Full Time Equivalent Student (FTES)

A full time equivalent student is one student taking 15 hours of instruction per week for two semesters of 17.5 weeks. While most of our students do not necessarily enroll in 15 hours of instruction per week, we calculate aggregated student attendance in this manner for both funding purposes as well as a measure for the college of how many full time equivalent students are participating in any given class or program, or are enrolled at the college.

Weekly Student Contact Hours (WSCH)

This is a measure of the number of students enrolled in a course multiplied by the number of hours the course meets per week. If a class meets for three hours a week and has 30 students enrolled, the WSCH is 90.

Full Time Equivalent Faculty (FTEF)

One full time faculty member teaching the equivalent of a full load of classes equals 1.0 FTEF. Most often FTEF is aggregated to provide the college with a measure of the number of faculty teaching. The loads of adjunct faculty and full time faculty are summed to provide an aggregate number for the program or college.

WSCH per FTEF

This calculation, sometimes called 'productivity,' is the number of weekly student contact hours (WSCH) per Full Time Equivalent Faculty (FTEF). Some colleges establish a target number to ensure fiscal viability.

The college community is made up of departments and programs with a wide variety of needs. Some disciplines have mandates from external sources that keep class size low. A college supports this diversity of discipline needs and strives for general support and cooperation to best serve students in meeting their educational needs while understanding the fiscal pressures of the institution. That is the purpose of understanding this formula.

Environmental Scan

An environmental scan considers present and future factors that can influence the direction and goals of an organization. Environmental scans include both external elements (e.g. service area demographics, state requirements, industry demands, marketing trends, etc) and internal elements (e.g., infrastructure, personnel, programs, abilities, etc). These are evaluated in terms of their potential impact on the organization and its ability to meet its present and future strategic goals.

Course Retention Rate

This is a measure of the number/percent of students who remain in the course after the census date until the end of the term.

Course Success Rate

This is a measure of the number/percent of students who earn a grade of A, B, C, or CR in the class. Course grades of NC, D, F, I or W are considered to be unsuccessful.

AVERAGE COURSE SUCCESS, COURSE RETENTION, AND WSCH PER FTEF

Notes:

In 2003-2004, the college responded to the statewide budget crisis and reduced the number of sections it offered. This drop in enrollment is seen significantly in some departments. It should be noted that some departments responded to the cutback in sections by enrolling larger number of students in their classes (see Basic Skills Math). This significantly increased their productivity ratio or WSCH per FTE.

Prior to 2004-2005, online instruction was offered by WHC Lemoore. Coalinga students enrolled in online courses but headcount was attributed to WHC Lemoore.

The information included in the program sections is based on submitted program reviews. The college has a developed program review process that is still being refined, but one in which a template and process are in place. Any editing was done for clarity and brevity and was not intended to change the intent of the review or plans of the program. Items under the heading "Program Plans" were derived from the program reviews. Items under the heading "Challenges and Opportunities" are not from the program reviews but have been selectively added to suggest strategic options for programs.

If a program does not offer a degree, the listing under Degrees Awarded is stated as "N/A." If a program offers a degree but none were awarded, the listing under Degrees Awarded is stated as "0."

Degrees/Certificates Awarded		15	29	28	30

Description:

The AOJ program offers the student a variety of educational and career pathways. The student may elect to enroll in a program leading to an Associate Degree with the emphasis on the Law Enforcement Option or the Corrections Option. Both provide a path to a four year institution. Presently, CSU Fresno offers classes on the Lemoore campus for those seeking a Baccalaureate Degree in Criminology.

Assessment

- FTES growth in 2006-2007 corresponds to increase in number of sections offered
- Online enrollment decreased over years observed
- Increase in numbers of degrees awarded
- Retention rate is stable and above college average
- Success rate is at college average

Program Goals from 2004 and 2006

Program Review

- Continue to update all curriculum and create six new courses.
- Develop more short term and online courses so employed individuals can quickly update their skills or obtain job ready skills.
- Include learning activities with specific learning outcomes in all curricula.
- Market the program at high school job fairs and utilize AOJ students as ambassadors.

Degrees/Certificates Awarded		1	0	1	1

Description:

The Art program provides classes which meet the General Education requirement and course work that prepares art students for transfer. Classes also serve as enrichment experiences for many students. Students from diverse backgrounds work in an environment that affords a common, visual language.

Assessment

- High growth in FTES in years observed
- Number of sections offered in Art declined after the 2004-2005 academic year, but FTES has continued to increase, as has the WSCH per FTEF.
- Online courses begin in '06-'07, note FTES increase in that year
- Retention rate is fairly stable and exceeds college average
- Success rate is strong, fairly stable, and exceeds college average

Program Goals from 2006 Program Review

- Curricula is being developed for several computer generated Arts courses, including Photoshop, Illustrator, and others
- Art 15A Painting is being revised to articulate transferability to Fresno State University
- Student learning outcomes will be addressed

Challenges and Opportunities

- High enrollment, strong retention and success rates suggest opportunities for further growth, for example, expanded online offerings.

Discipline Area

Biology

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	782	991	1301	1496	1,460
FTEF	10.36	12.32	16.37	17.97	18.20
WSCH per FTEF	401	436	438	460	445

	02-03	03-04	04-05	05-06	06-07
Sections	68	80	106	126	132
% of Online Enrollment	14.6%	17.0%	11.8%	14.4%	27.1%
Degrees/Certificates Awarded		0	1	1	1

Description:

The main courses offered by the Biology department include general biology, human anatomy, human physiology, and microbiology. These primarily serve as prerequisites for students going into teaching or the allied health professions. The department offers majors-level biology courses as well as courses for non science majors to fulfill the life science general education requirement.

Assessment

- FTES in years observed is increasing
- Percentage of online enrollment fluctuates, highest 2006-2007
- WSCH per FTEF has fluctuated but remained productive
- Success rate is stable and at the college average
- Retention rate is stable and at the college average
- Degree and certificates awarded are minimal because courses primarily serve as requirements for the allied health programs

Program Goals from 2007 Program Review

- Schedule biology major preparation courses once a year and work on maintaining transferability.
- Continue to add new transferable courses for the non biology major
- Offer field trips and out of classroom experience in Biology

Discipline Area

Business Administration

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	1,101	1,212	1,075	992	1,008
FTEF	10.80	7.69	5.76	7.75	7.13
WSCH per FTEF	282	460	537	399	419

	02-03	03-04	04-05	05-06	06-07
Sections	94	85	84	80	89
% of Online Enrollment	0.0%	7.5%	5.8%	10.8%	19.8%
Degrees/Certificates Awarded		29	32	37	48

Description:

Business Administration is an integral part of the CIS, Business, and HRCM service area. The curriculum is intended for those interested in transferring to a four year college or university to earn a baccalaureate degree.

Assessment

- FTES increase in '03-'04 academic year with decline following
- WSCH per FTEF has been erratic
- Success rates below college average
- High number of degrees awarded
- Retention rate rising and matches college average in '06-'07

Program Goals from 2007 Program Review

- Work toward providing students with placement services
- Follow up on recently submitted certificate options
- Follow up on faculty development, particularly in regards to SLOs
- Address diversity of staff

Challenges and Opportunities

- Develop strategies to increase success rate

Discipline Area

Chemistry

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	106	91	177	275	122
FTEF	1.83	1.48	2.37	3.21	2.55
WSCH per FTEF	257	396	330	346	308

	02-03	03-04	04-05	05-06	06-07
Sections	10	8	14	21	14
% of Online Enrollment	0.0%	0.0%	0.0%	0.0%	0.0%
Degrees/Certificates Awarded		N/A	N/A	N/A	N/A

Description:

The chemistry department provides the initial training in chemistry for a broad range of careers and focuses as well on chemical education for the public sector. The careers include the traditional sciences, engineering, pre-professional, allied health professions, agriculture, forestry, and the many emerging cross-disciplinary or interdisciplinary programs such as oceanography, aqua-culture, environmental health, and atmospheric science.

Assessment

- FTES shows steady increase then drops in 2006-2007
- WSCH per FTEF has been stable over the five year observed but is below the college average
- Success rate is unstable and below college average
- Retention is unstable and below college average

Program Goals from 2004 Program Review

- Shift the design of the Chem 2A/B sequence for allied health students to include more directly related allied health applications.
- Maintain and extend recently acquired modern analytical instrumentation and add additional software licensing for simulations
- Expand and integrate the "Collaboratory" computerized lab platform
- Stabilize current enrollment to establish offering patterns that allow completion of an AS degree in chemistry.
- Increase student retention in all offerings
- Initiate T1 link capability so students can download data from their graphing calculators into the "Collaboratory" platform to bridge their math skills to practical applications.
- Extend software licensing to provide students with take home versions of software used in class
- Develop initial course offerings at the NDC site, complete with labs.

Challenges and Opportunities

- Develop strategies to increase retention and success rates

Discipline Area

Child Development

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	714	572	766	680	660
FTEF	4.04	3.06	3.77	4.29	4.85
WSCH per FTEF	407	502	476	410	368

	02-03	03-04	04-05	05-06	06-07
Sections	31	23	28	31	33
% of Online Enrollment	0.0%	0.0%	0.0%	0.0%	5.0%
Degrees/Certificates Awarded		19	2	0	7

Description:

The Child Development program offers a comprehensive background in the field of child growth and development. Students are offered information and skills for potential employment in federal, state, non-profit, or privately owned early childhood educational programs or schools. Courses help students qualify for a Child Development Certificate and partially qualify the student for a Child Development Permit from the State of California, Commission for Teacher Preparation and Licensing.

Assessment

- Growth in FTES in years observed
- Number of sections offered in Child Development is steady
- Retention is steady and slightly higher than college average
- Success rate dropped in '06-'07 but is higher than the college average

Program Goals from 2007 Program Review

- Student learning outcomes and their measurement are being addressed with adjunct faculty.
- Update of 2+2 agreement with Hanford High and the Naval Base child care program for module credit transfer to specific courses.
- Create a math and possibly music and science courses for young children
- Potentially offer online classes
- Explore ways to gather information on where our students are employed

Discipline Area

Communications

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	407	386	509	465	440
FTEF	3.00	3.00	4.00	4.40	4.20
WSCH per FTEF	398	375	371	308	306

	02-03	03-04	04-05	05-06	06-07
Sections	15	15	20	22	21
% of Online Enrollment	0.0%	0.0%	0.0%	0.0%	0.0%
Degrees/Certificates Awarded		N/A	N/A	N/A	N/A

Description:

Provides the College with speech communication courses that parallel lower division classes at four year colleges and universities. Speech 1 is required within Area A of designated transfer courses. Speech 51 is an applied communications course emphasizing communication in the work place.

Assessment

- Retention rate is higher than college average
- Success rate is generally 10% higher than college average
- WSCH/per FTEF decreased in the last two years

Program Goals from 2004 Program Review

- Develop a course in organizational communications
- Develop a course in voice and diction
- Revise and update Speech 5, Interpersonal Communications
- Explore distance learning options

From Program Review 2004

Challenges and Opportunities

- Develop strategies to improve productivity

Discipline Area

Computer Information Systems

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	1,237	996	858	711	671
FTEF	10.96	7.49	5.74	7.52	6.20
WSCH per FTEF	465	506	591	368	421

	02-03	03-04	04-05	05-06	06-07
Sections	78	61	60	61	64
% of Online Enrollment	38.5%	29.1%	19.2%	21.7%	28.0%
Degrees/Certificates Awarded		13	7	10	10

Description:

The Computer Information Systems program teaches concepts, procedures, and terminology, as well as the skills and applications necessary to operate computers and network systems.

Assessment

- FTES in years observed is declining significantly
- WSCH per FTEF has fluctuated, but remains at a productive level
- Success stable and improved in 2006-2007 when it exceeded the college average
- Retention rate is stable but slightly below the college average

Program Goals from 2007 Program Review

- Maintain and revise CIS Open Entry/Open Exit entry level courses to provide students with marketable job skills specifically geared toward the needs of reentry, traditional, and lifelong learning students. The department is in the process of changing its core curriculum from Office 2000 to Office 2007.
- Maintain and revise Comp-TIA (A+), WOW Web Development and reestablish the MOU certification programs.
- Continue the ongoing development of the Web Developer Certification program to include a Cyber Forensic, and Project Management components with current, emerging web technologies.
- Infusion of information technology components into established curricula, such as Administration of Justice, Math, Geography, etc.
- Revise curricula to implement in conjunction with the OE Department, the MOU certification program.
- Develop, maintain, and revise Internet-based courses
- Establish a full CIS AA degree online.

Challenges and Opportunities

Develop strategies to raise retention rate

Discipline Area**Culinary Arts**

*Waiting for Approval from CA Community College
Chancellor's Office*

Description:

The Culinary Arts department has developed a full range of curricula which is available to students. Certifications from this program exist in the areas of ServSafe, Deli Cook and Baker certification, Baker Certification, Bartending Certification, Dining Room Staff Certification, and Chef Apprentice Certification. Courses provide a knowledge base that allows students to more easily obtain entry level or higher positions in this field.

Assessment

No data available

Program Goals from 2006 Program Review

- Additional curricula will be developed including Commercial Food prep as the prerequisite to most courses.
- The program will seek American Culinary Federation accreditations
- More community outreach
- Develop a job placement program

From Program Review September 2006

Discipline Area

Engineering

Description:

A new Engineering Program was launched Fall 2008.

Assessment

TBA

Program Goals:

% of Online Enrollment	23%	22%	17%	15%	26%
Degrees/Certificates Awarded		N/A	N/A	N/A	N/A

Description:

The Geography department offers a wide variety of introductory classes including Cultural Geography and Physical Geography. Cultural Geography introduces students to the spatial and diverse cultural milieu that is the basis for the Social Sciences and Humanities. Physical Geography focuses on the spatial relations of the various physical and earth sciences.

Assessment

- Growth in FTES
- Number of sections offered in Geography has increased
- Retention is steady and exceeds college average
- Success rate was steady but fell below college average in 2006-2007
- There is an observed increase in % of online enrollment that same year

Program Goals from 1998-99 Program Review

- Continue to build on the base courses
- Bring electronic learning into the program, using more computers in lab and lecture
- Insure course articulation for all types of teaching techniques
- Promote collaboration in lab settings
- Add to the online course offerings

Challenges and Opportunities

- Consider strategies to address lower success rates that began in '06-'07
- Develop strategies for a degree program

Discipline Area

Geology

	02-03	03-04	04-05	05-06	06-07

Discipline Area

Hotel, Restaurant and Casino Management (HRCM)

Description:

This is a program to certify students to work in the fields of hotel, restaurant, and casino management. All courses offered promote practical job skills and have resulted in students receiving certificates in Dining Room Management, Pastry and Bakery Arts, and Beverage Management.

Assessment

- FTES in years observed is increasing
- WSCH per FTEF has been erratic, but productive
- Success rate high in 2005-2006 and exceeds college average
- Retention rate high and steady and exceeds college average

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	101	372	380	449	461
FTEF	0.85	3.27	3.89	4.63	5.52
WSCH per FTEF	404	414	444	474	401

Program Goals from 2008 Program Review

- Sequence course work to articulate with 4 year institutions
- Achieve accreditation for the program
- Build new course curricula
- Modify current courses as needed to improve student learning outcomes

Challenges and Opportunities

- Develop strategies to increase degrees awarded

Degrees/Certificates Awarded		1	0	1	2

Description:

This program serves students seeking AA degrees in Humanities and Social Sciences. It is an interdisciplinary program.

Assessment

- High growth in FTES in years observed
- Large percentage of online enrollment
- Online enrollment more than doubled from 2005-2006 to 2006-2007
- Success rate is unstable, fell below college average by 8% in '06-'07
- Retention rate is stable

Program Goals from 2006 Program Review

- Begin a Native American course
- Begin a cross cultural course
- Put Women's Studies under the Ethnic Studies program
- Participate in recruitment events at high schools in our service area

Challenges and Opportunities

- Review variances in success rates and seek to increase

Discipline Area**Liberal Studies/Liberal Arts**

	02-03	03-04	04-05	05-06	06-07

% of Online Enrollment	26.8%	19.4%	16.4%	20.2%	29.2%
Degrees/Certificates Awarded		2	4	2	2

Description:

The Math program consists of a full spectrum of courses ranging from developmental to advanced level mathematics. Courses are designed to satisfy the certificate, associate degree, and transfer level needs for both the technical and non-technical student.

Assessment

- FTES increased until '05-'06
- Significant increase in sections during the years observed
- WSCH per FTEF has decreased overall
- Success rate is decreasing and is below the college average
- Retention is relatively stable but below college average

Program Goals from 2004 Program Review

- Add student learning outcomes to all course outlines
- Increase number of Math 64 sections
- Establish an effective assessment test that accurately places students in Math 101, 61, 63 or Math 15.
- Create an assessment policy for online classes

Challenges and Opportunities

- Develop strategies to increase success and retention rates

% of Online Enrollment	7.0%	14.1%	11.4%	20.6%	31.3%
Degrees/Certificates Awarded	N/A	6	3	3	3

Description:

The Office Management and Technologies program offers a variety of options that guide students toward successful employment in business and government. The certificate programs include an Office Management and Technology Certificate, a Clerk Typist Certificate, and a Secretary/Word Processing Certificate. Completion of the Certificate program and the general education and District requirements qualifies students for an associate degree.

Assessment

- FTES in years observed is decreasing
- Percentage of online courses is steadily increasing
- WSCH per FTEF has been erratic, but generally productive
- Success rate well below the college average
- Retention is improved but below the college average

Program Goals from 2004 Program Review

- Increase business community involvement in the design of classes and certificates/degrees
- Improve the business community's perception of the college's certificates/degrees
- Develop a path for students' transition from education to employment
- Investigate cross discipline course offerings to enhance employability
- Integrate certificates and degrees to articulate a path to four year institutions
- Improve student access with convenient course designs
- Develop more short term and online courses so employed individuals can quickly update their skills or the unemployed can obtain job ready skills

Challenges and Opportunities

- Develop strategies to raise retention and success rates

Discipline Area

Physical Education

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	1,158	879	1,136	1,244	1,735

% of Online Enrollment	0.0%	0.0%	0.0%	2.7%	19.3%
Degrees/Certificates Awarded		N/A	N/A	N/A	N/A

Description:

The Physical Education curriculum is designed to provide the opportunity to achieve an associate degree in the student's area of specialization.

Assessment

- FTES in years observed is increasing
- WSCH per FTEF had been steady, but decreased in 2006-2007 and is below the college average
- Success rate is stable and slightly above college average
- Retention has slightly declined but at college average

Program Goals from 2007 Program Review

- Increase course offerings
- Standardize tests between instructors to be more consistent in grading
- Develop and revise the degree

Challenges and Opportunities:

- Develop strategies to increase productivity of classes
- Develop strategies to increase degrees awarded

Discipline Area

Physics

Description:

Program review needed

Assessment

- Sections increasing
- FTES increasing
- Success & retention high in 2006-2007 and both exceed the college averages that year
- WSCH per FTEF is low relative to other programs on campus

Program Goals

Description:

The Psychology Associate Degree program is designed to provide entry-level skills and knowledge for the student transferring to a four year institution with a major in psychology. The psychology major prepares students for programs with emphasis in psychology, counseling, child development, educational psychology, education, social work, sociology, human services, and nursing.

Assessment

- No [overall] growth in FTES in years observed
- FTES dipped in 2004-2005 and increased by 2006-2007
- Large percentage of online enrollment
- Substantial number of degrees awarded.
- Success rate is relatively stable and at the college average
- Retention rate has been stable then declined and in '06-'07 fell 14% below the college average

Program Goals from 2004 Program Review

- Develop hybrid Psychology courses
- Revise curriculum to ensure currency with statewide curricular trends
- Develop student learning outcomes for Psych 1
- Expand Learning Community course offerings
- Expand offerings of hybrid Psych courses

Challenges and Opportunities

- Develop strategies to address recent retention rate decrease

Sections	70	59	60	74	84
% of Online Enrollment	49.8%	47.6%	41.6%	44.0%	51.4%
Degrees/Certificates Awarded		3	4	8	12

Description:

The Social Science Associate Degree program is designed to provide the transfer social science major the opportunity to achieve an associate degree with specialization of the student's choice. The major is made up of 24 units in the fields of Economics, Geography, History, Political Science, Psychology, and Sociology.

Assessment

- Slight growth in FTES in years observed
- FTES dropped in 2004-2005 and has been steadily increasing
- Large percentage of online enrollment
- Retention rate is stable and higher than the college average
- Success rate is stable and higher than the college average

Program Goals from 2004 Program Review

- Bring Social Science 32A and B into the history department
- Develop a cultural/ethnic studies program
- Develop courses such as Native American and Asian Pacific Islander history, with potential to expand into family and gender studies

Discipline Area

Teaching Assistant (Education Assistant)

Description:

The Education/Education Assistant (EDUC/EA) program provides courses and experiences for prospective teachers. The program awards a certificate as a Teaching Assistant. It is a program that has been actively involved in partnerships with Upward Bound Math and Science, Educational Talent Search, University Charter School, and Middle College High School. The teacher preparation effort is now called T.E.A.M. Teach and comes out of the Education/Education Assistant program.

Assessment

- Number of FTES as well as sections offered in Teaching Assistant declined over past five academic years
- Retention and success rates are above college average
- WSCH per FTEF is below college average.

	02-03	03-04	04-05	05-06	06-07
Duplicated Enrollment	250	246	190	156	142
FTEF	1.86	1.81	1.24	1.25	1.27
WSCH per FTEF	271	299	270	253	245

Program Goals from 2007 Program Review

- Identify a counselor who will work specifically with T.E.A.M Teach students
- Write student learning outcomes for all remaining EDUC/EA courses
- Review and revise education assistant certificate to meet current needs of workplace and students
- Implement student learning outcome evaluation cycle in EDUC 1
- Write curriculum for CBEST prep classes to offer as nontransferable one unit courses in test preparation, reading, writing, and math
- Develop stronger articulation agreements at local high schools
- Develop strong student learning outcome assessment cycles for EDUC 1 and EDUC 5 that include adjunct faculty

	02-03	03-04	04-05	05-06	06-07
Sections	18	14	11	12	11
% of Online Enrollment	34.8%	41.5%	59.5%	46.8%	38.0%
Degrees/Certificates Awarded		1	0	0	1

Challenges and Opportunities

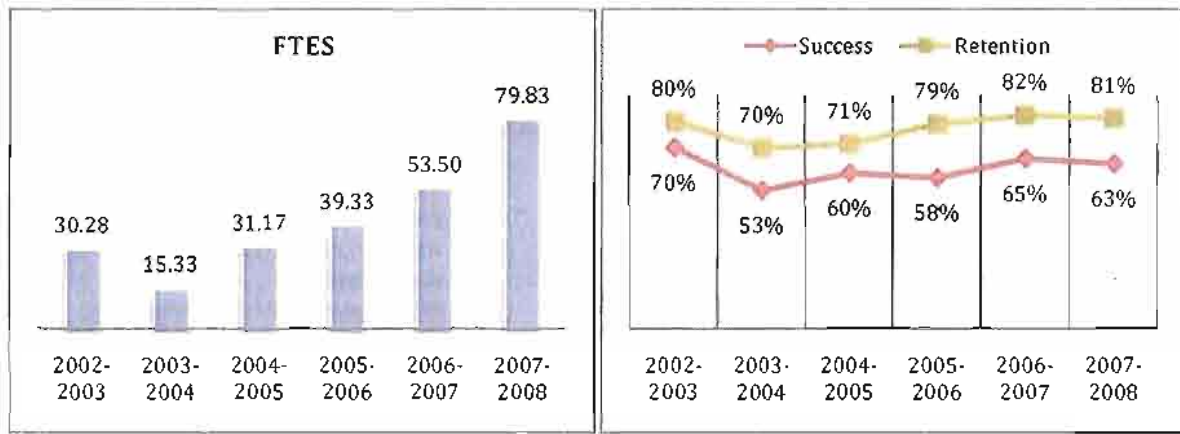

- Develop strategies to increase enrollment, retention, and success rates, and increase productivity

BASIC SKILLS

Basic Skills are the foundation for student success. Sometimes called developmental education or pre-collegiate skills, they are needed by many students entering all segments of higher education in order to be successful in college coursework. The statewide course success rate at community colleges in Basic Skills is 60.5%, about 10 % lower than that for other courses.

At Lemoore, students in Basic Skills classes are successful at a rate close to or above the statewide average. All Basic Skills classes have grown in enrollment over the six years represented below.

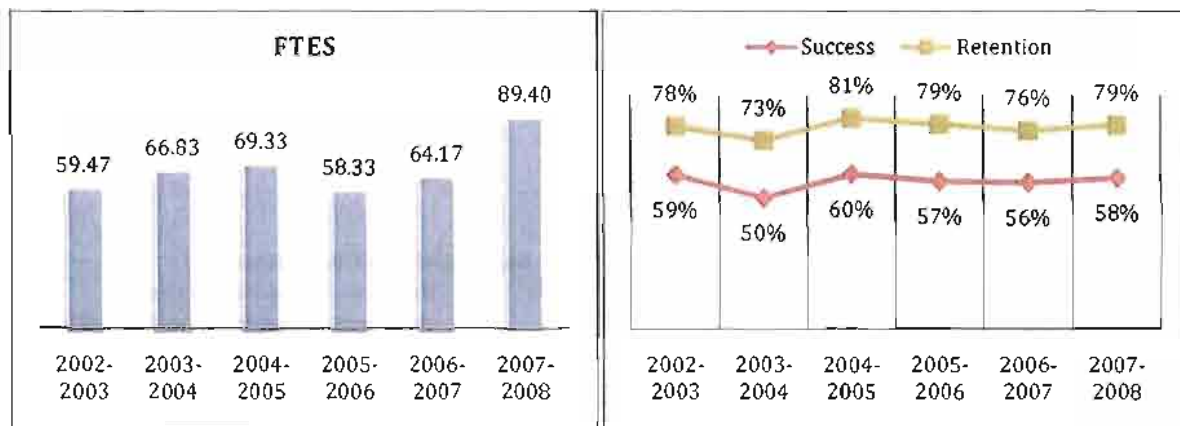

Basic Skills Math

	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08
Sections	8	4	5	7	9	13
Duplicated Enrollment	188	92	187	236	321	479
FTEF	2.46	1.32	1.65	2.32	3.00	4.33
WSCH per FTEF	359	339	551	494	520	537

- Math Basic Skills classes have increased both in sections and enrollment. Students are more successful than the statewide average of 52%. (Source: Board of Governor's Report on System's Basic Skills)
- The program has high productivity and strong retention

Basic Skills English

	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08
Sections	35	19	22	19	22	31
Duplicated Enrollment	360	401	416	350	385	648
FTEF	7.71	4.76	6.16	5.34	5.93	7.13
WSCH per FTEF	225	410	328	318	315	366

- English Basic Skills classes are building back from '02- '03. Note that with fewer sections in '07-08 they have significantly surpassed the number of enrollments they had in '02-'03 with more sections, a sign of a productive efficient program -- particularly considering that the success and retention of their students have remained steady.
- Success rates are generally comparable to statewide average of 59.3%. (Source: Board of Governor's Report on System's Basic Skills).

English as a Second Language (ESL)

	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08
Sections	15	6	6	6	6	7
Duplicated Enrollment	52	41	39	30	40	66
FTEF	1.27	1.40	1.12	0.56	0.85	0.67
WSCH per FTEF	145	142	169	259	229	411

- Notable drop in sections after '02-03, but enrollments now surpass the enrollment when the program had double the number of sections.
- No ESL courses scheduled during the day were offered between 2002-03 to 2007-08
- Success rates are mostly above statewide average of 70.6%. (Source: Board of Governor's Report on System's Basic Skills)

Basic Skills Placement

Students who enroll in courses that are appropriate for their preparation levels are much more likely to succeed in college. The assessment process should provide information and support to students so they can make appropriate educational choices. Below are charts that reveal the number of first term students who were assessed and placed into Basic Skills classes in English and math. The ESL program does not have a formal assessment mechanism.

WHC Lemoore Campus				Placed into Basic Skills			
Year	First-Term Students	Assessed	% Assessed	English	% of Assessed	Math	% of Assessed
2004-2005	1,534	575	37.5%	203	35%	223	39%
2005-2006	1,702	927	54.5%	349	38%	413	45%
2006-2007	1,613	798	49.5%	317	40%	355	44%
2007-2008	1,843	859	46.6%	411	48%	437	51%

- In the four years observed, an average of 47 percent first term students at the WHC Lemoore campus were assessed for course placement
- Of the numbers assessed, an average of 48 percent of students were placed into Basic Skills English
- Approximately 45 percent of students assessed were placed in Basic Skills Math, with the greatest percentage (51%) in the 2007-08 academic year

NASL Campus				Placed into Basic Skills			
Year	First-Term Students	Assessed	% Assessed	English	% of Assessed	Math	% of Assessed
2004-2005	40	16	40.0%	2	13%	4	25%
2005-2006	25	14	56.0%	3	21%	9	64%
2006-2007	22	11	50.0%	3	27%	3	27%
2007-2008	19	5	26.3%	0	0%	1	20%

- A declining number of students are being assessed at NASL.

Online Campus				Placed into Basic Skills			
Year	First-Term Students	Assessed	% Assessed	English	% of Assessed	Math	% of Assessed
2004-2005	519	204	39.3%	23	11%	48	24%
2005-2006	695	382	55.0%	54	14%	118	31%
2006-2007	988	459	46.5%	48	10%	119	26%
2007-2008	1162	313	26.9%	80	26%	125	40%

- The percentage of students assessed for the online campus has been declining over three years
- An average of 15 percent of students assessed for the online campus were placed into Basic Skills English
- An average of 30 percent of students assessed for the online campus were placed into Basic Skills Math

TOP TEN INSTRUCTIONAL DISCIPLINES BY FTES, 2003-2007

2003-2004		2004-2005		2005-2006		2006-2007	
Program	FTES	Program	FTES	Program	FTES	Program	FTES
Math	261	Math	290	Biology	283	Biology	278

Psychology	77	Geography	79	Geography	85	Computer Information Systems	89
Geography	72	Art	71	Art	80	Art	87

- Math, Biology and Health Science are among the three largest FTES generators in the past four years observed. Social Science has remained in the top five.
- The top ten programs have remained consistent during this time.

AVERAGE WSCH PER FTEF, 2002-2007

Program	Average	Program	Average
Office Management	510	Child Development	433
Social Science	493	HRCM	427
Geography	477	Business	420
Geology	472	Physical Education	409
Computer Information Systems	470	Art	363
AOJ	463	Chemistry	327
Psychology	454	Communications	306
Math	447	Teaching Assistant	268
Humanities	447	Health Science (Pre-Professional)	192
COLLEGE AVERAGE, 2002-07	441	Physics	134
Health Science (General)	438	Engineering*	44
Biology	436		

**New Engineering program started in fall 2008*

AVERAGE SUCCESS 2002-2007

Program	Success	Program	Success
Art	78%	Humanities	65%
Geology	77%	Psychology	65%
Physics	77%	Biology	64%
HRCM	75%	COLLEGE AVERAGE, 2002-07	64%
Child Development	71%	Computer Information Systems	63%
Communications	71%	Health Science (General)	63%
Teaching Assistant	69%	Math	60%
STATEWIDE AVERAGE, 2003-08	68%	Health Science (Pre-Professional)	57%
Physical Education	68%	Business	51%
Geography	66%	Chemistry	50%
Social Science	66%	Office Management	50%
AOJ	65%	Engineering	33%

- Students are least successful in Business, Chemistry, and Office Management over a 5 year span. Business and Chemistry also fall below the college average in WSCH/FTEF; Office Management has the highest WSCH/FTEF at the college.
- Students are most successful in Art, Geology, HRCM, and Physics.

AVERAGE RETENTION, 2002-2007

Program	Retention	Program	Retention
HRCM	90%	Physical Education	80%
Geology	88%	Biology	79%
Art	86%	COLLEGE AVERAGE, 2002-07	79%
Geography	85%	Psychology	78%
Physics	85%	Computer Information Systems	77%
STATEWIDE AVERAGE, 2003-08	84%	Health Science (General)	76%
AOJ	84%	Math	75%
Child Development	82%	Business	71%
Communications	82%	Office Management	69%
Humanities	82%	Engineering	67%
Social Science	82%	Health Science (Pre-Professional)	66%
Teaching Assistant	81%	Chemistry	61%

- Student retention is highest in programs that also reflect a high success rate – HRCM, Geology, Art, and Physics.
- Student retention is lowest in programs that reflect a lower success rate – Business, Office Management, Health Science, and Chemistry.
- The California Community Colleges System Strategic Plan of January 2006 notes that efforts are needed to improve semester to semester persistence, especially into the second year of college study.

DEGREES AND CERTIFICATES

From Fall 2003 to Fall 2007, West Hills College Lemoore conferred a total of 1,276 degrees and certificates in various disciplines. Over 50 percent of these were Associate of Arts in Liberal Arts. The Liberal Arts Program has been renamed Liberal Studies and is currently under review and modification.

The total number of degrees and certificates conferred by West Hills College Lemoore has been steadily increasing over the past four years.

TRANSFERS TO FOUR YEAR INSTITUTIONS

Data Source: National Student Clearing House; WHCCD Data Warehouse

Definition: The annual numbers of transfers to four-year institutions were determined by students who completed at least 12 units in the WHCCD system and stopped attending WHCCD prior to transferring to a four year institution.

Assessment:

- In '07, 92 students transferred to public four year institutions; 148 students transferred to private four year institutions.
- In the six years observed, more students transferred to California private institutions each year than transferred to California public institutions.
- The number of students transferring continues to increase with the most significant gains occurring at California private four year institutions.

Data Source: National Student Clearing House; WHCCD Data Warehouse

Definition: Based on WHCCD students who completed at least 12 units primarily online from a combination of online courses from WHCC and WHCL and stopped attending WHCCD prior to transferring to a four year institution.

Assessment:

- The number of online transfers has significantly increased over the six years observed.
- Significant gains have been made in the number of students transferring to out of state public institutions.

Data Source: National Student Clearing House; WHCCD Data Warehouse

TRANSFERS TO TWO YEAR INSTITUTIONS

Data Source: National Student Clearing House; WHCCD Data Warehouse

Totals includes In State Public, Out of State Public, In State Private and Out of State Private Two Year institutions.

Definitions

- Lemoore Total:** The annual number of transfers to two-year institutions was determined by students who completed at least 12 units in the WHCCD system and stopped attending WHCCD prior to transferring to a two year institution.

Assessment

- The number of students transferring to two year institutions has increased over the six years observed.
- Exit interviews could reveal reasons for these transfers that will assist the college in educational planning.

Section IV: Student Services

Student services are an important and integral function at West Hills College Lemoore. The college develops and offers a wide scope of support services that are dedicated to supplementing and complementing instructional programs and providing educational and cultural resources to students, faculty, and the community.

For the purposes of this Educational Master Plan, the student services included are those dealing with the Department of Learning Resources, Financial Aid, the Matriculation process and the following categorical programs: CalWorks, CARE, DSP&S, and EOPS.

Department of Learning Resources

Description: The Department of Learning Resources is responsible for supporting the colleges in their teaching/learning and service process through the development and administration of an academic online and video conference program that provides faculty training, help desk support, and videoconference technology installation and support.

Note: Prior to 2003-2004, all online courses were offered by WHCL

- There is significant growth in the online FTES and headcount at each campus.

- The number of video conference courses offered at Lemoore has been decreasing

- While the number of disciplines available online has remained steady, the number of sections has increased significantly.

Department Plans:

- Provide online students with active, hands-on, concrete experiences through technological media through collaboration of Learning Resources online staff and online instructors
- Develop and implement Student Technology and Online Readiness Self Assessment Tools
- Increase student technology literacy and independence through enhanced online orientations, student-friendly sites, and online training in courses
- Research and work with CENIC on all aspects of captioning for video conference courses
- Research and present to faculty new classroom mediated technologies
- Provide consultation and research services to the college academic communities.

From Program Review of Spring 2007

Matriculation

Description: The matriculation Process at WHC Lemoore provides an admission process, an orientation to college programs, services, and procedures; pre-enrollment assessment and counseling for course selection, a suitable curriculum, and a continuous follow up on student progress with referral to support services.

* Matriculation is based on students receiving assessment and counseling or orientation services.

Extended Opportunity Program and Services (EOPS)

Description: The EOPS program and services is a state funded program that provides supplemental support services to students with financial and educational needs. Eligibility is determined by income level and demonstration of need.

2006-07	EOPS (Non-CARE)	% of EOPS	% of All (6,469)
Enrolled in CREDIT	221	100%	4%
Credit FTES	216	100%	8%
Enrolled in NONCREDIT	18	8.1%	5%
Noncredit FTES	0	0%	0%

- The primary age group served by EOPS is students 20 to 24 years of age
- The majority of the students are Hispanic

Cooperative Agencies Resources for Education (CARE)

Description: The CARE Program is a cooperative effort between Kings County Human Services System, the Employment Development Department, and the college’s EOPS program. The focus of the program is to assist single parents on AFDC via supplemental grants and workshops that will provide them support for their academic success and retention.

2006-07	CARE	% of CARE	% of All (6,469)
Enrolled in CREDIT	75	100%	1%
Credit FTES	75	100%	1%
Enrolled in NONCREDIT	66	100%	3%
Noncredit FTES	6	8%	2%

- The majority of students in CARE are below 30 years of age
- The ethnic composition of CARE students varies from the college ethnic composition: CARE: 52% Hispanic, college: 39% Hispanic, CARE: 25% white, college: 36% white, CARE: 16% African American, college 7% African American

Disabled Students Programs and Services (DSPS)

Description: The DSPS program provides equal access to education for disabled persons. The college's office provides services to students with physical, learning, and psychological disabilities with a large range of support services.

2006-07	DSP&S	% of DSP&S	% of All (6,469)
Enrolled in CREDIT	234	55%	4%
Credit FTES	154	32%	6%
Enrolled in NONCREDIT	215	51%	60%
Noncredit FTES	327	68%	95%

- The largest percentage of any age group in the DSPS program is 30 to 49 years
- The ethnic composition in DSPS varies from the college: DSPS: 42% white, college: 36% white; DSPS: 36% Hispanic, college: 39% Hispanic; DSPS: 13% African American, college: 7% African American

Cal WORKS

Description: The Cal WORKS program is a state funded program to assist families who have received state aid. It provides an opportunity to return to college and receive education and training to become employable.

2006-07	Cal WORKS	% of Cal WORKS	% of All (6,469)
Enrolled in CREDIT	201	98%	3%
Credit FTES	144	100%	5%
Enrolled in NONCREDIT	19	9%	5%
Noncredit FTES	0.70	0%	0%

- 50% of Cal Works students are 24 years of age or below and 50% are 25 to 49
- The ethnic composition varies from the overall college: Cal Works: 48% Hispanic, college 39%, Cal Works: 29% white, college: 36% white, Cal Works: 14% African American, college: 7% African American

Financial Aid

Description: This department assists students through the various financial aid programs administered by the college. Financial aid is funding provided by federal and state governments and institutional sources to help students with their educational expenses. The funding is made up of grants, scholarships, and loans. Loans have several repayment options.

WHC Lemoore	Enrolled	Received Financial Aid	% of Students Receiving Financial Aid
2002-2003	5,468	1,692	31%
2003-2004	5,010	1,828	36%
2004-2005	5,512	2,153	39%
2005-2006	5,817	2,361	41%
2006-2007	6,469	2,583	40%
2007-2008	7,091	2,721	38%

- The number of students receiving financial aid has increased over the six years observed.
- The percentage of students receiving financial aid has decreased while the student population has grown.

WHCCD Enrollment of Students Receiving Financial Aid Awards

Academic Year	Students Awarded Financial Aid	Enrolled at WHCCD	% Enrolled
2002-2003	3,494	2,563	73.4%
2003-2004	3,500	2,720	77.7%
2004-2005	4,007	3,146	78.5%
2005-2006	4,371	3,359	76.8%
2006-2007	4,614	3,645	79.0%
2007-2008	4,848	3,903	80.5%

Source: Datatel; WHCCD Data Warehouse

- The number of students receiving financial aid awards has increased over the six years observed.
- The percentage of students who were awarded financial aid and enrolled at WHCCD has increased during six years observed.

- The gender of students receiving financial aid differs from student population which is 61.94% female, 37.37% male.
- The age of students receiving financial aid differs slightly from the student population: 25.62% are under 19; 30.94% are 20-24; 15.36% are 25-29; 23.28% are 30-49.

Section V: Labor Market Information

INTRODUCTION

The college is committed to providing students with relevant education and training for career technical and professional programs. Consequently, we examine labor market information for this region and compare it to the programs we offer. We use this information to plan for the development of new programs.

ECONOMY OF THE SAN JOAQUIN REGION, OVERVIEW

The Educational Master Plan for West Hills College Lemoore primarily utilizes our district service area that encompasses parts of five counties (Fresno, Kings, Madera, Monterey, San Benito) for demographic data. However, for the economic and labor market section we have also included the counties of Tulare, Kern, Merced, Stanislaus and San Joaquin. The reason for this is the impact of the larger geographical region's economy on college planning for the West Hills Community College District. Employment options for our students also take into consideration a greater area than the college district.

Among the ten counties under consideration by West Hills Community College District for its Educational Master Plan, six are among the top ten counties in the state in the value of their agricultural production: Fresno, Tulare, Kern, Merced, Stanislaus and San Joaquin. Of the ten counties drawing students to the West Hills colleges, only Mariposa County, with nearly half of its land on Federal lands, has an economy not based on agriculture.

While farming and agriculture define the region to a great extent, the counties of the San Joaquin Valley differ considerably in their economic make-ups. Madera and Tulare County have about three times the proportion of employment in agriculture as San Joaquin and Stanislaus. The others fall in between. Likewise, manufacturing is a more prominent part of the employment picture in Merced and Stanislaus counties than in other counties and government is a larger sector of employment in Kings County than in the others. This suggests that educational planners need to consider the diverse employment options in the region as well as the large distances in the rural landscape.

Population Growth

The population of the region is expected to grow approximately ten percent between 2007 and 2012, compared to the state's projected growth of five percent during the same period. The greatest growth will occur among adults aged 30 to 34 years and children under ten years of age (106,284). (Source: *Regional Scan and Program Demand Report, 2007*) This growth will have an impact on the need for job training and re-training and for education of children, and related services.

Income Levels and Unemployment

Per capita personal income varies in the San Joaquin Valley counties, but is below the state average in each. For comparison, the average per capita personal income in California for 2006 was \$39,626. Among the ten counties of the San Joaquin region, Fresno had the highest per capita income, \$27,081; Kings had the lowest at \$22,771. (Source: Table CA1-3, Regional Economic Accounts, Bureau of Economic Analysis, April 2008)

A recent survey of student applications for admission to West Hill College Lemoore and West Hills College Coalinga shows 45 and 48 percent of applicants, respectively, have family incomes of \$25,000 or less. (Source: WHCCD 2007-2008 admission application supplemental survey) The lower than average incomes in the region are consistent with agricultural regions across the country.

Unemployment also reflects the agricultural economic base of the region. Unemployment tends to be higher in the San Joaquin Valley region than the state average. The seasonality of agriculture and the relatively low wage scale account for some of the disparity between this region and other parts of the state. Counties in the San Joaquin Valley also have higher than average poverty rates.

Employment

The top industry sectors in the region, those with over 100,000 jobs, were government, agriculture (including forestry, fishing and hunting), retail trade, health and social assistance, manufacturing, construction, and accommodation and food services in 2007. Construction ranked at the top in earnings per worker (\$54,440) and accommodation and food services ranked last in the group (\$16,554). The greatest growth among all industry sectors by 2012 is projected to be in health care and social assistance. (Source: Chart of Industry Sectors, Region and State, 2007-2012).

Those occupations requiring training and/or education and showing the most growth across all industries in the region in 2007 include:

- Registered nurses
- First-line supervisors/managers of retail sales workers
- Elementary school teachers, except special education
- Business operation specialists
- Truck drivers, heavy and tractor-trailer
- Medical assistants
- Customer service representatives
- Accountants and auditors
- Nursing aides, orderlies, and attendants
- Carpenters

(Source: EMSI Top-Ranked Occupations by Total Growth, 2007-2012. *Note: The list above includes the top ten occupations, all with over 17,000 employees.*)

At the time of the *Regional Scan and Program Demand Report*, West Hills Community College District offered curriculum directly related to six of the twelve high-demand occupations.

Planning for future educational programs and services at the college will take into account the agricultural character of the region, the needs of its growing population for general education and workforce training, and the need to keep pace with demands of the economy.

REGIONAL REPORT

The following information was obtained from the Regional Scan & Program Demand Report prepared for West Hills Community College District by Economic Modeling Specialist Inc.

The Regional Scan included data from ten counties: Fresno, Kern, Kings, Madera, Mariposa, Merced, San Benito, San Joaquin, Stanislaus, and Tulare. The industry and occupation employment numbers are based on numerous published sources from the federal Bureaus of Labor Statistics, Bureau of Economic Analysis, Bureau of the Census, and the National Center for Education Statistics. These ten counties span a region where the West Hills Community College District students are likely to seek work.

Occupation Demand and Program Enrollment Comparison

This section compares regional occupations with the most annual openings to the college's current enrollment by program, with the goal of indicating where the college might look to increase its capacity. The occupations are taken directly from the "Top-Ranked Occupations by New + Replacement Jobs" table. "Related programs" associated with occupations are identified using a crosswalk developed by the U.S. Department of Education with some customization by EMSI. College enrollment numbers by Classification of Instructional Programs (CIP) code are provided by West Hills Community College District.

Note that many occupations have multiple related programs and vice versa, so students enrolled in a program may be included in more than one row in the table above. "Average annual openings" is total new and replacement jobs divided by the number of years in the given timeframe.

Description	2007-2012 Avg. Annual Openings	Median Hourly Earnings	Annual Enrollment at WHCCD, All Related Programs
Registered Nurses	1,715	\$34.79	36
Elementary School Teacher, Except Special Education	1,426	\$26.07	225
Truck Drivers, Heavy and Tractor-Trailer	1,047	\$17.08	60
Business Operation Specialists, All Other	945	\$27.01	107
First-line Supervisors/Managers of Retail Sales of Workers	848	\$15.29	107
Medical Assistants (Psychiatric Technicians)	735	\$12.28	37
Customer Service Representatives	735	\$14.23	
Carpenters	649	\$20.03	
Nursing Aides, Orderlies and Attendants	646	\$10.72	36
Maintenance and Repair Workers, General	642	\$16.40	50
Secondary School Teachers, Except Special and Vocational Education	613	\$29.03	225
Accountants and Auditors	612	\$24.85	50
Bookkeeping, Accounting and Auditing Clerks	585	\$14.83	50
First-Line Supervisors/Managers of Office and Administrative Support Workers	581	\$20.61	96
Sales Representatives, Wholesale and Manufacturing, Except Technical and Scientific Products	565	\$24.34	107
Dental Assistants	507	\$13.40	
Executive Secretaries and Administrative Assistants	490	\$17.73	107
Automotive Service Technicians and Mechanics	461	\$17.66	50
Preschool Teachers, Except Special Education	454	\$12.08	225
First-Line Supervisors/Managers of Food Preparation and Serving Workers	428	\$11.20	27
Team Assemblers	409	\$11.36	

Source: Economic Modeling Specialists Inc. (9/2007).

Enrollment totals are based on programs that might lead students into the occupation of demand.

Color Key:

- Occupations with programs or training available at WHCL and WHCC are highlighted yellow.
- Occupations with programs or training available at WHCC are highlighted green.
- Occupations with programs or training available at WHCL are highlighted blue.
- Occupations with programs or training not available at WHCCD.

Highest-Growth Regional Industries, 2007-2012

These industries are projected to add the most total jobs in the ten county region. The Earning Per Worker (EPW) is an average of occupations throughout all industries in 2006.

Description	2007 Jobs	2012 Jobs	Change	% Change	2006 EPW
Local Government	202,525	214,695	12,170	6%	\$54,832
Chlld Day Care Services	28,142	36,277	8,135	29%	\$13,429
Temporary Help Services	27,479	35,111	7,632	28%	\$20,607
General Medical and Surgical Hospitals	35,685	40,401	4,716	13%	\$65,179
Department Stores	29,990	34,426	4,436	15%	\$21,238
Offices of Physicians	25,526	29,559	4,033	16%	\$79,186
Support Activities for Crop Production	116,491	119,796	3,305	3%	\$22,301
Limited Service Eating Places	49,920	52,693	2,773	6%	\$13,499
Other Activities Related to Real Estate	11,134	13,688	2,554	23%	\$31,819
Accounting and Bookkeeping Services	13,438	15,746	2,308	17%	\$31,442
State Government	32,770	34,860	2,090	6%	\$61,388
Offices of Dentists	10,144	11,980	1,836	18%	\$45,506
Full-Service Restaurants	35,493	37,224	1,731	5%	\$16,466
Home Health Care Services	6,110	7,756	1,646	27%	\$32,259
Community Care Facilities for the Elderly	6,772	8,344	1,572	23%	\$25,429
Other Technical Consulting Services	5,385	6,837	1,452	27%	\$40,678
All Other Specialty Trade Contractors	10,129	11,552	1,423	14%	\$56,082

Top 25 Critical Occupations in High Growth Industries

The following table shows the top 30 highest growth occupations (in top 10 industries) from 2007-2012. They provide a business oriented view of the most in-demand jobs over that timeframe, and the demand-driven college will seek to align its offerings accordingly. Many jobs found here, especially with an education level of "short-term" or "moderate-term-on the job training" (ST OJT or MT OJT) are likely to be good candidates for industry oriented continuing education programs. * (other abbreviations are decoded below)

Industry	Occupation	Job Growth (In Industry)	Median Hourly Wage (All Industries)	Average Education
Child day care services	Child care workers	6,634	\$8.69	ST OJT
Support activities for crop production	Farmworkers and laborers, crop, nursery, and greenhouse	2,924	\$7.72	ST OJT
Local Government	Elementary school teachers, except special education	2,117	\$26.07	Bachelor's
Department stores	Retail salespersons	2,001	\$9.29	ST OJT
General medical and surgical hospitals	Registered nurses	1,748	\$34.79	Associate's
Offices of physicians	Medical assistants	1,060	\$12.28	MT OJT
Limited-service eating places	Combined food preparation and serving workers, including fast food	1,039	\$7.96	ST OJT
Accounting and bookkeeping services	Accountants and auditors	990	\$24.85	Bachelor's
Offices of physicians	Physicians and surgeons	858	\$74.93	Prof. DG
Other activities related to real estate	Real estate sales agents	788	\$25.08	PS Award
Other activities related to real estate	Real estate brokers	786	\$30.99	Exp. In Field
Local Government	Teacher assistants	750	\$12.34	ST OJT
Temporary help services	Laborers and freight stock, & material movers, hand	720	\$10.12	ST OJT
Local Government	Secondary school teachers, except special and vocational education	717	\$29.03	Bachelor's
Child day care services	Preschool teachers, except special education	689	\$12.08	PS Award
Limited-service eating places	Cooks, fast food	667	\$7.74	ST OJT
Local Government	Postsecondary teachers	650	\$27.43	N/A
Department stores	Cashiers, except gaming	619	\$8.64	ST OJT
Department stores	Stock clerks and order fillers	565	\$10.21	ST OJT
Local Government	Middle school teachers, except special and vocational education	530	\$28.77	Bachelor's
Other activities related to real estate	Property, real estate, and community association managers	488	\$12.47	Bachelor's
Offices of physicians	Registered nurses	471	\$34.79	Associate's
Temporary help services	Office clerks, general	454	\$11.65	ST OJT
Local Government	Police and sheriff's patrol officers	402	\$29.57	LT OJT
Local Government	Teachers and instructors, all other	367	\$19.95	Bachelor's

Source: Economic Modeling Specialists Inc. (9/2007)

*Education level abbreviations:

ST OJT: Short-term on-the-job training; **MT OJT:** Moderate-term on-the-job training; **LT OJT:** Longterm on-the-job training; **Exp. in field:** Work experience in a related field; **PS Award:** Postsecondary award; **Associate's:** Associate's degree; **Bachelor's:** Bachelor's degree; **DG + Exp.:** Degree plus work experience; **Master's:** Master's degree; **Doctoral:** Doctoral degree; **Prof. DG:** First professional degree

Major Occupation Groups, Region and State, 2007-2012

The following table summarizes regional occupations by major group, sorted by total 2007 jobs. On average, the median earnings in the region are below State median earnings.

Description	REGION					STATE		
	2007 Jobs	2012 Jobs	% Change	Repl. Jobs	Median Earning	State 2007	State 2012	State Median Earnings

2007 FRESNO COUNTY EMPLOYMENT STUDY

In 2007 the Fresno County Workforce Investment Board conducted a survey of Fresno County employers to collect data relevant to guide the county's potential and job growth and employment trends. A total of 1,004 surveys were completed. They included small, medium, and large employers from seven sectors.

Below is a summary of the findings. The original data set was sorted to include only those occupations with 20 or more Projected Positions in Year 1. Occupations with no employers requiring High School Diplomas or Certification were then removed. The top 25 occupations remaining are listed below sorted by the Projected Positions in Year 3.

Salaries reported are based on the employers in the Fresno County region.

Occupation	Projected Positions (Yr.1)	Projected Positions (Yr.3)	High School Diploma Required	Certification Required	Salary Estimate (Low)	Salary Estimate (Mid)	Salary Estimate (High)
Production Laborers	1662	3946	33%	0%	\$8.54	\$0.00	\$11.50
Sales Representatives, Wholesale/Manufacturing, Except Technical & Scientific Products	266	456	53%	10%	\$17.70	\$0.00	\$24.98
Registered Nurses	379	418	86%	81%	\$23.35	\$29.39	\$33.74

Section VI: Key Findings and Strategies

STRENGTHS OF WEST HILLS COLLEGE LEMOORE

West Hills College Lemoore's fully accredited college status that was granted by the Accrediting Commission for Community and Junior Colleges in 2006 was well deserved. The campus features the largest and most technologically advanced library in Kings County, 18 lecture classrooms, computer labs, and three science collaboratories. Working in this state of the art facility contributes to the high morale and 'can do' attitude of the faculty and staff. In the accreditation self study the college describes itself as having a "healthy governance environment."

The partnerships that have been developed with other educational segments have been significant and positive. The partnership with University Charter School on the Lemoore campus brings in 5th through 8th grade students who are seeking a non-traditional educational setting. The Lemoore High School Middle College program is exemplary and continues to increase in scope and size. The alliance with Cal State University, Fresno, which allows students to earn a bachelor's degree while attending classes at the Lemoore site, is a partnership that every community college in the state should have. A program with Americorps has provided tutors. In 2008, a nursing program that had been the result of a partnership with Fresno City College will break out as a stand alone nursing program. The teacher preparation program T.E.A.M. Teach addresses the need for well prepared educators in our communities.

The college has responded well to the demands of business and industry. The region's emerging hotel, restaurant, and Casino management industry resulted in the development of a program to train managers in these areas. A new engineering program was started in fall 2008.

Naval Air Station Lemoore, located five miles from the Lemoore campus has a rich and enduring presence with the college. Faculty and staff have noted that the presence of students from NASL has enriched their classes and the college community because of a global knowledge base and experiences. Its proximity to the Lemoore campus influences the college and provides a unique perspective not available to many community colleges.

Student Services: New leadership in the student services area has resulted in innovative and effective approaches to serving students. An example of this is X-treme Registration that provides students with a unique college event and services to register at the last possible moment. Another example is bilingual orientation that was scheduled to be in place in 2007 and online orientation planned for implementation by spring '08.

Instructional Services: A consensus was reached on the definition of an instructional program that has facilitated the implementation of the program review process. There has been a concerted amount of effort in working toward a college wide completion of student learning outcomes for each course, projected to be in place by the end of 2008.

The college's continued focus on improving and refining all aspects of the curriculum development process will be important to the creation of classes, programs, and services that will lead the way to an educated work force in this region. Its state of the art technology and physical plant, the growth in the area surrounding the college, and its vital faculty and staff are hallmarks of West Hills College Lemoore.

KEY FINDINGS & STRATEGIES FOR WEST HILLS COLLEGE LEMOORE

COLLEGE WIDE: MULTIPLE DELIVERY SYSTEMS – ONLINE, VIDEO CONFERENCE, WEB BASED

Key Findings

The West Hills Community College District service area spans a wide swath of the San Joaquin Valley and encompasses five counties in mostly rural environments. The area is large and the need for educational access to the population is great. Students facing time and geographical barriers to education must have their needs met through the access provided by online courses and programs and video conference courses.

Online enrollments across the district continue to grow. The majority of the students who are enrolling in online classes are from our service area, although approximately 40% are from outside the service area. The success and retention rates for students in online classes throughout the district is below classroom rates, but remains fairly consistent for Lemoore students at 55% success rate and 73% retention.

At WHC Lemoore during the '07-'08 academic year, there were 3,155 unduplicated students enrolled in online classes. On the campus at Lemoore there are 5,276 students enrolled.

With high school graduation rates projected to be static for the next 7 years, increased offerings of classes and programs in multiple delivery systems, will be a major factor for growth at the college.

Recommended strategies to address key findings:

- More development of multiple delivery methods for classes and programs throughout the curriculum, including online, video conference, web based classes, hybrid classes and traditional classes utilizing new formats.
- Development of an array of Basic Skills classes in multiple delivery methods to provide access for students in need of pre collegiate work.
- More development of degrees and certificates that can be earned online.
- Increase student services and support for online students
- Research on staffing levels needed to support growth and development of online and video conference classes
- Close attention to the technological resources and facilities needed to maintain and increase online and video conference classes.
- Develop and market programs targeting non-traditional students.

The findings and strategies address goals from:

- District strategic plan: #1 Achieve growth targets, #4 improve transfer, completion and graduation rates
- College guiding principle: Access
- State strategic plan: College awareness and access

COLLEGE WIDE: NAVAL AIR STATION

Key Findings

The enrollment at the Naval Air Station (NASL) has been in a steep decline for the last five years, with a slight uptick in 2007-2008.

Among the factors that may have contributed to the decline are the opening of the new Lemoore campus which has attracted military students to enroll on campus, changes to military tuition assistance, deployment during the Iraq war, and the increased availability of online courses.

Students at NASL have preferred evening courses. Some student characteristics are notably different from other entities – students are older, and there are generally more white students and fewer Hispanics.

In 2007-2008, the Naval Air Station center had 143 students, down from a high of 462 in 2002-2003.

The Lemoore Naval Air Station is important to the college and the region. The Naval Air Station is a unique resource with a stable population of 10,200 employees plus 5,335 affiliated dependents that have educational needs.

Recommended strategies to address key

findings:

- Formation of a widely representative advisory committee to discuss the issues of enrollment at NASL.
- Discussions with leadership at NASL in regards to their concerns, forecasted changes and/or program development, resource sharing
- Involvement of campus leadership for ideas, concerns
- Brainstorm ideas in regards to adult learners, under skilled workers, retraining and reentry training
- Offer alternative scheduling, short term curricular modes, weekend classes
- Consider new joint use ideas, non credit, and focused programs with cohorts

Addresses Goals From:

- District Strategic Plan:# 3 Community participation rates
- College Guiding Principle: Collaboration, community
- State Strategic Plan: Goal: A#3 Innovative programs and outreach

COLLEGE WIDE: COORDINATION OF PROGRAM AND COURSE DEVELOPMENT

Key Findings

There has been coordination between WHC Lemoore and WHC Coalinga in the development and offering of courses and programs.

A number of factors make coordination in coming years even more complex. Among them are the substantial and growing offerings online and the fully accredited status of the college.

In the data regarding students' identification of city of residence, a significant percentage of students come from cities such as Fresno, Coalinga, Visalia, and Avenal. While some of these residents may only be enrolled in online classes, we can also infer that these students may be willing to take classes some distance from their homes because of the desirability of a specific program.

The alignment of courses and programs within the college district and with all segments of education are essential to student access and success. Coordination would allow the college to maximize the development of courses and programs unique to its community, area, and facilities – and provide students with more choices and venues. These are essential to student access and success.

Recommended strategies to address key

findings:

- Continue to coordinate the development of courses and programs with WHC Coalinga to ensure comprehensive offerings to all students in the service area.
- Interface Lemoore's Student Learning Committee with Coalinga's Instructional Services Council on a regular basis to discuss and make recommendations for approval of new courses and programs.
- Consider the formation of a district committee for review, coordination, and recommendation for approval of courses and programs.
- Develop a process to ensure colleges adhere to the Rule of 5 in which course number, title, prefix, units, and transferability are coordinated and discussion and coordination take place that ensure students have a seamless experience in their access to curriculum at WHCCD.

Addresses goals from:

- District Strategic Plan: #4 Improve transfer, completion, and graduation rates
- College Guiding Principle: Access
- State Strategic Plan: #1 College awareness and access

COLLEGE WIDE: ADDRESS THE CHANGING DEMOGRAPHICS

Key Findings:

An analysis of the demographic data for WHC Lemoore reveals that students in the age group of 30-49 have increased slightly at the college from 1,566 in '02-'03 to 1,651 in '07-'08. On the Lemoore campus, this group has dropped slightly from 1,179 to 1,157 during this time frame. But the number of online students in this age group has risen from 629 in '02-'03 to 750 in '07-'08.

The Regional Scan and Program Demand Report from Economic Modeling Specialist Inc. (EMSI) projects that the greatest growth in our region will occur among adults aged 30 to 34 years and children under 10 years of age during the period of '07-'12.

The female student population at WHC Lemoore continues to be significantly greater than the male population reflecting a state and national trend. In '07-'08 females comprised 62% of the student body.

The Bureau of Labor Statistics reports that for the first time since the modern women's movement came to life, an economic recovery has come and gone, and the percentage of women at work has fallen, not risen. A congressional study released on July 23, 2008, offers the explanation that women are dropping out of the workforce for awhile as jobs and wages shrink, to return to the family and to potentially retrain. At WHC

Lemoore 30-49 year olds are a larger proportion of the student population than those 25-29.

With the projected service area high school graduates remaining static into 2015, the college needs to focus on the demographic that may offer the most growth and also have a growing educational need in this region – students, primarily women, in the 30-49 year old age group.

Recommended strategies to address key findings:

- Consider workforce programs that would attract students who are seeking retraining for the next stage of their work life.
- Query students in this age group about their needs – scheduling of classes, academic support, child care, programs that they seek, etc.
- Target marketing to this group of potential students in the community

Addresses goals from:

- District strategic plan: #1 Achieve growth targets, #4 Improve transfer, completion, and graduation rates
- College Guiding Principle: Access, Diversity
- State Strategic Plan: College awareness and readiness

INSTRUCTIONAL PROGRAMS: BASIC SKILLS

Key Findings

Levels of proficiency in English/Language Arts and Mathematics of students at the 11th grade level in feeder high schools to WHC Lemoore are low. This implies a potential need for more Basic Skills sections available to first term students matriculating to the college.

Of first term students who were assessed, 48% assessed into Basic Skills English and 51% assessed into Basic Skills Math.

Data from the California Community College Chancellor's Office reports that when students do not receive the Basic Skills education they need, less than 10 % will survive the college experience.

Successful participation at the college level is dependent on preparation math and English skills. According to the CCCCO, more than half of entering community college students require some Basic Skills education due in part to the fact that K-12 curriculum and assessments do not always adequately prepare students for college level work.

Students at Lemoore are generally successful in Basic Skills classes. In math and English the college has continued to increase sections after the reduction in '03-04, showing programs committed to Basic Skills offerings. Math and ESL have high productivity levels, and the success rate in both programs is above the California Community College average. English, math, and ESL Basic Skills classes all have high retention rates.

Recommended strategies to address key

findings:

- Offer more sections of Basic Skills Classes in English, ESL, and math
- Consider a college wide committee to address Basic Skills and preparedness for college level curricula
- Work to ensure that all general education and vocational courses include specific activities designed to reinforce key reading, writing, speaking, and computational competencies
- Offer alternative pathways to Basic Skills preparation – e.g., intensive short-term courses, open skill building tutorials, etc.
- Focus professional development on student success, providing faculty with incentives to integrate the development of essential academic skills in their students
- Track students success from Basic Skills through college level curriculum
- Seek innovative ways to offer and deliver Basic Skills classes.

Addresses goals from:

- District Strategic Plan: #4 Improve transfer, completion, graduation rates
- College guiding principle: Access
- State Strategic Plan: Goal B, Student success and readiness, Basic Skills as the foundation for student success

INSTRUCTIONAL PROGRAMS: ENGLISH AS A SECOND LANGUAGE

Key Findings

Even with a significant reduction in ESL class sections that occurred after '02-'03 and little growth in additional sections following that, the enrollment has remained high. In '07-08, there are more enrollments in the 7 sections offered than the 15 sections in '02-03.

The retention rates are high in classes with success rates of 67% slightly below the statewide average of 70.6%.

The college does not offer college-level ESL classes. ESL offerings have had limited scheduling, primarily offered in the evening, although expansion into day time slots occurred in fall '08.

Hispanics are projected to become the State's largest ethnic group by 2011 and the majority population in public schools by 2013. The college's predominantly Hispanic student body, which is also reflected in the region, strongly suggests that a fully developed ESL program that leads to success in college level transfer classes and programs is essential.

Data from the Public Policy Institute of California notes that the educational attainment of Hispanics

falls short of residents overall and short of what the economy will demand by 2015.

Recommended strategies to address key findings:

- Develop a full curriculum of ESL courses that lead to college level offerings
- Develop an assessment and placement system for ESL students
- Offer more sections of Basic Skills classes in ESL in multiple delivery methods and time slots throughout the schedule
- Track ESL students into college level classes

Addresses goals from:

- District Strategic Plan:#4 Improve transfer, completion and graduation
- College guiding principles: Access, Diversity
- State Strategic Plan: Goal B, Basic Skills as the foundation for student success

INSTRUCTIONAL PROGRAMS: THE ARTS

Key Findings

Art classes at Lemoore are among the highest in retention and success rates, and FTES at the college.

The location of Lemoore and the resources it provides the community suggests that it will develop as a cultural center in the community.

A recent community survey revealed that approximately 65% of respondents indicated that they would be somewhat-to-much-more-likely to vote for a local higher education bond if funds were used to construct a performing arts center for college and community use.

Music programs exist in the community and at selected high schools.

Recommended strategies to address key findings:

- Develop a program in the arts and performing arts
- Develop an advisory committee from the community to determine interests and needs

Addresses goals from:

- District Strategic Plan: #3 Increase community participation
- College guiding principles: Community, Excellence
- State Strategic Plan: #1 College awareness and access

INSTRUCTIONAL PROGRAMS: LOWER DIVISION TRANSFER CURRICULUM

Key Findings

On the admission application 39% of West Hills College Lemoore students state that their primary goal is to transfer to a 4 year institution.

The geographic distances inherent in West Hills Community College District make access to educational opportunities challenging. The college's partnership with CSU Fresno and Fresno Pacific University are significant as students interested in going on to a baccalaureate degree can do so by completing requirements on the Lemoore campus. Access to a wide array of lower division transfer curriculum, articulation agreements and transfer agreements facilitate a student's continued educational pursuits.

The community survey revealed a priority interest in university classes. Close to 90% of respondents indicated that they would be somewhat-to-much-more-likely to vote for the bond if funds were used to construct a university center where university classes would be offered to complete advanced college degrees.

Graduating seniors from public high schools in this region are 7 per cent less likely to attend a community college and 4 per cent are less likely to attend a UC than graduating seniors statewide.

Lemoore student transfers to four year institutions continue to grow, with CSU Fresno

being a main transfer site. Notably, an increasing number of WHCCD online students are transferring. With the opening of the UC Merced campus, more articulation and transfer agreements for Lemoore students should be forged. In addition, many students from Lemoore transfer to in state private colleges and universities – in fact, more students go on to private institutions than matriculate to public institutions.

Recommended strategies to address key findings:

- Increase the development of lower division transfer classes that fulfill IGETC requirements
- Align student learning outcomes in critical course sequences
- Discuss and coordinate with like discipline areas across the district
- Meet regularly to align curriculum with high school partners and 4 year partners, including both public and private institutions.

Addresses goals from:

- District Strategic Plan:#4 Improve transfer, completion, graduation rates
- College Guiding Principles: Excellence
- State Strategic Plan: Goal B, #4 Intersegmental transfer

INSTRUCTIONAL PROGRAMS: ECONOMIC TRENDS and WHC LEMOORE PROGRAMS

Key Findings

In a scan of the economic forecasts and the projected labor market for the region against the backdrop of existing instructional programs at the college, a number of occupations in a handful of areas continue to surface.

Examples of these areas are: medically related health careers, management/supervision in the areas of retail and government, teacher education, and child care workers.

At Lemoore, the child development program is particularly well developed with its certificates and degrees. The program is layered with many options. Agreements with Hanford High and the NASL child care programs are creative. Online classes are being considered. The Education/Education Assistant program has been actively involved in partnerships with the University Charter School and highly successful Middle College High School, but appears to be shrinking. These programs can play an important role in the economic development of the region placing their graduates in the growing field of education and child care.

WHC Lemoore is well positioned to provide timely education and job training in health related fields. The new nursing program started in fall '08 and other programs are being explored.

The college has been proactive in partnering with the Health and Human Services Department of Kings County, which is with the college to provide workforce training programs for the CalWorks population in fields such as office technology.

The importance of the Naval Air Station to the college is obvious. Declining enrollment at NASL requires a fresh look at possibilities in terms of workforce training. Discussions with the NASL, college faculty and staff, environmental scans, and labor market projections should provide a foundation for the decision-making process.

In environmental scans of any region, projects or areas surface that haven't yet made the radar screens of labor market surveys. One such project is the Quay Valley Ranch, a proposed planned community consisting of about 12,000 acres in unincorporated Kings County. It is planned to be a new, sustainable, solar-powered model town of about 150,000 people. The potential for partnership, the development of programs in sustainable energy, the need for education, jobs, and services is large. The college must play a role.

Recommended strategies to address key

findings:

- WHC Lemoore has already forged many strategies to respond to labor market needs. But the process to find ways to collaborate with local, regional, and state partners takes constant attention & effort.
- Monitoring economic trends and corresponding program development and expansion must continue. Employee demographics suggest that significant administrative and faculty retirements may occur in the next ten years. Staffing decisions must be considered.
- Program review and coordination at the college and district level may reveal areas of collaboration or unique pursuit because of geography, program interest or expertise, or facilities.
- Work force training is as important as the preparation of students in the Basic Skills. Contextualization – the concept that students learn essential skills best in practical, experiential contexts is ideal in that environment. Links with Basic Skills and work force training can be employed in programs at a college like Lemoore, where collegiality and communication are stated values.

Addresses goals from:

- District Strategic Plan: #4 Improve transfer, completion, graduation rates
- College guiding principles: Excellence, Collaboration
- State strategic plan: Goal C Partnerships for economic and workforce development

STUDENT SERVICES: ASSESSMENT PLACEMENT SERVICES

Key Findings

In '07-08, 46% of first-term students were assessed and 48% of them placed into Basic Skills English and 51% placed into Basic Skills math.

District wide, about 14% of students who did not receive assessment had educational goals that required assessment in order to succeed at the college level.

A small percentage of 11th grade students at feeder high schools to WHC Lemoore test as proficient or advanced in English or math.

Assessment and placement are a foundation for college success and students most at risk are those who have not been assessed.

Recommended strategies to address key findings:

- Develop programs to ensure that the majority of incoming students receive assessment placement services to provide them with information to access classes that will prepare them to succeed academically.
- Work across the curriculum to insure that classes that will help students succeed academically are available to them.
- Students in categorical programs compose about 63% of Basic Skills English enrollment. Develop collaboration between categorical programs and Basic Skills English faculty to improve success rates

Addresses goals from:

- District Strategic Plan:#4 Improve transfer, completion, graduation rates
- College Guiding Principles: Access, Excellence
- State Strategic Plan: Goal B, Student success and readiness, Assessment and placement

STUDENT SERVICES: MULTIPLE DELIVERY SYSTEMS FOR STUDENT SERVICES

Key Findings

The remarkable growth in students taking online classes necessitates a rethinking throughout the college about new ways to support their learning and success.

The college has an unduplicated head count of online students that is equal to 49% of on-campus students. There were 3,161 online students in the '07-'08 school year. The projected development and growth of multiple delivery systems for classes will necessitate new strategies for student services.

With relatively new leadership in student services at Lemoore, new perspectives and ideas are being implemented. The goal to provide online and bilingual orientation, counseling, testing and guidance service to new and continuing students is being implemented. (Institutional self study report, '06)

Although 49% of first term students received assessment placement, 18% of all students used assessment placement services in '06-'07, with only 8% of the college's students using follow up academic services.

The success and retention rates for students taking classes online are below the rates of students taking classes on campus. Online students in '07-'08 had a success rate at Lemoore of 55% and a retention rate of 73%. On campus

students had a success rate of 63% and a retention rate of 78%.

Recommended strategies to address key findings:

- Develop a means to provide more students with matriculation services, with a focus on students who are enrolled in online and video conference classes
- Develop methods to more effectively assess the student preparedness levels of online students
- Develop a student services strategic plan with multiple delivery systems as a main theme. Because of the existing initiative to start online and bilingual services, the college may already be developing a model program to be replicated.
- Consider the efficacy of joint online student services with WHC Coalinga so students at either college would have seamless, well supported services available in an expansive time frame.

Addresses goals from:

- District Strategic Plan: Goal #4 Improve transfer, completion, graduation rates
- College Guiding Principles: Access, Innovation
- State Strategic Plan: Goal B, Student Success and Readiness

Appendix A

Institutional Effectiveness Planning Calendar 2008-2009

ID	Task Name	Accountability	Start	Finish	Duration	2008												2009

Budget Allocation Committee
West Hills College Lemoore
October 25, 2010
2pm-3pm
Rm 124

Members present: Tammy L., Fidela B., Elva T., Sylvia D., Dave B.

1. Role
The role of the committee was emphasized to the committee members present as per the Planning and Governance Manual.
2. Membership
Tammy L. replaces Joel on the committee as a faculty representative. Sylvia D. replaces Jose as an administrator.
3. Restricted Fund Expenditures FY 09-10
As requested at the last meeting, the purchases of lottery funds from 09-10 was given to the committee.
4. Restricted Funds FY 10-11
Dave reported that as of October 20, there was \$37,739.60 of lottery funds to be expended this year. Fidela asked if we would be able to roll-over unused money but Dave could not confirm this as true for this year.
5. Budget Development Process
 - A. Current
The current Budget Development Process is in dire need of revising. The current process does not parallel the instructional learning areas, for example, so it is difficult to ensure proper communication. Sylvia mentioned that what we might want to call it is the "Budget Allocation Process."
 - B. Updating
The process of updating the Budget Development Process was incompletely done last year by the Budget Allocation Committee. Dave expressed his goal of completing the revision this year so that it could be approved by the Planning and Governance Council by the end of the school year. Tammy thought that it would be nice if we could have it completed by the time the accreditation visitation team arrived.
6. ABC Roll Out
Dave would like to begin having the ABCs meet. It is important to have all of the members of the ABCs identified so the constituency leaders will be contacted—John Ieronimo, Kurt Sterling, and Ryan Cardoza. Once all committee members have been named, Dave will meet with each of the

ABCs leaders to lay out the expectations, timelines, etc. Dave will invited members of the BAC, but they are not expected to attend.

7. Other

8. Next Meeting—November 15 at 2pm

**West Hills College Lemoore
Planning and Governance Council
Wednesday – November 3, 2010 2:00 p.m.
Conference Center, Rm. 256**

MINUTES

Voting Members Present:

Don Warkentin, President (votes in case of a tie)

Jose Lopez, Dean of Students

Ryan Cardoza, Student Government Association Representative

Angelica Wilson for Brittany Burkhart, Student Government Association Representative

Kurt Sterling, Academic Senate President

Marty Ennes, WHC Faculty Association Representative

Keith Brock, CSEA/Classified Representative

Lenore Simonson, CSEA/Classified Representative

Voting Members Absent:

Marlon Hall, Associate Dean of Educational Services, Evening College

Brittany Burkhart, Student Government Association Representative

Non voting Members Present:

Dave Bolt, Vice President of Educational Services

Sylvia Dorsey-Robinson, Vice President of Student Services

John Ieronimo for John Bernal, Director of Facilities, Safety & Auxiliary Services

David Babb, Student Learning Outcomes Chair

Linda Amaya-Guenon, WHC Faculty Association Representative

Ron Oxford, Librarian

Eva Jimenez, Advisor/Counselor

Non voting Members Present

Rene Sanchez, Curriculum Committee Chair

John Bernal, Director of Facilities, Safety & Auxiliary Services

Call to Order

Mr. Warkentin called the meeting to order at 2:05 p.m.

Roll Call

A silent roll call was taken and a quorum was present.

Approval of minutes

The minutes of the October 20, 2010 meeting were approved on a motion by Keith Brock; it was seconded by Ryan Cardoza, with correction as noted by Kurt Sterling, all were in favor, the motion passed.

Action Items

- **BP 4030, Academic Freedom**

Due to the constituency groups not yet prepared to vote on BP 4030, Mr. Warkentin tabled BP 4030 at this time.

- **Strategic Planning Committee Membership**

Kurt Sterling stated that James Preston will serve as the Arts and Letters representative. Mr. Warkentin reported that the holdup has been that we are trying to get an outside consultant to assist us with review of the Educational Master Plan. There may be a meeting scheduled in the spring for this purpose. A Strategic Planning Committee meeting is planned for early December with the focus on high school participation rates. The area high school principals will be invited along with the Strategic Planning

Committee. It will be held from 11:00 a.m. to 1:30 p.m. The Office of Institutional Research will supply new data. Recommended names (six each) are still needed from constituency groups except for CSEA. Ryan Cardoza asked if the Educational Master Plan could be completed on our own. Mr. Warkentin replied that perhaps we could but it is a large task and serves as a guide for the college for the next five years. Mr. Warkentin tabled the item of Strategic Planning Committee Membership at this time.

Information/Discussion Items

Board Policies and Administrative Procedures (first reading)

- **AP 4045, College Library Fines (REVISED)**

Ron Oxford stated that the main change on AP 4045 is that there has been a loop hole on reserved textbooks with the maximum fine being \$20. Students have been paying the fine and avoiding purchasing the book. This is a revised policy to tighten up the process. This will be added to the library's webpage. Keith Brock recommended that the wording regarding the fines be made clearer to include the processing fee. The processing fee is instituted for a regular book that is lost. Marty Ennes suggested eliminating the last three lines in the last paragraph.

- **BP & AP 4110, Honorary Degrees (NEW)**

Mr. Warkentin explained that both colleges (WHCC & WHCL) have awarded honorary degrees in past and BP & AP 4110 will formalize the process. He recommended these be taken to the respective constituency groups for discussion.

1. Student Government Association (SGA)

Ryan Cardoza reported that there was a Halloween event on campus Saturday night which was coordinated by a few of the student clubs. There is an ICC and SGA meeting tomorrow and Ryan will attempt to get numbers of participants at the Halloween event. The ad hoc committee of the SGA met last week to discuss the creation of a SGA/ICC guidelines document. They would like funding to purchase dinner or snacks for their meeting as they are meeting during the dinner hour. Ron Oxford questioned if the SGA budget could be figured out. Jose Lopez responded affirmatively that by now the Business Office should be completed with their audit. Ryan reported that he had created a collection of pictures to be accessible to all. Sylvia Robinson suggested these be loaded into the college's Kodak gallery. Lenore Simonson stated that her student worker is able to access the Kodak gallery and would be able to provide assistance.

2. Curriculum Committee Report

Kurt Sterling reported that he did not have a report at this time.

3. Academic Senate Report

Kurt Sterling reported that the Senate met yesterday to discuss the Academic Freedom Policy. He has sent a request to a listserve and asked for sample policies. Kurt stated that on November 11th he will attend the State Senate Plenary Session in Anaheim where they will be having a session on SB 1440. He also has sent out an e-mail announcing that there is a webinar at 4 p.m. today put on by the State Senate regarding SB 1440. It will be archived for later viewing. Also he has received an e-mail from Jane Patton and they are putting together the first transfer curriculum models and what they would look like under SB1440. They have five built and the same vain with CIDs for individual classes. The five include: COMM, GEOLOGY, MATH, PSYCH, AND SOC. They want

discipline faculty to evaluate these transfer curriculum models and provide feedback. Kurt will send a link. This is being generated by intersegmental folks and they want across the board input/involvement. The more involved we are the more say we have in how this turns out. Ryan questioned information regarding the CIDs. Kurt explained that this is what a transfer degree is going to look like under SB 1440, i.e. GE block and core classes. There is much discussion to be had. Once the models are out we need to get the community colleges talking to the CSU's. Marty Ennes stated that the dialogue has been really good between the community colleges and CSUs. She believes it is all coming together naturally. Dave Bolt stated that whatever we decide the 60 units will be; CSU Fresno will require and decide on 60 units. They will cap at 120 units. They could require lower division classes to be part of their sixty units. Kurt reported that the president of the State Academic Senate was at the CVHEC Summit and was very engaged and involved in the process.

5. Report from Committee Representative

a) Student Learning Outcomes Committee (SLOC)

David Babb reported the next SLOC meeting is on Monday at noon. He has been getting quite a few program level SLOs. Brian Kron has worked on the Business reviews and Pat Kraft-Chapman will work on Child Development. Seventy percent are now written, although assessments are still low. David is uploading documents to the portal. Ron Oxford reported that there has been no movement with the non instructional; they are still at 45%.

b) Institutional Effectiveness and Program Review Committee (IEPRC)

Mr. Bolt reported IEPRC met two weeks ago. They have received five completed program reviews: Nursing, Biology, Liberal Arts, Arts and Humanities, Psychology and Art. The five have been sent to the IEPRC members for evaluation. The deadline is December 1. Dave reported that part of the IEPRC role is responsibility with accreditation and they still struggle with how to involve themselves in the activity. They are thinking that they could be ambassadors to the accrediting team.

c) Budget Allocation Committee (BAC)

Dave Bolt reported that BAC had a meeting last week and identified the expenditures of the lottery money for last year. They have \$37,000 in lottery funds for this year. BAC is still reviewing the budget development process. They will soon involve the area budget committees.

d) Employee Development and Success Committee (EDSC)

In the absence of Marlon Hall, Lenore Simonson reported that her area has been offering introductory level Microsoft Office training and additionally vodcasting training. She stated that staff have reported that the trainings were valuable and surveys have been completed. The @One Trainer's Bureau will be coming to campus after Thanksgiving to teach more functionality for Microsoft Office applications. Linda Amaya-Guenon reported there will be a SLO training workshop on November 9th.

e) Student Success Committee (SSC)

Sylvia Robinson reported that SSC has not met. The Friday retreat has been cancelled. SSC will be working on writing the equity plan. Creating a college going culture and high school participation rates will also be topics of discussion. The next meeting is in two weeks. Lenore Simonson asked for explanation of the role of the SSC. Sylvia responded that this committee is related specifically to students. SSC considers student

access, student clubs, student training, etc. Sylvia displayed the new student handbook and briefly reviewed its contents.

f) Facilities, Safety and Auxiliary Services Committee

John Ieronimo reported on behalf of John Bernal. He reported incidents that occurred on campus last month as follows: 1) A student passed out with abdominal pain, 911 was called; 2) The girl scouts were on campus for a ceremony and a young woman had a seizure and fell on some chairs, paramedics were called; 3) A student was found on the ground who was not responding, the ambulance was called and they took her to the hospital; 4) There was a car accident on the east side of library; 5) A fire hydrant was stolen; and, 6) A license plate was stolen from a college rental car. Most of these incidents occurred during the day. There is a new security guard who is here from 4:00 p.m. to 8:00 p.m., Monday – Thursday.

Regarding construction, John reported:

- Equipment lists are being completed and prioritized.
- The masonry at the transformer yard is starting.
- The stucco on the outside of the west end has begun.
- The plan is to complete concrete pours within a couple of weeks, sidewalks, etc.
- Leaching is to begin; this is a 10-12 week process to keep the salts down.
- Two c-trains will be delivered for storage of construction materials; the locations will be determined by John Bernal and Mr. Warkentin
- They are working on getting the calculations dialed in for the scoreboard.
- They are working on the light pole issues with the City to determine a point of connection for light poles offsite, in the street there are 10 light poles and they determine voltage with the City Inspector.

g) Technology Committee (TC)

Ron Oxford reported that TC scheduled their meeting on campus so they do not have representation from IT. They will switch their meetings. They talked about the communication flow and increasing portal usage. People need to report back out to their groups. They invited Dave Bolt and process observers to attend the TC meetings to see how the committee is run. They talked about printing software. New software has been implemented and the copy usage has lessened. The software being used now is working effectively. The Chancellor’s Executive Cabinet decided the number of free copies per student. Ron can see that there are still students printing 400-500 pages at other locations on campus. These loop holes have to be closed. The pay for print system was very expensive and now software is being used for less cost. Students can buy more copies. Kurt Sterling voiced that he does not understand why we are subsidizing students.

6. District Technology Committee (DTC)

Dave Bolt reported that the DTC does not have a meeting until November 18th.

7. Accreditation Update

Mr. Warkentin reported that they met with the accreditation planning group and they are preparing for the day of the visit. Conference room 256 will be the team room. IT will provide power strips and college laptops with access to the portal. All evidence documents will be in here. They will lock the student door to the Pepsi machine room.

The conference center will be partitioned off for college meetings. What we need to decide on is which college committee meetings we want to occur. Meetings have to occur on Tuesday and Wednesday. We will probably want to schedule time for the team members to ask questions at the end of the meetings. Sylvia Robinson suggested an ICC mtg. and a Student Services/Matriculation (SSM) meeting. Mr. Warkentin would also like district meetings, i.e. DECC, at least one, possibly two district-wide meetings that we can teleconference. The Board meeting is scheduled at 10:00 a.m. on March 8th. Kurt stated that he has not set the Senate schedule of meetings for spring and he will try to move the meeting for Tuesday at noon. Mr. Warkentin would like at least two learning area meetings and perhaps a BAC meeting.

Rooms have been reserved at the Tachi Palace for the visiting team. They will also have a team room at the Palace. Two dinners will be needed, one at Harris Ranch and one possibly at Fugazzi's. Culinary will provide the lunches. Debbie Christy will do continental breakfasts.

Mr. Warkentin wants all staff present during the week of March 7-10, 2011.

8. Other

Mr. Warkentin and Sylvia Dorsey-Robinson have been asked if WHCL wants to have an international student program. We currently have 10 international students. They were recruited to go to Coalinga but chose to come to Lemoore.

9. Agenda items for next meeting

- Bd. policies
- Accreditation Update

10. Adjournment

The meeting adjourned at 3:15 p.m.

EMPLOYMENT OPPORTUNITIES

West Hills College District

WEB ADMINISTRATOR

In House

SALARY:

12 Months a year 40 Hours a week
Range: 31 \$5,080-\$10,059 per month

Classified Management

BENEFITS:

22 Vacation Days/21 Sick Days/\$50,000 Life Insurance Policy/\$25,000 Accidental Life Insurance Policy/ Medical/Dental/Vision/Prescription, Disability Insurance, Employee Educational Assistance

Relocation re-imbursement up to \$2,000.00 covered expenses for those who relocate their primary residence into the district.

Current Employee Contribution for Insurance Premium

\$176.53 per Month for Plan A

\$97.53 per Month for Plan B

\$41.53 per Month for Plan C

District Paid HDHP

ABOUT THE POSITION:

BASIC FUNCTION:

Plans, develops, coordinates, and maintains the information architecture and technical foundation of the District's internet and intranet web sites. Facilitates creation of policies and procedures to ensure high quality and appropriateness of web content, consistent display, access and security. Supervise and evaluate performance of assigned personnel.

The Web Administrator is senior-level technical position in an Information Technology career ladder for technical support, web design, and administration. Advancement to this level is by appointment and requires compliance with all aspects of the job qualifications and demonstration of the following competencies: ability to design, develop and implement internet and intranet services, develop web display standards, and perform scripting and programming of web site applications.

REPRESENTATIVE DUTIES:

- Administers the District's web servers, including back-ups, search engines, logs, documentation, and other components. Monitors the District's web site presence, including the positioning of key information for search engines and directories access.
- Ensures that documents submitted follow established display and content standards. Coordinates conversion and/or converts documents submitted web documents, ensuring that all hyperlinks on the District web site are functional and updated regularly.
- Oversees and participates in day-to-day operations of the District web site, including but not limited to, transferring, testing, and updating web content, integrating approved content to District web sites, managing District web-connected databases, coordinating retrieval of information, and archiving records.
- Submits, updates, and indexes pages to major search engines. Scales images to allow for consistent width and height definition. Applies systems technology and methodology to automate web site content development and delivery.
- Diagnoses and troubleshoots problems. Works with Network Technicians and System Administrators to identify and resolve problems.
- Configures security layers to permit and control access to publications.

ABOUT THE POSITION:

- Maintains server logs for the District web sites. Develops reports for activity, performance assessment, security, web-connected databases, problems and solutions, and other purposes. Analyze logs, creates, and implements appropriate security measures.
- Works with administrators, committees and others to establish design and access standards and procedures that ensure continuity of campus and district web content and site availability for staff, students, including those with special needs, and the public.
- Facilitates and participates in creating policies and procedures to govern the posting of material to the college web sites. Ensure that established technical requirements are observed. Meet regularly with the college web and technical committees to ensure that the college web sites are appropriately managed.
- Recommends, applies, and implements web site navigation methods. Configures web server parameters to control file caching, font mapping, internet mail awareness, and application launching for web browsers.
- Determines appropriate data compression techniques, resolutions, sizes, color maps, and depths to ensure that images and synthesized graphics are delivered at a sufficient speed and quality for optimal intended media output.
- Coordinates and participates in scripting and programming of web site features and applications. Programs in languages appropriate for web browsing (e.g., HyperText Markup Language (HTML), Java Script, and ASP) and transaction processing applications (e.g., on-line registration). Integrates multimedia applications into web site.
- Designs web site templates or structures to guide application development. Consults with users to develop web pages, sites, and links to comply with structures and standards.
- Coordinates and participates in the work of other staff assigned to support the District's web presence. Oversees and coordinates services provided by outside vendors.
- Researches, on a continuous basis, trends in web technology and its integration with various business and student information system applications, e-mail, conferencing, newsgroup and related technologies.
- Maintains up-to-date knowledge of state-of-the-art web site practices, including graphic presentation, interactivity, web marketing, server performance and other relevant areas, and serves as District resource to provide guidance and support in those areas.
- Performs other duties as assigned that support the overall objective of the position.

KNOWLEDGE, SKILLS, AND ABILITIES:

KNOWLEDGE OF:

The position requires in-depth knowledge of the principles of, and techniques used for design and maintenance of web sites that provide information and process transactions. Requires in-depth knowledge of software browsers such as, but limited to, Microsoft Internet Explorer. Requires extensive knowledge of web server administration and file system maintenance methods and techniques, proper indexing methodology, file conversion. Requires in-depth knowledge of multiple operating systems and web server technology such as, but not limited to UNIX, NT, and Windows. Requires in-depth knowledge of and skills in, programming and scripting languages used to assemble web sites, such as C/C++, Practical Extraction and Reporting Language (Perl), Java, HyperText Markup Language (HTML), Active Server Pages (ASP), Common Gateway Interface (CGI), Dynamic HTML, Extensible Markup Language (XML), Java Script, Visual BASIC, and VB Script. Requires knowledge of internet protocols, e.g. Transmission Control Protocol/Internet Protocol (TCP/IP). Requires in-depth knowledge of web server administration, file system maintenance techniques, and indexing and file conversion techniques. Requires well-developed skills in copy editing, proper American English language composition, usage, grammar, syntax, vocabulary, spelling and punctuation. Requires knowledge standard office procedures. Requires sufficient human relations skill to work cooperatively as part of a team, facilitate discussions with staff and others outside the department to extract information about web page needs, conduct training, and review work of others.

ABILITY TO:

Must be able to perform all of the relevant duties of the position with only general direction. Must be able to use internet and middle-range programming and scripting languages to develop, to create and maintain District web sites and integrate multimedia applications. Must be able to manage District web sites from both the server and client perspective. Must be able to work on multiple server platforms. Must be able to operate a variety of computer terminals, printers, and peripheral equipment. Requires a willingness to update skills on a regular basis to keep abreast of rapidly changing technology. Requires the ability to analyze highly technical problems and develop and apply appropriate solutions. Requires the ability to create and edit web page text and graphics and convert them to web content. Requires the ability to discuss technical information with users, discern their needs and develop programs, systems, screens, etc., which meet those needs. Must be able to communicate technical and complex information to 'non-technical' users. Requires the ability to provide training to on-line users in use and maintenance of web pages. Must be able to read, understand and apply information from technical manuals. Must be able to prioritize work to meet deadlines and schedules.

PHYSICAL ABILITIES:

Requires the ability to function effectively indoors in an office environment engaged in work of primarily a sedentary nature. Position involves light to medium walking, standing, stooping carrying and lifting of light weight materials (under 25 pounds). Requires near visual acuity to read numbers, letters, and images. Requires hand and finger dexterity to use a keyboard at an advanced rate, and hand-eye coordination to use a computer pointing device. Requires speaking and hearing ability sufficient to hear over phone and carry on routine conversations.

WORKING CONDITIONS:

Work is performed indoors where minimal safety considerations exist.

MINIMUM QUALIFICATIONS:

NOTE: Minimum qualifications and required materials must be met/received by the last day of the filing period.

EDUCATION AND EXPERIENCE:

Position requires a combination of education and experience equivalent to an AA degree in a computer science discipline plus eight years of experience in web design and programming using advanced languages; or a BS degree plus four years of experience. Additional experience or industry certifications may substitute for higher education. May require a valid driver's license.

REQUIRED MATERIALS:

REQUIRED MATERIALS:

1. Letter of application addressing the selection criteria.
2. Completed Non-Academic District Application. (Typed preferred/or printed)
3. Professional resume.
4. Unofficial transcripts verifying course work completed and degree(s) received.
5. Please provide names, addresses, home and work numbers of five persons familiar with your work.
6. EEO survey (optional).

APPLICATION DEADLINE:

Friday, December 10, 2010, by 5:00pm

NOTE:

All our positions require the ability to pass a background and fingerprinting check. **Drug Testing:** In accordance with the Drug Free Environment of the WHCCD, The applicant understands that if he/she is selected for employment, as a part of their employment they will be required to submit to a drug and alcohol test as a part of the health examination.

**SELECTION
PROCESS:**

Depending upon the number of applicants who meet the minimum qualifications, the examination process may include a qualifications screening by a committee. Those demonstrating the strongest backgrounds related to the position will be invited to interview.

**APPLICATION
REQUEST:**

**West Hills Community College District Human Resources Office
9900 Cody Street, Coalinga, Ca 93210**

Introduction

West Hills College Lemoore (WHCL) opened its doors in January 2002 with initial facilities that included a library/learning resource center, academic learning center, and administrative/student services building. In 2005, the college added phase two facilities which included additional classrooms, vocational laboratories, and a child development center.

WHCL received its initial accreditation in June 2006 making it the only full service accredited college in Kings County. In November, 2008, the voters approved Measure E in the amount of \$31 million which is being used as matching funds to construct phase three facilities. These projects include a multiuse sports complex, additional field sports, an additional academic center, a performing arts center, and additional administrative offices. Phase three construction began in October 2009 with the ground breaking of the multiuse sports complex.

The College's Strategic Plan serves as the roadmap to guide the development of the college's Educational Master Plan, Facilities Master Plan, the Technology Master Plan, and the Distance Education Master Plan. Combined these plans assist the college in meeting its goals and evaluating its programs and services.

Each year, a broadly represented group of faculty, staff, students, community members and administration meet to review and revise the College's Strategic Plan to better identify and address the needs of the community we serve.

WHCL's mission statement appropriately identifies who our students are and signifies a commitment to student learning outcomes utilizing innovation, goal orientated strategies, and community partnerships to provide excellent learning opportunities. We have identified institutional outcomes that will prepare our students with the skills and experiences needed to succeed in the world of work or to transfer to four year institutions of higher learning.

Through a process of regular evaluation and review, we will be able to constantly update and revise programs or develop new programs to meet current demand. Our faculty will be equipped with the latest technology and means of delivery to provide high quality instructional experiences to our students. Faculty will have access to the latest training opportunities to further enhance their curriculum and course delivery modalities.

Our students will have at their disposal high quality support services to assist them with obtaining their educational goals.

Executive Summary

From the beginning WHCL has recognized the importance of responding to the community. Through advisory committees meetings and meetings with public sector representatives, private industry, and neighboring institutions of higher learning, the college has developed programs and services that are proactively addressing community educational and workforce requirements. Not only do such programs meet the employer needs of the area, but they also offer work training opportunities to students who are underrepresented, many of whom struggle academically.

WHCL's collaborating partners are vital to our students' success. WHCL has on-going partnerships with the local hospitals, workforce investments boards (WIBS), county administrative offices, local feeder high schools, four year universities, as well as many industry representatives.

The development of recent educational programs such as the associate degree in nursing, culinary arts certificates, maintenance mechanic certificate, health and human services certificates, and the associate's degree in web development are shining examples of WHCL's commitment to collaboration, developing career pathways, and exceeding our local community's workforce development needs.

WHCL's commitment to the community is strengthened by supporting various programs and services on and off campus. These programs and services include a grant funded by Kings County to offer GED Preparation Classes to assist adults who have not yet graduated from high school, local business events like the Chamber of Commerce Pizza Festival to increase local business visibility, upper division and post baccalaureate courses from Fresno Pacific University and CSU Fresno, and community education courses that provide learning enrichment for our neighboring citizens.

In addition, the college is responsive to the needs of Naval Air Station Lemoore. With a base resident population of approximately 7,000 active military personnel and dependents, the college is a valued source of education for the base. The college maintains an office and classrooms on the base, but most base students also come to the college campus. The needs of these personnel are varied, ranging from newly enlisted servicemen who may have little education and are in need of basic classes, to highly educated military personnel and dependents. WHCL seeks to offer courses to meet the spectrum of requirements, and works closely with base officials to select and design these courses.

WHCL faculty, staff, and administrators also know that education does not only occur within the classroom. In order to enhance the learning opportunities of the community we serve, WHCL provides outreach services and brings local events to broaden social awareness of diverse socio-economic issues. Previous events have included nationally recognized authors, cultural celebrations, visiting delegates from other nations, and political activists.

Strategic Planning Process

As a result of the West Hills Community College District's strategic planning process, West Hills College Lemoore has developed its own strategic plan to align with the district's mission, vision, and strategic goals.

The strategic planning process begins each fall semester with the identification of administrators, faculty, staff, students, and community members who will make up the Strategic Planning Committee. The purpose of this committee is to evaluate, revise, and improve the college's strategic plan. Although this plan is a long term commitment to the college's mission and vision, annual review is required to keep our institution focused on current trends and changes that affect our students' total development. This annual review ensures accuracy, relevancy, and alignment with the district's overall mission. The college's performance indicators are assessed annually to ensure adherence to the college's mission and vision statements.

Planning meetings consist of information gathering sessions which include an internal and external scan. The internal scan includes discussion of student demographics (current and anticipated), student success indicators, college needs and challenges, and an assessment of our successes and our opportunities for growth. The external scan includes discussion of population trends, economic growth, job training needs, impact of the Lemoore Naval Air Station, and other external factors that will affect the college.

The success of the strategic planning process is dependent upon the college's shared governance system. Responses from the strategic planning sessions are tracked and mapped to specific committee or department personnel for implementation. Timelines are determined and a communication network has been developed to inform the college shareholders of these outcomes.

The Strategic Planning Committee (its participating students, faculty, staff, administrators, and community members) are to be commended for their commitment to our college and for their collaborative efforts in support of our comprehensive planning process. Successful implementation of the college strategic plan and its evaluation will require the ongoing participation of the shared governance process (councils/committees, college students, faculty and staff, and the community) as we work together to achieve our mission, vision, and goals.

Mission/Vision and Institutional Outcomes

Mission Statement

West Hills College Lemoore enriches the lives of our students and the community we serve by being dedicated to quality educational learning opportunities and partnerships. The college provides a positive environment that is committed to student learning and empowering students to achieve their educational goals.

Vision Statement

Learning Through Excellence and Innovation.

Institutional Outcome 1 - *WHCL is committed to provide quality education to students and the community.*

Measurements:

1. Community Participation Rates
2. High School Graduates Participation Rates
3. Overall Success Rates
4. Overall Retention Rates
5. Persistence Rates (continuous enrollment)
6. Student Learning Outcomes Implementation and assessment

Institutional Outcome 2 - *WHCL is committed to empower students to achieve their educational goals.*

Measurements:

1. Basic skills math successful course completion & retention
2. Basic skills ESL successful course completion & retention
3. Basic skills English successful course completion & retention
4. Vocational courses successful course completion & retention
5. Degree and certificate completion
6. Transfers to four year institutions

Institutional Outcome 3 - *WHCL will effectively maintain and increase its resources and productivity.*

Measurements:

1. Monitor Student Headcount
2. Meet Full-Time Equivalent Students (FTES) Goals
3. Successful Grant Acquisitions
4. Increase Revenue Generated by Outside Capitol Campaign Activities

Guiding Principles

West Hills College Lemoore is student-centered and is dedicated to providing high quality learning opportunities. We are guided by our core values:

- Access: *Ensure accessibility to all our programs and services.*
- Collaboration: *Emphasize efforts to understand and meet community needs and garner community support. Support collaborative decision-making processes.*
- Community: *Develop and foster a sense of community within the college.*
- Diversity: *Respect and embrace diversity in our programs and learning environments.*
- Excellence: *Provide high quality learning, teaching, and service opportunities.*
- Innovation: *Support innovation and technology to enhance learning environments, services, and communication.*
- Integrity: *Advocate and demonstrate honesty, truthfulness, equity, and ethics.*
- Mutual Respect: *Promote an environment of open communication.*

Themes

There are several “themes” woven into each of the Institutional Outcomes and their respective success indicators.

Institutional Commitments to provide high quality educational programs and services consistent with the institutional and college mission by focusing on student learning;

Evaluation, Planning, and Improvement is an ongoing process that includes goal setting; distribution of funding, facilities and staffing; implementation, and reevaluation;

Student Learning Outcomes demonstrates the college’s effectiveness to produce and support student learning by developing student learning outcomes at the course, program, certificate, and degree level;

Organization is demonstrated by having adequate staff, resources and a shared governance decision-making process to identify and make public: student learning outcomes, to evaluate the effectiveness of programs in producing those outcomes, and to make improvements;

Dialogue is open and honest participation in the college’s process of self-reflection based on reliable information about the college’s programs and services and evidence on how well the institution is meeting student needs;

Institutional Integrity is demonstrated by concern with honesty, truthfulness, and the manner in which the college represents itself to all communities, internal and external.

Data Analysis

Strategic Planning provides an opportunity to evaluate the demographics and characteristics of our students and their educational goals. We use this data (performance indicators) to discern patterns and trends. This information also provides different modalities of assessment to ensure that we are achieving our institutional outcomes.

WHCL's performance indicators are mapped back to our mission statement and institutional outcomes. Data is collected annually to address and measure each institutional outcome.

Institutional Outcome 1 - WHCL is committed to provide quality education to students and the community. Providing quality education is the mission of West Hills College Lemoore. In order to evaluate our performance for this institutional outcome, data is collected from different sources and used as key measurements to determine the college's level of achievement. Measurements include: Community Participation Rates, High School Graduates Participation Rates, Overall Success Rates, Overall Retention Rates, Persistence Rates (continuous enrollment), and Student Learning Outcomes Implementation and Assessment.

For the 2008 – 2009 academic year, it was noted that Avenal and Kettleman City have the lowest population participation rates (1.a). These two cities are located farthest from the WHCL campus. This data supports the idea that a campus center is needed in Avenal. *Strategy:* Funds from the recent bond measure have been allocated to develop a center (to provide classes and support programs) in Avenal.

Another trend to note concerns retention rates (1.c). Retention rates have been on a declining trend for the past four years. Retention has a direct impact on student success rates; therefore, success rates have declined at almost the same rate as retention. Online retention rates are about 5 percentage points below face-to-face retention rates. *Strategy:* This issue was discussed at the Distance Education Strategic Planning retreat and has become a top priority for the Distance Education program.

Student Learning Outcomes (SLO) Assessment (1.d) continues to drive the college's curricula evaluation review process. SLO have been written for all college courses, and faculty and staff have persisted to develop and assess outcomes for programs and services. *Strategy:* Continue SLO development and assessment to ensure curricula and support services are evaluated consistently and accurately.

Institutional Outcome 2 - WHCL is committed to empower students to achieve their educational goals. Empowering students is the mission of West Hills College Lemoore. Institutional outcome measurements are: Basic Skills Math Successful Course Completion and Retention Rates, Basic Skills English as a Second Language (ESL) Successful Course

Completion and Retention Rates, Basic Skills English Successful Course Completion and Retention Rates, Vocational Courses Successful Course Completion and Retention Rates, and Degree and Certificate Completion Rates, and Transfers Rates to Four Year Institutions.

For this institutional outcome, it is noted that Basic Skills English Success Rates are comparable to the statewide average. In addition, English as a Second Language (ESL) and Math success rates are well above the state wide average. It should be noted that about 50% of first-term students are placing into basic skills English and Math. WHCL's commitment to students who meet basic skills academic levels is commendable. Data supports the idea that WHCL's English Lab (a tutoring lab to support basic skills programs in this discipline) assists students to achieve their academic goals.

Vocational Courses Success and Retention Rates (2.b) continue to be below our peer group benchmark average. For the past three years, our vocational success rates have been one of the lowest in the state. It has become apparent that the classroom format (open entry lab) for the Business and Computer Science courses have consistently generated low success rates. Data supports the idea that an open entry classroom lab must be adjusted to a more traditional classroom format in order to promote student success. **Strategy:** Change Business and Computer Science courses from open entry lab format to traditional classroom format.

Institutional Outcome 3 - WHCL will effectively maintain and increase its resources and productivity. Measurements for this institutional outcome are: Monitor Student Headcount, Meet Full-Time Equivalent Students (FTES) Goals, Successful Grant Acquisitions, and Increase Revenue Generated by Outside Capitol Campaign Activities.

WHCL (and the district as a whole) has steadily increased student head count and full time equivalency rates (FTES). In fact, with the current state budget issues, the California Community College Chancellor's Office (system office), has *decreased* WHCL's FTES generation quota in order to meet the state budget cuts. These cuts are in spite of the increasing student enrollment that all California Community Colleges are facing.

WHCL has also been very successful with increasing access to soft money funding through grants and in-kind services. In the 2008 – 2009 academic year alone, WHCL received nearly \$5 million in soft money funding. **Strategy:** Continue to work with the district's grant and marketing departments to capitalize on additional grant acquisitions and in kind service donations to augment district budget cuts where possible.

Goal 1 - WHCL is committed to provide quality education to students and the community.

1.a – Population Participation Rates by City

CITIES	04-05 baseline	05-06	06-07	07-08***	08-09	09-10	RESPONSIBLE COMMITTEE	INSTITUTIONAL PLAN(S)

INSTRUCTIONAL PROGRAM REVIEW
West Hills College Lemoore

I. General Information

- A. Instructional Program: _____
- B. List of Full Time Program Faculty and Staff:

II. Program Overview

- A. State the program mission. The mission statement should include the purpose of the program, the ideals the program strives to attain, and who the program serves. The program mission must align with the college's mission and goals. *(200 word limit)*
- B. List any recommendations from the most recent college/program/department accreditation and/or previous review. *(250 words or less)*
- C. Identify all personnel, including the number of certificated, classified professionals and volunteers.

Employee Classification:

Certificated _____ Classified Professional _____ Volunteer _____
Student Workers _____

Diversity (Race/Ethnicity)

- | | |
|---|--|
| <input type="checkbox"/> Native Am. /Alaskan Nat. | <input type="checkbox"/> African/African-American/Non-Hispanic |
| <input type="checkbox"/> Asian/Pacific Islander | <input type="checkbox"/> Caucasian/Non-Hispanic |
| <input type="checkbox"/> Hispanic | <input type="checkbox"/> Filipino |
| <input type="checkbox"/> Mixed | |

III. Qualitative and Quantitative Data Review

- A. Attach dashboard statistics here.
- B. Using the data provided, address any significant trends/challenges/opportunities identified which relate to your specific program. *(250 words or less)*
- C. Attach any other data maintained by your program or at the division level: (e.g. budget information regarding costs per program on personnel, equipment, supplies, delivery of services).
- D. What resources are required to maintain the program, and what additional resources are necessary to improve or expand it?

IV. Professional Development

- A. What professional development activities have faculty participated in? Have any of these professional development activities been technology related? Please specify.
- B. Relate how the professional development activities have improved student learning outcome attainment.
- C. Describe the program's plans for staff development over the next four years.

V. Curriculum and Student Learning Outcomes

- A. List your program learning outcomes.
 - 1. Have any program learning outcomes been changed from the completion of the previous program review? What are the changes? Attach documentation.
 - 2. Describe the assessment used to improve student learning. Cite a specific example.
- B. Explain how program level student learning outcomes are used to measure quality and success of this department/service area.
- C. Review course outlines and prerequisites. List all courses that apply to this program requiring a five-year course outline review.
 - 1. Describe the curriculum changes anticipated in the next two years. (These changes would include major course revisions, deletions, new courses, revised or new options within a program, or a proposed new program).
- D. To what extent is technology being used in the program?
- E. How does the program ensure that the current curriculum is adequately meeting the needs of the students?

VI. Career Technical Education Only

- A. Does your program result in providing licensing or certification to its program graduates which will enhance opportunities for employment? If yes, list.
- B. Discuss the opportunities available to students who plan to transfer to an institution of higher learning.
- C. Discuss the effectiveness of your program in terms of:
 - 1. Entry-level job placement as a result of training.

2. Effectiveness of continuing education to meet the need for advanced training and/or training in emerging technologies.
 3. State any other measures used to determine the success of this program (e.g. satisfaction surveys, employer surveys or advisory committee feedback).
 4. Comment on how the success rate compares to the success rate of the same program at other colleges in the region. *(250 words or less)*
- D. What would be the preferred sequence of courses to be taken to achieve your program's goal of a degree or certificate?
- E. How does the program ensure that the current curriculum is adequately meeting the needs of students?
- F. Excluding curriculum validation, discuss community involvement in the program.
- G. List any special accreditations, external regulations, or advisory committees that have oversight to your program.
- H. List any special regulations, space requirements, staff training, etc. required by your program.
- I. List any program initiatives to meet the needs of social-economically diverse students, and/or those with non-traditional requirements (e.g., physical, mental disabilities, re-entry, gender, etc.).
- H. Discuss the program's use of external funding, including grants, if applicable.

VII. Summary and Recommendations

- A. Based on analysis of the information provided in Sections I through VI above, describe the program's strengths, areas that need improvement, and strategies and actions to make those improvements.
1. Program strengths:
 2. Areas that need improvement:
 3. Strategies and actions for program enhancement and improvement:
- B. Attach your **Program Planning and Evaluation Assessment Grid**. Follow the directions provided and thoroughly complete the form. You should have not more than five short term goals, of which at least three are student learning outcome goals.

NON-INSTRUCTIONAL PROGRAM REVIEW

West Hills College Lemoore

I. General Information

- A. Non-Instructional Program: _____
- B. List of Full Time Program Faculty and Staff:

II. Program Overview

- A. State the program mission. The mission statement should include the purpose of the program, the ideals the program strives to attain, and who the program serves. The program mission must align with the college's mission and goals. *(200 word limit)*
- B. List any recommendations from the most recent college/program/department accreditation and/or previous review. *(250 words or less)*
- C. Identify all personnel, including the number of certificated, classified professionals and volunteers.

V. Curriculum and Student Learning Outcomes

- A. List your program learning outcomes.
 - 1. Have any program learning outcomes been changed from the previous program review? What are the changes? Attach documentation.
 - 2. Describe the assessment used to improve student learning. Cite a specific example.
- B. Explain how program level Student Learning Outcomes are used to measure quality and success of this department/service area.
- C. To what extent is technology being used in the program?
- D. How does the program ensure that current delivery of service is adequately meeting the needs of students?
- E. State any other measures used to determine the success of this program (e.g. satisfaction surveys, employer surveys or advisory committee feedback).
- F. Comment on how the success rate compares to the success rate of the same program at other colleges in the region. *(250 words or less)*
- G. Excluding curriculum validation, discuss community involvement in the program.
- H. Do special accreditations, external regulations, or advisory committees regulate the program? Yes No (if yes, list)
- I. Does the program have any special regulations, space requirements, staff training, etc.? Yes No (if yes, elaborate)
- J. Is there evidence of unmet student needs in the program? Yes No (if yes, elaborate)

- K. Describe the initiatives the program has implemented to meet the needs of social-economically diverse students, and/or those with non-traditional requirements (e.g., physical, mental disabilities, re-entry, gender, etc.)
- L. Discuss the program's use of external funding, including grants, if applicable.

VI. Summary and Recommendations

- A. What actions have been taken to address the assessment and improvements of program learning outcomes?
- B. Based on analysis of the information provided in I through VII, describe the program's strengths, areas that need improvement, and strategies and actions to make those improvements.
 - 1. Program strengths
 - 2. Areas that need improvement
 - 3. Strategies and actions for program enhancement and improvement.
- C. Attach your **Program Planning and Evaluation Assessment Grid**. Follow the directions provided and thoroughly complete the form. You should have not more than five short term goals, of which at least three are student learning outcome goals.

Revised: 4/10

2010 WHCL Evaluation of Policies & Shared Governance Survey

1. Please indicate your level of interest for each of the following areas.

Please Respond to the Following:

* 1. Primary Function

- Administrator
- Certificated Faculty
- Classified Staff
- Student

classified mgmt

* 2. Are you a member of any of the following groups involved in shared governance? (Check all that apply)

- Employee Success & Development Committee

Comments: *There are a number of issues with this policy. First, how is a "cyber-presence" defined? Second, if a student must be absent from class, any requests that need to be made should be done so between the student and the instructor, not with the Chief Student Services Officer. The CSSO should only be included when there is a dispute. Third, the point at which a student is dropped due to absences should be determined by the instructor as long as the class absence policy adheres to ed code.*

Board Policy 514 5070 Attendance

Reference: *California Code of Regulations, Title 5 Sections 55200; 55202; 55204; 55206; 54200; 58004*
California Education Code Section 76300; 78401; 84500

~~The Board acknowledges the importance of regular attendance in an effective instructional program as well as the importance of a challenging and meaningful educational offering to the regular and attentive participation of students.~~

~~Students are required to attend all classes and class periods for which they are registered. Leaves of absence, of one week or longer, for health or personal reasons must be requested from the Chief Student Services Officer (CSSO) or designee.~~

The Board acknowledges that regular attendance by students is necessary for maintaining an effective instructional program that is both meaningful and challenging.

Regular attendance is required of all students enrolled in classes at West Hills Community College including traditional face-to-face classes and labs, online classes and labs, and all other distance classes and hybrids thereof. The instructor of record for any class will provide all students enrolled in the class a syllabus wherein the attendance and grading policy for that class is clearly stated.

Attendance for traditional face-to-face classes and labs, as well as some distance classes as determined by the Board, is defined as physical presence for the entire class period. Students who are not physically present for the full length of a scheduled class period for a class in which they are enrolled will be marked absent for that class period unless acceptable extenuating circumstances exist. Attendance for online classes and labs is determined by a student's "cyber-presence." Demonstrated cyber-presence includes participation in online discussion boards, quizzes, exams, or other assignments for that class. This will confirm that the student is "present." A student is not "in attendance" if the student merely logs onto the class and does not participate.

Student Responsibility

Regular attendance is an obligation assumed by every student at the time of registration. Students who fail to attend class meetings as defined above, for the classes in which they are enrolled, will be marked absent for those meetings. Moreover, after the equivalent of one week of no attendance a student may be dropped from a class unless extenuating circumstances exist. Extenuating circumstances are verified cases of accidents, illnesses, other circumstances beyond the student's control, and other conditions defined by the Governing Board and in published regulations. Leaves of absence of one week or longer for health or personal reasons must be requested from the Chief Student Services Officer (CSSO) or designee. Students who withdraw from classes are responsible for initiating the drop process by appropriate deadlines.

Faculty Responsibility

Attendance records shall be recorded and kept by faculty and the Office of Admissions and Records according to rules and regulations prescribed by the Board of Governors of the California Community Colleges. The only official rosters for all classes are the records stored on the district student information system. Therefore, prior to census date, each faculty member shall verify class rosters and no later than seven days after census date provide the Office of Admissions and records a roster of currently enrolled students who meet the district policy on attendance

Administrative Procedure 5070 Attendance

Reference: *California Code of Regulations, Title 5 Sections 400; 58004; 55200; 55202; 55204; 55206; 54200*
California Education Code Section 66700; 78401; 84500

Faculty Responsibilities

The instructor of record for each class has the authority to create the specific attendance and grading policy for his/her class. Such policy must be printed clearly on the syllabus which must be provided to the students on or before the first class meeting. However, while the instructor may set his/her own attendance and grading policy conducive to his/her particular class, the instructor must honor the guidelines and definitions for class attendance set by Board Policy 5070 and this procedure. Specifically, despite the instructor's particular policy, the instructor must mark a student absent if the student does not "attend class" either physically, or by exhibiting cyber-presence if the class is taught online as defined in Board Policy 5070. Moreover, the instructor must maintain a record of attendance (attendance roster) for each class meeting and no later than seven (7) days after the census date provide a roster of currently enrolled students who meet the district's policy on attendance to the Office of Admissions and Records.

Upon completion of the course, the instructor of record shall submit electronically to the Office of Instruction the attendance and grade records and the final exam for each class.

An instructor may, at their discretion, elect to drop any enrolled student who does not attend the first class session in order to make room for students waiting to enroll unless the student contacted the instructor prior to the first class meeting to make arrangements to remain enrolled in the class and the instructor agreed to allow the anticipated absence. However, an instructor must drop a student as a "No Show" following the third meeting of the class, if that student has not attended at least one (1) of the first three class meetings. If a class is scheduled for only one session per week, then after the second meeting of the class, an instructor must drop as a "No Show," any students who have not attended at least one of the first two class meetings. Furthermore, at any time prior to the drop deadline or withdraw deadline, an instructor shall drop a student from a class after the student has exhibited "excessive absences," or is no longer participating for reasons related to non-attendance. Instructors shall clearly define in their syllabus what constitutes "excessive absences" for their particular class. However, at a minimum, in order for a student to have accumulated excessive absences, the student must have missed at least three class meetings prior to the drop/withdraw deadline. However, if the student has extenuating circumstances as defined in Board Policy 5070 that have been verified by the Office of Student Services, the student may not be dropped unless the supervising administrator and the course instructor determine that it is impractical for the student to continue to be enrolled because it would not be possible for the student to complete the course requirements in the time remaining.

Additionally, before the census date or the deadline for dropping and withdrawing from classes, all instructors must clear their rosters of inactive enrollment pursuant to California Code of Regulations

Administrative Procedure 5070
Attendance

Title 5, Section 58004. Inactive enrollment includes students who have officially dropped or withdrawn from the class; students who have been officially dropped by the instructor; and students who have been identified as a "No Shows" and students who have been identified as No Longer Participating.

Instructors may not drop students after the drop deadline or the withdrawal deadline has passed.

Reinstatement after being dropped from a class is the prerogative of the instructor and the Division Dean but must occur prior to the last date to add a class. Additionally, an instructor may not excuse a student from performing required course work no matter what the reason for the student's absence(s). The instructor shall mandate that the student make up the required work in a timely manner prescribed by the instructor. When a student fails to make up the required work, the instructor shall take this failure into consideration when assigning the student's course grade.

Student Responsibilities

It is the student's responsibility to consistently attend all class meetings, arriving on time and remaining present throughout the entire class meeting in accordance with Board Policy 5070. If a student does not attend a class for whatever reason, it is solely the student's responsibility to officially drop the class prior to the drop or withdraw deadline. Although instructors have the authority to drop students who either miss the first class or accumulate excessive absences, it is solely the student's responsibility to officially drop or withdraw from the class. Students should note that even if they do not attend a class they are still considered to be enrolled until they have officially dropped the class. When a student fails to drop or withdraw from a class by the deadline, this failure may result in a grade of F (a failing grade).

When a student knows in advance that he/she will be absent from a class meeting he/she should contact the instructor, explain the reason for the anticipated absence, and inquire as to how he/she may complete work in preparation for the subsequent class meeting. Moreover, whenever a student is absent from a class meeting(s), the student is required to provide verification of extenuating circumstances that are accidents, illness, or other circumstances beyond the control of the student, to the Chief Student Services Officer (CSSO) or designee and make up any mandatory course work that the student missed no matter what the reason for the absence. Accordingly, upon missing a class meeting for any reason, the student should contact the instructor as soon as possible in order to determine the "make-up" requirements. When a student fails to complete the make-up work in a timely manner as prescribed by the instructor, the student's grade shall reflect the missed course work.

Board approval date: _____

Student Success Committee

Goal: Student success is our success. It is our belief that every student be treated with dignity and respect in their quest for a premiere educational experience at WHCL. To support the mission of the college by provide the services and support necessary to students for them to achieve their educational goals.

Role: The Student Success Committee (SSC) represents all constituent groups and programs on the Lemoore campus. It maintains Student Services operations, develops, monitors, and implements the Matriculation Plan, the Student Equity Plan, the Transfer Plan, Student Handbook, and categorically funded programs. In addition, the SSC provides oversight to the articulation process, scholarship development, financial aid services, graduation activities and awards ceremonies. The SSC guides the planning process and recommends policies and procedure changes to all the pertinent groups and to the Planning and Governance Council. Programs and departments represented by the SSC will evaluate the effectiveness of their services through the program review process. Recommendations made by the SSC reflect the values and support the mission of the College and promote student success. The Student Success Committee develops, implements, and monitors campus-wide services and activities necessary to ensure WHCL students maximize their success. This includes student services, academic support and recognition activities. This will be accomplished by making data driven decisions, incorporating essential planning documents and ensuring alignment with applicable regulations.

Products: Matriculation Plan, Student Equity Plan, Student Handbook, Transfer Plan, and other documents affecting institutional ^{Efficiency} Diversity Plan, Articulation submittals, annual category categorical program reports, institutional research explaining retention, persistence and success.

Diversity Statement: We promote the exploration and celebration of differences and uniqueness in people, languages, and cultures. The Student Success Committee will actively address student diversity at every level of service including but not limited to enrollment trends, outreach, registration/enrollment access, advising, retention, and student clubs and associations. When forwarding action and/or information items to the Planning and Governance Council, the Student Success Committee will identify the diversity items addressed in each item.

Marty Ennes, CTA/Faculty Representative
Marlon Hall, Associate Dean of Educational Services, Evening College
Jose Lopez, Dean of Students
Keith Brock, CSEA/Classified Representative
John Ieronimo for John Bernal, Director of Facilities & Auxiliary Services
Ron Oxford, Librarian
Angela Tos, CTA/Faculty Representative
Don Warkentin, President
Linda Amaya-Guenon, Counselor/Advisor
Angel Isidoro, Student Government Association Representative

Members Absent:

John Bernal, Director of Facilities & Auxiliary Services
Rene Sanchez, Curriculum Committee Chair

Others Present:

Myeisha Johnson, SGA Vice President
Lataria Hall, DSPS Counselor
Maria Gonzalez, DSPS Counselor

Call to Order

Mr. Warkentin called the meeting to order at 2:06 p.m. He asked if there were additions to the agenda. Additions were requested as follows:

- BP & AP 5070 (first reading) – Don Warkentin
- Update on the Middle College High School WASC visitation – Dave Bolt
- Eagle Lunch and Learn Update– Lataria Hall and Maria Gonzalez

Roll Call

A silent roll call was taken and a quorum was present.

Approval of minutes

Marty Ennes motioned to approved the minutes of the April 21, 2010 meeting with corrections, it was seconded by Marlon Hall, all were in favor with two abstentions (David Babb and Angela Tos), the motion passed.

Action Items

Board Policies and Administrative Procedures:

- Revised BP 5520, Student Discipline (Replacement for BP 520, Student Discipline)
- New AP 5520, Student Discipline

Marty Ennes motioned that BP & AP 5520 be presented together for consideration; she motioned they be approved, it was seconded by Marlon Hall, all were in favor, the motion passed.

- New BP 5500, Standards of Student Conduct

Marty Ennes motioned to approve BP 5500, it was seconded by Angela Tos, all were in favor, the motion passed.

- Revised AP 5530, Student Rights and Grievances (Replacement for AP 523, Student Grievances)

Marty Ennes stated that the most important aspect of a student grievance is the attempt to resolve the concern with the instructor before going to administration and this is not included in AP 5530. The following recommendation is from the Faculty Association: *In revising this procedure, the most important ingredient has been left out: students communicating with instructors before filing an official grievance. Under "informal Resolution," the following sentence needs to be added at the end of the first paragraph: "In the case of disputing a course grade, students should attempt to resolve this with the instructor before involving the administration."* Angela Tos motioned to approve AP 5530 with the noted changes, it was seconded by Linda Amaya-Guenon, all were in favor, the motion passed.

Program Reviews:

- **Snack Bar**

Ron Oxford reported that the SLO's concerning this program review have been resolved. Marty Ennes motioned to approve the Snack Bar Program Review as is, it was seconded by Marlon Hall, all were in favor, the motion passed.

- **Upward Bound Math & Science (UBM&S)**
- **Upward Bound Math & Science (UBM&S) Classic**

Marty Ennes suggested that the above two program reviews be considered together. Sylvia Dorsey-Robinson motioned that the Upward Bound Math & Science (UBM&S) and the Upward Bound Math & Science (UBM&S) Classic Program Reviews be accepted as submitted and motioned they be approved, it was seconded by Angela Tos, all were in favor, the motion passed.

Information/Discussion Items

1. Evelyn Sue Westover

Maria Gonzalez, DSPS Counselor, was in attendance to present a request for student, Evelyn Sue Westover, to receive an honorary degree posthumously. Ms. Westover has 51 units and after spring semester she would have 58 units. Marty Ennes commented that Evelyn was a contributor to Kaleidoscope literary magazine and she was appreciated by all faculty that knew her. Mr. Warkentin stated that the Board of Trustees would have to approve this request at their May 18th mtg. Marty Ennes motioned that an honorary degree be awarded to Evelyn Sue Westover, it was seconded by Marlon Hall, all were in favor, the motion passed. Sylvia Dorsey-Robinson commented that Evelyn felt at home at WHCL and needed something to do with her life. She knew everyone and talked to everybody. A request along with supporting documents will be forwarded to the Board of Trustees for consideration at their May 18, 2010 meeting.

- **Added agenda item: Eagle Lunch & Learn**

Lataria Hall reported that the fourth Eagle Lunch and Learn had been held. The topic of discussion was "test taking strategies." Last month there were 195 students referred and 30 students who attended the last session. It has grown each month. Lataria commented that a survey would be developed to find out what tools students still need and what else can be done to help them.

2. College Strategic Plan (first reading)

Stephanie Droker presented the WHCL Strategic Plan 2009-2012 on behalf of the Strategic Planning Committee. She explained that she has added a data analysis section to describe the tables. Also, the strategic planning process is detailed. The institutional outcomes are the same. Mr. Warkentin stated that this is an example of planning and making improvements. He recommended that all members take a look at the Plan and bring any recommendations to the May 19th meeting.

3. Shared Governance Survey

Mr. Warkentin stated that the Planning and Governance Council (PGC) needs to assess ourselves in order to receive input and make improvements. He questioned if the survey distributed should be sent out to all staff or just the PGC members. Angela Tos voiced that she believes the survey should be sent out to all staff as she sits on the PGC as a representative of a learning area and she would be interested to know what those outside of the PGC understand. The Strategic Planning Committee will also be sent a survey. Mr. Warkentin asked that all take a look at the distributed survey and return with any comments for changes at the May 19th PGC meeting. Marty Ennes commented that she would like all references to California Teachers Association (CTA) on the survey to be changed to WHC Faculty Association (WHCFA).

4. WHCIST

Dave Bolt reported that the WHCIST had not met. The WHCIST name has been changed to the District Technology Committee (DTC).

5. Student Government Association

Angel Isidoro stated that SGA would like to put forward a motion to have two seats on the Planning and Governance Council (PGC). Sylvia Dorsey-Robinson asked the rationale and clarified that each representative has one voice and SGA represents one voice. Myeisha Johnson stated that the SGA 2009-2010 has attempted to understand the governance process as it had not been instituted in the past. Marty Ennes asked if the concern with SGA representation on the various committees and on the PGC had been discussed at a SGA meeting. Myeisha responded they had only talked about the PGC. Mr. Warkentin stated that this should be a formal recommendation by the SGA. Angela Tos added that it should be voted on and documented through the SGA governance structure. Sylvia announced that next year there is training being discussed for SGA and the clubs concerning finances and other processes, to include the governance process. Marty commended SGA for doing a phenomenal job this year as there had been more student representation this year than in a very long time.

Angel reported that they approved a scholarship through SGA in the amount of \$250. Additionally, he reported that SGA elections will be held on May 11 and 12 and they will be done electronically. Ryan Cardoza is competing for president, two for vice president (Melaney Rodriguez and Richard De La Santos). Victoria Hotchkiss is running for secretary. Myeisha reported on behalf of the Interclub Council (ICC) that they have discussed ideas for the sports complex: intramural sports and a second battle of the bands event. Mr. Warkentin stated that the sports complex should be complete in March 2011. Angel reported a good turnout for the Relay for Life activity and Myeisha thanked everyone for their contributions. They raised about \$1,500 as a team and earned a bronze medal.

6. Curriculum Committee Report

Stephanie Droker reported that they are no longer receiving new curriculum items. They have two more meetings. Dave Bolt reported that a significant number of faculty would attend the curriculum institute in July.

7. Academic Senate Report

Stephanie Droker reported that the Faculty Senate had voted on recommendations for new faculty positions. They had their last meeting on Monday.

8. Report from Committee Representative

a) Student Learning Outcomes Committee (SLOC)

David Babb reported that the next meeting is scheduled on May 17th which will be their last meeting of the school year. They plan to get all SLO's and assessment numbers up to date for the June 30th WASC report. Mr. Warkentin stated that it is important to get all information to the committee for the grid. Angela Tos commented that if the faculty member teaching the course has not also completed the assessments/analysis then it can't be counted. David believes at least it should be noted in the report. The real problem is when courses are only taught by adjuncts. This is not an isolated situation. Marty Ennes stated that this is an area where administrative support is needed to get the adjunct faculty to do the assessments and come to the analysis. Mr. Warkentin asked David if a list of adjunct faculty could be generated and their courses in question by the end of the semester. After identifying the adjunct faculty members they could be called in early for training before the term starts, with payment for their time, and they will be required to address SLO's and assessments for their course. Linda Amaya-Guenon questioned if this should be the learning area dean's responsibility. Mr. Warkentin responded that we first need to identify the adjunct faculty concerned. Ron Oxford reported that non instructional assessments are slow but are still in progress. Mr. Warkentin cautioned that accrediting teams are focusing on SLO's and if they feel a campus is not going to meet their criteria by 2012 there will most likely be a follow up visit.

b) Institutional Effectiveness and Program Review Committee (IEPRC)

b.1) Instructional Program Review Template (1st read)

b.2) Non-Instructional Program Review Template (1st read)

Dave Bolt reported that the IEPRC has worked hard to complete these two templates and they are now ready for review. These will be an action item on the next PGC meeting

agenda. Stephanie Droker congratulated the IEPRC for the clarity of the templates and the user-friendliness of them. Ron Oxford questioned on pg. 5.A the term “program learning outcomes.” Marty Ennes suggested that at the next meeting of the Student Learning Outcomes Committee that the terms which reference learning outcomes be reviewed and recommendations brought to the next PGC meeting.

c) Budget Allocation Committee (BAC)

Dave Bolt reported that the BAC had received feedback from the learning areas and they have asked the Faculty Senate to provide a list of new faculty requests. Stephanie Droker reported that the learning areas had voted and the result is a broad new faculty request list. Dave reported that the BAC had acted on what was approved at the PGC meeting. He will present requests to President Warkentin on Friday. The BAC only receives budget requests. Needed faculty positions are generated from the Academic Senate.

d) Employee Development and Success Committee (EDSC)

Marlon Hall reported that the EDSC now has a column in “The Screaming Eagle” newspaper. They are working on a staff activity for the end of the year and the specifics will be made known in a couple of days.

e) Student Success Committee (SSC)

Sylvia Dorsey-Robinson reported that the SSC will meet from 9:00 am to 2:00 pm on Tuesday and they have a robust agenda.

f) Facilities, Safety and Auxiliary Services Committee (FSASC)

John Ieronimo, attending on behalf of John Bernal, distributed the timeline report for the Multi-use Sports Complex. The steel will be up by May 10th and the truss will be delivered May 26th to 27th. The “Topping off Ceremony” will be held near the end of May and the celebration will include a barbecue. John reported that there had been three incident reports: a chemical exposure in the chemistry lab; a theft in the athletic office; and a hit and run car accident.

g) Technology Committee (TC)

Ron Oxford reported that the TC has not met, although discussion has transpired with ITS about software to be implemented in the labs for printers. Last month, on one printer there were 54,000 copies made. The software will eliminate wasted copies. A student will be allowed so many copies for free, i.e. 200 copies, and then given an allotment.

9. Graduation 2011

Jose Lopez reported that there will be one more Graduation Committee meeting. A second singer has been chosen; a high school student. Sylvia Dorsey-Robinson will address the graduates. There are over 400 students on the program. The scholarship dinner and honors brunch will be held on Thursday, May 13th and Friday, May 14th respectively.

Mr. Warkentin announced that a recipient had been selected for the Spirit of the Eagle award. The award will be presented to Lynda Lahodny who has been a friend and supporter of WHCL in various capacities through the years.

10. Accreditation

Dave Bolt reported that the substantive change report will be considered for approval this week. The WASC annual report has been received and is due on June 30th. Additionally, Dave reported that the President's Executive Cabinet continues to review the 2011 Accreditation report each Thursday.

11. Other

Additions to the agenda:

- **BP 5070 & AP5070 Attendance** (first reading)

Mr. Warkentin stated that BP & AP 5070 were added to the agenda for a first reading and should be taken to the constituency groups for discussion. He stated these were presented at yesterday's District Leadership Council (DLC) meeting and there was a lengthy discussion on face to face and on-line attendance. Marty Ennes provided an overview of the DLC discussion. Mr. Warkentin stated that BP & AP 5070 are for a first reading and recommendations can be made at the next PGC meeting.

- **Middle College WASC Review Update**

Dave Bolt reported that he had attended the Middle College High School's WASC visiting team exit interview this morning at 7:15 a.m. There was overwhelming support from parents and the WHCL had a tremendous influence on the team. A permanent facility was a recommendation and the integration of curriculum between the middle college and WHCL. The visiting team was very impressed.

12. Agenda items for next meeting

- Student Success governance statement revision
- Student Equity Plan (1st reading)
- Approval of the Planning and Governance Survey
- Program review templates (instructional and non-instructional)
- WHCL Strategic Plan 2009-2012
- BP & AP 5070

13. Adjournment

Mr. Warkentin adjourned the meeting at 3:35 p. m.

Planning and Governance Council Membership

David Babb, Student Learning Outcomes Chair
 Dave Bolt, Vice President of Educational Services
 America Bryant, CSEA/Classified Representative
 Stephanie Droker, Academic Senate President
 Marty Ennes, CTA/Faculty Representative
 Marlon Hall, Associate Dean of Educational Services, Evening College
 Jose Lopez, Dean of Students
 Keith Brock, CSEA/Classified Representative
 John Bernal, Interim Director of Facilities & Auxiliary Services
 Ron Oxford, Librarian
 Rene Sanchez, Curriculum Committee Chair
 Angela Tos, CTA/Faculty Representative
 Don Warkentin, President
 Linda Amaya-Guenon, Counselor/Advisor
 Angel Isidoro, Student Government Association Representative

The primary responsibilities of representatives are as follows:

- Prepare for and attend meetings
- Participate in discussions
- Communicate with individual constituencies
- Contribute to informed decision-making

If a council/committee member needs to miss a meeting due to unavoidable circumstances, he/she must notify the council committee chair prior to the meeting. The member should arrange for a substitute to attend the meeting whenever possible.

If a council/committee member misses two consecutive meetings, even when a substitute attends the meeting, the council/committee chairperson will send a written notice

explaining that the member will be replaced should a third consecutive meeting be missed.

Recommendation and Operating Process

Each council/committee shall attempt to achieve consensus. When consensus cannot be reached, a simple majority of members shall determine the recommendation. Each council/committee chair is responsible for communicating recommendations through the appropriate administrative and/or governance structure. All representatives are responsible for keeping their respective constituencies informed of the proceedings and recommendations.

The process for presenting items first for information, then for action at a subsequent meeting shall be followed, allowing for sufficient time for discussion. Allowance will be made for suspending this process when deemed appropriate by a majority.

Minutes shall be taken at each meeting, and agendas and minutes shall be posted on the college website.

7/30/09

Institutional Narrative

The history of West Hills College Lemoore (WHCL) begins in 1962, when Lemoore High School District residents voted to annex to the College District. In 1979 the district purchased land in the City of Lemoore, and in 1981 a classroom building and an office were erected. The campus operated in portable buildings on five acres in the City of Lemoore, as well as in leased space in Lemoore K-12 schools and in classrooms located on the Lemoore Naval Air Station. This site was named the Kings County Center. The Center served its community well for more than twenty years.

Unique Public-Private Partnerships

In response to the growing enrollment and the enthusiasm of Lemoore area residents to build their own campus, the district supported a plan to build a new campus in Lemoore. Residents of the West Hills Community College District approved a \$19 million West Hills College bond Measure G which was partially used to construct a new Lemoore campus. In Kings County, the measure was approved by 70% of the votes. This bond measure, coupled with bond monies from Proposition 1A which passed statewide, allowed the college to move on a dream that has been in the making for over 30 years. On September 26, 2000 the Board of Trustees signed and accepted a "Revised and Restated Agreement of Donation of Land" from Robert and Mardell Pedersen, and Lionel and Lola Semas for a new campus. This revised agreement described the donation in four phases and exceed 100 acres. West Hills College Lemoore opened its doors to students on January 14, 2002. The second phase of construction was approved and began in the winter of 2004. When fully completed, West Hills College Lemoore will have capacity for over 6,000 students.

Small class sizes and the latest in science and technology facilities are features of West Hills College Lemoore. The brand-new, state-of-the-art West Hills College Lemoore campus – a project with its first phase completed cost approximately \$1 million less than budgeted – features the largest and most technologically advanced library in Kings County, 18 classrooms, computer labs, three science *Collaboratories* (an award winning concept that is being replicated at other colleges). Associate degrees and/or certificate programs are offered in almost 30 areas from Administration of Justice to trade, technology and industry. At present, students pursuing the law enforcement option of the Administration of Justice degree may earn the degree entirely online. Corrections students must currently take one course in a classroom, but may take all other coursework online. Beginning Fall 2004, students were able to earn a bachelor's degree through California State University, Fresno while attending classes at the Lemoore site or through online courses.

Responsive to Community Interests

From the beginning WHC Lemoore has recognized the importance of responding to the community. Not only do such programs meet the employer needs of the

area, but they also offer work training opportunities to students who are the hardest to employ, many of whom struggle with the English language.

The Central Valley is home to a number of gaming casinos operated by local Native American tribes; one of these casinos is located approximately four miles from the campus. To meet the needs of this business, the college has developed a Hotel, Restaurant and Casino Management program. Over 1,900 students have taken coursework in this program since 2000.

Through a partnership with the Kings County Department of Health, high-risk WHC Lemoore students took coursework designed to teach them skills in food preparation and menu development for people with diabetes. Meals were taken by Kings County Department of Health to the homes of people with diabetes.

In addition, the college is responsive to the needs of Naval Air Station Lemoore. With a base resident population of 7,640 active and retired military personnel and dependents, the college is a valued source of education for the base. The college maintains an office and classrooms on the base, but most base students also come to the college campus. The needs of these personnel are varied, ranging from newly enlisted servicemen who may have little education and are in need of basic classes, to highly educated military personnel and dependents. WHC Lemoore seeks to offer courses to meet the spectrum of requirements, and works closely with base officials to select and design these courses.

Thinking Globally

Naval Air Station Lemoore is located about five miles from the WHC Lemoore campus. While many military bases have been closed or downsized in the past decade, NASL has grown and is expected to continue to grow. In addition to its positive economic impact on the community and the college, the presence of the base provides the area with a global perspective. The base has an active partnership with its personnel participating in a variety of college activities, including advisory committees, special ceremonies, and serving as a resource for programs related to military activities.

The range of experience and education offered by military personnel who participate in WHC Lemoore classes and activities is a significant resource to college faculty and staff. Some military personnel lack basic education, and the college is able to provide them with classes that increase their ability to succeed in the military. In addition, many highly educated, world-traveled military personnel seek coursework to enhance their education. The college seeks to respond to this need through NASL participation in college advisory committees and through regular meetings with base administrators. Faculty and staff at the college have noted that the presence of these knowledgeable students in their classes adds significantly to the teaching and learning experience for both students and teachers. For valley students, many of whom may have limited travel experience, the global perspective brought by NASL is invaluable.

President's Message

West Hills College Lemoore received its initial accreditation in June 2006 to become the newest community college in the State of California, and the only full service accredited college in Kings County. The governance structure and practices are outlined in this Planning and Governance Manual in concurrence with the Strategic Master Plan (SMP) which serves as the roadmap to guide the college in meeting its goals and evaluating its programs and services. During the spring 2007 semester, a broadly represented group of faculty, staff, students, and administration met to review and revise the college's Strategic Master Plan to better identify and address the needs of the community we serve.

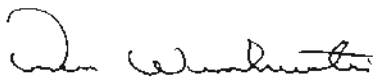

A revised mission statement appropriately identifies who our students are and signifies a commitment to student learning outcomes utilizing innovation, goal orientated strategies, and community partnerships to provide excellent learning opportunities. We have identified institutional outcomes that will prepare our students with the skills and experiences needed to succeed in the world of work or transfer to an institution of higher learning.

Through a process of regular evaluation and review, we will be able to constantly update and revise programs or develop new programs to meet current demand. Our faculty will be equipped with the latest technology and means of delivery to provide high quality instructional experiences to our students. Faculty will have access to the latest training opportunities to further enhance their curriculum and course delivery modalities.

Our students will have at their disposal high quality support services to assist them with obtaining their educational goals. Support opportunities will be available 24/7 through online technology in order to serve students on campus or located in distant locations.

It is our goal to be able to provide the highest quality services to our constituents.

Sincerely,

Don Warkentin, President
West Hills College Lemoore

Mission, Vision, Goals and Institutional Outcomes

Mission Statement

West Hills College Lemoore enriches the lives of our students and the community we serve by being dedicated to quality educational learning opportunities and partnerships. The college provides a positive environment that is committed to student learning and empowering students to achieve their educational goals.

Vision Statement

Learning Through Excellence and Innovation

Goals and Institutional Outcomes

Goal 1 - WHCL is committed to provide quality education to students and the community.

Measurements (Institutional Outcomes):

1. Community Participation Rates
2. High School Graduates Participation Rates
3. Overall Success Rates
4. Overall Retention Rates
5. Persistence Rates (continuous enrollment)
6. Student Learning Outcomes Implementation and assessment.

Goal 2 - WHCL is committed to empower students to achieve their educational goals.

Measurements (Institutional Outcomes):

1. Basic skills math successful course completion & retention
2. Basic skills ESL successful course completion & retention
3. Basic skills English successful course completion & retention
4. Vocational courses successful course completion & retention
5. Degree and certificate completion
6. Transfers to four year institutions

Goal 3 - WHCL will effectively maintain and increase its resources and productivity.

Measurements (Institutional Outcomes):

1. Monitor Student Headcount
2. Meet Full-Time Equivalent Students (FTES) Goals
3. Successful Grant Acquisitions
4. Increase Revenue Generated by Outside Capitol Campaign Activities

Governance Structure

Introduction

The West Hills College Lemoore governance structure and process is designed to be inclusive and collaborative. It involves faculty, staff, students, community members and administrators in the planning and operation of the college. The governance structure and practices were developed collaboratively and support the participatory approach to decision-making. The Board of Trustees is the final authority for governance at West Hills College Lemoore, and delegates authority to the District Chancellor who in turn delegates authority to the College President. The President then solicits and receives input through the participatory governance decision-making process.

Organization

The Planning and Governance Council (PGC), as the principal participatory governance body of the College, creates the processes for recommending College policies and governance committee structures (see Addendum A, AP 2410). The PGC reviews and approves actions, recommendations, and requests of committees, planning groups, and task forces. The PGC amends and guides the planning processes and recommends policies and procedures to respond to the changing needs of the student population and the internal and external environments. The PGC develops, implements, evaluates continuously and revises, if necessary, the College's plans and initiatives, both long-term and short-term.

The Strategic Master Plan outlines the tasks and actions to be accomplished during the upcoming year. The PGC reviews Strategic Master Plan and evaluates progress toward achieving the college goals. Each governance committee is responsible for achieving the tasks and actions as outlined for each committee within its goals, roles, and products. The governance committees report directly to the PGC, and each has a representative on the PGC. The College President serves as the chair of the PGC. All governance committee representatives on the PGC report progress on their assigned goal, objectives, and activities at the PGC meetings.

Review Cycle: Mission/Vision, Goals, and Institutional Outcomes

WHC Lemoore's mission/vision, goals and institutional outcomes shall be reviewed by the Strategic Planning Committee each fall semester. Recommendations will be forwarded to the respective governance groups and returned to the PGC for recommended revision/s and/or adoption.

Representation

The governance structure provides for representation from five recognized constituencies at West Hills College Lemoore: Students, Academic Senate, Faculty Association (CTA), Classified Staff (CSEA), and administrators. **However, governance meetings are public. In addition, to representation afforded to individuals through constituencies, other individuals and groups may be heard in any governance meeting by requesting and receiving permission from the chair to participate and/or have items added to the agenda.**

Appointments from the constituencies, when not specified by position, are made by the following:

- SGA – students
- Academic Senate – faculty
- CTA – faculty
- CSEA – classified staff
- President – administrators

The constituent appointees serve the length of term designated by the constituency group and/or the President.

Responsibilities of Representatives

The primary responsibilities of representatives are as follows:

- Prepare for and attend meetings
- Communicate with individual constituencies. **All representatives are responsible for keeping their respective constituencies informed of the proceedings and recommendations.**
- Contribute to informed decision-making

Recommendation and Operating Process

Each council/committee shall attempt to achieve consensus. When consensus cannot be reached, a majority of members shall determine the recommendation. **Each council/committee chair is responsible for communicating recommendations through the appropriate administrative and/or governance structure.** The process for presenting items first for information, then for action at a subsequent meeting shall be followed. **The PGC will have 60 days in which to complete the review and approval process of board policies and administrative procedures at the college level and submit final comments, recommendations or actions taken with regard to the policy/procedure to the Chancellor's Office (AP 2410).** Allowance will be made for suspending this process when deemed appropriate by a majority. **Agendas and minutes for each standing committee shall be posted on the college website.**

Definition of Governance Structures

Council: A group of constituency representatives designated or selected to act in an advisory capacity that meets on a regular basis. The charge of a council entails college-wide issues and is the designated governance group.

Standing Committee: A permanent committee of constituency representatives intended to consider all matters pertaining to a designated subject that meets on a regular basis. A standing committee is part of the governance structure and reports to a Council.

Permanent Sub-Committee: A permanent sub group of a standing committee designated to consider specific subjects in detail for recommendations back to the standing committee. The chair must be a member of the committee to which it reports. Other members need not be members of the committee to which it reports.

Ad Hoc Committee: A committee created by a council or standing committee to address and make recommendations on a particular subject as needed and meets until a task is completed. The members need not be from a council or standing committee.

Task Force: A constituency-represented group created to address a special college-wide subject/issue and meets until the subject/issue is resolved.

West Hills College Lemoore Governance Process

COMMITTEES & PLANNING GROUPS

Version 1.5
 Revision Date: 11/2017
 Created by: WACCD Office of Internal Effectiveness

COUNCIL/COMMITTEES

The following college wide committees have operational responsibility for the implementation of the Institutional Student Outcomes:

Planning and Governance Council

Role: The PGC represents all constituent groups of WHCL, develops and implements the WHCL Strategic Master Plan, develops or revises and approves governance policies and communicates with the respective groups. The strategic planning process guides budget priorities. Recommendations made by the PGC reflect the values and support the mission of the College and are in the best interest of improving student success and serving the community. The PGC, as the recognized participatory governance body of the College, creates the processes for recommending College policies and governance committee structures. The PGC amends and guides the planning processes and recommends policies and procedures to respond to the changing needs of the student population and the internal external environments. The PGC develops, implements, evaluates continuously and revises, if necessary, the College plans and initiatives, both long-term and short-term. A three-year planning cycle is used to implement the Master Plan. The PGC has oversight of college standing committees and receives and monitors reports. Communication with individual constituencies and participation in the Council meetings are primary responsibilities of the PGC members.

Products: WHCL's Strategic Master Plan, annual evaluation of the institutional outcomes, annual progress report, policies and procedures recommendations.

Diversity Statement: The PGC will review all new committee structures, policies, or procedures for the diversity statements, holding the "requesting" individual or group accountable for including the consideration of appropriate diversity issues into their processes.

PGC Membership (Approved: 10/17/07)

- (1) College President – Chairperson
- (2) CTA Faculty
 - (1) Academic Senate President
 - (1) Curriculum Committee Chair
 - (1) Student Learning Outcomes Coordinator (Academic Senate seat)
 - (1) Librarian/Technology Committee Chair
- (2) CSEA
 - (1) Student Government Association
 - (1) Vice President of Educational Services
 - (1) Dean of Student Services
 - (1) Associate Dean of Educational Services
 - (1) Director of Maintenance & Operations and Auxiliary Services
 - (1) Counselor/Advisor – (added 10/17/07 per recommendation from CSEA)

Reporting Relationship: Reports to the District Leadership Council, Chancellor, and Board of Trustees. **Meeting Schedule:** Twice per month; first and third Wednesday.

Academic/Faculty Senate

Goal: The Academic Senate represents the faculty through consultative and collegial processes and, by such means, makes recommendations to the governing board and/or to its agents or designees. The Academic Senate has primary responsibility for making recommendations in the areas of academic and professional matters, including but not limited to curriculum, academic standards, hiring policies, procedures, and criteria for contract faculty and administration; and is to comment upon and review policies proposed by the Board of Governors of the Community Colleges of California. With respect to these recommendations, the governing board and/or its agents or designees either relies primarily upon the advice or judgment of the academic senate, or otherwise enters into written mutual agreements with the academic senate in accordance with board policies delegating authority and responsibility to the academic senate. The Academic Senate shall engage in joint agreements with the district and participate in the design and implementation of participatory governance of the college in accordance with the Education Code, and Title 5, and any college policies related to the role of the Academic Senate in participatory governance.

Role: The Senate's primary function, as the representative of the faculty, is to make recommendations to the Administration and the Board of Trustees on policy development and implementation in matters concerning:

- Curriculum, including establishing prerequisites and placing courses within disciplines
- Degree and certificate requirements
- Grading policies
- Educational program development
- Standards or policies regarding student preparation and success
- Districts and college governance structures, as related to faculty roles
- Faculty roles and involvement in accreditation process; including self-study and annual reports
- Policies for faculty professional development activities
- Process for program review
- Process for institutional planning and budget development
- Other academic and professional matters as are mutually agreed upon between the governing board and the Academic Senate.

Budget Allocation Committee

Goal: To build and foster a strong commitment to the use and development of community, technology, education, and funding in order to effectively increase the resources and productivity at West Hills College Lemoore.

Role: The WHCL Budget Allocation Committee has the responsibility of soliciting budget proposals from its staff for the purposes of conducting business. Area Budget Sub-Committees from: 1) Arts and Sciences 2) Occupational Education 3) Student Services and 4) Maintenance and Operations will provide input to the Budget Allocation Committee. Once received, the Budget Allocation Committee will prioritize these requests based on their impact on student success and the college's mission and vision statements. The college's budget recommendations and priorities will be sent to the Planning and Governance Council.

Products: Prioritized list of budget recommendations to be sent to the Planning and Governance Council.

Diversity Statement: WHCL is committed to the appropriation of resources that includes thoughtful consideration of the special needs of its diverse students, faculty, staff, and community populations. It is expected that the Budget Allocation Committee will actively implement diversity issues into their budget processes. When forwarding action and/or information items to the PGC, the Budget Allocation Committee will identify the items addressed in each item.

Membership: (Chairperson to be elected by the committee membership)

- 2 – Administrators
- 2 – CTA/Faculty Representatives
- 2 – CSEA/Classified Representatives
- 1 – SGA Representative

Reporting Relationship: Planning and Governance Council

Meeting Schedule: Every two weeks beginning in January and continuing until April.

Facilities, Safety and Auxiliary Services Committee

Goal: To support the mission of the college by maintaining the appearance, functionality, accessibility, safety, technology, and cleanliness of current and future facilities conducive to a quality educational environment.

Role: The FSAC, representing all constituent groups of WHCL, develops, monitors, and has implementation oversight of the Facilities Master Plan, Site Safety, and Emergency Preparedness Plan. The FSAC evaluates and recommends revision of plans and standards and communicates with the respective groups involved. The aforementioned planning process guides budget priorities. Recommendations made by the FSAC reflect the values and support the mission of the College and are in the best interest of improving student success and serving the community. The FSAC develops, implements, evaluates continuously, and revises if necessary, the FSAC plans and initiatives, both long-term and short-term. A three-year planning cycle is used to implement all FSAC plans. The individual constituencies and participation in the committee meetings are primary responsibilities of the FSAC members.

Products: Facilities Master Plan, Site Safety, Emergency Preparedness Plan

Diversity Statement: The Facilities, Safety and Auxiliary Services Committee will address diversity into all planning and implementation processes as appropriate. Diversity issues will include but are not limited to access, use, learning experience, and indoor/outdoor environment. When forwarding action and/or information items to the Planning and Governance Council. The Facilities and Safety Committee will identify the diversity items addressed in each item.

Membership: (Chairperson to be elected by the committee membership)

- 1 – Director of Facilities Services
- 1 – Media Services Representative
- 1 – DSPS Representative
- 1 – ITS Representative
- 1 – SGA Representative
- 1 – CTA/Faculty Representative
- 1 – CSEA/Classified Representative
- 1 – Administrative Representative

Reporting Relationship: Planning Governance Council

Meeting Schedule: Monthly/first Friday of the month

Technology Committee

Goal: To support the mission of the college by maintaining technology conducive to a quality educational environment.

Role: The technology committee has the responsibility of assessing IT related policies, procedures, and planning, as they relate to WHC Lemoore. The central focus is the intersection of instruction, administrative support and technology in regards to students and their ability to meet their educational goals. WHCL has a student-centered environment that relies heavily on technology and the committee's objective will be increasing communication among the various constituencies in order to meet this goal. Open communication, collaboration and feedback related to technology needs and availability will be a key function. The committee will be representative of all campus constituencies and align to the Mission and Vision statements of the College.

Products: Technology plan (annually) in coordination with the Budget Allocation Committee.

Diversity Statement: The Technology Committee will actively address issues of diversity in the workplace including but not limited to: access, gender, age, culture, race, religion, experience and education.

Chair: Recommended by the President

Reporting Relationship: Reports to the Planning and Governance Council

Membership:

Librarian -1

M & O – 1

Student Services Assistant/Office Manager – 1

Counselor/Advisor – 1

Faculty – 2

Student – 1

Media Technician – 1

DSPS Assistive Technology Specialist - 1

Meeting Schedule: Every two weeks initially, and then upon committee consensus

Institutional Effectiveness and Program Review Committee

Goal: To provide positive and energetic teaching and learning environments to further our commitment to student-centered, outcome based education using relevant goals, innovations, strategies, and partnerships.

Role: The Institutional Effectiveness and Program Review Committee (IEPRC) monitors Program Review process Representation on this committee is from all constituency groups of WHC Lemoore.

Products: Program Review and accreditation reports

Diversity Statement: It is expected that the Institutional Effectiveness and Program Review Committee will actively incorporate all facets of diversity in the systematic evaluation and planning processes. When forwarding action and/or information items to the Planning and Governance Council, the Institutional Effectiveness and Program Review Committee will identify the diversity items addressed in each item.

Membership:

- Vice President of Educational Services – Chairperson
- 1 - Dean of Educational Services
- 2 – CTA/Faculty Representative
- 2 - CSEA/Classified Representative
- 1 - SGA Representative
- 1 - Accreditation Liaison
- 1 - Student Services Representative
- 1 - Director of Admissions/Records (Ad Hoc)

Reporting Relationship: Planning and Governance Council

Meeting Schedule: Monthly with more frequent meetings as needed

Employee Development and Success Committee

Goal: West Hills College Lemoore recognizes the importance of institutional development. To this end, Institutional Development will act as a catalyst to support and enhance the other four goals.

Role: The Employee Development and Success Committee (EDSC) will develop, implement, and monitor issues and activities related to helping all WHCL employees maximize their success in the workplace. Areas of responsibility include professional development activities, training needs, employee recognition activities, and employee social activities and celebrations. The EDSC will survey college employees bi-annually for training and professional development needs resulting in an annual schedule of programs and events. The EDSC will plan and implement these programs and events in collaboration with the Academic Senate, CSEA, and college administration. The EDSC will plan and coordinate various college employee social activities, including end-of-year celebration of programs and events and prepare an annual report.

Products: Annual professional development plan; employee notification of programs and events; evaluation of programs and events; annual plan.

Diversity Statement: The EDSC will actively address issues of diversity in the workplace including but not limited to: access, gender, age, culture, race, religion, experience and education.

Membership: (Chairperson to be elected by committee membership)

- 3 – CSEA/Classified Representatives
- 1 – SGA Representative
- 3 – CTA/Faculty Representatives (one from Educational Services)
- 3 – Student Services Representatives
- 1 - Associate Dean of Educational Services, Evening College

Reporting Relationship: Planning and Governance Council

Meeting Schedule: First and third Thursdays of every month August to May

Student Success Committee

Goal: Student success is our success. It is our belief that every student be treated with dignity and respect in their quest for a premiere educational experience at WHCL.

Role: The Student Success Committee (SSC) represents all constituent groups and programs on the Lemoore campus. It maintains Student Services operations, develops, monitors, and implements the Matriculation Plan, the Student Equity Plan, the Transfer Plan, Student Handbook, and categorically funded programs. In addition, the SSC provides oversight to the articulation process, scholarship development, financial aid services, graduation activities and awards ceremonies. The SSC guides the planning process and recommends policies and procedure changes to all the pertinent groups and to the Planning and Governance Council. Programs and departments represented by the SSC will evaluate the effectiveness of their services through the program review process. Recommendations made by the SSC reflect the values and support the mission of the College and promote student success.

Products: Matriculation Plan, Student Equity Plan, Student Handbook, Transfer Plan, Institutional Outcomes for Student Services, Diversity Plan, Articulation submittals, annual categorical program reports, institutional research explaining retention, persistence and success.

Diversity Statement: We promote the exploration and celebration of differences and uniqueness in people, languages, and cultures. The Student Success Committee will actively address student diversity at every level of service including but not limited to enrollment trends, outreach, registration/enrollment access, advising, retention, and student clubs and associations. When forwarding action and/or information items to the Planning and Governance Council, the Student Success Committee will identify the diversity items addressed in each item.

Membership:

- 1 – Dean of Student Services - Chair
- 1 – CTA/Faculty Representative
- 1 – CSEA/Classified Representative
- 1 – Counselor
- 1 – Director of Student Support Services
- 1 – Director/Coordinator of EOPS
- 1 – Director of ETS & Upward Bound Math & Science
- 1 – Associate Dean of Evening College
- 1 – Financial Aid Coordinator
- 1 – Information Technology Representative
- 1 – Office Manager
- 2 – Student Government Association Representatives

Reporting Relationship: Planning and Governance Council

Meeting Schedule: Monthly/fourth Monday 2:30 pm – 4:00 pm

Student Learning Outcomes Committee

Goal:

Role: The purpose of the Student Learning Outcomes Committee is to coordinate the various efforts on the West Hills College-Lemoore campus to create, implement, assess, and implement student learning on our campus. The SLOC will facilitate discussion among the various interested parties including, but not limited to: faculty, administration, and support staff regarding student learning.

Products: WASC Student Learning Outcomes reports, support and training to faculty and staff in creating, implementing, assessing, and evaluating results of student learning.

Diversity Statement: Ethnic and gender diversity will be taken into account when organizing the SLOC and creating, implementing, assessing, and evaluating student learning outcomes.

Chair: Faculty Student Learning Outcomes Coordinator

Reporting Relationship: College Administration

Membership:

- Student Learning Outcomes Coordinator—faculty—Chair (1)
- Student Learning Outcomes Coordinator—non-teaching faculty—Co-Chair/Vice-Chair (1)
- Six faculty from the following learning areas as chosen by the Academic Senate: Arts and Letters (1) , CIS/Business/CTE (1), Math/Science/PE (1), Health and Wellness (1), Social Science (1), Counseling (1)
- Staff members to represent support programs (4)
- SGA Representative (1)
- Instructional Administrator (1)
- Non Instructional Administrator (1)

Meeting Schedule: To be determined

Procedure and Determination in Hiring Faculty

West Hills College Lemoore recognizes that the hiring of faculty must be a deliberate and thoughtful process. Further, the process must include the input from constituency groups and instructional administrators alike based upon a combination of empirical and quantitative information.

West Hills Community College Board of Trustees has approved Board Procedure 7210 (Employment of Academic Employees). Within this procedure are guidelines to be used in the identification and filling of faculty positions:

1. The faculty/Academic Senate, in conjunction with the appropriate Dean/administrator, shall submit staffing needs each year in early fall and provide supporting data for their requests to the Chief Instructional Officer (CIO) or designee.
2. The CIO shall confer with the College President who will determine staffing priorities.
3. The staffing priorities determined by the College President will be forwarded to the Chancellor.
4. The Chancellor will make final staffing decisions and will recommend the positions to be filled to the Board of Trustees.

Execution of these procedures at West Hills College Lemoore must conform to the committee structure existing on the campus as well as the timelines necessary for full implementation. Specifically, the College will employ the following procedure to determine faculty staffing needs:

1. Submitted instructional program reviews also provide the opportunity for faculty members to identify staffing needs within their department. It is incumbent of the department to provide significant justification for the new position(s) within the program review document. The timeframe for submission of program reviews is late fall term.
2. If a program is not undergoing the periodic and regular program review, an individual faculty department member will provide full time faculty requests into their yearly budget request (Form Group 2 of the Budget Development Process Booklet). This is to occur during the beginning of the spring semester.
3. The Chief Instructional Officer (CIO) will compile all new faculty requests from a combination of program reviews and budget request forms. The CIO will provide the Academic Senate with this list for the purpose of priority ranking. This will occur no later than the end of the spring semester.
4. The Academic Senate will review all proposed new positions, as well as the unfulfilled requests from previous years, and will submit to the CIO a prioritized list of potential new faculty positions along with supporting data no later than the middle of the fall semester.
5. The CIO will consult with the other instructional administrators to determine a list of possible new faculty positions. A prioritized list will be prepared along with supporting information no later than the middle of the fall semester.
6. The CIO will present to the College President the prioritized lists prepared by both the Academic Senate and the instructional administrators. The President will determine the faculty staffing priorities and forwarded to the District Chancellor.

The District Office, and specifically the Department of Human Resources, will begin the advertisement of the position as soon as the College President has finalized his list and budget provisions have been secured.

7. In the event that it is determined that the budget cannot support new faculty positions or that the positions are unneeded at this time, the prioritize list will be maintained by the President's Office for potential implementation at a later date.

Procedure and Determination in Hiring Support Staff

West Hills College Lemoore recognizes that the hiring of support staff must be a deliberate and thoughtful process. Further, the process must include the input from constituency groups, supervisors and administrators alike based upon a combination of empirical and quantitative information.

West Hills Community College Board of Trustees has approved Board Policy 7230 and Administrative Procedure (Hiring Procedure and Guidelines for Classified Staff). Within this procedure are guidelines to be used in the identification and filling of faculty positions:

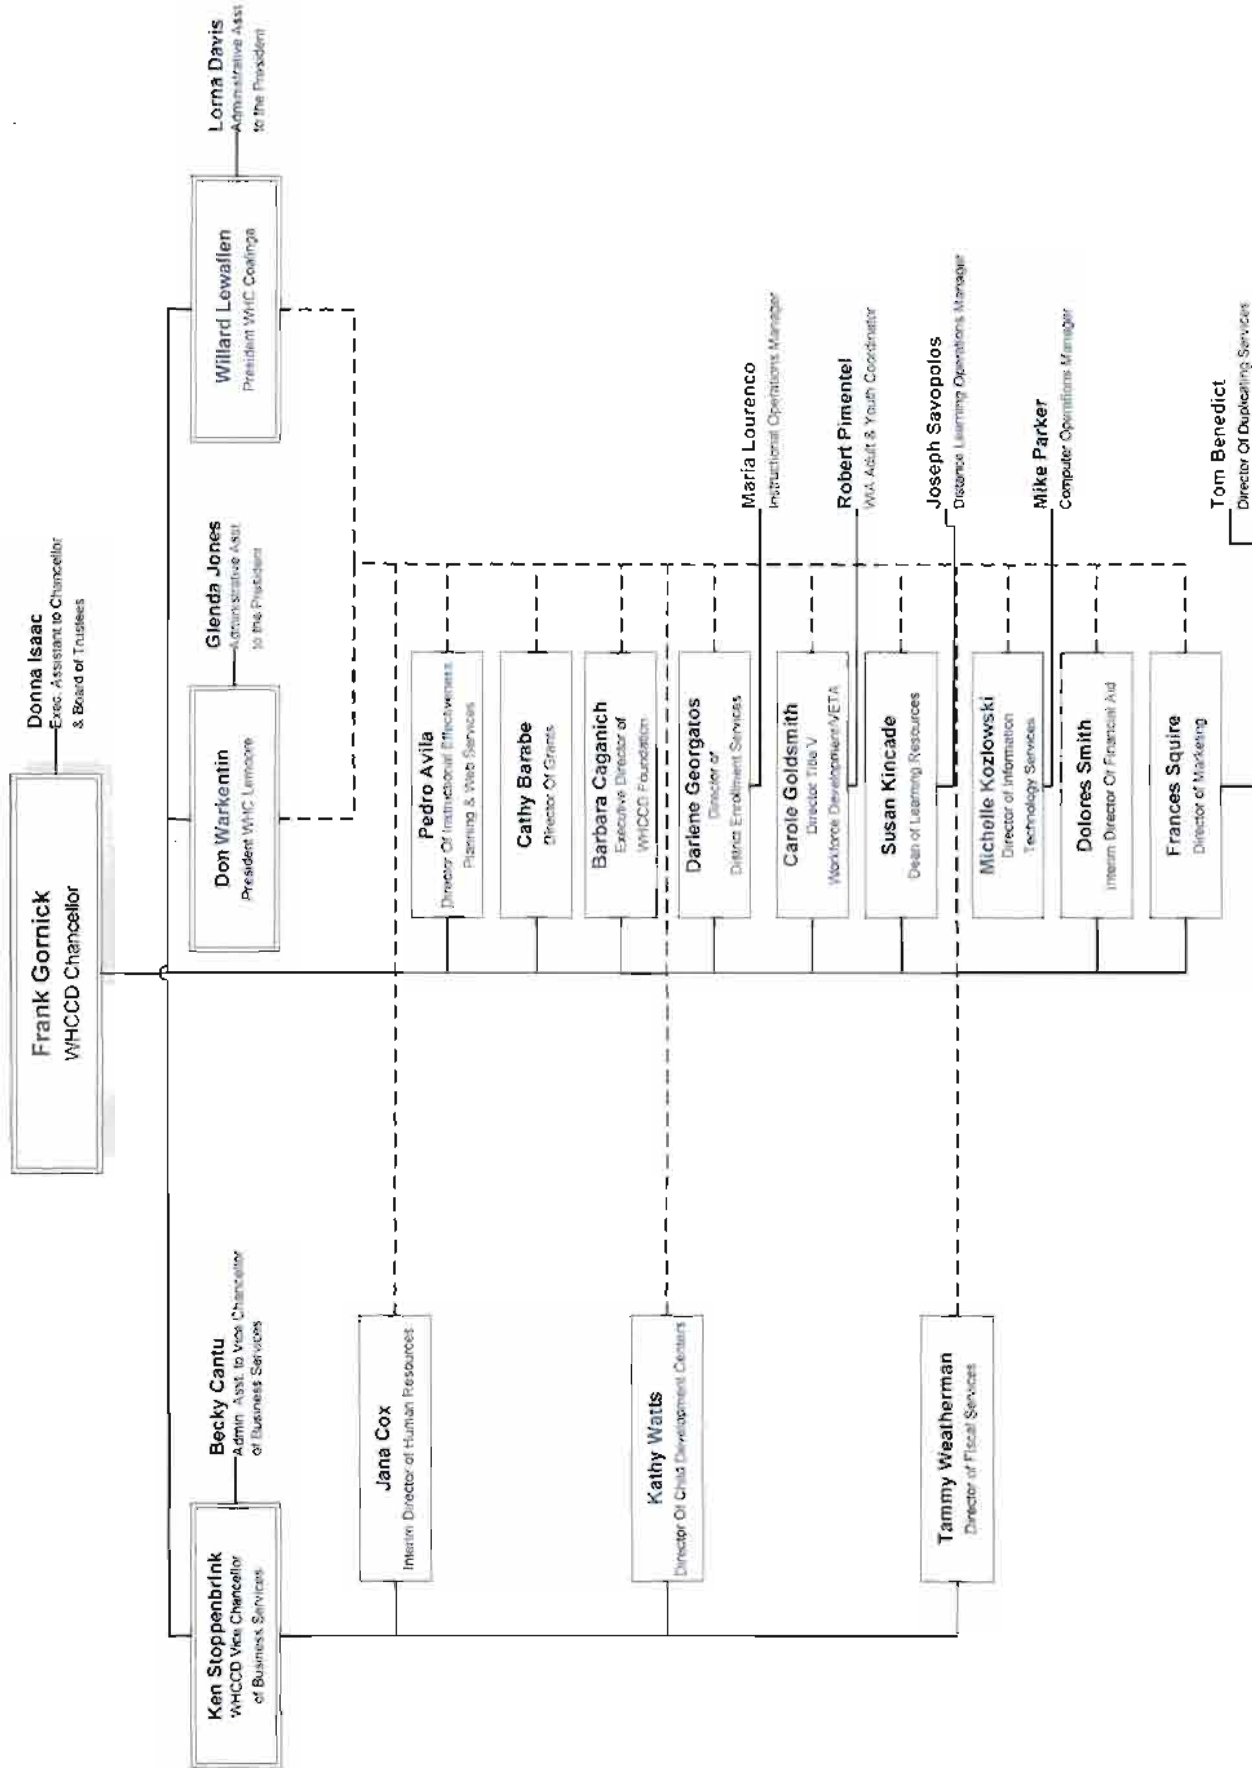

1. The Area Supervisor, in conjunction with the appropriate dean/administrator, shall submit staffing needs each year in early fall and provide supporting data for their requests to the College President or designee.
2. The Area Supervisor/Dean shall confer with the College President who will determine staffing priorities.
3. The staffing priorities determined by the College President will be forwarded to the Chancellor.
4. The Chancellor will make final staffing decisions and will recommend the positions to be filled to the Board of Trustees.

Execution of these procedures at West Hills College Lemoore must conform to the committee structure existing on the campus as well as the timelines necessary for full implementation. Specifically, the College will employ the following procedure to determine staffing needs:

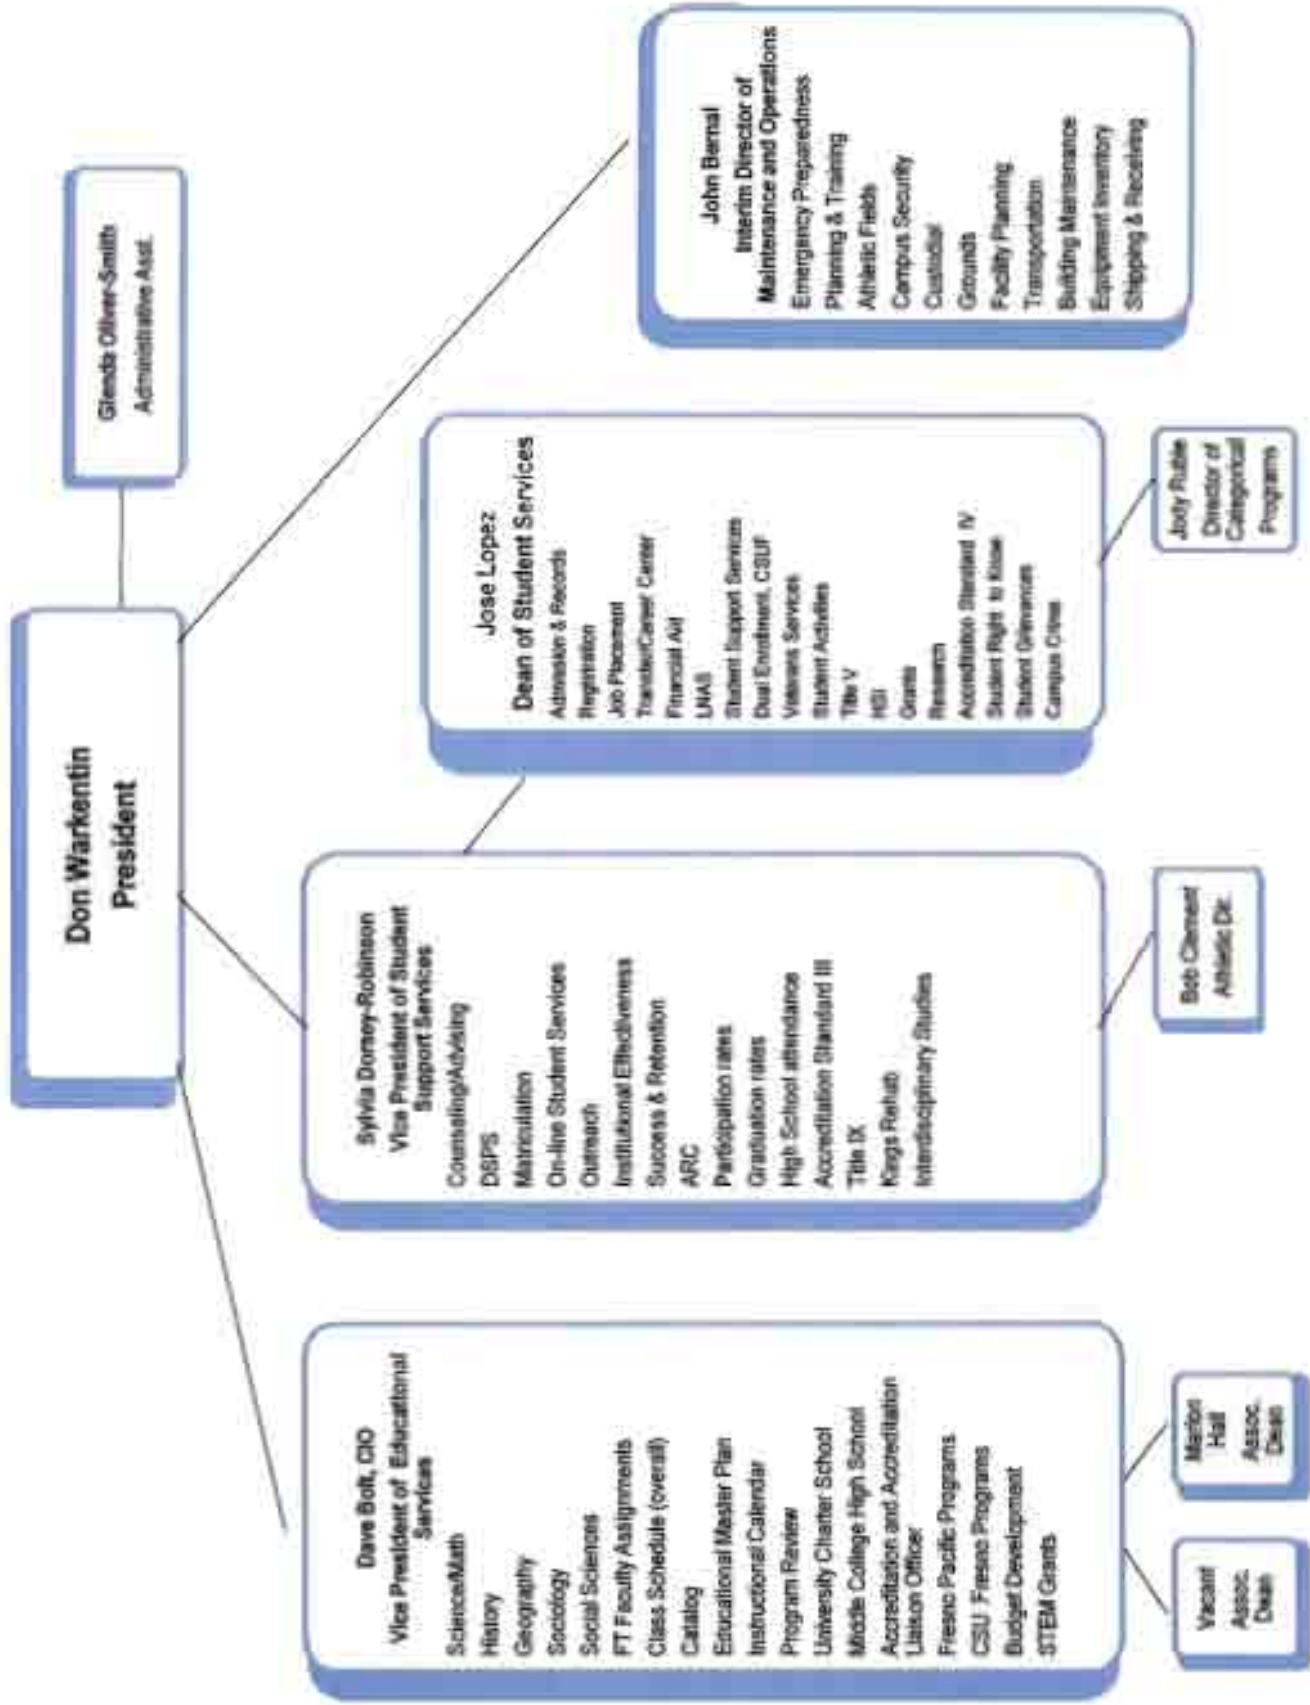

1. Submitted appropriate program reviews provide the opportunity for supervisors to identify staffing needs within their department or program. It is incumbent of the department/program to provide significant justification for the new position(s) within the program review document. The timeframe for submission of program reviews is late fall term.
2. If a program is not undergoing the periodic and regular program review, an individual supervisor will provide full time staffing requests into their yearly budget request (Form Group 2 of the Budget Development Process Booklet). This is to occur during the beginning of the spring semester.
3. The Area Administrator will compile all new staff requests from a combination of program reviews and budget request forms. The Area Administrator will provide the College President with this list for the purpose of priority ranking. This will occur no later than the end of the spring semester.
4. The College President will consult with the other administrators to determine a list of possible new staff positions. A prioritized list will be prepared along with supporting information no later than the middle of the fall semester.

5. The College President will determine the staffing priorities and forwarded to the District Chancellor. The District Office, and specifically the Department of Human Resources, will begin the advertisement of the position as soon as the College President has finalized his list and budget provisions have been secured.
6. In the event that it is determined that the budget cannot support new staff positions or that the positions are unneeded at this time, the prioritize list will be maintained by the President's Office for potential implementation at a later date.

WEST HILLS COMMUNITY COLLEGE DISTRICT CHANCELLORS OFFICE

The WHCL organization chart is being revised at this time, 12/4/2009.

ADDENDUM A

Administrative Procedure 2410 Policy and Administrative Procedure

Reference: *Education Code Section 70902*

Board Policies and Administrative Procedures are regularly reviewed by the Chancellor's Office. The Chancellor makes recommendations to the Board of Trustees concerning revisions to existing policies and procedures or the development of new policies and procedures to ensure that they are current and comply with state and federal laws.

Any employee, student, or member of the public may initiate a review or development of any policy or procedure by submitting a request or recommendation in writing to the Chancellor's Office.

Review and Approval Process

Upon receipt of the request or recommendation, the Chancellor's Office may refer to the Community College League's Policy and Procedure Service for recommended or legally advised language. The Chancellor's Office may also use the Policy and Procedure listserv to query other districts for related Board Policies or Administrative Procedures. In some instances, the Chancellor's Office may request that legal counsel review the policy or procedure language. Other employees with expertise in specific areas governed by a Board Policy or Administrative Procedure may also be consulted during the review process.

After initial review by the Chancellor's Office, the policy and/or procedure will be routed to the supervisor, manager or Dean of the appropriate department, if applicable, for review (i.e. Student Services, Human Resources, Business Office, etc.). Following the applicable review, the policy and/or procedure will be routed as follows:

1. Policy and/or procedure to be reviewed and discussed by the Chancellor's Executive Cabinet.
2. After review by the Chancellor's Executive Cabinet, the policy and/or procedure will be sent to the College Consultation Council (CCC) at West Hills College Coalinga and the Planning and Governance Council (PGC) at West Hills College Lemoore (through the College Presidents) for review and approval, if applicable. Simultaneously, the policy and/or procedure will be sent to the Academic Senate Presidents and the Faculty Association President as a courtesy.
3. Review and approval by the Academic Senate Presidents will be requested only if the policy and/or procedure deal(s) with academic and professional matters. Review and approval by the Faculty Association President will only be

requested if the policy and/or procedure has or will have a significant effect on faculty.

4. After review by the CCC and the PGC, any comments, recommendations or actions taken with regard to the policy and/or procedure shall be sent to the Chancellor's Office by the College Presidents. In the case of review and approval by the Academic Senate Presidents or Faculty Association President, any comments, recommendations or actions taken with regard to the policy and/or procedure shall be sent to the Chancellor's Office by the individuals serving in those capacities. As a courtesy, the comments, recommendations or actions taken should also be sent to the College Presidents.

5. The Chancellor's Office will take the policy and/or procedure to the District Leadership Council (DLC) for review and approval.

6. After DLC review, and upon final review by the Chancellor, the policy and/or procedure will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting.

Submission of Policies and Procedures for Review

When submitted to the CCC, PGC, the Academic Senate Presidents, the Faculty Association President, and the DLC, the policy and/or procedure shall be accompanied by a routing form which will include the following information:

- Policy/Procedure Number
- Policy/Procedure Name
- Indication of new or revised policy/procedure
- Initiator of proposed new or revised policy/procedure
- Purpose for new or revised policy/procedure
- Anticipated timeline for review and approval process

New policies and procedures will be submitted to the appropriate groups as a "clean" copy.

Revised policies and procedures will be submitted to the appropriate groups using the following editing marks:

- Deleted text to be shown in
- Added text to be shown in bold print

Nonsubstantive ("clean up" or "housekeeping") revisions to policies and procedures (i.e. names, title changes, addition or deletion of references) that do not change the intent or meaning of the policy or procedure may be recommended by the Chancellor to the Board of Trustees for review and consideration without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CCC, PGC, the Academic Senate Presidents, the Faculty Association President and the DLC as a courtesy.

Policies and procedures dealing strictly with the Board of Trustees may be recommended by the Chancellor to the Board of Trustees for review and consideration without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CCC, PGC, the Academic Senate Presidents and, the Faculty Association President and the DLC as a courtesy. New or revised procedures that outline an existing process may be recommended by the Chancellor to the Board of Trustees for review and consideration without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CCC, PGC, the Academic Senate Presidents, the Faculty Association President and the DLC as a courtesy.

Timeline

In most instances, policy and procedure review and approval will be based on a two-month cycle at the college level. Once the Chancellor's Executive Cabinet agrees to move new or revised policies and/or procedures forward to the CCC, PGC, the Academic Senate Presidents and the Faculty Association President, the review and approval process timeline officially begins. The groups will have 60 days in which to complete the review and approval process at the college level and submit final comments, recommendations or actions taken with regard to the policy and/or procedure to the Chancellor's Office.

At the completion of the 60 days (or sooner if the appropriate groups have completed their review and approval process), the policy and/or procedure will be placed on the DLC agenda for review and approval if applicable. Following DLC review, the policy and/or procedure will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting. The Board of Trustees will be provided with the Chancellor's final recommendation, along with the completed routing form which will include the comments, recommendations and actions taken by the appropriate groups.

The timeline may be shorted due to various circumstances including, but not limited to, changes in law or urgent need. However, the Chancellor's Office shall notify all applicable groups of the shortened timeline.

After approval by the Board of Trustees, policies and procedures will be posted to the District's website. The College Presidents and Academic Senate Presidents will also be notified as to the status of the proposed or revised policies and procedures.

Board approval date: 3/7/06

Revised policy approval date: 6/26/07

**WEST HILLS COLLEGE DISTRICT
INSTRUCTIONAL CALENDAR
2010-2011**

2010 SUMMER SESSIONS

May 31 – August 10, 2010 Instruction Begins/Ends

Golf any one?

Cards?

Badminton?

Genuine break for all who work so
hard to serve so many!

Picnic Time

**West Hills Community College District
RISK MANAGEMENT COMMITTEE
Minutes**

March 26, 2010 - 9:00 a.m. Teleconferenced District Board Room/Lemoore Room 124

Present: Anne Jorgens, Erin Brewer, Michael Burke, Jim Beggs (Keenan), Mark Gritton, Richard Larson, Shaun Bailey, Kathy Watts, Charles Freeman, Brian Abela, Marlon Hall.

Absent: Marcel Hetu, Johnathan Bernal, Verna Hernandez, Clifton Harris,

Call to Order: Anne Jorgens called meeting to order 9:04 a.m.

Approval of Minutes: January 22, 2010 meeting minutes approved on a motion by Richard Larson, seconded by Shaun Bailey, Marlon Hall abstained.

District Accident-Incidents Review: Staff reviewed fourteen (14) January and February 2010 employee incident reports there were no student or on-campus incident reports.

Current Business:

1. **Table Top Exercise:**

Anne reported she was able to find Ken Lake's phone number by emailing his wife and called him to see if he would be interested in providing this refresher training for WHCCD. He said yes since he retired he has been continuing to do emergency response preparation training and has a new State of California Department of Education grant. Anne sent him the RFQ and received a proposal yesterday. Will review proposal and submit to VC for his review and approval. It is much less than the RFQ results previously received, so encouraged. Both Terry Davis and Rusty Stivers, WHCCD AOJ instructors responded to our request for possibly providing the refresher training in-house but at this point will ask these individuals if they would be willing to assist Ken Lake in providing the training.

2. **Fire Safety:**

Status – plan is not completed as yet.

3. **Ergonomics Plan:**

Plan is submitted to staff for first reading today, asked to send any revisions or comments to Anne Jorgens for inclusion if needed. Plan will be presented next meeting for second reading and approval for submittal to the District Executive Cabinet.

4. **IIPP Plan update and revisions:**

Changes have not been completed as yet.

Old Business:

1. **Used Chemical & Hazardous Waste Sweep.**

Brian Abela, CHO reported he has confirmed T & M has completed the chemical removals from all sites. Next sweep is planned for May.

2. **Emergency Alert System:**

Anne reported the DTC is reviewing systems; Francis Squire is chair of the DTC subcommittee looking at the systems. The District currently has a system, but it is not very robust. The committee likes the Evergreen system as it has tried and tested messages that are effective in an emergency and you only pay when you use it. Not sure what the next steps are.

SWACC-Keenan Items (Mr. Jim Beggs):

1. Jim Beggs, Keenan & Associates reported our District first SWACC safety inspection was completed and document is not ready to go to print yet. He thanked Shaun and John for their assistance in looking at all of the college sites. All in all the colleges looked good, housekeeping in general is good. Confined spaces were clean and free of hazards, overall really looked good. CDC's look good. No immediate life threatening conditions. Overall pretty pleased.

Safety Training Opportunities:

- a) **Keenan SafeColleges** – online web based safety training program. Becky Cantu, Anne Jorgens and HR staff participated in the workshop session on March 9, 2010 to review the system. It appears to be very easy to use and has over 100 safety class options for us to choose from. Becky and Anne working on an Excel spreadsheet to upload our employee data into SafeSchools. Once that is complete then we can assign classes to staff.
- b) **March 22-25, 2010** – Introduction to Emergency Management: Earthquake – Dublin, CA
- c) **April 6, 2010** – Hearing Conservation & Fall Protection training – WHC Coalinga 10 a.m. and WHC Lemoore 12:30 a.m. Training will be provided by 3M free and was arranged for us by Grainger & Co.
- d) **May 10, 2010** – Workplace Safety & OSHA Compliance 2010 Workshop – Fresno, CA
- e) **Various Maintenance Training class brochures.**

Member/Department Updates:

Brian Abela: Nothing

Marlon Hall: Nothing

Kathy Watts:

- Finished playground in NDC – removed sand and installed astro-turf with cushioning, product can be hosed down, is cool and will allow summer use of playground.

Jim Beggs: Nothing

Shaun Bailey:

- Custodian working shifts have been changed: current shifts are 6 a.m. to 2 p.m and 10 a.m. to 6:30 p.m. Moved the start times back a couple of hours. This will allow for better coverage of heavily used rooms and facilities. Difficult to do some of the work required when rooms are in use.

Richard Larson:

- Will have the new Chlorine Injection system up and running shortly, the new system will removed the Chlorine gas system.
- Safety lighting with Shaun's help is all done.
- Heavy Equipment will have two classes beginning in May.

Erin Brewer: Nothing

Anne Jorgens: Nothing

Mark Gritton:

- Current have vacant equipment coordination position and will be rewriting position duties and responsibilities to help with new wellness center cleaning.

Communication/Advisory/Handouts:

1. DRCCC (Disaster Resistant California Community Colleges) Newsletter

Other Items:

1. Coalinga Campus – Space Heater issue. Shaun Bailey reported safety issue with space heaters under staff's desks. Many are accidently left on at night, one recently melted the blue recycle waste container, in some areas there are too many and the electrical breakers are popping, this can cause a fire. This is a serious issue and he wanted to know what recommendations committee staff may have. Discussion took place with the following suggestions:
 - Needs to be controlled.
 - Need to ask VC/Presidents for input on issue.
 - M & O could purchase standard type and staff has to request one, this would allow for instruction on where to place unit and how long it's to be there, this would also allow M & O to make sure the building can tolerate the number of space heaters requested.
2. Coalinga Campus – Large vehicles, pickup trucks, delivery trucks on campus sidewalks and driveways. Shaun submitted photos of damaged sidewalks, lawns and sprinkler system due to vehicular traffic in

areas where the cement is not strong enough to handle vehicles, etc. Anne reported to staff the current Board Policy 6700 addresses this already. The Colleges need to enforce the rules and put up signs as needed. The colleges need to make the drivers of the vehicles accountable for any damage caused and they should be advised vehicles are not permitted these areas. Anne will send Shaun and John a copy of the Board Policy and procedures as well as some sign ideas and company information.

Next Meeting: ***April 16, 2010 at 9 a.m.***

West Hills Community College District - Risk Management Committee

AGENDA

November 19th, 2010 - 9 a.m.

Teleconferenced from DO Board Rm and Lemoore Admin Bldg. Conference Rm 124

Call to Order:

Approval of Minutes: September 17, 2010

District Accident-Incidents Review: September & October, 2010 Incident Reports

Current Business:

1) Fire Safety & Fire Extinguisher Operation Plan, OSHA mandated plan: 1st Reading

New Business:

- 1) Injury & Illness Prevention Plan (IIPP) Appendix Updates:
 - Training Matrix for Community College Districts – *staff review and update as needed for implementation of SafeSchools on-line training.*
 - Hazard Identification Checklists – *staff review and update as needed.*
- 2) First Aid Box Content Checklist: *Revised staff review and update of old checklist*
- 3) Sharp's Containers. *Review and update on equipment, inspection, handling and disposal.*
- 4) Chemical Waste Disposal: *Completed October 7, 2010, manifests on file for annual EPA reporting.*
- 5) Fume Hood Annual Certification: *Completed September 20 & 21st, 2010, reports attached.*
- 6) NDC Office Closure Report: *Marcel Hetu to report out.*

Old Business:

1) Emergency Alert System update, DTC: *Update*

SWACC-Keenan Items: (Mr. Jim Beggs)

- 1) SWACC Property & Liability issues – *update*
- 2) SWACC - WHCCD Hazardous Materials Program Assessment report (attached).

Safety Training Opportunities:

- 1) Keenan Safe Colleges online web based safety training update: *Anne Jorgens*
- 2) December 3 or 9, 2010 – Model Emergency Operations Plan, DRCCC, Valley Glen, CA
- 2) AT American Trainco Workshops:
 - December 13-14, 2010 Understanding Air Conditioning & Refrigeration, Fresno, CA
 - December 15-16, 2010 Boiler Operation Maintenance & Safety, Fresno, CA
- 4) January 11, 2011 – CAL/OSHA Compliance Workshop, Fresno, CA
- 3) February 6-9, 11 - PARMA (Public Agency Risk Management Assoc) Conference, Anaheim, CA.

WEST HILLS COLLEGE DISTRICT-COALINGA CAMPUS WORKPLACE HAZARD IDENTIFICATION CHECKLIST

Location: _____ Area: _____
 Inspected By: _____ Date: _____

This checklist is to be completed Monthly. Mark potential hazards according to your judgment. Check all items that apply, and make comments on the back of this page. Send a copy of this report to the Business Managers Office. Document corrective action taken later on a separate report. Keep this record for three years.

Condition Reviewed	Yes	No	N/A	Date Completed
Are portable fire extinguishers tagged, sealed and in place on brackets including on any welding cart	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are flammable liquids stored in special safety cans or cabinets?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are all first aid supplies sanitary and orderly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are workers using personal protective equipment properly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are aisles and work areas free of trip and fall hazards?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are all lights operating properly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are brakes, lights and horns of mobile equipment operable?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are hand and portable powered equipment in safe condition?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are all machine guards kept in place?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are there padlocks available for locking out machinery?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are ladders being used properly, and are rubber feet in place?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Is material on elevated surfaces stored in a manner to prevent it from becoming a falling or collapsing hazard?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are material lifting/moving devices (hoists, dollies, etc.) being used properly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are air compressor drain valves opened and safety relief valves tested at least weekly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are all portable electrical tools and equipment grounded or of the double-insulated type?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are power cords free of splices or tape?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Is there unobstructed access to electrical panels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are hazardous material containers and piping labeled or marked to identify the material or hazard?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Is the area free from the use of extension cords?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Other: _____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____

WEST HILLS COLLEGE DISTRICT-COALINGA CAMPUS OFFICE HAZARD IDENTIFICATION CHECKLIST

Location: _____ Area: _____
 Inspected By: _____ Date: _____

This checklist is to be completed Monthly. Mark potential hazards according to your judgment. Check all items that apply, and make comments on the back of this page. Send a copy of this report to the Business Managers Office. Document corrective action taken later, on a separate report. Keep this record for three years.

Condition Reviewed	Yes	No	N/A	Date Completed
Are portable fire extinguishers tagged, sealed and in place on brackets?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are cooking appliances in the lunch area of the approved type and in safe condition?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are all first aid supplies sanitary and orderly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are restrooms sanitary?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are building entrances, aisles, and work areas free of trip and fall hazards?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are all lights operating properly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are hand and portable powered equipment in safe condition?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Is the paper cutter guarded to restrain the operator's hands from the cutting edge?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are boxes, chairs or other makeshift means precluded from use to access elevated locations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Is material on elevated surfaces stored in a manner to prevent it from becoming a falling or collapsing hazard?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are file cabinets, large shelves and racks secured to walls where necessary to prevent tipping or falling?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Is all electrical equipment grounded or of the double-insulated type?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are power cords free of splices or tape?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are power cords routed safely and protected to prevent tripping hazard?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Is there unobstructed access to electrical panels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are breakers identified?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____
Are hazardous material containers marked to identify the material or hazard?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____

BASEBALL/SOFTBALL CHECKLIST

COLLEGE: _____

DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Helmets are NOCSAE certified, correctly sized for each player, and sanitized regularly.			
Check catcher's glove, helmet, facemask, throat protector, pads and chin guards.			
Bats meet NFHS requirements and are checked regularly.			
There are protective screens and fences for players and spectators. Dugouts are protected from errant balls. The "on deck circle" and bull pen are out of harm's way.			
When necessary, screen protection for pitchers, first basemen and ball retrievers are used during practice.			
Inspect the batting cage.			
Inspect the bleachers and protective screening.			
Fence poles are on the outside of fences and the tops of low fences are capped.			
Each base's anchoring system is checked. The base anchor system is covered when base is stored.			
Consider using a machine for the "toss drill."			
Check for non-abrasive field markings.			
Remove unused equipment (rakes, pitching machine, etc.) from active areas.			
Changes are made with indoor baseball practice because of limited space.			
Have a whistle and use it.			
Teach proper fundamental and safety rules.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

BASKETBALL CHECKLIST

COLLEGE: _____ DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Check all backboard rims, padding and support cables.			
Check the padding on the walls behind backboards and nearby columns. (If a player might reach that area during normal play, pad that area.) Padding extends from the floor to a minimum of 6-7 feet and extends almost the full length of the end line.			
Have extra padding available to cover potential hazards during games, such as sharp railing edges or doorways. Pad scoring table edges and water fountains inside the gym.			
Check the protective screens on windows and light fixtures.			
Court equipment includes a mat for cleaning sneaks, extra towels, ball racks and mops.			
Check court access and control.			
The team bench is as far back as possible from the sideline.			
Check the bleachers, and if moveable, check the locking system.			
Have a whistle and use it.			
Teach proper fundamental and safety rules, including teaching players how to fall.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

FOOTBALL CHECKLIST

COLLEGE: _____ DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Check helmets for NOCSAE approval, warning labels, and recertification label. Check padding, shell, and chinstrap. Instruct players on how to check helmet fit according to manufacturer's guidelines, how to check for leaks in air-type systems, and how to check all hardware.			
Check and instruct on how to fit all other equipment.			
Check that all players have mouthpieces and these are being used.			
If possible, have additional space (buffer zones) outside the regular playing area.			
Check all field equipment such as sleds, dummies and water fountains. Inspect yard markers and pylons. Cover all electric outlets near the field.			
Inspect the padding on the goal posts. Cover all hard surfaces near playing areas with protective mats.			
If possible, have a certified athletic trainer or other competent medical person available.			
Have a whistle and use it.			
Teach proper fundamental and safety rules.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

GOLF CHECKLIST

COLLEGE: _____ DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Teach the courtesies of the game; these help improve safety.			
Meet with course administrators for a review of regulations and emergency procedures for the course.			
Remind players to follow all course signage.			
Remind players to apply sun block before going into the sun, and suggest a sun visor.			
Have all practice shots made at the practice area of the course.			
When practicing on school fields, ensure these are free of all other activities. Be sure to account for all balls used.			
Before swinging a club, make certain the area is clear. Use a minimum zone of 5 yards buffer zones between players to the sides and back.			
Remind players to check before walking out of a hidden area.			
If you use carts, have only two players to a cart. All parts of the body must be inside the cart.			
Have a whistle and use it.			
Teach proper fundamental and safety rules.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

SOCCER CHECKLIST

COLLEGE: _____

DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Goals are permanently installed, or well anchored using a goal anchor system such as J-stake, auger or sandbags to stabilize portable goals.			
Goals have the appropriate CPSC orange warning labels.			
Check the goal nets.			
Check field and goals prior to use, for debris, holes and other hazards.			
Flexible corner flags or rubber boundary cones are used.			
There is at least a 30-foot "buffer" zone around the field. Space is maintained for walkways, especially at multi-game events.			
Player benches are back a minimum of 10 feet from sideline.			
Overlapping of drill space is avoided to prevent collisions.			
Store unused goals where they cannot be played on.			
Don't use balls made heavy by wet weather or mud.			
Ensure players wear safety equipment including shin guards inside the sock, and quality shoes. Mouth guards are recommended.			
Safety equipment for the goalkeeper, including pads for the elbows, knees and hips, are recommended.			
Have a whistle and use it.			
Teach proper fundamental and safety rules, with special attention given to heading, slide tackling and falling.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
All activities are approved according to the NFHS rulebook.			
Avoid rebound equipment, stunts under/over a mount or pyramid, flips or knee drops off pyramids and collapsing pyramids.			
Pyramids and partner stunts are no higher than two persons.			
Basket tosses are from ground level and spotting is used.			
All landings are assisted.			
Mats and a spotting harness are available and used when needed.			
There are regular practices.			
Practices are in a separate area that is free of distractions.			
The area of activity is checked prior to use. It is slip free, clean, flat and free from debris and protrusions. Concrete floors are avoided.			
Participants do not wear baggy clothes or jewelry, nor have long fingernails or long, loose hair.			
Outside help is obtained if skills or choreography go beyond the coach's skill level.			
Safety and warning signs are posted.			
Have a whistle and use it.			
Teach proper fundamental and safety rules, including spotting and falling and the use of specific oral and visual commands (start, abort, ready to spot).			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

WRESTLING CHECKLIST

COLLEGE: _____ DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Use only approved wrestling mats with warning labels. Check mats daily for cleanliness, cuts and taping. Ensure mats are taped at all times with 3-4 inch wide strip of wrestling tape.			
Where needed, wall mats are used and are a minimum of 6 feet high.			
Mat disinfectant is used daily.			
To prevent curling, keeping wrestling mats flat when storing is recommended.			
Supervise the moving of mats.			
Assign drilling groups to a specific area on the mat.			
A plan is in place to deal with blood exposure. Wrestling mop, water, and towels are available.			
Participants do not wear jewelry, nor have long fingernails or long, loose hair.			
Have a certified scale to check weights.			
Have a whistle and use it.			
Teach proper fundamental and safety rules, including how to fall, roll, lift and protect oneself going to the mat.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Recommended equipment includes: • Elbow and kneepads and sweat suit (recommended) • Body type glove and thigh wraps • Protective eye guards (optional)			
The court is clean, flat and smooth.			
Side by side courts have a large buffer zone.			
Guidelines for setting up and taking down equipment are followed.			
If using heavy base portable standards, check for proper padding (at least 5'6" high and at least 1" thick) under and on top of the base. Sleeve plates are recovered after removing standards.			
Walls within reasonable distance of the court are padded. Nearby wall protrusions have been removed or covered. There is padding on the judge's stand.			
Guide wires should be identified by bright colored material and padded if possible.			
Nets which have a high tensile rope for the upper cable are recommended.			
Check all fittings, including floor plates and antennas on the net.			
All equipment is stored and secured when not in use.			
A ball cart is used to prevent loose balls on floor.			
Body sweat on floor is dried immediately.			
Have a whistle and use it.			
Teach proper fundamental and safety rules, including how to fall and dive.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

TRACK & FIELD CHECKLIST

COLLEGE: _____

DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Only approved equipment is used.			
Check all equipment prior to the activity including: starting blocks, hurdles, high jump equipment and landing area, crossbars, pole vault equipment, shot put, discus, the discus cage, javelin equipment, and landing mats (that mats do not separate).			
Don't allow the use of earphones or headphones.			
Have throwing events at a separate field if possible. If not possible, adjust the time schedule for these events.			
The facilities are free of debris, holes and trip hazards. Runways are flat and free of holes. and takeoff boards are serviceable. The curb of the track is obvious and free of breaks.			
Barriers and buffer zones are in place for all events. Additional padding and barriers are available.			
Inspection for proper markings for lanes and buffer zones occurs between events.			
Qualified coaches and officials are used for the running, jumping and throwing events.			
Only trained staff retrieve throwing implements.			
Only active participants, coaches and officials are on the playing field.			
All unused equipment, including maintenance tools, are stored. Hurdles are kept away from track when not in use.			
A clear signal system must be in place for clearing the track and for emergencies.			
A bullhorn, cell phone and public address system are available. Have a whistle and use it.			
Teach proper fundamental and safety rules. Remind participants how to set up, use and take responsibility for their equipment.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Check player's racquet for correct sizing, tension, grip, missing parts and cracks.			
Court is free of trip hazards such as balls, racket covers and articles of clothing. On hard court check for gritty surfaces, cracks, wet spots, and proper drainage. The chain link fence is a minimum height of 10'.			
There are "buffer zones" between courts of at least 12 feet. There is space behind the back line of at least 21 feet.			
The nets, posts, and balls have been checked.			
Information signs are posted outside courts.			
Towels are available for drying racquets and surface wet spots. Mats for the cleaning of sneakers are recommended.			
Only one player is permitted at a rebound board.			
The no "jumping over the net" rule is enforced.			
When needed shade and seats are available for players.			
Have a whistle and use it.			
Teach proper fundamental and safety rules. Emphasize the sportsmanship and etiquette of the game.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

WEIGHT TRAINING CHECKLIST

COLLEGE: _____

DATE: _____

COMPLETED BY: _____

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Supervision is required at all times.			
Spotting is required for free weights.			
There is proper spacing of equipment and walkways.			
The free weight area is separate from machine weight area.			
Stretching space is available.			
Check floor surface for trip hazards such as electric cords, debris and wet spots.			
Keep all weights, collars and bars off the floor and are properly stored when not in use.			
Check exercise and shock absorbing weight mats.			
Equipment and facility are clean, and disinfectant squeeze bottles are available.			
Weight lifting gloves, belts and "mag" are available.			
Check all equipment on a regular basis: <ul style="list-style-type: none"> • Items are secure and/or stable on floor. • Chains, pulleys and cables are in working order. • There is no corrosion or rust. • Machine "safety stops" are operable and not bent. • Wall attachments, such as chinning bars, are secure. • Barbell and weight storage racks are stability. • Rowing machines, bikes, and climbers are in good working order. • Warning and information labels are on the machines. • Homemade equipment is not used. 			
Follow the schedule for regular equipment maintenance according to manufacturer's recommendations.			
Safety and warning signs are posted.			
Have a whistle and use it.			
Teach proper fundamental and safety rules.			
Use sports-specific stretches, warm up and cool down.			
Ensure proper hydration of athletes.

ITEM/ISSUE	OK	Not OK	COMMENT/ACTION
Coch/administrator has planned in advance of the event. S/he has checked the site for parking, traffic flow, base locations for teams, spectator and band seating, means of communication, and security.			
Written guidelines and schedule is published.			
Clear directions and information is sent to participating schools prior to the event. Schools bring participant medical emergency cards.			
A staff member is in charge and on site on the day of the event. This person checks that site preparation is complete before participants arrive. All equipment is checked prior to use. If necessary, barriers are in place. Information and caution signage are in place.			
Maintenance staff is available on the day of the event.			
All participating schools are supervised. Greeters and escorts for the arriving teams are available.			
A crowd control plan is in place and security personnel are available if needed. Field marshals assist with supervision.			
Sports Day staff are identifiable. There are ID badges for participants.			
There is a means of communication with all site staff.			
There is a medical emergency plan in place that includes medical personnel, a first aid station, ambulance service, and phone communication.			
Supervising staff has whistles.			
Remind participants of proper fundamental and safety rules.			
Use sports-specific stretches, warm up and cool down if needed.			
Ensure proper hydration of athletes.

SCHOOL: _____

DATE: _____ INSPECTOR: _____

LOCATION: _____

Note: NFPA #102 recommends that the inspection be performed at least biennially by a professional engineer or qualified service personnel.

Check item if correct and note in REMARKS when problems are found.

ALL BLEACHERS
(check above and below bleacher)

- ___ Welds intact
- ___ Fittings/joints secure
- ___ No broken/missing/loose hardware
- ___ Ends of bolts/tubing capped
- ___ No loose nuts/bolts/pins/other fasteners
- ___ No exposed pinch/crush points
- ___ Rods/retaining brackets intact
- ___ No visible bending/warping/breakage of any component
- ___ No rust or paint needed
- ___ No loose/broken/missing steps, rungs, or rails
- ___ No broken or cracked wooden members or splinters
- ___ For permanent grandstands, access to understructure is restricted
- ___ Change in level walk areas easily visible

TELESCOPING BLEACHERS
(both columns should be completed)

- ___ No uneven spacing in stacked rows
- ___ Wall ties secure
- ___ Floor anchors tight
- ___ Moving parts lubricated
- ___ Slide stops functional
- ___ Row locks move freely and engage
- ___ Rail sockets secure
- ___ Floor traction system operates smoothly
- ___ Power operation drums secure
- ___ Push-pull chains straight with even tension
- ___ Push-pull pads in place
- ___ Warning plates "DO NOT CLIMB" affixed

REMARKS:

REPAIR PRIORITY:

1- Imminent Hazard
(Repair Immediately)

2- Scheduled Maintenance
(Repair Next Visit)

3- Planning

ITEM	OK	NOT OK	N/A	COMMENTS
All surfaces are free from debris, wet spots and trip hazards.				
Fields are free of holes and erosion.				
All stationary and portable field equipment is in good repair.				
Out of season equipment is removed from playing fields.				
Spectators are protected from balls and other projectiles.				
Exposed cement surfaces caused by erosion are covered.				
There are appropriate safety zones between sidelines, fields and spectators. There are barriers between participants and spectators.				
All equipment meets NFHS standards.				
Equipment is checked prior to use.				
Equipment is properly labeled with information and warning messages.				
Unused equipment is safely stored.				
Signage is in place, especially emergency information.				
There is proper lighting. Lighting sources are protected from balls and projectiles.				
Electric cords are not exposed.				
A maintenance schedule is in place.				
Storage areas and facilities are secure.				
All doors open from the inside. All low windows have safety glass.				
Fire extinguishers are available.				
Alarm systems in working order.				
Phone and other communication systems (such as P.A.) are in working order.				
Wall padding is in placed behind backboards and other areas near activity. All backboards are padded according to regulations.				
All supportive cables and standard plates properly installed in good repair.				
Bleachers are safe and in working order. Check for sharp edges.				
Traffic patterns are appropriate.

NDC CLOSURE REPORT

Wednesday, October 27, 2010

At 11:00 a.m. I was approached by Sara Avila (Student Service Assistant/Library Technician) that a strong odor had suddenly surfaced in both the library and bookstore. Some students had started to complain of feeling nauseated. I went to both areas and the smell was strong. I checked for a possible dead animal or food that had become rotten. Nothing was found.

At 11:05 a.m. I went to the science lab (room 12) to check for any odors or if the alarm alert light or signal had gone on. No problem. I also checked the science storage areas to see if there was any sign of open containers, or lockers. No problem. I checked the gas value and everything was off. No problem. There was no class in session at the time.

At 11:15 am. I phoned Shaun Bailey to discuss the situation and he asked me to phone ACCO to get someone to our center as soon as possible. I made that phone call and the dispatcher stated they would have someone at NDC by 1:00 p.m.

At 11:30 a.m. went around the outside of the building and did notice that the Firebaugh Public Works people were looking at one of the sewer pipe areas within 50 meters of the center. I talked with person, Ben Trijillo, and he said that he was checking the sewer systems throughout the city, and he had found nothing wrong with any of the system near NDC. I found nothing that indicated any outside odor problems and/or dead animals.

At 11:45 a.m. I gathered our ICS team together in my office and apprised them of the situation. We decided that it would prudent to evacuate the building immediately. All morning classes were over by 11:50 a.m. and no other classes would start until 1:00 p.m. Also, we had more students and staff who said they were feeling sick to their stomach, having trouble breathing, and a few complained of pressure near their throats and chest. Members of the team quickly went throughout the building to let students, faculty, and instructors know that we were evacuating the building during lunch. The building was empty within 3 minutes. We staged everyone to the south side of the building near the front entrance.

I phoned President Lewallen (approximately 12 noon) to notify him of the situation. The president agreed that no one should be allowed in the building until ACCO arrived and assessed the situation. We also discussed the strategies in place.

At 12:15 p.m. I contacted the Police/Fire Department of Firebaugh and apprised them of the situation.

At 12:45 p.m. an ACCO representative phoned me to say they would not be at NDC until around 1:30 p.m. I informed the ISC team and president about this matter and we decided to keep the building still closed.

At 1:35 p.m. phoned Jill and Raquel. Unable to reach. Phoned David Reynolds to notify him of situation and asked him to contact all VC instructors and students to notify them that our classes have been cancelled. The soonest we could probably resume would be around 3:00 p.m.

At 1:40 p.m. phoned Firebaugh/Las Delta School District office and talked with Susan Ramirez to notify her district of our situation.

At 1:40 p.m. ACCO reps comes to NDC. I notify him of the situation and take him through building. He states he will now be check all heating/air conditioner units.

At 2:20 p.m. phoned president to let him know that ACCO has found some problems (coil, pipe, electrical hookup problems in room 26 unit. At least 2-3 hours more needed to try to find all problems. The team and president, and I decide to cancel all classes up to any 5 p.m. starts.

At 3:30 p.m. talked with team and Willard. Problems now found in unit near rooms 33-35. Standing water, rusted runoff pan, tile is wet.

At 5:00 p.m. more time needed for ACCO to continue trying to find problem and assessing all units. Phoned Willard and talked with team. Decision made to class campus for the remainder of the day.

Thursday, October 28, 2010,

At 7:00 a.m. Acco representative arrives and continues to evaluate situation. Found some frozen coils, problems with heating boiler in custodian room, and water still an issue

At 7:30 a.m. Teleconference with president, VP of Instruction, Shaun Bailey (M&O director), Stephanie Hunter of AP Architects, and Chris Addington of AP. Situation is discussed. This is affirmed. Chris and Stephanie will head for NDC, and a hygienist will be also heading for NDC. Shaun and Brandon also coming.

8:00 a.m. Signs are posted about cancellations. Staff is told and asked to leave. At 10:30 a.m. Shaun and Brandon arrive from Coalinga campus. They begin to look throughout center.

11:00 a.m. Stephanie and Chris arrive. The boss of ACCO also arrives and they all take a tour of building. Potential problem(s) found in custodian room with boilers and repairs that need to be taken care of asap. Also, problem in science room with electrical fan. One not working, needs new belt. Stephanie takes careful notes about findings.

11:30 a.m. teleconference set up for meeting with president and vice-president. Meeting rescheduled for 1:30 p.m. At 1:40 p.m. teleconference begins. Chris informs all of the present status and the need for the hygienist to take culture samples and look at all units carefully. He also recommends we close the

center on Friday so all needed repairs can take place, as well as providing more time and flexibility for any other lab findings. It is agreed to close the center for the remainder of the week.

At 2:30 p.m. we all meet in the custodian room and agree that since the heating system began yesterday that there is a strong chance that when the system kicked on, lots of dust, dirt, and air born particles were blown out of the vents and that is probably what caused the strong smell and aggravation to people. The hygienist arrives and Chris gives him direction.

ACCO people leave and need to come back tomorrow. The hygienist completes his culture collection at 6:30 p.m. I inform president and vice president and leave center at 7 p.m.

Friday, October 29, 2010

I meet with ACCO rep at 7:45 am. and he began his work. I phoned Willard and VP Stearns about the ACCO arriving and what the hygienist had told me about when the lab results would be completed (around 1:00 p.m.)

I texted Willard and VP Stearns. At 10:02 a.m. to notify them that hygienist just phoned to tell me that results of cultures may not be available until 5 p.m. today. He could not get the cultures to the San Francisco lab until this morning.

ACCO rep (Cat) completes work at 11:45 a.m. and leaves me invoice. He states he will have to make more reports and will work with Shaun to determine direction that should be taken for repairs that need to be made, and when he should begin once the new parts arrive.

At 11:55 a.m. I phoned Shaun that ACCO has completed work and that it will be around 5 p.m. before we hear about lab results.

At 1:50 pm. I received an email from Stephanie Hunter describing more detailed findings from the visit she and Chris made yesterday. She stated that we should hear some culture collection results by 1:00 p.m. to 2:30 p.m. today. However, I was told by the hygienist that results would be more likely given to us by 5:00 p.m.

At 2:05 p.m. Patricia of Follett phoned me to ask the status. I told her we should know our situation by later this afternoon and that she should look at her portal or phone me after 6 p.m. She also stated that when she came to NDC on Wednesday morning to visit Alejandra of our bookstore, she had commented that there was a bad smell in the bookstore area.

At 6:20 p.m. the president notified me that the lab results were completed and that some work had to be started in an area that had had some standing water. We agreed that I should be at NDC on Saturday by 8 a.m. to let workers in and to be available to them. We talked with Chris Addington about the process. Willard gave me the email and phone number of Mr. Addington.

Saturday, October 30, 2010

I arrived at NDC at 7:30 a.m. and met with two employees from JLS Environmental Services, Inc. We went directly to the area near rooms 33 and 35. They inspected that area and began to bring equipment into the building.

At 8:00 a.m. Larry Sandhu from Hygiene Technologies, the individual who had performed lab culture tests throughout our center yesterday, arrived. He told me of what was found and the work that needed to be done.

At 8:45 a.m. Stephanie phoned and told me she was on her way from Bakersfield.

At 9:00 a.m. one of the workers told me the repair work would probably be completed by 2 p.m. if all went well.

At 10 a.m. I notified the president of the kind of work that was being done, and that tomorrow afternoon around 5 p.m. I would be meeting with Larry at NDC to take more tests in the infected area so that he could get the cultures to Sacramento the first thing Monday morning.

At 11:30 a.m. Stephanie arrived and met with one of the JLS workers. I took the other worker to Home Depot in Los Banos to purchase certain products that our local hardware store did not have available.

Stephanie told me that we will probably have to cancel the Monday classes that are scheduled to take place in rooms 33 & 35. The plastic cover sheets have to stay there until we get the results back from the lab. If the results are negative (no problems) the Hygiene Technologies crew will return to take all of its equipment and plastic cover sheets off and we can start conducting classes as soon as Tuesday. If the results are negative, we have to continue to do more work on the area.

I phoned VP Stearns at 11:36 a.m. to discuss our strategy about conducting classes that are scheduled in rooms 33 and 36. We put a plan together and I emailed it to her and the president. The plan allows us to conduct the courses in different rooms using the phones as the communication line to students and with instructors.

At 1:30 p.m. Stephanie stated that the work was progressing nicely, and that it should be completed within the hour.

At 2:30 pm. workers notified me that it would take longer, possibly until 5 to 6 p.m. to finish.

At 3:00 p.m. to 4:20 p.m. I cleaned all waste paper baskets, vacuumed floor, and cleaned tables. All bathroom stalls have enough toilet paper.

At 4:30 p.m. I posted signs on front and back doors stating that we will be open Monday. I also placed signs all around inside of building notifying students that classes held in VC room 35 will be in room 16,

and classes held in room 33 will be in room 7. I sent an email to all VC faculty, my staff, and appropriate directors notifying them of this announcement.

Sunday, October 31, 2010

I arrived at 5:30 p.m. and met Forest, one of the JLS members. He started to complete his work. Larry arrived at 6:08 p.m. and began to take samples inside and outside the building. He and Forest then discussed with me that process that would take place tomorrow. If tests say we are okay, Forest and his team will come to NDC to clean up. However, there was a disagreement on what group would put the tile back since it was ACCO that had taken them down. It was finally agreed upon that I would phone Chris Addington in the morning to discuss the issue. I phone Shaun to let him know of the situation.

Larry completed his lab work and left at 6:55 p.m.

Monday, November 1, 2010

VP Stearns and I talked this morning about different aspects of today's class schedule. She has put notices in those VC rooms in Coalinga that instructors use to teach the NDC VC courses. I will be attending all of the beginning VC courses today to make sure the phone communication system is properly implemented.

I searched the building for extra ceiling tiles and found none.

At 10 a.m. I sent VP Stearns a proposal of classes for the remainder of the week in case we are unable to use rooms 33 & 35. She emailed me back that the proposal was ok.

At 11:00 p.m. Larry phoned and stated we would probably hear something around 1:30 to 2:00 p.m.

At 2:00 p.m. Larry said the results were okay and we can now use room 33 and 35. JSL will be arriving around 3:30 p.m. to 4:00 p.m. to clear. Shaun will coordinate the tile changes. I emailed all leadership about this good news.

Wednesday, November 3, 2010

Our ICS team met to conduct a debriefing meeting. The following is a summary of what we felt went well and areas we need to improve for future emergency situations:

Went Well

1. ICS team was decisive and moved quickly.
2. We had the cooperation of all students, faculty, and staff.
3. We staged everyone at one of the pre-appointed staging areas.
4. We had excellent communication with President Lewallen and Shaun Bailey throughout the evacuation.
5. We contacted 98% of key district individuals.
6. Had good communication with high school district.
7. Police monitored situation throughout the day.
8. Staff supervised their areas throughout the day.
9. We set up an ICS post outside building with a land phone and laptop computer.
10. We kept notes throughout the entire process from Wednesday to the following Monday.

Things we need to improve

1. All staff members need to bring out their emergency kits and phones.
2. Need to phone all key district people (i.e. forgot to phone PR staff)
3. Need to contact our CDC center.
4. Fire department did not respond to this emergency.
5. ACCO was very slow getting to NDC. Promised a 1:00 p.m. arrival time, but arrived at 1:40 p.m.
6. Must make sure no one enters building during "repair" time. One staff member went into building during Thursday's cleanup time even after being told to not enter the building.
7. Director of NDC, at times, did not delegate enough to others. (i.e. note-taker)
8. High School Superintendent stated we should have been a little more specific when explaining why we evacuated and stayed closed.
9. Develop a complete week-long evacuation plan for NDC.
10. Stay in an "alert state" longer. Some staff took this situation too lightly as the day progressed.

To date, I have not received any feedback from students, staff, or faculty that there have been any medical issues or concerns. Some students arrived and read the notices we had posted on the doors.

Subject: emergency notification system- Complimentary installation for Datatel Clients!
Attachments: Regroup Testimonials - 2010-08-12.pdf; ATT21923.htm; Squire, Frances Anna vcl 

Carole-

Anne forwarded this to me for consideration. As you know, I've spent considerable time researching emergency notification systems. Significant cost are involved with all—especially the robust systems that include canned messages, which I feel are important in an emergency since they have been pre-tested for receiver understanding.

It appears that the attached vendor is a Datatel partner. I haven't investigated this company but maybe we should give it some consideration. Although I'm happy to help in whatever way you like, this seems like a DTC item to me.

Action will require budget consideration since most of these systems range from \$3,000-\$16,000 a year.

I know Susan has some accreditation concerns if we don't have a system in place.

Subject: Frank - Complimentary Installation for Datatel Clients!

Hi Frank,

I know how busy we all get! We're writing to let you know that we're still offering a Fall 2010 exclusive complimentary installation for all Datatel clients.

Regroup is Datatel's official Emergency Messaging provider; we save schools money while providing them the best and easiest emergency notifications platform.

Our joint press release with Datatel is here: <http://bit.ly/dtrLLt>.

We're the only emergency notifications system to integrate with Datatel Colleague and Datatel Portal, and are the best value on the market -- saving schools money.

Would you have a few minutes for me to tell you about how other Datatel clients are using us, the Colleague and Portal integrations, and saving budget?

Best,

Sarkis

Testimonials

“With Regroup, we’ve saved time and addressed the needs of students by allowing them to choose who they hear from and how they hear from them with a few clicks. We’re definitely fans!”

Beth Kenney, Director of Academic Computing
Frostburg State University, Maryland

“I love Regroup. It has enabled me to connect with my peers and my fellow students, as well as, alumni of our school. It has made a world of difference to how day to day life runs on campus. I use it most for communicating with my honor society, Phi Theta Kappa, we are not always on campus all the time.”
Emily Miller, SGA Student Trustee, President of Phi Theta Kappa, SUNY Schenectady

“Regroup has helped us to save time and has been a great tool for us to manage the communications in SGA - our messages are actually getting through!”

Kathi Perkins, Administrative Assistant - SGA, Frostburg State University, Maryland

“Regroup has been incredibly fast to respond to our needs. The platform is great and the personalized service is refreshing and has been missing from vendor relationships for some time.”

John Obermann, Director of Technology, Valparaiso University School of Law

“Not only did Regroup get us set up on their platform, they guided us through to social media landscape and helped us get setup on Twitter and Facebook. Our Alums have responded well and we’re amazed at how much time the platform has saved us.”

Susan Caballero, Director Alumni Affairs, New Mexico Highlands University

Testimonials

Welcome to Regroup, the easiest and most effective alert platform for your school. Regroup was founded 4 years ago at Stanford University to empower schools to cut through the noise and reach out to their constituents wherever they are. Let's say you want to send out an alert about a weather related cancellation or a message about an event. On Regroup, you can quickly create groups, add members, and with the click of the button, instantly send messages to those groups via email, SMS, Facebook, Twitter and even your own website. On the user end, Regroup's robust user preferences allow students to receive messages at the email addresses and mobile number they prefer while controlling the frequency of their messages. Through Regroup you can leverage the power of:

Text Messaging (SMS)

- In the US, 82% of SMS usage is generated by the 18-24 demographic.
- Regroup enables administrators to convey important messages about closings, alerts and emergencies to a device that students report having on their person and powered on 80% of the time.

Email

- Regroup integrates with your school's existing email system, but also allows students to register third party email addresses with their Regroup account so that they can receive your important messages regardless of how often they check their school provided accounts.
- With the listserv-like feature, you can send email blasts to groups of people simply by sending to one unique email address associated with the group whether you are in front of a computer or from your mobile device on the go.

Social Media

- Regroup can be synchronized with individual Facebook profiles and Pages giving your organization the ability to leverage the social media networks of your friends, fans and followers.
- A Regroup group can be linked to a local department or organization's centralized Facebook presence.
- Twitter synch enables your school to update anyone who follows your Twitter feed.

Regroup is an easy, efficient, integrated solution that synchronizes with: SMS, Email, social media and your website or portal. By reaching out to people where they are, via their preferred communications mediums, you save your institution time, cut down on spam and offer your students a relevant platform that conforms to their needs. To get started or learn more, simply click on the "Chat with Us" button on our home page or call (775) 476-8710.

RE: HAZARDOUS MATERIALS PROGRAM ASSESSMENT

Dear Anne:

Attached is the summary report for the findings of the Hazardous Materials Assessment conducted for the District on August 20, 2010. This assessment was conducted on behalf of the Statewide Association of Community Colleges (SWACC).

I would like to thank you and the Safety Committee for assisting in the gathering of this information.

We appreciate your continued confidence in Keenan's ability to provide quality services to the District and to assist with your efforts in controlling losses. If you have any questions regarding the attached, please do not hesitate to call me at 559 287 9883, at your convenience.

Sincerely,

Jim Beggs

Keenan's Hazardous Materials Compliance program services are intended to help clients identify and mitigate hazards and potential Hazardous Materials exposures. While we are confident that our services will help our clients create a safer environment, we do not represent or guarantee that we will be able to identify all potential hazards, find and inventory all hazardous materials at each site, or offer a full-scale mechanism for dealing with them. Consequently, we make no promise or representation that clients will recognize improved hazardous materials and/or regulatory compliance file ratings, loss experience or premium savings as a result of these services.

Hazardous Material Program Assessment West Hills Community College District

Executive Summary

Purpose and Scope

Hazardous material audits and inspections reduce liability and are integral to environmental, health and safety (EH&S) programs that deal with hazardous materials and hazardous waste. Audits determine how effectively hazardous materials (Haz Mat) are managed throughout their lifecycle, including selection, procurement, handling, use, storage, transport and disposal. Audits also determine the adequacy of plans and procedures, training, internal inspections, record-keeping and reporting.

Findings

Section 1: Material Procurement Policy

1. All departments send their requests to Brian Abela. Requests are then approved and sent to Purchasing.
2. Green products (environmentally friendly) are currently not documented.

Section 2: Hazardous Material Management

1. An annual chemical self-inventory for the district has been conducted.
2. Annual hazardous material handling training has been conducted and documented.
3. Material Safety Data Sheet hardcopies are located in the departments that use and store chemicals.

Section 3: Pesticides (Shaun Bailey, Operations & Maintenance Manager)

1. District has eliminated harmful pesticide application. District contracts an outside vendor to perform the application. Herbicides are used for periodic application (Roundup).
2. Outside vendor applies pesticides

Section 4: Asbestos

1. All asbestos-containing material abatement is handled by an outside licensed contractor.
2. ACM inspection surveys were conducted in 2002.
3. More than 90% of Asbestos has been removed in the entire district.

Keenan's Hazardous Materials Compliance program services are intended to help clients identify and mitigate hazards and potential Hazardous Materials exposures. While we are confident that our services will help our clients create a safer environment, we do not represent or guarantee that we will be able to identify all potential hazards, find and inventory all hazardous materials at each site, or offer a fail-safe mechanism for dealing with them. Consequently, we make no promise or representation that clients will recognize improved hazardous materials and/or regulatory compliance fine savings, loss experience or premium savings as a result of these services.

Hazardous Material Program Assessment West Hills Community College District

Section 5: Hazardous Waste Management

1. District has a Hazardous Waste Management Policy.
2. NO violations cited at any location.

Section 6: Emergency Response Procedures

1. Emergency response procedures were available for review (flip charts).
2. Emergency phone numbers were posted throughout both campuses. (Lemoore & Coalinga)

Section 7: Mandated Regulatory Programs

1. Injury Illness Prevention Program (IIPP) and Hazard Communication Program were both available for review.
2. Chemical Hygiene Program is up to update and shared with the appropriate departments.
3. Respiratory Program may require a formal review. Knowledge of fit testing, medical evaluation, and training were not known.

Section 8: Staff Awareness and Training

1. Campus-wide safety committees hold regular meetings to environment.
2. A lot of the district wide supplies are in the process of going green.

Section 9: Risk Control

1. All fume hoods and laminar flow have been certified and/or air balanced.
2. Inspections of the safety showers/eyewash stations have been conducted.
3. Periodic inspections of the fire extinguishers have been conducted.

Keenan's Hazardous Materials Compliance program services are intended to help clients identify and mitigate hazards and potential Hazardous Materials exposures. While we are confident that our services will help our clients create a safer environment, we do not represent or guarantee that we will be able to identify all potential hazards, find and inventory all hazardous materials at each site, or offer a full-scale mechanism for dealing with them. Consequently, we make no promise or representation that clients will recognize improved hazardous materials and/or regulatory compliance line savings, loss experience or premium savings as a result of these services.

EVERY COLLEGE NEEDS AN EMERGENCY PLAN

GET THE TOOLS YOU NEED

Attend a 4-hour session to assist you in using the **Model Emergency Operations Plan** development toolkit recently released by the Disaster Resistance California Community College working group. Get the tools you need to start drafting or updating your plan.

Planning session topics include:

- How often your plan should be reviewed and revised.
- Where to start if you don't have a plan.
- How to develop a hazard analysis.
- What elements your plan must include.
- How to adapt the model for your district or college's needs.

Each participant will receive a digital copy of the Model Emergency Operations Plan development toolkit.

Each participant will need:

A Wi-Fi enabled laptop (either Mac or Windows) with Internet browser and functional CD reader.

One-Day Seminar

Up-to-the-minute information on the latest Cal/OSHA rules, regulations, and safety issues

CAL/OSHA

Compliance

2011

Essential
Training for
Safety Managers!

Understanding, interpreting, and complying with the California standards

Maintaining a safe workplace environment is more than just good business practice — it's the law. Attend this powerful one-day seminar and discover how to make sure your workplace is safe, secure, and Cal/OSHA-compliant.

Some of what you'll learn ...

- The latest changes in Cal/OSHA rules and regulations — How will they affect your organization?
- Making sense of Cal/OSHA's confusing language and government "legalese"
- How to assess your organization for potential hazards and act now to eliminate them
- Your written safety plan — what it is, how to create it, and where to find online forms and guidelines to help
- Could your organization pass a Cal/OSHA inspection tomorrow? Here's how to find out
- How to maintain meticulous records that meet Cal/OSHA standards
- Workplace violence — How to spot red flags and keep workers and visitors safe from threats

Keep your people safe, your organization in compliance, and Cal/OSHA inspectors at bay!

Express Enrollment! Only \$249

SPECIAL ONE DAY PRICING FOR PUBLIC ENTITY EMPLOYEES - \$75.00

PRICE INCLUDES MEALS, WELCOME RECEPTION, HANDOUT BOOKLET AND CERTIFICATE OF COMPLETION.

THIS TRACK OPEN TO PUBLIC ENTITY EMPLOYEES ONLY.

REGISTER ONLINE AT WWW.PARMA.COM

For those of you who were just assigned the role of risk manager, for those who have some technical expertise in a certain area but want to know the "big picture" and for those whose role is to oversee the risk management function, this session is designed for you...

SESSION OBJECTIVES:

By the end of this session attendees will have the knowledge to manage the components of a risk management program. There will be presentations and speakers on issues ranging from the best choice of an effective risk management program for your agency to managing a claims operation. Experienced risk professionals will discuss issues such as managing a budget and the function of an actuarial report. To cover the scope of issues we'll need a commitment for an entire day. In exchange, we hope you won't be walking the plank when assigned risk management responsibilities.

In this all-day forum you will be exposed to the fountain of risk management. The "why" and "how" of managing a risk function/department will be presented by three principal speakers, but you will also have presentations by experts in areas such as cost allocation, budgeting, common pitfalls, insurance options, workers' compensation claims, liability claims, and the politics of running a risk management operation.

THIS IS NOT YOUR NORMAL PARMA SESSION.

- ✗ We will discuss the organization purpose and the various models for managing risk issues
- ✗ How to protect your budget and funding
- ✗ How to make loss control cost-effective
- ✗ When pooling is appropriate and when your own policy might be more effective
- ✗ How to evaluate risk products (such as insurance), and how to fund losses
- ✗ In essence, this session will give you the tools and format for being a leader

This session will be taught by three former PARMA presidents, whose combined experiences and history cover the range of issues for city, county, and special district exposures.

At the end of this session we expect you will have enough material to captain the ship, to have a twinkle in the eye (at least the one that doesn't have the eye patch) and to say "arrgh" with confidence.

PRESENTED BY

Rick Buys, ARMA, Liability Claim Manager, Municipal Pooling Authority (MPA)
David Clout, General Manager, California Joint Powers Risk Management Authority (CJPRMA)
Larry Moore, Risk and Safety Manager, East Bay Regional Park District

MODERATED BY

Susan Eldridge, Risk Analyst, County of San Diego

Want more? Attend the entire PARMA Conference and take advantage of our excellent educational sessions designed for the beginner. Sessions include:

- ✗ Risk Management & Wellness: On A Shoestring
- ✗ Insurance Requirements in Contracts: An Update on the Basics
- ✗ Business Continuity and Disaster Recovery Planning: The Basics
- ✗ Novice Cracker Barrel

October is National Bullying Prevention Month

October is National Bullying Prevention Month, and there are many ways that you can get involved and help prevent bullying in your community and school.

10/20/10 is "The Day Bullying Prevention Is Heard around the World," and you can participate by letting others know that "The End of Bullying Begins with Me!" Pass the message along by whatever means you prefer - say it, text it, post it, etc.

School Safety News

"If you don't want to get the flu, then getting a flu shot is the single most important thing you can do."

Tom Skinner
Sr. Public Affairs
Officer

Centers for Disease
Control & Prevention
(CDC)

Between food allergies and using childhood obesity rates, more schools are turning to non-candy "treats" around Halloween. Here are some clever alternatives: silly bands or other plastic jewelry, temporary tattoos, stickers, pencils, bubbles, sugar-free gum, and milk-decks of cards.

The PACER Center's website gives turner tips about involving students on bullying prevention. For example, you can raise awareness and increase understanding of how to respond to bullying by using the following creative activities in the classroom found on the Pacer Center's site:

Introduction Toolkit - helps start a dialogue with students about their role in addressing bullying

Comprehensive Toolkit - delivers activities, ideas, and resources to educate students about bullying

Student Role Plays - provides the opportunity to experience real life situations in a safe and structured environment

For more information and ideas on bullying prevention, please visit the PACER Center's website by clicking here.

The SafeSchools online safety training system offers multiple courses, customized for school district employees, which address bullying prevention. Click here to view SafeSchools' full library of course offerings.

Position-Specific Courses

Our customers tell us that our course library of 150 expertly-authored safety trainings that are 100% school-specific are the best on the market.

Now, we've taken our school-customization a step further with several new position-specific courses as well! Currently available on all SafeSchools customer sites, Slips, Trips & Falls offers versions customized for Custodians, Maintenance & Facilities; Nutrition Services; and Teachers & Administration staff, alongside the more general Complete and Refresher versions.

Coming very soon, our Bloodborne Pathogens course will likewise offer Custodial, Non-Custodial Support Staff, and Teachers & Administration versions! While the Complete and Refresher versions will still be relevant for any school employee administrators will now have the option to tackle these important safety topics in a manner with which specific staff members can even more directly relate.

Is there a SafeSchools course you'd like to see customized for specific positions? If so, please send your suggestions to info@safeschools.com

Child Abuse Rates Decline

A recent study from the Crimes against Children Research Center at the University of New Hampshire has revealed some promising data in regards to incidences of child abuse in the United States. An article from [ScienceDaily](#) recaps the results of the study, which concludes that national child abuse rates declined in 2008 as compared to 2007. These positive results are rather unexpected, considering 2008 was the first full year of the current recession, and economic downturns and recessions are thought to have a direct correlation to increases in family stress, child abuse, and maltreatment.

Overall, child abuse rates have been on the decline for over 15 years. According to lead author of the study, David Finkelhor, "The long-improvement for sexual and physical abuse may be related to a generation-long effort to educate and respond more effectively and aggressively to the problem. If successful prevention efforts are behind the declines, then the improvements may persist even in the face of social stressors like the recession."

The SafeSchools online safety training system offers several versions of expertly-authored Child Abuse trainings to keep your staff informed and your students safe. For more information, click [here](#).

Concussion Awareness: Athletics Course Now Live

SafeSchools recently published a new course titled Concussion Awareness: Athletics specially designed to familiarize coaches, athletic directors, administrators and other athletic staff members of the dangers concussions can pose for student athletes

In addition, the course also reviews smart policies and procedures to minimize concussion risks and ensure proper care is provided at all times. As we're currently in the midst of the back-to-school fall sports season, now is an excellent time to ensure your staff is properly trained on the topic. Look for Concussion Awareness: Athletics in the Health category of your SafeSchools site!

SafeSchools Author Spotlight

Do you know which SafeSchools author is

known as “School Bus Ted?”

It's Ted Finlayson-Schueler, the author of our Bus Behavior and Discipline, Special Education Transportation: *Child Safety Restraint Systems (CSRS)*, and Special Education Transportation: *Evacuation Planning* courses.

Ted is the founder of Safety Rules!, an organization that is dedicated to the safe travel of children to and from school and school activities.

Ted also founded the Pupil Transportation Safety Institute (PTSI) in Syracuse, New York in 1990 and served as its Executive Director until 2004. Ted grew PTSI into a national organization serving the pupil transportation community.

Ted holds a Master of Science Degree from Syracuse University. He is currently a candidate for the doctoral program in the School of Education, Disability Studies at Syracuse University.

Ted is one of the many expert authors who write for SafeSchools. Thanks Ted, for such excellent content.

Visit SafeSchools in Person!

Throughout the year, you can find SafeSchools at various trade shows, conferences, and education-related events across the country. Look for us in October at:

- **AASPA: The American Association of School Personnel Administrators**
October 12-15, Myrtle Beach, SC, Booth #136.
- Don't miss our AASPA presentation with Horry County, Thursday, 10/14/10 from 1:30 to 2:30 p.m. Horry County is a 6-year SafeSchools customer! Recently they contacted us about their amazing start to the year.

"We're 4 days into the new school year and are at 68% already with 44,237 courses completed).

Thank you for your continued support and for keeping SafeSchools up to date in all areas. Not only do you do a great job providing up-to-date course material in this ever-changing world, your team is always working on new and better ways for system operations.

Horry County Schools is entering our 6th year with SafeSchools and it has been a pleasure working with this team. Thank you and the whole team for all you do for

your customers."

Connie Jordan, Workers' Comp Specialist

Thanks Connie and Horry County! Keep up the great work
We're proud to work with your team too!

Limited Time "30 for \$300" Promotion

Horry County Schools

SafeSchools Helps Save

\$787,000 for S.C. District

SafeSchools helped Horry County

Schools save over \$787,000 this year in Workers' Comp claims! Here's how. In 2003, the district, which is the third largest in South Carolina, reviewed their work-related injuries and made some disconcerting discoveries. They had a high number of injuries, many of the same types of injuries, many serious, life-changing injuries, and their Med Rate and WC premiums were far too high. In the face of those results, the district decided it was time to improve their safety training and

OptionsLimited Time "30 for \$300" PromotionVisit SafeSchools in PersonSchool Safety News**QUOTE OF THE MONTH**

"It's about time we really need to provide school districts with the kind of support that's needed to overcome the problems of bullying."

*Dr. Joyce Ott
Research Asst.
Professor,
Clemson University*

**TIP OF THE MONTH**

November is American Diabetes month. Students with diabetes must be monitored throughout the school day and during school-sponsored events/activities. The goal for the student with diabetes is to maintain a balance between insulin, food and exercise 24/7!

chose SafeSchools as the online system that would best meet their needs.

What were the results?

- Horry County now trains all staff with SafeSchools. Moving to our online system allows the district to train more staff, in less time, for less money.
- The district started their training plan on July 1, 2010 and by the start of the school year, Horry County employees had already completed more than 55,000 courses in less than 90 days!
- Now that employees are better trained, there are fewer serious injuries and the district saved \$787,000 in Workers' Comp claims this year alone!

Congratulations to Connie Jordan and Horry County on these outstanding results!

To read more about Horry County's success, please click [here](#).

Addressing Bullying and Youth Suicide in Your School or District

While bullying in schools is a pressing issue that continues to dominate the headlines, there's a related issue that has of late been gaining much public

awareness and media attention as well: **bullycide**. Bullycide is the act of an individual taking his or life as a direct result of being bullied, and we've been hearing more about it in the media recently due to several high profile bullycides by students who were tormented because of their (actual or perceived) sexuality.

SafeSchools addresses both bullying and youth suicide in several expert-authored courses. *Bullying, Recognition & Response* is particularly valuable to staff dealing with student bullying issues. This important course has been written by two of the nation's leading bullying prevention experts: Dr. Richard Hazler and Dr. JoLynn Carney, of Penn State University. SafeSchools also features *Youth Suicide: Awareness & Prevention* by Dr. Scott Poland, the nation's foremost authority on suicide prevention.

SafeSchools now features a new **Bullying Prevention bundle** which includes:

- [*Bullying, Recognition & Response*](#)
- [*Conflict Management: Student-to-Student*](#)

Evaluating Staff Training Programs

Having options is a wonderful thing, and having the power to choose between options can be even more wonderful! But with so many safety training products on the market these days, wading through the selections can at times be a daunting task. If you're thinking about adopting online staff training for your school or district, or are even currently choosing between providers, here are 5 helpful tips to consider when making your selection:

1. Are all of the provider's training courses 100% school employee-focused?
2. Are the courses authored by nationally prominent K12 experts?
3. Does the program allow administrators to upload district policies and track acceptance online?
4. Does the program have the ability to send automatic email notification for assignments and reminders to staff?
5. Does the program have state-specific courses and custom course building capabilities?

Of course there are many other factors which come into play when deciding which provider is the right fit for your school or district. If you're currently deciding between safety training providers, SafeSchools would be happy to supply you with a comparative grid for your reference. For this and more information about the SafeSchools difference in safety training, please call us at 1-800-434-0154.

Course Customization Options

SafeSchools' library of 150 school-specific training courses

offers top-of-the-line content provided by recognized authors in their respective fields. In addition to this extensive list, however, SafeSchools customers also have a variety of options in regard to course customization! In particular, SafeSchools offers:

- **State-specific courses:** Although all SafeSchools courses are fully compliant with national training standards, we've gone a step farther in some cases to meet the mandates of particular state legislation. If you'd like to know what courses have been customized, or if you have suggestions for specific courses for your state, just let us know!
- **Custom courses:** Every school and district is unique, and so are the training requirements. That's why we offer our customers the ability to customize existing SafeSchools courses for their own individual needs, as well as upload their own course content into the SafeSchools system.
- **Policy courses:** School and district administrators have the simple, convenient option to upload their district policies as custom SafeSchools courses so that staff can conveniently sign off on policy acceptance online!
- **Offline courses:** Even if you execute part of your staff training outside of the SafeSchools system, you still have the ability to track completion status for those courses in the SafeSchools system using our Offline Courses tool.

If you have further questions about SafeSchools' course customization options, please call 1-800-434-0154.

Limited Time "30 for \$300" Promotion

If you have wanted to try out the nation's leader in safety and compliance solutions for schools, now's an opportune time, as SafeSchools' "30 for \$300" promotion is still going on! From now until December 31, 2010, you can purchase full access for 30 staff members to the SafeSchools online training program for just \$300. Facilities Planning Committee Meeting

February 5, 2008

1:00pm – 3:00pm

WHC Lemoore, Room 256

AGENDA

1. Activity Report
2. Multi Sports Complex / Event Center
3. Scoreboard Update
4. Future M & O Storage Space
5. Water Leak in Conference Center

Facilities Planning Committee Meeting

January 22, 2008

1:00pm – 3:00pm

WHC Lemoore, Room 256

MINUTES

ATTENDEES: Allen Moore, Celina Garcia, Bob Clement, Stephanie, Kevin, Marlon Hall, Wendy Paxton, Joe Savopolos

Activity Report

- Submitted and Reviewed

Multi Sports Complex / Event Center

- New updated blue prints were handed out and are not final

H.V.A.C. package unit verses CNG Tecogen Central Plant

- Tabled for next meeting date

Bus Shelters ~ Review Plans before Installation

- Waiting for written approval from the fire department.

Scoreboard Update

- Tabled for next meeting

D.S.P.S. Projects

- Sylvia Dorsey – Robinson passed out a spreadsheet of projects that need to be completed.

Phase 2B Landscape

- Tabled to next meeting

Scheduled Maintenance Projects ~ Water Leak in 200 Building Fire System

- Celina will help with getting bids that are over \$30,000.
- Allen Moore handed out a spreadsheet will all Scheduled Maintenance Projects listed.

9/24/2010	John Bernal	8:40am	Parking Lot Portable 8 / CDC

Brief Description:	Witnesses:
3 youths witnessed on N side of 207 destroying an automatic handicapped door opener button. Mr. Brock and Mr. Loyche followed the 3 youths to Charter, along the way picking up fragments of the box. One youth questioned, 2 others identified. Contact made with acting principal Chris Camarena.	Keith Brock; Jason Loyche
Bethany was confronted by student Osaseqr Michael Oseawingle, who attempted to hug her without consent. She explained that student is volger and "sometimes comes to class to watch" Bethany stated that she does not want his friendship and felt uncomfortable near him. She looked on Megan's Law and LPD has listed as sexual offender.	Dr. Marlon Hall
called to complain about student Anita Rodriguez who is "bothering my daughter" Lauren Stein (18). Shelly is mom of Lauren who comes from broken home & possible love traingle with Lauren trapped in middle. Mom wants to "stop harrassing my child"	
Student bring disrepected, being called "fat bitch" in loud voice. Incidents have been going on for 3 months calling names & "wanting to fight" The other person is Sherry Johnson (also student) Eng 101 & 105 w/ Shehorn-Daniels & they are aware of past incidents.	Tanila Johnson
Received a call from Francis Andrade informing that a student reported her truck had been stolen. I met with Bridget McKinney in the library she stated that after class she returned to the parking lot and found that the truck was gone. Lempore PD was called, they arrived 10-15 minutes later. The officer took Ms. McKinney's statement but since the registered owner could not be contacted no case number was given.	
James reported an incident with another student named Nathaniel Oliver. James stated he witnessed a "girl named Beatrice beint hit on" and that Oliver kept grabbing as she walked away. After she left, James confronted Oliver, they exchanged words, things got headed and almost went off campus to fight. James came in to make report.	
Slipped on the tile in front of the circulation desk because the carper was wet and twisted my L ankle.	Brian Bearden
Helping a student back up their car, the truck was parked in the lot with the hazard lights on. Another ar backed up and hit the bumper of the college truck. The student looked at the college truck and his car and said that nothing happened to the truck and noticed his car with a big dent and said that it was alright and took off.	
Frankie Ignacio leaving campus rolled his car over leaving it upside down on the side on the road heading E. Arrived on scene, on way to lunch to find that 3 LPD officers and 2 ambulances had already responded. Stopped asked questions. Officer Duval gave me the name of the studnet, continued by taking pics that will send to Anri Jorgens.	
Witnesses reported they saw a man punching a woman and yelling at her in the parking lot. He was yelling about his wallet and to give it back to him and was hitting a girl sitting in her vehicle. He drove in nose first to block her from going anywhere and got out of the car.	Channa Archeneaux Dana Cace Danae Crownover

Action Taken/Required:

copies of report & witness account given to Charter Middle School-Chris Camarena. Facilities Director to receive copy.

verbal warning to not act or say anything inappropriate to female students. Later learned that Michael is a sexual offender that is not registered.

monitored situation. Close no more incidents 6-1-10

Stop calling anmes in Public

Lemoore PD was called and took statement. Registered owner could not be found, no case # was given.

Warned James any further incidents and will be dismissed from WHCL. Mr. Oliver was brought in and was also warned if any further incidents and he will be dismissed Spoke with Beatrice and she warned him to stop actions, but saw no confrontation.

Informed John Bernal M&O Director of this incident.

Action Required:

Told co worker to be careful

Ambulance called.

STATEWIDE ASSOCIATION OF COMMUNITY COLLEGES

**BEFORE THE GOVERNING BOARD OF THE
WEST HILLS COMMUNITY COLLEGE DISTRICT**

Resolution CO-51

**In the Matter of Declaring Membership in the
Statewide Association of Community Colleges JPA (SWACC)**

WHEREAS, school districts have determined there is a need for affordable excess coverages by combining their respective efforts to establish, operate and maintain a Joint Power Agency for excess coverages; and

WHEREAS, Title I, Division 7, Chapter 5, Article I (Section 6500 et seq.) of the Government Code of the State of California authorizes joint exercise by two or more public agencies of any power common to them.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of the West Hills Community College declares its membership in the Statewide Association of Community Colleges JPA and instructs Ken Stoppenbrink, its duly authorized agent, to execute on behalf of the West Hills Community College District the attached Joint Powers Agreement.

PASSED AND ADOPTED by the Board of Trustees of the West Hills Community College District this 9th day of April, 2009, by the following vote:

NOW, THEREFORE, FOR AND IN CONSIDERATION OF THE MUTUAL ADVANTAGES TO BE DERIVED THEREFROM, AND IN CONSIDERATION OF THE EXECUTION OF THIS AGREEMENT BY OTHER PUBLIC AGENCIES, each of the parties hereto does agree as follows:

1. CREATION OF THE JOINT POWERS ENTITY

A Joint Powers Entity, separate and apart from the public agencies signatory hereto, shall be and is hereby created and shall hereafter be designated as the Southern California Schools' Regional Liability Excess Fund (hereinafter referred to as the "Authority").

2. FUNCTIONS OF THE AUTHORITY

(a) The Authority is established for the purposes of administering this Agreement, pursuant to the Joint Powers provisions of the California Government Code, and of providing the services and other items necessary and appropriate for the establishment, operation and maintenance of a joint program for liability and property damage claims against the members of the public agencies who are members thereof, and to provide a forum for discussion, study, development and implementation of recommendations of mutual interest regarding other joint programs.

(b) The functions of the Authority are:

(1) To provide a joint program and system, as stated in the memorandum of coverage an given to each member, for liability and property damage claims against the members of the Authority and as such, to perform, or contract for the performance of, the financial administration, policy formulation, claim service, legal representation, safety engineering, and other development as necessary for the payment and handling of all liability and property damage protection claims against members. Said payment and handling for any member shall be for all liability and property damage claims filed and arising out of facts occurring during the period of membership in the Authority. The Authority shall not pay or handle for a member any liability and property damage protection claims which arise out of facts occurring before membership or after termination of membership in this Authority.

(2) To pursue any member's right of subrogation against a third party when in the discretion of the Board of Directors the same is appropriate. Any and all proceeds resulting from the assertion of such subrogation rights shall accrue to the benefit of the member against which the claim is charged.

(3) To enter into contracts.

- (4) To obtain appropriate insurance coverage as determined by the Board of Directors.
- (5) To acquire, hold, and dispose of property, real and personal, all for the purpose of providing the membership with the necessary education, study, development, and implementation of a joint program, for liability and property protection including, but not limited to, the acquisition of facilities and equipment necessary, the employment of personnel, and the operation and maintenance of a system for the handling of the joint program.
- (6) To incur debts, liabilities, and obligations necessary to accomplish the purposes of this Agreement.
- (7) To receive gifts, contributions, and donations of property, funds, services, and other forms of assistance from persons, firms, corporations, associations, and any governmental entity.
- (8) To invest surplus reserve funds as deemed appropriate by the Board of Directors, and as subject to law.
- (9) To provide a forum for discussion, study, development, and implementation of recommendations of mutual interest regarding other joint programs.
- (10) To sue and be sued in the name of the Authority.
- (11) To perform such other functions as may be necessary or appropriate to carry out this Agreement, so long as such other functions so performed are not prohibited by any provision of law.

3. POWERS OF THE AUTHORITY

The Authority shall have the power and authority to exercise any power common to the public agencies which are parties to this Agreement, provided that the same are in furtherance of the functions and objectives of this Agreement as herein set forth. Pursuant to Section 6509 of the California Government Code, the exercise of the aforesaid powers of the Authority shall be subject to the restrictions upon the manner of exercising such powers by a public agency having the same status as a Member District or Joint Powers Authority except as otherwise provided in this Agreement.

4. TERM OF THE AGREEMENT

This Agreement shall become effective on June 1, 1986. This Agreement shall continue in effect until lawfully terminated as provided herein and in the Bylaws. In the event of a reorganization of one or more of the public agencies participating in this Agreement, the successor in interest or successors in interest to the obligations of any such reorganized public agency may be substituted as a party or as parties to this Agreement.

5. BYLAWS

- (a) The Authority shall be governed pursuant to those certain Bylaws, a copy of which is

attached hereto as Exhibit "A" and incorporated herein by reference, and by such amendments to the Bylaws as may from time to time be adopted. Wherever in this Agreement "Bylaws" are referred to, said Bylaws shall be those set forth in Exhibit "A", as may be amended. Each party to this Agreement agrees to comply with and be bound by the provisions of said Bylaws and further agrees that the Authority shall be operated pursuant to this Agreement and said Bylaws.

- (b) Procedures for amending the Bylaws shall be as provided in the Bylaws so long as not inconsistent with this Agreement. All amendments must be approved by two-thirds (2/3) of the weighted vote of the Board of Directors before the amendment shall become effective. Such amendments shall be binding upon all members of the Authority. The effective date of any amendment will be on the first day of the next month following adoption, unless otherwise stated.

6. MEMBERSHIP IN THE AUTHORITY

- (a) Each party to this Agreement must be eligible for membership in the Authority as defined in the Bylaws and shall become a member of the Authority on the effective date of this Agreement, except as provided herein below. Each party, which becomes a member of the Authority shall be entitled to the rights and privileges of, and shall be subject to the obligations of, membership as provided in this Agreement and in the Bylaws.
- (b) Upon the written approval and two-thirds (2/3) of the weighted vote of the Board of Directors, any community college district, or Joint Powers Authority comprised solely of community college districts that is not a party hereto but that desires to join the Authority created hereby, may become a member hereof by executing a copy of this Agreement whereby said community college district and Joint Powers Authority comprised solely of community college districts agrees to comply with the terms of this Agreement and of the Bylaws effective as of the date of such execution.
- (c) Each member shall have a minimum of \$5,000 self-insured retention per occurrence for liability coverage and a minimum of \$5,000 deductible per occurrence for property coverage provided to the member by the Authority.

7. WITHDRAWAL FROM OR TERMINATION OF MEMBERSHIP

- (a) Any party to this Agreement which has completed three complete years as a member of the Authority may voluntarily terminate this Agreement as to itself and withdraw from membership in the Authority. Such termination and withdrawal of membership shall become effective subject and according to the conditions, manner and means set forth in the Bylaws.
- (b) A member may be involuntarily terminated from the Authority upon a two-thirds (2/3) of the weighted vote of all the remaining members of the Board of Directors, as provided by the Bylaws. Such removal from membership shall operate to terminate the Agreement as to such party.

8. TERMINATION OF AGREEMENT

This Agreement may be terminated effective at the end of any fiscal year by the affirmative vote of three-fourths (3/4) of the members of the Authority; provided, however, that the Authority and this Agreement shall continue to exist for the purpose of disposing of all claims, distribution of assets, and all other functions necessary to conclude the affairs of the Authority.

9. DISPOSITION OF PROPERTY AND FUNDS

- (a) In the event of the dissolution of the Authority, the complete rescission, or other final termination of this Agreement by all public agencies then a party hereto, any property interest remaining in the Authority following a discharge of all obligations shall be disposed of as provided for by the Bylaws.
- (b) In the event a member withdraws from this Agreement, any property interest of that member remaining in the Authority following discharge of all obligations shall be disposed of as provided for by the Bylaws.
- (c) "Obligations," as referred to herein, shall include, but not be limited to, all payments required by law, together with all reserves which have been established for the purpose of paying incurred claims together with any other legal obligations incurred by the Authority pursuant to this Agreement.

10. AMENDMENTS

This Agreement may be amended at any time with a subsequent written agreement signed by three-fourths (3/4) of the members of the Authority. Any such amendment shall be effective upon the date of final execution thereof, unless otherwise provided in this amendment.

11. SEVERABILITY

Should any portion, term, condition, or provision of this Agreement be decided by a court of competent jurisdiction to be illegal or in conflict with any law of the State of California, or be otherwise rendered unenforceable or ineffectual, the validity of the remaining portions, terms, conditions, and provisions shall not be affected thereby.

12. LIABILITY

- (a) Pursuant to the provisions of Sections 895, et seq., of the California Government Code, the members are jointly and severally liable upon any liability which is otherwise imposed by law upon any one of the members or upon the Authority for injury caused by a negligent or wrongful act or omission occurring in the performance of this Agreement.

If a member or the Authority is held liable upon any judgement for damages caused by such an act or omission and makes payments in excess of its pro rata share on such judgement, such member or the Authority is entitled to contribution from each of the other members that are parties to the Agreement. A member's pro rata share shall be determined in the same manner as for the disposition of property and funds as provided in the Agreement and the Bylaws.

- (b) The Authority may insure itself, to the extent deemed necessary or appropriate by the Board of Directors, against loss, liability, and claims arising out of or connected with this Agreement.

13. ENFORCEMENT

The Authority is hereby given authority to enforce this Agreement. In the event suit is brought upon this Agreement by the Authority and judgement is recovered against a member, the member shall pay all costs incurred by the Authority, including reasonable attorney's fees as fixed by the court.

14. DEFINITIONS

Unless the context requires otherwise, the terms used herein and in the By-Laws shall have the following meanings:

- (a) "Authority" shall mean the Statewide Association of Community Colleges created by this Agreement.
- (b) "Board of Directors" shall mean the governing board of the Authority established by the Bylaws to direct and control the Authority.
- (c) "Claims Adjuster" shall mean a claim adjuster as may be engaged by the Board of Directors for the purpose of determining losses and payments with respect to the Claims Fund.
- (d) "Contribution" shall mean money paid by a member to the Authority.
- (e) "A Liability" shall mean comprehensive general liability, property damage liability, automobile liability, personal injury liability, and errors and omissions liability as further defined in the memorandum of coverage.
- (f) "Loss Reports" shall mean a report showing a member's liability and property damage claims in detail including current status.
- (g) "Member" shall mean a community college district or joint powers authority comprised solely of community college districts which belong to the Authority.
- (h) "Memorandum of Coverage" shall mean the document stating the type of program and the scope of liability and property damage protection coverage as adopted by the Board of Directors.
- (i) "Public Educational Agency" shall mean a community college district or joint powers authority comprised solely of community college district.
- (j) "Property Damage" shall mean damage to real or personal property owned or held by

a member as further defined in the memorandum of coverage.

- (k) "Reserves" shall mean those parts of member contributions held by the Authority to make future liability and property damage payments as respects to claims that have been incurred but are unpaid.
- (l) "Joint Program" shall mean the group purchasing of Insurance, or the pooled purchase of Excess Insurance with the setting aside of funds and reserves to pay for a self-insured retention or for losses not covered by insurance.
- (m) "Pro-Rata Share" shall mean each member's financial contribution in proportion to the total of all member's contributions for each fiscal year.
- (n) "Weighted Vote" shall mean the votes allocated to the members of the Authority pursuant to the Bylaws.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their authorized officers thereunto duly authorized as set forth herein below.

JOINT EXERCISE OF POWERS AGREEMENT

THIS AGREEMENT is entered into pursuant to the provisions of Title 1, Division 7, Chapter 5, Article 1 (Sections 6500, et seq.) of the California Government Code, relating to the joint exercise of powers, between the public educational agencies signatory hereto, and also those which may hereafter become signatory hereto, for the purpose of operating an agency to be known and designated as The Protected Insurance Program For Schools Joint Powers Authority (hereinafter referred to as "the Authority").

WITNESSETH:

WHEREAS, it is to the mutual benefit of the parties herein subscribed and in the best public interest of said parties to join together to establish this Joint Exercise of Powers Agreement to accomplish the purposes hereinafter set forth; and

WHEREAS, public education agencies are required by Division 4 of the California Labor Code, commencing with Section 3200, to maintain Workers' Compensation coverage for their employees; and

WHEREAS, the signatories hereto have determined that there is a need, by public education agencies, for a Joint Program to provide Workers' Compensation coverage for their employees; and

WHEREAS, Title 1, Division 7, Chapter 5, Article 1, of the California Government Code, commencing with Section 6500, authorizes joint exercise by two or more public education agencies of any power common to them; and

WHEREAS, the Legislature has authorized public education agencies in Section 3700(c) of the California Labor Code to enter into pooled self-insurance joint exercise of powers agreements as one of the ways in which they may satisfy their Workers' Compensation coverage obligation and California Government Code Sections 990.8(d) and 6512.2 allow joint powers authorities to purchase insurance or reinsurance of pooled Claim Liabilities; and

WHEREAS, it is the desire of the signatories hereto to jointly provide for a Joint Program for Workers' Compensation coverage for their mutual advantage and concern.

NOW, THEREFORE, FOR AND IN CONSIDERATION OF THE MUTUAL ADVANTAGES TO BE DERIVED THEREFROM, AND IN CONSIDERATION OF THE EXECUTION OF THIS AGREEMENT BY OTHER PUBLIC AGENCIES, EACH OF THE PARTIES HERETO DOES AGREE AS FOLLOWS:

1. CREATION OF THE JOINT POWERS ENTITY

A joint powers entity, separate and apart from the public agencies signatory hereto, shall be and is hereby created and shall hereafter be designated as the Protected Insurance Program for Schools Joint Powers Authority (hereinafter referred to as the "Authority").

2. FUNCTIONS OF THE AUTHORITY

A. The Authority is established for the purposes of administering this Agreement, pursuant to the provisions of the California Government Code, and of providing the services and other items necessary and appropriate for the establishment, operation and maintenance of a Joint Program for Workers' Compensation coverage for the public educational agencies who are Members thereof, and to provide a forum for discussion, study, development and implementation of recommendations of mutual interest regarding such program.

B. The functions of the Authority are:

(1) To provide each member a Joint Program and system, for Workers' Compensation coverage for Workers' Compensation claims against the Members of the Authority in accordance with the Authority's Memorandum of Coverage and as such, to perform, or contract for the performance of, the financial administration, policy formulation, claim service, legal representation, safety engineering, and other services as necessary for the payment and handling of all Workers' Compensation claims against Members.

(2) To pursue the Member's right of Subrogation against a third party when in the discretion of the Authority the same is appropriate. Any and all proceeds resulting from the assertion of such Subrogation rights shall accrue to the benefit of the Authority.

3. POWERS OF THE AUTHORITY

The Authority shall have the power and authority to exercise any power common to the public agencies which are parties to this Agreement, provided that the same are in furtherance of the functions and objectives of this Agreement as herein set forth, including but not limited to the following:

(A) To enter into contracts.

(B) To establish appropriate levels of Workers' Compensation coverage, through self-insurance pooling or through re-insurance, as determined by the Authority

and to assess premiums/contributions from Members to provide such coverage.

- (C) To acquire, hold, and dispose of property, real and personal, all for the purpose of providing the membership with the necessary education, study, development, and implementation of a Joint Program for Workers' Compensation coverage including, but not limited to, the acquisition of facilities and equipment, the employment of personnel, and the operation and maintenance of a system for the handling of the Joint Program.
- (D) To incur debts, liabilities, and Obligations necessary to accomplish the purposes of this Agreement.
- (E) To receive gifts, contributions, and donations of property, funds, services, and other forms of assistance from persons, firms, corporations, associations, and any governmental entity.
- (F) To invest funds as deemed appropriate by the Authority, and as subject to law.
- (G) To provide a forum for discussion, study, development, and implementation of recommendations of mutual interest regarding other Joint Programs.
- (H) To sue and be sued in the name of the Authority.
- (I) To perform such other functions as may be necessary or appropriate to carry out this Agreement, so long as such other functions so performed are not prohibited by any provision of law.
- (J) To join other joint powers authorities to provide services and coverages to the Authority.

Pursuant to Section 6509 of the California Government Code, the exercise of the aforesaid powers of the Authority shall be subject to the restrictions upon the manner of exercising such powers by a public agency having the same status as a member agency or joint powers authority except as otherwise provided in this Agreement.

4. GOVERNANCE

(A) Board of Directors

- (1) The signatories to this Agreement hereby create and do establish a nine (9) person Board of Directors, comprised of representatives selected by Members of the Authority, which shall serve as the Governing Board of the Authority. The Board of Directors shall be empowered to effectuate the powers of the Authority. Directors of the Authority shall be employees of

Authority Members. A nominating committee shall be established to accept nominations for Director positions and to oversee Director elections.

- (2) The process for selecting Directors for the Authority shall be specified in the Authority's Bylaws. Directors shall serve staggered two-year terms, except for the initial term, wherein four (4) initial Directors shall serve one-year terms and five (5) initial Directors shall serve two-year terms. For the purpose of electing Directors only, Authority Members shall be allowed one vote for each full Ten Million Dollars (\$10,000,000.00) in Workers' Compensation payroll (based on the latest available full fiscal year's audited actuals) rounded to the nearest whole number. Votes can be cast cumulatively or split among more than one candidate. Vacancies for the Board of Directors shall be filled using a similar selection process. Four (4) of the Board of Director positions shall be reserved for and held by representatives of Community College District members.**
- (3) Individual Directors shall have authority only when convened as a duly constituted Board. Directors shall represent the interests of the Authority as a whole, as well as the interests of the individual members. Each Director may cast a single vote on action items presented to the Board of Directors. Proxy and absentee votes shall not be permitted. A majority vote of the entire Board of Directors shall be required to take action. A quorum shall be necessary for the Authority to conduct business and shall consist of a majority of individual Directors.**
- (4) The Board of Directors may conduct regular, adjourned regular, special, and adjourned special meetings as it deems necessary, provided, however, that it shall hold at least one regular meeting each fiscal year. The date, time, and place for each such regular meeting shall be fixed by resolution of the Board of Directors, which shall be provided to each member of the Authority. Special meetings of the Board of Directors may be held as needed, to be determined by the President of the Board. Notices of special meetings shall be sent to all members of the Authority, typically at least 72 hours and in no case less than 24 hours in advance of the beginning of such meetings. All meetings of the Board of Directors shall be called, held, and conducted in accordance with the terms and provisions of the Ralph M. Brown Act, Section 54950 et seq., of the California Government Code, as said Act may be modified by subsequent legislation.**
- (5) Except as otherwise provided or permitted by law, all meetings of the Board of Directors shall be open and public. The Board of Directors shall cause minutes of its meetings to be kept, and shall promptly transmit to the Members of the Authority true and correct copies of the minutes of such meetings.**

- (6) The Board of Directors shall designate by resolution a specific location at which it will receive notices, correspondence, and other communications, and shall designate the Secretary of the Board as the agent for purposes of receiving service of process on behalf of the Board of Directors. The Board of Directors shall comply with the requirements of Government Code Sections 6503.5 and 53051 as such provisions pertain to the preparation and filing of statements with the Secretary of State and with the County Clerk.
- (7) The Board of Directors may form, appoint, and dissolve ad hoc and standing committees comprised of Directors and representatives of Members, as determined necessary or useful by the Board of Directors.
- (a) Notwithstanding the foregoing, there shall be irrevocably established a standing committee, referred to as the Community College District Member Committee.
- (i) The composition of the Community College District Member Committee shall include the four (4) designated Directors from community college district members and five (5) non-Director representatives selected from among the community college district members of the Authority. The Community College District Member Committee may add in its discretion additional non-Director representatives to Committee membership. The Community College designated Directors shall select the non-Director community college district member representatives to serve on the Committee.
- (ii) The Board of Directors shall delegate actual and effective decision-making authority to the Community College District Member Committee concerning all issues that affect only the community college district members of the Authority, including but not limited to review of base contribution rates, experience rating, additional assessments, and pro rata return of contributions, if any.
- (iii) All meetings of the Community College District Member Committee shall be called, held, and conducted in accordance with the terms and provisions of the Ralph M. Brown Act, Section 54950 et seq., of the California Government Code.

(b) Notwithstanding the foregoing, there shall be irrevocably established a standing committee, referred to as the K-12 District Member Committee.

(i) The composition of the K-12 District Member Committee shall include the five (5) designated Directors from K-12 district members and four (4) non-Director representatives selected from among the K-12 district members of the Authority. The K-12 District Member Committee may add in its discretion additional non-Director representatives to Committee membership. The K-12 designated Directors shall select the non-Director K-12 district member representatives to serve on the Committee.

(ii) The Board of Directors shall delegate actual and effective decision-making authority to the K-12 District Member Committee concerning all issues that affect only the K-12 district members of the Authority, including but not limited to review of base contribution rates, experience rating, additional assessments, pro rata return of contributions, if any.

(iii) All meetings of the K-12 District Member Committee shall be called, held, and conducted in accordance with the terms and provisions of the Ralph M. Brown Act, Section 54950 et seq., of the California Government Code.

(c) All Authority governance responsibilities other than those delegated in (a) and (b) above shall be retained by the Board of Directors.

(8) The Authority shall operate on a July 1 to June 30 fiscal year. The Board of Directors shall adopt preliminary and final budgets showing projected fiscal year expenditures and revenue for the Authority. A copy of the budget shall be promptly transmitted to each of the members of the Authority.

(9) Directors shall not receive a salary or compensation from the Authority for service on the Board of Directors, although as approved by the Board of Directors as a whole, individual Directors may be reimbursed for expenses incurred in serving on the Board of Directors.

(B) Officers

(1) The principal officers of the Authority and of the Board of Directors shall consist of a President, Vice President, Secretary, and Treasurer, who shall each be Directors and who shall be elected by the majority vote of the

Board of Directors to serve one-year renewable terms. Any person elected as an officer may be removed at any time, with or without cause, upon the majority vote of the Board of Directors. Vacancies shall be filled by majority vote of the Board of Directors.

- (2) Officers of the Authority shall have the responsibilities delegated to them as provided in the Bylaws and as prescribed by action of the Board of Directors.

5. BYLAWS

- A. The Authority shall be governed pursuant to certain Bylaws, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, and by such amendments to the Bylaws as may from time to time be adopted. Wherever in this Agreement "Bylaws" are referred to, said Bylaws shall be those set forth in Exhibit "A", as may be amended. Each party to this Agreement agrees to comply with and be bound by the provisions of said Bylaws and further agrees that the Authority shall be operated pursuant to this Agreement and said Bylaws.
- B. Procedures for amending the Bylaws shall be as provided in the Bylaws so long as not inconsistent with this Agreement.

6. MEMBERSHIP IN THE AUTHORITY

- A. Each party to this Agreement must be eligible for membership in the Authority as defined in this Agreement and shall become a Member of the Authority on the effective date of this Agreement, except as provided herein below. Each party which becomes a Member of the Authority shall be entitled to the rights and privileges of, and shall be subject to the obligations of, membership as provided in this Agreement and in the Bylaws.
- B. Upon two-thirds (2/3) vote of the Board of Directors, any Public Educational Agency that is not a party hereto but that desires to join the Authority, may become a Member of the Authority by executing a copy of this Agreement whereby said Public Educational Agency agrees to comply with the terms of this Agreement and of the Bylaws effective as of the date of such execution.

7. WITHDRAWAL FROM OR TERMINATION OF MEMBERSHIP

- A. Any Member of the Authority that has maintained its membership in the Authority for at least three (3) complete fiscal years, as described in the Bylaws, may voluntarily terminate this Agreement as to itself only and withdraw from membership in the Authority. Such termination and withdrawal of membership shall become effective subject and according to the conditions, manner and means set forth in the Bylaws.
- B. A Member may be involuntarily terminated from the Authority upon two-thirds (2/3) vote of the Board of Directors, as provided in the Bylaws. Such removal from membership shall become effective subject and according to the conditions, manner and means set forth in the Bylaws.

8. TERMINATION OF AGREEMENT

This Agreement may be terminated effective at the end of any fiscal year by the affirmative vote of three-fourths (3/4) of all the Members of the Authority, provided, however, that the Authority and this Agreement shall continue to exist for the purpose of disposing of all Obligations, distribution of assets, and all other functions necessary to conclude the affairs of the Authority.

9. DISPOSITION OF PROPERTY, FUNDS AND OBLIGATIONS

- A. In the event of the dissolution of the Authority, the complete rescission, or other final termination of this Agreement by the public agencies then a party hereto, any property interest remaining in the Authority following a discharge of all Obligations shall be disposed of as provided for in the Bylaws.
- B. In the event a Member withdraws from this Agreement, any property interest of that Member remaining in the Authority following discharge of all Obligations shall be disposed of as provided for in the Bylaws.

10. AMENDMENTS

This Agreement may be amended at any time by a subsequent written agreement signed by three-fourths (3/4) of all the Members of the Authority. Any such amendment shall be effective upon the date of final execution thereof by all the parties hereto. The establishment of the K-12 District Member Committee and the Community College District Member Committee shall be considered integral to the organization and creation of the Authority which may not be changed without the unanimous consent of all members.

11. SEVERABILITY

Should any portion, term, condition, or provision of this Agreement be decided by a court of competent jurisdiction to be illegal or in conflict with any law of the State of California, or any other applicable law, or be otherwise rendered unenforceable or ineffectual, the validity of the remaining portions, terms, conditions, and provisions shall not be affected thereby.

12. LIABILITY

- A. Pursuant to Section 6508.1 of the California Government Code, the debts, liabilities and Obligations of the Authority shall be debts, liabilities or Obligations of the parties to this Agreement.
- B. Pursuant to the provisions of Sections 895, et seq., of the California Government Code, the Members of the Authority are jointly and severally liable for any liability which is otherwise imposed by law upon any one of the Members or upon the Authority for injury caused by a negligent or wrongful act or omission occurring in the performance of this Agreement. If a Member, or the Authority, is held liable upon any judgment for damages caused by such an act or omission and makes payments in excess of its Pro Rata Share on such judgment, such Member of the Authority is entitled to contribution from each of the other Members that are parties to the Agreement. A Member's Pro Rata Share shall be determined in the same manner as for the disposition of property and funds as provided in the Agreement and the Bylaws.
- C. The Authority may insure/reinsure itself, to the extent deemed necessary or appropriate by the Board of Directors, against loss, liability, and claims arising out of or connected with this Agreement.

13. ENFORCEMENT

The Authority is hereby given authority to enforce this Agreement. In the event suit is brought upon this Agreement by the Authority and judgment is recovered against a Member, the Member shall pay all costs incurred by the Authority, including reasonable attorney's fees as fixed by the court.

14. MULTIPLE COUNTERPARTS

The Agreement may be executed in multiple counterparts, each of which shall be considered an original.

15. DEFINITIONS

The terms used herein and in the Bylaws shall have the following meanings:

- A. "Authority" shall mean the public agency created by this Agreement.
- B. "Board of Directors" shall mean the governing board of the Authority established by the Bylaws to direct and control the Authority.
- C. "Claim Liabilities" shall mean those liabilities established by the Authority which represents Worker Compensation liabilities as respects to claims that have been incurred but unpaid and incurred but not reported.
- D. "Contribution" shall mean money paid by a Member to the Authority, or monies assessed a Member of the Authority.
- E. "Joint Program" shall mean the group purchasing of insurance/reinsurance or the setting aside of funds and reserves to pay for a self-insured retention or for losses not covered by insurance/reinsurance.
- F. "Member" shall mean an individual California school public agency/district, county office of education, community college district, regional occupational center or program, county superintendent of schools, or joint powers authority comprised solely of California school public agencies/districts.
- G. "Memorandum of Coverage" shall mean the description of the scope of protection provided to the Members for Worker Compensation claims.
- H. "Obligations" shall mean to include, but not limited to, all payments required by law together with all Claim Liabilities and any other legal obligations incurred by the Authority pursuant to this Agreement and Bylaws.
- I. "Workers' Compensation" shall mean coverage for Workers' Compensation claims filed by employees of Members.
- J. "Program Year" shall mean one year of the Joint Program, separate from each and every other Program Year and shall operate on a fiscal year from July 1st through June 30th, or as otherwise determined by the Board of Directors.
- K. "Pro Rata Share" shall mean each Member's Net Contribution Available For Pool Operations in proportion to the total of all Member's Net Contributions Available For Pool Operations for each Program Year.
- L. "Public educational agencies" means any public school district, community college district, county board of education/county superintendent of schools, regional occupational programs/centers, or other public entity providing

educational programs or services to the community, or such joint powers agencies/authorities consisting of one or more of the foregoing and serving the interests of the public entities detailed in this section.

M. "Subrogation" shall mean the recovery of payments which the Authority has made on behalf of a Member. Subrogation monies received are the properties of the Authority and for the Basis of Contribution are credited to the account of the Member.

16. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the Authority and the Members, and as such, supersedes all prior agreements, understandings, negotiations and representations.

17. CONTROLLING LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California.

18. TERM OF THE AGREEMENT

This Agreement shall be effective and binding on any signatory thereto upon execution. This Agreement shall continue in effect until lawfully terminated as provided herein and in the Bylaws. In the event of a reorganization of one or more of the public agencies participating in this Agreement, the successor or successors in interest to the assets and/or obligations of any such reorganized public agency shall succeed as a party or as parties to this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their authorized officers thereunto duly authorized as set forth herein below.

- **Laboratory – 100% utilization**, facility is used for 27.5 hours per week at 85% occupancy based on different sf/student based on lab usage. (This drives a factor of a low of 171 to a high of 856 ASF/100 WSCH)
- **Example - 1307 asf Biology Laboratory**
 - $1307 \text{ asf} \times 100 / 233 = 561 \text{ WSCH}$ that needs to be generated to get this space at 100% CLR
 - $1307 \text{ asf} / 55 \text{ sf/occ} = 24 \text{ students}$
 - $24 \text{ students} \times 27.5 \text{ hours/week} \times .85 = 561 \text{ WSCH}$
 - $24 \text{ students} \times 85\% = 20 \text{ students @ } 27.5 \text{ hours/wk}$

Office CLR

- **Office – 100% utilization**, is based on 160 ASF of office space per Full Time Instructors, (FTI) for small colleges (under 140,000 WSCH). This includes all types of office on campus such as instructor offices, administration, counseling and support staff.
- **Example - if a college has FTI staff of 100**
 - 160 asf x 100 = 16000 asf of office is allowed to get this space at 100% CLR
 - If college had 8000 asf of office it would be 50% CLR
 - If college had 32000 asf of office it would be 200% CLR

Ant of cycle
students in
campus enrollment
def credit

Library CLR

- **Library – 100% utilization**, based on initial space and incremental adders for student population as campus grows. } D⁹⁹ Enrollment DGE
 - Each College receives an initial 3500 ASF
 - First 3000 DGE receive 3.38 ASF/DGE = 11,490 ASF
 - 3000 DGE to 9000 DGE receives 3.39 ASF/DGE = 22980 ASF
 - 9000 DGE and over receives 2.94 ASF/DGE
 - Same logic applies for over and under CLR.

AVTV CLR

- **AVTV – 100% utilization**, based on initial space and incremental adders for student population as campus grows.
 - Each College receives an initial 3500 ASF
 - First 3000 DGE receive 1.5 ASF/DGE = 4,500 ASF
 - 3000 DGE to 9000 DGE receives 0.75 ASF/DGE = 4,500 ASF
 - 9000 DGE and over receives 0.25 ASF/DGE
 - Same logic applies for over and under CLR.

What does this mean?

- **If we are overbuilt in any category CCC will not recommend any new space.**
- If we put a project forward that increases CLR's beyond 100%, project most likely will not be CCC funded.

If we are overbuilt in categories we need to redistribute space usage to lower CLR.

- We have done Remodel for Efficiency projects in the past to bring CLR's down and balance our types of space.
- This is reviewed on an annual basis with staff and we can make many no cost changes locally.

- **Need to look at higher utilization of space.**
 - CCC guidelines are set up to reward efficient usage of space by giving new space to districts with lowest CLR's usually.
 - The more efficient use of district resources allows a larger share of educational dollars to be used for direct education verses supporting space not used and still paying for utilities, FFE and related items.
 - If we have a schedule that is am only, we are still paying for spaces during pm. CCC will come down on Friday afternoon and tell us that we do not need more space and we should use what space we have more efficiently.

Schedule Review

- 1. Chancellor has requested a review of the class schedules to determine if a student's could graduate in 2 years with offerings available from our colleges.**
- 2. Using fall 2006 and spring 2007 schedules of offered classes, student schedules were developed for various programs.**
- 3. Strategy was developed to schedule classes in the following order:**
 - 1. Major core classes**
 - 2. Associated Arts Degree/Associated Science Degree classes**
 - 3. Electives where used as fillers as available**

Schedule Review

- 1. Three majors have been reviewed selected at random from the college catalog, except Liberal Arts was selected from each College.**
- 2. One certificate program was selected at random from the college catalog from each College.**
- 3. Electives were selected based upon availability and schedule opportunities for students to fit around core program offerings and graduation requirement offerings.**

Comments on Schedules

- **Our review prompted a development of a list of questions of the College Catalog and classes offered during Fall of 2006 and Spring of 2007.**
- **Review was for enclosed programs only, not entire offerings.**

WHCC Schedule Comments

Associate Degree in Biology

Required courses:

Course Code	Title	Units	Remarks
Bio 20	General Zoology	5	Not available
Bio 24	General Botany	5	Not available
Bio 32	Human Anatomy	4	Available
Bio 35	Human Physiology	4	Available
Bio 38	Microbiology	4	Available for fall schedule
Plus at least 8 units of the following:			
Chem1A	General Chemistry I	5	Not available
Chem 1B	General Chemistry II	5	Not available
Chem 2A	Introductory Chemistry	4	Available for spring schedule
Chem 2B	Introductory Chemistry	4	Not available
Math 1A	Introduction to Calculus	5	Available for spring schedule
Math 1B	Calculus with Applications	5	Available for spring schedule
*Physics 2A	Mechanics and Thermodynamics	4	Not available
*Physics 2B	Electricity, Magnetism, Optics and Modern Physics	4	Not available

*This course is offered infrequently.

WHCC Schedule Comments

Associate Degree in Psychology

Required courses:

Course Code	Title	Units	Remarks
PSYCH 1	General Psychology	3	Available
PSYCH 2	Abnormal Psychology	3	Available
PSYCH 3	Developmental Psychology	3	Available for spring schedule
PSYCH 4	Personal Psychology	3	Not available
PSYCH 5	Biological Psychology	4	Not available

WHCC Schedule Comments

Associate Degree in Geography

Required courses:

Course Code	Title	Units	Remarks
Geog 1	Physical Geography	4	Available for fall schedule
Geog 2A	World Regional Geography I	3	
Geog 2B	World Regional Geography II	3	Available for spring schedule
Geog 3	Cultural Geography	3	Available for fall schedule
Geog 18	Geography of California	3	Available
Geog 10	Urban Los Angeles Field Course	3	Available for fall schedule
Geog 11	Death Valley Field Course	3	Not available
Geog 12	Grand Canyon Field Course	3	Not available
Geog 13	Urban San Francisco Field Course	3	Not available
Geol 1	Physical Geology	3	Available

WHCC Schedule Comments

Associate Degree in Mathematics

Required courses:

Course Code	Title	Units	Remarks
Math 1A	Introduction to Calculus	5	Available for spring schedule
Math 1B	Calculus Applications	5	Available for spring schedule
*Math 2A	Multivariate Calculus	4	Available for fall schedule
*Math 2B	Differential Equations	4	Not available
*Physics 4A	Classical Mechanics	4	Not available
*Physics 4B	Electricity, Magnetism, and Waves	4	Not available
*Physics 4C	Thermodynamics, Optics and Modern Physics	4	Not available

WHCC Schedule Comments

Certificate in Television Production

Required courses:

Course Code	Title	Units	Remarks
PA 32	Stage/Television Lighting & Sound	3	Available for spring schedule
PA 42A	Television Production Camera Operation	4	Available for spring schedule
PA 42B	Television Production Editing	4	Available for spring schedule
PA 42C	Television Production	4	Available for spring schedule
WE 15XX	General Work Experience	2	Available for spring schedule

WHCL Schedule Comments

Course Code	Title	Units	Remarks
Bio 20	General Zoology	5	Available for spring schedule
Bio 24	General Botany	5	Not available
Bio 32	Human Anatomy	4	Available
Bio 35	Human Physiology	4	Available
Bio 38	Microbiology	4	Available
Plus at least 8 units of the following:			
Chem1A	General Chemistry I	5	Available for fall schedule
Chem 1B	General ChemistryII	5	Available for fall schedule
Chem 2A	Introductory Chemistry	4	Available
Chem 2B	Introductory Chemistry	4	Not available
Math 1A	Introduction to Calculus	5	Available for fall schedule
Math 1B	Calculus with Applications	5	Available for fall schedule
*Physics 2A	Mechanics and Thermodynamics	4	Available for fall schedule
*Physics 2B	Electricity, Magnetism, Optics and Modern Physics	4	Available for spring schedule

*This course is offered infrequently.

WHCL Schedule Comments

Associate Degree in Chemistry

Required courses: 12 units

Course Code	Title	Units	Remarks
Chem1A	General Chemistry I	5	Available for fall schedule
Chem 1B	General Chemistry II	5	Available for fall schedule
OR			
Chem 2A	Introductory Chemistry	4	Available
Chem 2B	Introductory Chemistry	4	Not available
AND			
*Chem 5	Quantitative Analysis	4	Not available
*Chem 8	Organic Chemistry	3	Not available
*Chem 9	Organic Laboratory	3	Not available
Recommended electives:			
Math 1A	Introduction to Calculus	5	Available for fall schedule
Math 1B	Calculus with Applications	5	Available for fall schedule
*Math 2A	Multivariate Calculus	4	Available for fall schedule
*Math 2B	Differential Equations	4	Available for spring schedule
*Physics 4A	Classical Mechanics	4	Available for spring schedule
*Physics 4B	Electricity, Magnetism, and Waves	4	Available for spring schedule
*Physics 4C	Thermodynamics, Optics and Modern Physics	4	Not available

*This course is offered infrequently.

WHCL Schedule Comments

Associate Degree in Engineering

Required courses:

Course Code	Title	Units	Remarks
Chem1A	General Chemistry I	5	Available for fall schedule
*Engr 35	Vector Statics	3	
Math 1A	Introduction to Calculus	5	Available for fall schedule
Math 1B	Calculus with Applications	5	Available for fall schedule
*Math 2A	Multivariate Calculus	4	Available for fall schedule
*Physics 4A	Classical Mechanics	4	Available for spring schedule
*Physics 4B	Electricity, Magnetism, and Waves	4	Available for spring schedule
*Physics 4C	Thermodynamics, Optics and Modern Physics	4	Not available

For transfer student, the following are recommended:

Chem 1B	General Chemistry II	5	Available for fall schedule
*Math 2B	Differential Equations	4	Available for spring schedule

Courses recommended for Chemical Engineering Majors:

*Chem 5	Quantitative Analysis	4	Not available
*Chem 8	Organic Chemistry	3	Not available
*Chem 9	Organic Laboratory	3	Not available

*This course is offered infrequently.

OR			
RM 66	Event Planning and Special Event Tourism	3	Available for spring schedule
OR			
HRCM 15X	Hospitality Industry Work Experience	3	Available

Suggestions

- **College Catalog be current with offerings at delivery sites such that students can take classes needed or required for specific majors**
- **A full time day student be able to enroll in a required classes without having to attend evening classes if possible.**
- **Colleges develop an empirical system place to evaluate offerings to coincide with how many students will tentatively enroll in a class based on analysis of students in a specific program or major.**

Suggestions

- **Class sizes be scheduled to fit spaces reasonably, rather than have a small class in a large room or large class in a small room.**
- **Increase offerings on Friday to increase CLR 's and utilization of space.**
- **Would like to discuss why we see fewer classes MWF that are 1 hour long versus MWF classes that are 1.5 hours and longer. Would like to understand advantages of this**
- **Student input be solicited on offerings to see what best fits their needs.**

Counseling Faculty Learning Area Meeting

Minutes: 3/24/10

1. Call to Order:
2. Changes to Agenda
3. Members
 - a. Present: Tiffani McGee, Mike Rodriguez, Ann Barr, Marta Hendrickson, Sylvia Dorsey-Robinson, Angela Tos, Linda Amaya, Veronica Grijalva, Rupinder Rai, Maria Gonzalez, Lataria Hall
4. Absent: Gary Sedgwick
5. Reports
 - a. Senate:
 - i. Discussed new faculty list: 1. Psych 2. ESL 3. Humanities 4. Developmental English 5. Nursing
 - b. Curriculum
 - i. PE 45 was approved
 - ii. Education 5 was approved for 5 year review
 - iii. English 89 to 100/GS 61 to 101 were both approved for a second reading
 - iv. Intro to nursing courses was approved for second reading
 - v. Deleted Humanities degree because of new liberal arts degree
 - vi. Program revision for LVN to RN and RN were approved
 - c. Student Success
 - i. Prioritized student town hall matrix
 - ii. Reviewed Student Equity Plan
 - iii. Revised governance statement
 - d. Student Learning Outcomes
 - i. Discussed that adjunct faculty need to assess SLO's because we are not getting credit through WASC for the assessment unless every section of the course is assessed.
 - e. Basic Skills
 - i. Discussed goals for next semester
 - f. Transfer/Career
 - i. Transfer Dinner on May 20th
 - ii. UC Merced is opening doors for Spring 2011. Also accepting TAG agreements for Spring 2011
 - g. Articulation
 - i. Marta went to DeVry University presentation. They offer 16 week sessions with 8 week session incorporated. They also have degree completion programs. The cost to attend is \$580 per unit for the first 11 units and \$350 per unit for the 12th unit and above. See Marta for the catalog
 - ii. Online Biology 10 lab is being rescinded (online part)
 - iii. Update on Bio 35L-only students who have take our Bio 35 online or currently taking our Bio 35 online and plan to transfer to CSUF

or another campus that does not take our Bio 35 online should take this one unit lab course.

- iv. Geol 9 Update-will not be cross-listed with Geog 1. B. Hall plans to create geology as a new stand alone class (earth science)
 - h. PGC
 - i. Discussed program review for Snack Bar and UBMS-approved
 - ii. Middle College Accreditation-received an "A" letter grade-suggestion to get separate campus
 - iii. Evelyn Sue Westover-honorary degree/PGC approved-going to Board for final approval
 - iv. Relay for Life update-made \$1500 and received a bronze medal
 - v. SGA elections were held on May 12th
 - i. Technology Committee
 - i. Has not met
 - j. Advisor Meeting Update
 - i. Not met yet since last meeting-SDR provided update
 - ii. Met w/Cindy Homburg from HHS-discussed concerns and protocol for next semester
 - iii. A few advisors and SDR are going on a field trip next Monday to visit a few local high schools-plans to get a sense of their needs and we can do to improve our services to their campuses.
 - iv. LHS has not responded to our invitation for a meeting to discuss concerns
 - k. Learning Areas
 - i. A & L-Discussed new faculty list
 - ii. Social Science-has not met since last meeting
 - iii. Career Technical Education-Discussed AOJ and SLO's
 - iv. Health and Wellness-Discussed nominations for new faculty
 - v. Math and Science-has not met
6. Action Items
- a. Give comp time usage for remaining of the semester to SDR ASAP
 - b. Transcript evaluations
 - i. Commitment to students-transcripts will be evaluated and posted w/in 10 days of receiving them.
 - ii. SDR gathering funds-had conversation w/Jewel—take over Fall 2010 transcript evaluation process w/front counter(stamped, dated)
 - c. Request for conferences
 - i. SDR will post excel spreadsheet on portal for requests. She wants to honor as many requests as possible
 - d. Summer Coverage
 - i. Calendars to SDR by 6/1/10
 - e. Next SSM meeting is 5/21/10 from 8:30-10:00 with all student services staff
 - f. Lunch schedule for next year
 - i. Will stagger lunches (11:30-12:30, 12:00-1:00, 12:30-1:30) Monday through Thursday only

ii. Will discuss at flex day when discussing committee responsibilities

7. Items for next meeting:

- a. Flex Day 8/10/10-committee assignments/coordinate lunch schedule
- b. Discuss position for dual enrollment
- c. Petition to graduate changes (2 campuses)
- d. Review of progress on SLO's and assessment cycle
- e. What does Early Alert look like next year?

WEST HILLS COLLEGE LEMOORE
555 College Avenue
Lemoore, CA 93245

CITIZENS' BOND OVERSIGHT COMMITTEE for
Measure E – School Facilities Improvement District (SFID) No. 3, Lemoore Area

Agenda

December 9, 2009 4:00pm

West Hills College Lemoore

555 College Avenue

Lemoore, CA 93245

Admin. Conference Rm. 124

Any writings or documents that are public records and are provided to a majority of the Citizens' Bond Oversight Committee regarding an open session item on this agenda will be made available for public inspection at the West Hills College Lemoore President's Office located at 555 College Avenue, Lemoore, CA 93245 during normal business hours.

1. Call to Order

- **Public Comments**

This time has been reserved for the public to comment on non-agenda items. If an individual wishes to address the Citizens' Bond Oversight Committee, he/she should state his/her name and occupation/affiliation and proceed with comments.

2. Action Items

- A. **Election of Officers**
- B. **Select Terms of Service**
- C. **Set Meeting Calendar**

3. Information/Discussion/Presentations

- A. **Review of Measure E and SFID No. 3**
- B. **Review Bylaws**
- C. **Bond Rating/Sale of Bonds – Series A**
- D. **Measure E Facility Projects**
- E. **Annual Audit**

**CITIZENS' BOND OVERSIGHT COMMITTEE for
Measure E – School Facilities Improvement District (SFID) No. 3, Lemoore Area
MINUTES**

December 9, 2009 4:00pm

West Hills College Lemoore - Admin. Conference Rm. 124

Members Present:	Members Absent:	WHCCD Staff:	Others Present:
Buddy Brooks	Salli Day	Don Warkentin, WHCL	Keven Cobb, AP
Les Brown		President	Architects
Tom Hernandez		Ken Stoppenbrink	Rich Treece, AP
Lynda Lahodny		WHCCD Vice Chancellor	Architects
Donna Elliott		of Business Services	
Linda Balcazar		Frances Squire, WHCCD	
		Marketing Director	

1. Call to Order/Public Comments

WHCL President Don Warkentin called the meeting to order at 4: 03 p. m. Self introductions were made by those in attendance. Mr. Warkentin stated that due to the passing of Measure E at the November 2008 election, the district was obligated to establish an oversight committee in alignment with the Education Code of the State (Proposition 39). The purpose of the oversight committee is to provide review and oversight of district expenditures from Measure E as we begin to construct new facilities. Proposition 39 allows for districts to use 55% voter approval for passage of bond elections; however, districts are required to select a citizens oversight committee to ensure we are spending taxpayers' dollars according to the language on the election ballot. He asked if there were comments, there were no comments.

2. Action Items

A. Election of Officers

Mr. Warkentin explained that a president and vice president would need to be elected. The president will preside over the meetings and the vice president will preside in the absence of the president. Mr. Warkentin entertained a motion for president. Lynda Lahodny motioned that Tom Hernandez be elected president. Tom Hernandez responded that he was not interested to be president, however, he would consider the vice presidency. Lynda Lahodny retracted her motion to nominate Tom Hernandez for president. She motioned that Les Brown be nominated president, it was seconded by Tom Hernandez, all in favor, motion passed. Lynda Lahodny motioned that Tom Hernandez be nominated for vice president, it was seconded by Les Brown, all in favor, motion passed. Mr. Warkentin turned the meeting over to newly elected president, Les Brown.

B. Select Terms of Service

Les Brown made reference to page 4, 5.4, of the bylaws which references term of service. Each member will serve a (2) two year term beginning December 9, 2009. Two (2) members will draw lots for services of an initial one (1) year term. A stick lot was taken by Don Warkentin with the result for (1) one year term committee members as follows: Linda Balcazar, Salli Day and Donna Elliott. Donna Elliott questioned how Avenal and Riverdale would be represented if the term of service expired. Don Warkentin responded that a region representative is always needed and when a region representative's term expires another representative will be chosen.

C. Set Meeting Calendar

Les Brown stated that this committee will meet once every six months. Buddy Brookes motioned that the next meeting be held on Wednesday, June 9, 2010 at 4:00 p.m., it was seconded by Donna Elliott, all in favor, motion passed.

2

3. Information/Discussion/Presentations

A. Review of Measure E and SFID No. 3

Review was made of the School Facilities Improvement District's (SFID) No. 3 general obligation bond which was a result of Measure E and the areas that it encompasses. Measure E is a \$31,000,000 bond for new educational facilities construction to be paid back over a twenty (20) year period. The bond includes the cities of Avenal and Riverdale. \$1,000,000 will go to Riverdale and \$2,000,000 will go to Avenal, with the remainder to Lemoore.

B. Review Bylaws

An overview was made of the bylaws, specifically the Committee's purposes and duties. Les Brown called attention to page 2, section 3.5 which specifies what the District has not charged this Committee to do.

C. Bond Rating/Sale of Bonds – Series A

Ken Stoppenbrink stated that insurance has been purchased on the bond. An A+ rating was assigned which lowers the cost of borrowing, as well does the great outlook as a stable district. Ken reported that Series A has been issued in the amount of \$6,000,000.

D. Measure E Facility Projects

Kevin Cobb distributed two reports that AP Architects prepares in their office to track projects for West Hills College Lemoore which included the overall budget and completion recap for each series. The light blue columns of the spreadsheet represent the budgeted local bond dollars. The gymnasium funding is not a part of the bond. Les Brown indicated that this was a misunderstanding by some of the community that a gym was being built but no bond dollars used. Mr. Warkentin responded that there was a survey taken and the community did not support using bond dollars for the gymnasium. Mr. Warkentin asked Kevin to explain what the term "infrastructure" refers to. Kevin explained that infrastructure refers to support for areas of the college, i.e. parking lots, sidewalks (fire lanes), roads, and chillers. Kevin spoke also about the California Environment Quality Act (EIR). Kevin stated that the bonds are sold in chunks. They have taken Avenal and Riverdale's portion of the bond dollars and spilt them up as the bonds are sold. Mr. Warkentin reported that he had met with the City of Avenal and they discussed an educational center in Avenal. The plan is for a partnership. Riverdale has had preliminary discussion as to what they would like.

E. Annual Audit

Les Brown questioned how this committee could be objective to look at an audit of construction costs when the auditor is hired by the district. Ken Stoppenbrink responded that the audit functions have to include all audit information.

4. Announcements

- Next Meeting Date – June 9, 2010 at 4:00 p.m.

5. Committee Member Comments and Requests

Les Brown stated that there was much detail in today's meeting.

Tom Hernandez thanked Mr. Warkentin and Kevin Cobb for the information.

Donna Elliott questioned whether information could be shared with local clubs. Mr. Warkentin responded affirmatively.

3

Frances Squire reported that communication about this Committee would go out twice per year in a newsletter mailed out to the community. She asked Committee members to join her for a picture following today's meeting to be included in the newsletter.

6. Adjournment

The meeting was adjourned at 5:05 p.m.

Subject: RE: Table-top ICS team training sessions

Good Morning:
Consultant Ken Lake has provided the following dates for possible ICS Team training sessions.
There will be two - 2 hour training sessions for each site (to be on different days), please let me know your preference so the sessions can be scheduled right away, thanks.

- All day - April 29th & 30th.
- Afternoon May 11th.
- Morning May 12th.
- All day - May 20th & 21st.
- All day - May 27th & 28th.

Coalinga College: Session one date _____ and time _____
Session two date _____ and time _____

Lemoore College: Session one date _____ and time _____
Session two date _____ and time _____

Firebaugh Center: Session one date _____ and time _____
Session two date _____ and time _____

District Office: Session one date _____ and time _____
Session two date _____ and time _____

Thanks again.

Subject: President Warkentin's Weekly Update

Sending on behalf of President Warkentin:

May 21, 2010

As we wind down the year and prepare for our commencement exercises, one wonders where the time went. It seems like it was just yesterday that we began the fall semester wondering how we were going to survive the reduced sections, complete the work while staff were on furloughs, continue the quality of instruction with faculty taking furloughs, and just wondering if we could maintain our excellence.

Even though I'm the eternal optimist, I too was worried about how we were going to meet our budget reductions and maintain staff positions. Even though our enrollment headcount decreased, we were able to fill our classes (thanks to all faculty who agreed to take additional students) and thus meet our FTE target. We were able to continue our budget reductions and identified an additional \$540,000 in reductions for next year. These dollars will be used to maintain staffing as best we can. I'm also hopeful the governor's proposed budget for community colleges holds for this coming year.

All this and we still have over 400 students receiving their associated degrees and certificates next week. This is an increase over last year. My sincere appreciation goes out to all of you for a great job under difficult circumstances. You all deserve a pat on the back!

- **T.E.A.M. Teach Final Huddle** – Congratulations to James Preston and Tiffany for another great year with the T.E.A.M. Teach program. On Thursday James held the final huddle of the year and honored members who will be transferring to four year colleges and seeking their goal of becoming a teacher. Also on Wednesday T.E.A.M. Teach provided a free dinner for all members interested in becoming a vocational (CTE) teacher with information for careers in nursing, business, early childhood education, culinary, and agriculture. Additional information was provided on the requirements of a designated subject teaching credential. Great workshops and recognition events.
- **Transfer Center Recognition Dinner** – Last evening Michael Rodriguez, Angela Bargineer, Joy Jones, and Jacquelin Davis organized the Transfer Center's 5th annual Transfer Student Recognition dinner. The event honored students who have been utilizing the transfer center throughout the year and will be transferring to four year colleges in the fall. Some of the colleges our students will be transferring to include: UCLA, UC Berkeley, UC Davis, UC Santa Cruz, UC Santa Barbara, UC Irvine, CSU Fresno, CSU Monterey Bay, CSU Fullerton, Cal Poly, San Jose State, Fresno Pacific, Brandam, and the University of Tennessee. Wow! What a great accomplishment for our students and a great big thank you to the staff in our Transfer/Career Center.
- **Certified Nurse's Assistant Certification** – Tonight thirteen students will be receiving their Certified Nurse's Assistant certificates in a special recognition ceremony provided by our nursing program. Charles Freeman, Marleen Smart, and Cynthia Dolata will be awarding students their certificates and special awards tonight. The students will be taking their state board licensing exams on Monday.
- **Incident Command System Training** – This afternoon the college's emergency response team participated in the second of two training workshops to prepare for possible emergencies that could occur on campus. This is part of the federal requirement for all schools and colleges to regularly train for emergency preparedness. Today's training session included possible emergency simulations and tested our team's response. Our team did very well, but we definitely need regular practice and drills to hone our skills. As an fyi, we have designated the administration building as our command center. This means in an actual emergency the Incident Command Team could take over offices and/or draft admin individuals as support personnel until the full team arrives. All in all it was a good exercise.
- **Board of Trustees Meeting** – At Tuesday's meeting our Board of Trustees approved our college's Mission and Vision statement which allows us to meet one of the accreditation standards. We are required to regularly review our mission and vision and after a lengthy process that began in February we now can report that we have met the standard for our Self-Study document. Thanks to all involved in the process.
- **Foundation Board Meeting** – On Wednesday our WHCCD Foundation held their regular meeting via video conference. This was a first and it allowed Lemoore area members to attend the meeting with Coalinga area members by not having to travel to the district office. During the meeting Frances reported a tentative net profit for the President's Scholars Golf

Tournament of approximately \$89,000. This was the largest thus far and a great testament to the support for the program and the colleges by our community. Congratulations to all!

- **Athletics** – What can I say 'bout them Eagles? What an unbelievable day Monday was for our college and our men's golf team. In fact, the last three weeks have been incredible beginning with winning the conference championship back on May 3rd. Who would have thought that West Hills could win the "Triple Crown" in community college golf? The "Trifecta" for horse lovers! We not only won the conference championship, but won the Northern California Regional's, and then the state championship. Wednesday's award banquet was a fitting tribute to the team, their parents, and coaches. Bob, Dave and Tim put on a great event with many awards and recognition for all. What made this season even more incredible is that our team consisted of local and area players. Two players are from Lemoore, two from Hanford, one from Tulare, and one from Fresno. Great job Dave and Tim!

This will be the last update for the year so have a great weekend and see you all at graduation!

WEST HILLS COLLEGE LEMOORE

**I.C.S. DRILL

TRANSCRIPTION

- 9:55 am ~ W. Paxton Activated I.C.S. Members through Berbee System**
- 9:59 am ~ Call from Operations Chief Montoya, that there are victims in the Library 1 down**
- 10:01am ~ Liaison Ron calls in to I.C. that there are several victims.**
- 10:01 am ~ I.C. Dr. Hall sends Safety Officer Dr. Harris to set up a first aid area in a safe place and report back to I.C. Hall of the location.**
- 10:03 am ~ Safety Officer Dr. Harris informs I.C. Dr. Hall that the First Aid area has been set up at the N. side of the Food Court.**
- 10:04 am ~ I.C. Dr. Hall sends Logistics Chief T. Garcia to help with the evacuation of the Library.**
- 10:06 am ~ I.C. Dr. Hall calls Logistics Chief T. Garcia to assist with the injured victims in the Library.**
- 10:06 am ~ I.C. Dr. Hall asked Logistics Chief F. Vasquez if there is fire or explosions, and if the utilities have been shut off.**
- 10:06 am ~ I.C. Dr. Hall asked Operations Chief Montoya how many are injured. Operations Chief Montoya replies I'm not sure but we have students down.**

- 10:07 am ~ I.C. Dr. Hall sends Planning and Intelligence J. Lopez to the First Aid area.**
- 10:07 am ~ Liaison Ron calls I.C. Dr. Hall to report that three (3) out of the five (5) victims are being treated by emergency crews.**
- 10:08 am ~ I.C. Dr. Hall receives a call from Operations Chief Montoya that C.D.C. is okay.**
- 10:09 am ~ I.C. Dr. Hall is notified that the Emergency Crews have arrived.**
- 10:09 am ~ Logistics Chief F. Vasquez reports to I.C. Dr. Hall that the gas has been shut off.**
- 10:09 am ~ I.C. Dr. Hall calls for Logistics to have a cart taken to the east side of the library.**
- 10:09 am ~ I.C. Dr. Hall receives a call from Operations Chief Montoya that there is more fire and smoke in the library and that there has NOT been any explosions.**
- 10:10 am ~ I.C. Dr. Hall sends Liaison V. Rosa to assist at the First Aid Center.**
- 10:11 am ~ I.C. Dr. Hall receives a call from P.I.O. M. Ennes that a parent called in and was worried about a friend coming to pick up her child from C.D.C., I.C. Hall stated that he would contact the C.D.C. Center.**
- 10:12 am ~ A call comes in that they need assistance at First Aid. I.C. Hall sends Planning and Intelligence A. Tos to the First Aid Center.**
- 10:12 am ~ A. Tos contacts I.C. Hall and reports that they victims are receiving treatment.**

- 10:13 am ~ Operations Chief Montoya, and Liaison S. Young contacts I.C. Dr. Hall and states that the Library has been evacuated. Operations Chief J. Savopolos confirms.**
- 10:14 am ~ A. Tos contacts I.C. Hall and reports that the emergency crews are with the victims.**
- 10:14 am ~ I.C. Dr. Hall is notified by Logistics Chief F. Vasquez that the electric has been checked.**
- 10:16 am ~ I.C. Dr. Hall is informed by Safety Officer Dr. Harris that the First Aid has been moved to the east side of the Library.**
- 10:17 am ~ I.C. Dr. Hall contacts Logistics Chief E. Zavala to assist with the control of the Media at the 100 building.**
- 10:17 am ~ I.C. Dr. Hall has been informed by Operations Chief C. Camarena that the Charter students are accounted for.**
- 10:18 am ~ I.C. Commander sends Planning and Intelligence M. Hendrickson to assist with Media at the 100 building.**
- 10:19 am ~ I.C. Commander M. Hall is informed that the Fire Department is doing a final sweep of the Library.**
- 10:21 am ~ I.C. Dr. Hall is told that there are seven (7) injured.**
- 10:22 am ~ I.C. Dr. Hall is contacted and told that the Refrigerators were not working in the Food Court. Operations Chief Montoya interjected and said to close the Food Court down.**

- 10:23 am ~ I.C. Dr. Hall was notified by Operations Chief Montoya that the audible was off but the strobes were still on.**
- 10:24 am ~ P.I.O. M. Ennes asks for help with Barbara Boxer.**
- 10:25 am ~ Planning and Intelligence A. Tos notifies I.C. Dr. Hall that five (5) victims have been transported to the hospital.**
- 10:25 am ~ I.C. Dr. Hall sends Logistics F. Vasquez to evacuate the Athletic Department.**
- 10:26 am ~ I.C. Dr. Hall is notified that Lupe Alvarado and Sharon Williams are missing. I.C. Hall contacts Liaison R. Oxford to confirm if they reported to work, Oxford confirms.**
- 10:27 am ~ I.C. Hall sends Liaison R. Oxford to check the 100 Building for Lupe and Sharon.**
- 10:27 am ~ I.C. Hall is contacted by Liaison S. Young and told that he has located Lupe Alvarado, she had been evacuated to the right side of the library.**
- 10:28 am ~ Planning and Intelligence A. Tos notifies I.C. Dr. Hall that she will look for Sharon.**
- 10:29 am ~ I.C. Hall is notified that the fire in the Library is getting larger.**
- 10:30 am ~ Logistics Chief F. Vasquez lets I.C. Hall know that the Athletic Department has been cleared and evacuated.**
- 10:31 am ~ I.C. Hall was notified that Sharon Williams has been located at the 100 building and is okay.**

- 10:32 am ~ I.C. Hall contacted Logistics Chief F. Vasquez and Logistics Chief E. Zavala to help with handling the press.**
- 10:33 am ~ I.C. Hall sends Logistics Chief E. Castellon to help with press control at the 100 building.**
- 10:34 am ~ I.C. Dr. Hall contacts Logistics Chief J. Bernal and J. Ieronimo to come to the I.C.S. Primary Meeting Area.**
- 10:35 am ~ I.C. Hall sends Logistics Chief J. Bernal and J. Ieronimo to retrieve a list of items.**
- 10:36 am ~ I.C. Dr. Hall asks Planning and Intelligence A. Tos if she has the name of the Victims.**
- 10:38 am ~ I.C. Hall is contacted by Liaison S. Young and notified that the computers are up and in working order.**
- 10:39 am ~ I.C. Hall is contacted by President Warkentin and notified that there will be a press conference in five (5) minutes.**
- 10:40 am ~ I.C. Hall is notified that all Charter Students are accounted for.**
- 10:41 am ~ I.C. Hall contacts Operations Chief Montoya to see if the campus has been cleared by Emergency Officials.**
- 10:41 am ~ P.I.O. M. Ennes contacts I.C. Hall to see if he knows if the Campus is being cleared.**
- 10:42 am ~ Planning and Intelligence contacts I.C. Hall and notifies Dr. Hall that five (5) victims have been transported to Regional Hospital and two (2) victims have been transported to Hanford.**

10:44 am ~ I.C. Hall is notified that the Stations have been pulled.

10:45 am ~ I.C. Dr. Hall sends Planning and Intelligence M. Hendrickson to Hanford Hospital and Logistics Chief T. Garcia to Regional Hospital.

10:45 am ~ I.C. Dr. Hall is contacted by President Warkentin and notified that he will be doing a Press Conference at 11:00am at the 100 building.

10:48 am ~ Operations Chief Montoya contacts I.C. Dr. Hall and lets him know that additional emergency (helicopter and vehicle) have been cancelled.

10:48 am ~ I.C.S. Team is asked to go for briefing.

**Emergency Drill
10/16/07**

10:00 a.m. library fire alarm goes off

**Liaison Ron runs to east end of library lots of smoke and counts three injured students
Liaison Ron runs back to circulation desk and dials 911 to report (he is placed on hold)
He instructs everyone to evacuate building and report to the back of the Admin building.**

**Liaison Ron reports, "There's been a plane crash east end of library, lots of smoke and injured students...Please send emergency services."
Dispatcher asked for exact location Liaison Ron responded, "couldn't give exact location due to smoke, just on the east side of library." Liaison Ron reported, "we are currently evacuating everyone out."**

Liaison Ron reported over radio to IC Marlon, "I've called 911. Liaison Ron in Library emergency services on the way."

Liaison Ron went to the injured students asked, "are you okay." Liaison Ron assessed injuries?

Liaison Ron reported to OC Vince, "there were three injured students that he could see please advise...."

OC Vince reported, "if they were able to move to please evacuate them out of the building."

M&O staff and OC Vince arrived. OC Vince directed M&O staff to help move some of the injured as well as Liaison Ron they exited out the east side door close to the server room. Liaison Ron made sure to tell the wounded, "we are going to be carry you outside."

Liaison Ron called IC Marlon, "where do we take wounded? Some are severe..." While Liaison waited for response they sat for a little on brick wall outside library.

OC Vince responded back to Liaison Ron, "take them away from building."

Liaison Ron responded back, "I am taking them to the east end of library close to the road so that emergency crews will have access to them."

OC Vince asked, "how many injured?" Liaison Ron reported, "so far three injured copy that?"

Liaison Ron asked, "this is Liaison Ron is building empty?" Liaison Scott responded, "yes, building is empty." OC Joe also confirmed building is empty.

Liaison Ron asked, "OC Vince where is our IPO Marty, press is asking questions and need to direct them towards our IPO?"

NO answer so Liaison Ron asked, "IC Marlon where is our IPO located, press wants answers."

Liaison Ron commented to press, "no comment at this time IPO will discuss this I'm waiting to get a location.... Please stand back away from the injured."

Liaison Ron called again, "PIO where are you located?"

Liaison Ron called again, "IC Marlon we need emergency services on east side of library we have three injured, one is loosing consciousness please respond."

No response..... Liaison Ron reported again, "we have three injured and no one has come over to look at them." No answer

Liaison Ron assured injured, "someone was on their way to help, hand in there."

Liaison Ron instructed WHC staff to stay with the injured. Staff started taking down names of victims, age, any health problems, parents' names.

Liaison Ron called again, "Liaison Ron divert emergency services to injured three on east side of library one is critical. Most critical is closest to the street."

Liaison flagged down fire truck reported back to IC Marlon, "three injured are being treated at east end of library." Liaison Ron reported to OC Vince, "need more staff to help comfort injured."

Chief paramedic came to Liaison Ron and asked him, "Please report to IC Marlon all injured needed to be centralized in one area. Need to bring all injured to east side of library where there was easy access to the street."

President/IC approached us and asked if we had head count for all of our library staff/faculty. At that time we were unsure about Lupe Alvarado and Sharon Williams location. Liaison reported to IC Marlon, " please have someone look for these two individuals and be advised one is pregnant." P&I (Angela Tos) came and volunteered to go and locate these two individuals. President/IC asked Liaison Ron, "please confirm that both of these employees reported to work today." Liaison Ron, "Affirmative both employees reported to work today." Liaison Ron reported, "IC Marlon will someone help locate home or cell phone for Sharon Williams because she might have gone off campus."

"This is Liaison Ron Oxford safety officer Dr. Harris do you copy?" Dr. Harris copied.
"Liaison Ron safety officer Harris we need to have all injured in one area per instructions from chief paramedic I will send someone to guide you over to east side of library copy."
"Liaison Ron Dr. Harris do you need more help over there to move injured?"

Angela P & I reported. "Liaison Ron both employees have been located and she will respond to his request to guide Dr. Harris to east side of the library."

Emergency services instructed Liaison the classifications of the injured Red as being most critical, yellow would be treated next and green being less critical. They also informed him that another ambulance is standing by and a helicopter is on it's way.

"Liaison Ron to IC Hall ambulance is standing by and helicopter is on the way."
Liaison Ron, "copy that?"

Three more injured students arrived and were assessed by emergency crew.
"Liaison Ron to IC Hall ambulance are taking injured and helicopter has arrived."
Emergency crew notified Liaison Ron, "four injured students were taken to Regional Medical in Fresno and the other two were taken to Hanford Community, no fatal injuries."

After all injured students were gone Liaison Ron walked over to Admin where all the students who were evacuated were told to report to see if he could be of any further assistance. Liaison Ron was not needed "Jellybean!"

Responders test West Hills' emergency plan

10/18/07.

By Shannon Milliken
smilliken@HanfordSentinel.com

It was all just a drill. A suicidal pilot crashed his plane into the West Hills College Lemoore library building on Tuesday morning, killing himself and injuring nine others, in the imagined scenario created by the college's administration and the consultant working with them on the campus' plan for an emergency.

But local firefighters, paramedics and police responded almost as if there had been an actual plane crash on the college campus. In a real emergency, there would have been more resources on campus, but not as many response teams could be pulled off the street for a drill, consultant Kenneth Lake said.

It was practice for both the college's staff and students as well as for the emergency responders, to see how the college's emergency plan would work if there were a real emergency on the campus.

"We're just testing our plan today," said Don Warkentin, president at the Lemoore campus. "And if we need to tweak it then we'll tweak it."

The college is one of few community colleges to practice its plan for responding to an emergency, though the West Hills Coalinga campus had a similar drill three weeks ago, Lake says.

Officials from several local school districts attended the morning's events to observe, give feedback and get ideas for their own campus emergency plans, including Pioneer Middle School Principal Greg Henry, and Lemoore Union High School District Superintendent Harry Sussman.

Debbie Muro, the Lemoore high school district's assistant superintendent, said she and Sussman had attended to get ideas for their own district plan and to watch some of the Lemoore district students who were acting as victims in the created emergency.

Some students were carried away on stretchers or given pretend medical aid, their faces and clothes smeared in fake blood. And the pungent odor of smoke -- emulating a fire caused by the plane crash -- wafted throughout the south side of the campus.

Several staff members filled roles as part of the incident command team. Marty Ernes, an instructor for communication and English at the college, filled the role -- as

she would in a real emergency situation on the campus — of public information officer, fending off the students who were acting as members of the press.

Anne Jorgens, from the risk management committee at the West Hills Community College District office, said the drill was not a test of the college's staff or the local response teams, but rather a test of the plan itself to see how it would work.

"Unfortunately we need to have it," Jorgens said of the plan. "We just hope we never need to use it."

President Warkentin cited the tragedies of Sept. 11 and Virginia Tech as reasons for the college to have a new and updated plan in place now.

John Sousa, superintendent of Kit Carson School District, agreed at Tuesday's event that it is necessary for school administrators to be prepared in case of an emergency.

"My school could have an emergency anytime," Sousa said. "As a superintendent, what I fear the most is an emergency at my campus."

The college's administrators and incident command team will meet on Thursday morning for a formal debriefing in the campus conference room to discuss necessary training and modifications needed for the emergency plan.

The reporter can be reached at 582-0471, ext. 3047.

June 9, 2010

The West Hills Community College District updated and tested the district emergency preparedness/crisis response plans in May and June of 2010.

Plan Updating / Staff Training

The emergency preparedness/crisis response plans were reviewed and updated at each site. An update on the National Incident Management System (NIMS), including the Incident Command System (ICS), was provided to the ICS Teams at each site (attendance forms are maintained by the site.) In addition, emergency supplies and equipment were checked including ICS team member grab-and-go bags. Hand-held radio protocols and practice were also provided at each training session.

Lemoore Campus May 11th
District Office May 20th

Coalinga Campus May 12th
North District Center May 27th

Testing / Tabletop Exercises

The site plans were tested using tabletop exercises at each site. The ICS site team was divided into two separate teams and worked through several scenarios within the teams and then practiced radio communication with the other team. The scenarios included: Aftermath considerations from the Multi-Casualty Incident Drills held on-site in 2007/2008; a "Prankster" exercise; a shooter-intruder exercise; and an earthquake exercise.

Coalinga Campus May 20th
District Office May 27th

Lemoore Campus May 21st
North District Center June 1st

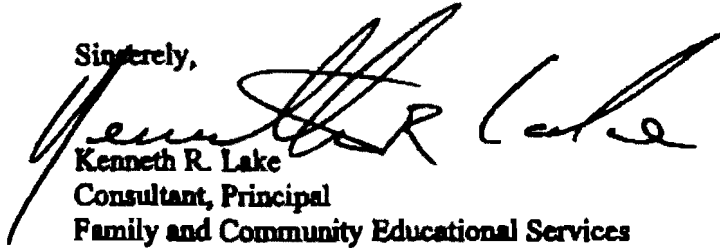

Recommendations

1. Each site to assign an Emergency Preparedness/ Crisis Response Coordinator to ensure the site plan is current.
2. Coalinga, Lemoore, and North District Center update and communicate the location of the primary and secondary Emergency Operations Center (EOC) on campus.
3. Ensure that the telephone emergency notification system is working and current at each site.
4. Train appropriate staff in the use of the telephone emergency notification system.
5. Provide electrical timers for the handheld radio chargers.
6. Ensure the handheld radios are adequately charged and ready for use.
7. Ensure that each site ICS team regularly practices and uses the handheld radios.

8. Significant plant construction is currently happening, or soon anticipated, at each site. Each site should consider the impact of this construction on the current plan and amend the plan to take into account the impact of this construction.
9. Upon completion of the construction review and revise the plan.

The West Hills Community College District is to be commended for the ongoing attention to emergency planning and crisis response training. If we can assist in anyway, please do not hesitate to contact us.

Sincerely,

Kenneth R. Lake
Consultant, Principal
Family and Community Educational Services

RECEIVED

APR 08 2009

BUSINESS SERV. DEPT.

Ms. Anne Jorgens
Budget Services Supervisor
West Hills Community College District
9800 Cody Street
Coalinga, CA 93210

Subject: IS-100.a, IS-200.a, and IS-700 Training Completed on November 21, 2008 and December 5, 2008

Ms. Jorgens,

Risk Management Professionals (RMP) would like to thank you for the opportunity to provide NIMS training on IS-100.a, IS-200.a, and IS-700 at your facility on November 21, 2008 and December 5, 2008.

Enclosed are the certificates of completion provided by FEMA for those students that passed each one of the tests as listed below. Additionally, below is a breakdown of the students that did not receive a certificate and the reasons why.

- The students listed below failed to provide a complete Social Security Number to FEMA. Their tests were not returned to Risk Management Professionals.
 - Cherie Mitchell (IS-100.a, IS-200.a, IS-700) ?
 - Angela Tos (IS-200.a) ?
- The Social Security Number for the students listed below, are not acceptable to FEMA. Their tests are enclosed for you to address the discrepancies and resubmit to FEMA, if you wish.
 - ✓ ○ Anita Bart (IS-100.a, IS-200.a, IS-700)
 - ✓ ○ John Petree Jennings, III (IS-100.a, IS-200.a, IS-700)
- The following student failed to achieve a passing score of 75% or better for one or more of their tests.
 - ✓ ○ Scott Young (IS-100.a)
- The following students achieved a passing score of 75% or higher for one or more of their tests.

WHC LEMOORE - MCI DRILL

FORMAL DE-BRIEFING NOTES Teleconferenced with Coalings October 18, 2007

1. Welcome and Introductions:

Ken Lake asked everyone to briefly introduce themselves and what role they played in the drill:

Joe Savolopoulos – door bouncer, Operations, Ron Oxford – Liaison, Angela Tos – Logistics, Marlon Hall – Incident Commander, Fred Vasquez – Operations, Wendy Paxton – Scribe, Vince Montoya – Operations, Dave Bolt – on vacation, Ted Schlosser – Police Dept., Frank Guiano – American Ambulance, Wes Roberts – Police Dept., Frances Squires – Photographer, Don Warkentin – Logistics, Clifton Harris – Safety, Eric Castellon – Logistics, several others were present.

2. Drill – Overview & Comments:

Ken Lake asked for comments regarding the drill, what went well, what didn't work?

Frank, American Ambulance: Communications problems with his department and Fire department, college IC in finding out what's going on. Safety is first they need to know what's happening before the rescuers go in. They needed to know how many to rescue and fire issues.

Wes Roberts, Lemoore Police: They identified a lot of things they need to work on, a lot of things they need to work on between them and Fire department.

Ted Schlosser, Lemoore Fire Dept: This was a learning experience. West Hills did a great job.

Ken Lake, Consultant: Unfortunate and unexpected start to drill, which resulted in responders and college actors and staff not being quite ready to start when it actually did start. He outlined what actually happened for guests; basically a College staff member in the Library thought it was real, pulled the fire alarm, called 911 and used a fire extinguisher to put out the smoke machine.

His observations included: Incident command area didn't have a lot of support staff. Communication issue – everyone trying to talk at once, should have designated different channels, however Ken reminded staff this is very typical, one of the things in the plan that needs to be looked at is designating specific channels to the different functions.

Marlon Hall, College IC: Not everyone who responded had a radio, which caused communication problems.

Clifton Harris, ICS Safety: Need to learn call protocol ie; different channels, use title rather than name, practice using title and first name.

Vince Montoya, ICS Operations Chief: Think they did pretty good, Berbee emergency announcement system was good, need to use it for global announcement as staff on campus not involved in drill wanted to know what was happening, also staff involved would at least know what the incident was, good that we had a PIO center set up as Press was pesty, yellow taped off the building OK. What went wrong – went from Plan A to Plan B without communicating it, needed to communicate what happened to everyone.

Anne Jorgens, District Drill Planning: Could have made a universal announcement over Berbee to all IC team.

Frank, American Ambulance: Heard the word hazardous materials, when that happens they use rule of thumb ie; they hold their thumb out for wind directions before they set up triage area.

Fire Department: Never were told that it was an airplane accident, but obviously in a real incident we would have had a visual scene to help determine incident, also College staff needs to evacuate "up wind" not down wind with victims. Recommends look at your flag pole for wind direction. Location of IC team – most likely would be 100 building.

Ken Lake, Consultant: You do want IC isolated but problem with 100 Building is that it will be more accessible.

Frances Squire, PIO: From press view – she trained the press actor to be pests as in a real incident they will be in your face. What you had at the drill was just the tip of the iceberg. Backup PIO's never got a call, so need to make sure contact numbers are available and that someone in IC contacts everyone who should be contacted. Planning and Intelligence roils were never activated. What about parents etc. Police Department in a real incident would have stopped everyone from coming in at the corner of the campus and would have needed a liaison there to communicate with college ICS team. Press can legally put them self in danger, they have the right to be there unless the Police declare it a crime scene.

Clifton Harris, IC Safety: Would have been helpful to have access to security force other than Police Dept., perhaps local security company or our own AOJ classes if they are on campus, suggested added numbers for these to the plans contact list. Parents should be given a specific point to go to. In reality first responders would have control traffic and we would have had a liaison out there.

Eric Castellon, IC Logistics: Actually on the east side we had a real parent with a child in the CDC who didn't know what was happening, all our signs should have been in both languages. We needed someone to answer student questions on campus as well.

Ken Lake, Consultant: Asked everyone where the primary evacuation point is? It is behind the 100 Building.

Clifton Harris, IC Safety: We need to identify all the evacuation locations and aid stations for injured to go to.

Fire Department: Problem with pre-designating these points is whether it's safe to be there.

Ambulance Department: They will set up triage points. They used to designate level of injured using Red (move out now) Yellow (stacked, treated on scene) Green (walking wounded) and Black (left where they are – crime evidence) now the new system is Red (Immediate) Yellow (delay) Green (minor) and Black (morgue). If they had a lot of working wounded they would call up IC and ask for Bus to get them out.

Angela Tos, IC: Liaison was a bit confused initially, stayed with injured until someone came but they need to remember to call up for assistance.

Fire Department: This was an issue with their staff as well, not calling for assistance.

Police Department: Sometimes need to leave someone or get someone to stay with them.

Ambulance: The first thing they do is triage.

Ken Lake: Responders first response priority is people not the fire. Usually want to have liaison immediately connecting with responders.

Fire Department: College usually does this anyway.

Don Warkentin: We had a real incident with a Bomb threat and the College handled it that way.

Frances Squire: Observation was that we all need to take some personal responsibility to learn some first aid and CPR training.

Don Warkentin: Do have a small area which could be used a resource, the nursing lab 800 Building, B wing.

Vince Montoya: Maps were sent electronically to responders and ICS Team.

Frances Squire: From a PIO standpoint, it went pretty well. In a real incident we will have a lot more press. Recommend perhaps adding two more people on the IC PIO team just to help out in this area. Keep to plan, have access to computers and printers to provide quick handouts etc. and new releases, press and crowd control vital, so that everyone knows what is going on and where to go for information, need a better process to notify IC on when press conferences will be held. Surprised about students not knowing what was happening, apparently they were asking when the library was going to be open again. Need information for evacuees as well.

Dave Bolt, College: We don't have an obligation to provide information to press or media, we can always say "don't have enough information now – will have a press release/conference later".

Police Department: You can put up a phone # etc., and use them as well. In real life Fire and Police PIO may help out as well.

Ken Lake: Rule of thumb is "feed the press, if you don't, they will make it up". A lot of time the press comes to you with facts and are asking for confirmation, they can actually be a resource.

Freddy Vasquez, Logistics: Went fairly well, noticed a lot of radio chatter, did his assigned tasks.

Ken Lake: They specifically added tasks for logistics, they did well.

Vince Montoya: Checklist was good is; utilities etc., perhaps put on index cards in the future for Operations staff or even index cards with key points for each ICS team position.

Angela Tos, IC: We need to look at steps to get victim information before the incidents. Perhaps have 2 or 3 radios in one location charged and ready to go for staff that doesn't have them with them.

Wendy Paxton, IC Administration & Finance: It was crazy, she acted as the incident scribe at the incident command center, should have kept somebody else there to keep track of people and their locations.

Ken Lake: If you feel overwhelmed – ask for help or bodies.

Vince Montoya: Learned that 3 deep for the ICS team positions is so important, at first didn't think it was a good idea but now it was a really good thing.

Clifton Harris, IC Safety: This drill didn't really need a safety person, but still need to set up site for initial evacuation point for injured until responders arrive.

Police Department: Once a building is cleared, need to keep everyone out.

3. Next Steps:

Ken Lake said the next steps are:

- He will go back and make a final report for the District.
- Then we will look at the Emergency Response Plan.
- Communications – continued training for radios and usage.
- Materials – review grab and go bags.
- Continued staff training.
- Continue with table top sessions.
- Continued staff training on Berbee Informacast system.

Ken Lake said the College did an excellent job, job well done. Thanks for letting him be involved, it was his pleasure to be a part of the College's drill event.

INSTRUCTIONAL PROGRAM REVIEW

West Hills College Lemoore

I. General Information

- A. Instructional Program: Psychology
- B. List of Full Time Program Faculty and Staff: Allen Fortune

II. Program Overview

- A. State the program mission. The mission statement should include the purpose of the program, the ideals the program strives to attain, and who the program serves. The program mission must align with the college's mission and goals. *(200 word limit)*

The Psychology program at West Hills College will empower students pursuing a major in psychology by creating a positive environment to learn fundamental psychological theories and concepts. Program coursework will give students a solid foundation to build on as they transfer schools to continue their education or pursue an occupation in a psychology related field.

- B. List any recommendations from the most recent college/program/department accreditation and/or previous review. *(250 words or less)*

There have been no recommendations.

- C. Identify all personnel, including the number of certificated, classified professionals and volunteers.

Employee Classification:

Certificated 5 Classified Professional 0 Volunteer 0
Student Workers 0

IV. Professional Development

What professional development activities have faculty participated in? None. However, professional development is a priority and activities will be established within the fall semester of 2010 and faculty will be encouraged to attend at least one of the professional development activities that have been identified by the end of Spring 2010. At least one of the activities will be technologically related in hopes to keep West Hills College Lemoore on the cutting edge of Psychological Education. By having our faculty attend professional development to learn about the newest ways of presenting material that has been around for over 100 years they are able to connect even better with a new generation of student by using technology and terms students can relate to thereby improving student learning.

V. Curriculum and Student Learning Outcomes

A. List your Instructional Program-Level Student Learning Outcomes (PLO).

PLO #1: Students will be able to identify various research methods used to study behavior and mental process.

PLO #2: Students will be able to identify the basic structures of the brain and nervous system.

PLO#3: Students will be able to apply psychological concepts and theories to everyday situations.

PLO#4: Students will be able to identify and apply behavior modification techniques.

PLO#4: Students will be able to identify theories of personality and the psychologist associated with each theory. Example: Psychodynamic Perspective-Freud.

PLO#5: Students will be able to identify the major components in a case study and how to use case studies as references when writing a research paper.

PLO's have been changed to reflect the Psychology faculty's vision of how to make the Psychology program more linear. This is done by using several Course-level student learning outcomes (CLO) that exemplify a program standard. For example the PLO #2 is introduced in General Psychology and Developed in Psych 2 and 3; then it is intended to be mastered by the students in Psych 5. To assess how this PLO will improve student learning, evaluations in the courses will include asking students to identify the basic structures of the brain and nervous system through questions on exams. Student scores on the questions on brain structures and nervous system should continually improve as they progress through the program. As PLOs are analyzed, if it is found that students are not successfully completing a PLO, the department would then evaluate the CLO with faculty in order to discuss how to improve success at the CLO level.

PLOs for the Psychology Program are considered by faculty to be fundamental issues that students who complete the program will use as they continue their education in psychology or as they enter into a work related psychological field.

Course outlines and prerequisites will be reviewed the Spring of 2011. One item that will be discussed is the prerequisite of Psych 1 before taking any other Psychology class since it is the hope that Psych 1 will be introducing students to concepts that will be elaborated on in Psych 2,3,4,5, and 29.

There are no anticipated curriculum changes anticipated in the next two years. One course that may be added within the next five years could be Criminal Psychology.

Technology is a component of the Psychology program. Most of the Psychology courses have some component that is online. Ebsco host is already being provided for the Psychology students to choose peer reviewed scholastic research. Web-enhanced classes will be encouraged and faculty is looking into the use of additional technology as it becomes available such as e-text and virtual labs. Faculty is continually provided with the most current edition of textbook and has been encouraged to seek out professional development workshops that provide cutting edge tools and methods to ensure curriculum is up to date.

Program Review, Planning and Evaluation

West Hills College Lemoore

Mission: *West Hills College Lemoore enriches the lives of our students and the community we serve by being dedicated to quality educational learning opportunities and partnerships. The college provides a positive environment that is committed to student learning and empowering students to achieve their educational goals.*

Assessment Grid

<p>Program: Mission: The Psychology program at West Hills College will empower students pursuing a major in psychology by creating a positive environment to learn fundamental psychological theories and concepts. Program coursework will give students a solid foundation to build on as they transfer schools to continue their education or pursue an occupation in a psychology related field.</p>		<p>Contact Person/ext.: Allen Fortune ext. 3326</p>

Program Review Summary Sheet for Planning/Institutional Effectiveness

I. General Information

Program: Psychology

Prepared By: Allen Fortune

Date Prepared: October 15, 2010

II. Summary

What actions have been taken to address the assessment and improvements of goals and learning outcomes?

Goal #1. To assess this goal 100% of Psychology courses will have a CLO assessed by graduation 2011.

Goal #2. To assess this goal a survey will be created and the answers will

Goal #3. A rubric will be distributed to all Psychology instructors and used to evaluate the CLO's that have research papers and results will be used in the PLO that will be done by graduation 2011.

Goal #4. Evaluate success rates every year of the Psychology Program students to ensure success rates continue to climb to the goal of 80% by 2015.

Goal #5. Evaluate PLO #1's results by June of 2011 and analyze success rates

Goal #6. Evaluate PLO#2's results by June 2012 and analyze success rates.

Goal #7. Evaluate PLO#3's results by June 2013 and analyze success rates

WEST HILLS COLLEGE LEMOORE

PROGRAM REVIEW/PLANNING AND EVALUATION PROCESS UNIT PLANNING GUIDE - NON-INSTRUCTIONAL DEPARTMENTS & AREAS TO BE COMPLETED BY UNIT/DEPARTMENT COMMITTEE

(Please submit this information using Microsoft Word. In formatting your response, please use the exact outline developed below.)

I. General Information

Department/Service: Disabled Student Services and Programs (DSP&S)

Date Prepared: August 16, 2006
September 8, 2006
September 29, 2006
October 23, 2006
March 6, 2007
March 12, 2007

Prepared By: Sylvia Dorsey-Robinson

Staff: Sylvia Dorsey-Robinson
Lataria Hall
Elva Torres
Suzanne Heskett

II. Program Overview

A. Provide a brief 4-year department/service area history.

The mission of West Hills Community College Disabled Student Programs and Services (DSP&S) is to provide equal access to education for disabled students in order that each student has the opportunity to realize his/her full potential. This is accomplished, in part, by providing academic accommodations and support services to students with physical, learning and psychological disabilities.

Over the last four years, DSPS Services have been offered at three campus-sites, Lemoore, Coalinga, and the North District Center at Firebaugh. The geographical area consists of two counties with the drive between the service areas one to two hours. Due to the geographic distance program services have been difficult to maintain. Nonetheless, DSP&S students at all sites have enjoyed the benefits of a multitude of services. Specifically, those services have been:

Individual, academic and vocational counseling
Priority registration
Notetakers/readers
Diagnostic Learning/ Disability testing
Alternative testing services
Mobility assistance
Liaison with the State Department of Rehabilitation and other agencies
Texts on tape
Electronic Text
Alternate Media
Instruction and use of assistive technology
Disability advocacy

Personal and academic counseling
 Adaptive classes
 Hearing equipment

These supports have enable students to not only fulfill their lifelong dreams of having a college degree, but to be recognized in a leaderships capacity on the campus. More specifically, last year, the president of the Student Club was a student who has been and continues to be served in the DSP&S program. This student not only gained the respect and admiration of the other students but went on to become on of the founding students of the Special People’s Club.

The most notable and recent achievement of the college has been to gain recognition as a accredited higher education institution, making West Hills Lemoore the 110th Community College in the State of California. While this accolade comes with a resounding sense of pride and accomplishment, it also brings with it future challenges and growth opportunities for the college over the next several years.

B. Describe how the department/service area is aligned to the advancement of the college mission, goals and objectives.

The DSP&S program is designed to support the advancement of all students in fulfilling their college dream. As our motto says, “Once you go here, you can go anywhere” this is particularly true of the DSP&S population. To that end, the DSP&S department offers students priority registration, testing and accommodations, technology support, and lab assistance with assignments.

C. List any recommendations from the most recent college/department/service area accreditation and/or previous review.

The June, 2006 Accreditation committee, recommended that six items be addressed. Of those six items, recommendation number three “Improving Institutional Effectiveness” specifically focuses on all programs, instructional and non-instructional, identify measurable goals and objectives that support student learning.

III. Qualitative and Quantitative Data Review

A. Attach the following Non-Instructional Program Review data (as provided):

▪ **Enrollment Trends**

The enrollment trends as reflected in the DSP&S program are as follows:

YEAR	98/99	99/00	00/01	01/02	02/03	03/04	04/05	05/06
District					12,000	11,157	12,156	12,834
Lemoore					8,289	7,942	8,725	9,034
DSPS	187	277	327	378	420	296	369	356

- Student Retention Rates/Student Success Rates (if applicable)

The student success rate is as follows:

YEAR	02/03	03/04	04/05	05/06
District	66%	65%	64.9%	64.9%
Lemoore	64.2%	64.5%	65.5%	65.3%
DSPS	61.4%	62.1%	63.2%	61.7%

The student retention rate is as follows:

YEAR	02/03	03/04	04/05	05/06
District	81.4%	81.0%	80.9%	80.5%
Lemoore	79.68%	79.83%	80.50%	79.88%
DSPS	78.1%	77.9%	80.4%	77.8%

- WSCH/FTEF (if applicable)
- Full-time to Part-time Faculty Ratio
- Number of Students Earning Degrees (if applicable)
The number of students in the DSP&S program that have earned a degree or certificate between Summer 2004 to Fall 2006 is 64 compared to 543 in the District in 2004-05.
- Job Market Analysis (if applicable)
- Student Demographics
The student demographics for 2005-06 was as follows:

Ethnicity	Asian	African American	Filipino	Hispanic	Native American	Other	Pacific Islander	White	DTS
District	4.43	6.65	2.81	42.58	1.17	1.22	.56	36.19	4.32
Lemoore	4.87	6.49	3.73	37.05	1.31	1.53	.58	39.71	4.69
DSPS	0.00	14.85	1.66	33.44	5.23	1.49	0.00	37.26	6.06

- Grade Distribution (if applicable)

The grade distribution for DSP&S students in 2005-06 was as follows:

Grade	A%	B%	C%	D%	F%	CR%	NC%	I%	W%
District	28	21	14	5	10	2	.06	.50	19
Lemoore	29	21	14	5	9	1	.04	.47	20
DSPS	29	17	15	6	8	.04	.33	.25	22

- Student Survey Data (if applicable)

B. Using the data provided, describe how the department/service area is affected.

Based on the information presented above, it appears that the students served by the DSPS program are performing comparable to their non-DSPS peers. With regard to enrollment trends, an analysis of the data shows that there is fluctuation in the enrollment numbers of students served in the DSPS program. While the District as a whole and Lemoore were able to recuperate student enrollment following the 2003-04 school year, the DSPS program was not. In fact the numbers for both the District and Lemoore exceed the numbers prior to 2003-04. This suggests that there is a tremendous need for recruitment and outreach for the DSPS program.

With regard to the student success and retention rate, the success rate suggests that DSPS students are performing consistent with their non-disabled peers. However, the retention rate yields a very different picture. While students who stay in a class are achieving grades of A, B, C or CR, far more students are receiving a grade of "W". This suggests that DSPS students are unaware of the impact of class withdrawals and/or they are enrolling in classes that they are not academically ready for. This suggests a greater need for more student **counseling** and **workshops**.

An analysis of the graduation/ certificate rates shows that 17% of DSPS students are completing their matriculation, while 29.6% of students district wide are completing their course design. This suggests that not only are DSPS students having difficulty completing classes, they are also not earning a terminal degree.

A review of the ethnic breakdown of DSPS students shows a disproportionate number of African-American and Native American students receiving DSPS serves, with a significantly less percentage of Filipino. The percent of African American students District wide is 6.65% and Lemoore is 6.49, while DSPS students are 14.85%. Likewise, the disproportionate number of Native American students in the district, Lemoore and DSPS are disparate. The percentage of DSPS students are 5.23, District wide is 1.17 and Lemoore is 5.23. On the contrary, there are significantly less Filipino students served in the DSPS program compared to the number of Filipino students district wide and in Lemoore. This data suggest.

C. Attach the following data maintained by your department/service area:

- Budget information regarding costs per department/service area on personnel, equipment, supplies, delivery of services (where applicable), and any other direct or indirect costs connected with the service as reflected by student enrollment.**

YEAR	00/01	01/02	02/03	03/04	04/05	05/06
State Allocation	250,592	365,244	361,590	344,684	338,746	\$350,484

Non-Credit FTE	313,172	318,394	334,378.43	670,362	342	332.44
FTE (\$ Credit)	9.27(2756.04)	13.66(2861.28)	17.05(2886.71)	20.97 (2864) =	79,045	\$ 92,942.87
(Non-Credit FTE	210.80(1485.64)	206.33(1543.13)	212.44(1573.99)	\$60,063	551,276	552,488.68
x				425.9 (1573.99) =		
				670,362.34		
TOTAL INCOME	589,312	692,723	745,186.83	0	\$969,067	\$995,915.55
Expenditures	727,067.56	1,061,039.10	754,713.91	\$1,123,972.54	1,030,894	1,138,774
College Effort	-0-	-0-	9,527.08	\$53.117	61,826	
Unspent Program \$				0	0	0
Primary Student Count	327	378	420	296	369	
Secondary Student Count	39	46	8	4	2	
Total Weighted Student Count	652.17	595.45	708.55	466.36	581.73	

2. Identify all personnel, including the number of certificated, classified professionals and volunteers. Discuss the diversity of faculty and staff.

Currently there are seven staff supporting the DSPS students and one volunteer. The certificated staff is composed of the Interim Associate Dean, a DSPS Counselor and two full-time faculty. One faculty member currently spends 100% of her time supporting in the general studies class, while the other faculty supports students through an adaptive physical education class. The classified staff consists of one high technology specialists, one Learning Skills Program Assistant, and one secretary.

The DSPS staff is comprised of not only individuals with a variety of education and experiences levels, but ethnic levels as well. Of the seven staff, there are two Black, four White and one Hispanic.

3. Describe the certificated and classified staffing requirements of the existing department/service area, as well as the effect any proposed curricular or instructional changes would have in the next three years. This statement should include the need to retrain, or to add staffing for new specialties. Finally, this statement should include the need to retrain or to add staff for clerical assistance, for maintaining equipment, or for serving as an instructional assistant.

Currently we are able to fulfill the program and student needs with existing staff. However, over the next five years, we will need the following :

Staff	Existing	Next Two Years	Next Five Years
Counselor/LD Spec.	1 FTE	2 FTE	3 FTE
High Technology	.5 FTE	.5 FTE	1 FTE
Access Specialists	0 FTE	1 FTE	1 FTE
Learning Assistant	1 FTE	1.5 FTE	2 FTE
Transportation Assistant	2 hrs	4.5 hrs	6 hrs
General Studies Instructor	1 FTE	2.5 FTE	3 FTE
Secretary	1 FTE	1.5 FTE	1.5 FTE
Director	0 FTE	0 FTE	1 FTE
Interim Assoc. Dean	.25 FTE	.25 FTE	.25 FTE
Dean	0 FTE	0 FTE	1 FTE

The additional staff will be the result of increased enrollment in both the college and the DSPS program. As the student population grows, staff will need to be available for counseling and other direct and indirect services to students. Concurrent with the student and staff growth will be the need to expand the course offerings, DSPS lab location, times, and computer stations. This will require additional equipment purchases.

The most immediate need; however, is to make available technology training to staff to ensure that staff have the necessary tools to articulate and provide assistive technology to students. This can most efficiently be accomplished through trainings and conferences offered through the High Tech Center, CAPED, and CSUN. Staff are also encouraged to seek out and identify professional development activities that will advance the college mission.

In addition to the regular staff development activities provided by the college, the DSPS staff will continue to attend trainings at the state High Tech College Training Unit (HTCTU) and job-related conferences provided by CAPED and other organizations as funding permits. Staff will also need to

receive ongoing updates in regards to Learning Disability (LD) assessments and the state Learning Disability eligibility model .

One option to reduce this expense would be to contribute to an ITS staff member to maintain the software/hardware technology in the DSPS labs, and consider changing the High Technology/Alternate Media position to an Alternate Media Specialist resulting in a cost reduction.

Staffing will also need to be increased accordingly to keep pace with the growing number of disabled students and number of students participating in the adaptive classes.

F. Address any significant trends in the above statistics, which relate to a specific course/program/service.

The significant trends reflected in the above data shows that there is an urgent need to improve the communication regarding DSPS eligibility and services. The DSPS team will be involved in ongoing outreach and communication efforts over the next two years. These efforts are designed to restore the student participation rate to levels seen prior to 2003-04.

Additionally, there is a strong need to work with DSPS students in recognizing when there are at risk of failing a class long before they are required to “withdraw”. In conjunction with that, there is a need to provided more support to students in course selection, planning and organizing, strengthening study skills and making greater used of the technology available in the DSPS lab. While the “early warning” system for all students is continuing to develop, ensuring communication with the DSPS office will be essential to student success, retention and persistence.

G. Identify and discuss the effect that trends may have on the department/services area’s organization, structure, and nature over the next two to four years.

The above described services to students will entail more staff to be available for counseling, course offerings, lab usages and assistance with mobility.

H. What resources are required to maintain department/service area, and what additional resources are necessary to improve or expand it?

The resources needed to improve or expand the department rests with staff, office space, technology, and equipment and supplies to support the expansion of the campus and services.

I. Discuss staff training, academic and professional currency.

The most urgent need is for staff to become better educated on the technology resources available to students.

J. Excluding curriculum validation, discuss community involvement in the operation of the department/service area.

The community has been involved in the DSPS program through counselor outreach activities. The DSPS team intends to continued the outreach efforts of “College Day” in the Spring, which will expose high school students to the services available in the DSPS program.

IN-SERVICE TRAINING

Goal

The District Director shall be responsible for a program of staff development for both the campus faculty and staff. The in-service will provide an increased awareness of the needs of students with disabilities and appropriate accommodations. Continuing efforts will be made to keep the College faculty and staff aware of:

- Support services and programs for the disabled
- Applicable regulations
- Student accommodation requirements
- Student referral procedures
- Assistive Technology

Objective

Develop a staff development training program for all support personnel who directly provide assistance to students with disabilities as well as for campus faculty and staff.

IV. Professional Development

A. What professional development activities have staff participated in?

In-service training should continue to be provided to assist instructors with classroom needs relative to disabled population.

Staff have attended conferences, workshops, etc. as staff development and program funds have allowed. Over the last three years (2003 to 2006), a limited number of staff have participated in the professional development activities such as: regional meetings, DeAnza High Technology Center, and mandatory conferences sponsored by the California Community College Chancellor's Office.

B. How does this professional development affect Student Learning Outcomes for your department/service area?

The effects of the professional development activities and student learning outcomes for the department have been isolated to a few individuals receiving training and gaining knowledge relative to Student Learning Outcomes.

C. Describe the department/service area's plans for staff development over the next four years.

Over the next four years, staff will need professional development in not only Student Learning outcomes, but technology advances that will enable West Hills to be fully accessible to a diverse present and future DSPS population. These trainings will better prepare staff to fully participate in the development of Student Learning Outcomes and strategies and interventions to regarding student success, retention and persistence.

D. Discuss the effectiveness of continuing education requirement to meet the need for advanced training and/or training in emerging technologies.

The effectiveness of continuing education requirements to meet the needs of advanced training and/or training in emerging technologies will be to largely available through staff participating in trainings provided through the High Technology Center and other technology conferences and trainings.

V. Student Learning Outcomes

A. Explain how Student Learning Outcomes are used to measure quality and success of this department/service area.

While we have just begun to use student learning outcomes as a measures of program success and student achievement, the effects of measuring the quality and success of the department will be evidenced by and increase in the number of students enrolled in the DSPS program, the availability of a variety of adaptive classes and fewer DSPS students receiving a grade of 'W'.

B. State any other measures used to determine the success of the department/service area (e.g. enrollment and demographics trends).

In addition to using student learning outcomes to measure the quality and success of the DSPS program, the college will look at data provided by the Office of Institutional Effectiveness.

VI. General Operations

A. How does the department/service area ensure that current curriculum/delivery of service is adequately meeting the needs of students?

The department diligently works to ensure that the curriculum/delivery of services is adequately meeting the needs of students by utilizing Curriculum committee updates, course review, and individual instructor assessment.

B. Do special accreditations, external regulations, or advisory committees regulate the department/service area? Yes No (if yes, elaborate.)

Yes, the Title 5 Implementation Guidelines serves as an external regulatory for the DSPS program. While there is not direct oversight, the college is expected to ensure proper implementation and the associate dean is responsible for ensuring that the guidelines are followed.

C. Does the department/service area have any special regulations, space requirements, staff training, etc.? Yes No (if yes, elaborate.)

Yes, the Title 5 Implementation Guidelines serves as an external regulatory for the DSPS program.

D. Is there evidence of unmet student needs caused by your department/service area? Yes No (if yes, elaborate.)

Yes, there is evidence of unmet student need. Based on data collected regarding DSPS students' use of the lab during the summer of 2006, it appears that DSPS students are want and will use the lab during the summer session. However, the summer of 2006 was the first summer that the lab was open and students were able to partially benefit from this opportunity, as the lab was closed or patricianly open due to lack of planning in the prior year.

E. How does the department/service area address cultural diversity?

The department addresses cultural diversity through the diverse staff employed. Specifically, the staff is a mixture of different ethnic and language backgrounds.

F. Describe the initiatives the department/service area has implemented to meet the needs of social-economically diverse students, and/or those with non-traditional requirements (e.g., physical mental disabilities, re-entry, gender, etc.)

The nature and design of the Title 5 regulations is to support individuals with special needs. Therefore, all funding received for the program is intended to remove barriers, educational hurdles and empower students to meet academic challenges like any other student.

With respect to supporting the needs of individuals who are socially and economically divers, the staff seek to recognize individuals who may need financial assistant and refers them to other student programs that can offer additional fiscal resources, such as the Extended Opportunities Programs and Services.

G. Discuss the department/service area's use of external funding, including grants and collaborative partnerships, if applicable.

The department relies heavily upon the state allocation of funds, and funds generated from both credit and non-credit classes.

H. To what extent is technology being used in the department/service area?

The use of technology is widespread in the department and student services. Students have access to a lab that supports voice activation, vision enlargement, and other technological supports. Additionally, staff all have access to computers at their work stations and the availability technology for data management ongoing communications and work management.

Prior to December, 2000, there had not been a plan for updating and/or maintaining hardware of software and there was no assistive technology on the campus. The college has made considerable progress in meeting the needs of the disabled through technology but there should be an ongoing plan to continue to upgrade technology taking into consideration the variability of the state economic situations, available funding, and civil rights requirements.

Ongoing supply needs will consist of routine office supplies, DSPTS lab supplies, and assistive technology being available to individuals with low incidence disabilities. The major issue facing software needs will be the division of assistive technology site licenses. Current software programs offered within the lab are:

- For blind students, JAWS, Kurzweil 1000 ,a Braille embosser, a Braille translation program, and a tactile graphics enhancer called the PIAF.
- For low vision students: ZoomText Level TWO, CCTV, Optelec ClearView SVGA base units
- For Learning Disabled students, the Kurzweil 3000 with a flatbed scanner.
- For students with physical disabilities, Dragon Dictate Naturally Speaking
- Read and Write to assist students with writing better papers

The Technology Advisory Committee was established to make appropriate recommendations with upgrades and new technology being added based upon funding capability. In addition, Human Ware, Inc. and the state High Tech Center make site visits periodically to complete assessments and make technology recommendations for the labs in order to best meet DSPTS students' needs.

I. Describe the supply requirements for your existing department/service area, as well as the effect that any proposed changes would have on the supplies in the next four years. This statement should include the kinds and amounts of supplies needed, any anticipated costs, and the need for any computer software/technology.

The supply requirements at this time are adequate to meet the needs of existing students. However as students with varying disabilities continue to enroll on the campus, there will be a need to identify and procure more sophisticated technological supports for those students. Additionally, staff training in the area of the technological supports will be essential. While at the same time making students aware that those supports exist and ensuring close articulation between the high schools and the colleges so that when a student enrolls he/she is aware of what they have

J. Describe the need for facility modifications within your existing department/service area or the effect that any proposed curricular or instructional changes would have on the existing facilities in the next four years. This statement should include a description of the desired changes, the rationale for the changes, and a rough estimate of the costs.

While the Lemoore campus is fortunate enough to be in the forefront with disability sensitivity and accessibility, it continues to be a major consideration in the design, development and acquisition of products and services for the DSPS students., The associate dean sits on the Facilities committee which helps to ensure that articulation continues to exist between the needs of the students, the mission of the colleges and the development of those structures. The district has allocated \$125,000.00 to ensure that the issues of accessibility continues to be a fundamental principle in the design and development of the campus. Additional space is needed for the DSPS lab in Lemoore.

VII. Additional Information (optional)

Please provide any other information to describe, explain, justify, analyze, or clarify prospective department/service area changes or needs anticipated in the next four years.

- A. What factors did you use in determining the quality and success of this department/service area?
- B. Identify the best ways to measure the quality and success of this department/service area. Conduct an evaluation of the department/service area. Use a survey or questionnaire when appropriate to address questions. (Examples: How do the persons served by this department/service area evaluate its adequacy or effectiveness? How do services compare to similar departments/service areas out side the College? By what processes does the department/service area deal with complaints and continually up-grade services? Other methods might include matching or exceeding nation-wide productivity measures, i.e., full-time staffing equivalent per square foot for M & O and per number of employees for Human resources, feedback from campus "clients", etc.)
- C. Describe the annual scheduling patterns for courses impact your department/service areas. Consider interaction with other departments/service areas, use of facilities and flexibility for students.

VIII. Summary and Recommendations

A. Based on analysis of the information provided in I through VII, describe the program's strengths, areas that need improvement, and strategies and actions to make those improvements.

Based on analysis of items I to IV, it is felt that the program strengths are : From spring, 1999 to fall, 2002, there was an increase in district enrollment of 14.5%. During that same time period, there was an increase of 37% in the DSPS program. However, only 17% of DSPS students receive a terminal degree or certificate compared to non-DSPS students where 29.6% receive a terminal degree or certificate.

This suggest that while DSPS students are enrolling in classes, there needs to be greater emphasis on successful completion of a degree. More work needs to be done in the area of available of a variety of adaptive classes wherein DSPS students can complete a programs, use the existing and future technology options to meet their course requirements and continued and greater emphasis on expanding trainings to not only which staff person will receive trainings but what trainings staff will participate in. The focus should be on researching a greater variety of technology options to a more divers DSPS population.

B. Program strengths

Program strengths are:

- Semi-automatic doors have been installed at the Lemoore Campus along with automatic paper towel dispensers. The next major purchase will be automatic soap dispensers, and transportation drop-off and pick-up points. We will also need to hire a driver to ensure that this service continues to be available to students with mobility and or medical needs. .
- Program student e-mail created.
- Overall, increased program participants.
- Assistive technology upgrades were made in JAWS, Kurzweil, Dragon Dictate Naturally Speaking, and Text-Write Gold.
- The High Technology/Alternate Media Specialist received updated training as needed at the DeAnza High Technology center.
- A DSPS Faculty Handbook was developed with training provided to instructors.
- Involvement in flex-day training activities promoting disability and technology awareness.

C. Areas that need improvement

The data suggests that the increased outreach efforts have helped significantly with the increased program growth since 1998. Plans are to not only continue outreach efforts with high school students but also to provide training in assistive technology with local RSP teachers in the secondary school system in order to help promote transition. There is a need to ensure that the website is accessible to individuals with disabilities. Also to make the lab available beyond the current 8:00- 5:00 time period, during the fall and spring semesters.

Additionally, there is a need to provide courses that are compatible to the divers needs of the DSPS student, making the possibility of a terminal degree or certificate more likely.

D. Strategies and actions for program enhancement and improvement.

Strategies that are necessary to ensure continued program enhancement and improvements are :

- Academic counseling/program planning
- Registration assistance, academic counseling, and general assistance provided by learning disability specialists and counselors
- Referral to career planning guidance, testing and counseling service
- Have available for students who need the following:
 - Sign language interpreters
 - Mobility assistance
 - Braille transcription
 - Availability of adaptive equipment
- DSPS Orientation and ongoing workshops
- Individualized testing for DSPS eligibility
- Continue to participate in the Faculties Planning Committee
- Access to High Tech Center including adapted hardware and specialized software
- Liaison with community agencies
- Access to advisory committees, clubs, and organizations

- Establish and maintain an Advisory Committee as an integral part of the District's program for the disabled. The committee will be established in conformance with District policy. Committee membership will include but not be limited to:
 - Consumer group representatives
 - Public and private agencies
 - Referring agencies
 - DSPS Staff

E. Attach your Assessment Grid, which describes at least three short-term and three long-term goals. You should have not more than five short term goals, of which at least three are student learning outcome goals. (The logic model may be used to answer this question.)

Program Review, Planning and Evaluation

MINUTES

Call to Order

Mr. Warkentin called the meeting to order at 2:05 p.m.

Roll Call

A silent roll call was taken with a quorum determined.

Members Present

Dave Bolt, Vice President of Educational Services
Sylvia Dorsey-Robinson, Vice President of Student Services
Stephanie Droker, Academic Senate President
Marty Ennes, CTA/Faculty Representative
Marlon Hall, Associate Dean of Educational Services, Evening College
Jose Lopez, Dean of Students
Ron Oxford, Librarian
Angela Tos, CTA/Faculty Representative
Don Warkentin, President
Linda Amaya-Guenon, Counselor/Advisor
Angel Isidoro, Student Government Association Representative

Members Absent

David Babb, Student Learning Outcomes Chair
America Bryant, CSEA/Classified Representative
Keith Brock, CSEA/Classified Representative
John Bernal, Director of Facilities & Auxiliary Services
Rene Sanchez, Curriculum Committee Chair

Approval of minutes

The minutes of the March 17, 2010 meeting were approved by a motion by Ron Oxford, seconded by Marlon Hall, all were in favor, motion passed.

Action Items

• **WHCL Mission/Vision Statements and Goals**

Mr. Warkentin reported that at the last meeting there were some suggestions for changes to our mission statement. Accordingly, the mission statement was to be shared with the constituency groups for further input. Marty Ennes and Stephanie Droker each stated that they had not a chance as yet to share this with their constituency groups. Therefore, Mr. Warkentin tabled this item until the next meeting. He commented that our current goals are measurable and are tied to the mission statement. He recommends that thorough thought be given to making changes at this time.

• **Business Program Review**

Marty Ennes commented that she understood from the last meeting that the Business Program Review was to be returned to the Institutional Effectiveness and Program Review Committee (IEPRC) for discussion in regard to the date prepared. Dave Bolt stated that he had discussed this with the originator, Brian Kron, and Brian agreed that the date needed to be changed to a more current date. Angela Tos commented that the date on the assessment differs. Marty expressed that she objected to changing the date as she has concern that if the data was from 2008, then the date prepared should

@ Jim Marvin
Needs
Graduation
List ASAP
↓
April 3rd

remain as is. Dave stated that he was not aware of the data used. If the date is not changed on the cover sheet then soon another program review would be due as vocational programs are reviewed every two years. A mid-term report is due in April 2011. Marty motioned to approve the Business Program Program Review as presented, it was seconded by Dave Bolt, all were in favor, the motion passed.

- **Institutional Effectiveness Planning Calendar**

After a brief discussion, Angela Tos motioned to approve the Institutional Effectiveness Planning Calendar, it was seconded by Stephanie Droker, all were in favor, the motion passed.

Information/Discussion Items

1. Board Policies and Administrative Procedures (first reading)

- Revised BP 5520, Student Discipline (Replacement for BP 520, Student Discipline)
- New AP 5520, Student Discipline
- New BP 5500, Standards of Student Conduct
- Revised AP 5530, Student Rights and Grievances (Replacement for AP 523, Student Grievances)
- New BP 6816, Hearing Conservation Program (Courtesy copy – review and approval not required)
- New AP 6817, Transportation and Driver Selection (Courtesy copy – review and approval not required)

Marty Ennes stated that feedback on the policies and procedures concerned had not been received from the various constituency groups. Mr. Warkentin recommended that these to the next PGC meeting agenda for a first reading. BP 6816 and AP 6817 were sent to the PGC as a matter of courtesy and do not need approval.

2. Program Reviews (first reading)

- **Snack Bar**

Dave Bolt asked that PGC members look over the details of the Snack Bar Program Review to make sure expectations are met in each section. He stated that he had made a significant amount of comments on the initial draft. The originator, Debra Christy, has discussed with him that her on-going theme is the younger than college age student in her facility which interrupts her business. Debra would like to eventually see a separation between the college and middle college high school student groups. Ron Oxford commented that he intends to work with Debra on her SLO's. Stephanie Droker asked if there were any strategies for balancing the negative ending balances. Mr. Warkentin responded that in his estimation a profit is not likely if we continue to operate as we are now. Salaries and benefits have to be paid for one full-time and one half-time staff in the snack bar. The eventual goal when we move into our student center is to fold the food service program in with the culinary program to be run jointly. Mr. Warkentin stated that there are limitations as to what food can be prepared. Marty Ennes commented that easily soup and chili could be made in a crock pot and available as a food choice. Dave reported that an advisory committee has been recommended to

provide input, as well a suggestion box. The Snack Bar Program Review will be on the next meeting's agenda.

- **Upward Bound Math & Science (UBMS)**

Joel Ruble, the originator of the TRIO Upward Bound Math and Science (UMBS) Program Review was present. He explained that the UMBS is a federally funded program committed to provide services to low-income, first-generation college bound students. The ultimate goal is to get students into college and prepared for university entrance and success. All students meet specific criteria as to those to be recruited and brought into the program. The SLO's were based on federal expectations. Upward Bound Math and Science is in its fifth cycle and Upward Bound Classic its first cycle. They are funded to serve 50 students from three target high schools at an average of \$5,000 per student. Angela Tos commented that \$5,000 per participant seemed high. Joel responded that the students receive a personalized experience and staff is able to make a connected bond with them. Mr. Warkentin questioned the transportation concern. Joel explained that a concern is how to manage transportation as when they travel a bus is rented as the college no longer has adequate vans. They also need rooms during the summer time. Mr. Warkentin stated that there should be plenty of rooms this coming summer. Linda Amaya-Guenon asked for clarification on the degrees and certificates. Joel explained that students are not tracked past their third semester in the program. They know students are graduating but this information is not purposefully collected. Discussion ensued regarding SLO's. Stephanie Droker commented that the SLO'S are program outcomes, not student learning outcomes. She believes the SLO's should be broad, student centered and state what the student will take away. Ron commented that the SLO's are non-instructional student outcomes.

Marty Ennes questioned concerning the transportation issue the possibility to obtain a grant to purchase a bus for Upward Bound and the athletic teams. This may be a way to combine resources and keep the cost down. The UBMS Program Review will be on the next PGC agenda as a second reading.

- **Student Activities/Student Services**

Jose Lopez, the originator of the Student Activities/Student Services Program Review, provided an overview. He reported that much of the information he received was from the Student Town Hall meetings, the Student Government Association (SGA), student clubs, and from completed surveys. Ron Oxford suggested that SLO #1 be reworded to being with "Students will increase their participation. . .". Stephanie Droker suggested that Recommendation 3, on page 3, have a reference included. Marty Ennes stated that she believes there is not enough activity in Student Activities to conduct a program review. She believes this should be a red flag and that we need to do more to increase student activities; an area where we may be lacking. Sylvia Dorsey-Robinson commented that the definition of a program is that it leads to a degree, a certificate, or has its own budget, and Student Activities is defined as it does have its own budget. The problem is that we are just now gaining momentum with student activities and can see them beginning to grow. Angela Tos commented that she thought Student Services was more comprehensive. Stephanie Droker commented that this review talks about veteran

students and she questioned if this is part of the veterans program. Sylvia stated that she believes this is where it becomes convoluted. Angela reported that she included information on veterans in the Matriculation Program Review. Marty feels it may be better to have a program review for the Intercollegiate Club Council and SGA. This would allow focus on the individual areas. She believes that the current program review is muddled by having Student Services combined with Student Activities. Student Services also has its own budget. Marty recommends these be redefined and focus be given to each individually. If we don't have enough student activities then we need to recognize this as we grow so we can address this area. Sylvia questioned Dave Bolt regarding when we look at other program review documents how to see the thread; for example, counseling/advising does not have a budget line item so the definition does not separate the areas. Angela stated that she believes that all student services have a role in matriculation. Dave Bolt provided the example of the front counter Student Services staff who also works in various areas of Student Services. Marty believes we may eventually have to reexamine our definition of a program.

3. Grants Update

Mr. Warkentin reported that classified staff positions are now being identified for those grants that are coming to an end. This is being looked at the district level with the budget loss district-wide totaling \$400,000 which also includes nine to ten certificated staff. There are grants ending in June, September and December, 2010. The district plans to absorb staff where it is possible. The full-time faculty obligation is an on-going consideration. Still unknown are the State funds and what further cuts may occur to the categorical programs. More should be known after the State revise in May.

4. WHCIST

Dave Bolt reported that the last meeting was cancelled and therefore he had nothing to report at this time.

5. KART Update

Mr. Warkentin reported that he has spoken with the KART bus director and learned that KART is working on a dial-a-ride for the evening hours. The same KART runs will remain and a dial-a-ride system added. Sylvia Dorsey-Robinson stated that she has the phone number. The last run is at 10:00 p.m. She stated that another thing planned is to create some information cards to show the transportation access schedule. This information can also be posted on SharePoint for access by students. KART has adjusted their routing and there is an additional \$1 charge. If enough students call at 7:30 p.m. it may cause KART to make it a regular run.

6. Student Government Association (SGA)

SGA President, Angel Isidoro, announced that the "One Day Without Shoes" event will be held on April 8th. There will be students walking around campus without shoes. The purpose is to cause awareness for children in other countries without shoes and for them to actually have shoes. Tom's Shoes is the sponsor and they donate shoes to be sent to other countries. Coming soon is the Pizza Festival on April 16th through 18th. SGA will provide face painting and sell waters. Additionally forthcoming is the Relay for

Life event on April 24th through April 25th at Lemoore High School. SGA will participate.

7. Curriculum Committee Report

Stephanie Droker reported that the curriculum committee is moving along and getting things done. Dave Bolt added that a course was approved at today's meeting with the number of 004. They ran out of numbers (numbers cannot be reused) in the PE discipline and had to resort the use of peculiar numbers. PE 004 is women's volleyball. Mr. Warkentin announced that BIO 10 for GE breadth has been approved, including the online component at WHC Lemoore. WHC Coalinga was denied for some reason.

8. Academic Senate Report

Stephanie Droker reported that the Senate elections will be held on April 21st and 22nd. She expects that at one of the May PGC meetings she will be introducing the new Senate president. A new resolution passed on Monday regarding a two-year schedule that she will soon bring forward to PGC.

9. Accreditation

Dave Bolt reported that the substantive change proposal had been submitted in late March allowing us to teach our degree programs in an online format. The hearing will take place in May to accept or deny the proposal. It will most likely be accepted as denials are few. Review by the President's Executive Cabinet of the full accreditation self study is still progressing. Currently review is being made of Standard 4. Upon completion of review of the four standards the report will be sent to the ghost writer to be put into a narrative form. The first draft is to be completed in early June. The accreditation visit date has not yet been confirmed but should be the last part of February or early March, 2011.

10. Report from Committee Representative

a) Student Learning Outcomes Committee (SLOC)

The SLOC has not met recently.

b) Institutional Effectiveness and Program Review Committee (IEPRC)

Dave Bolt reported the IEPRC met yesterday. There should be a few more program reviews coming through to PGC this semester. They include Upward Bound Math & Science, Upward Bound Classic, and Office Technology. The CalWORKS Program Review is one that may not be completed this semester. IEPRC is still reviewing the program review booklets (instructional and non-instructional). They are 99% done with the instructional booklet which has been reduced significantly in length. The IEPRC will formalize the booklet and it will then come to the PGC. Dave believes the process to be much easier to follow.

c) Budget Allocation Committee (BAC)

Dave Bolt reported that BAC had met yesterday. There is money to be spent and they have a list of prioritized items they've considered for funding. There was a deadline on one item in the amount of \$7,171 which has been expended for software for the library. They still have \$47,751; however, there are restrictions and the monies cannot be carried over again next year. Dave has received input from ITS that upgrades of the central processing units (CPU's) for the computers in room 278 are needed. The current monitors can remain. The cost to upgrade the CPU's is \$34,000. ITS does not recommend shared computers due to the necessity of the complex software for support of several of the academic programs. Dave proposes that the CPU's be purchased and the items on the top of the list be purchased. The remaining monies can then go to the library to support its purpose. Marty questioned if this was the recommendation of the budget committee. Dave responded affirmatively. Stephanie Droker asked if this information went to the area budget committees. Dave responded negatively and stated that BAC followed the procedure in the booklet. Marty expressed that she is uncomfortable to vote on this without approval from the Faculty Association. Representatives are here on behalf of their respective constituency group and if there is to be a vote then the groups need to be informed and their input provided. Dave reiterated that he has followed the process stating that BAC includes constituent representatives and that these recommendations were not done in a vacuum. Marty commented that she had not received input from the faculty representative on the BAC; she is just now hearing about these budget recommendations, and she has a duty uphold to her group. The PGC process has to be followed just as the BAC has to follow its process. Sylvia Dorsey-Robinson questioned with regard to the clarification of protocol and its defining parameters; if it is the practice of the governance teams to take action and present information to PGC, or should the recommendations that the seven committees bring need to be approved by PGC. Mr. Warkentin responded yes and no. There are times for information and there are times when a vote is needed. Mr. Warkentin encouraged Dave and the BAC to do as much preparatory as possible in anticipation of the expenditures being approved. Mr. Warkentin directed that this concern be brought back to the PGC for approval at the next meeting. He asked if anyone expected any issues from constituency groups about the computer lab recommended CPU purchase. Marty responded that she did not want to speculate what her constituency group would think. Dave stated that the computer lab recommendation came through ITS from faculty, and faculty then brought it to the BAC. Mr. Warkentin feels because this did not go through the procedural process then we need to take the time to go through the procedure. Items purchased must be qualified under the lottery funds definition. Stephanie Droker agreed that the time for the procedural process need be given. Dave feels that there are going to be those learning areas that will question why their recommendations were not chosen when the reason is that lottery funds have defined restrictions. Stephanie asked that the language of the lottery fund restrictions be sent to her. Mr. Warkentin asked that the "Lottery fund budget allocation expenditure request" be an action item on the next agenda.

d) Employee Development and Success Committee (EDSC)

Dr. Hall reported that in the month of June EDSC is planning to offer a workshop on "One Note" (a Microsoft tool) to be presented by Sylvia Dorsey-Robinson. A second

workshop is being planned on “Agendas and minutes”. There has been discussion that all college agendas and minutes need to have continuity.

e) Student Success Committee (SSC)

Sylvia Dorsey-Robinson reported that the SSC will meet next week. At a recent PGC meeting there was discussion about the ASB/SGA funds that are being collected. She has met with Tammy Weatherman and they are collaborating to identify a process to allow for use of the funds. Expenditures against these funds by student clubs will need to go through the process for auditing requirements. Sylvia announced that she will bring further details as they are determined.

f) Facilities, Safety and Auxiliary Services Committee (FSASC)

In the absence of John Bernal, Mr. Warkentin reported that steel is going up on the lower level of the west end of the Multi-use Sports Complex. The next concrete pour will be on Tuesday. The center part of the building will be 55 ft. high. There will be an eagle flag flown to be seen from a quite a distance and the contractors will invite college staff for a barbecue to acknowledge the last beam of this portion erected. Work is beginning on the perimeter roads and parking lots which are to be in place by the end of June. Travel on Pederson Avenue will then be possible.

g) Technology Committee (TC)

Ron Oxford reported that the TC will meet next week.

11. Graduation Committee

Dean Jose Lopez reported that there is nothing new to report on the graduation ceremony. Mr. Warkentin announced that graduation is Thursday, May 27th, WHCC’s is on May 28th, and the Nursing pinning ceremony will be on Saturday, May 29th. The Honors Dinner is on May 13th and will be an evening dinner to acknowledge scholarship recipients along with their families. The Honors Recognition Brunch will be held the following morning for program award recipients and their families. In the past the two events have been combined but due to the large crowd it has this year been divided into two events. Dean Lopez and Jan Young are coordinating the events. Mr. Warkentin announced that suggestions are being sought for the Spirit of the Eagle award. Other awards to be presented are the President’s and Dean’s awards.

12. Other

- Jose reported an incident on campus: A quad rider hit the fence over by the construction area.
- Ron Oxford that there would be a presentation
- Miss California will be here April 30.

13. Agenda items for next meeting

- WHCL Mission/Vision Statements and Goals
- Lottery funds expenditures
- Program reviews

14. Adjournment

Mr. Warkentin adjourned the meeting at 3:20 p.m.

West Hills College Lemoore

Mission Statement

West Hills College Lemoore enriches the lives of our students and the community we serve by being dedicated to quality educational learning opportunities and partnerships. The college provides a positive environment that is committed to student learning and empowering students to achieve their educational goals.

Vision Statement

Learning through excellence and innovation

.....

Goals

Goal 1 - WHCL is committed to provide quality education to students and the community.

Measurements (Institutional Outcomes):

1. Community Participation Rates
2. High School Graduates Participation Rates
3. Overall Success Rates
4. Overall Retention Rates
5. Persistence Rates (continuous enrollment)
6. Student Learning Outcomes Implementation and assessment.

Goal 2 - WHCL is committed to empower students to achieve their educational goals.

Measurements (Institutional Outcomes):

1. Basic skills math successful course completion & retention
2. Basic skills ESL successful course completion & retention
3. Basic skills English successful course completion & retention
4. Vocational courses successful course completion & retention
5. Degree and certificate completion
6. Transfers to four year institutions

Goal 3 - WHCL will effectively maintain and increase its resources and productivity.

Measurements (Institutional Outcomes):

1. Monitor Student Headcount
2. Meet Full-Time Equivalent Students (FTES) Goals
3. Successful Grant Acquisitions
4. Increase Revenue Generated by Outside Capital Campaign Activities

WEST HILLS COLLEGE LEMOORE

PROGRAM REVIEW/PLANNING AND EVALUATION PROCESS UNIT PLANNING GUIDE - NON-INSTRUCTIONAL DEPARTMENTS & AREAS TO BE COMPLETED BY UNIT/DEPARTMENT COMMITTEE

(Please submit this information using Microsoft Word. In formatting your response, please use the exact outline developed below.)

I. General Information

Department/Service: **Food Services (Snack Bar)**
Date Prepared: **3-5-2010**
Prepared By: **Debra A. Christy**
Staff: **Debra A. Christy**
Tina L Garcia

II. Program Overview

A. State the program mission. If you don't have one, create one. The mission statement should include the purpose of the program, the ideals the program strives to attain, and who the program serves. (200 word limit) *The mission of West Hills College Lemoore Food Service (Snack Bar) is to provide a variety of menu options with quality food and services, emphasizing the customer experience in the community. This mission is achieved through responsive action to the changing requirements and desires of our customers.*

1) Mission Alignment. How is your program's mission consistent with the College's Mission and Institutional goals? (250 words or less) *The Food Services department provides a clean, friendly surroundings in which students, staff and faculty can relax, enjoy a meal, and recharge. We maintain the tradition of providing the best possible menu choices to reach a vast array of people. By building relationships with students, staff, faculty, and potential students, we seek the opportunity to energize the education process through serving our customers.*

B. Briefly describe the current state of the program/department/service area. (250 words or less) *The Food Service department is a self-funded operation. Its operation is solely income based, not fund based. There is no general funding appropriated for the Food Service program. The Food Service (Snack Bar) location limits its success. It is located on the South side of the campus in a portable building which is small and not visible or easily located. Recent Food Service department surveys reveal lack of seating to be a primary concern of students, staff and faculty. It is recommended that the snack bar be relocated to a more accessible area to increase student usage and boost sales. Historically, budget reviews over the last three years have shown the Food Service (Snack Bar) program to be operating at a loss. A summary of income and expenses for the last three years appear below.*

FOOD SERVICE FISCAL YEAR	INCOME	(-) EXPENSES	= PROFIT/LOSS
2006-2007	\$191,963	\$228,136	-\$36,174
2007-2008	\$228,361	\$242,758	-\$14,398
2008-2009	\$144,359	\$217,943	-\$73,584

C. List any recommendations from the most recent college/program/department accreditation and/or previous review. (250 words or less) *This is the first Program Review the Food Services (Snack Bar) has done.*

III. Qualitative and Quantitative Data Review

A. Attach the following Non-Instructional Program Review data (as provided):

- Enrollment Trends- *A higher enrollment of incoming students will help increase sales and revenue.*
- Student Retention Rates/Student Success Rates (if applicable)
- WSCH/FTEF (if applicable)
- Full-time to Part-time Faculty Ratio

- Number of Students Earning Degrees (if applicable)
- Number of Students Earning Certificates (if applicable)
- Job Market Analysis (if applicable)
- Student Demographics- *Food Service (Snack Bar) is used by college students, faculty, and staff. Additionally, students from an on campus Charter High School grades nine through twelve. Also use the food service (snack bar) facilities.*
- Grade Distribution (if applicable)
- Student Survey Data (if applicable)

B. Using the data provided, address any significant trends/challenges/opportunities identified which relate to your specific course/program/service. (250 words or less) *Location of the building makes it difficult for students to find. The snack bar is located on the south side of the campus, while the majority of students attend classes on the north side of the campus. More advertisement and or signs are needed so students are able to locate and utilize the Food Service department (Snack Bar). Additionally, seating is available for only sixty-four customers.*

1) State any other measures used to determine the success of this program (e.g. surveys, employer surveys or advisory committee feedback). *A customer service satisfaction survey is used to assist in the continual improvement/success of this program. The customer service survey is an evaluation tool used as a guide to ensure and improve upon customer satisfaction. Service, professionalism,*

friendliness, speed of service, food choices, cleanliness, seating, safety and security, and overall satisfaction, are questions asked on the survey. The following are results of recent surveys distributed among students, faculty, and staff.

STUDENT RESULTS:

	<i>OUTSTANDING</i>	<i>EXCELLENT</i>	<i>SATISFACTORY</i>	<i>POOR</i>
<i>Service</i>	16	15	2	0
<i>Professionalism</i>	17	14	2	0
<i>Friendliness</i>	22	9	2	0
<i>Speed of Service</i>	11	20	2	0
<i>Cleanliness</i>	20	11	2	0
<i>Food Choices</i>	2	2	20	9
<i>Seating</i>	11	5	5	12
<i>Safety</i>	13	6	4	10
<i>Overall</i>	19	13	1	0

STAFF/FACULTY RESULTS:

<i>Service</i>	5	2	0	0
<i>Professionalism</i>	5	2	0	0
<i>Friendliness</i>	6	1	0	0
<i>Speed of Service</i>	2	5	0	0
<i>Food Choices</i>	1	0	4	2
<i>Cleanliness</i>	6	1	0	0
<i>Seating</i>	1	1	2	3

<i>Safety</i>	2	1	0	4
<i>Overall</i>	5	2	0	0

C. Attach the following data maintained for your program/department/service area:

1. Budget information regarding costs per program/department/service area on personnel, equipment, supplies, delivery of services (where applicable), and any other direct or indirect costs connected with the service as reflected by student enrollment.

Personnel:	Full-Time	Part-Time	Yearly Salaries
<i>Debra A. Christy</i>	x		
<i>Tina L. Garcia</i>		x	

Supplies:

Average Monthly Cost:

<i>1. Sysco</i>	<i>\$3074.77</i>
<i>2. Pepsi</i>	<i>\$1091.57</i>
<i>3. Mission Linen</i>	<i>\$273.56</i>
<i>4. Farmer Brothers Coffee</i>	<i>\$191.70</i>

These monthly cost vary during the spring, fall, and summer semesters.

Farmer Brothers Coffee is not ordered monthly it's ordered as needed.

2. Identify all personnel, including the number of certificated, classified professionals and volunteers. Discuss the diversity of faculty and staff.

<u>Full-Time</u>	<u>Part-Time</u>	<u>Student Workers</u>	<u>Student Cost Per Semester</u>
Debra Christy	Tina Garcia	Johnny Salazar	\$2736.00
		Gabriel Lopez	\$2736.00
		Rocio Evans	\$2736.00
		Columbus Hasberry	\$2736.00
		Timmie Underwood	\$2736.00

Employee Classification:

Certificated x Class. Professional x Student Worker x
 Volunteers

Diversity (Race/Ethnicity)

- | | |
|---|---|
| <input type="checkbox"/> Native Am. /Alaskan Nat. | <input checked="" type="checkbox"/> African/African-American/Non-Hispanic |
| <input type="checkbox"/> Asian/Pacific Islander | <input type="checkbox"/> Caucasian/Non-Hispanic |
| <input checked="" type="checkbox"/> Hispanic | <input type="checkbox"/> Filipino |
| <input checked="" type="checkbox"/> Mixed | |

3. Describe the certificated and classified staffing requirements of the existing program/department/service area, as well as the effect any proposed curricular or instructional changes would have in the next three years. This statement should include the need to retrain, or to add staffing for new specialties. Finally, this statement should include the need to retrain or to add staff for clerical assistance, for maintaining equipment, or for serving as an instructional assistant. *At this time, the Food Services (Snack Bar) has only one full time employee and one part-time employee. Additionally, five student workers are allowed to work up to nineteen hours per week each and are funded by a Federal Work Study Program. Staffing can be extremely difficult during the fall and spring semester due to student workers varying class schedules. The time period between 11:30 am to 1:00 pm has historically being the most challenging. Within the next two to three years, a new student center will open which will include a much larger snack bar. More staffing will need to be added to handle increased customer throughput. The hiring of extra full time and part time staff will be a necessity in order to continue providing quality food service to students, staff, and faculty. Hours of operation will need to be adjusted to meet student, staff, and faculty needs. In order to offer a wider variety of menu choices and extend food service operating hours, staffing this new student center snack bar to*

the proper level must be a priority. Starting out short-staffed and not being able to meet student, staff, and faculty needs would not cast a positive light on this new program. Extra training will be needed for all food service handlers. Recommend ServSafe certification for all food services staff and employee's. The ServSafe class is available on campus at West Hills College Lemoore.

- D. Identify and discuss the effect that trends may have on the program/department/services area's organization, structure, and nature over the next two to four years.

The spring and fall sessions have historically been the most demanding times on the food service department. Typically, the summer session is less busy. Close attention to employee work scheduling and time management will become very important during these periods of time to guarantee continued excellent service is given to students, staff, and faculty. The correct number of Food Service staff will need to be maintained during all sessions to ensure food service equipment is cleaned on a daily, weekly and monthly schedule, preventive maintenance on all equipment is performed, and all food, safety, and sanitation regulations are complied with. At the completion of the new student center and snack bar, a hiring of more full time and part time personnel will become a necessity.

- E. What resources are required to maintain program/department/service area, and what additional resources are necessary to improve or expand it? *Cleanliness of the Food Service (Snack Bar) is maintained. Preventive maintenance of all equipment such as refrigerators, cold and hot boxes, deli counter, ice machine, grill, fryer, fountain drink station, and cash register is maintained by our maintenance department or proper service technicians. All employees should attend a ServSafe class to obtain a certificate in food safety. New register software such as a POS (Point of Service) system is needed to provide a better customer count, inventory, sales, and scheduling during those peak periods of business.*

F. Discuss staff training, academic and professional currency. *ServSafe is a qualification required by the State of California concerning food service operations. At least one ServeSafe qualified employee must be on staff as per state regulations. Currently, all key personnel have acquired and maintained this required qualification. Monthly training is conducted concerning food handling procedures, time/temperature, safety, chemicals, cleanliness, health department concerns, and sanitation. This training ensures all food service staff personnel are educated and have current understanding in all mandatory food safety procedures.*

- G. Excluding curriculum validation, discuss community involvement in the operation of the program/department/service area. *There is no community involvement at this time.*

IV. Professional Development

- A. What professional development activities have staff participated in? *The Kings County Health Department requires at a minimum, one person hold a ServSafe certification in each Food Service department.. ServSafe is a training program directed towards supervisors, managers, and staff in the area of food handling safety. The State's purpose in mandating training certification is to upgrade the levels of food safety in food service operations by training those that have influence over others in the workplace. The ServSafe program offers state-of-the-art food safety training using a combination of lectures, slides, and videos. After initial qualification, a recertification must be performed every five years and a minimum score of 78% or better achieved to maintain the ServSafe qualification certificate. At this time, the Food Service department has one full time staff member maintaining the ServSafe qualification. As part of continued professional development, it is recommend all Food Service staff/employee's receive this valuable training and obtain the ServSafe qualification.*
- B. How does this professional development affect Student Learning Outcomes for your program/department/service area?
ServSafe qualified personnel ensure all food prepared for students, staff and faculty is done so in a clean, sanitary, safe environment. ServSafe training provided to staff by qualified personnel ultimately results the building of a cohesive team of professionals dedicated to providing outstanding service to students, staff and faculty members.
- C. Describe the program/department/service area's plans for staff development over the next four years. *All staff should attend a ServSafe course and obtain their certification. Continual follow up training for full time, part time, and student workers encompassing food stock inventory and tracking, requisitioning of food stock, storage and proper rotation of food stock, finance/sales/receipt tracking, cleaning/sanitation, food preparation, and customer service shall be performed.*
- D. Discuss the effectiveness of continuing education requirement to meet the need for advanced training and/or training in emerging technologies. *Not applicable*

V. Student Learning Outcomes

List all Student Learning Outcomes for this program/department/service.

1. Students will analyze (evaluation) and recommend snack bar offerings that meet their economic and dietary needs.
2. Students will articulate (knowledge) their satisfaction with the snack bars offerings, cleanliness, facilities, and customer service.
3. Students will practice (application) a healthy lifestyle by partaking in nutritionally sound habits that have been shown to improve student learning.

B. Explain how Student Learning Outcomes are used to measure quality and success of this program/department/service area.

The WHCL Snack Bar will measure the quality and success of the service area by cultivating the physical health and well-being of students as indicated by their demonstration of self-directed learning. The Snack Bar will provide opportunities for students to provide feedback, evaluation, and recommendations about services through comment cards, surveys, and informal dialog. The Snack Bar will actively track usage and adjust their services according to student recommendations.

C. Based upon the results of the program SLO assessments, what improvements have been identified?

Assessments are in progress.

	<i>Outstanding</i>	<i>Excellent</i>	<i>Satisfactory</i>	<i>Poor</i>
1. <i>Food Choices</i>	6%	6%	60%	0
2. <i>Cleanliness</i>	60%	33%	6%	0
3. <i>Speed of Service</i>	33%	60%	6%	0
4. <i>Friendliness</i>	66%	27%	6%	0
5. <i>Seating</i>	33%	15%	15%	36%

The number one concern in accordance with the student survey was seating, in which 36% of those surveyed scored as poor. Due to the size of our existing building, adequate seating is an issue. Second were food choices. The Food Services (Snack Bar) has added a daily lunch special from 11:00 am to 2:00 pm. Other menu choices will be added to the existing menu in the future to meet the student needs.

VI. General Operations

A. How does the program/department/service area ensure that current curriculum/delivery of service is adequately meeting the needs of students?

B. Do special accreditations, external regulations, or advisory committees regulate the program/department/service area? Yes No (if yes, elaborate.)

By the spring of 2010 the Food Services (Snack Bar) will organize an advisory committee.

C. Does the program/department/service area have any special regulations, space requirements, staff training, etc.? Yes No (if yes, elaborate.) *A ServSafe certificate is mandatory by the state of California. This certificate must be obtained*

by taking a class and passing with a score of 78% or better in order to receive a ServSafe certificate. This is the only requirement at this time.

- D. Is there evidence of unmet student needs caused by your program/department/service area? Yes [x] No [] (if yes, elaborate.) *Building location and size are detrimental to the needs of the student and the food service department. Lack of advertisement, proper staffing, and limited hours of operation are also contributing factors of unmet student needs.*
- E. How does the program/department/service area address cultural diversity? *Currently, menu items generally encompass American, and limited Hispanic fast food items. Special request such as vegetarian substitutes are accommodated whenever possible. Recommend a day or week be dedicated to specific cultural groups, for example, Hispanic/Black/Pacific Asian culture appreciation week, Italian food Friday, etc.*
- F. Describe the initiatives the program/department/service area has implemented to meet the needs of social-economically diverse students, and/or those with non-traditional requirements (e.g., physical mental disabilities, re-entry, gender, etc.) *Both entrances to the food service area are equipped with access ramps for the use of students who use wheel chairs. Additionally, tables are positioned in the dining area to provide students in wheel chairs maximum ease of maneuverability. The dining area television is equipped with closed captioning for the hearing impaired. Signs are posted in Braille on both the north and south side of the facility for the use of the sight impaired.*
- G. Discuss the program/department/service area's use of external funding, including grants and collaborative partnerships, if applicable. *The Food Service (Snack Bar) is a self-funded operation. Its operation is completely income based not funded based.*
- H. To what extent is technology being used in the program/department/service area? *Due to the limitations caused by an outdated cash register system, the Food Service (Snack Bar) would be greatly improved with purchase of a Point of Sale (POS) system to better track customers ,inventory, ordering, and sales history.*
- I. Describe the supply requirements for your existing program/department/service area, as well as the effect that any proposed changes would have on the supplies in the next four years. This statement should include the kinds and amounts of supplies needed, any anticipated costs, and the need for any computer software/technology.

Suppliers currently used:

Average Monthly Cost:

- | | |
|----------|-----------|
| 1. Sysco | \$3074.77 |
| 2. Pepsi | \$1091.57 |

3. *Mission Line* \$273.56
4. *Farmer Brothers Coffee* \$191.70

These monthly cost vary during the spring, fall, and summer semesters. At the completion of the new Student Center cost also will vary because of an increased student population, larger facility, a wider variety of food.

*A **Point of Sale (POS) system** is needed to provide customer tracking, inventory, ordering, and sales history. The estimated cost per one unit is **\$3,851.00**. Additional unit estimated cost **\$3515.00** each.*

- J. Describe the need for facility modifications within your existing program/department/service area or effect the, and at any proposed curricular or instructional changes would have on the existing facilities in the next four years. This statement should include a description of the desire changes, the rationale for the changes, and a rough estimate of the costs.

The opening of the new student center and snack bar will facilitate most of the needs the food service department has at this time such as size, location, equipment, modernization, etc. A dramatic increase of customers utilizing the food service department (snack bar) is anticipated. At the completion of the new student center and snack bar, a hiring of more full time and part time personnel will become a necessity to ensure a high standard of service can be maintained to student, staff and faculty at all times.

VII. Additional Information (optional)

Please provide any other information to describe, explain, justify, analyze, or clarify prospective program/department/service area changes or needs anticipated in the next four years.

- A. What factors did you use in determining the quality and success of this program/department/service area?
- B. Identify the best ways to measure the quality and success of this program/department/service area. Conduct an evaluation of the program/department/service area. Use a survey or questionnaire when appropriate to address questions. (Examples: How do the persons served by this program/department/service area evaluate its adequacy or effectiveness? How do services compare to similar departments/service areas out side the College? By what processes does the program/department/service area deal with complaints and

continually up-grade services? Other methods might include matching or exceeding nation-wide productivity measures, i.e., full-time staffing equivalent per square foot for M & O and per number of employees for Human resources, feedback from campus “clients”, etc.)

- C. Describe the annual scheduling patterns for courses impact your program/department/service areas. Consider interaction with other programs/departments/service areas, use of facilities and flexibility for students.

VIII. Summary and Recommendations

- A. What actions have been taken to address the assessment and improvements of program learning outcomes?

1. *Feedback from students, faculty, and staff*
2. *Surveys*
3. *Suggestion Box*

- B. Based on analysis of the information provided in I through VII, describe the program’s strengths, areas that need improvement, and strategies and actions to make those improvements.

1. Program strengths

1. *Excellent customer service*
2. *Variety of menu choices*
3. *Quality food*
4. *Clean, safe, enjoyable, atmosphere*

2. Areas that need improvement

1. *Menu options (need healthier food choices, cultural diversity)*
2. *Cash register system (need Point of Sale (POS System) for advanced tracking of inventory, sales, customer count, and scheduling)*

3. *Number of staff*
4. *Hours of operation*
5. *Advertisement*
6. *Building size (Lack of seating)*
7. *Number of ServSafe certified personnel*
8. *Middle Charter High School*

3. Strategies and actions for program enhancement and improvement.

1. *Distribute surveys to students, staff, and faculty to obtain input for creating new menu ideas and facility improvements.*
2. *Post flyers around the campus for advertisement. Have staff and faculty inform students of the location of the snack bar during class orientations.*
3. *Create signs to be positioned on the north and south side of the building to assist students in locating the Food Service (Snack Bar) area.*
4. *Offer a culturally diverse "special" menu item once a week.*
5. *Add additional seating.*
6. *Extend hours of operation.*
7. *Increase menu options by adding healthier choices and culturally diverse menu items.*

- C. Attach your **Program Planning and Evaluation Assessment Grid**. Follow the directions provided and thoroughly complete the form. You should have not more than five short term goals, of which at least three are student learning outcome goals.

WEST HILLS COLLEGE LEMOORE

PROGRAM REVIEW/PLANNING AND EVALUATION PROCESS UNIT PLANNING GUIDE - NON-INSTRUCTIONAL DEPARTMENTS & AREAS TO BE COMPLETED BY UNIT/DEPARTMENT COMMITTEE

(Please submit this information using Microsoft Word. In formatting your response, please use the exact outline developed below.)

I. General Information

Department/Service: TRiO Upward Bound Math and Science

Date Prepared: October 1, 2008

Prepared By: Joel Ruble

Staff: Oscar Villarreal, Brian Green, Anna Silvestre

II. Program Overview

- A. State the program mission. If you don't have one, create one. The mission statement should include the purpose of the program, the ideals the program strives to attain, and who the program serves. *(200 word limit)*

West Hills College Lemoore Upward Bound Math & Science (UBMS) program is committed to youth, educational experiences, community partnerships, and providing opportunities to the underserved and disadvantaged population. UBMS identifies low-income, first-generation college bound students and provides them with services that provide participants access to individualized tutoring, special instruction, college visits and educational/career advising. Members will have their Science, Engineering, Technology and Math interests encouraged and enhanced by qualified instructors, counselors, and positive experiences that promote diversity, cultures, educational success and post secondary attainment.

- B. Briefly describe the current state of the program/department/service area. *(250 words or less)*

Upward Bound Math and Science at West Hills College Lemoore is a federally funded TRiO program in its second funding cycle beginning 2007-2008. We are funded to serve 50 students from our 3 target high schools in the communities of: Laton, Lemoore and Avenal. In addition to the three target sites, we continue to provide limited services to 3 additional high schools from our previous cycle. At present, we have filled 40 of our 50 program slots. The program's focus is on college entry and success for our first generation and low income students. The program's primary activities consist of daily or weekly tutorials at each school site, monthly Saturday sessions and a 6-week summer program with a residential component. There are also various activities throughout the year such as campus visits to universities, community service fieldtrips to science or technology enterprises (ie: Moss Landing Institute, San Francisco Exploratorium, Roche Pharmaceutical, and Point Lobos). In addition, we monitor our

students' academic progress regularly and provide post-secondary access support. More than 50% of our students experience dual college enrollment at West Hills College during first year participant status. Participants enrolled in college courses are provided with books and materials in addition to academic support through the UBMS program.

- C. Describe how the program/department/service area goals and objectives are aligned to the advancement of the college mission, goals and objectives. (250 words or less)

Our program SLO's are focused on the needs of our low income, first generation population pertaining to their preparation for college. This includes evaluation of results on the California High School Exit Exam, advisement in college preparation (ie: SAT/ACT, A thru G, financial aid, etc.) and postsecondary enrollment. These activities develop in our communities which promote a college going culture aligning with the mission statement of the college in terms of providing educational learning opportunities and partnerships. As well as providing a positive environment that is committed to student learning and empowering students to achieve their educational goals.

- D. List any recommendations from the most recent college/program/department accreditation and/or previous review. (250 words or less)

No recommendations proposed at this time.

III. Qualitative and Quantitative Data Review

- A. Attach the following Non-Instructional Program Review data (as provided):

- Enrollment Trends-Approximately 50% of our program participants enroll in courses at WHCL for dual credit.
- Student Retention Rates/Student Success Rates (if applicable) - Our year to year retention rate as submitted in our Annual Performance Report is consistently at approximately 89%.
- WSCH/FTEF (if applicable)
- Full-time to Part-time Faculty Ratio
- Number of Students Earning Degrees – (Data not available at this time)
- Number of Students Earning Certificates – (Data not available at this time)
- Job Market Analysis (not applicable)
- Student Demographics [Review Data Below](#)
- Grade Distribution (not applicable)
- Student Survey Data (not applicable)

Target Sites:

1. Lemoore High School
2. Avenal High School
3. Laton High School
4. Corcoran High School
5. Caruthers High School
6. Riverdale High School

Race / Ethnicity:

1. 33 – Hispanic
2. 2 – White
3. 2 – Indian
4. 1 – African American
5. 2 – Other

Grade Levels:

1. Freshmen (9th) -3
2. Sophomores (10th) – 15
3. Juniors (11th) – 6
4. Seniors (12th) – 16

Median Grade Point Average:

1. Freshmen (9th) – 3.01
2. Sophomores (10th) – 3.027
3. Juniors (11th) – 3.051
4. Seniors (12th) – 3.170

Program Category:

1. 27 – Low Income / First Generation
2. 13 – First Generation Only

Total Students Currently: 40

B. Using the data provided, address any significant trends/challenges/opportunities identified which relate to your specific course/program/service. (250 words or less)

The most significant trend for Upward Bound Math and Science is that under our new grant application we are mandated to serve 3 target schools one of which is new to our program. During the time of transition from our previous cycle to the new, we have approval to limit services to the students from previous target sites not highlighted in the new grant cycle of 2007-2011. This stretches our resources over a larger geographic area requiring staff to be out in the field for the majority of time. It doubles the school site staff necessary for operation and doubles the number of tutorials to manage each week. These challenges encumber on our staffing and fiscal resources as they are limited. It also lays the groundwork for the second trend that has great effect on our program operation.

The recent increases in transportation costs are probably the most difficult issues for us to resolve. Because we transport our students to events at the college or at other institutions and having 6 sites to serve rather than 3, the impact of these transportation expenses is all the more devastating.

The lack of residential living on campus is another trend that forces the program to seek outside partnerships to house participants during the summer component. Without providing students a residential living experience, the program would be out of compliance with the grantee. Every year, program staff explores and networks with other organizations that provide opportunities to give students a residential living experience. In past experience, CSU Monterey has invited our students to participate in a Biotechnology Camp that provides housing at minimal costs to the program. We have also taken the opportunity to partner with the Girl Scouts of America who kindly allow us

to use their facilities and housing units for student related activities during the summer component.

- 1) State any other measures used to determine the success of this program (e.g. satisfaction surveys, employer surveys or advisory committee feedback).

We measure the success of our program primarily through our Annual Performance Report. We measure standardized objectives regarding low income/first generation status, state assessment, participant retention, and post secondary enrollment. We take account of the positive feedback we receive from student testimonies on our yearly student surveys. Additionally, administrators and staff at the target high schools have recognized the positive influences of the program to its students through advisory committee feedback announcements.

We also measure our success in our overall contact with students. We have approximately 90% attendance at our afterschool tutorial, 75%-80% at our Saturday sessions and approximately 50% participation in our 6-week summer component. During the summer, a significant number of our students join the workforce to help support their families. Others attend out of district programs (COSMOS, Berkeley House, etc.) or are required to attend summer school at their local high schools forcing them limit themselves to participation during the Upward Bound's summer component. In this light, our 50% summer participation is quite high.

C. Attach the following data maintained for your program/department/service area:

1. Budget information regarding costs per program/department/service area on personnel, equipment, supplies, delivery of services (where applicable), and any other direct or indirect costs connected with the service as reflected by student enrollment.

UBMS BUDGET

SALARIES

Full-time Personnel 131,123

Part-time Personnel 6,500

BENEFITS 45,566

SUPPLIES & MATERIALS 1,809

**TRAVEL AND
CONFERENCE** 3,500

PARTICIPANT COSTS 22,150

PARTICIPANT STIPENDS 22,500

TOTAL DIRECT COST 233,148

INDIRECT COST 8% 16,852

TOTAL PROGRAM COST

Cost per participant **250,000**
5,000

2. Identify all personnel, including the number of certificated, classified professionals and volunteers. Discuss the diversity of faculty and staff.

Employee Classification:

Certificated .5 Class. Professional 1.4 Student Worker 1
Volunteers 0

Diversity (Race/Ethnicity)

- | | |
|---|--|
| <input type="checkbox"/> Native Am. /Alaskan Nat. | <input type="checkbox"/> African/African-American/Non-Hispanic |
| <input type="checkbox"/> Asian/Pacific Islander | <input checked="" type="checkbox"/> Caucasian/Non-Hispanic |
| <input checked="" type="checkbox"/> Hispanic | <input type="checkbox"/> Filipino |
| <input checked="" type="checkbox"/> Mixed | |

3. Describe the certificated and classified staffing requirements of the existing program/department/service area, as well as the effect any proposed curricular or instructional changes would have in the next three years. This statement should include the need to retrain, or to add staffing for new specialties. Finally, this statement should include the need to retrain or to add staff for clerical assistance, for maintaining equipment, or for serving as an instructional assistant.

Our program employs 1.1 advising staff under the Advising Specialist, .25 Program Development Assistant, 1 hour per week school site instructors under the Upward Bound Instructor job description and student tutors at our school sites. We also have 1 student worker per semester to help with office and clerical work.

The program would recommend additional staff to broaden the opportunities and services it already provides. But, due to budget constraints, additional hires would dampen the budget and hinder the program from meeting its goals and objectives jeopardizing its future. Staff is also recommended to attend yearly training seminars related to program standards. Travel expenses at times will prevent staff from attending out of district trainings requiring staff to adhere to out dated policies and procedures or required to research the web for updated material related to program operation.

- D. Identify and discuss the effect that trends may have on the program/department/services area's organization, structure, and nature over the next two to four years.

Structural changes will occur primarily based upon our shift from 6 target campuses down to 3. Our model is well established and proven effective and we would be unwise to retool that model at this point. We will also have to respond to escalating transportation costs in our summer program design. Transporting students from 6 communities each day is prohibitively expensive and so our program will respond by transferring some of the summer instruction to an online environment and doing portions of our work in the communities where our target schools are located.

Due to the state's economic crisis, our host institution is revamping its administrative structure which impacts all categorical programs on campus. The new organization will require for our program's director to delegate a percentage of his responsibilities toward district duties. This change will bring forth additional duties and responsibilities onto current program staff potentially hindering the delivery of services to program participants.

- E. What resources are required to maintain program/department/service area, and what additional resources are necessary to improve or expand it?

Transportation is our main consideration resource wise. If the college were to provide transportation services at minimal or no-cost to the program, attendance to functions and events will improve substantially. Our other main resource requirement is technology which allows for program staff to communicate with students to inform them with the most current college updates including scholarship information. Additional personnel are another resource that will prove valuable to the operation of the program. More funding would vitalize the capabilities ensuring innovation and commitment to our students.

- F. Discuss staff training, academic and professional currency.

Our staff is invited to trainings throughout the year. Staff arranges to attend at least 1 TRiO related training per year. These are offered by various organizations and are approved by the Department of Education. The director attends the annual conference, which is usually held in Washington D.C. or San Antonio, Texas. Our advising staff also attends training from the CSU and UC to stay updated with university admissions and topics related to incoming transfers.

- G. Excluding curriculum validation, discuss community involvement in the operation of the program/department/service area.

Throughout the year, our participants get involved with community service projects. Many of our students volunteered their time during the election year of 2008 promoting the Measure E bond which would expand West Hills College. They walked precincts and participated in phone banking informing community members about Measure E. In addition to their community service, many of our students make it a yearly tradition to help out the Girl Scouts of America. Every summer, our students make a trip to Camp-El-O-Win and spend time cleaning debris and helping prepare the campsite prior to the opening of summer camp. In addition to their involvement with the Girl Scouts of America, our students have also volunteered their time to help remove non-native plants at the Point Lobos State Reserve of California located in Monterey County. The program also recruits instructors from the community that work with our students in school and during Saturday workshops.

IV. Professional Development

A. What professional development activities have staff participated in?

CSU Counselors Conference, UC Counselors Conference, TRiO training in priority I record keeping, retention student success.

B. How does this professional development affect Student Learning Outcomes for your program/department/service area?

Our trainings always focus on student retention and success as well as postsecondary enrollment. Strategies to improve student retention and positive student outcome are always highlighted and reintroduced for reinforcement purposes. Our efforts to maintain student retention rates improve the overall success of the program's goals and objectives.

C. Describe the program/department/service area's plans for staff development over the next four years.

We will continue with our current plan. We are looking to focus on increasing our efficiency with our student database and implementing a new staff re-organization structure that will require cross-training among staff for the purpose of program effectiveness.

D. Discuss the effectiveness of continuing education requirement to meet the need for advanced training and/or training in emerging technologies.

Program staff is encouraged to continue with furthering their education and given an opportunity to take advantage of an internal Educational Assistance Program that helps with tuition costs. West Hills College also provides training opportunities for staff to advance in emerging technologies. The college has moved towards a Portal network that provides students access to college information using technology innovation. All employees are required to attend trainings related to the Portal network to stay updated with system updates. The program has also purchased a student database through Student Access which allows for TRiO programs to maintain record-keeping for its participants. Training for continued effectiveness on database program is forthcoming.

V. Student Learning Outcomes

A List all Student Learning Outcomes for this program/department/service.

- 1.) Upward Bound Math and Science students will be successful in high school as indicated by successful completion of the California High School Exit Exam. (CAHSEE)
- 2.) Upward Bound Math and Science students will enroll in programs of postsecondary education after high school.

3.) Upward Bound Math and Science students will be successful in college level coursework.

- B. Explain how Student Learning Outcomes are used to measure quality and success of this program/department/service area.

We based our SLO's on West Hills College Lemoore standardized outcomes and so success in SLO's will also reflect success from the perspective of our federal mandates of Upward Bound Math & Science.

- C. Based upon the results of the program SLO assessments, what improvements have been identified?

We have yet to assess our SLO's.

VI. General Operations

- A. How does the program/department/service area ensure that current curriculum/delivery of service is adequately meeting the needs of students?

Students are showing improvement in their academics and have a positive attitude towards higher education. Students are fulfilling the California Exit Exam standards and progressing academically based on evaluation of student academic transcripts. Graduating seniors are meeting eligibility criteria for the CSU and UC college systems.

- B. Do special accreditations, external regulations, or advisory committees regulate the program/department/service area? Yes No (if yes, elaborate.)

Program operation must adhere to the Education Department General Administrative Regulations manual which set standards for program administration of services and agreements. Mandates require Upward Bound Math & Science program to maintain retention rates, improve college access to participants and demonstrate success of program effectiveness through post-secondary retention.

- C. Does the program/department/service area have any special regulations, space requirements, staff training, etc.? Yes No (if yes, elaborate.)

Program grant specifies that appropriate facilities must be provided for staff. The grant also provides a budget which appropriates funds for staff training that is available year round. West Hills College Lemoore is in process of completing a new phase in the expansion project and is considering TRIO Programs to be accommodated in the newly constructed facility.

- D. Is there evidence of unmet student needs caused by your program/department/service area? Yes No (if yes, elaborate.)

A major student need that is currently not being met is in the area of transportation which is limited due to high costs. Commercial passenger vans can no longer be utilized for transporting of minors. This new policy is in force by the Department of Transportation and California's Highway Patrol which has a negative impact on attendance and participation during weekend activities held outside of student's target area.

E. How does the program/department/service area address cultural diversity?

Program addresses cultural diversity by becoming aware of the multicultural factions along with their values and learning needs. Staff is sensitive to the cultural diversity that exists and utilizes multicultural activities to bring awareness to students and their peers.

F. Describe the initiatives the program/department/service area has implemented to meet the needs of social-economically diverse students, and/or those with non-traditional requirements (e.g., physical mental disabilities, re-entry, gender, etc.)

Program insures equality to all participants regardless of deficiencies. It also provides an incentive stipend to assist students economically. The program currently does not have students with physical or mental disabilities. The program primarily targets students who come from a low social-economically background who are at a disadvantage in acquiring the necessary resources to pursue higher education.

G. Discuss the program/department/service area's use of external funding, including grants and collaborative partnerships, if applicable.

The program is funded through a grant sponsored by the Department of Education. The program is currently seeking to acquire collaborative partnerships with other grant programs within the hosted institution.

H. To what extent is technology being used in the program/department/service area?

Technology is the vital resource that is utilized for program operation. Technology is used for communication purposes which is instrumental to the program's functions. Technology is also utilized to provide instruction and for learning development. The program integrates technology during weekly and Saturday instruction and promotes telecommunication among its participants.

I. Describe the supply requirements for your existing program/department/service area, as well as the effect that any proposed changes would have on the supplies in the next four years. This statement should include the kinds and amounts of supplies needed, any anticipated costs, and the need for any computer software/technology.

The demand for supplies will increase along with costs in the upcoming years. With the help of the college, our program would operate much more successfully if provided assistance in this area. Much of our office supplies include but not limited to file folders,

writing materials, binders, and other outreach essentials. Another requirement is this area that will impact the program's supply budget is the renewal and maintenance agreement for the Student Access database provided by Heiburg Consulting.

- J. Describe the need for facility modifications within your existing program/department/service area or the effect that any proposed curricular or instructional changes would have on the existing facilities in the next four years. This statement should include a description of the desired changes, the rationale for the changes, and a rough estimate of the costs.

Individual staff offices needed. Currently, West Hills College Lemoore is in process of completing a new phase in the expansion construction project and is considering housing TRIO Program Offices in the newly constructed facility. This will bring forth advantages that will improve the delivery of services to our students.

VII. Additional Information (optional)

Please provide any other information to describe, explain, justify, analyze, or clarify prospective program/department/service area changes or needs anticipated in the next four years.

- A. What factors did you use in determining the quality and success of this program/department/service area?

The program evaluates student assessment provided by the state of California. As required by the grantee, program objectives revolve around student success. Participant graduation rates and post-secondary enrollment are indicators that confirm program success. In addition to these factors, the program has a proven record of success based on its renewal funding awards which are determined by program effectiveness.

- B. Identify the best ways to measure the quality and success of this program/department/service area. Conduct an evaluation of the program/department/service area. Use a survey or questionnaire when appropriate to address questions. (Examples: How do the persons served by this program/department/service area evaluate its adequacy or effectiveness? How do services compare to similar departments/service areas out side the College? By what processes does the program/department/service area deal with complaints and continually up-grade services? Other methods might include matching or exceeding nation-wide productivity measures, i.e., full-time staffing equivalent per square foot for M & O and per number of employees for Human resources, feedback from campus "clients", etc.)

Participants are given surveys and evaluation forms that allows for reflection of services. Students receive these questionnaires upon completion of program activities for feedback purposes.

- C. Describe the annual scheduling patterns for courses impact your program/department/service areas. Consider interaction with other programs/departments/service areas, use of facilities and flexibility for students.

Our program participants are required to enroll in college level courses in the summer session. In part of the coordination of registration, program staff collaborates with Department Faculty to inform them of our initiatives which focuses on high school students. Due to current fiscal cuts enforced by the state, our host institution is forced to reduce course sections which will impact the number of program participants enrolling in college classes in the near future.

VIII. Summary and Recommendations

- A. What actions have been taken to address the assessment and improvements of program learning outcomes?

Program staff is required to monitor student progress on a monthly basis versus quarterly. Students are provided with evaluation forms to assess program services so appropriate adjustments or accommodations are made for students.

- B. Based on analysis of the information provided in I through VII, describe the program's strengths, areas that need improvement, and strategies and actions to make those improvements.

1. Program strengths

Staff is committed to serving students and meeting their needs. Program has positive rapport with target serving school sites. Program has attained successful rates of students entering higher education institutions after graduation. Collaboration efforts with West Hills College Lemoore are effective promoting future program participant involvement with college events and activities.

2. Areas that need improvement

Program needs improvement in the area of facilities and transportation.

3. Strategies and actions for program enhancement and improvement.

Staff will make more contact with students to develop education planning to insure that students are progressing academically. Program staff is currently strategizing on

collaborating with other programs and school transportation officials to reduce student unmet needs.

- C. Attach your **Program Planning and Evaluation Assessment Grid**. Follow the directions provided and thoroughly complete the form. You should have not more than five short term goals, of which at least three are student learning outcome goals.

**West Hills College Lemoore
Program Planning and Evaluation
Assessment Planning Logic Model
Midterm Report**

Program: Upward Bound Math & Science		Date:
Findings	Analysis	Actions
What are the actual quantifiable outcomes compared to those listed in column four of the Assessment Grid?	Your interpretation of the results (why the activities were not successful in achieving the goal)	Based on the Findings and Analysis, what is the next step?
<ol style="list-style-type: none"> Currently, project has not met number of qualifying participants for the year. Site instructors are recruiting interested students at their area high school. Project has 42 active participants and intends to recruit and retain 50 participants by the end of the academic year. Participant log in sheets are completed during tutorial sessions weekly, recording attendance and participant course work. Saturday workshops are coordinated on a monthly basis and documentation recording dates and subjects are in place. Project has 	<ol style="list-style-type: none"> Students are highly involved in extra-curricular activities and cannot commit the amount of time required by project. Project staff is limited to the amount of time spent on recruiting new participants. Documentation on attendance during tutorials is recorded on a weekly basis. Activities are being met and accomplished effectively. Saturday workshops are planned accordingly and have yet have not canceled or postponed scheduled activities. All documentation relating to Saturday activities are recorded monthly. 	<ol style="list-style-type: none"> Work closely with site instructors and delegate more time to be spent on recruiting students interested in careers in the Math or Science fields. Continue maintaining accurate documentation recording attendance and participant course work during after-school weekly tutorials. Continue planning in advance to meet mandated project requirements consisting of Saturday workshops covering a series of core subjects including cultural and community service activities. Maintain accurate records of Saturday activities and events including attendance.

conducted 3 Saturday academic and culturally related sessions. Project is currently planning to conduct its 4th session for the year. Documentation and attendance including activities conducted during the Saturday events are recorded monthly.

4. Participant academic records are evaluated on a quarterly basis. Grades are obtained through high school counseling department. Project staff reviews grades and proceeds with one to one meeting with participant to discuss academic progress or regression.
5. Project is currently in the planning stages developing summer program. Project staff has met with institution's faculty to discuss course outline and schedule. Project staff has informed all participants of the summer program that is underway. Majority of participants are already admitted into the institution through its application process. Over thirty participants have taken the institution's placement exam, a requirement for selection of courses. During the next eight weeks project staff will submit all required forms on behalf of the participant for summer registration confirmation.
6. Annual report is due in December of 2009 and data for report is on file. Data will be converted into report's format when Dept. of Education announces instructions for report. Project SLO's will be defined by

4. Academic records are posted quarterly and made available for project staff to review. Project staff is responsible to schedule student meetings to discuss grades. Evaluation of participant grades is done accordingly when grades are available for review.
5. A six-week summer program is implemented yearly which includes a residential module off campus. Participants will be required to make efforts to be part of this component.
6. Annual report is always submitted prior to deadline and reviewed by project staff and administrator prior to submission. Annual report is due December 28, 2009. It is necessary that the project work in conjunction with students services personnel to develop SLO's that appropriately reflect our program goals and objectives.

4. Continue evaluating grades when available and meet with participants accordingly to discuss academic results to promote achievement.
5. Plan and execute an effective six-week summer component that will allow participants to gain college and high school credit for achieving a passing grade in a college course.
6. Maintain accurate data throughout the academic year to meet all standards required by the Department of Education which reviews our project's accomplishments during the academic year of 2008-2009. In addition to annual reporting, program staff will work closely with institution student success personnel to develop appropriate student learning outcomes.

annual reporting requirements and institutional student success committee.

WEST HILLS COLLEGE LEMOORE

PROGRAM REVIEW/PLANNING AND EVALUATION PROCESS UNIT PLANNING GUIDE - NON-INSTRUCTIONAL DEPARTMENTS & AREAS TO BE COMPLETED BY UNIT/DEPARTMENT COMMITTEE

(Please submit this information using Microsoft Word. In formatting your response, please use the exact outline developed below.)

I. General Information

Department/Service: TRiO Upward Bound

Date Prepared: October 1, 2008

Prepared By: Joel Ruble

Staff: Jose Murrieta, Brian Green, Anna Silvestre

II. Program Overview

- A. State the program mission. If you don't have one, create one. The mission statement should include the purpose of the program, the ideals the program strives to attain, and who the program serves. *(200 word limit)*

West Hills College Lemoore's Upward Bound Classic program is committed to youth, educational experiences, community partnerships, and providing opportunities to the underserved and disadvantaged population. UB Classic identifies low-income, first-generation college bound students and provides them with services such as after school tutoring, special instruction, college visits and educational/career advising. Members will have their educational aspirations encouraged and enhanced by qualified instructors, counselors and positive experiences that promote diversity, cultures, educational experiences and the real possibility of attending a college of their choice.

- B. Briefly describe the current state of the program/department/service area. *(250 words or less)*

Upward Bound Classic at West Hills College Lemoore is a newly funded program in our first year of operation. We are funded to serve 50 students from our 3 target high schools, Laton, Lemoore and Avenal. We began recruiting and serving students last fall and filled all of our program slots before spring. The program's focus is on college entry and success for our first generation and low income students. The program's primary activities are weekly or daily tutorials at each school site, monthly Saturday sessions and a 6-week summer program. There are also various activities throughout the year such as campus visits at colleges and universities or at science or technology enterprises. A perfect example of these activities would be a trip taken on February 2009; we took a group of students to visit UCLA Campus along with the Museum Of Tolerance in Los Angeles, CA. We monitor our students' grades carefully and assist them with applications to colleges and universities. Many of our students have the opportunity to take college level courses through West Hills College Lemoore. At the same time students are able to take these classes for dual credit. This must be approved by parents,

school counselor and principal. When our students do take college courses, we purchase their books and provide them whatever support is necessary to ensure their success.

C. Describe how the program/department/service area goals and objectives are aligned to the advancement of the college mission, goals and objectives. (250 words or less)

Our program SLO's are focused on the needs of our low income, first generation pertaining to their preparation for college. They include results on the California High School Exit Exam, advising in college preparation (SAT, A thru G, financial aid, etc.) and postsecondary enrollment. All develop in our communities a college going culture.

D. List any recommendations from the most recent college/program/department accreditation and/or previous review. (250 words or less)

As a new program this is our first opportunity to participate in the program review process.

III. Qualitative and Quantitative Data Review

A. Attach the following Non-Instructional Program Review data (as provided):

- Enrollment Trends
 - Approximately 50% of our program participants enroll in courses at WHCL for dual credit.
- Student Retention Rates/Student Success Rates (if applicable)
- WSCH/FTEF (if applicable)
- Full-time to Part-time Faculty Ratio- NA
- Number of Students Earning Degrees (if applicable) N/A
- Number of Students Earning Certificates (if applicable) N/A
- Job Market Analysis (if applicable)
- Student Demographics- See Chart below
- Grade Distribution (if applicable)
- Student Survey Data (if applicable)

Total Students - 50	Race/Ethnicity	Entry Status
<u>9th graders</u> 1-Lemoore HS 0-Laton HS 0-Avenal HS	<u>Lemoore HS</u> 19-Hispanic 1 African American	33 - First Generation and Low Income 17 - First Gen only
<u>10th Graders</u> 3-Lemoore HS 5-Laton HS 8-Avenal HS	<u>Laton HS</u> 7-Hispanic 2-White 1-Asian	
<u>11th Graders</u> 8-Lemoore HS 5-Laton HS 8-Avenal HS	<u>Avenal HS</u> 19-Hispanic 1-Arab	
<u>12th Graders</u> 9-Lemoore HS 1-Laton HS		

- B. Using the data provided, address any significant trends/challenges/opportunities identified which relate to your specific course/program/service. (250 words or less)

The most significant trends for Upward Bound Classic are that under our new grant application we are serving 3 target schools. Upward Bound Classic serves Avenal, Lemoore and Laton high schools. This spreads our resources over a larger geographic area and also requires staff to be in more places during a normal week. It doubles the school site staff necessary for operation and doubles the number of tutorials to manage each week. All of this serves to spread our staffing and fiscal resources more thinly than we expected. It also lays the groundwork for the second trend that has great effect on our program operation.

The recent increases in transportation costs are probably the most difficult issues for us to resolve. Because we transport our students to events at the college or at other institutions and having 6 sites to serve rather than 3, the impact of these transportation expenses is all the more devastating.

- 1) State any other measures used to determine the success of this program (e.g. satisfaction surveys, employer surveys or advisory committee feedback).

We measure the success of our program primarily through our annual performance report. We measure standardized objectives regarding low income/first generation status, state testing, retention, and post secondary enrollment.

We also measure our success in our overall contact with students. We have approximately 90% attendance at our afterschool tutorial, 75%-80% at our Saturday sessions and approximately 50% participation in our 6-week summer component. During the summer, a good block of our students work to help support their families, attend other college programs (COSMOS, Berkeley House, etc.) Or attend summer school at their high schools. In this light, our 50% summer participation is quite high.

- C. Attach the following data maintained for your program/department/service area:
- Budget information regarding costs per program/department/service area on personnel, equipment, supplies, delivery of services (where applicable), and any other direct or indirect costs connected with the service as reflected by student enrollment.

UB BUDGET

SALARIES

Full-time Personnel 131,123

Part-time Personnel 6,500

BENEFITS 45,566

SUPPLIES & MATERIALS 1,809

TRAVEL AND CONFERENCE	3,500
PARTICIPANT COSTS	22,150
PARTICIPANT STIPENDS	22,500
TOTAL DIRECT COST	233,148
INDIRECT COST 8%	16,852
TOTAL PROGRAM COST	250,000
Cost per participant	5,000

2. Identify all personnel, including the number of certificated, classified professionals and volunteers. Discuss the diversity of faculty and staff.

Employee Classification:

Certificated .5 Class. Professional 1.4 Student Worker 1
 Volunteers 0

Diversity (Race/Ethnicity)

- | | |
|---|--|
| <input type="checkbox"/> Native Am. /Alaskan Nat. | <input type="checkbox"/> African/African-American/Non-Hispanic |
| <input type="checkbox"/> Asian/Pacific Islander | <input checked="" type="checkbox"/> Caucasian/Non-Hispanic |
| <input checked="" type="checkbox"/> Hispanic | <input type="checkbox"/> Filipino |
| <input checked="" type="checkbox"/> Mixed | |

3. Describe the certificated and classified staffing requirements of the existing program/department/service area, as well as the effect any proposed curricular or instructional changes would have in the next three years. This statement should include the need to retrain, or to add staffing for new specialties. Finally, this statement should include the need to retrain or to add staff for clerical assistance, for maintaining equipment, or for serving as an instructional assistant.

Our program employs 1.1 advising staff under the Advising Specialist, .25 Program Development Assistant and 1 hour per week school site instructors under the Upward Bound Instructor job description and student tutors at our school sites. We also have 1 student worker per semester to help with office and clerical work. Although our staff does a great job accomplishing our goals the need for more staff is obvious especially for our weekend Saturday session and/or weekend trips. This would help because hours would be distributed evenly among staff so no overtime would have to be paid thus, saving the program money.

- D. Identify and discuss the effect that trends may have on the program/department/services area's organization, structure, and nature over the next two to four years.

Our model is well established and proven effective and we would be unwise to retool that model at this point. We will also have to respond to escalating transportation costs in our summer program design. Transporting students from 3 communities each day is prohibitively expensive and so our program will respond by transferring some

of the summer instruction to an online environment and doing portions of our work in the communities where our target schools are located. Due to our current financial crisis, our institution has gone through a shift of personnel (Director Position). Our Advising staff and schools are still intact. Budget concerns have also caused a cut back in staff travel as well as student travel, not eliminated but limited to how much travel can be done.

- E. What resources are required to maintain program/department/service area, and what additional resources are necessary to improve or expand it?

Transportation is our main consideration resource wise. Our other main resource requirement is for technology to stay connected with our students and to connect them with the most current college and scholarship information. Transportation cost has gone up versus our financial crisis is affecting our program in a big way. We must now ask our students to travel on their own with parents to our locations. We cannot afford to contract out a bus company to bring our students to our local Saturday sessions but will limit to contracting when planning out of district travel.

- F. Discuss staff training, academic and professional currency.

Our staff is involved in training throughout the year. For example: our advisor and Director will enroll in a specific TRiO training if budget allows. TRiO trainings are Federal trainings therefore, sometimes located out of state. We also do local CSU and UC counselor conferences which are most of the time located in Fresno, CA. We plan to attend at least one TRiO training per year. These are offered by various organizations and are approved by the DOE (Department of Education). The director attends the TRiO annual conference (San Antonio, TX in 2009) which is mandated under our approved grant proposal.

- G. Excluding curriculum validation, discuss community involvement in the operation of the program/department/service area. Upward Bound involves our students and staff greatly in our communities. One of our most successful community event this past year was our Student walk for measure W. We have a great rapport with site counselors, principals and teachers along with our parents. We offer our students a great opportunity for them to give back by setting up an annual Community Service project out at Camp El-o-Win. Our students have always been willing and able to help whenever we are needed in our communities.

IV. Professional Development

- A. What professional development activities have staff participated in?

We have attended professional developments such as; CSU counselors' conference, UC counselors' conference, TRiO training in priority 1 record keeping retention student success.

B. How does this professional development affect Student Learning Outcomes for your program/department/service area?

Our trainings always focus on student retention and success as well as postsecondary enrollment.

C. Describe the program/department/service area's plans for staff development over the next four years.

We will continue with our current plan. We are looking to focus on increasing our efficiency with our student database as our first priority. Due to financial crisis that our state is in, our institution has gone through a re-organization of personnel as well as cross-training for job specification. (Our Director has been re-organized to serve our grant 75% and our District/Institution 25%)

D. Discuss the effectiveness of continuing education requirement to meet the need for advanced training and/or training in emerging technologies.

Upward Bound continues to strive in our technology department. Perfect example of this is, we are currently using our Student Access software to store all of our students' information as well as running our partial and annual reports. West Hills College has also done a great job improving our online services, we are now able to use the Portal to check students' grades and/or class schedules and we also can have access to our work email through this portal.

V. Student Learning Outcomes

A List all Student Learning Outcomes for this program/department/service.

SLO.1). Upward Bound Classic students will be successful in high school as indicated by successful completion of the California High School Exit Exam. (CAHSEE)

SLO. 2). Upward Bound Classic students will enroll in programs of postsecondary education after high school.

SLO.3). Upward Bound Classic students will be successful in college level coursework.

B. Explain how Student Learning Outcomes are used to measure quality and success of this program/department/service area.

We based our SLO's on West hills College Lemoore's standardized outcomes and so success in SLO's will naturally reflect success from the perspective of our federal regulators.

C. Based upon the results of the program SLO assessments, what improvements have been identified?

We have yet to assess our SLO's.

VI. General Operations

A. How does the program/department/service area ensure that current curriculum/delivery of service is adequately meeting the needs of students?

Our program Advisor ensures that current deliveries of services are meeting the needs of the program participants by:

1. Attending workshops to keep up with new technology/updates related to our students. For example: Trio training, UC/CSU Counselors' conferences as well as Financial Aid Workshops.

2. Assessing Student needs by having personal advising thus, directing needs based on each individual participant.

B. Do special accreditations, external regulations, or advisory committees regulate the program/department/service area? Yes No (if yes, elaborate.)

Upward Bound Classic is directed under the umbrella of the TRiO Programs out of the US department of Education. We operate under the Education Department's General Administrative Regulations Guidelines.

C. Does the program/department/service area have any special regulations, space requirements, staff training, etc.? Yes No (if yes, elaborate.)

Under the approved grant, the host institution must provide the work/office space necessary to run Upward Bound Classic. This includes but is not limited to office equipment, transportation for staff and participants as well as to and from Federal or local staff training opportunities. West Hills College Lemoore is in the works of a new building phase and Upward Bound Classic has been considered for office space in this new construction.

D. Is there evidence of unmet student needs caused by your program/department/service area? Yes No (if yes, elaborate.)

A major student need that is currently not being met is in the area of transportation which is limited due to high cost. Commercial passenger vans can no longer be utilized for our high school students due to the CHP/Department of Transportation compliance policy. This new policy has an effect on attendance and participation during weekend activities held outside of students' local area.

E. How does the program/department/service area address cultural diversity?

Upward Bound Classic is guided toward helping disadvantage students. Students must meet a certain criteria to be eligible for program services. 1. First Generation College bound. 2. Family Income must meet the Federal low income levels. 3. US Citizen or US Resident. These students can come from any cultural background as long as they meet the National criteria.

Program addresses cultural diversity by exposing students to cultural related events that are hosted by higher education institutions.

F. Describe the initiatives the program/department/service area has implemented to meet the needs of social-economically diverse students, and/or those with non-traditional requirements (e.g., physical mental disabilities, re-entry, gender, etc.)

Bound by Federal guidelines that mandate as to who to target thus, Upward Bound Classic targets students with disadvantage backgrounds. Students and their families must meet the low income levels that set forth by the Federal Government. Upward Bound staff requires documentation from applicants to confirm qualification.

- G. Discuss the program/department/service area's use of external funding, including grants and collaborative partnerships, if applicable.

US department of Education is only funding source.

- H. To what extent is technology being used in the program/department/service area?

Technology is used on a daily basis by Upward Bound Classic staff and students. A main example of this would be our WHCL Portal and website where student and staff can communicate with each other via email. Staff has also made their cell phone numbers available to students for texting since, this is widely use in our young population now days.

- I. Describe the supply requirements for your existing program/department/service area, as well as the effect that any proposed changes would have on the supplies in the next four years. This statement should include the kinds and amounts of supplies needed, any anticipated costs, and the need for any computer software/technology.

Supplies are needed throughout the year for our program. Starting with our office supplies, which include, but are limited to file folders, writing equipment, binder and outreach materials among others needed "Student Access" data entry software is needed for electronic data filing. An increase in demand combined with an increase of cost is giving our program difficulty providing the right equipment and materials. With help of West Hills College Lemoore providing extra materials our program would function better.

- J. Describe the need for facility modifications within your existing program/department/service area or the effect that any proposed curricular or instructional changes would have on the existing facilities in the next four years. This statement should include a description of the desired changes, the rationale for the changes, and a rough estimate of the costs.

West Hills College Lemoore has mentioned Upward Bound as one of the new considered occupants of the new construction phase in 2012. This would benefit our programs by being closer to our regular college counselors and being able to refer our program participants to our college staff and programs.

VII. Additional Information (optional)

Please provide any other information to describe, explain, justify, analyze, or clarify prospective program/department/service area changes or needs anticipated in the next four years.

- A. What factors did you use in determining the quality and success of this program/department/service area?

Upward Classic was established nationally in 1972 and since then guidelines have been followed continually throughout the years. Upward Bound Classic at West Hills

College Lemoore has been in existence since fall 2007, with these guidelines in mind as well as our College's mission statement we serve our students and community. Federal Guidelines will continue to overlook our Upward Bound program. One way to determine our program success is by looking at examples of our students that have since graduated from Upward Bound. For example we have 95% of our graduated students confirm enrolment in either a CSU or UC of their choice. These results go along with our grant objectives, we have objectives such as retention, graduation and participation; Retention objective: 85% of our students will stay with our program until graduation of high school. Our numbers were 89%. Graduation objective: 85% of our students will graduate from high school and enroll in a post high school program. Our numbers were 95%. Participation objective: 85% of our active participants will participate in program sponsored activities. Our numbers were 86%.

- B. Identify the best ways to measure the quality and success of this program/department/service area. Conduct an evaluation of the program/department/service area. Use a survey or questionnaire when appropriate to address questions. (Examples: How do the persons served by this program/department/service area evaluate its adequacy or effectiveness? How do services compare to similar departments/service areas outside the College? By what processes does the program/department/service area deal with complaints and continually up-grade services? Other methods might include matching or exceeding nation-wide productivity measures, i.e., full-time staffing equivalent per square foot for M & O and per number of employees for Human resources, feedback from campus "clients", etc.)

Participants are given surveys and evaluation forms that allows for reflection of services. Students receive these questionnaires throughout program activities. These surveys will allow our staff to have more effective program activities thus, keeping retention numbers up and actual programs up by recruitment. These surveys also allow our students to express satisfaction/dissatisfaction along with a voice in the program. This would make the students have some ownership and pride in the program.

- C. Describe the annual scheduling patterns for courses impact your program/department/service areas. Consider interaction with other programs/departments/service areas, use of facilities and flexibility for students.

Our program participants are required to enroll in college level courses in the summer session. In part of the coordination of registration, program staff collaborates with Department Faculty to inform them of our initiatives which focuses on high school students. Due to our current financial crisis, our institution has gone through a dramatic cut back on class sessions thus, creating less available classes for our current participants to choose from.

VIII. Summary and Recommendations

- A. What actions have been taken to address the assessment and improvements of program learning outcomes?

Program staff is required to monitor student progress on a monthly basis versus quarterly. Students are provided with evaluation forms to assess program services so appropriate adjustments or accommodations are made for students.

B. Based on analysis of the information provided in I through VII, describe the program's strengths, areas that need improvement, and strategies and actions to make those improvements.

1. Program strengths

Staff is committed to serving students and meeting their needs. Program has positive rapport with target serving school sites and their staff. Program has attained successful rates of students entering institutions of higher education after high school graduation.

2. Areas that need improvement

Program needs improvement in the area of facilities and transportation

3. Strategies and actions for program enhancement and improvement.

Staff will make more contact with students to develop education planning to insure that students are progressing academically. Program staff is currently strategizing on collaborating with other programs and school transportation officials to reduce student unmet needs.

C. Attach your **Program Planning and Evaluation Assessment Grid**. Follow the directions provided and thoroughly complete the form. You should have not more than five short term goals, of which at least three are student learning outcome goals.

Program Planning and Evaluation
Assessment Planning Logic Model
Midterm Report**

Program: Upward Bound Classic		Date:
Findings	Analysis	Actions
What are the actual quantifiable outcomes compared to those listed in column four of the Assessment Grid?	Your interpretation of the results (why the activities were not successful in achieving the goal)	Based on the Findings and Analysis, what is the next step?
<ol style="list-style-type: none"> Currently, project has met number of qualifying participants for the year. Site instructors are in place at each of our participating high schools. Project has 54 active participants and intends to retain 54 participants by the end of the academic year. Participant log in sheets are completed during tutorial sessions weekly, recording attendance and participant course work. Saturday workshops are coordinated on a monthly basis and documentation recording dates and 	<ol style="list-style-type: none"> Although students are highly involved in extra-curricular activities and cannot commit the amount of time required by project; we have been able to find recruits but with difficulties especially in the smaller high schools. Project staff is limited to the amount of time spent on recruiting new participants. Documentation on attendance during tutorials is recorded on a weekly basis. Activities are being met and accomplished effectively. Saturday 	<ol style="list-style-type: none"> Work closely with site instructors and delegate more time to be spent on recruiting students interested in a post secondary education. Continue maintaining accurate documentation recording attendance and participant course work during after-school weekly tutorials. Continue planning in advance to meet mandated project requirements consisting of Saturday workshops covering a series of core subjects including cultural and community service activities. Maintain accurate

subjects are in place. Project has conducted 6 Saturday academic and culturally related sessions. Project is currently planning to conduct its 7th and 8th session for the year. Documentation and attendance including activities conducted during the Saturday events are recorded monthly.

4. Participant academic records are evaluated on a quarterly basis. Grades are obtained through high school counseling department. Project staff reviews grades and proceeds with one to one meeting with participant to discuss academic progress or regression.
5. Project is currently in the planning stages developing summer program. Project staff has met with institution's faculty to discuss course outline and schedule. Project staff has informed all participants of the summer program that is underway. Majority of participants are already admitted into the institution through its application process. Over 35 participants have taken the institution's placement exam, a requirement for selection of courses. During the next eight weeks project staff will submit all required forms on behalf of the participant for summer registration confirmation.
6. Annual report is due in January of 2008 and data for report is on file. Data will be converted into report's format when Dept. of Education

workshops are planned accordingly and have yet have not canceled or postponed scheduled activities. All documentation relating to Saturday activities are recorded monthly.

4. Academic records are posted quarterly and made available for project staff to review. Project staff is responsible to schedule student meetings to discuss grades. Evaluation of participant grades is done accordingly when grades are available for review.
5. A six-week summer program is under review and will be going on our third summer session in the upcoming Summer 2010. Participants will be required to make efforts to be part of this component.
6. Annual report is always submitted prior to deadline and reviewed by project staff and administrator prior to submission. Annual report is due January 14, 2010. It is necessary that the project work in conjunction with students services personnel to develop SLO's that appropriately reflect our program goals and objectives.

records of Saturday activities and events including attendance.

4. Continue evaluating grades when available and meet with participants accordingly to discuss academic results to promote achievement.
5. Plan and execute an effective six-week summer component that will allow participants to gain college and high school credit for achieving a passing grade in a college course.
6. Maintain accurate data throughout the academic year to meet all standards required by the Department of Education which reviews our project's accomplishments during the academic year and Summer reporting, program staff will work closely with institution student success personnel to develop appropriate student learning outcomes.

announces instructions for report.
Project SLO's will be defined by
annual reporting requirements and
institutional student success
committee.

Faculty Senate Resolution
Two-Year Schedule
Submitted by: Counseling Learning Area

Whereas WHCL has a history of creating a two-year schedule of courses as part of the catalog, and

Whereas an unofficial course plan exists but has not been formerly published, and

Whereas a two-year schedule is invaluable in assisting with course planning for students, faculty, staff, and administrators, and

Whereas a two-year schedule enables students to complete their educational goal/program in a timely manner, and

Whereas it will assist counselors in developing accurate student educational plans, and

Whereas it will promote consistency and eliminate classes being overlooked in all discipline areas, and

Whereas it would eliminate cancellation of infrequently offered, low-enrolled courses, and

Whereas WHCL seeks to serve students well by implementing student friendly policies that promote greater graduation rates

Let it be resolved that the WHCL Faculty Senate supports the development and implementation of a two-year class schedule.

SARS system will also expedite many functions related between counter/C&A</i></p>

West Hills College Lemoore
Student Services Matriculation
Meeting Minutes
Date: December 13, 2010

Attending: Linda Amaya-Guenon, Lupe Banales, Susie Briones-Aceron, Veronica Grijalva, Mariadelaluz Gonzalez, Lataria Hall, Marta Hendrickson, Eva Jimenez, Jose Lopez, Teresa Quilici, Mike Rodriguez, Joel Ruble, Gary Sedgwick, Angela Tos, Jan Young, Wendy Denny, Sylvia Dorsey-Robinson

Absent: Tiffani McGee, Jose Murrieta, Rupinder Rai, Oscar Villarreal

-
1. Discuss key points from:
 - a. SB 1440
 - b. Completion By Design
 - c. Winning by degrees: the strategies of highly productive higher-education institutionsStaff was previously given copies of documents on SB 1440, Completion by Design and Winning by Degrees and instructed to be prepared to discuss the contents. With regard to SB 1440, staff discussed the importance and implications of the legislation and the urgency of implication. With regard to Completion by Design, staff discussed the loss and momentum points in the proposal of the Completion By design from the Bill and Melinda Gates Foundation and the WHCCD involvement of the grant. With regard to the Winning by Degrees, staff discussed the practices for raising degree completion.
 2. Discuss interpreting transcripts for military students - Susie and Gary
G. Sedgwick and S.B-Aceron reviewed with staff how to interpret transcripts for veterans who have transcripts from all over the country. He highlighted the need to determine if we were going to accept the courses from local proprietary schools. There appears to be an influx of students who are enrolling with transcripts from these colleges as there is no current articulation agreement. This item will be revisited in the next meeting.
 3. Hear update on H.O.P.E. Project
SDR distributed copies of the Having Opportunity and Promise through Education (H.O.P.E.) project. J. Ruble, walked staff through the plan that outlines the college's involvement at the K-12 level and parent involvement
 4. Review Developed Checklist and identify essential documents to provide to students during counseling/advising appointments in order enhance student success
Staff reviewed the "Student Check List" created by the team in a previous meeting. Some changes were made and some items were eliminated as staff realized that some items will be addressed in orientation and some items exist on the website.
T. Quilici and S. B-Aceraon gave an update to the staff of the Lemoore office.
 6. Receive AP 5011 - Admission and Concurrent Enrollment of High School and Younger Students
Staff was give a copy of the proposed AP 5011 and asked to read over and be prepared to give feedback to Eva for PGC in January.

**West Hills Community College District:
Strategic Plan for Information Technology**

1. Executive Summary

The West Hills Community College District recently completed a strategic planning process for information technology. The results of that process include substantial insight into the District's current circumstances and prospects for moving forward.

First, though, it should be pointed out that the District is already making considerable progress in many areas. For example, significant advances have been made with respect to distance learning, instructional technology, and online services for students and faculty.

Generally, the strategic planning process was based upon the following:

- Assessment (e.g., surveys, interviews, focus group discussions) in order to gain insight and create awareness
- Consideration of opportunities for improvement within key areas, including the following:
 - Administrative Information Technology Systems and Applications
 - Information Technology Infrastructure
 - Information Technology Services
 - Information Technology Leadership and Management
 - Instructional Technology

This planning document includes a consideration of specific opportunities for improvement. There is pragmatic information about potential action items within each of the above key areas.

The District's ability to pursue opportunities for improvement will be enhanced if there is an annual review of various efforts. The goal is to measure how well the institution is performing in numerous areas. Regular assessments of the District's circumstances will help reinforce everyone's understanding of expectations, commitments, accountabilities, priorities, etc.

The District deserves congratulations on its decision to complete a strategic planning process for information technology. The District took the initiative to ask questions about how to improve itself. As a result, it has substantial opportunities to enhance its vitality with respect to teaching, learning, service, operations, and sense of purpose.

E-Learning Plan

2. Introduction and Purpose

Increasingly, information technology is a pervasive and integral part of our lives. It is becoming rather difficult to think of situations in which sophisticated systems do not have profound implications. Extraordinary technological advancements have been made in recent years in a number of areas, including the following:

- Education
- Communications
- Business and commerce
- Entertainment
- Health care
- Government

Within higher education, Google is used for research, iPods are commonplace, e-mail is a communications method of choice, and blogs are ordinary places for people to share their lives. Going forward, it is logical to assume that there will be increasingly widespread use of information technology.

How should the West Hills Community College District plan for the future? How will it address the following kinds of questions?

- What is the most appropriate way to leverage information technology to serve the mission of the District and its colleges?
- From an information technology standpoint, what must be done to support the District's *Strategic Plan for 2006 - 2010*?
- Are there particular opportunities for improving teaching, learning, and service?
- How can information technology help enable streamlined administrative services for students, faculty, alumni, staff, administrators, and others?
- Does the District have specific technology-related issues that require prompt remediation?
- Is there a particular roadmap that makes sense for the District? What practical steps should be taken?
- What obstacles and risks need to be anticipated and/or overcome?
- Given the District's limited resources, what are the most appropriate investments to be made with respect to information technology?

It is hard to overstate the importance of the above questions; a great deal is at stake. Information technology is widespread, foundational, increasingly complex, and costly. And, many systems and services are directly tied to the work of the District.

In addition to the practical aspects of information technology, there are important philosophical issues that need attention. For example, the advanced use of information technology is increasingly seen as an indicator of an institution's vitality and sense of progress.

Our district
is ready in
this area
- 20

Going further, there are democratic and egalitarian issues to consider. For example, the District must ensure that people have access to information technology that enhances their ability to teach, learn, interact, and serve others. We must enable everyone in the District to leverage information technology in highly beneficial ways.

Colleges and universities sometimes have rather dissimilar strategic plans for information technology. There can be substantial differences with respect to mission, priorities, resources, organizational structure, etc. Although this document recognizes best practices from other institutions, this strategic plan for information technology focuses on the unique circumstances of the West Hills Community College District.

The basic premise of this strategic plan is that the District wants to enhance its ability to achieve certain critical outcomes. Examples of such important results can include the following:

- Improved teaching and learning
- Strong support for marketing/admissions programs
- Increased enrollment retention
- Continued recruiting of talented faculty, staff, and administrators
- Streamlined administrative services (e.g., registration, financial aid)

: Increase production of staff

Fundamentally, information technology helps enable certain results. It is meant to be supportive, not directive. It serves the needs of the District, not vice-versa.

This strategic plan for information technology describes numerous efforts that the institution can pursue over the next five years. The focus is on helping the District move forward in important ways.

This document is comprised of several sections. First, there is a profile of the District to help establish a context. Next, is a list of assumptions that were part of the planning process.

Third, are the results of various assessment efforts (e.g., focus group discussions, surveys that were completed by students, faculty, staff, and administrators). The assessment information is meant to provide insight into the District's existing circumstances, create awareness, and enable planning for future work.

And, finally, there is a consideration of the District's opportunities for improvement. Specific information is given on how the District might enhance its efforts.

The District deserves substantial commendation for its investment in a strategic planning process. Being thoughtful about the development of information technology will result in significant benefits to students, faculty, staff, administrators, and others.

3. Understanding the West Hills Community College District

The development of a strategic plan for information technology is at least partly rooted in an understanding of existing circumstances. Characterizing the District's current situation helps enable a sensible roadmap for the future.

a. Profile of the District

The West Hills Community College District began operations in 1932. Presently, its service area is a 3,464 square mile region that includes portions of five surrounding counties. Below, are some noteworthy statistics.

- Major Service Locations: West Hills Community College District Office, West Hills College Coalinga, West Hills College Lemoore, North District Center, Naval Air Station Lemoore.
- District Enrollment in 2006 - 2007: Headcount = 10,800; Actual FTES = 4,950.
- Total Degrees/Certificates Awarded in 2006 - 2007: 587.
- District budget for FY 2006 - 2007: \$32.9M.

↳ Budgeted

b. e-Learning Strategic Plan

The District completed its *e-Learning Strategic Plan* in 2002. A considerable number of accomplishments resulted from the planning process and resulting initiatives. Clearly, much of the District's growth (e.g., enrollment gains, enhanced services to students/faculty/staff) can be attributed to the effective development of supportive information technology.

Specifically, the *e-Learning Strategic Plan* called upon the District to address the following goals. In turn, each goal involved a number of strategies, objectives, and tasks.

- Implementation of a fully functional web site.
- Creation of partnerships to help ensure that e-learning programs/services meet the needs of the community.
- Creation of a user-friendly call center for technical assistance.
- Provision of faculty development opportunities with respect to e-learning.
- < Creation of goodwill among campuses. >
- Development of a well-trained workforce within the District.
- < Empowerment of students to make wise e-learning decisions. > low
- Provision of academic and technological support to enhance student learning.
- Implementation of appropriate management practices to support e-learning.
- Provision of necessary hardware, software, and infrastructure for students, faculty, staff, and others.
- Provision of fully accessible, interactive, online library services.

This plan assumes that the District has substantially fulfilled the above goals. Now, going forward, there is a desire to build upon the success. Increasingly, there are strong expectations for enhanced services that support the work of students, faculty, staff, and the community.

c. District Strategic Plan

Certainly, the use of information technology should support the overall mission of the District. Although ensuring the success of various systems, applications, services, etc., is worthwhile, the real goal is to leverage information technology to achieve specific strategic outcomes. Going forward, it is important to enable the District to address the goals within its *Strategic Plan for 2006 – 2010*, including the following:

- Achieve or exceed funded growth targets
- Focus marketing efforts on District-wide "stories"
- Annually increase community participation rates
- Annually improve transfer, completion, and graduation rates
- Become the preferred choice of students through ongoing and active recruitment

thing

d. Current Enterprise Systems and Applications

Below, is a list of the District's primary enterprise systems and applications.

- Datatel Colleague Student
- Datatel Colleague Finance
- Datatel Colleague Human Resources
- Datatel Colleague Financial Aid
- MS Exchange (e-mail)
- IMail (e-mail)
- Blackboard
- SIRSI Library Automation
- Hershey Imaging
- MS Office

→ SARS System

Presently, the District intends to implement the R18 version of Datatel Colleague in December 2007. And, eventually, the system will be migrated to a MS SQL Server database (from UniData). - December 09 - tentative - or Summer 10

Additionally, the District has announced plans for the implementation of several enterprise applications in 2008, including the following:

- Datatel Colleague Payroll (as opposed to the use of the County's payroll processing system)
- Datatel Colleague ActiveCampus Portal
- Datatel Colleague ActiveAdmissions
- Datatel Colleague Advancement

Off add a section that speaks to open source ~~sourced~~ solutions, if that is appropriate.

training on technology

e. Current Information Technology Services

The District's information technology services entail several major types of support, including the following:

- Infrastructure and maintenance, including the following:
 - Voice, video, and data networks
 - Central computing servers and other data center systems
 - Approval and purchase of all computers and peripheral hardware.
- Mission-critical business applications, including the following:
 - Datatel Colleague, Blackboard, etc.
 - e-mail
 - SIRSI
- Information management, including the following:
 - Data management
 - Data warehousing
 - Administration of web servers
 - *web services*
- Help Desk services, including assistance with Blackboard, e-mail, My West Hills, resetting passwords, etc.
- Learning Resources assistance, including help for faculty who use Blackboard
- End user technical services, including maintenance, repairs, installations, upgrades, etc.

att → add → onboard; ITR / IT / Dept Asst.

f. Current Information Technology Infrastructure

The District's primary data center includes Hewlett-Packard blade servers and a 5 TB storage area network (SAN). The platforms enable considerable consolidation and scalability. That is, the systems are within a limited number of frames, and there is room for growth. The data center also includes virtual and physical tape libraries for backup purposes.

The District has a CISCO AVID system that enables voice, video, and data services over the wide area network (WAN). Currently, the network supports nine separate sites with a T1 circuits (or multiple T1 circuits). All locations are interconnected by Cisco 3662 routers that include failover capabilities. A DS3 circuit provides connectivity between the Coalinga campus and the Lemoore campus.

Both the Coalinga and Lemoore campuses have DS3 connections to the Internet. The local area networks (LANs) provide 100 MB service to the desktop. And the switching equipment enables redundant gigabit fiber connections among buildings. A Cisco Enterprise PIX 525 is used as a firewall and VPN concentrator.

The District has standards for desktops, laptops, and productivity software, but the configurations are not fixed because of the dynamic nature of the information technology industry. All full-time faculty and many adjunct faculty are issued laptops.

In general, the District has a four-year replacement cycle for desktops and laptops. However, the funding for new hardware/software is budgeted by the colleges (not the District). The Information Technology Services Department generates fixed asset aging reports so that there is clear information about the systems that require replacement. The District's goal is to "ladder" the replacement cycle so that roughly 25% of the systems are replaced each year (over a four-year period).

*Single points of failure
Need multiple paths*

*Firebush - infrastructure within the city -
problematic*

g. Current Organizational Structure

In many ways, the District's organizational structure involves a matrix of functions, roles, staff, responsibilities, etc. Some efforts are handled by the District's Information Technology Services Department; other efforts are handled by other District departments (e.g., Learning Resources) or campus-based staff. Additionally, the District has advisory committees to help define many of its efforts.

In a number of cases (e.g., web services, technical support, video conferencing, instructional technology), the District works across several organizational boundaries to accomplish its objectives. Presently, it is not clear how some of the efforts are kept in alignment when cross-organizational responsibilities arise.

The Information Technology Services Department is a relatively flat organization, with all staff reporting to the Director. In turn, the Director reports to the Chancellor. The classified staff includes programmer analysts, technicians, data center personnel, et al., who are cross-trained to some extent. All of the employees visit the campuses on a regular basis to provide a variety of services.

Outside of the Information Technology Services Department there is a webmaster within the District Office. Additionally, the Learning Resources organization is responsible for video conferencing, distance learning, faculty/student use of Blackboard, certain Help Desk functions, etc.

In terms of committee structure, the District's efforts are guided by the WHCIST (West Hills Customer Information Support Team) and the TAT (Technology Advisory Team). The membership for both groups includes key stakeholders from the District and the colleges.

WHCIST's primary (but not exclusive) focus is on the enhanced use of enterprise technology (and especially Datatel Colleague). TAT's responsibilities center around the currency of the information technology that supports students and instructional programs.

There appears to be some uncertainty about the purposes and activities that are addressed by WHCIST and TAT. It is not clear, for example, that the groups are identifying opportunities, setting priorities, recommending resource allocations, reviewing the status of various projects, etc. The seeming uncertainties about WHCIST and TAT might have prompted Lemoore College's apparent efforts to create its own technology committee.

4. Planning Assumptions

A number of assumptions are associated with the District's planning process, including the following:

- Although it is certainly important to ensure the success of information technology in all respects, the District wants its strategic plan to have a District-level perspective. As appropriate, there may be planning opportunities at the campus level that are outside the scope of this document.
- The *e-Learning Strategic Plan* established clear goals and objectives with respect to instructional technology, and the District should continue its efforts to improve all aspects of teaching and learning. Now, though, the District desires a strategic plan that includes consideration of administrative systems and operations.
- Strategic planning is a continuous process. The District will make ongoing efforts to assess its efforts, identify opportunities for improvement, and move forward.
- In many respects, the District is large, diverse, and widespread. As such, it is not easy to ensure that the planning process touched all those who might have significant insight. So, again, it is important for the District to ensure ongoing efforts to assess its circumstances.
- The planning process uncovered a substantial number of potential projects and initiatives. Some of them (e.g., implementing Datatel Colleague Advancement, implementing an ActiveCampus portal) require very significant investments of time, money, staff, expertise, etc. So, there is an implicit assumption that the District either has all of the necessary resources (including that which is required for ongoing maintenance), or the District has a strategy for prioritizing its projects and initiatives -- so that it can live within its existing budget.
- The planning process assumed that new advisory committees will be created. And, one of the first responsibilities of such groups will be to review the District's opportunities for improvement -- with an eye toward funding, prioritization, timing, executive sponsorship, etc.

5. Presentation of Assessment Data

A considerable amount of qualitative and quantitative assessment data was collected with respect to the District's existing circumstances. The most significant information was obtained as a result of the following:

- Interviews and focus group discussions
- Surveys of students, faculty, staff, and administrators

a. Interviews and Focus Group Discussions

Several meetings were held with individuals and groups in order to gain insight into the District's perspectives, concerns, suggestions, issues, etc. Below, are representative comments that resulted from the discussions.

- The District has made considerable progress over the last few years. Information technology has been a key factor with respect to enrollment growth, service to students, teaching and learning, and administrative operations.
- The District should continue its innovative use of information technology to support teaching and learning.
- ① The Datatel Colleague system was implemented in a rather hurried manner. As a result, some functionality might not be used to its full potential. Likewise, there are training issues that need attention.
- A number of the District's business processes (e.g., registration, tuition/fee payment, purchasing) need to be analyzed, re-engineered, and optimized.
- The District wants to eliminate (or at least minimize) a number of organizational and technological silos.
- It is important for the District to have a fully secure and reliable infrastructure (e.g., network, data center) that is available 24x7x365.
- There are opportunities for improvement with respect to infrastructure services (e.g., wireless access, telephony, video conferencing, hardware/software life cycle management, e-mail).
- ② There is a need for better integration among the District's enterprise systems and applications.
- As much as possible, all applications should be available in self-service mode -- and through a portal that enables "single sign-on."
- The District might benefit from the implementation of enhanced point solutions for imaging, workflow, data mining, web content management, ID cards, etc.
- From a management perspective, there are opportunities for improvement with respect to budgeting, governance, policies/procedures, communication, planning, etc.
- From a services perspective, there are opportunities for improvement with respect to training, Help Desk operations, etc.
- From an instructional technology perspective, there are opportunities for improvement with respect to online applications (e.g., Blackboard), faculty development, classroom equipment, library automation, etc.

-
- In relative terms, the District appears to be planning some rather aggressive development projects in 2008 (e.g., ActiveCampus portal, ActiveAdmissions, Datatel Colleague Payroll, Datatel Colleague Advancement). It is not clear, though, that the District has sufficient resources (e.g., financial, human, infrastructure) to implement such systems. Going further, it is not clear that the long-term total cost of ownership has been determined.
 - In terms of organizational structure, there is occasional uncertainty about who is responsible for various information technology functions. Going forward, it is important to ensure that information technology functions are allocated among groups/individuals in a relatively holistic, unfractured manner.

allocation

b. Survey Results

Students, faculty, staff, and administrators were asked to complete surveys in order to gain additional insight into the District's existing circumstances and potential opportunities for improvement. The surveys asked respondents to provide the following:

- Numerical ratings with respect to specific areas of performance
- Responses to open-ended questions about general performance

In terms of numerical ratings, participants were asked to respond to each survey item according to the following scheme:

NA = Not Applicable or No Opinion

1 = Strongly Disagree

2 = Disagree

3 = Mildly Disagree

4 = Neutral

5 = Mildly Agree

6 = Agree

7 = Strongly Agree

The tables on the following pages present the mean ratings from the two survey groups. The first survey group includes students. The second survey group includes faculty, staff, and administrators.

Student Survey Responses (N = 480)	
Item	Mean Rating
1. I consider myself to be a skilled computer user.	5.63
2. The College/District ensures that all computers are kept in good repair and have current software.	5.72
3. The College/District provides helpful technical assistance whenever I have a computer problem.	5.51
4. The College/District offers effective computer training so that I know how to use various systems/applications.	5.38
5. The College/District does a good job of equipping labs and classrooms with supportive information technology.	5.73
6. More online courses should be offered.	5.84
7. I prefer online courses to traditional classroom instruction.	4.84
8. I communicate with my instructor(s) via e-mail.	5.91
9. Considerable assistance is available to students who need help with instructional technology.	5.24
10. The College/District web site is easy to use and provides helpful information.	6.02
11. I use the College/District web site to register for classes, view grades, etc.	6.62
12. The College/District provides robust and reliable access to the Internet.	6.06
13. The College/District provides pervasive wireless network access.	5.19
14. I am pleased with the functionality of the e-mail system that the College/District makes available to students.	6.00
15. I am confident about the security of personal information on the College/District computer systems.	5.77
16. Aside from the College/District information technology systems, it is relatively easy to complete the business processes related to admissions, registration, payment of tuition, etc.	5.98
17. The College/District is ahead of other institutions with respect to the use of information technology to support students, faculty, staff, and administrators.	5.26
18. The College/District consistently finds ways to use information technology to enhance services to students, faculty, staff, and administrators.	5.58

Faculty/Staff/Administrator Survey Responses (N = 164)

Item	Mean Rating
1. I consider myself to be a skilled computer user.	5.85
2. The College/District ensures that all computers are kept in good repair and have current software.	5.97
3. The College/District provides helpful technical assistance whenever I have a computer problem.	6.27
4. The College/District offers effective computer training so that I know how to use various systems/applications.	4.79
5. The College/District does a good job of equipping labs and classrooms with supportive information technology.	5.93
6. More online courses should be offered.	4.59
7. I prefer online courses to traditional classroom instruction.	3.76
8. I communicate with students via e-mail.	5.92
9. Considerable assistance is available to students who need help with instructional technology.	5.26
10. The College/District web site is easy to use and provides helpful information.	5.52
11. I use the College/District web site to register for classes, view grades, etc.	5.92
12. The College/District provides robust and reliable access to the Internet.	6.27
13. The College/District provides pervasive wireless network access.	4.87
14. The College/District provides robust and reliable telephone services and voice mail.	6.08
15. I am confident about the security of personal information on the College/District computer systems.	5.64
16. I am pleased with the functionality of the College/District e-mail system.	6.15
17. I am pleased with the functionality of the DataTel Student System.	4.87
18. I am pleased with the functionality of the DataTel Finance System.	4.67

Faculty/Staff/Administrator Survey Responses (continued)

Item	Mean Rating
19. I am pleased with the functionality of the Datatel Human Resource Management System.	4.45
20. I can access a variety of online management information (e.g., budgets, enrollment) with relative ease.	5.02
21. Our business processes (e.g., registration, purchasing) are aligned with the Datatel Colleague software and enable streamlined processes.	4.72
22. I always know how to contact the IT department when I have a request.	6.15
23. The IT department has a clear sense of direction, and is responsive to institutional needs.	5.80
24. There are appropriate advisory groups in place to assist with information technology issues and planning.	4.85
25. Although the College/District does not have extraordinary financial resources, it is doing a good job of budgeting funds to support information technology needs.	5.53
26. The College is ahead of other institutions with respect to the use of information technology to support students, faculty, staff, and administrators.	5.41
27. The College consistently finds ways to use information technology to enhance services to students, faculty, staff, and administrators.	5.61

Most of the survey items can be tied to major areas of interest, including the following (in no particular order):

- Administrative Information Technology Systems and Applications (e.g., Datatel Colleague)
- Information Technology Infrastructure (e.g., networks, telephony)
- Information Technology Services (e.g., training, repairs)
- Information Technology Leadership and Management (e.g., vision, strategy, organizational structure, governance, operational excellence)
- Instructional Technology (e.g., classroom systems, online courses)

Basically, one purpose of the survey is to gauge the District's performance in such major areas. That is, we want a quantitative measure of how well important responsibilities are being handled.

Other survey items, though, were not tied to a major area. For example, "I prefer online courses to traditional classroom instruction" is not evaluative. Instead, it reflects a desire to understand certain aspects of the District's circumstances.

The following table presents the mean ratings from the two survey groups with respect to the five major areas.

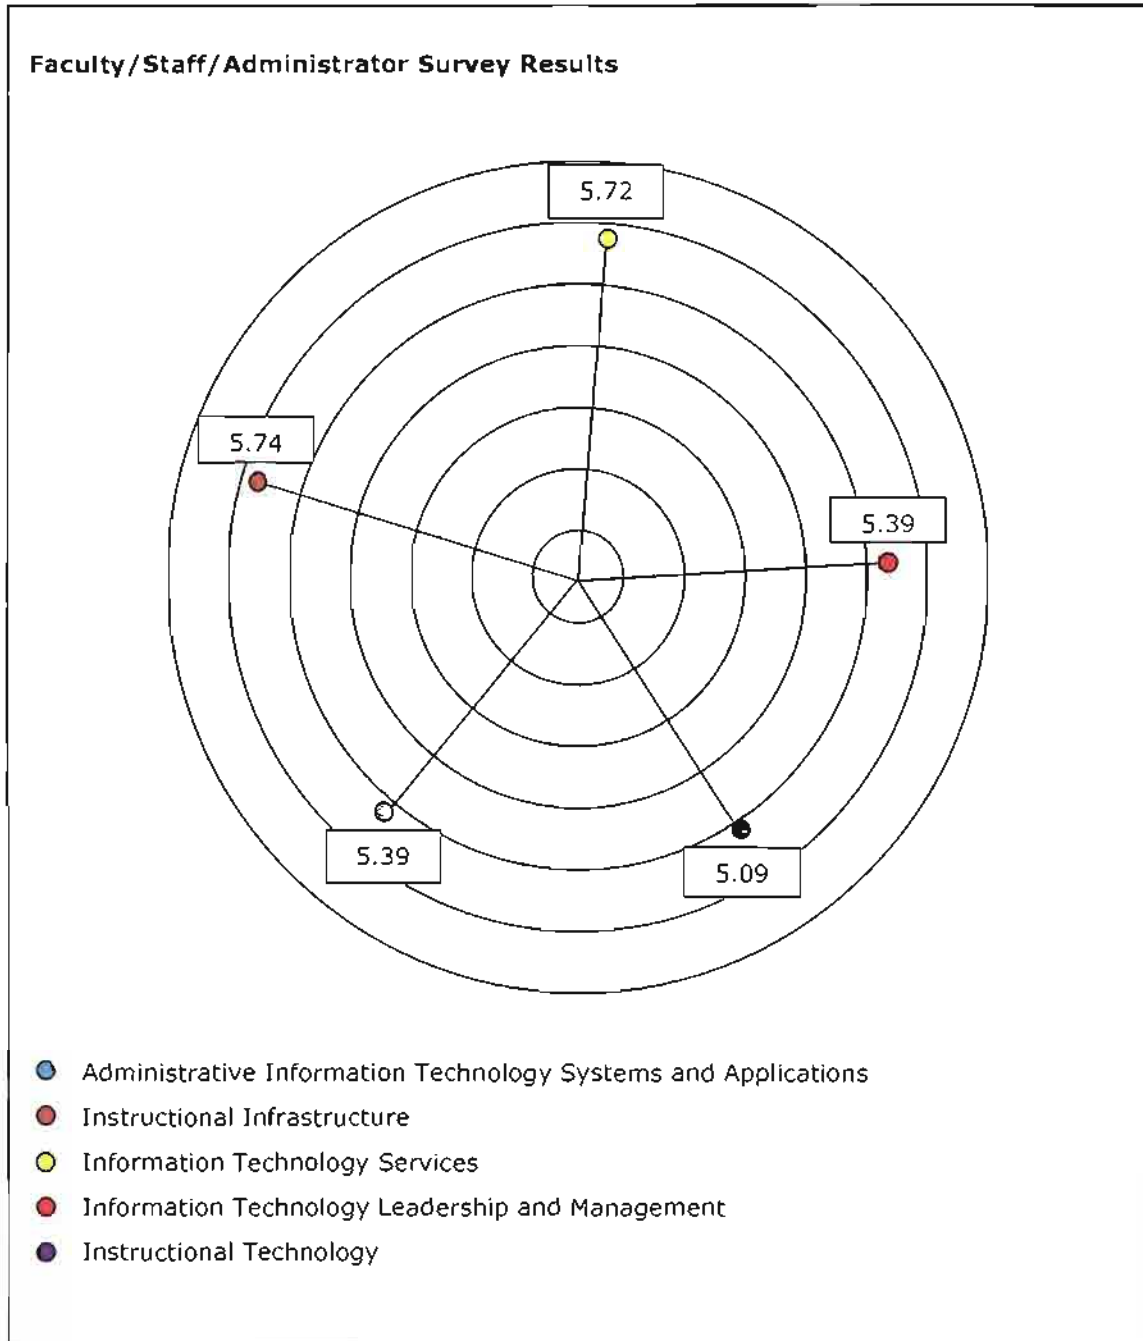

Survey Results for Major Areas		
Major Area	Student Survey Mean Rating	Faculty/Staff/Administrator Survey Mean Rating
Administrative Information Technology Systems and Applications	6.09	5.39
Information Technology Infrastructure	5.78	5.74
Information Technology Services	5.50	5.72
Information Technology Leadership and Management	5.61	5.39
Instructional Technology	5.51	5.09

Below, in graphical form, is a presentation of the mean ratings from the first survey group.

Below, in graphical form, is a presentation of the mean ratings from the second survey group.

In addition to the quantitative data that was obtained, both survey groups were asked to respond to two open-ended questions:

- With respect to information technology, what are the District's three most significant opportunities for improvement?
- What additional comments would you like to share about information technology systems and services?

Below, is a table with representative responses to the question about opportunities for improvement. It should be noted that some of the responses were given by *many* of the survey participants.

Question #1:

With respect to information technology, what are District's three most significant opportunities for improvement?

Representative Student Responses

- More online classes are needed.
- Using Blackboard is very difficult. ✖
- Wireless access should be available everywhere.
- Up-to-date software is needed on all computers.
- It is very difficult to navigate through various web sites. ✖
- The e-mail system is difficult to use. ✖
- None of the systems (e-mail, Blackboard) should have any downtime.
- More technical assistance and training is needed.
- Students need access to low-cost laptops.

Representative Faculty/Staff/Administrator Responses

- More technical assistance and training services are needed.
- I would like a greater sense of IT customer service.
- The Datatel Colleague system does not meet my needs.
- Wireless access should be available everywhere.
- It is difficult to use Blackboard.
- We need better remote access to systems.
- The e-mail system is problematic (e.g., spam, minimal storage capacity).
- We need to streamline our operations; more tasks/processes should be automated.
- Our web sites are clunky and not easy to navigate.
- More online classes are needed.
- Our computers need to be updated on an ongoing basis.
- We need to improve our management practices (e.g., clarify the nature of District responsibilities vs. campus responsibilities)

Below, is a table with representative responses to the question about additional comments. It should be noted that some of the responses were given by *many* of the survey participants.

Question #2:

What additional comments would you like to share about information technology systems and services?

Representative Student Responses

- I think you guys are doing a great job.
- I would like a student portal.
- More online classes are needed. I work 50+ hours per week, and need access to such instruction.
- I like online classes but do not want to lose any interaction with my instructors.
- Instructors need to be well-versed in how to handle online instruction.
- Some of the systems (e.g., e-mail, Blackboard) are difficult to use. In fact, Blackboard sometimes doesn't work at all when I try to take an online test.
- Some of the self-service functions (e.g., viewing my class schedule) are rather clunky. *
- I am new at this and have never used a computer.
- I am so proud to be here. Everyone is so helpful and nice.

Representative Faculty/Staff/Administrator Responses

- I believe that our IT department does an excellent job.
- The IT staff is responsive to any issues that arise, but there is always room for improvement.
- There are a number of problems with Datatel Colleague functionality (e.g., pre-requisites, purchase requisitions).
- Wireless access should be available everywhere.
- Computers are "locked" down too tightly; users should be able to manage their systems to some extent.
- Our web sites are too confusing and difficult to navigate.
- Classrooms should be equipped with computers (so that faculty do not have to bring laptops with them).
- More technical staff (e.g., programmers) are needed.
- More training is needed.
- More online classes are needed, but online classes are not for everyone.

6. Discussion of Assessment Data

There are a number of observations about the assessment data that deserve attention, including the following:

- In relative terms (compared with other colleges/universities), the mean ratings from the student survey are quite high. Many of the values are greater than 6.00.
- In relative terms (compared with other colleges/universities), the mean ratings from the faculty/staff/administrator survey are close to normal.
- Generally speaking, a mean rating below 5.00 indicates need for improvement. In the case of the faculty/staff/administrator survey, 9 out of 27 survey items had mean ratings below 5.00.
- Overall, when the mean ratings are grouped into major areas, the data shows that the District is performing reasonably well.
- In terms of specific survey items, the following mean ratings are noteworthy:

Students:

- "I prefer online courses to traditional classroom instruction." Mean rating = 4.84.
- "I use the College/District web site to register for classes, view grades, etc." Mean rating = 6.62.

Faculty/Staff/Administrators:

- "I prefer online courses to traditional classroom instruction." Mean rating = 3.76.
- "The College/District provides helpful technical assistance whenever I have a computer problem." Mean rating = 6.27.
- "I am pleased with the functionality of the Datatel Colleague Student System." Mean rating = 4.87.
- There is qualitative and quantitative data that suggests opportunities for improvement in several areas, including the following (in no particular order):
 - Providing pervasive wireless network access.
 - Enhancing the breadth and quality of online instruction.
 - Improving the delivery of Blackboard services.
 - Enhancing training programs for students, faculty, staff, and administrators, especially since some of them are new to the use of computers.
 - Resolving issues with respect to Datatel Colleague functionality.
 - Re-engineering business processes (e.g., tuition/fee payment, purchasing).
 - Resolving issues with respect to e-mail services.
 - Enhancing the integration of enterprise applications.
 - Implementing a portal, simplifying the navigation that is required on various web sites, and enabling single sign-on capabilities.
 - With respect to information technology, enhancing the District's approach to management, governance, budgeting, organizational structure, and staffing.
 - Improving the District's information technology infrastructure (e.g., telephony, networking, enterprise servers, disaster recovery, security, life cycle hardware/software replacement, 24x7x365 access).

-
- On the surface, there is a seeming contradiction in the survey data. In particular, the quantitative data suggests that the District should not expand its offering of online courses. And, in fact, students and faculty expressed a preference for traditional classroom instruction. However, the qualitative data and responses to open-ended questions indicate a significant desire for expanded online courses.

It appears that students and faculty are in favor of more online instruction -- but only if it is handled in the proper manner. In particular, no one wants to sacrifice the interpersonal connection between student and instructor.

- The District might benefit from the implementation of enhanced point solutions for imaging, workflow, data mining, web content management, ID cards, etc.
- The District's unrestricted budget for FY 2006 – 2007 was approximately \$33M. It is not clear, though, how much of that was spent on information technology (e.g., hardware, software, salaries, maintenance). It is important for the District to implement management strategies that ensure an understanding of how funding is allocated. Additionally, such strategies should include prioritization efforts, cost/benefit analyses, etc.
- The District should measure the percentage of its unrestricted budget that is spent on information technology and compare/contrast such a metric with peer institutions. On average, across the nation, the percentage ranges from 5% - 7%.
- It seems that the four-year replacement cycle for hardware/software is managed at the campus or even departmental level. As a result, there is a risk of inconsistent handling of life cycle tasks. Some items might be replaced too soon; others might not be replaced until after the life expectancy is complete.
- There is some uncertainty about the purpose and work of the District's committee structure (i.e., WHCIST, TAT).
- The District seems to have very aggressive plans for the implementation of new enterprise systems in 2008, including ActiveCampus, ActiveAdmissions, Datatel Colleague Payroll, and Datatel Colleague Advancement. It is very, very important for the District to understand the implications of such development work and ensure that all efforts are manageable (e.g., realistic scope, affordability, return on investment).
- There are questions about the costs/benefits associated with implementing in-house systems for payroll processing.

7. Opportunities for Improvement

In general, pursuing opportunities for improvement involves the alignment and optimization of several variables. *In particular, the District's strategic focus should be on Tools, People, Processes, and Organizational Context.*

"Tools" refer to information technology systems/applications. So, for example, it is important for Datatel Colleague, Blackboard, and other systems to meet the functional and operational needs of students, faculty, staff, and administrators.

Hardware
Software

The "People" component includes a consideration of leadership, organizational structure, staffing, individual talents, accountabilities, etc. Obviously, tools are not very worthwhile unless there are people who can use them.

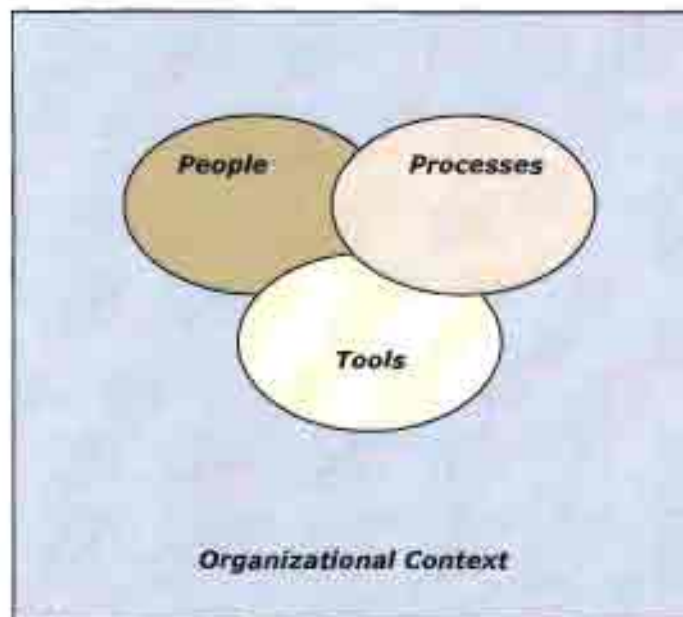

Staff to
manage, provide

"Processes" refer to the tasks that comprise certain work routines. For example, the registration process, from beginning to end, includes many steps. The challenge is to ensure that all such steps reflect a streamlined effort. It is unrealistic to think that any information technology system can overcome a deficient business process. And, it is not advisable to compensate for difficulties by allocating more human resources (e.g., people).

Like HR

"Organizational Context" is an important variable. It includes the institution's mission, culture, priorities, sense of community, style, etc. It serves as the framework for Tools, People, and Processes. Although an information technology system might work well at one institution, it might be a poor fit at another college/university because of different organizational contexts.

As depicted in the following diagram, the pursuit of opportunities for improvement is really a challenge of bringing a number of pieces together in the most complementary, synergistic fashion.

The District should consider a number of opportunities for improvement. And, ideally, each such effort will be tied to a number of principles, including the following:

- A focus on the ultimate outcomes that are desired (e.g., enhancement of teaching and learning, enrollment growth, operational excellence, substantial return on investment).
- Consistency among Tools, People, Processes, and Organizational Context.
- Specific deliverables, timelines, and accountabilities.
- Appropriate allocation of necessary resources -- financial or otherwise.
- Conspicuous executive sponsorship.
- Continuous assessment of all efforts to help ensure appropriate outcomes.

The next several pages list a number of potential opportunities for improvement for the District. Although the opportunities are grouped into five major areas, they are certainly not mutually exclusive. They should be seen as interrelated efforts.

Administrative Information Technology Systems and Applications

- Consider the implementation of advanced portal technology that enhances access to systems, improves integration among enterprise applications, simplifies navigation, etc. Additionally, such an interface should entail personalized channels and a single point of entry to all appropriate applications/services.
- Document perceived gaps in Datatel Colleague functionality. Consider alternative strategies for resolving such gaps, including the following:
 - User training.
 - Implementation of functionality that is not yet in production.
 - Functional consulting.
 - Business process analysis.
 - Implementation of best practices from other institutions.
 - System customization.
 - Implementation of ancillary software products.
- Analyze, and implement as appropriate, online education plans.
- Analyze, and implement as appropriate, Datatel Colleague functionality relating to online purchasing, fixed asset management, and budget development.
- Analyze, and implement as appropriate, human resource management tools for recruiting, applicant tracking, and time reporting.
- Determine the costs/benefits associated with the in-house use of the Datatel Colleague payroll processing module.
- Resolve concerns about e-mail services, including the following:
 - Storage capacity.
 - Spam.
 - Remote access.
- Identify a limited number of business processes that require analysis and re-engineering. Pursue transformational opportunities that enable extraordinary improvements (and not just marginal gains) in services for students, faculty, staff, and administrators.
- Identify the need to implement a number of enhanced point solutions (e.g., imaging, data mining, workflow, web content management, bookstore applications, "One Card" system)
- Determine what enhancements, if any, are needed with respect to integrated library systems and applications.
- Assess the presence of any departmental "shadow systems" and determine whether the functionality should reside in an enterprise application.

continued on the next page

↓
work-around
→ create other technology
i.e. spread sheet

Administrative Information Technology Systems and Applications (continued)

- Create a written technical support plan for each system. Such plans should communicate clear messages about how the systems are maintained and who should be contacted in the event of a problem.
- Inventory all systems and ensure that each system is tied to a technology refresh (i.e., replacement) program.
- Conduct an assessment of the District's enterprise architecture. Document authoritative systems, interfaces, integration points, security/authentication schemes, databases, etc. Map the entire enterprise, resolve issues that become apparent, and ensure that future systems/applications can be supported by the architecture.
- Assess all of the implications (e.g., costs, benefits, required technical support, long-term maintenance, infrastructure issues, business processes) associated with the District's tentative development projects for 2008 (i.e., ActiveCampus, ActiveAdmissions, Datatel Colleague Payroll, Datatel Colleague Advancement).

Information Technology Infrastructure

- Implement pervasive wireless network access.
- Conduct a security audit that enables insight into potential threats. Such an audit should entail a comprehensive assessment of risk in all forms, including the following:
 - Facilities.
 - Data writes (e.g., encryption).
 - Database (e.g., ODBC connections).
 - Application (e.g., usernames, passwords).
 - Network (e.g., SSL transport).
 - Business processes.
 - System administration and operations.
 - Data archival.
 - Client data (e.g., laptops).
 - Data custodians.
 - Administrative policies.
 - Other.
- Ensure 24/7/365 access to all enterprise applications.
- Implement and rehearse disaster recovery plans.
- Implement and rehearse business continuity plans.
- On a regular basis, ensure that all necessary filters and other defenses are in place with respect to viruses, spam, etc.
- Assess the feasibility of enabling students, faculty, staff, and administrators greater access to low-cost personal hardware/software -- perhaps through the bookstore.
- Consider the need for an emergency broadcast system (e.g., e-mail, cell phone text messages) that notifies students, faculty, staff, and administrators of any major threats. As a best practice, many colleges/universities are implementing such solutions in the wake of the violence that took place at Virginia Tech in April 2007.
- Assess the need for enhanced, scalable video conferencing services.
- To the extent possible, ensure greater continuity and stability with respect to desktop/laptop standards.
- Consider centralizing the life cycle replacement program (and associated budgets) for desktops/laptops.

Enterprise
Legal Counsel

L D R

Information Technology Services

- Survey peer institutions and determine the ratio of technical support person to client devices (e.g., printers, desktops, laptops). Establish an appropriate ratio at the West Hills Community College District.
- Implement a structured curriculum of training programs/classes. Create a "College within a College" that offers both traditional and online instruction in Datatel Colleague, e-mail, word processing, etc. Such coursework is also an opportunity to provide documentation, share information about policies/procedures, etc.
- Ensure the development (and ongoing maintenance) of system-level documentation.
- Assist users with the development of functional documentation. Ensure that new employees are able to read such documentation and quickly assimilate their duties.
- Establish business processes that enable "First Day Services." That is, when a new employee arrives for his/her first day, there should be a computer, default username and password, e-mail account, system documentation, information about training classes, telephone, Help Desk contact information, etc.
- Likewise, establish business processes for "Last Day Services." That is, ensure that services are terminated (or perhaps continued) upon an employee's departure.
- On a regular basis, synthesize data on Help Desk calls, response times, satisfaction rating, etc. Establish benchmarks for service and report the results to the District's advisory committees.
- If necessary, assess the need for Help Desk management software.
- Ensure that any technical resources (support staff) who currently reside within user departments/organizations operate in conjunction with the District's Information Technology Services Department.
- Ensure the identification and cultivation of "power users" within various departments/organizations who can help ensure the success of their systems.
- Develop a "Succession Plan" that enables the District to continue operations in the event that a key employee is not available (e.g., illness, sudden retirement) -- especially for employees who are responsible for Datatel Colleague.
- Create a written technical support plan for various systems -- especially those that are used within classrooms, labs, and other instructional areas. Such plans should communicate clear messages about how systems are maintained and who should be contacted in the event of a problem.
- Inventory all systems and ensure that each system is tied to a technology refresh (i.e., replacement) program.
- Regularly update and articulate standards for user hardware/software.
- To the extent possible, centralize the procurement of hardware/software/supplies in order to manage standards, obtain volume pricing, and maintain a supply of parts/equipment so that repairs/replacements can be handled quickly.
- Consider hiring additional work study students to provide an expanded measure of user support.

continued on the next page

Information Technology Services (continued)

- Within its committee structure, resolve concerns about the extent to which desktop/laptop configurations are managed by users.
- Enhance the ability of users to obtain online support services (e.g., FAQs).

Information Technology Leadership and Management

- Consider an information technology committee structure that includes the following:
 - *Executive Committee*: Overall responsibility for the success of information technology within the District. Ordinarily, such a group includes key stakeholders and other individuals as appropriate. Usually, the Executive Committee is chaired by the Chancellor. And, frequently, the membership of the group is equivalent to a District's existing executive management organization.
 - *Instructional Technology Advisory Committee*: Responsible to the Executive Committee, with a focus on the use of information technology to improve teaching, learning, and research.
 - *Administrative Technology Advisory Committee*: Responsible to the Executive Committee, with a focus on the use of information technology to improve the use of systems (e.g., Datatel Colleague) that support the institution's business functions.
 - *Technical Advisory Committee*: Responsible to the Executive Committee, with a focus on the technical aspects of the institution's information technology (e.g., networking, hardware/software standards, telephony, support services).
- Ensure the identification of executive sponsors for important initiatives in order to resolve issues that might be problematic.
- Cultivate a project management function within the Information Technology Services Department. The goal (sometimes the work of a single, current employee) is to help drive the practical aspects of various efforts (e.g., project tasks, budgeting, resource management, training).
- Consider applying project management techniques to *all* information technology operations (not just major initiatives). That is, a substantial number of ordinary efforts (e.g., day-to-day user support, routine programming, network operations) can be driven with project management practices (e.g., timelines, specification of desired outcomes, monitoring of accountabilities). *Applying such techniques in an appropriate manner can provide the District with a clear and thoughtful structure for completing its work.* There will be increased certainty about results, how they are achieved, and what must be done to correct any difficulties.

In terms of caution, an appropriate *balance* must be developed with respect to project management. That is, some institutions have been too zealous in their approach; they've invested more in the management of projects than actual work activities.

- With respect to information technology, conduct regular assessments (at least annually) of the District's progress. Develop benchmarks and measure the District's performance against such standards. For example, metrics can be developed for customer service satisfaction, network uptime, etc.
- Address seeming uncertainty about how certain functions (e.g., web services) will be handled by different organizations/individuals. Assess the District's need for relatively holistic and seamless approaches to all operations.

continued on the next page

Information Technology Leadership and Management

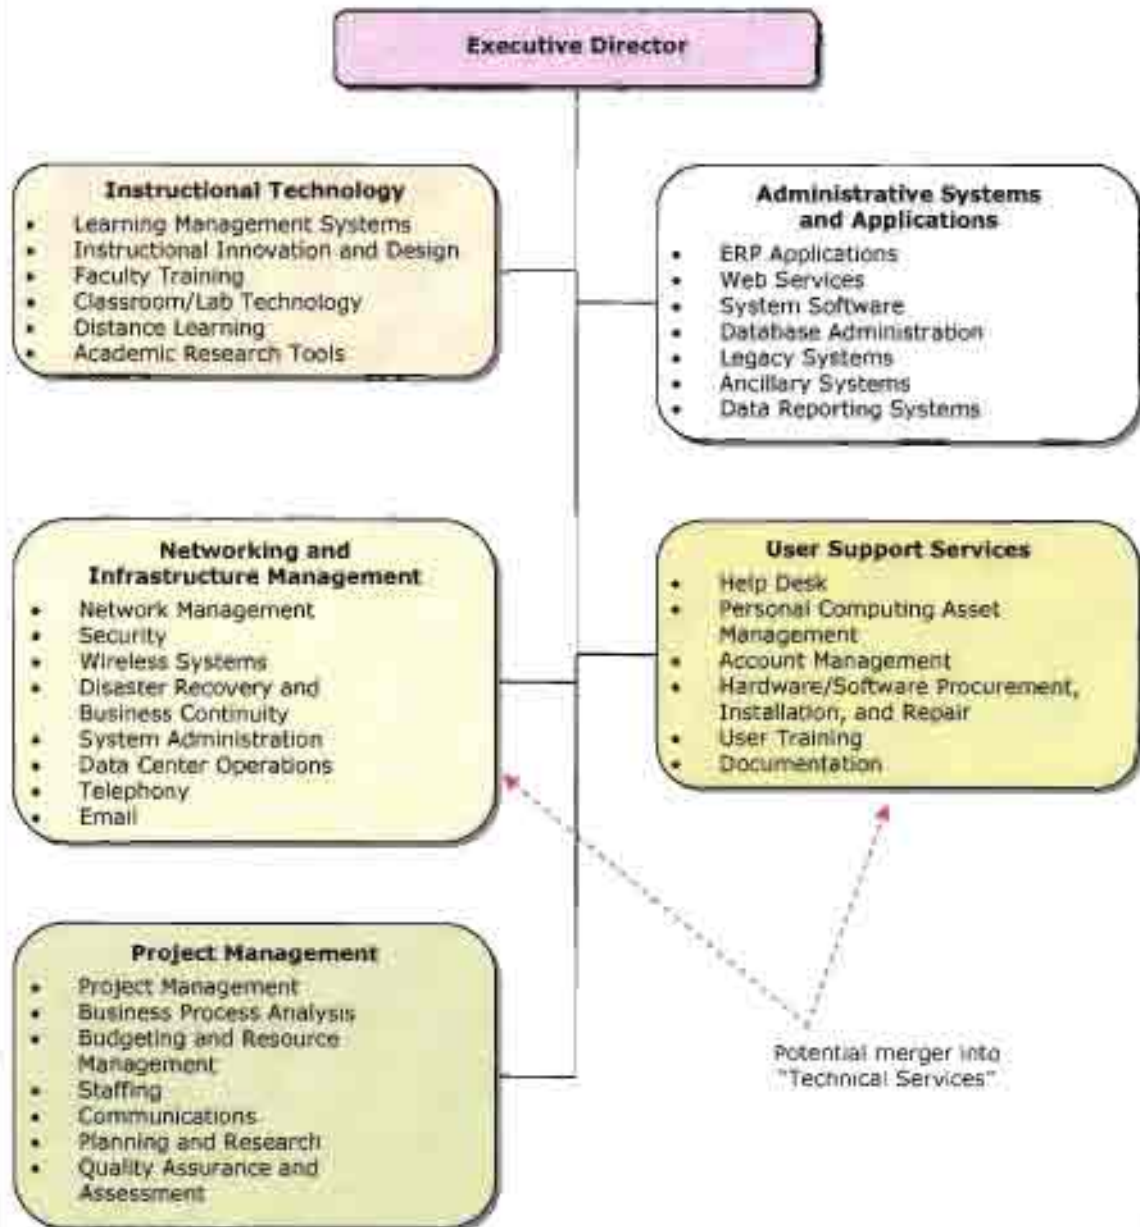

- Within its committee structure, develop relevant policies and procedures (e.g., Acceptable Use).
- Implementation a variety of communications techniques to help ensure District-wide insight into important topics and issues. Such communications can include newsletters, regular Board reports, publication of committee meeting agendas/minutes, etc.

continued on the next page

Information Technology Leadership and Management (continued)

- From a functional standpoint, consider an organizational structure that resembles the following diagram. As necessary, build links with campus-based programs and staff. It should be noted that the functional diagram is not indicative of staffing requirements. So, for example, some functions might be handled by the same person. And, some functions might be fulfilled by multiple people.

Instructional Technology

- Review the District's *e-Learning Strategic Plan* and ensure that all goals and objectives are met.
- Resolve concerns about the use of Blackboard; ensure that the system is reliable, properly configured, and totally functional.
- Seek opportunities to enhance the use of Blackboard. In particular, at a minimum, find ways of making all instructional materials (e.g., syllabi, reading lists, notes, assignments, reference documents) available online.
- Establish an ongoing mini-grant program that provides resources to faculty who want to pursue specific instructional technology initiatives. Such a program should focus on innovation in teaching and learning -- with specific deliverables. Additionally, the program should be available to faculty across all academic programs.
- Consider incorporating the outcomes of mini-grant programs into development programs for all faculty/staff/administrators. For example, the best practices that are learned can be shared at professional conferences. As another example, regular District-level symposia can be held to help others understand new instructional systems, techniques, and tools.
- Consider using the mini-grant program to pursue new opportunities in distance learning -- especially those efforts that ensure a strong connection between student and instructor.
- Establish an Instructional Technology Advisory Committee that helps drive the success of instructional technology.
- Create a conspicuous "Center for Instructional Technology" that helps extend the District's use of supportive information technology and innovative teaching/learning strategies.
- Seek widespread implementation of faculty web pages.
- Inventory all physical spaces (e.g., classrooms, libraries, offices, labs) to ensure appropriate access to instructional technology (e.g., wireless connectivity, printing, general access computers).
- Inventory all systems and ensure that each system is tied to a technology refresh (i.e., replacement) program.
- Define a clear technical support plan that addresses policies, procedures, documentation, training, organizational structure, etc. Above all else, ensure a District-wide understanding of what must be supported, how it will be supported, and who will support it. Consider reorganizing the technical staff around the functions that must be fulfilled.
- Determine how funding for instructional technology should be handled across various groups/departments. Ensure a measure of support for those who have had insufficient resources in the past.
- Develop a life cycle program for the replacement of hardware/software that becomes obsolete.

continued on the next page

Instructional Technology (continued)

- Consider developing "Communities of Scholars" -- virtual forums for students, faculty, and others who want to discuss topics, issues, etc.
- Assess the need for a more integrated library automation solution (across the entire District).

WEST HILLS COMMUNITY COLLEGE DISTRICT

Distance Education Strategic Plan September 2009-2012

**The Eaton Cummings Group
Kathleen E. Guy, Ph.D., CFRE
William M. Craft, Ed.D., CFRE**

West Hills Community College District

Distance Education Strategic Plan

1. Introduction

The West Hills Community College District Distance Education has grown dramatically in numbers of individual students, FTEs and in the range of courses, programs and services offered. Rather than continuing to adapt to growth as it emerges, the West Hills Community College District is taking steps to analyze, anticipate, and manage the evolution of WHCCD-Distance Education to ensure the maximum benefit to students, the regional community, and the most beneficial return on investment.

In order to ensure broad-based campus involvement in shaping the future for WHCCD-Distance Education (WHCCD-DE), the District participated in accelerated strategic planning to determine a consensus position regarding the Mission, Vision and a list of strategic next steps for WHCCD-DE. The draft summary report that follows represents the work of a representative group of stakeholders including students, full-time and part-time faculty, the District Chancellor, College Presidents, staff, and administrators meeting over a day and a half. The Eaton Cummings Group served as facilitators.

This report summarizes future expectations for WHCCD-DE, a review of Distance Education's strengths, weaknesses, opportunities, and threats as well as recommendations regarding next steps. The material is presented with minimal editing in order to preserve the integrity of participant discussions and decisions. During the planning workshop no effort was made to fully confirm facts or evidence presented. As appropriate, recommendations from this planning meeting should be further vetted in light of relevant data and market research. In addition, in order to align ourselves with the language adopted by the recent passage of the Higher Education Opportunity Act in August 2008, all current and future references to Distance Learning are moving to Distance Education.

The results of the session should be further refined following a comment period involving workshop participants and others essential to the future success of the Distance Education Program. In the context of this planning workshop, Distance Education was generally considered to include web-based instruction and videoconferencing. Discussions during the workshop made clear that other delivery systems might also be developed and incorporated within WHCCD-DE.

1.1. Goals - WHCCD-DE Planning Workshop

- **Engage representatives of relevant stakeholder groups in a facilitated dialogue designed to enhance the future promise and prospects of Distance Education at WHCCD**
- **Give each participant an opportunity to benefit from the full range of experience and expertise of those present**
- **Review the implied mission and values of WHCCD-DE and establish three to five year expectations for WHCCD-DE that can be expressed in a vision statement**
- **Establish a priority list of next steps focusing on high yield strategies likely to move WHCCD-DE forward toward the realization of the WHCCD-DE vision**

1.2. Agenda - WHCCD-DE Planning Workshop

Agenda-Day 1

- **Introductory remarks – Chancellor Gornick**
- **Planning overview – Strategic and Operational Planning**
- **Opening exercise – The “Online Experience”**
- **Setting the stage - WHCCD-DE Enrollment Data (See Attachment B)**
- **WHCCD-DE Mission**
- **WHCCD-DE Values**
- **Trends likely to influence the future success of WHCCD-DE**

Agenda-Day 2

- **SWOT Analysis**
- **Vision for WHCCD-DE**
- **Vision in Action – Strategic Initiatives**
- **Next steps**
- **Closing remarks**

1.4. Planning Process

- Participants in the WHCCD-DE planning workshop:
 - Form the planning team (See Attachment A for a List of Planning Workshop Participants);
 - Are considered WHCCD-DE experts;
 - Are sensitive to the WHCCD-DE role in meeting student and community needs; and
 - Provide the content and perspective that helps to identify and shape strategies for consideration.
- Participant opinions were solicited prior to the planning session using a confidential SWOT analysis
- Consultant/facilitators manage the process
- The process encourages and benefits from different points of view
- The process is driven by a sequence of focused, interactive discussions with frequent prioritization of participant input
- Planning results are always considered a work in progress
- Next steps in refining the draft WHCCD-DE Plan will require further vetting and analysis by WHCCD-DE staff.

1.5. Frequent Reconfiguration of Working Task Groups

Working task groups were reconfigured at intervals throughout the planning session to give each participant an opportunity to benefit from the full range of participant experience and expertise. The reconfiguring relied on a variety of web-based application terms and associated phrases to familiarize participants with web jargon and social messaging/bookmarking utilities such as RSS, Twitter and Delicious.

2. Outcomes Achieved

2.1. WHCCD-DE Mission Statement - Draft

Participants, functioning in working groups, developed “raw material” for the WHCCD-DE Mission Statement. It was determined that the most appropriate starting point for the WHCCD-DE Mission Statement was the District Mission Statement. The draft statement that follows **in bold** reflects the emphasis and structure of the District Mission.

West Hills Community College District Mission

The mission of the West Hills Community College District is enhancing student learning and enriching the lives of the populations we serve by:

- Ensuring the vitality of its institutions;
- Encouraging the vision of strong leaders able to see and interpret the present and future needs of students and communities;
- Supporting the colleges in the provision of world class learning environments;
- Providing for appropriate allocation and management of human, fiscal, and capital resources;
- Acting as a catalyst for collaboration with outside organizations and agencies; and
- Sharing the story by marketing a positive image.

West Hills Community College District Distance Education Mission

The mission of Distance Education at West Hills Community College District is to enhance student learning and enrich the lives of the populations we serve by:

- **Delivering world-class distance education courses, programs, and student services,**
- **Providing any time, anywhere access,**
- **Connecting communities of learners locally and globally,**
- **Using the latest technology and flexible formats, and**
- **Helping students to achieve their career and personal goals.**

2.2. WHCCD-DE Values Statement

Values inherent in WHCCD-DE play an important role in guiding program and service development and prioritization. Participants developed the following list of values considered important to WHCCD-DE's emerging role and brand identification.

West Hills Community College District Distance Education Values

Our commitment to the WHCCD Distance Education Mission will be guided and informed by the following values:

- **Student success,**
- **Reducing barriers** to education (access),
- **Exceptional support services** for learners and teachers,
- **Currency** of technology and curriculum with **relevance** to student and community needs,
- **Creativity and innovation** in teaching, learning strategies, and service delivery,
- **Quality** in all that we do, initiating and demonstrating **best practices,**
- **Diversity** in populations, programming, and ideas,
- **Information literacy,**
- **Civic and social responsibility,**
- **Disciplined inquiry** and **critical thinking,**
- **Integrity** in relationships and programs, and
- **Respect** for and **responsibility** to self and others.

2.3. Trends likely to influence the future success of WHCCD-DE

Trends

Participants initially identified both "helping" and "hurting" trends likely to influence the future success of WHCCD-DE. Following working group discussions and presentation to the entire group, participants prioritized the trends considered most influential using a multi-voting process. The seven trends that emerged as most likely to be influential are as follows:

Category: Competition

Hurting Trend

- Designated distance education support staff—likelihood that competition has invested more in designated support staff. In order to counter competition's edge WHCCD may need to increase investment in these critical support positions. (14 votes)

Category: Technology

Hurting Trend

- Competitors are using more advanced technology and, at the same time, changes in technology are occurring rapidly. Need to provide ongoing training of WHCCD staff and faculty due to these changes—WHCCD challenge to find operational resources for this; failure to do so may compromise WHCCD competitiveness in the marketplace. (13 votes)

Category: Government/Legislative/Regulatory

Hurting Trend

- Uncertainty of resources, particularly operational funds, provided by the public sector. (8 votes)

Category: Technology

Helping Trend

- Increasing access to/pervasiveness of technology and the consequent increase in access to information; more people with more technology = more information and familiarity. (9 votes)
- Rapid change in both technology and software applications. Because of its successful bond measures WHCCD has the capacity to maintain currency and the market may move in the direction of internet provision of textbooks and other learning resources. (9 votes)

Category: Markets and Customers

Helping Trend

- Basic skills—there appears to be growing market potential. WHCCD might identify ways to capitalize on this market. (8 votes)

Category: Government/Legislative/Regulatory

Helping Trend

- Increasing emphasis on quality assurance in both legislative requirements and the activities of accrediting bodies. WHCCD has demonstrated the capacity to successfully navigate accreditation requirements and other statutory mandates. (4 votes)

2.4. SWOTS – Strengths, Weaknesses, Opportunities and Threats

Participants engaged in a SWOT Analysis as part of a pre-work assignment prior to the planning workshop. Confidential assessments of WHCCD-DE strengths, weaknesses, opportunities and threats were submitted to and summarized by the consultant/facilitators and presented, without attribution, during the planning session. (See Attachment C for the Summary SWOT Analysis— *numbers following individual items in the lists below refer to the numbered items in Attachment C*).

Working in teams, participants were asked to identify the most influential/significant strengths, weaknesses (interpreted as “areas for improvement”), opportunities and threats facing WHCCD-DE. The results from each working team were presented to the full group and, following discussion, reduced to those items considered most likely to have the greatest influence on the future success of the Distance Education Program at WHCCD. The strengths, weaknesses, opportunities and threats likely to be most influential in determining the future success of WHCCD-DE are:

2.4.1. Strengths

- Opportunity/own schedule/flexibility/diversity of curriculum and population (1)
- Complete degrees with transferable credit (37)
- World class support for students and faculty (8)
- Innovation encouraged (10)
- Early adopters of Distance Education (11)

2.4.2. Weaknesses – areas that could be improved

- Training for students and faculty (6, 7, 13, 19, 22, 30, 33, 36)
- Support for students and faculty (1, 2, 9, 10, 12, 17, 21, 34, 39)
- Service for students and faculty (3, 4, 8, 11, 16, 18, 24, 25, 26, 28, 32, 40, 41, 42)
- Articulation with CSU Fresno

2.4.3. Opportunities

- Training culture for all staff (14, 9, 11, 29, 28)
- Innovative library access (19, 10, 18, 30)

- Awesome student support (2, 6, 13, 24, 21, 19, 23)
- Programming
 - New degree programs on line (22)
 - Foreign language courses (23)
 - Basic English skills courses (24)

2.4.4. Threats

- Quality (5, 6, 8, 9, 13, 14, 15, 18, 20, 21, 24, 26, 28, 29)
- Competition (3, 7, 17, 23, 25, 27)
- Academic integrity (1,12,16, 22)
- Operational issues (2, 4,10,11)
- Lack of course variety (20)
- Ignoring client’s needs (29)

2.5. WHCCD-DE Vision Statement

Following discussion, the work teams presented commentary and offered recommendations regarding the WHCCD-DE Vision Statement. The vision statement is inspirational in nature—it is also heroic, motivating, distinctive, and should cause the organization to stretch to achieve it.

WHCCD Distance Education Vision 2012

WHCCD is the preferred choice for distance education. Your computer is your campus, a portal to a complete virtual college experience. Achieve your educational dreams—only a click away. Anyone. Anytime. Anywhere.

2.6. WHCCD-DE Vision in Action - “Characteristics to Aspire to”

In order to give meaning to the Vision 2012, participants discussed and prioritized the following characteristics that WHCCD-DE should aspire to achieve. It is emphasized that these characteristics are those to be aspired to – a more complete list of strategies and operational plans, resources required, metrics to evaluate progress/accomplishment, individuals responsible and time lines will need to be identified and prioritized.

Vision in Action

- 1. 24/7 Service and Support for Everything—beyond Pacific time, nights, weekends and holidays (24 votes)**
- 2. Student Success Rate (retention and graduation) Mirrors or Exceeds FTF Success Rate (23 votes)**
- 3. Students' Entire College Experience is Virtual, e.g. WHCCD eCollege (19 votes)**
- 4. Expanded Portfolio of Academic Courses and Programs and More Basic Skills—relevant courses (10 votes)**

3. Next Steps

Next Steps Identified Through Whole-Group Discussion

Process Next Steps

- Communicate results of this planning workshop broadly—what did we accomplish? What will happen next and in what time frame? Who will be involved?
- Create strategic planning team website—digital suggestion box and/or blog for next steps in developing the strategic plan
- Do next level of planning to operationalize strategic goals

Possible Strategic/Operational Goals and Strategies

- Bring focus to DE marketing efforts
- Training—develop a plan that moves WHCCD-DE closer to 24/7, the complete virtual experience with student support and best practices
- Assess student services now available and identify gaps
- Assess retention challenges and determine strategic steps that will optimize retention (i.e. finding the most effective faculty); mine existing data to help with this analysis
- Consider system impact vis-à-vis momentum desired—how will chosen actions affect students, infrastructure, budgets, etc.
- Identify what tools for success need to be imbedded in distance education window
 - Host focus group(s) with students—what do they need to have upon entry to be successful in DE?
- Identify next steps in expanding courses, programs to meet student needs:
 - Which programs are needed?
 - In what priority order?
 - With whom do we need to communicate and/or partner?

Strategic Planning Review Cycle

- The WHCCD Distance Education Strategic Planning process will be reviewed every three (3) years for
 - Relevance and Update of the **Mission Statement**
 - Relevance and Update of the **Values Statement**
 - Relevance and Update of the **Vision 2012**
 - Achievement and Update of the **Vision in Action**; and
 - **SWOT** Analysis (Strengths, Weaknesses, Opportunities, Threats)

4. Linkages

Strategic Planning:

It is important that the strategic planning process at West Hills Community College District is integrally linked so that no one process is a silo unto itself. The Distance Education Strategic Plan has clear linkages to the West Hills Community College District Strategic Plan as well as the college's Educational Master Plans.

At the District level, distance education has contributed significantly to:

- Strategic Goal 1: *West Hills Community College District will annually achieve or exceed funded growth targets.* The online program at West Hills has grown from student enrollments of 2,068 in 2002-03 district-wide to enrollments over 4,900 in 2008-09 funding one-quarter of the FTES for each of the colleges in the district.
- Strategic Goal 4.2 states, *WHCCD will maintain overall student completion (success) rates above the California Community College statewide average, placing emphasis on vocational, basic skills, ESL, online success and improvement rates.* While online courses consistently dip below face-to-face averages for success and retention, online courses at West Hills are on par with community college statewide averages for online courses.

District Strategic Goal 4.2 was specifically identified by the participants in this Distance Education Strategic Plan in a number of areas including, a *Key Value: Student Success*; a *Vision in Action: Student Success Rate (retention and graduation) Mirrors or Exceeds Face-to-Face Success Rate*; and *Next Steps: Identify what tools for success need to be imbedded in distance education window.*

Distance Education is driven by the colleges and coordinated at the district level. Both West Hills College Coalinga and West Hills College Lemoore have a relationship with the online courses and programs that is more than FTE generation. Institutional Research shows that 52% of the online students at each campus are also taking face-to-face courses in order to complete their educational goals. The locally-based online students are accessing computer labs, library services, academic counseling and advising, as well as a host of other student services needs.

The distance education strategic planning process feeds into the college's educational master plans at a number of levels. WHCL's Vision is *Learning Through Excellence and Innovation* and distance education is one aspect of that innovation. In addition, WHCL has many Guiding Principles including:

- *Access: Ensure Accessibility to all our programs and services;*
- *Innovation: Support innovation and technology to enhance learning environments, services, and communication.*

Distance Education contributes to these Guiding Principles through the implementation of asynchronous learning environments that allow students to complete their educational goals independent of time or geographical boundaries. Distance Education has continuously sought to improve help desk and faculty training services in order to meet the learning environment needs of students.

At WHCC, Distance Education supports their College Mission: *To commit college-wide staff and resources to the student learning process. To provide educational, cultural, and economic development opportunities to our current and future students and the local and global communities that we serve.* Again, Distance Education clearly meets the needs of supporting global communities by providing asynchronous learning environments to students independent of time and geographical boundaries. Distance Education also supports the WHCC College Goal 3: *We will demonstrate academic quality, leadership, engagement, innovation, and creative thought.* Distance Education is one avenue that provides the colleges with "student engagement, innovation, and creative thought" through the ongoing use of new technologies, active faculty engagement in social media and learning, and the use of the online classroom as a tool for creativity and learning.

Student Learning Outcomes:

Distance Education at West Hills Community College District has clearly grown in terms of enrollment and FTEs. Student learning in online courses and programs is of the utmost importance to our college community. To that end, both the WHCCD Strategic Plan and this Distance Education Strategic Plan specifically address and report on the success rates of online students. The WHCCD Distance Education ***Vision in Action 2*** states: *Student Success Rate (retention and graduation) Mirrors or Exceeds FTF Success Rate.*

Meeting student learning needs is a priority. This is exhibited by the inclusion of the following WHCCD Distance Education values:

- Student success
- Reducing barriers to education (access), and
- Exceptional support services for learners and teachers.

WHCCD Distance Education continues to support the student learning outcomes of the district and colleges through a commitment to excellence in the online teaching/learning process.

WHCCD Distance Education is at an important juncture where the program is under review and in an organizational planning process to determine next steps for improvement and educational program process as well as support to the colleges and students it serves. Planning the future for Distance Education will center on the ability to provide parallel opportunities for online academic and student services in a comprehensive virtual college site model.

Attachment B – WHCCD-DE Institutional Research Data and Related Information

(PRELIMINARY)

WHCCD Online Enrollment and Student Performance

Prepared by WHCCD Office of Institutional Effectiveness & Planning

September 1, 2009

WHCCD ONLINE SECTIONS, UNDUPLICATED STUDENT HEADCOUNT, AND FTES

Year	Sections		Student Headcount		FTES	
	Sections	% Change	Headcount	% Change	FTES	% Change
02-03	118	Baseline	2,068	Baseline	461	Baseline
03-04	98	-16.9%	1,792	-13.3%	399	-13.4%
04-05	165	68.4%	2,559	42.8%	558	39.8%
05-06	248	50.3%	2,982	16.5%	886	58.7%
06-07	369	48.8%	4,032	35.2%	1,167	31.8%
07-08	404	9.5%	4,503	11.7%	1,275	9.3%
08-09	383	-5.2%	4,964	10.2%	1,391	9.1%

Source: WHCCD Data Warehouse

During the past seven years, the number of online sections, unduplicated enrollment, and FTES increased by 324%, 240%, and 301%, respectively. Enrollment and FTE decline during 2003-2004 reflect budget cuts, tuition increase, and reduction in course offerings for that year.

WHCCD Online Enrollment by Ethnicity

Source: WHCCD Data Warehouse

During the last eight years, the proportion of Hispanic and White students enrolled in online courses has changed. Hispanic enrollment in online courses has increased by approximately 10%. During 2008-2009, approximately 39% of online students were Hispanic and 36% White. These percentages are closer to the overall WHCCD enrollment of Hispanic (46%) and White (33%) students.

WHCCD Online Enrollment by Gender

Source: WHCCD Data Warehouse

Approximately 66% of online students are female compared to 60% of all WHCCD students. Female enrollment in online courses is slightly higher than the overall WHCCD enrollment.

WHCCD Online Success and Retention Rates

Source: WHCCD Data Warehouse; CCCC Data Mart

During the past seven years, online retention and success rates have had a slight and steady decline. WHCCD Online success rates remain similar to the CA community college overall average of "Internet Asynchronous Instruction" of approximately 56%.

WHCCD 2006 Summer through 2009 Spring Success and Retention Course Comparison

The tables below compare online and face-to-face course retention and success rates based on chi square test ($p < .05$).

Course	Online Enrollment	Face-to-Face Enrollment	% Online Retained	% Face-to-Face Retained	Difference	% Online Success (A+B+C+CR)	% Face-to-Face Success (A+B+C+CR)	Difference
Online Retention and Success Rate is Higher than Face-to-Face								
CIS-34	292	1,347	79%	71%	9%	90%	76%	14%
BIO-32	344	2,894	85%	70%	15%	89%	76%	13%
MATH-101	1,166	2,452	81%	78%	3%	86%	76%	10%
CIS-21	140	399	77%	54%	23%	69%	65%	4%
Online Retention Rate is Higher and Success Rate is Equivalent to Face-to-Face								
BUS-24	204	445	91%	80%	11%	77%	75%	2%
HIST-4B	1,075	699	85%	78%	7%	80%	79%	1%

Note - In order to maintain statistical power, only courses with sample size larger than 70 students were compared. There are a few online courses that do not have a face-to-face comparison.

WHCCD Online Enrollment of Students by Service Area

During the past three years, approximately 70% of students enrolled in online courses live within the WHCCD service area. The majority of out-of-service area students are from nearby cities such as Fresno, Visalia, and Clovis.

WHCCD Fall 2008 Online Participation Rates by Service Area Cities

City	WHCCD Overall Student Headcount	Number of Students Enrolled in Online Courses	Percent of Students Enrolled Online (Participation)
Tranquillity	14	9	64%
Kettleman City	31	14	45%
Hanford	1491	557	37%
Avenal	219	81	37%
Lemoore	1629	592	36%
Coalinga	908	297	33%
Mendota	177	56	32%
Riverdale	101	30	30%
Laton	57	16	28%
Huron	152	42	28%
San Joaquin	22	6	27%
Firebaugh	326	88	27%
Armona	148	38	26%
Five Points	20	5	25%
Stratford	57	10	18%
Cantua Creek	46	8	17%
Total	5398	1849	

The cities of Lemoore, Hanford, Coalinga, and Firebaugh had the highest number of students enrolled in online courses. The cities of Tranquillity and Kettleman City, based on the overall WHCCD student headcount, had the highest percentage of students who participated in online courses. It is important to note that the cities of Tranquillity and Kettleman City have the farthest proximity to any of the WHCCD campuses.

Attachment C – SWOT Analysis: Pre-work Summary Distributed at Planning Workshop

West Hills Community College District *Distance Learning Program

SWOT Analysis

STRENGTHS – What does the WHCCD Distance Learning program do well?

1. Provide opportunity to attend college to students that live far away from the college or whose jobs are not flexible to attend face-to-face classes (7)
2. Students can login at any time
3. The ability to e-mail instructors and receive feedback
4. Opportunities to attend college during tough economic times (e.g. gas prices, transportation issues)
5. Transferable credits (2)
6. To develop and expand degree offerings online and reach more students
7. Hybrid methodology allows expansion of curriculum while maintaining quality and integrity
8. The technical assistance provided to faculty by well trained staff that assist with the online curriculum development and related resources (4)
9. The student help desk (3)
10. Willingness of administration to try new alternatives
11. Diversity, quantity of online curriculum delivered to a diverse population (4)
12. Advertising and instructor support for full-time faculty

*prior to release of this document Distance Education at WHCCD was Distance Learning

13. Bringing in students from around the country and the world
14. Giving students at four year institutions the chance to take required lower division courses at WHCCD
15. Support through ITS
16. Using industry standard CMS – Blackboard – rather than others or even homegrown variety
17. Good teachers
18. Well supported administratively
19. Input from various constituencies
20. Appropriate technology
21. Market for new students
22. Ability to meet more student scheduling needs
23. Organization! Program is easy to navigate and helps tremendously when the instructors organize their classes in a way that you know what to expect each week.
24. Flexibility for students to work on their own schedule when they have free time outside of their normal workday or schedule.
25. Students can communicate with instructors and classmates without traveling to distant locations where classes are offered face to face
26. Deliver online courses and complete degree options
27. Online application
28. Online registration
29. Online payment
30. Presence in online market
31. Compensation for faculty

32. Robust DL program. We were fortunate to start early in the process and we have enjoyed great success.
33. Enrollment growth. If it were not for our DL program we would be significantly smaller than we are right now. (2)
34. Good leadership at the faculty and administrative level. We are focused on the learner and we have a good variety of courses.
35. Market for new students
36. Support services are almost equivalent to those an on-campus student can receive
37. Complete degrees/certificate programs offered on-line

WEAKNESSES – What does the WHCCD Distance Learning program need to improve upon?

1. Concerns from students when tests do not go as planned such as “timed out” issues.
2. Blackboard issues—technical issues when Blackboard does not log in, when classes that are registered for do not come up on Blackboard—it needs to be updated and improved or go to another system; glitches in the system (5)
3. Online is not for everyone. The administration needs to keep that in mind. There is a perception by some that administration wants to put everything online.
4. Retention and success rates need to be improved
5. CSU is not on board yet, fear that classes will not transfer, thus placing students at risk of having to repeat courses at the CSU.
6. Need better training opportunities for adjuncts and a better selection process for adjuncts who teach DL courses; I am not convinced that they are going through proper hiring procedures including equivalency (2)
7. More faculty need to take advantage of the technical staff’s expertise.
8. Lacks live classroom interaction and dynamics
9. Student need for instructor assistance is not instantaneous; slow reply to student e-mails from instructors (2)
10. Adjunct faculty support: sometimes support personnel are rude or just don’t answer e-mails/questions.
11. Scheduling: We have a two-year schedule set up which includes on-line and traditional classes. This is not considered and has been hurting traditional enrollment for the last several years
12. Large classes
13. Insufficient training on new methodology and technology

14. Some classes should not be taught online. Seems to be a push towards more classes online and sometimes critical evaluation of the appropriateness of the media for the particular course is skipped.
15. Course listings in the catalog are limited by the way Datatel can display data
16. Lack of use of library resources by online students and instructors
17. Many students lack basic skills to successfully complete online courses
18. DL staff and students need more and easier-to-find information on disability access (section 508)
19. Student input:
 - a. Don't learn anything from open book exams
 - b. Some subjects don't fit well online; some are too easy and boring
 - c. Teacher and class organization sometimes confusing.
 - d. No substance to learning in course compass
 - e. Instructors don't often give timely responses
20. Not enough student input
21. Help Desk overwhelmed at peak times (2)
22. Some untrained online instructors
23. Lack of student accountability when taking tests online
24. Not enough research services and resources available online
 - a. Amount of research databases and eBooks not equivalent to on-site collections
 - b. No information literacy component embedded in DL
 - c. Library resource navigation
25. Support services and personnel are usually campus based and not aligned to overall mission of District based DL
26. Tutoring in online environment is inefficient

27. Culture – while students may view DL as seamless, from some staff perspectives DL is separate entity and not truly a part of each campus culture.
28. ADA compliance – Need more clear and thorough information about ADA compliance for students and faculty to access.
29. Lack of comprehensive learning. Many students want to pass their classes and do as little work as possible. Some instructors make this very easy. I know it is the student’s responsibility to take initiative and make college count, but college shouldn’t be as easy as some instructors make it.
30. Some students who register for this type of learning plan don’t understand what is expected of them such as computer program abilities, computer access, meeting scheduled deadlines, and understanding the class operation.
31. Connection for online students
32. Online advising/counseling
33. There were a couple of classes I took online at WHC that were not very organized and used several websites on top of Blackboard. It made the class difficult to understand, let alone keep up with.
34. Online faculty community
35. We have aroused our competition, they are wondering why they are losing enrollment and they are realizing that it is to our e-learning program.
36. Some reluctance by faculty and administration to accept this new modality of instruction; sticking with tradition.
37. Lack of marketing to expand the program
38. Need the District to view this as an opportunity to develop a “ Virtual West Hills”
39. Not enough student support.
40. Slow turn around in grades from instructors

41. Not a clear idea of the correct textbook to purchase
42. Most classes follow a rigid time line within the semester. I think some classes should be very flexible as long as all work and tests are completed within the semester time frame. This gives the student the choice to choose which format will work best for them.

OPPORTUNITIES – What are the greatest opportunities available to enhance the future of Distance Learning at West Hills?

1. All distance education courses should have “ability requirements” stated up front so students can be tested before enrolling in those courses
2. Concierge or other individual to whom online student is assigned as their “go-to” resource
3. Flexibility with course scheduling will be a key competitive advantage for the future
4. Expand degrees online (4), in particular CIS and Business
5. Market online offerings to local high schools
6. Develop the student services aspect
7. Update the technology
8. WHC has great labs so that students who do not own computers can still take advantage of on-line classes
9. There are many types of training available for on-line instructors
10. Hire a systems librarian to enhance library resources, work with online instructors and students to strengthen information literacy skills; this may improve retention
11. Opportunity to bridge “digital divide” that still exists in the demographic that we serve
12. Hire instructors from larger pool than available locally
13. Online counseling and support for students
14. Ability to use cutting edge technology for student learning and to fully train and inform online faculty
15. Seek student input via surveys or focus groups
16. Incoming students are digitally savvy
17. Library Resources:

- a. Create a state-of-the-art virtual library; online collection development policy needs to mirror what is done in traditional library collection development
 - b. Participation in online curriculum development process to ensure proper library resources available.
 - c. Direct human access (this is huge for online learning and entails utilizing Library 2.0 methods of social networking). Need to install instant messaging such as MEEBO so that online students and faculty can see when librarians are available for research questions and gain instant feedback.
 - d. Pathfinders, tutorials, online workshops, etc. to instruct students and faculty on proper usage of available research databases and internet searching techniques.
 - e. Embedding links to library search boxes via iGoogle or something similar directly into Blackboard classes will give more direct library access.
 - f. Lifelong learning skills in information literacy (ability to seek, evaluate, and disseminate information) need to either be ingrained throughout the curriculum
 - g. Specialized staffing – Drawing from campus library staff and budgets will strain resources and hamper innovation due to workloads.
18. Offering live/archived classes. For students at CSU Chico some classes are completely online like those at WHC, some are recorded and available either live or from archives. You can type on the chat board and interact with the instructor while you're watching. It is easier to understand difficult concepts when the instructor talks you through them. It's not something you usually get being an online student.
19. Many publishers now provide online textbook content and course materials at a substantial discount over published textbooks. We should find a way to provide every student with a wireless capable laptop computer that can access the internet in every classroom. Students could end up with a computer and a paperless/bookless opportunity to get their education, at less cost than traditional textbooks for 60 or so units of college.
20. Simplification of maintaining course records and transferring these records to an Excel format for submission of grades and recording of SLO effectiveness

21. Students have the confidence to determine for themselves if online learning is a good fit with their needs/skill set
22. New degree programs designed with online option in place
23. Development of foreign language online courses
24. Development of basic skills English online courses
25. Development of non-transfer level courses
26. Market to U.S. Navy and their dependents
27. We have an enlightened administration and board
28. We have an innovative faculty, both full and part-time
29. Technology is available that can allow our distance learning classes and services to be better than what is available on our campuses. Those same technologies also need to be incorporated into face-to-face instruction to provide rich learning environments.
30. The computer labs should extend hours to evenings and weekends

THREATS – What are the greatest threats to the future of Distance Learning at West Hills?

1. Students allowing other people to do their work for them; plagiarism; lack of controls for this (5)
2. Always the threat of hackers
3. Other colleges getting on the train
4. Not improving the delivery system
5. Not hiring faculty who are current
6. In the competition to expand, the quality of the faculty pool will dwindle.
7. Older students may be left behind
8. Class size makes it impossible to run identical traditional/on-line class structure
9. On-line students are not getting the same instructor support/feedback (2)
10. Computer lab availability
11. Blackboard is not a stable class management system
12. Academic integrity
13. Becoming stagnant—not bringing new curriculum into DL; WHC has a lot of potential for an even better distance learning program. I think adding courses and degree programs would bring in a whole new group of students (3)
14. Growing too quickly with a limited staff.
15. Not integrating library resources into the online learning environment.
16. Articulation – how 4-year schools will accept rigor of online courses; CSU Fresno and like-minded institutions that do not value distance education (2)

17. Competition such as National, University of Phoenix, etc; everyone is jumping on the distance learning bandwagon. As somewhat early adopters, we had an advantage. Now to compete, our courses must become unique and stand out from the crowd (better content, more flexibility, more interesting/exciting/innovative presentation of content) (3)
18. Disjointed or unconnected pedagogy among online instructors
19. No feeling of "place"
20. Lack of course variety. WHC does not offer some needed courses so students search other community colleges to find one.
21. Possible outsourcing of distance learning activities is perceived by some union members as a possible threat.
22. Laboratory activities in DL is questioned by some 4-year institutions
23. ACCJC and Department of Education
24. Quality--any poorly designed or executed online course
25. Expanding internal processes limiting our ability to be responsive to emerging opportunities
26. That the traditionalists will win the day and we will become a shadow of ourselves; faculty resistance to online education or reactive to external pressure (2)
27. State budget constraints
28. Political correctness or our unwillingness to change for the benefit of student learning.
29. Ignoring our clients' needs

Constituencies

Constituencies are groups of users who have similar needs regarding which web parts and which page layout they see on their home page. Examples of constituencies are Student and Faculty. Each constituency has its own SharePoint site in the portal. You can define a unique set of web parts, layout, and appearance for each constituency site. Constituency is an ActiveCampus portal concept (not native SharePoint).

A user might belong to more than one constituency. For example, an employee who is also taking classes could be in both the Staff and Student constituencies. Each portal user is assigned a "primary constituency." The user's portal home page is the constituency site for their primary constituency. When a portal user accesses the portal root site, they are automatically redirected to the constituency site for their primary constituency.

You can define your own constituencies and determine which users are in each constituency.

You can target portal content to members of a specific constituency by adding the content to the constituency site. Content added to the top-level portal site is available to users in all constituencies. Note that you can also target content by using audiences.

Audiences

Audiences are groups of users to whom you want to target specific web parts or items of information in the portal. You can define your own audiences and determine which users are in each audience.

Audiences is a SharePoint concept.

SharePoint allows you to use any of several kinds of audiences: global audiences, distribution lists and security groups (for example, LDAP groups), and SharePoint groups. Audiences created from Colleague are of the LDAP group type. Colleague uses LDAP groups so that audience membership can be updated more frequently and in an automated way. When you want to target an item in the portal to the audience, you will target it to that LDAP group.

Current West Hills Audiences:

1. Coalinga
2. Lemoore
3. Online

Web Parts

Web parts are SharePoint elements that display content on a web page. Datatel provides the web parts listed below for the ActiveCampus portal. Most Datatel-provided web parts are included on constituency sites created with one of the Datatel-provided templates. You can add or remove the Datatel web parts from any site in the portal. You can also add other web parts provided with SharePoint or from a third party.

Celebrate Hispanic Heritage Month with a trip to the San Francisco Museum of Modern Art 5/15/2008 4:15 PM

by
Squire, Frances Anna

Travel to the San Francisco Museum of Modern Art on Saturday, Sept. 27th, with West Hills College Coalinga in celebration of Hispanic Heritage Month.

The museum will feature a collection of work by Frida Kahlo, commemorating the centennial of her birth. Her work includes about 50 paintings and 70 photographs from the beginning of her career in 1926 until her death in 1954.

Cost of the trip, which includes transportation and a ticket to enter the museum, is \$25.

For details, contact Brian Rouska at 559.934.2402 or Rhea Rehark-Griffith at 559.934.2689.

Campus news articles are intended to be more “newsy” in nature. Not as urgent or important as announcements.

WHCL Technology Meeting Minutes

Friday, October 1st 2010

Attendees Present: Ron Oxford, Keith Brock, Anna Silvestre, Susie Briones, Tiffany Hernandez, Jameson Birrell, Frieda Ganter, Michael McDowell, Brittney (Student)

Attendees Absent: Scott Young and John Jeronimo

- I. Call to Order – 12:06 P.M.
- II. Changes to the Agenda – None
- III. Introduction of Guests – Student Brittney was introduced and given a brief overview of the committee's function.
- IV. Action Items – Approval of Minutes from 9/10/10 tabled for lack of quorum (at this point members arrived later)
- V. Discussion Items
 - A. Student Printing - Dr. Oxford mentioned progress on student printing: 200 free copies, 10 cents per copy thereafter; Print Manager Plus (PMP); used in library first, possibly campus-wide thereafter.
 - B. Committee Task Tracking – Dr. Oxford demonstrated the Tech Committee team site feature that performs this task, so no need to design previously discussed spreadsheet
 - I. Document Storage on L drive can be requested from IT on an individual basis. This closes a request that came though the committee and information now needs to be shared campus-wide.

2. Session credentials for logging into the Portal from off campus.

Discussion on the effort being made to eliminate the need for multiple logins.

C. District Technology Communication Flow – Red Team at District level being developed to work on this.

D. Process Observers – Discussion resulted in a suggestion that D. Bolt, Sylvia D-R., Pedro Avila, etc. be invited to attend meetings to evaluate this committee’s effectiveness, etc...

E. TAT Report –

1. Praise was given for the waitlist and those who developed it. This was confirmed by our student visitor who said it worked well for her and others.

2. Team sites on My West Hills to be visible only if a member of a particular committee; otherwise links available on a drop-down menu.

3. Web manager to be hired in November.

4. E-Campus in process of being developed.

F. Student Town Hall – Brittney said she is planning to attend; IT is slated to have a member present.

VI. Future Agenda Items – Committee members were asked to listen for, and submit “needs” from WHCL community.

VII. Adjournment – 1:06 PM

Technology Advisory Team WHCIST

Meeting Minutes-March 03, 2010

SAM B/124

2:30pm

Members Present: Lenore Simonson, Jose Lopez, Susan Whitener, Michelle Kozlowski, Cal Tincher, Jill Stearns, Matt Magnusson, Tom Robb, Frieda Ganter, Monte Paden, Keith Stearns, Ken Stoppenbrink

Members Absent: Pedro Avila, Sylvia-Dorsey-Robinson, Carole Goldsmith, Dave Bolt, Priscilla Balcazar, Ron Oxford

Guests: Jameson Birrell, Francess Squire

Meeting called to order at 2:33pm

- I. Live Streaming/Lecture Capture: Top to vendors, Sonic Foundry and Accordent presented their software at campus location while streaming live. Sonic Foundry had technical issues while Accordent streamed smoothly. Both L. Simonson and T. Robb have provided S. Whitener with feedback; S. Whitener is waiting for feedback from Jack Ramsey. Both L. Simonson and T. Robb will look into new software offered through CISCO. F. Ganter and M. Kozlowski reported they experienced technical difficulties while trying to watch and listen to Sonic Foundry's live streaming.
- II. CISCO Executive Briefing: Several administrators attended CISCO headquarters to learn about new products the company is promoting and build a road map to future technologies used at our district. Amongst new products is a new streaming video software and telepresence.
- III. My West Hills Portal: Guest, Francess Squire representing Pedro Avila, reported Tanner Naeher is no longer the district's Web Administrator. All web requests are to be handled by Felicia Torres as she has some training and experience. Passwords for the Web server and Contribute have been reset. We will move

forward with the web redesign; a Portal committee will be formed, interested parties please contact Pedro Avila. E-Brochure's original launch date of this Friday will not occur. F. Squire will review the brochures for accurateness. F. Ganter expressed her concerns on portal issues and how they'd be resolved. K. Stoppenbrink stated it is possible an outside contract service will be hired to assist with web issues. F. Squire also mentioned the possibility of purchasing hand held devices to use for recruitments. This will enable students to fill out their info and have an e-brochure emailed. M. Paden questioned what is the down fall and what hurdles will the district have to go through. F. Squire answered this is currently in its research stages and there are not plans of implementation until it's researched further.

- IV. Blackboard 9 Implementation: S. Whitener reported she had a conference call with L. Simonson, T. Robb, Blackboard's sales rep and two engineers. The conference call was to ask about current Bb issues, tickets and response time. Some tickets were resolved others we're waiting on. Additional relief is expected by next Friday.
- V. ITS Update: M. Kozlowski reported their focus is currently on the Coalinga Wellness Center. Currently on order are the surveillance systems. IT also expects to order replacement Datatel servers. M. Paden asked if they were plans to move to Windows 7. M. Kozlowski responded there are no immediate plans, but if there is a classroom need, a request needs to be sent into IT to start the evaluation process. Student email will be moving to live@edu during the fall 2010. This is a Microsoft product with lots of enhancements for student use.
- VI. Other: Guest Jameson, Lemoore Math Instructor was present with questions. J. Birrell questioned about automatic updates on staff computers, is it possible to have these updates to delay upon start up of computers? M. Kozlowski stated there is a script set up for updates to happen during the night. Unless a staff member did not shut down their computer, then the update would happen when they arrived in the morning. If a computer is not turned on within a week, then updates happen at the first startup. Another question J. Birrell asked: Student Government Association appointed a person to maintain their portal site; can this IT person have full privileges to the site? Both K. Stearns and M. Kozlowski suggested he request this from P. Avila.

**District Technology Council
February 25, 2010
Coalinga Sam B /Lemoore Rm 124 via Video Conference
10:00 a.m.**

Minutes

Members Present: Pedro Avila, Dave Bolt, Carole Goldsmith, Susan Whitener, Keith Stearns, Jana Cox, Michelle Kozlowski, Jill Stearns, Sylvia Dorsey-Robinson, Stephanie Droker, Elaine Howard

Members Absent: Richard Post, Ken Stoppenbrink, Tammy Weatherman

Guest: Lenny Robinson Project Manager, eTranscript

1. Call to order: 10:15 a.m. by Carole Goldsmith

Lenny Robinson gave a presentation to the group via CCC Confer on CCC Apply Electronic Transcripts. Lenny explained that eTranscript California is the statewide internet-based system for requesting, transmitting, tracking, downloading and viewing academic transcripts among authorized educational institutions and their trading partners. The power point presentation is posted on the Portal.

The meeting reconvened at 11:09 a.m. via video conference after the presentation.

2. Approval of Minutes:

Susan Whitener moved to approve minutes of November 19, 2009. Motion seconded by Jill Stearns

Action on Motion: Passed unanimously

3. Discussion regarding e-Presentation

Carole asked the group for comments or thoughts on e-Transcript.

Susan commented that it sounds good. Keith stated that most of our institutions are not using it. At this time none of the community colleges receive transcripts into Datatel. Jill shared that the state needs to release a concept. Keith stated that he thinks that we would be able to push it through to Fresno State. Pedro expressed that it would be a huge savings in Maria's time. Carole asked Keith who we would talk to in regard to the process and how it's working. Keith responded that we need to talk with other Datatel schools.

Carole announced that the new project leader for this project is now Keith Stearns, registrar.

4.1. Follett Booklook

Carole asked Jill and Dave to give an update on Follett booklook system.

Jill expressed that if the responsibility falls on Follett to keep the spread sheet current every time a book price changes and doesn't fall back on us to keep it current, it would be a good thing. Jill also stated that if the solution clearly puts it in their ball park once that connection is made and Follett has that responsibility spelled out that it is theirs; I think it is the way to go.

Dave stated that he and Jill have talked with Ken and Ken supported the position. Dave expressed the need to let Greg at Follett know the deadline date of when we were going to be on board with the Follett plan. Carole asked Jill and Dave if they would remind Ken to get the deadline date information to Greg at Follett.

Susan asked Keith what his thoughts were on the Datatel Solution, has anything come out? Keith responded, Datatel has released their solution and the issue with Datatel Solution is that someone has to go in and update the information which means typing in ISBN numbers. It is difficult to do.

Susan stated her concern was that Follett their book prices may change but I think what is really going to change is the cost that the service has and I think we are just going to have to pay it.

Carole stated that right now I don't think they have talked about charging a fee have they?

Susan responded that once it is implemented and we have done our code and we have done everything to integrate it. Carole stated then it is going to cost one way or the other.

Keith explained that he has gone to a couple of places actually Lee University that has implemented the booklook solution into Datatel and they basically have had to add another column that has a link to booklook. The other issue is that Datatel has come out with a Portal class search which we are looking into so we will have to find a place there to put it into also. This is a whole different ball of wax. Keith gave the website if you want to find it; it is web.leeuniversity.edu and search for classes.

Dave asked Keith if that is the link to another page with all the book prices on it. Keith responded, the way booklook works from what I can tell is that you provide a link to their booklook software and you tell it what section it is and it pops up with the book information and the cost for that particular section.

Dave stated that it is convenient for the student but if the link went to a general page that required the student to navigate around a little bit to find it that would satisfy the requirements as well.

Dave expressed that the method that Keith just identified still requires tremendous amount of linking the link to the specific page.

Keith explained that the way their booklook solution works is that you pass it section information it shows you book information for that section. That is the advantage of their solution.

Jill stated, I think this solution helps us in terms of the number of students we have that take courses across campuses and particular online because once they click a specific section it gets them the correct textbook for that section.

6. Announcements

Carole announced that the next DTC meeting will be held on April 15, 2010 and at that meeting we will go over team updates and also Carole would like to go over how we assign our priority on projects.

7. Adjourn

Meeting was adjourned at 11:29 a.m.

District Technology Council
May 13, 2010
Coalinga Sam B /Lemoore Rm 124 via Video Conference
11:00 a.m.

Minutes

Members Present: Pedro Avila, Dave Bolt, Carole Goldsmith, Michelle Kozlowski, Keith Stearns, Jill Stearns, Susan Whitener

Members Absent: Ken Stoppenbrink, Tammy Weatherman, Jana Cox, Sylvia Dorsey-Robinson, Jose Lopez

1. Call to order: Meeting was called to order by Carole Goldsmith at 11:08 a.m.

2. DTC Priorities – Alignment to Goals - New Projects – Brief Update

Carole reported that at the Administrative retreat regarding some of the work flow projects that are occurring at the District. Carole indicated she would like to give an update on the budget change form. She would like to pilot the form and let Dave know on his side she has put Kyle down to participate kind of like a dry run. Carole let Jill know that Cherie is down for Jill's area and at the District office she has Debbie Gore, Tammy Weatherman and Cathy Barabe. The pilot will be rolled out next week with this project.

Carole asked Pedro to share some projects that are moving forward from Executive Cabinet. Pedro stated that one of the things he and Carole were talking about after the Executive Cabinet meeting is that we have our projects that we talk about and prioritize and update each other on. But then at Executive Cabinet sometimes they will make an executive decision to expedite a project or create a new project. Based on the time of that meeting and this meeting it could be that action takes place on that project. The point here is that we are not trying to undermine this committee but that is just the way it works. The Chancellor's Executive Cabinet sometimes will make an executive decision to move forward with a project. Carole and I will do our best to keep this committee in the loop with those projects so that there is not a disconnect between Executive Cabinet and this committee. Keith stated that it's important to keep up the project list so that everyone knows what's being worked on and what's at the top. If we can keep up the project list better and keep up with an idea of what is going on Carole and Pedro can more easily identify with what is a priority. Keith stated that he doesn't think that we need to meet face to face to say that there is a new project. Carole agreed and suggested that we could post it on the portal. Jill stated that we have another source of projects and I am not even sure that everyone here is aware but I was in a meeting last week that I was notified of right before it occurred and it was Ken, two representatives from AOS, the Liberians and Becky. The solution that AOS has provided is a huge amount of work on the technology side. It's never even been tried; it will not work with our existing ID

cards. It has huge ramifications should it be implemented. I tried as hard as I could to try and put the brakes on it but I have no idea what the outcome is going to be. Carole explained that she would share a little about that. She has had ongoing conversations with Ken and IT. That project has been reassigned to both the Presidents. We are trying to reduce the copying costs that are occurring in the libraries. There needs to be rules and regulations that need to be discussed. The direction is going back to the Presidents to create a task force on the campuses to discuss all the options. This will not be a District project it will be a campus lead project but the solutions need to be standardized. Carole stated that they will put together a meeting with both Presidents, the CIO's, Susan and myself and Michelle and Keith and talk about what the problem is, what the history is and where do we move next. Michelle questioned the status on the printers. Are we still doing the toner the monitoring paying them per page? Carole stated that she asked Mr. Stoppenbrink to join us today to give an update but he was not available. Carole will get an update from Ken and share with the committee.

Pedro stated that there are projects in the works; they are talking about culinary having a point of sale system. The other project they are looking into is a one year schedule. Not just a one year schedule on our system but also the ability for a student to enroll for a year, so that the student could register for a year ahead of time.

Pedro expressed a need to create a frame work on how we do planning for a new project. He stated that it would help if we formalized a process to implement projects and request that everyone goes through that process.

Carole suggested that we pick a date in July for a one day meeting with a facilitator.

Alignment to Goals

Carole stated that we would want to use the District goals in alignment with our goals. Pedro stated that customer service should be a goal at the college level and also at the district. Jill suggested that when we are not chasing FTE's it's really a good time to take a look at how we are doing business.

4. Project Updates – Review Task Log

In reviewing the task log Carole asked if everyone could make your comments and status updates and any new project you would like to add to the list, send them to Elaine then we could send out an updated version to everyone.

5. Old Business

5.2. Booklist Project

Keith stated that he talked to Follett about what their plan is. Follett's plan is for us to be up by July 1.

5.1. Cisco visit

Carole reported that they took a bus load of folks to Cisco. She will be pulling the survey results off on Friday and will send everyone a summary. Carole indicated there is another trip to Cisco coming up on June 8. The trip will include some Board members, clerical support people, classified and the architect. The architect needs to see the real specific layout of the TelePresence room.

6. Announcements

Susan stated that in reviewing the minutes from the TAT meeting the other day we now have on our agenda accessibility for the technology advisory team. It will be a constant agenda item. Susan also stated she conducted a survey with faculty on whiteboards and the use of whiteboard screens and wall talkers. She has received a lot of good responses and asked if there is any other technology they were interested in and smart boards and write paths came up.

7. Adjourn

Meeting was adjourned at 12:06 p.m.

District Technology Council
September 16, 2010
Coalinga SAM B/Lemoore Rm 124 via Video Conference
10:00 a.m.

MINUTES

Members Present: Pedro Avila, Dave Bolt, Jana Cox, Carole Goldsmith, Michelle Kozlowski, Keith Stearns, Jill Stearns, Ken Stoppenbrink, Tammy Weatherman, Susan Whitener

Members Absent: Sylvia Dorsey-Robinson, Jose Lopez

Guests: Ryan Cardoza, David Reynolds, Melissa Richerson

Call to order: Meeting was called to order by C. Goldsmith at 10:07 a.m.

Approval of Minutes, May 13, 2010: The minutes were not approved, corrections need to be made.

Discussion – ITS Update – Michelle Kozlowski

M. Kozlowski reported over the summer the main thing we did we got a new server for Datatel. The rest of the summer we worked on patches, updates and upgrades to the servers. We have moved our monthly server maintenance day to the first Saturday of every month from 8:00 a.m. to 4:00 p.m. October 2nd will be the first maintenance day with the new schedule change. I have announced it to all of the committees to make sure they know and will be sending an all subscribers message out. Tom & Lenore will notify their online faculty so that they understand to let the online students know not to expect the systems to be available. The online Blackboard students need to understand not to get into Blackboard during that window because if you are trying to do something and we take that server down you will be kicked out and in trouble until that instructor can reset whatever you are trying to do. Our next big projects are installing all the new technology in the Wellness Center that has been delayed. We had expected to be doing that during most of the month of August and they are not ready for us yet. It looks like it may be during the month of October when we will be installing the card access system and the video surveillance. We received notification that West Hills College Lemoore was a participant in a 46 million dollar ARRA grant that was done between the Scenic Network and California Central Valley Independent Network to bring internet access to schools, colleges, and libraries and also into private businesses and organizations. We had no idea that we were part of this grant. What we are getting out of it is WHC Lemoore is getting two pieces of private fiber run to it that will connect us to the internet that will give us redundancy out to the internet.

C. Goldsmith stated she would like to give a little history in terms of how this grant came about. The West Hills Colleges or the District are not receiving any specific funds and this grant proposal came out of our requests from various legislators because what happened in the first round of the ARRA funding we had put together a very comprehensive project with Fresno County Office of Education to bring broadband to the Westside, during that solicitation of ARRA proposals. The interesting thing about it is the privately held companies like Pacific Bell, Sebastian, Verizon and all the big huge corporations had the ability to make comments on any grant proposals that moved forward. Not surprisingly every one of those companies had negative comments about every proposal that moved forward unless it was their proposal. Surprisingly Sebastian is a privately held company got an ARRA contract to be able to provide services up through San Joaquin. They have a west Fresno area. C. Goldsmith stated that because many of the legislators were upset that only a small area of the Central Valley was being slated for broadband and they wanted the ARRA funds spread more throughout the Central Valley. This was a response to bring some type of equality to the whole entire region. It's the issue of how they are bringing the broadband out through the Valley and they weren't going to be able to go that far. They are going to go to San Joaquin and the next round they will bring it down further. So it's the best that we could get.

C. Goldsmith asked if there are any questions.

T. Weatherman questioned they will be paying directly for that and we won't be involved for anything?

M. Kozlowski explained that our connection from all our campuses to scenic the State Chancellor's office installs those, they pay for them. We will be involved in the design of where it goes and how it comes in, other than that we are not paying for anything, we are not getting any money, and no money passes our hands. We are just happy recipients.

Committee Membership – Dave Bolt & Jill Stearns

C. Goldsmith asked J. Stearns if she had questions about committee membership.

J. Stearns asked that we include D. Reynolds since student services are represented from the Lemoore side as well.

C. Goldsmith expressed that she didn't see any reason why we would not want to include D. Reynolds.

C. Goldsmith asked D. Bolt you wanted this to be an agenda item as well?

D. Bolt stated yes, at our Planning and Governance meeting yesterday it was brought up that there are numerous concerns about committee membership, in particular the student representative perhaps to this group, Ryan Cardoza, he is at the table here today with us in Lemoore. There has been some recent changes to the membership to the other committees like TAT for example that recently occurred and some members on the committee or those that were booted off were a little bit surprised and just wanted some follow up or explanation as to the membership changes.

C. Goldsmith stated let's take this item by item. The first issue is regarding student membership to various committees and specifically this committee.

C. Goldsmith stated that she received an email from R. Cardoza and he copied Ron Oxford. C. Goldsmith explained that she took that request to the Executive Cabinet meeting yesterday and responded to both of them early this morning.

C. Goldsmith asked in your email Ryan you had talked about that you would be representing the college one of the committees. C. Goldsmith stated at the Executive Cabinet it was decided that a student representative is something that we want and to encourage and make sure we have that representation. But that you would be coming as a student representative not necessarily representing the college but you're representing students.

R. Cardoza stated he was going to provide feedback to the Lemoore Technology Committee which he sits on. Right now I'm just providing information back as a liaison to the Technology Committee in Lemoore but I wouldn't be their faculty representative.

C. Goldsmith stated let me make a clarification perhaps to others on this committee that the committee you are talking about, is that a student committee or is that another committee, I'm not familiar with it.

R. Cardoza stated that only Lemoore has a West Hills Technology Committee and that reports to TAT and then TAT reports to DTC.

C. Goldsmith asked R. Cardoza and D. Bolt so that committee Dave appointed Ryan Cardoza to represent the college? Is that correct?

R. Cardoza replied, no. I am just being a liaison to provide information back to what happens at the meeting.

P. Avila stated that I am ok with that but it sounds like there is redundancy now, because if the system really works. S. Whitener is the representative for TAT at this level, so S. Whitener takes back information to TAT.

C. Goldsmith stated again and the discussion at Executive Cabinet and my email to Mr. Cardoza and R. Oxford. R. Cardoza can serve on this committee as a student representative district wide.

R. Cardoza stated it would be student representation and the Technology Committee at Lemoore gets the feedback from TAT.

S. Whitener stated that brings up another concern. R. Cardoza you are representing the entire student body of the district?

R. Cardoza responded that he is also the student trustee for the West Hills Community College District Board.

C. Goldsmith has a question for R. Cardoza. She asked when you report back whether its board business or any other business to the student body of the district how does that occur? How do you get the message back out to the students in Coalinga or NDC?

R. Cardoza stated we don't have a system in place yet to report back to Coalinga. Coalinga just got their student government they just had elections this year. I do have their Presidents contact information. I was in contact with him before the last board meeting to provide trustee information to the Board but I haven't provided any information back to Coalinga yet from the Board meeting. That is how the communication would work for this committee as well. I would provide information to the Presidents at each college and then they are responsible for distributing it out to their students.

C. Goldsmith asked D. Reynolds, do you work with your ASB President?

D. Reynolds replied yes, someone in student services does. I was reminding J. Stearns that NDC also has their own slate of officers.

C. Goldsmith expressed to R. Cardoza we will want to make sure that communication goes through to the NDC folks as well as the Coalinga folks.

C. Goldsmith stated we will take this offline to work out the details as to how that communication can flow.

R. Cardoza agreed. C. Goldsmith welcomed R. Cardoza to the committee.

D. Bolt questioned if R. Cardoza has been approved as a student representative or do we have to go through some formal process.

C. Goldsmith replied this is a discussion piece I want to take the second discussion piece and then we will go back to that.

C. Goldsmith stated we will discuss your issue with TAT first.

C. Goldsmith asked D. Bolt if he could share his issues with TAT.

D. Bolt explained at the Planning and Governance Council (PGC) meeting there were general questions about membership of DTC and DTC related committees. I think this is something that we should re-visit as a committee because there seems to be a lot of concern that it's the same groups of people at all the meetings when they are called just different people take the leadership role.

M. Kozlowski stated I think beyond that we need to look at our committees anyway. We need to make sure they are defined and make sure they understand what they are suppose to be doing, what their charge is. In my mind the purpose of TAT is instructional technology and focusing on that. On the other side are the administrative committees which haven't met in a long time for a lot of reasons. We need to decide how we are going to fix that because we need to have the advisory team for the administrative systems working and we need to have the advisory team for the instructional systems working and then we may even need to make a third leg for web and portal with a different team which we pretty much have the team put together already. They need to meet also because they have a whole set of issues and problems that they need to solve and projects that they want to do. It is time to have a discussion about what our committees are, what we think they should be doing who is on them and how they work.

C. Goldsmith asked the group if this is something that we need to take a look at and the group agreed that it is.

S. Whitener stated what was expressed in TAT was that I was asked to bring forward what groups are meeting and what groups are not meeting.

P. Avila stated last year before the transition I had done some leg work. What we were looking at is the original IT strategic plan, the person that came in and did an assessment of our technology committees. There is actually some good information in that plan where he recommended that we modify our structure.

C. Goldsmith expressed what she would like to do is pull together a "task team" or a "red team" to look at this specific topic. I think we need to have a specific meeting just looking at that with key people around the table. So I'm looking for people who would like to serve on that. I know D. Bolt I would definitely like to have you involved as well as J. Stearns, P. Avila and M. Kozlowski is there anyone else volunteering who would like to be on this team or have some input into it? How it is going to work is we will pull

together some key people and have a meeting within the next two weeks. We will bring the recommendations back to this full committee at the next meeting and then we will discuss it more in length.

R. Cardoza asked if he could make a suggestion. When Ron and I were sitting down to do the structure of how our Technology Committee gets information from TAT then that information is transferred to DTC it was about a three month time frame until we got that information back from TAT to the WHC Lemoore Technology Committee.

M. Kozlowski stated R. Oxford sits on TAT there should be no reason for a delay. R. Oxford should be bringing the information back to your Lemoore Committee.

C. Goldsmith stated this DTC committee is going to put together a "red team" that is going to consist of the few key people we will meet within the next two weeks and we will bring a proposal to this committee next month.

C. Goldsmith stated just to review who is serving on this "red team" will be J. Stearns, D. Bolt, M. Kozlowski, P. Avila, S. Whitener and I.

C. Goldsmith stated that in terms of D. Bolt's request to formalize R. Cardoza's membership as a student liaison. We should take a vote.

K. Stoppenbrink moved to approve R. Cardoza as a student liaison to the DTC committee motion seconded by D. Reynolds. Motion passed unanimously.

Proposed New Projects

5.2 Student Communication – Sylvia Dorsey-Robinson and Pedro Avila

C. Goldsmith indicated we have three specific requests that came in over the last thirty to forty days to have these items discussed at this meeting. I would like to show that item 5.2 under student communication. S. Dorsey-Robinson is not able to join us today and she asked that we table this item.

C. Goldsmith asked P. Avila if he would like to speak about it to get the group ready for discussion.

P. Avila expressed that he reminded them to focus on the process and modify their process we can come back and find a right tool for that. As a reminder to everyone, separate the process from the technology.

5.1 NeoGov – Ken Stoppenbrink

K. Stoppenbrink asked if everyone has the printed presentation and documents for NeoGov.

K. Stoppenbrink indicated this was a demonstration that was provided to HR back in April, 2010 for tracking our applications online as well as providing other services, such as diversity reports. The other thing is it has features in it with respect to form letters for sending out communication to applicants that were not selected or they were selected. It really is an expeditious way to speed up both to the applicant and the District with regards to where you are in the status. It does save a lot of labor intensive work in the HR department. I wasn't able to attend the demonstration but Melissa and Erin both attended the demonstration.

M. Richerson indicated this will help HR when applicants go to our website they will be redirected to go to the NeoGov website apply for the position and from there we will get

a multitude of reports. It will give us how many people are actually applying for our positions and how many people are looking at our positions. They will be able to send post card notifications to the applicants if they are not selected for one job and then maybe a couple months later we open the same position it will automatically send a post card to those people qualifying for them. It will send out our letters for us it is a very easier way and a way to push the applicant process to electronic.

K. Stoppenbrink stated it also allows a feature so you can go into this screen and attach your resume and any other electronic forms and forward it on with the application.

M. Kozlowski questioned integration or potential integration with Datatel. Have you looked into that? Or if in the future that is something you may want.

M. Richerson stated we did look at the Datatel screens.

M. Kozlowski stated I don't mean Datatel screens. I understand that this is applicant tracking and something that Datatel doesn't do. At some point and time if we wanted to integrate with Datatel or a preferred partner.

K. Stoppenbrink stated it was his understanding that they are not a preferred partner.

M. Richerson stated that this solves our needs.

K. Stearns stated just so everyone knows you can go to Datatel's website www.datatel.com and find their list of preferred partners.

C. Goldsmith stated I think the point that M. Kozlowski and K. Stearns are trying to make is that regardless of what application it is this committee looks forward whether it's this application or a reporting solution we want to make sure we can go and look and see if there is a preferred list and look at the other vendors and see if this is something we want to do. Is this compliant with the Fed's and what they require.

M. Richerson stated yes it also makes the paper screening interviewing process all of it from start to finish much easier for HR.

C. Goldsmith asked K. Stoppenbrink is there an annual cost.

K. Stoppenbrink replied yes. The initial set up for training is \$5,000 and the annual cost is \$6,500. The funding source is in the HR budget specifically in the consulting area. There are resources already budgeted for it.

C. Goldsmith questioned in terms of the resources what is it going to take to implement it from ITS. Will the vendor come in and do everything, would there need to be interface with ITS.

M. Kozlowski stated I think there is very little. I think is all is that P. Avila would need to put some kind of link on the web page. It is a standalone system.

K. Stoppenbrink stated there is a technical overview and I don't know what this all means but the point is it had to come to this committee.

J. Stearns questioned does it automate our response to candidates who are not selected.

M. Richerson stated we can actually direct the letter what goes to those applicants saying you were not selected similar to what we have now.

J. Stearns indicated that we need to have something that puts our time frame much faster.

M. Richerson stated that is exactly what this is going to do.

K. Stoppenbrink stated we need direction in as far as who is going to put the link on the website.

D. Bolt questioned, I thought that we made recommendations on items that had to go to Executive Cabinet for approval.

K. Stoppenbrink stated this is probably part of the problem that the "red team" will be discussing because that same type of question has resurrected itself over the years and it is not clear.

C. Goldsmith stated that is a good question Dave we will put that on the "To Do List" for the "red team".

M. Kozlowski stated from her recollection generally we take things to the Executive Cabinet if we are looking for a funding source. It is a very good question that we need to get an answer to.

C. Goldsmith stated she has a question for K. Stearns is there a source document that talks about the responsibilities. K. Stearns replied yes. C. Goldsmith asked if we could get a copy of that document so we can take it to the "red team" and ask if this is still valid.

D. Bolt stated I was also bringing it up because this project is going to leap frog a lot of other projects that have been on the list for a long time that we need to work on.

P. Avila stated not necessarily.

D. Bolt stated this is the first time I have heard about this project and we have had projects on the list for years.

C. Goldsmith stated but those projects also involve a couple of things, they involve IT or they involve money that we do or do not have. For example P. Avila's project that we are going to talk about has been waiting around for two years because there has been no funding. This project is a relatively small project it is not going to involve any outside resources that we need to pull additional funds. It is well funded, there is no involvement with ITS.

P. Avila stated this project with K. Stoppenbrink has brought up a good point. I think what we need to do is make it common practice that anytime anyone looks at a project that they start with Datatel products and others. So that when they come here they have already looked at the Datatel product and can say we looked at it and it meets our needs or it doesn't meet our needs. They definitely should start with Datatel and then look at other things.

C. Goldsmith stated that is a good point for process.

R. Cardoza questioned is it ITS responsibility to look into this project before we vote to approve, this is the product we want to go with.

K. Stoppenbrink explained this particular product does not require any hands on from the IT department. It is a link on our portal that directs them into NeoGov. I think that is the extent of it.

M. Kozlowski explained the role of ITS is strictly to enforce standards. Basically when a project comes forward we are looking from a point of view, is it going to meet our standards. This particular issue doesn't sit on our systems, we don't have to put it on our servers, and it doesn't interface so we are not as concerned. The only standard that we are concerned about at this point in time is the full evaluation, does Datatel have a product which we know they don't. The predominant role of IT is enforcement of standards.

R. Cardoza stated just to make sure this project is relevant to what your Strategic Technology Plan has for future plans.

M. Kozlowski stated this is a process or a tool that the HR department needs in order to conduct business. So therefore it does not really affect IT or the IT Strategic Plan.

5.3 Reporting Solution – Pedro Avila

P. Avila stated this is a line item that has been on our project list for quite some time. We are looking at a new company that is very familiar with Datatel products. They have recently submitted a quote to us to help us with our reporting services.

P. Avila asked K. Stearns to take it from here.

K. Stearns stated we have two guys from Datatel. We use SQL to do some reporting now but we have two separate servers on two separate versions part of them using the Datatel warehouse stuff that I built and part of them using the newer Datatel stuff. What we would like to do is hire this company to merge us forward to the newest version of Microsoft and get together with the Datatel stuff so that we can first set up a structure we can use. That is our first point is to have a structure we can easily use for reporting that is combined into a single environment. They have the basic knowledge which is a big help. We are looking to bring them in and get going on that as soon as possible.

P. Avila stated that this project is being revived again and it looks like we have found someone that can help us with that piece.

C. Goldsmith questioned is this the same type of project that we looked at a year or two ago with Zogotech.

P. Avila stated the same but not identical. Zogotech had a full blown system that we would have purchased. These guys are going to be working with us in pieces. I think that this is a good option because it is a Microsoft option it plays with Datatel and it will be custom to our needs. We are looking at this project in three pieces. The first would be reporting services and the next thing would be building our data que and the third piece is the actual reports and how they are delivered.

C. Goldsmith had basic questions in resources, fiscal and in terms of staff. If we are looking at three different projects are we looking at three different costs? Is there a cost for the whole project? Do we have an idea what the cost is?

P. Avila explained right now we are looking at it as three separate projects or maybe two depending on how we group them. If you are asking me where the money is coming from I'm not sure yet but I am trying to find the money for it.

D. Bolt questioned if P. Avila has a time line on this project.

P. Avila stated no not yet. We just started the initial part of the project where they are giving us a quote.

T. Weatherman asked do you have an estimate on what you think it might cost.

P. Avila stated approximately \$10,000.

M. Kozlowski stated yes but we also need to buy SQL I think is \$5,000 to \$10,000. Their pricing structure has changed again so we will have to look into that.

P. Avila stated this is an update to the project list.

Old Business

6.1 Booklist Project – Ken Stoppenbrink

C. Goldsmith asked K. Stoppenbrink if he has an update on this project.

K. Stoppenbrink replied that this project is done.

C. Goldsmith stated to update the project list to show this project is complete.

6.2 Workflows – Carole Goldsmith and Pedro Avila

P. Avila stated we have two active workflow projects with our consultants. One of the projects is Budget Change Form workflow.

C. Goldsmith explained this is for any employee when their funding stream changes because a grant is ending or they are going to be changed to an 11 or 12 account.

C. Goldsmith explained R. Cardoza just so you know an 11 or 12 account is either a general fund account or grant funds. We have to trigger this form which is an electronic email form, which is still cumbersome. This will be an automated process and our consultants are putting the final touches on it today and we've tested and beta tested and made some additional changes today. So of all the workflow projects we have had, this is probably the most complex. This form will allow us to be able to track it and be able to see where it's at in terms of the flow. It works well with payroll. It will keep a history of it and it will be logged so when auditors come we can show this is how this has transpired. It has multiple layers of approvals and a few people have certain designees.

P. Avila stated that another workflow project is the Personnel Action Notice workflow form. We have been working on how to automate this form. It seems to be one of the forms that gets used a lot when you hire a new employee or when you change the status of a new employee. We have been spending the last couple of months reviewing the process, making changes to the process, making changes to the form and we are about 95% there. The consultant that is working with us is here today and tomorrow and his goal is to finalize these projects by tomorrow.

C. Goldsmith indicated that as we move forward we want to make sure that the definitions of the things stay the same to avoid confusion. There will be more automated populated fields that will reduce the chances of error.

R. Cardoza indicated that any of the team sites for workflows, you cannot send a workflow to a .net email address which is any student. So if you wanted to send a workflow to a student it is not a possibility.

M. Kozlowski stated we are waiting patiently to move to live@edu where the student will then have a .edu email address. We have two issues one is we need to be able to upgrade our network and our servers and the other issue, we are waiting for the piece from Microsoft so that the web part in the portal for student mail it looks and works the same as the web part for employee mail in the portal. We are hoping that all that falls into place by the end of the fall semester. Then we will start seriously looking at moving over to live@edu for student email.

Announcements

C. Goldsmith asked Lemoore members if they had any announcements.

D. Bolt replied no.

S. Whitener stated it is not an announcement I was asked to bring forward some information from TAT. We had a question about the ability to store documents and if everyone has an x-drive or not.

M. Kozlowski stated they don't right now we are working on that. If someone needs an x-drive they just need to ask. We are not automatically giving them out yet. We don't want to flood the system. We are really close. Anyone who wants or needs an x-drive just needs to ask.

S. Whitener explained the other thing that she had from TAT is as representatives of our respected areas the idea is that we are expected to go back and report out. For instance West Hills College Lemoore or Coalinga says we don't know what's going on with DTC. That tells us that the representatives are not sharing and may not be a standing item on an agenda somewhere. I am bringing forward from TAT. The Lemoore Technology Advisory Committee brings forward to TAT. It was that type of thing that came up and just wanted to make sure everyone understood their roles.

C. Goldsmith stated just for clarification we need to add to the agenda, Announcements from the Teams. We need to make sure we put that on the agendas for future meetings.

K. Stoppenbrink announced that Becky Cantu is getting married and will return on October 4, 2010.

T. Weatherman announced it is sad to say but we are losing our payroll person Diane Edwards. She has put in her notice her last day will be October 1, 2010.

Also we are going to look at W-2's and 1098's on the web. We hope to have this, this year.

K. Stoppenbrink explained that the W-2's starting in 2011 the government is going to require that all employers put on, for information only at this time, how much the employer pays for your health and welfare benefits. This will be a dollar amount that will be going on your W-2 form in 2011. This is the first step for tracking that will eventually all or part of that number will become taxable income at some point in the future.

K. Stearns stated regarding the W-2 that T. Weatherman just spoke about this should be a new project on the project list. K. Stearns stated to add Style Sheet Printing (W-2, 1098, etc) to the project list. K. Stearns announced that a big one that I am working on is the Online Degree Audit; I'm hoping to roll it out next month.

J. Cox announced that Financial Aid is doing dandy. We were ahead of the game this year on all of our athletes having been awarded. We are right on track with our disbursements and our checks.

D. Reynolds announced that Student Services is all fine.

J. Stearns announced Faculty are actually starting to look at those Notices of Assignments. We are making progress in that arena. People are looking at those and that is definitely a great thing.

P. Avila announced we are hiring a Webmaster.

R. Cardoza announced he would encourage everyone to check out the student portal team sites. There is a lot of activity going on. You might provide some suggestions or feedback to us.

S. Whitener stated she has a question for D. Bolt. She asked D. Bolt on your side of the house is DTC an agenda item in PGC. Is that all that came out of that was the question about membership? D. Bolt replied yes.

P. Avila asked D. Bolt have we answered all your questions. D. Bolt replied that is what the "red team" is going to do.

Adjournment

The meeting was adjourned at 11:19 a.m.

Importance: High

Did you know?....

While most of us might use Arial or Times New Roman for email font, the **best font choices** for **accessibility** are:

Courier New
Lucinda Sans
Lucinda Sans Unicode
Microsoft Sans Serif
MS Reference Sans Serif
Trebuchet MS
Verdana

To make one of these your default email font, do the following:

****In your Main Inbox Screen:**

Click on *Tools*; Click on *Options*: Click on *Mail Format*; Click on *Stationary and Fonts*--- then choose your font for new mail messages as well as replying or forwarding messages.

- Do not use light colored fonts or busy stationary. They are not legible for screen readers or students with difficulty distinguishing colors. High contrast is necessary.

Won't you take just a moment and change your default font to make your communication more accessible?

Susan

Fall 2010 Follow-Up Survey

Respond to this Survey Actions ▾ Settings ▾ View: **Graphical Summary**

1. Which Training did you attend (please choose below)?

2. Rate your knowledge of the content as follows:

	Low (%)	Average	High
Prior to the training you attended	9	27 41 18	5
Since receiving the training	0	2 3 4 5	18 41 32
Total: 22			

3. Was the training a valuable/appropriate use of your time?

valuable/ not valuable/

	(%)	77	14	5	0	5
Please rate						
		1	2	3	4	5

Total: 22

4. Please rate the value/appropriateness of the medium used for this time of training (use of faculty development lab/webinar/etcetera).

		valuable/			not	
	(%)	77	14	0	5	5
Please rate						
		1	2	3	4	5

Total: 22

5. Would it be worthwhile to repeat/update this presentation/session on another day?

		valuable/			not	
	(%)	59	9	9	9	14
Please rate						
		1	2	3	4	5

Total: 22

6. What other presentations or workshops would you find of value in the future.

10 (48%) 

Excel
Power Point
Access

1 (5%) 

More Microsoft Office everything. All training is good.

1 (5%) 

Intro to Word & Excel

1 (5%) 

Excel

1 (5%) 

Advanced Word, Excel, Access for Dummies, PowerPoint (then Advanced), Publisher (and then Advanced), Outlook and how to link Outlook to my personal emails

1 (5%) 

Advanced Microsoft workshops

1 (5%) 

I think ongoing refresher courses are always beneficial.

1 (5%) 

I would like to schedule this training w/5 TRIO staff :-)

1 (5%) 

peer grading/assessing

1 (5%) 

1 (5%) 

Advanced workshops in the Microsoft Office venue

1 (5%) 

Total: 21

7. Other comments (do you have anything else to add)

10 (48%) 

I learn new ways to use the calendar and the task with email. I am grateful for that. Looking forward to the other workshops.

1 (5%) 

Presenter very user-friendly and very thorough in answering questions.

1 (5%) 

Robb is awesome.

1 (5%) 

Sometimes cannot attend due to work obligations. So, keep them coming sporatically through the semester, every semester.

It's all good even if we small things is learned.

1 (5%) 

I learned a lot form this workshop..

1 (5%) 

I appreciated the webinar version as it gave me freedom to eat my lunch, participate in the presentation, ask questions when I had them, and communicate behind the scenes with questions and comments using the typing messages formate provided. Thanks! This was enriching and very useful.

1 (5%) 

For an hour class, I learned a lot. Thanks for sharing some of the fun things Word has, like the border artwork and how to import your own bullets! Very friendly staff and laid back class. I look forward to future classes!

1 (5%) 

I really enjoyed the instructors clarity and knowledge of the subject. I felt very comfortable asking questions.

1 (5%) 

thank you. Tom and Leonore did a great job!

1 (5%) 

I CANT BELIEVE I WON THE SOFTWARE!!!!!!!!!!

1 (5%) 

I appreciate these workshops as they are filling in gaps in my current knowledge of these programs which I use on a daily basis.

1 (5%)

WEST HILLS COLLEGE LEMOORE

PROGRAM REVIEW/PLANNING AND EVALUATION PROCESS UNIT PLANNING GUIDE - INSTRUCTIONAL DEPARTMENTS & AREAS TO BE COMPLETED BY UNIT/DEPARTMENT COMMITTEE

(Please submit this information using Microsoft Word. In formatting your response, please use the exact outline developed below.)

I. General Information

Unit/Department: Art Department

Date Prepared: November 2006

Prepared By: Michael McDowell

Staff: Michael McDowell

II. Program Overview

A. Provide a brief 4-year department/service area history.

The past few years have seen several distinct changes in the Art Department at West Hills College Lemoore.

One of the most significant changes has been the move last spring into an independent classroom (Art Lab: Room 831) for Studio Arts courses. This has had an obvious impact on how Studio Arts courses can be taught, and has directly affected student success and enjoyment in these classes. Previously all Drawing, Painting and 2-Dimensional Design classes were held in standard classrooms with desks. The layout of the classrooms was barely acceptable for studio courses, and students constantly complained of feeling cramped. The Art Lab, on the other hand, has been designed & furnished with Studio Arts courses in mind. It is equipped with moveable tables and stools that allow the classroom furniture to be arranged in different configurations and in different locations to accommodate the variety of activities related to such courses. The Art Lab is also equipped with easels that allow students to work in an upright position, which is much more suited to 2-Dimensional Art work than working on desks as was necessary in the past.

Another significant change in the Department has been the separation of "clustered" Studio Arts classes. Previously Drawing, Painting and 2-Dimensional Design classes were offered simultaneously in the same classroom. This was a necessity in the past due to low enrollment in Art courses. The previous experience of having numerous courses offered simultaneously was that students did not always have access to the instructor's attention, as he/she would have been likely to be working with students from one of the other classes. Increased enrollment over the past several years has afforded the department the opportunity to reduce the number of courses that are clustered. Classes have begun to be offered as a single section whenever possible. The result is a more satisfying and successful educational experience for students and is likely to lead to students having a greater desire to continue taking classes in the Department.

Long-term Art Instructor Ron Mitchell retired in 2005.

B. Describe how the department/service area is aligned to the advancement of the college mission, goals and objectives.

It is easy to argue that Art enriches lives. Virtually any person that has taken an Art course, whether it was Art History, Art Appreciation, or a Studio Arts course, has experienced this. One's perceptions are changed in a myriad of ways, including an enhanced ability to observe and appreciate the every-day details of life, as well as to see how issues and concepts from various other areas of study are put into practical application. Students from diverse backgrounds work in an environment that affords a common, visual language and find commonality in this experience. Art courses encourage innovative and critical thinking and provide students with a clear understanding that success is directly related to the efforts of the individual.

C. List any recommendations from the most recent college/department/service area accreditation and/or previous review.

The Art Department is currently in distinct arrears with regard to the development and implementation of Student Learning Outcomes. This appears to be one of the main concerns expressed by the Accreditation Committee for the entire College during our recent review. The process of addressing this has begun with a dialog between Art Faculty on the Lemoore and Coalinga campuses aimed at creating coherence within the District. The development of specific Student Learning Outcomes for all Department courses is in process, and it is expected that the next year or so will see obvious progress made in this regard.

III. Qualitative and Quantitative Data Review

A. Attach the following Non-Instructional Program Review data (as provided):

Please See Attached

- Enrollment Trends
- Student Retention Rates/Student Success Rates
- WSCH/FTEF
- Full-time to Part-time Faculty Ratio
- Number of Students Earning Degrees (if applicable)
- Number of Students Earning Certificates (if applicable)
- Job Market Analysis (if applicable)
- Student Demographics
- Grade Distribution
- Student Survey Data (if applicable)

B. Using the data provided, describe the current state of the program.

Enrollment numbers in the Art Department over the last several years have risen steadily. Enrollment for the department in 2002-3 was 379 students. When this number is compared to an enrollment of 565 from 2005-6 one realizes there has been an increase of over 30% in this 4 year period. This is a fairly significant number and is slightly higher

than general enrollment increases District-wide and on the Lemoore Campus. This trend indicates that Art Department classes have gradually become of greater interest to students and suggests that WHCL would benefit by continued growth in this Department in terms of the number of courses offered and their variety.

Student enrollment by ethnicity has maintained a fairly steady pace with the exception of two numbers that have changed somewhat. Hispanic student numbers have risen significantly (approximately 10%) over the past 4 years; this coincides with a fairly steady enrollment district-wide and a slight increase at WHCL (3%). Caucasian student numbers have dropped a bit (14%) over this period; this coincides with a fairly steady enrollment district-wide and a similar percentage drop at WHCL (8%). The fact that this change in Department numbers coincides fairly closely to Campus numbers is somewhat inconclusive but is a trend that should be monitored. Meanwhile, Department faculty-members have been provided with a Spanish glossary (provided by the District) to possibly assist with language clarification and communication.

Enrollment numbers in terms of Gender show very slight variation over the past 4 years. Male student enrollment has increased by approximately 4% over this time period and coincides with a similar decrease in female student enrollment (6%). These numbers also vary slightly as compared with District and Campus numbers. The Art Department at the Lemoore campus may be of increasing interest to male students, whereas these numbers have changed little for the District and WHCL Campus. These numbers do not seem significant enough to make specific conclusions about but will be monitored over the next period of time.

The numbers for Age Categories emulate District and Campus trends with a significant increase in the Nineteen years-old and under age group; numbers of students in categories over 25 years old have decreased District and Campus-wide. One point worth noting is that older students choose Art Department courses less frequently. This may raise the question: is this related to pragmatism in older/returning students? One concludes that returning students are possibly less inclined to enroll in Art courses due to more clearly defined educational and career goals.

Department percentages of A grades are about 9% higher than the District and WHCL campus, B & C grades are about even with District and Campus numbers; D grades are about 1% lower for the campus and 2% lower than the district; F grades are noticeably lower than the District and Campus numbers at about 6% less. This may be attributable to a tendency for students to maintain focus on the material in both Lecture and Studio Arts courses. Informal questionnaires of students indicate that there is often a "balance" sought in choosing to enroll in Art courses, and this is supported by studies indicating that Visual Arts do indeed afford the individual an opportunity to exercise and utilize different thought processes. The opportunity to develop a variety of intellectual aspects seems to be of significance in student success.

Students do well in the Art department in the area of Retention. Student success in this area for the 4 past years runs about 10-15% above the District and Lemoore campus numbers for this same period. The implication is that students stay enrolled and interested in art courses. This reflects the concept mentioned above that students seem to stay interested when offered a variety of intellectual developments.

The Art Department is currently not able to offer an official AA (Associate Degree in Fine & Applied Arts) due to restricted course offerings. There is currently not a

facility, nor is there the equipment necessary to offer a Ceramics class on campus. This restricts the capability for expansion within the Department, particularly regarding students that wish to transfer as Art Majors and those interested in achieving an Associate's Degree in Fine or Applied Arts.

Department load ratios (WSCH/FTEF) for the past several years have been almost identical with those seen campus-wide. These numbers have come down from a ratio of 580 to the most recent ratio of 369, which compares with WHCL ratios of from 502 to 391.

C. Attach the following data maintained by your program or at the division level:

Budget information regarding costs per program on personnel, equipment, supplies, delivery of services (where applicable), and any other direct or indirect costs connected with the program as reflected by student enrollment.

Available info is not decipherable at the time of preparation of this document.

D. Identify all personnel, including the number of certificated, classified professionals and volunteers. Discuss the diversity of faculty and staff.

The Department currently employs one full-time faculty member, Michael McDowell (MFA) and 3 adjunct faculty members, including Ismail Umer (MA), Brian Jetton (MA), and Poppy Scarbrough (MFA). There are a couple of other adjunct faculty-persons that occasionally teach for the Department, also. Diversity in the department has been improved over the past several years. The Department has recently hired several adjunct instructors that have afforded the Department a greater racial and gender balance than in previous years. Continuing to strive for a broad range of personnel will afford the Department greater diversity in terms of course offerings and stimulate acceptance and comfort for an ever-diversifying student body.

E. Address any significant trends in the above statistics, which relate to a specific course/program/service.

It is likely that enrollment in Department courses would be further enhanced by the ability for students to achieve a degree in the field. There is an indication over the past several years that students are interested in taking more Art courses. This leads to the conclusion that the Department should strive to increase the number and variety of courses offered. Students seem to be typically taking current Art offerings to obtain transferable credits for State requirements and to satisfy elective choices.

F. Identify and discuss the effect that trends may have on the program's organization, structure, and nature over the next two to four years.

It is fair to conclude that the Department is showing strong numbers in terms of Student Success, Retention & Grades. The numbers related to Enrollment in Department courses is significant. The implication is that expansion of the number of sections offered, as well as the variety of courses offered, would be quite feasible. Curricula for several Computer Arts classes are currently being generated, and a facilities proposal will be suggested to address a need for spatial requirements to allow that Ceramics classes be offered.

G. What resources are required to maintain program, and what additional resources are necessary to improve or expand it?

1. There are a couple of design/equipment difficulties with the new Art Lab, Room 831, that need to be rectified in order for the facility to be fully effective.
 - i. The Data Projector is currently not capable of properly projecting onto the screen provided. The image projected significantly overextends the screen and cannot be properly viewed. A specific lens is available to solve this problem and needs to be purchased and installed.
 - ii. The instructor's desk is at the back of the classroom, away from the projection screen. When a laptop is set up on this desk to be used in data projection for lecture/demonstration it is necessary to walk 30 feet to advance the projected image. This is extremely inefficient. This could be solved with a remote control device that would allow the computer's data to be advanced from image to image.
 - iii. Several instructors have complained that the acoustics in the Art Lab make it difficult to be heard when addressing the class. This is not only true for the instructor, but also true on occasions that students are speaking to the class, such as during group critiques. This implies that one, or more, portable microphones are necessary to solve this problem. It would be useful to have at least one clip-on and at least one baton-style microphone.
 - iv. There is no whiteboard available to do written or drawn demonstrations on a large scale in the Art Lab. This is a necessary tool for efficient instruction.
2. The Department is currently in the process of generating Curriculum materials for several Computer Arts courses to be offered in the near future. These courses include Photoshop, Digital Illustration, Digital Modeling for Graphic Design, Animation and Web Design. This is being done on speculation toward bringing the Department up to date with other colleges in the area. There is currently not the software necessary to offer these courses, so this urgently needs to be purchased.
3. The Department is currently not able to offer an AA degree in Fine & Applied Arts. This issue could be rectified by the addition of a single Ceramics course, for which Curriculum already exists. There is simply not the facility, equipment nor materials necessary to offer this class at this time on the Lemoore campus. Specifically needed to rectify this are an additional classroom of similar size to Room 831, two electric kilns for bisque-firing, a gas kiln for glaze-firing, studio furniture (tables, stools, shelves, etc...), 6 or more ceramic "kick wheels," & 2 electric "wheels," at the very least.
4. There is currently not anyplace on campus for students to exhibit their Artworks. It would be useful to find a solution for this, because it would

allow students enrolled in studio courses to “complete the cycle” with regards to creating works of Art. Not only could students complete assignments, but they could also have their work viewed by other persons on campus. Exhibiting Art works is a gratifying experience for all students, but is especially important for students pursuing an Arts Degree. It provides the opportunity to begin developing their Exhibitions Resume. Ultimately it would be important to have a specifically-designated facility that would serve as an Art Gallery. Meanwhile, it would be acceptable to have a place, or several, on campus that could serve this purpose. Providing this would allow a “visual dialog” to occur throughout the College and enrich the cultural atmosphere on campus.

5. The Department currently employs one full-time faculty-person and at least 4 adjunct faculty-persons. This is beginning to prove inadequate for staffing the recently expanded number of sections being offered by the Department, and this will prove to be of particular concern as recommended and continued expansion of course offerings occurs. This semester there are 10 course sections offered by the Department. Six of these sections are currently taught by adjunct faculty. This is a somewhat disproportionate ratio which will become even more so in the near future. The number of sections is certain to increase as course offerings are expanded over the next few years, and particularly when Computer and Ceramics courses are added to the Program. The implication is that there will be a need for 1 or 2 more full-time faculty-persons over the next several years.

H. Discuss staff training, academic and professional currency.

All current instructors in the Department are certified with Master’s Degrees or equivalency.

I. Excluding curriculum validation, discuss community involvement in the program.

The broad range of students enrolled in classes in this Department is one indicator of the community’s involvement in this program. The Arts provide common ground and a common language in a diverse society.

Full-time faculty-member Michael McDowell recently served as judge for the county-wide Expectations Exhibition, an annual competition featuring over 400 artworks by local high school students.

The Department was recently contacted by a new business in downtown Lemoore asking that we provide student work to be exhibited for the opening day celebration of this business. Approximately 10 West Hills College Lemoore students were able to exhibit art work at this event. This sort of dialog between local businesses and the Department provides an example of the potential to enhance and interact with the community. Further, the Department has cultivated relationships with 2 Cafes, one in Lemoore and one in Hanford that present opportunities for our students to exhibit their works.

IV. Professional Development

A. Describe how faculty teaching excellence is being maintained.

All faculty members in the Department are encouraged to utilize new technologies in the classroom. Several adjunct instructors have taken advantage of this by borrowing laptop computers from the College.

In process is the digitalization of over 1000 color slides of art works. These will be placed into a repository for all faculty members to access in creating lectures and demonstrations. Also, we have begun to build a collection of Art videos in conjunction with the Library. These resources allow instructors to maintain a high degree of excellence in classroom presentations.

Several faculty members are active as professional artists and exhibit their works regularly. This is particularly useful in affording faculty to speak with authority, both in terms of the process of creating works of art and in regard to the business end of the process.

There are faculty members that are supporting members of local museums, including the Fresno Art Museum in Fresno and the Japanese Art Center in Hanford. One of our faculty-persons is also a member of the Fig Tree Gallery in Fresno.

B. What professional development activities have faculty participated in? Describe the department/service area's plans for staff development over the next four years.

Several Department members are exhibiting artists. This is direct involvement and development in the activities that pertain to course material within the department.

Other forms of development will be explored by the Department in upcoming time periods.

C. How does this professional development affect Student Learning Outcomes for your Program?

Professional activities, such as the creation and exhibition of Art, provide an instructor with specific and distinct experience with many of the topics dealt with in course material. The ability for the instructor to address this variety of issues with a voice of experience has a direct impact on Student Learning. Topics and issues are not presented hypothetically, but from practical application.

D. Discuss the effectiveness of continuing education requirements to meet the need for advanced training and/or training in emerging technologies.

Most faculty-persons are utilizing up-to-date computer technologies in the classroom to enhance presentation of course material.

We recently added Art Appreciation to courses offered online.

V. Student Learning Outcomes

A. Review the grade reports from the last three years.

Department grade averages for the past 3 years are as follows:

A=49%, B=23%, C=10%, D=2.3%, F=2.7%.

- B. Comment on how the success rate compares to the success rate of the same program at other colleges in the region.

Student success rate for the Department has been slightly higher at WHCL than at two local community colleges (Reedley College and Fresno City College) from which these figures are available. Retention rates compare almost equally.

Please See Attached.

- C. Explain how Student Learning Outcomes are used to measure quality and success of this department/service area.

This is an area that the Department has recently begun to address. Student Learning Outcomes are currently being generated for all Department courses.

- D. State any other measures used to determine the success of this program (e.g. enrollment, demographics trends or transfer rates).

Preparing this Program Review is the first opportunity for the preparer of this document to consider these issues. Preparing the Review has provided great insight into trends within the Department and would certainly be a device used in the future. From statistical information provided with this document it is clear that the Department is achieving a very respectable success.

In speaking with students that have taken Art classes at West Hills College it is clear that the statistical trends are reflected in student enthusiasm. It is common to hear students say that they never knew they could draw before taking a Drawing class and being very pleased with their success at the end of the class. Or, students that have taken an Art Appreciation course will make comments about how impressed they are with all that goes into the creation of works of Art. Students taking Art History often say how interesting it is that the Art works created during certain periods in history are so obviously affected by the cultural context of the period. These sorts of responses are an excellent and direct measure of the success of this program.

Non-vocational programs complete Sections VI & VII

VI. Curriculum

- A. Review course outlines and prerequisites. Describe the curriculum changes anticipated in the next three years. (These changes would include major course revisions, course deletions, new courses, revised or new options within a program, or proposed new programs).

Curricula are being generated for several computer-generated Arts courses, including Photoshop, Illustrator and others.

The Department is currently working on streamlining Art 2A & Art 2B. It is believed that course materials for these two courses can be covered in a single, 3-Unit course.

The Department is currently proposing that several 2-Unit classes be inactivated. These are classes that run concurrently with 3-Unit classes and are

not in high demand, i.e. this semester there is only 1 student enrolled in one of two sections. Available seats would be added to 3-Unit courses providing higher FTES.

The curriculum for Art 15A/Painting is currently being revised to articulate transferability to Fresno State University.

Five-year reviews will be done on all Program courses over the next year or so. During this process the issue of Student Learning Outcomes will also be addressed.

- B. If applicable, comment on articulation agreements with high schools or 4-year institutions.

The curriculum for Art 15A/Painting is currently being revised to allow the class to be transferable to Fresno State University. Other courses that are currently transferable include Art 2A&2B, Art 4, Art 5A, Art 16A, Art16B, and Art 42.

VII. Summary and Recommendations

- A. Based on analysis of the information provided in I through VI, describe the program's strengths, areas that need improvement, and strategies and actions to make those improvements.

- B. Program strengths

The Art Program on the Lemoore campus is flourishing and expanding. Documentation of several trends substantiates this. Specifically, the program is showing strong tendencies with regard to increased Enrollment, Student Retention and Student Success. Faculty diversity in recent years has also strengthened the Art Department.

- C. Areas that need improvement

The Program is currently experiencing a period of expansion and growth. This draws into focus the need to develop broader and more-varied curricula. As compared to other local community colleges the program is significantly restricted in terms of the variety of courses offered. Some distinct expansion needs to occur in the areas of Computer Arts courses and Ceramics &/or 3-Dimensional Arts. Without a Ceramics course students cannot currently complete an AA degree in Fine Arts at WHC Lemoore.

There are a couple of facilities issues that need to be addressed regarding the current Art Lab (see III G above), and there is a need for some solution related to expanded facilities as the number and variety of course offerings grows. The single room that is currently used for studio Arts courses will prove to be inadequate in the near future. This could potentially restrict desired expansion.

The program is sorely lacking in the development and implementation of Student Learning Outcomes. This is an area that will receive strong focus in the upcoming months.

- D. Strategies and actions for program enhancement and improvement.

Strategies for improvements and enhancements will be delineated in the attached Assessment Planning Logic Model. Specifically, there will be requests for funding to afford currently necessary improvements of equipment, and a specific effort will be

made toward the generation of Student Learning Outcomes and New Course Proposals.

H. Attach your Assessment Planning Logic Model, which describes at least three short-term and three long-term goals. You should have no more than five short term goals, of which at least three are student learning outcome goals. (The logic model may be used to answer this question.)

Please See Assessment Planning Logic Model

District Technology Council
February 25, 2010
Coalinga Sam B /Lemoore Rm 124 via Video Conference
10:00 a.m.

Minutes

Members Present: Pedro Avila, Dave Bolt, Carole Goldsmith, Susan Whitener, Keith Stearns, Jana Cox, Michelle Kozlowski, Jill Stearns, Sylvia Dorsey-Robinson, Stephanie Droker, Elaine Howard

Members Absent: Richard Post, Ken Stoppenbrink, Tammy Weatherman

Guest: Lenny Robinson Project Manager, eTranscript

1. Call to order: 10:15 a.m. by Carole Goldsmith

Lenny Robinson gave a presentation to the group via CCC Confer on CCC Apply Electronic Transcripts. Lenny explained that eTranscript California is the statewide internet-based system for requesting, transmitting, tracking, downloading and viewing academic transcripts among authorized educational institutions and their trading partners. The power point presentation is posted on the Portal.

The meeting reconvened at 11:09 a.m. via video conference after the presentation.

2. Approval of Minutes:

Susan Whitener moved to approve minutes of November 19, 2009. Motion seconded by Jill Stearns

Action on Motion: Passed unanimously

3. Discussion regarding e-Presentation

Carole asked the group for comments or thoughts on e-Transcript.

Susan commented that it sounds good. Keith stated that most of our institutions are not using it. At this time none of the community colleges receive transcripts into Datatel. Jill shared that the state needs to release a concept. Keith stated that he thinks that we would be able to push it through to Fresno State. Pedro expressed that it would be a huge savings in Maria's time. Carole asked Keith who we would talk to in regard to the process and how it's working. Keith responded that we need to talk with other Datatel schools.

Carole announced that the new project leader for this project is now Keith Stearns, registrar.

4.1. Follett Booklook

Carole asked Jill and Dave to give an update on Follett booklook system.

Jill expressed that if the responsibility falls on Follett to keep the spread sheet current every time a book price changes and doesn't fall back on us to keep it current, it would be a good thing. Jill also stated that if the solution clearly puts it in their ball park once that connection is made and Follett has that responsibility spelled out that it is theirs; I think it is the way to go.

Dave stated that he and Jill have talked with Ken and Ken supported the position. Dave expressed the need to let Greg at Follett know the deadline date of when we were going to be on board with the Follett plan. Carole asked Jill and Dave if they would remind Ken to get the deadline date information to Greg at Follett.

Susan asked Keith what his thoughts were on the Datatel Solution, has anything come out? Keith responded, Datatel has released their solution and the issue with Datatel Solution is that someone has to go in and update the information which means typing in ISBN numbers. It is difficult to do.

Susan stated her concern was that Follett their book prices may change but I think what is really going to change is the cost that the service has and I think we are just going to have to pay it.

Carole stated that right now I don't think they have talked about charging a fee have they?

Susan responded that once it is implemented and we have done our code and we have done everything to integrate it. Carole stated then it is going to cost one way or the other.

Keith explained that he has gone to a couple of places actually Lee University that has implemented the booklook solution into Datatel and they basically have had to add another column that has a link to booklook. The other issue is that Datatel has come out with a Portal class search which we are looking into so we will have to find a place there to put it into also. This is a whole different ball of wax. Keith gave the website if you want to find it; it is web.leeuniversity.edu and search for classes.

Dave asked Keith if that is the link to another page with all the book prices on it. Keith responded, the way booklook works from what I can tell is that you provide a link to their booklook software and you tell it what section it is and it pops up with the book information and the cost for that particular section.

Dave stated that it is convenient for the student but if the link went to a general page that required the student to navigate around a little bit to find it that would satisfy the requirements as well.

Dave expressed that the method that Keith just identified still requires tremendous amount of linking the link to the specific page.

Keith explained that the way their booklook solution works is that you pass it section information it shows you book information for that section. That is the advantage of their solution.

Jill stated, I think this solution helps us in terms of the number of students we have that take courses across campuses and particular online because once they click a specific section it gets them the correct textbook for that section.

6. Announcements

Carole announced that the next DTC meeting will be held on April 15, 2010 and at that meeting we will go over team updates and also Carole would like to go over how we assign our priority on projects.

7. Adjourn

Meeting was adjourned at 11:29 a.m.

Administrative Procedure 6225 Resource Allocation

*Reference: Education Code Section 84362;
CCR, Title V Section 51025*

Philosophy

All the communities within the district have made significant contributions to the welfare of our colleges and centers. In recognition of the contributions and confidence in the actions of the West Hills Community College District, the Board of Trustees has determined that it will maintain a district office, viable and comprehensive colleges in the cities of Coalinga and Lemoore with current educational centers in Firebaugh and the Lemoore Naval Air Station. The Board believes that because of our geographic location and distribution of our cities, the ability to maintain access to higher education opportunities is essential for our communities and citizens to grow and prosper. In keeping with this overall philosophy, the Board has implemented the following principles to maintain access to higher education:

- The district shall maintain standards of design, construction and reconstruction of new facilities which will be followed and applied at all locations.
- The district shall maintain standards in the use and application of technology at all locations.
- The district shall develop long term plans in education, construction and fiscal resources.
- The district shall develop energy efficiency and conservation goals

The purpose of the resource allocation procedure is to provide an understandable, clear methodology to the practice of allocating resources to the cost centers of the district and to realize the Board's objective in extending the educational opportunity to all citizens of the district. This procedure, along with the budget definitions (see Appendix A), provides the necessary information for the development of comprehensive budgets for the district and individual college operations.

If at any time there are circumstances beyond the control of the district, such as a major earthquake, the fiscal condition of the state, or other events that disrupt or minimize the operations of the district, these circumstances may dictate a different course of action than those outlined in this procedure.

Allocation Fundamentals (Distribution of Fiscal and Human Resources)

1. The district receives a base allocation from the State Chancellor's Office:
 - a. Based on prior year FTES (Full Time Equivalent Students)
 - b. Based on the state's ability to fund growth and COLA (Cost of Living Adjustment)
2. Each college receives a base allocation:
 - a. Based on prior year expenditures
 - b. Based on the college's ability to achieve their FTES goal
 - c. Based on the state's ability to fund growth and COLA

Administrative Procedure 6225
Resource Allocation

3. The percentage of growth achieved by each college at the end of a fiscal year will be a determining factor in the amount of resources realized by each college. Student retention and success may also be a factor in the amount of resources realized by each college.
4. Resources will be allocated to maintain the viability and comprehensiveness of both colleges and their educational centers.
5. Resources will be allocated to colleges for the purpose of prioritizing and planning the human resources, support programs and academic programs desired by the colleges which are determined by the internal planning processes at the college level.
6. The District Office receives a base allocation based on:
 - a. Prior year expenditures
 - b. Budget development
 - c. Ability to fund growth and COLA

Cost Centers

The cost centers of the district will be the colleges and the District Office.

Approval Process

1. Prior to the planning and budget cycle for each college, the district Business Office will provide each College President with the prior "base year allocation and expenditures" and the projected "base year allocations". The budget assumption used for the "projected year" shall be the same as the State Chancellor's Office. The budgets for the cost centers will be allocated using a "base year" allocation. The "base year" allocation is based upon the prior year's actual expenditures.
2. Upon approval of the tentative district budget for the upcoming fiscal year, an appendix to the budget will be provided to illustrate the estimated actual budgets of the cost centers.
3. Distribution/Reduction of Income
 - a. Prior to any distribution, the reserve must be taken into account which requires the district to set aside a minimum of 5% of revenues in order to comply with the California Community Colleges System Office Memorandum of October 25, 2005;
 - b. Mandated expenses and increases in the mandated expenses to the district and colleges such as utilities, bad debt, step increases, insurance or other costs will be funded;
 - c. After items a and b are accounted for, the remaining growth dollars will be allocated to each college based upon the percentage of growth dollars each college provided to the overall district funded growth. (Example: If the growth is 8% total for the District and 2% is from Coalinga and 6% is from Lemoore, then 25% of the new money will be allocated to Coalinga and 75% will be allocated to Lemoore.) In accordance with Education Code Section 84362, 50% of growth dollars expended at each college shall be expended for instructional purposes.

Administrative Procedure 6225
Resource Allocation

- d. In the event the state provides a deficit factor to either COLA, growth or FTES which requires a reduction in the allocation to the colleges, the allocations to the colleges and District Office will be adjusted accordingly. This would also be applicable to any mid-year cuts.
- e. In the event the state increases overall funding for the district, the allocations to the colleges and the district office will be adjusted accordingly.
- f. As a part of the distribution of resources, there must be consideration given to the resources required to support the district office functions. These considerations would include, but not be limited to, resources received for scheduled maintenance, equipment or other restricted funds that serve to increase services throughout the district. The district office reserves the right to allocate resources from restricted areas to maximize their effect on the ability to serve students. These expenditures will be tied to a district scheduled maintenance plan, as well as any facilities plans in order to obtain maximization of the limited resources.
- g. Decisions on how these resources are allocated will be finalized by the Chancellor's Executive Cabinet.

4. Distribution of Staff

- a. In the matter of full time faculty, Title V Section 51025 provides the faculty obligation target number for the district to maintain.
- b. Ideally, this process will conclude prior to the start of the spring semester to allow for immediate advertising in January to begin the process of employing faculty.
- c. The Chancellor will require that the College Presidents meet and confer on their respective lists to determine similar positions or shared positions being sought by both colleges.
- d. The reconciled list will then be forwarded to the Human Resources department for immediate distribution.
- e. This process shall also be used in the recommendation of new and replacement classified, management and administrative staff.
- f. The College President is responsible for disseminating the decisions made on distribution of staff to their respective colleges using regular and appropriate means of communicating the process and results of the decisions made.
- g. In the event the district is in a position to freeze hiring or eliminate positions, a list will be maintained that provides a starting point for hiring once the freeze is lifted. An historical list of vacant positions will be created and reviewed on a yearly basis and used in the process.

Review of Procedure

This procedure will be reviewed annually.

Board approval date: 11/15/05
Revised: 5/15/07; 1/19/10

Other Operating Expenses Categories Definitions

Definitions: Other operating expenses, budget object code number 5000, are identified by the Budget and Accounting Manual published by the Chancellors Office. The various categories are as follows:

1. **Audit:** These expenses involve the cost associated with the districts audit as identified in Education Code Section 84040(b).
2. **Contract Services:** These payments are for those firms that provide internet access, access, on-line services, and software licensing. The object code also includes services for an entity such as joint powers agency to administer a self-insurance fund.
3. **Depreciation:** These expenses are taken from that asset that is income producing.
4. **Dues and Membership:** Expenses related to associations, membership fees, for the governing board and the employees who are required to join these associations due to their positions within the district.
5. **Election:** expenditures for election services provided by the county (Elections Code Section 10002).
6. **Insurance:** Expenditures for all forms of fire, casualty or liability insurance for the district. This would include any costs for appraisals, bonds safeguarding the district against losses resulting from actions of its employees, and insurance for students participating in intercollegiate athletics. (Excluded in this category are those insurance premiums related to employee benefits).
7. **Interest:** Interest expenses related to the cost of borrowing to finance the operations of the district.
8. **Legal:** Expenditures as assessments for other than capital improvements, bond issues or other advertisements required by law, judgments, and lawyers' fees.
9. **Personal and Consultant Services:** Contracts for personal or consultant services provided by an individual or firm. This would include costs associated with surveys and appraisals.
10. **Postage:** Costs for sorting, handling, shipping and postage of mail and documents.
11. **Rents and Leases:** Payments for the rent or lease of land, athletic fields, equipment, and buildings; payments to independent vendors for transportation. (Lease purchases are excluded and are expensed in object code 6000, Capital Outlay).

12. Repairs and Maintenance: Expenditures for payments to independent vendor for repairs and maintenance to buildings or equipment, including maintenance agreements on equipment.
13. Self-Insurance Claims: Expenditures for payments and/or accrued costs for claims to a self-insured fund. Payments to an insurance joint powers agency are treated as insurance expense in the General fund or applicable special fund, such as a bookstore fund.
14. Travel and Conference: Expenditures for per diem and actual, necessary expenditures incurred by employees, board members, and other district representatives for authorized meetings, transportation, mileage allowance, meals and lodging.
15. Utilities and Housekeeping: Expenditures for water, fuel, light, power, telephone, waste disposal, laundry, dry cleaning and other similar expenses, including contracts for these services.
16. Other: expenditures for bad debt expense, loan costs, physical examinations, fingerprinting, damage to personal property, cash variances, advertisements not required by law and all other operating costs not identifiable within any other object 5000 category. This would be the area where our advertising for marketing our educational programs would be charged.

Other Outgo Definitions

Definitions: Other outgo, budget object code number 7000, is identified by the Budget and Accounting Manual published by the Chancellors Office. The various categories are as follows:

1. **7100: Debt Retirement (Long-Term Debt)**
These expenditures include costs for long-term bonds or other indebtedness for the purpose of purchasing land, constructing or purchasing buildings, equipping buildings pursuant to Ed Code 15100 or 81901.
2. **7200: Intrafund Transfers-Out**
These are transfers within a fund of the district such as transfers from the general fund unrestricted to a general fund restricted.
3. **7300: Interfund Transfers-Out**
These are transfers that are taken from one fund and added to another fund without an expectation of repayment. An example would be where there is a required match for scheduled maintenance that is transferred from the general fund to the capital outlay projects fund.
4. **7400: Other Transfers**
These are for extraordinary situations such as transfers from reorganized or lapsed district to another district, loss on investments or joint ventures, such as material, prior-year assessments to self-insurance programs, JPA's or consortiums.
5. **7500: Student Financial Aid**
Expenditures for student aid in the form of grants, fellowships, scholarships, tuition reduction, etc. Payments to students for services rendered, such as work study that are chargeable to the activity benefited by the student's work.
6. **7600: Other Student Aid**
This category is for amounts paid to/for students for non-cash assistance, such as bus tickets, auto repairs related to commuting to college classes, child care vouchers, and bookstore vouchers. These would be for participants in EOPS, DSPS or other categorical programs.
7. **7900: Reserve for Contingencies**
No expenditures are allowed in this category and are for appropriation only. This would include amounts equal to the portion of the current fiscal year's appropriation that are not designated for any specific purpose, but are held in reserve to fund other appropriation items necessary during the fiscal year.

**CALENDAR FOR BUDGET DEVELOPMENT FOR THE
WEST HILLS COMMUNITY COLLEGE DISTRICT**

DATE	ITEM	RESPONSIBILITY
Mid January – April 10	Distribute Budget Worksheet forms to College President.	Vice Chancellor
	College Presidents shall initiate college budget development process.	College Presidents
	Vice Chancellor shall distribute forms to district office Department managers.	Vice Chancellor
	Open hearings and meetings will be held at each College and District Office.	College Presidents Chancellor
	Submit college's proposed budget worksheets and priority lists to the Vice Chancellor	College Presidents
	Submit district office's proposed budget worksheets and priority lists to Vice Chancellor	Chancellor
Second week of April	Executive Cabinet to review budget submittals.	Executive Cabinet
April 15 th	Vice Chancellor will notify Superintendent of Schools of newspaper publication, date, location and time of public display of proposed budget document.	Vice Chancellor
May Board Meeting	Vice Chancellor presents latest tentative budget information to Board of Trustees.	Vice Chancellor
Ten days prior to June Board Meeting	Copies of the proposed Tentative budget shall be placed in the District Office, College Libraries, Centers, and the President's offices for public view.	Vice Chancellor
June Board Meeting	At the June Board of Trustees meeting, the Board will hold a public hearing and will review and approve the proposed Tentative budget.	Board of Trustees
Before June 30 th	Vice Chancellor will forward copy of approved Tentative budget to the Superintendent of Schools, Fresno County and the Chancellor, California Community Colleges.	Vice Chancellor
Before July 25 th	All recommendations from Colleges and District to amend Tentative budget to be submitted to Vice Chancellor.	College Presidents Chancellor
Ten days before August Board Meeting	Copies of the proposed Tentative budget shall be placed in the District Office, College Libraries, Centers, and the President's offices for public view.	Vice Chancellor
August Board Meeting	At the August Board meeting, the Board will hold a public hearing and will review and approve the proposed Adopted budget.	Board of Trustees
Immediately after August Board Meeting	Vice Chancellor will forward copy of approved Adopted budget to the Superintendent of Schools, Fresno County and the Chancellor, California Community Colleges.	Vice Chancellor

Institutional Effectiveness and Program Review Committee

West Hills College Lemoore

February 23, 2010

1pm-2pm

Rm 124

Michelle, Jose, Tiffany, Cindy, Dave, Kyle

1. Changes to the Agenda
2. Completed Program Review Update
 - *Business—At PGC, Had First Reading*
 - *Child Development—Approved by PGC*
 - *NASL—At PGC, Had First Reading*
 - *Upward Bound/Classic—Tiffany*
 - *Cal Works—Kyle*
 - *Office Technology--Dave*
 - *Student Activities—Frieda*
 - *Snack Bar—Dave*
 - *Upward Bound/Math-Science—Michelle*
3. Program Review Tracking Sheet

Dave has created a new program review tracking sheet as the request of the college president. Members of the IEPRC were asked to review and give feedback. Hard copies of all program reviews has been consolidated into a single drawer of a filing cabinet near the president's office. Dave will also post completed program reviews on the portal.
4. Review of Program Review Booklets (Instructional and Non-Instructional)

Following up on what had been discussed previously, the program review booklets need to be revised with the intentions of reducing redundancy, making them easier to complete, and to give the instructional booklet a different look than the non-instructional. Jose and Michelle are going to work on the non-instructional booklet, Frieda and Kyle will work on the instructional booklet.
5. Accreditation Update

Dave mentioned that a substantive change proposal will be submitted to allow 50% of some of our degrees to be taught in an online format.
6. Other?
7. Next Meeting—March 16 @ 1pm?

**West Hills College Lemoore
Planning and Governance Council
Wednesday – November 17, 2010 2:00 p.m.
Conference Center, Rm. 256**

AGENDA

Call to Order

Roll Call

Approval of minutes

- November 3, 2010

Action Items

- BP 4030, Academic Freedom
- AP 4045, College Library Fines (REVISED)

Dept. of Labor present for Meeting

**West Hills College Lemoore
Planning and Governance Council
Wednesday – November 3, 2010 2:00 p.m.
Conference Center, Rm. 256**

MINUTES

Voting Members Present:

Don Warkentin, President (votes in case of a tie)
Jose Lopez, Dean of Students
Ryan Cardoza, Student Government Association Representative
Angelica Wilson for Brittany Burkhart, Student Government Association Representative
Kurt Sterling, Academic Senate President
Marty Ennes, WHC Faculty Association Representative
Keith Brock, CSEA/Classified Representative
Lenore Simonson, CSEA/Classified Representative

Voting Members Absent:

Marlon Hall, Associate Dean of Educational Services, Evening College
Brittany Burkhart, Student Government Association Representative

Non voting Members Present:

Dave Bolt, Vice President of Educational Services
Sylvia Dorsey-Robinson, Vice President of Student Services
John Ieronimo for John Bernal, Director of Facilities, Safety & Auxiliary Services
David Babb, Student Learning Outcomes Chair
Linda Amaya-Guenon, WHC Faculty Association Representative
Ron Oxford, Librarian
Eva Jimenez, Advisor/Counselor

Non voting Members Present

Rene Sanchez, Curriculum Committee Chair
John Bernal, Director of Facilities, Safety & Auxiliary Services

Call to Order

Mr. Warkentin called the meeting to order at 2:05 p.m.

Roll Call

A silent roll call was taken and a quorum was present.

Approval of minutes

The minutes of the October 20, 2010 meeting were approved on a motion by Keith Brock; it was seconded by Ryan Cardoza, with correction as noted by Kurt Sterling, all were in favor, the motion passed.

Action Items

• **BP 4030, Academic Freedom**

Due to the constituency groups not yet prepared to vote on BP 4030, Mr. Warkentin tabled BP 4030 at this time.

• **Strategic Planning Committee Membership**

Kurt Sterling stated that James Preston will serve as the Arts and Letters representative. Mr. Warkentin reported that the holdup has been that we are trying to get an outside consultant to assist us with review of the Educational Master Plan. There may be a meeting scheduled in the spring for this purpose. A Strategic Planning Committee meeting is planned for early December with the focus on high school participation rates. The area high school principals will be invited along with the Strategic Planning

Committee. It will be held from 11:00 a.m. to 1:30 p.m. The Office of Institutional Research will supply new data. Recommended names (six each) are still needed from constituency groups except for CSEA. Ryan Cardoza asked if the Educational Master Plan could be completed on our own. Mr. Warkentin replied that perhaps we could but it is a large task and serves as a guide for the college for the next five years. Mr. Warkentin tabled the item of Strategic Planning Committee Membership at this time.

Information/Discussion Items

Board Policies and Administrative Procedures (first reading)

- **AP 4045, College Library Fines (REVISED)**

Ron Oxford stated that the main change on AP 4045 is that there has been a loop hole on reserved textbooks with the maximum fine being \$20. Students have been paying the fine and avoiding purchasing the book. This is a revised policy to tighten up the process. This will be added to the library's webpage. Keith Brock recommended that the wording regarding the fines be made clearer to include the processing fee. The processing fee is instituted for a regular book that is lost. Marty Ennes suggested eliminating the last three lines in the last paragraph.

- **BP & AP 4110, Honorary Degrees (NEW)**

Mr. Warkentin explained that both colleges (WHCC & WHCL) have awarded honorary degrees in past and BP & AP 4110 will formalize the process. He recommended these be taken to the respective constituency groups for discussion.

1. Student Government Association (SGA)

Ryan Cardoza reported that there was a Halloween event on campus Saturday night which was coordinated by a few of the student clubs. There is an ICC and SGA meeting tomorrow and Ryan will attempt to get numbers of participants at the Halloween event. The ad hoc committee of the SGA met last week to discuss the creation of a SGA/ICC guidelines document. They would like funding to purchase dinner or snacks for their meeting as they are meeting during the dinner hour. Ron Oxford questioned if the SGA budget could be figured out. Jose Lopez responded affirmatively that by now the Business Office should be completed with their audit. Ryan reported that he had created a collection of pictures to be accessible to all. Sylvia Robinson suggested these be loaded into the college's Kodak gallery. Lenore Simonson stated that her student worker is able to access the Kodak gallery and would be able to provide assistance.

2. Curriculum Committee Report

Kurt Sterling reported that he did not have a report at this time.

3. Academic Senate Report

Kurt Sterling reported that the Senate met yesterday to discuss the Academic Freedom Policy. He has sent a request to a listserv and asked for sample policies. Kurt stated that on November 11th he will attend the State Senate Plenary Session in Anaheim where they will be having a session on SB 1440. He also has sent out an e-mail announcing that there is a webinar at 4 p.m. today put on by the State Senate regarding SB 1440. It will be archived for later viewing. Also he has received an e-mail from Jane Patton and they are putting together the first transfer curriculum models and what they would look like under SB1440. They have five built and the same vain with CIDs for individual classes. The five include: COMM, GEOLOGY, MATH, PSYCH, AND SOC. They want

discipline faculty to evaluate these transfer curriculum models and provide feedback. Kurt will send a link. This is being generated by intersegmental folks and they want across the board input/involvement. The more involved we are the more say we have in how this turns out. Ryan questioned information regarding the CIDs. Kurt explained that this is what a transfer degree is going to look like under SB 1440, i.e. GE block and core classes. There is much discussion to be had. Once the models are out we need to get the community colleges talking to the CSU's. Marty Ennes stated that the dialogue has been really good between the community colleges and CSUs. She believes it is all coming together naturally. Dave Bolt stated that whatever we decide the 60 units will be; CSU Fresno will require and decide on 60 units. They will cap at 120 units. They could require lower division classes to be part of their sixty units. Kurt reported that the president of the State Academic Senate was at the CVHEC Summit and was very engaged and involved in the process.

5. Report from Committee Representative

a) Student Learning Outcomes Committee (SLOC)

David Babb reported the next SLOC meeting is on Monday at noon. He has been getting quite a few program level SLOs. Brian Kron has worked on the Business reviews and Pat Kraft-Chapman will work on Child Development. Seventy percent are now written, although assessments are still low. David is uploading documents to the portal. Ron Oxford reported that there has been no movement with the non instructional; they are still at 45%.

b) Institutional Effectiveness and Program Review Committee (IEPRC)

Mr. Bolt reported IEPRC met two weeks ago. They have received five completed program reviews: Nursing, Biology, Liberal Arts, Arts and Humanities, Psychology and Art. The five have been sent to the IEPRC members for evaluation. The deadline is December 1. Dave reported that part of the IEPRC role is responsibility with accreditation and they still struggle with how to involve themselves in the activity. They are thinking that they could be ambassadors to the accrediting team.

c) Budget Allocation Committee (BAC)

Dave Bolt reported that BAC had a meeting last week and identified the expenditures of the lottery money for last year. They have \$37,000 in lottery funds for this year. BAC is still reviewing the budget development process. They will soon involve the area budget committees.

d) Employee Development and Success Committee (EDSC)

In the absence of Marlon Hall, Lenore Simonson reported that her area has been offering introductory level Microsoft Office training and additionally vodcasting training. She stated that staff have reported that the trainings were valuable and surveys have been completed. The @One Trainer's Bureau will be coming to campus after Thanksgiving to teach more functionality for Microsoft Office applications. Linda Amaya-Guenon reported there will be a SLO training workshop on November 9th.

e) Student Success Committee (SSC)

Sylvia Robinson reported that SSC has not met. The Friday retreat has been cancelled. SSC will be working on writing the equity plan. Creating a college going culture and high school participation rates will also be topics of discussion. The next meeting is in two weeks. Lenore Simonson asked for explanation of the role of the SSC. Sylvia responded that this committee is related specifically to students. SSC considers student

access, student clubs, student training, etc. Sylvia displayed the new student handbook and briefly reviewed its contents.

f) Facilities, Safety and Auxiliary Services Committee

John Ieronimo reported on behalf of John Bernal. He reported incidents that occurred on campus last month as follows: 1) A student passed out with abdominal pain, 911 was called; 2) The girl scouts were on campus for a ceremony and a young woman had a seizure and fell on some chairs, paramedics were called; 3) A student was found on the ground who was not responding, the ambulance was called and they took her to the hospital; 4) There was a car accident on the east side of library; 5) A fire hydrant was stolen; and, 6) A license plate was stolen from a college rental car. Most of these incidents occurred during the day. There is a new security guard who is here from 4:00 p.m. to 8:00 p.m., Monday – Thursday.

Regarding construction, John reported:

- Equipment lists are being completed and prioritized.
- The masonry at the transformer yard is starting.
- The stucco on the outside of the west end has begun.
- The plan is to complete concrete pours within a couple of weeks, sidewalks, etc.
- Leaching is to begin; this is a 10-12 week process to keep the salts down.
- Two c-trains will be delivered for storage of construction materials; the locations will be determined by John Bernal and Mr. Warkentin
- They are working on getting the calculations dialed in for the scoreboard.
- They are working on the light pole issues with the City to determine a point of connection for light poles offsite, in the street there are 10 light poles and they determine voltage with the City Inspector.

g) Technology Committee (TC)

Ron Oxford reported that TC scheduled their meeting on campus so they do not have representation from IT. They will switch their meetings. They talked about the communication flow and increasing portal usage. People need to report back out to their groups. They invited Dave Bolt and process observers to attend the TC meetings to see how the committee is run. They talked about printing software. New software has been implemented and the copy usage has lessened. The software being used now is working effectively. The Chancellor's Executive Cabinet decided the number of free copies per student. Ron can see that there are still students printing 400-500 pages at other locations on campus. These loop holes have to be closed. The pay for print system was very expensive and now software is being used for less cost. Students can buy more copies. Kurt Sterling voiced that he does not understand why we are subsidizing students.

6. District Technology Committee (DTC)

Dave Bolt reported that the DTC does not have a meeting until November 18th.

7. Accreditation Update

Mr. Warkentin reported that they met with the accreditation planning group and they are preparing for the day of the visit. Conference room 256 will be the team room. IT will provide power strips and college laptops with access to the portal. All evidence documents will be in here. They will lock the student door to the Pepsi machine room.

The conference center will be partitioned off for college meetings. What we need to decide on is which college committee meetings we want to occur. Meetings have to occur on Tuesday and Wednesday. We will probably want to schedule time for the team members to ask questions at the end of the meetings. Sylvia Robinson suggested an ICC mtg. and a Student Services/Matriculation (SSM) meeting. Mr. Warkentin would also like district meetings, i.e. DECC, at least one, possibly two district-wide meetings that we can teleconference. The Board meeting is scheduled at 10:00 a.m. on March 8th. Kurt stated that he has not set the Senate schedule of meetings for spring and he will try to move the meeting for Tuesday at noon. Mr. Warkentin would like at least two learning area meetings and perhaps a BAC meeting.

Rooms have been reserved at the Tachi Palace for the visiting team. They will also have a team room at the Palace. Two dinners will be needed, one at Harris Ranch and one possibly at Fugazzi's. Culinary will provide the lunches. Debbie Christy will do continental breakfasts.

Mr. Warkentin wants all staff present during the week of March 7-10, 2011.

8. Other

Mr. Warkentin and Sylvia Dorsey-Robinson have been asked if WHCL wants to have an international student program. We currently have 10 international students. They were recruited to go to Coalinga but chose to come to Lemoore.

9. Agenda items for next meeting

- Bd. policies
- Accreditation Update

10. Adjournment

The meeting adjourned at 3:15 p.m.

Board Policy ~~313~~ 4030 Academic Freedom

Reference: ~~Education Code Section 87704;~~ **Title 5, Section 51023; Accreditation Standard 2.2**

The Board believes that academic freedom is an essential right arising from the nature and function of education. The aims and objectives of the West Hills Community College District point to the unreserved and unqualified obligation of the instructor to pursue his/her subject and the program area surrounding it in a manner consistent with standards of scholarly objectivity as defined by academic tradition and practice.

The West Hills Community College District holds that academic freedom involves inherently the following rights and responsibilities:

1. The right to explore to the limit of competence and training, the assigned teaching area and its references.
2. The responsibility within the teaching area to weigh studiously serious intellectual differences, when applicable, which rise from historical context and perspective.
3. The right to present the democratic process with its freedoms, rights, and safeguards as the sole way in which the academic community and nation can exist and establish the means for progress and the greater fulfillment of man.
4. The responsibility in solving problems to appeal only to those criteria sanctioned historically by reason as confirmed through objective discussion.
5. The right to survey, probe, and question the condition of man within the guidelines of accepted research techniques and intelligent discussion.
6. The responsibility of avoiding the intellectual error of assuming absolute answers for complex problems and presenting these answers as unquestionable truth.
7. The responsibility to introduce within the assigned teaching areas, controversial concepts, issues and systems, subjecting these ideas to the test of objective reasoning.
8. The responsibility of recognizing, respecting, and discussing fairly those areas of human activity not amenable as such to the scientific method.
9. The right to create unhampered and clear intellectual atmosphere, maintained, encouraged, and supported by staff, administration and trustees.
10. The responsibility of avoiding any teaching method, which relies on rigid authority or implied infallibility.
11. The responsibility in challenging students, notwithstanding their ability or program, to develop a spirit of inquiry regarding all academic areas and to seek logical answers.

The West Hills Community College District considers academic freedom defined by its attendant rights and responsibilities as a vital, primary force in the achievement of the aims and objectives of the institution.

Administrative Procedure 4045 College Library Fines

Fines are imposed to assure the timely return of materials needed by students. Students and citizens with unpaid fines or overdue materials in excess of \$5.00 will be denied library borrowing privileges, ~~financial aid checks, grade/ transcript release and/or registration.~~ **In addition, unpaid fines in excess of \$10.00 shall result in a hold on grades, transcripts, and/or registration.**

A fine and overdue list will be submitted to the Business Office at the end of each ~~month~~ **semester**. Simultaneously, students will be notified by the library via their West Hills College email account of ~~any fines that are due~~ **all overdue materials.**

~~In the event a student or citizen has already been charged for a lost book(s), video(s), or graphic calculator(s) and the book(s), video(s), or graphic calculator(s) is/are returned, the lost book(s), video(s), or graphic calculator(s) charge will be voided and the applicable processing fee shall be paid by the student or citizen.~~ **After 30 days, overdue library materials are marked as lost. If materials marked as lost are returned and replacements have not been purchased, the student and/or citizen shall remain responsible for the outstanding overdue fines. At the librarian's discretion, lost or damaged materials may be replaced with an exact duplicate of title and edition.**

Fines will be assessed on overdue items as follows:

Books	.25 cents per day, per item (Not to exceed \$20 per item, per incident)
Reserve Items (2 hours)	.25 cents per hour, per item \$1.00 per hour (library use only items) \$5.00 per day (all other reserve items)
Audio/Video Tapes Videos and Audiovisual Equipment	\$5 per day, per item (Not to exceed \$25 per item, per incident) \$1.00 per day
Graphic Calculator	\$5 per day, per item (Not to exceed \$20 per item, per incident) \$150 (current replacement cost) \$25 Processing Fee
Lost or damaged items	Cost of book (per vendor price) \$10 Processing Fee (non-refundable) Replacement cost + \$20.00 processing fee

Maximum fines shall not exceed \$20.00 per item, with the exception of reserve items. Reserve items maximum fine to be the cost of the book. Under extenuating circumstances, fines may be reduced or waived at the discretion of the librarian.

Administrative Procedure 4110 Honorary Degrees

Reference: *Education Code Section 70902*

The district may award honorary degrees at commencement or some other equally appropriate time for the following reasons:

- To recognize excellence and extraordinary achievement in significant areas of human endeavor, within which are embodied the objectives and ideals of the district.
- To honor meritorious and outstanding service to the district, collectively, or to its colleges, individually; to the State of California; to the United States; or to humanity at large.
- To recognize men and women whose lives and significant achievements should serve as examples of the district's aspirations for its diverse student body.

Criteria for the Awarding of Honorary Degrees

- Honorary degrees may be awarded to recognize achievements in all parts of the world. Honorary degrees awarded should represent an appropriate balance between local and non-local, academic and non-academic recipients, and should represent a wide diversity of fields of endeavor.
- Nominations for honorary degrees must be distinguished in the respective fields, and the eminence of persons nominated must be widely recognized. Nominees must have demonstrated intellectual and humane values that are consistent with the aims of higher education and with the highest ideals of the person's chosen fields.
- Service or benefaction to the district alone does not justify the awarding of honorary degrees; however, nothing in these criteria shall preclude nominees who are in political life or benefactors of the district.

Procedures for Nomination and Selection

- Nominations for an honorary degree shall be submitted in writing to the Chancellor by the College President.
- The nomination should be no more than one page in length and should emphasize the contributions of the candidate to the district, as well as those listed above.
- The Chancellor will review the nomination and determine whether or not it is acceptable for consideration by the Board of Trustees.
- Once accepted, the Chancellor shall forward the nomination to the Board of Trustees for consideration.

The district encourages nominations of individuals who meet the above criteria and who would bring recognition to themselves and to the district.

Board approval date: _____

INSTRUCTIONAL PROGRAM REVIEW

West Hills College Lemoore

I. General Information

- A. Instructional Program: Psychology
- B. List of Full Time Program Faculty and Staff: Allen Fortune

II. Program Overview

- A. State the program mission. The mission statement should include the purpose of the program, the ideals the program strives to attain, and who the program serves. The program mission must align with the college's mission and goals. *(200 word limit)*

The Psychology program at West Hills College will empower students pursuing a major in psychology by creating a positive environment to learn fundamental psychological theories and concepts. Program coursework will give students a solid foundation to build on as they transfer schools to continue their education or pursue an occupation in a psychology related field.

- B. List any recommendations from the most recent college/program/department accreditation and/or previous review. *(250 words or less)*
There have been no recommendations.

- C. Identify all personnel, including the number of certificated, classified professionals and volunteers.

Employee Classification:

Certificated 5 Classified Professional 0 Volunteer 0
Student Workers 0

IV. Professional Development

What professional development activities have faculty participated in? None. However, professional development is a priority and activities will be established within the fall semester of 2010 and faculty will be encouraged to attend at least one of the professional development activities that have been identified by the end of Spring 2010. At least one of the activities will be technologically related in hopes to keep West Hills College Lemoore on the cutting edge of Psychological Education. By having our faculty attend professional development to learn about the newest ways of presenting material that has been around for over 100 years they are able to connect even better with a new generation of student by using technology and terms students can relate to thereby improving student learning.

V. Curriculum and Student Learning Outcomes

A. List your Instructional Program-Level Student Learning Outcomes (PLO).

PLO #1: Students will be able to identify various research methods used to study behavior and mental process.

PLO #2: Students will be able to identify the basic structures of the brain and nervous system.

PLO#3: Students will be able to apply psychological concepts and theories to everyday situations.

PLO#4: Students will be able to identify and apply behavior modification techniques.

PLO#4: Students will be able to identify theories of personality and the psychologist associated with each theory. Example: Psychodynamic Perspective-Freud.

PLO#5: Students will be able to identify the major components in a case study and how to use case studies as references when writing a research paper.

PLO's have been changed to reflect the Psychology faculty's vision of how to make the Psychology program more linear. This is done by using several Course-level student learning outcomes (CLO) that exemplify a program standard. For example the PLO #2 is introduced in General Psychology and Developed in Psych 2 and 3; then it is intended to be mastered by the students in Psych 5. To assess how this PLO will improve student learning, evaluations in the courses will include asking students to identify the basic structures of the brain and nervous system through questions on exams. Student scores on the questions on brain structures and nervous system should continually improve as they progress through the program. As PLOs are analyzed, if it is found that students are not successfully completing a PLO, the department would then evaluate the CLO with faculty in order to discuss how to improve success at the CLO level.

PLOs for the Psychology Program are considered by faculty to be fundamental issues that students who complete the program will use as they continue their education in psychology or as they enter into a work related psychological field.

Course outlines and prerequisites will be reviewed the Spring of 2011. One item that will be discussed is the prerequisite of Psych 1 before taking any other Psychology class since it is the hope that Psych 1 will be introducing students to concepts that will be elaborated on in Psych 2,3,4,5, and 29.

There are no anticipated curriculum changes anticipated in the next two years. One course that may be added within the next five years could be Criminal Psychology.

Technology is a component of the Psychology program. Most of the Psychology courses have some component that is online. Ebsco host is already being provided for the Psychology students to choose peer reviewed scholastic research. Web-enhanced classes will be encouraged and faculty is looking into the use of additional technology as it becomes available such as e-text and virtual labs. Faculty is continually provided with the most current edition of textbook and has been encouraged to seek out professional development workshops that provide cutting edge tools and methods to ensure curriculum is up to date.

Program Review, Planning and Evaluation

West Hills College Lemoore

Mission: *West Hills College Lemoore enriches the lives of our students and the community we serve by being dedicated to quality educational learning opportunities and partnerships. The college provides a positive environment that is committed to student learning and empowering students to achieve their educational goals.*

Assessment Grid

<p>Program: Mission: The Psychology program at West Hills College will empower students pursuing a major in psychology by creating a positive environment to learn fundamental psychological theories and concepts. Program coursework will give students a solid foundation to build on as they transfer schools to continue their education or pursue an occupation in a psychology related field.</p>		<p>Contact Person/ext.: Allen Fortune ext. 3326</p>	
<p>Submission Date:</p>		<p>Midterm Report Date (2 years from submission/ 1 year CTE):</p>	
<p>Program Goals/ Objectives</p>	<p>Program Activities/Actions</p>	<p>Necessary Resources (Including Funding)</p>	<p>Outcomes</p>
<p>At least 3 short-term and up to 2 long-term goals. Instruction: At least three of your goals must be program specific student-learning outcome oriented.</p>	<p>The specific activities you will implement to accomplish the goals (e.g. implement a new course) and intended outcomes.</p>	<p>Any additional resources you will need to accomplish the activity. Please be specific and realistic.</p>	<p>Means of Assessment/Criteria for Success including timeline (Measurable)</p>

<p>1. Have at least one SLO assessed in every Psychology course by the Spring of 2011</p> <p>2. Create rubric to assess the quality research papers used to fulfill PLO #1</p> <p>3. Identify intern programs, if there are any available, for Psych majors looking to major in the field of Child Psychology or Child Development and work to create a relationship where our students are used frequently</p> <p>4. Increase the success rate of students in the Psychology program from 67%-80% in the next 5 years</p> <p>5. Students will be able to identify various research methods used to study behavior and</p>	<p>1. Work with adjunct faculty to create a more cohesive program where instructors actively share ideas and teaching techniques to improve student participation and understanding of SLO's on the course level as well as the program level.</p> <p>2. Full Time Faculty will participate in Adjunct faculty orientation to discuss SLO's and assessments that are currently being used to ensure a consistent experience throughout a students experience in the Psychology Program by developing a rubric that can be accepted and used by all psychology instructors.</p> <p>3. Psychology lead faculty will search and contact WHCL's Child Development Center on campus as well as outside child care centers to see if they would be open to a internship program and start discussion on how to make that</p>	<p>1. Program Review Summary Sheet for Planning/Institutional Effectiveness

I. General Information

Program: Psychology

Prepared By: Allen Fortune

Date Prepared: October 15, 2010

II. Summary

What actions have been taken to address the assessment and improvements of goals and learning outcomes?
Goal #1. To assess this goal 100% of Psychology courses will have a CLO assessed by graduation 2011.
Goal #2. To assess this goal a survey will be created and the answers will
Goal #3. A rubric will be distributed to all Psychology instructors and used to evaluate the CLO's that have research papers and results will be used in the PLO that will be done by graduation 2011.
Goal #4. Evaluate success rates every year of the Psychology Program students to ensure success rates continue to climb to the goal of 80% by 2015.
Goal #5. Evaluate PLO #1's results by June of 2011 and analyze success rates
Goal #6. Evaluate PLO#2's results by June 2012 and analyze success rates.
Goal #7. Evaluate PLO#3's results by June 2013 and analyze success rates

CALENDAR FOR BUDGET DEVELOPMENT FOR THE
WEST HILLS COMMUNITY COLLEGE DISTRICT

DATE	ITEM	RESPONSIBILITY
Mid January – April 10	Distribute Budget Worksheet forms to College President.	Vice Chancellor
	College Presidents shall initiate college budget development process.	College Presidents
	Vice Chancellor shall distribute forms to district office Department managers.	Vice Chancellor
	Open hearings and meetings will be held at each College and District Office.	College Presidents Chancellor
	Submit college's proposed budget worksheets and priority lists to the Vice Chancellor	College Presidents
	Submit district office's proposed budget worksheets and priority lists to Vice Chancellor	Chancellor
Second week of April	Executive Cabinet to review budget submittals.	Executive Cabinet
April 15 th	Vice Chancellor will notify Superintendent of Schools of newspaper publication, date, location and time of public display of proposed budget document.	Vice Chancellor
May Board Meeting	Vice Chancellor presents latest tentative budget information to Board of Trustees.	Vice Chancellor
Ten days prior to June Board Meeting	Copies of the proposed Tentative budget shall be placed in the District Office, College Libraries, Centers, and the President's offices for public view.	Vice Chancellor
June Board Meeting	At the June Board of Trustees meeting, the Board will hold a public hearing and will review and approve the proposed Tentative budget.	Board of Trustees
Before June 30 th	Vice Chancellor will forward copy of approved Tentative budget to the Superintendent of Schools, Fresno County and the Chancellor, California Community Colleges.	Vice Chancellor
Before July 25 th	All recommendations from Colleges and District to amend Tentative budget to be submitted to Vice Chancellor.	College Presidents Chancellor
Ten days before August Board Meeting	Copies of the proposed Tentative budget shall be placed in the District Office, College Libraries, Centers, and the President's offices for public view.	Vice Chancellor
August Board Meeting	At the August Board meeting, the Board will hold a public hearing and will review and approve the proposed Adopted budget.	Board of Trustees
Immediately after August Board Meeting	Vice Chancellor will forward copy of approved Adopted budget to the Superintendent of Schools, Fresno County and the Chancellor, California Community Colleges.	Vice Chancellor

**West Hills Community College District
Non-Academic Department Program Review
Learning Resources**

Section I. Department Purpose, Target Population, Services

A. Department Purpose

The Department of Learning Resources is responsible for supporting the colleges in their teaching/learning and service process through the development and administration of an academic online and videoconference program that provides faculty training, help desk support, and videoconference technology installation and support.

The purpose of the Department of Learning Resources is to advance the technology opportunities for instruction, expand asynchronous learning opportunities for students, provide student and instructor support for the academic online environments, and provide faculty training in online technological and pedagogical best practices. In addition, the Department of Learning Resources is a resource for students, faculty, staff, and administration district-wide with regard to policies, procedures, online issues, and current academic technologies applications to enhance the decision-making process with regard to teaching/learning, curriculum, program review, budget planning, educational master planning and institutional master planning. The Department of Learning Resources works closely with college personnel in the development of the class schedule, catalog copy, faculty hires and evaluations, and committee appointments.

At the District level the Department of Learning Resources participates in technology-related decision-making processes that will impact instructional technology.

1. *Describe the mission of the department.*

Mission of the Learning Resources Department

Learning Resources supports WHCCD in providing a positive world-class learning environment by utilizing innovative technology, as well as traditional and nontraditional resources, to promote enhanced learning opportunities for the local and global campus communities we serve. (07/05)

Vision of the Learning Resources Department

Facilitate the scholarly pursuit of academic excellence by providing diverse resources and developing information competencies.

2. *What is the relationship between the department's mission and the district's mission?*

The Mission of West Hills Community College District is **enhancing student learning and enriching the lives of the populations we serve by:**

- Ensuring the vitality of its institutions
- Encouraging the vision of strong leaders
- Able to see and interpret the present and future needs of students and communities
- Supporting the colleges in the provision of world-class learning environments
- Providing an appropriate allocation and management of human, fiscal and capital resources
- Acting as a catalyst for collaboration with outside organizations and agencies
- Sharing the story by marketing a positive image

The Learning Resources Department has an integral relationship with the District Mission. Working collaboratively with both colleges the practical scheduling of online courses builds enrollment and FTE **ensuring the vitality of its institutions**. Using college and district online data as well as regional and national distance learning trends, the Learning Resources Department provides current information and advisement that **Encourages and supports the vision of strong leaders**. By securing distance learning and technology grants through the Title V Cooperative and two USDARUS grants totaling \$2.5 million dollars over the last four years for personnel and equipment directly related to technology and distance learning needs, the Learning Resources Department **supports the colleges in the provision of world-class learning environments**. By maintaining a streamlined operation partially supported through grant funding the Department **provides an appropriate allocation and management of human, fiscal and capital resources**. By maintaining state-of-the-art, interactive, seamless technologies that are available to any educational or business organization via internet or videoconference networks, the Department **Acts as a catalyst for collaboration with outside organizations and agencies**. Through the web pages of WHCC and NDC Firebaugh, WHCL, the District Office, and Online, as well as working with the Marketing Director, the Learning Resources Department **is sharing the story by marketing a positive image**.

3. *What is the relationship between the department's mission and the colleges' mission (both WHCC and WHCL).*

This department supports the **WHC Coalinga Mission**, "To commit college-wide staff and resources to the student learning process. To provide educational, cultural, and economic development opportunities to our current and future students and the local and global communities that we serve;" and the **WHC Lemoore's Mission**, "West Hills College Lemoore enriches lives, builds community, and enhances economic growth and development through quality learning opportunities. We provide outreach and appropriate support services to high school graduates, re-entry students, the military community, developmental, underserved, and special needs populations. We provide a positive environment which is committed to student learning outcomes and success, using relevant goals, innovations, strategies, and partnerships. WHCL provides student-centered guidance and support that produces educated, diversified and involved community members. As a new college, we recognize institutional development as a catalyst to enhance student learning outcomes. We are committed to educational excellence in partnership with the people and communities we serve."

Through the online offerings available independent of time and geographical boundaries, students throughout the district have increased quality educational and learning opportunities, thereby increasing employment opportunities. This helps local rural communities with economic development and growth opportunities in their regions.

4. *Does the department fulfill a unique institutional goal? If yes, please explain. (See College Planning Manuals)*

Learning Resources has been engaged in supporting the WHCC strategic goals of:

- "Goal 2: We will maintain our focus on excellence, student success, and on being learner centered." This goal is supported through the three-pronged approach of support to students, support to faculty, and administrative support of a high-profile, online program that has grown 134% in unduplicated online enrollments in three years while maintaining 70-80% student retention.
- "Goal 3: We will improve facilities, technology and learning resources to meet the educational and cultural needs of our communities." This goal has been supported by the installation and/or renovation over the last three years of five video conference classrooms, purchase of laptops for

faculty who teach online, and support staff for faculty training and administrative oversight of online courses and programs that brings FTE funding to the WHCC. Learning resources for faculty has been enhanced by the design, purchase and installation of the faculty multi-media lab in the Coalinga Library.

- "Goal 4: We will encourage academic quality innovation and creative thought." Learning Resources works to encourage faculty to use the latest in technology and teaching/learning innovation best practices. Faculty are provided extensive opportunities for training at multiple technical skill levels and encouraged to use mediated technology in a variety of instructional delivery modes.

Unduplicated Online Enrollments

Learning Resources has been engaged in supporting the WHCL Institutional Student Outcomes of:

- "Budget Allocation Committee Goal: To build and foster a strong commitment to the use and development of community, technology, education, and funding in order to effectively increase the

resources and productivity at West Hills College Lemoore." Through the funding of the Title V Cooperative and the USDA/RUS grants written by the Learning Resources Department, WHCL has realized three videoconference classrooms, laptops for faculty teaching online, laptops for student use in the library, and support staff for faculty training and administrative oversight of online courses and programs that brings FTE funding to WHCL. Learning resources for faculty has been enhanced by the design, purchase and installation of the faculty multi-media lab in the Lemoore Library.

- "Student Learning Goal: To provide positive and energetic teaching and learning environments to further our commitment to student-centered, outcome based education using relevant goals, innovations, strategies, and partnerships." This goal is supported through the three-pronged approach of support to students, support to faculty, and administrative support of a high-profile, online program that has grown 134% in unduplicated online enrollments in three years while maintaining 70-80% student retention. Faculty are provided extensive opportunities for training at multiple technical skill levels and encouraged to use mediated technology in a variety of instructional delivery modes. In addition, state-of-the-art video conference classroom support a teaching and learning environment that is committed to students; courses received from Fresno City College's Radiological Technology and Nursing programs draw students to the Lemoore campus that might have gone to Fresno.

Learning Resources has been engaged in supporting the WHCCD Strategic Goals of:

- "Goal 1: West Hills Community College District will annually achieve or exceed funded growth targets." Through the active recruitment of faculty to teach online, as well as the active increase of online courses in the class schedule, online courses have increased unduplicated enrollments of 101% 2001-02 to 2005-06 academic years.
- "Goal 3: West Hills Community College District will annually increase community participation rates." By recruiting and training faculty to teach online there are now 146 course sections in 24 disciplines, providing students multiple opportunities to take our online courses that can lead to a degree in one of five majors. The video conference network reaches students in Lemoore, Firebaugh, and Coalinga that would have otherwise been unable to take courses due to low enrollments.

Learning Resources has been engaged in supporting the e-Learning Technology Strategic Plan goals of:

- "Goal 3: Create a user-friendly call center for assistance with technical and non-technical student services." Through the funding of the Title V Cooperative 2002-2007, the WHCCD help desk was established and will be institutionalized. Monthly stats show the usage increase of the help desk district-wide.
- "Goal 4: Provide faculty development opportunities to enable faculty to work more effectively with technology in an e-learning environment." The Department of Learning Resources provides group and individual training every semester to faculty for videoconference, Blackboard, PowerPoint, and other technology training opportunities.
- "Goal 11: Provide necessary hardware, software, and infrastructure for staff, faculty, and students." Through both federal and state grant funding as well as district funding, the Department of Learning Resources has been able to provide staff, faculty, and students with laptops, software needs, Blackboard and student email servers, state-of-the-art video conference classrooms, and other technology necessities.

Help Desk Contacts September 2005-2006

B. Target Population

5. *Is the department intended to serve a special population or clientele? Please describe the end-user.*

The Learning Resources Department serves students, faculty, staff and administration at various levels or needs. First and foremost, students facing time and geographical barriers to education have their needs met through the online courses, certificates, and degrees supported by the Learning Resources Department. The Help Desk provides one-on-one student contact and support. The Educational Technology Specialist provides faculty with individual or group training for both online and web-enhanced courses. The Video Conference network provides two-way video/two-way audio connectivity for courses

between sites district-wide that ensures students access to courses that previously cancelled due to low-enrollments. In addition, students have the ability to take courses from four-year universities or receive programming not available at WHCCD.

End Users who benefit include:

Students

- A variety of online courses, certificates, programs
- Help Desk for online and telephone assistance
- Video Conference courses and programs at rural locations

Faculty

- Computers with latest technology
- Individual and group training opportunities
- Consultation on academic technology trends
- Scheduling options

Administrators

- Increase in enrollments and FTE
- Scheduling options
- Consultation on academic technology trends

Presidents

- Increase in enrollments and FTE
- Positive public opinion
- Support to areas needing expansion or an infusion of funds

Community Members

- Expanded course and program offerings
- Scheduling options

6. *Describe the mechanisms used to monitor the department's currency and fit with student and institutional needs.*

Student feedback on adjunct faculty evaluations and enrollment numbers are a typical indicator of student needs. Since the evaluation tool for online courses can be launched with ease, it will be administered every semester to maintain currency and address online technology and pedagogical issues.

Faculty training, help desk support, video conference, and administrative staff all receive or attend training at least once annually to remain current in their respective fields. Through contacts met at events or online, staff gathers vital and current information and is expected to retrieve when needed. To date, this

has worked well and a repository of information is available on a variety of topics (i.e., Podcasting, Clickers, ESL online, etc.).

7. How are departmental offerings marketed to the college community?

Online offerings are marketed through the online and printed catalog, class schedule, promotional materials, web sites, public presentations, and news articles. Student, staff, and faculty word of mouth, while informal and anecdotal, is nevertheless a strong marketing tool as well. Help Desk services are marketed through the online and printed catalog, web sites, promotional materials, and news articles. The training service available to faculty through the Educational Technology Specialist is communicated through flyers for group training and one-on-one training offered via email and telephone. Videoconference classroom training is offered in the same way through flyers for group training and one-on-one training offered via email and telephone. The Dean of Learning Resources reminds the Deans at both colleges at the start of the scheduling process that both online and videoconferencing are alternatives to traditional classroom educational offerings.

Describe attempts to increase the proportion of student, faculty or staff populations utilizing departmental services.

By aggressively recruiting faculty to teach online there are now 146 course sections in 24 disciplines, providing students multiple opportunities to take our online courses that can lead to a degree in one of five majors: Administration of Justice- Law Enforcement, History, Liberal Arts, Social Science, and Psychology. This is an increase from fall 2003 that had 36 sections in 17 disciplines.

Online Disciplines

Online Class Sections

The Help Desk sends out a weekly email entitled "Did You Know?....." These letters are designed to inform employees on how to more effectively use the CISCO phone system. They also serve as a tool to educate employees on the availability of and contact information for the Help Desk services.

C. Services

8. *List the major college functions or services performed by the department.*

Major Functions

Learning Resources-Office of the Dean

Functions:

- Supervise Learning Resources, Help Desk, Distance Learning Online and Videoconferencing, including staffing, evaluations, budget monitoring, professional development, and facilities planning
- Oversee various grants and state funding initiatives including Title V Cooperative 2002-2007; USDARUS 2004-2009; and the California Community College TTIP funding. Monitor budgets, maintain accurate documentation, and provide annual and/or final reports as requested
- Payroll for staff and over 40 adjuncts teaching online
- Process and monitor all purchase requisitions for all areas and grants
- Work with colleges for online course scheduling, processing online class changes, and do online adjunct evaluations
- Order online adjunct instructor textbooks; distribute online adjunct faculty packets; and process student Grade Change and Incomplete forms
- Schedule Technology Advisory Team, IT/LR, and Learning Resources meetings and maintain accurate meeting minutes

- Dean of Learning Resources participates in Curriculum Committees, Facilities Committees, and Presidents Cabinets at both colleges
- Coordinate and implement Flex and Duty days with college campuses and chancellor and work with colleges to implement additional faculty development opportunities
- Process travel and expense claims for all area staff

Distance Learning-Online

Functions:

- Lead adjunct faculty recruitment for all disciplines
- Manually assign instructors to over 90 online and approximately 100 web-enhanced sections
- Work directly with faculty to design, develop, and deliver web-based instruction in the Blackboard environment
- Create and maintain the flow of tasks to complete course development projects
- Develop instructional resources for faculty use and keep current with developments in both learning theory and technology trends
- Develop and deliver workshops for faculty on instructional technologies and pedagogical applications
- Oversight of Faculty Multimedia Lab including research of equipment and technology available for solutions and improvements to teaching and learning experience
- Oversight of online courses including working with Information Technology (IT) for troubleshooting, upgrades, and Blackboard issues
- Liaison with Blackboard for troubleshooting, upgrades, and new applications
- Record and provide monthly reports and statistics to area Dean
- Archiving of online syllabi, grade books, and finals by course and semester
- Communicate with online faculty by phone, email and in person

Distance Learning-Videoconference

Functions:

- Train faculty and staff in the use of videoconference classrooms and conference rooms
- Install and maintain videoconference equipment in classrooms and conference rooms
- Monitor and troubleshoot videoconference classrooms and conference rooms while in use
- Install applicable software upgrades and patches to videoconferencing equipment
- Liaison with Information Technology (IT) for setting bandwidth priorities, Internet Protocol addresses, and troubleshooting assistance as required.
- Research equipment and technology available for solutions and improvements to teaching and learning experience
- Record applicable information and provide required reports and statistics to area Dean
- Install and maintain satellite dish and equipment for CCCSAT and Dish Network services
- Communicate with faculty by phone, email, and in person

Help Desk

Functions:

- Reset passwords for all students, faculty and staff for My West Hills, Student Email, Blackboard, and phones. Answer questions and/or forward to appropriate department when needed
- Assist with computer issues including downloads, WHCCD network accessibility, security and updates
- Set up new employee accounts in My West Hills and enter WHCCD Employee email addresses in Datatel
- Program, install, troubleshoot, and inform new employees on how to set up phones, and access voicemail on and off campus
- Manage employee and student name changes in My West Hills and Student Email (in Datatel)
- Handle undeliverable email by checking for alternate email address, phone, or other addresses and change to correct email address
- Record and provide helpdesk statistics reports to Dean on monthly basis

9. *List the current service goals of the department.*

In July and August 2005, the Learning Resources Department held retreats with the express purpose of developing a department mission, vision, student learning outcomes, and an implementation matrix. The following current and new service goals are directly tied to the SLOs developed during those retreats.

- Provide ongoing training in online technological and pedagogical best practices
- Increase online instructor participation in SLO assessments that feed into program review processes at the college level
- Increased student use of Online Student Orientation through collaboration of Learning Resources online staff and online instructors
- Increased faculty use of Discussion Board, Virtual Chat, Virtual Classroom and other communication tools in Blackboard sites through enhanced training and follow-up by LR online staff
- Maintain videoconference equipment and software between campuses and external sites
- Continue scheduling of group and increase one-on-one training each semester.
- Maintain current contact and detailed operation instructions information in all videoconference classrooms district-wide
- Maintain open communication with ITS / relate systems' problems.

10. *Is there a desire to add new service goals or objectives to the department?*

- Provide online students with active, hands-on, concrete experiences through technological media through collaboration of Learning Resources online staff and online instructors
- Develop and implement Student Technology and Online Readiness Self Assessment Tools

- Increase student technology literacy and independence through enhanced online orientations, student-friendly sites, and online training in courses
- Research and work with CENIC on all aspects of captioning for video conference courses
- Research and present to faculty new classroom mediated technologies
- Provide consultation and research services to the college academic communities

11. *Describe the departmental strategies and activities intended to achieve these objectives.*

Department strategies to achieve new objectives include:

- In order to provide online students with active, hands-on, concrete experiences through technological media, Learning Resources Department staff will acquire and test new software and hardware technologies, provide them to ITS for system compatibility, and provide faculty with guest access and/or vendor presentations with the intent to purchase for system-wide use.
- In order to develop and implement Student Technology and Online Readiness Self Assessment Tools, Learning Resources Department staff will work with the Director of Institutional Effectiveness, Planning, and Research to develop, deploy, evaluate and re-deploy self assessment tools to enable students to make wise distance learning choices.
- In order to increase student technology literacy and independence through enhanced online orientations, student-friendly sites, and online training in courses, Learning Resources Department staff will research and implement online orientations known to exhibit best practices and work with ITS staff to make current Student Email, My West Hills, and Blackboard sites easier to read and password protect. In addition, Learning Resources Department staff will work with faculty to provide more online training in courses that will help to make students more technology independent.
- In order to research and work with CENIC on all aspects of captioning for video conference courses, the Distance Learning Operations Manager will maintain all contacts with CENIC partners, CENIC administrative leadership, and stay abreast of the captioning issues related to video conference courses.
- In order to research and present to faculty new classroom mediated technologies, the Distance Learning Operations Manager and the Education Technology Specialist will continue to share information, work with vendors on trials, work with ITS on any systems

compatibility issues, and work with faculty on any access, presentations and training issues.

- In order to Provide consultation and research services to the college academic communities, the Dean of Learning Resources will work on request with the Academic Senates, Curriculum Committees and other academic leaders at both campuses

12. *Describe how these goals and objectives will be assessed?*

All goals and objectives will be assessed using methodologies appropriate to the task. Evaluations will be provided for faculty in training sessions, vendor presentations, in the deployment of any software or hardware pilots, or mediated classroom technologies. Students will also be asked to evaluate self assessment tools, hardware or software technologies, and changes to their login sites. In addition, faculty implementing the SLO assessments will be asked to evaluate their SLOs based on the longitudinal data collected over several semesters.

Informal evaluations will include the reduction in Help Desk contacts for student password resets, and an increase in student success due to self selection via the online and technology self assessment tools.

Section II Data

13. Define and provide appropriate department use trend data, as available (3 to 5 years). If possible, show how services are provided or used by each individual college.

FTES by Location

Coalinga	1428.8	1550.02	1261.1	1461.8	1258.49

WHCCD Online Enrollment for Five Academic Years

WHCCD online unduplicated enrollment has increased from 1,561 students in 2001-2002 to 3,991 in 2005-2006. This growth represents a 156% increase in unduplicated student headcount. Enrollment decline during 2003-2004 reflects budget cuts, tuition increase, and reduction in course offerings.

Created by the Office of Institutional Effectiveness
 Revised: Thursday, February 2, 2006

14. *Provide assessment results from end-users. (Use survey or other assessment tools to gather feedback from end-users)*

In fall 2005, the students in online courses taught by WHCCD adjunct faculty were introduced to a new tool, Student Evaluation of Online Faculty. Developed with input from faculty, deans, and the Learning Resources Educational Technology Specialist, this evaluation was deployed in Blackboard in all fully online courses taught by adjuncts that semester. In addition, the President of the WHCL Academic Senate 2005-2006 agreed to have the evaluation deployed in his online courses as well. The evaluation was announced in an email to students by the Educational Technology Specialists and posted as part of the menu tabs in their classes. The anonymous results were posted in the Blackboard's Gradebook. There were 30 faculty who were evaluated by WHCCD students; of those six faculty were evaluated as part of the regular Human Resources adjunct evaluation process by the Dean of Learning Resources.

15. *Comment on significant information that emerges from the data*

The significant information from the Student Evaluation of Online Faculty came from the comments section. In particular, the students' comments repeat a theme stating the need for online courses in order to continue their education. Every class evaluation included one or more comments with this theme.

In response to the question,

Question 22 Essay

Would you take another online course? Why or Why Not?

Absolutely. Though I have found they entail more work than courses taken in the classroom, they are best suited for my schedule as a full time mother of young children. I can go at my own pace for the most part. I learned more from doing papers for my online courses, than from doing multiple choice tests. (Sociology 1 Fall 05)

I am in the Navy and am at work or gone very often. This type of class allows me to continue my education no matter where I go. (Biology 10 Fall 05)

yes, because it is the only way I can attend college. (Business 20 Fall 05)

Section III. Institutional Support

16. *Describe the adequacy of the staffing level to accomplish organizational objectives at colleges and district office.*

With the phenomenal growth of online courses and enrollment in online courses the current staffing levels have proved insufficient to meet student and faculty needs, creating a backlog, particularly at the start and end of each semester, of: requests to be filled, training needs, instructors to be put in courses, responses to students, and so on. The ability to gather important data, do outreach, in-depth training, implement innovative ideas, disseminate information, and participate on vital committees becomes a luxury not realized.

More research is needed to determine if current staffing is adequate for expected growth needs of the video conference program and network.

17. *How adequate and appropriate are departmental facilities and equipment? Please be specific about current deficiencies and projected needs at colleges and district office.*

Departmental facilities and equipment are currently adequate, but as technology in the faculty multi-media labs and in the video conference classrooms age, maintenance requiring replacement will become necessary. There are two faculty multi-media labs in the district with six high-end CPU's and accompanying software, two color printers, video data projectors, amplifiers, and dvd/vcr players.

Staffing Deficiencies

18. *Are there unmet professional development needs of department staff? If yes, please describe.*

Not at this time.

19. *Are there specific fiscal needs that have not been previously identified? If yes, please specify.*

Having relied on Title V and USDARUS funding for the last four years, Learning Resources will need to receive an influx of funds to become fully institutionalized and operate at full capacity in the future. Supplies, travel for development needs, equipment replacement, and other necessities to run a full-fledged operation will become necessary in 2007-2008 when the Title V Cooperative grant funds cease to exist.

Section IV. Summary

20. Describe the strengths of the department

The Learning Resources Department has highly qualified personnel serving students, faculty and staff of WHCCD, excellent technology and software resources for students and faculty engaging in the teaching/learning process, and facilities district-wide that include faculty labs, video conference meeting rooms and classrooms, and office space.

a. Personnel:

- The Educational Technology Specialist holds a bachelors degree in Business Administration/Information Systems from Fresno State and has a background in academic advising and career education.
- The Help Desk Coordinator has a degree in Business (AA+) and background in Business, Industrial Engineering, Insurance, Computers, Data Processing Technician/Information Systems (QSS), and training in Blackboard (Introduction to Teaching with WebCT 4.0 Workshop (30 hrs) and Introduction to Teaching with Blackboard 6.0 Workshop (30hrs) with 3 (student) 1 year (Employee/Faculty - ITS) years working at the Help Desk to telephone and email requests.
- The Distance Learning Manager holds a degree in B.A. in General Studies with a minor in Management and has a background in electronics with 3 years purchasing, installing and maintaining video conferencing classrooms and equipment.
- The Senior Secretary has an AA degree in Secretary/Word Processing and has worked with WHCCD for 5 years and with Learning Resources for over a year.
- The Dean of Learning Resources holds a Masters degree in English and has fifteen years experience in distance learning management.

b. Technology and Facilities:

- Technology and software in the faculty multimedia labs, student email upgrades, and servers for both the Blackboard and student email servers, and 48 wireless laptops with charging stations were all purchased through the Title V Cooperative grant.

- Six state-of-the-art video conference classrooms were installed with the USDA/RUS grant.
- Student wireless laptops and video conference meeting room in the Coalinga Library, video conference classroom and wireless laptop program at the Huron Community Center, and four wireless laptop programs at high schools through out the district were installed as part of the *Community Access Project* through USDA/RUS grant funding.
- Staff in Learning Resources have had the opportunity to replace aging computers/laptops through Title V funding so as to provide.

21. *Describe departmental areas for improvement*

The ability to prioritize responding to multiple requests over short periods during peak busy times, finding ways to gather and store tracking data that can be more productive and easily retrieved are areas for improvement for the Learning Resources Department.

22. *Describe plan to correct identified weaknesses and improve the program. Suggest timelines and required resources as appropriate.*

The program has grown substantially over the last three semesters, so in the next academic year staff will analyze departmental areas that will need attention and improvement. The Learning Resources Department will hold retreats in summer 2006, similar to those held in summer 2005.

Section V. Communication

23. *Communicate Results*

- a. Review with immediate supervisor
- b. Chancellor's Cabinet
- c. WHC Coalinga College Consultation Committee
- d. WHC Lemoore Planning and Governance Council
- e. Chancellor's Executive Cabinet
 - * Discuss appropriateness of assignment to district or college.
- f. Board of Trustees

V. SUMMARY STATEMENT	9

FINANCIAL AID PROGRAM REVIEW FOR 2004 - 2005

I. GENERAL INFORMATION

Unit/Department: Financial Aid
Date Prepared: November 2004
Prepared by: Jill Stearns
Committee Members: Jana Cox
America Planas
Dr. Larry Rathbun

II. QUALITATIVE ANALYSIS

A. General Description of the program

The financial aid department is responsible for the processing and awarding of all need-based financial aid. The financial aid staff assists students with the Free Application for Federal Student Aid (FAFSA), electronically process applications received from the Central Processing System, verify eligibility for federal, state and local programs, awards aid, coordinates payment of awards with business services, reports disbursements of aid and reconciles payments with federal, state and local agencies.

B. Assumptions/trends unique to Student Activities that are likely to influence the department or profession; you may want to describe how the nature and needs of departments in your service area are changing; etc. (Example: The cash flow requirements due to multiple funding sources and the resulting draw-down provisions will continue to increase and will require more aggressive cash management procedures.)

It is assumed that the amount of financial aid awarded and number of students serviced by the financial aid department will continue to grow. Each academic year from 2000- 2003, an increase has been recorded in the number of Board of Governor Fee Waiver recipients. This steady growth parallels the growth in enrollment experienced by the District. The phase IIB expansion of the Lemoore campus will increase the course offerings and services available to students. Enrollment growth is anticipated for the North District Center (NDC) over the next ten years. Evening hours of financial aid service are critical to meeting student needs on the Lemoore and Firebaugh campuses. In order to maintain quality service to students, staffing patterns need to be reviewed annually.

- C. Program or service goal statements which form the core of the unit plan. In prioritized order describe the near term (3-Year) and long range (10-year) direction/vision for your department(s). Evaluate program goals using criteria, measures, and methods applicable to each goal. Describe what you want to do differently or more effectively in the future. (Example: Improve the cleanliness of classrooms prior to first-hour classes.)**
- Foster student centered service environment
 - Implement electronic communication of document tracking
 - Implement web-based forms
 - Develop updated policies and procedures

- D. Supplies: Describe the supply requirements of your existing department(s), as well as the effect that any proposed changes would have on the supplies required in the next three years. This statement should include the kinds and amounts of supplies needed, any anticipated costs, and the need for any computer software/technology.** Current paper files require the purchase of several thousand folders, labels, stickers, prongs, and countless reams of paper.

- E. Equipment: Describe the equipment requirements of your existing department, as well as the effect that any proposed changes would have on equipment required in the next three years. This statement should include a description of and rationale for new equipment or replacement of existing equipment and the estimated costs of the equipment. It should also include any on-going maintenance and installment requirements, as well as an estimate of the costs associated with these requirements.** Financial aid processing is a technology intensive operation. Employees are required to use many web based tools, Datatel, and Microsoft Office Suite applications. In addition, multiple usernames and passwords must be maintained and updated every 90 days according to federal guidelines. Staff must be proficient in computer operation in a Windows environment, Web navigation and email.
- The District IT policy calls for replacement of all computer hardware on a three year cycle. The implementation of a scanning/imaging system integrated with Datatel would eliminate the expense of paper file set up and maintenance. Scanning solutions and funding options are under review at the time of

writing. The scanning solution would eliminate the annual expense of paper files; however, it does have significant implementation and purchase costs.

F. Facilities: Please describe the need for facility modifications within your existing department or program and the effect that any proposed changes would have on the existing facilities in the next three years. This statement should include a description of the desired changes, the rationale for the changes, and a rough estimate of the costs. The financial aid department has staff assigned to the Coalinga and Lemoore college campuses and at the North District Center in Firebaugh. Each staff member is provided with an adequate workspace with appropriate technology resources and connectivity. On each site there are barriers to confidential communication with students and uninterrupted processing time. The director of financial aid is working with the financial aid coordinators to establish workflows that reduce the impact of the facility limitations. Additionally, the director of financial aid, in conjunction with the college presidents, deans of students and the grants department, is striving to identify possible solutions for financial aid facilities. The NDC does not currently have storage space required for onsite storage of requisite financial aid documentation.

G. Staffing: Please describe the staffing requirements of the existing department or program, as well as the effect any program changes would have on staffing in the next three years. This statement should include the need to retrain or to add staff for new and additional responsibilities, for anticipated enrollment increases, or for replacing anticipated retirements.

District Office : Director of Financial Aid

Coalinga : Financial Aid Coordinator

2 full-time Financial Aid Assistant I

1 part-time Financial Aid Assistant I

North District Center : 2 part-time Financial Aid Assistant I

Lemoore : Financial Aid Coordinator

2 full-time Financial Aid Assistant II

2 part-time Financial Aid Assistant I

Additional support currently comes from department funded student workers.

The ongoing enrollment growth at NDC has triggered the need of a full-time Financial Aid Assistant I position at that location. This would afford more autonomy of financial aid processing for the North District Center.

The implementation of scanning technology and data capture are currently being explored. This technology centered process would add another high tech process to the already tech-heavy financial aid department. When considered in conjunction with the existing technology employed by the department it is anticipated that a technology position will be needed within the next three years. It may be possible to reassign current staff to fill this technology

support position. This issue is under review by the director of financial aid, director of information technology services and director of business services.

- H. Staff Development Requirements: Please describe the department or program, as well as the effect any proposed changes would have on staffing in the next three years. This statement should include the need to retrain or to add staff for new and additional responsibilities, for anticipated enrollment increases, or for replacing anticipated retirements.**

All financial aid staff members require ongoing annual training as there are significant changes each award year that impact processing and regulation surrounding Title IV awarding and disbursement. Staff will require specific training in any new technology, process or procedure implemented by the department. Training is available at regional workshops, train the trainer events, web based training workshops, and at annual conferences. New staff requires a significant amount of peer-to-peer training, training by supervisory staff, and hands-on workshops.

- I. Additional Information (optional): Please provide any other information to describe, explain, justify, analyze, or clarify prospective departmental or program changes or needs anticipated in the next three years.**

The implementation of technology including improved work-flows, web-based forms, email communication, and scanning and data capture allow the financial aid staff to process greater numbers of student applicants in a shorter amount of time. The improved efficiencies have allowed the financial aid department to handle a significantly increased enrollment with little increase in staff. District FTES have increased 18 % from 3761.67 in 2000 to 4434.2 in 2003. During this same time frame the total amount of grant awards increased by 30% and the Financial Aid staff was increased by 30%. The increase in staffing afforded the opportunity to address and correct issues identified in the Cal Grant Program Report ID #80100117600; however, the staff is still stretched to meet the demands of reporting, processing, and student support.

- J. What factors did you use in determining the quality and success of this department? (Example: feedback from campus "clients", audit improvements, meeting mission statement and/or goals and objectives, etc.)**

Feedback from students is a most valuable tool in determining the financial aid department's quality of service. Additionally, the processing time required to get a student from the completed application with required documents, to fully awarded status can be measured and used as a year to year comparison. Further, a department audit was fundamental in identifying areas in need of improvement and provided a framework for focusing department efforts. Student surveys are planned for Spring 2005 and Spring 2006 to measure student satisfaction, identify areas for improvement, and to establish a baseline for current operation efficiencies.

- K. Identify the best ways to Measure the quality and success of this department or program. Conduct an evaluation of the program. Use a survey or questionnaire when appropriate to address questions. (Examples: How do the persons served by the program evaluate its adequacy or effectiveness? How do the services of this program**

compare to similar programs outside the College? By what processes does the program deal with complaints and continually up-grade services? Other methods might include matching or exceeding nationwide productivity measures, i.e. full-time staffing equivalent per square foot for M&O and per number of employees for Human Resources, feedback from campus “clients”, etc.)

Formal and informal survey methods are appropriate for measuring the quality and success of the financial aid department in terms of customer service satisfaction. Efficiency and timeliness of processing can be measured by the financial aid coordinators. Accuracy is measured by self-audit and reconciliation of all monies with the various granting entities. Recent audit results and 2003-2004 reconciliations show marked improvement over previous year end analysis. Pell reporting for 2001-2002 closed with a margin of error of 2.33 %, while 2003-2004 closed with a margin of only .10892%.

- L. Scheduling Patterns: Describe the daily or annual scheduling pattern that your department or area experiences and discuss whether these are appropriate or adequate for the goals of the program and for the population being served.**

Scheduling of the financial aid department is determined by the student services schedule of each college and center. At NDC the financial aid hours are 12PM to 10PM, Monday through Thursday. This has been determined as the best fit for the local students by the director of the center based on course scheduling.

West Hills College Coalinga has financial aid office hours from 8 AM – 5PM Monday through Friday. These hours mirror the student services building hours of operation. Additional evening hours are available during the first two weeks of each term.

West Hills College Lemoore offers financial aid services from 7:30 AM – 10 PM, Monday through Thursday and 7:30 AM – 5 PM on Friday. Staff is scheduled to meet the needs of the large number of evening students at the Lemoore college.

The staffing of the Coalinga and Lemoore colleges are appropriate for the program and the populations being served. The staffing at the North District Center is not sufficient to afford aid processing at that location.

- M. Which of the measures listed in L. above are you using or do you plan to use in the next year?**

The financial aid department will continue to schedule staff in a manner that matches the student services team at each location. This ensures consistent and reliable access to financial aid services.

III. QUANTITATIVE ANALYSIS

- A. Please provide a short, written commentary answering each of the following. Refer to information and data from the statistical report(s) for your program. (see sample)

	00/01		01/02		02/03		03/04	
	Students	Amount	Students	Amount	Students	Amount	Students	Amount
BOGW A	82	11,507	109	18,128	86	15,270	44	9,183
BOGW B	274	51,000	498	83,310	302	50,314	127	37,041
BOGW C	1,968	495,931	1,731	350,141	2,032	436,962	2,299	740,699
Cal Grant B	145	198,725	239	310,810	343	403,878	360	449,411
Cal Grant C	27	13,227	33	15,696	26	11,304	15	5,832
EOPS Grant	354	57,338	325	80,205	230	39,063	240	100,409
Pell Grant	1,544	2,824,823	1,470	3,130,243	1,560	3,332,832	1,621	3,524,862
SEOG	474	117,160	354	126,152	587	119,012	516	107,963
Total		\$ 3,769,711		\$ 4,114,685		\$ 4,408,635		\$ 4,975,400

1. How does the five-year enrollment trend for the district impact workload for your department?

The five-year enrollment trend suggests that the workload for the financial aid department will continue to increase, parallel to enrollment growth.

2. How does the increased/decreased staffing levels impact workload for your department?

At this time, there is no anticipated staffing increase. Thus individual workload will continue to expand. Implementation of technology solutions has served to maintain workloads at manageable levels. The addition of three full-time and one part-time position in the 2003-2004 academic year brought the department staffing to an acceptable level for current enrollment.

B. Productivity

It is imperative that the financial aid department operate with a high degree of productivity; while maintaining a student centered customer service environment. Over the next twenty-four months the financial aid department is focusing on projects that afford students web access to real-time financial aid information. It is anticipated that this will have a significant positive impact on productivity through the reduction of mail and phone contacts. The full impact of these changes will evident in the next 2 – 4 years.

C. General Operation

1. How well does your department provide adequate services to campus constituents? What criteria were used in this determination? (Example: surveys, e-mail responses, overall campus environment, self-assessment, etc.)

The financial aid department has failed to adequately supply services to campus constituents. This is based on student emails, phone contacts and incident reports. Additionally, these findings were evident in a self-assessment of the overall department operation. Significant changes have been implemented to address this issue. The changes include increased staffing, customer service training, and procedural efficiencies.

2. **Does your department meet or exceed expectations of state regulations and reporting requirements?**

At this time, the financial aid department meets or exceeds the expectations of state regulations and reporting requirements. The deficiencies identified in the *September 18-21, 2001, Program Compliance Office Cal Grant Program Review Report of 99/00 Award Year* have been corrected and measures implemented to remain within the awarding and reporting guidelines. Additionally, federal compliance with Return to Title IV regulations is now being met and past period processing is ongoing.

3. **What evidence exists or suggests that your department provides adequate services to campus constituents, excluding "client or customer" responses?**

Student applicants are being awarded the aid to which they are entitled, disbursements are being made according to the established schedule, compliance with federal regulations regarding all aspects of the financial aid is being upheld, reporting and reconciliation are being carried out within the established time parameters, growth in financial aid disbursement reflects district enrollment growth and increased Pell award thresholds.

4. **To what extent are the measurable goals of the program being met? (Example: what proportion of the student population that intends to transfer actually accomplish their goal?)**

Financial aid processing and awarding are being carried out with reasonable efficiency. 100% of eligible applicants are awarded aid.

D. Professional and Vocational Standards and Growth

1. **What procedures are being used to assure that current skill level of your employees is adequately meeting the needs of the district relative to your department fulfilling the district's mission, goals and objectives?**

Financial aid staff members receive training from a variety of sources. There are many conferences, workshops, and webinars each year. West Hills College sends representatives to as many of the training opportunities as the budget will allow. Information and skills obtained from these training opportunities is shared with the entire department via peer-to-peer training. This enables all staff to benefit from the training attended. It is critical that the department operate according to federal guidelines and be aware of the upcoming requirement changes for the next award year. Annual audits and self review ensure that the department fulfills district mission, goals and objectives while complying with all regulations.

2. **What procedures are being used to assure that the department uses current technology to perform its responsibilities?**

The financial aid director is responsible for ensuring that current technology is implemented in the department procedures. General letters from the Federal

Register, posted minimum computer configuration recommendations, and listserv mailings provide information necessary for determination of current technology implementation. Additionally, the director actively pursues knowledge of current technology through technical reading and participation in technology conferences and events.

3. **Individual Professional Growth: What evidence is there that both professional and vocational staff are staying current in their respective profession and trades vocations?** Professional and vocational staff attend multiple training sessions and receive peer-to-peer training on a regular and ongoing basis. The effective and efficient manner in which students are processed and awarded aid provides evidence of their current skill and professionalism.
4. **What recognitions and/or acknowledgments (awards, publications, promotions, memberships, etc.) have been given to staff within the last year?**
During 2004 the following recognitions or acknowledgements were awarded financial aid staff:
 - Two promotions from Financial Aid Assistant I to Financial Aid Assistant II
 - One Bachelor's degree earned
 - One tax professional license earned
 - One staff member recognized as CSEA employee of the year

E. Overall Changes

1. **Were there any significant changes in data or trends? Describe. (Example: increase in facilities; changes in landscaping; increase in staffing; implementations of hardware/software, increased applicant pool, increased program participants, etc.)**
Staffing was increased by two full-time coordinator positions, and one part-time financial aid assistant I position. There has also been a recent shift from paper to electronic FAFSA filings by 85% of West Hills College financial aid applicants.
2. **If changes occurred, what were the reasons for these changes? (Example: automation of financial aid; mailing of student invoices; planting of more perennials, increase outreach efforts, etc.)**
The increase in BFAP monies in the form of a BFAP supplement allocation afforded the increase in staffing for the financial aid department. The move from paper to electronic filing of FAFSAs is the result of both local and federal efforts to initiate this change. The electronic FAFSA decreases the processing time from 6 weeks to 48 hours allowing students to receive their awards in a much more timely fashion.
3. **Does analysis of the data suggest any changes are needed to improve program effectiveness: If so, what changes? (Example: too little/too much square foot**

custodial/maintenance per FTE staff; work order backlog increasing; purchase order turnaround time increasing, increased recruitment or retention efforts, etc.

The trend toward electronic filing and online forms suggests a need for all of our district financial aid forms to be made available on the West Hills College website. The website usage in the 2004 academic year exceeds by 20,000 hits per month the usage recorded in the 2003 academic year.

IV. PROGRAM ANALYSIS AND THREE-YEAR-PLAN

- **What were the major accomplishments of this department or area in the previous academic year: (Example: increased applicant pool, increased program participants.) Did these accomplishments meet your goals and objectives for the previous academic year?** Great improvements in efficiency have been made in the past year. These include the use of an auto-folder to prepare mailings, redesign of the call routing to increase the likelihood of incoming calls being answered and not forwarding to voicemail, implementation of a communication flow that eliminates mass emails to financial aid staff with open ended responses required, implementation of email and *My West Hills* as the primary means of communicating award information to students, elimination of redundancy of work by redesign of workflow processes, improved communication with financial aid accounting staff personnel in business services.

A. List other accomplishments that were not in the master plan.

The above efficiencies allowed the financial aid staff to focus greater attention on customer service and afforded the opportunity to individually review each student account for accuracy and to ensure that the student received all aid to which they are entitled.

Significant strides have been made in the overdue processing of Return to Title IV students. This ongoing effort is expected to be complete by December 31, 2005. All Return to Title IV processing is complete for the 2004 fall term.

B. Please create a three-year plan for this program using the analyses made in this review. Please use the attached "Three-Year-Plan" form. (see attached plan)

V. SUMMARY STATEMENT

What are the major conclusions on the state of your department? Summarize the plan for improving or maintaining the quality of the department. Identify strategies for the future.

Facilities continue to be a concern for the operation of the financial aid department. The current office space assignments do not afford sufficient levels of

confidentiality for students; further, the work-flow is hampered by the open layout of the student services operations on all three sites. Storage is a growing concern as Lemoore has quickly outgrown the planned storage area and Coalinga continues to struggle with ample storage for past year files.

Customer service and technology training will remain the focus for departmental development over the next three years.

WEST HILLS COMMUNITY COLLEGE
THREE-YEAR PLAN – Non-Instructional Departments
For
2004 through 2007

Unit/Department: Financial Aid

Date Plan Developed: Fall 2004

1) Operations:

- Continued implementation of new technology and communication tools
- Identify work-flow deficiencies and improve processes
- Develop comprehensive department policy and procedure manual
- Improve usability of financial aid website
- Build sense of financial aid team

2) Resources Needed:

a. Personnel

- Maintain current staffing levels until funding is secured for additional placements
- Identify opportunity to increase service hours at the North District Center
- Monitor growth of operation on all sites as means of determining staffing needs

b. Facilities

- Collaborate with campus administration to identify alternative office solutions
- Work in cooperation with grant service to identify alternative funding options for capital outlay for facilities

c. Professional Services

- Investigate EdFund as an alternative to Direct Loans

d. Travel

- Maintain focus on travel for training and professional development
- Identify travel training opportunities for all job classifications

e. Contractors/Sub-contractors

- Limit use of contractors through increased training of department staff

f. Supplies

- Supply needs will continue to grow with increased numbers of financial aid applicants

g. Other

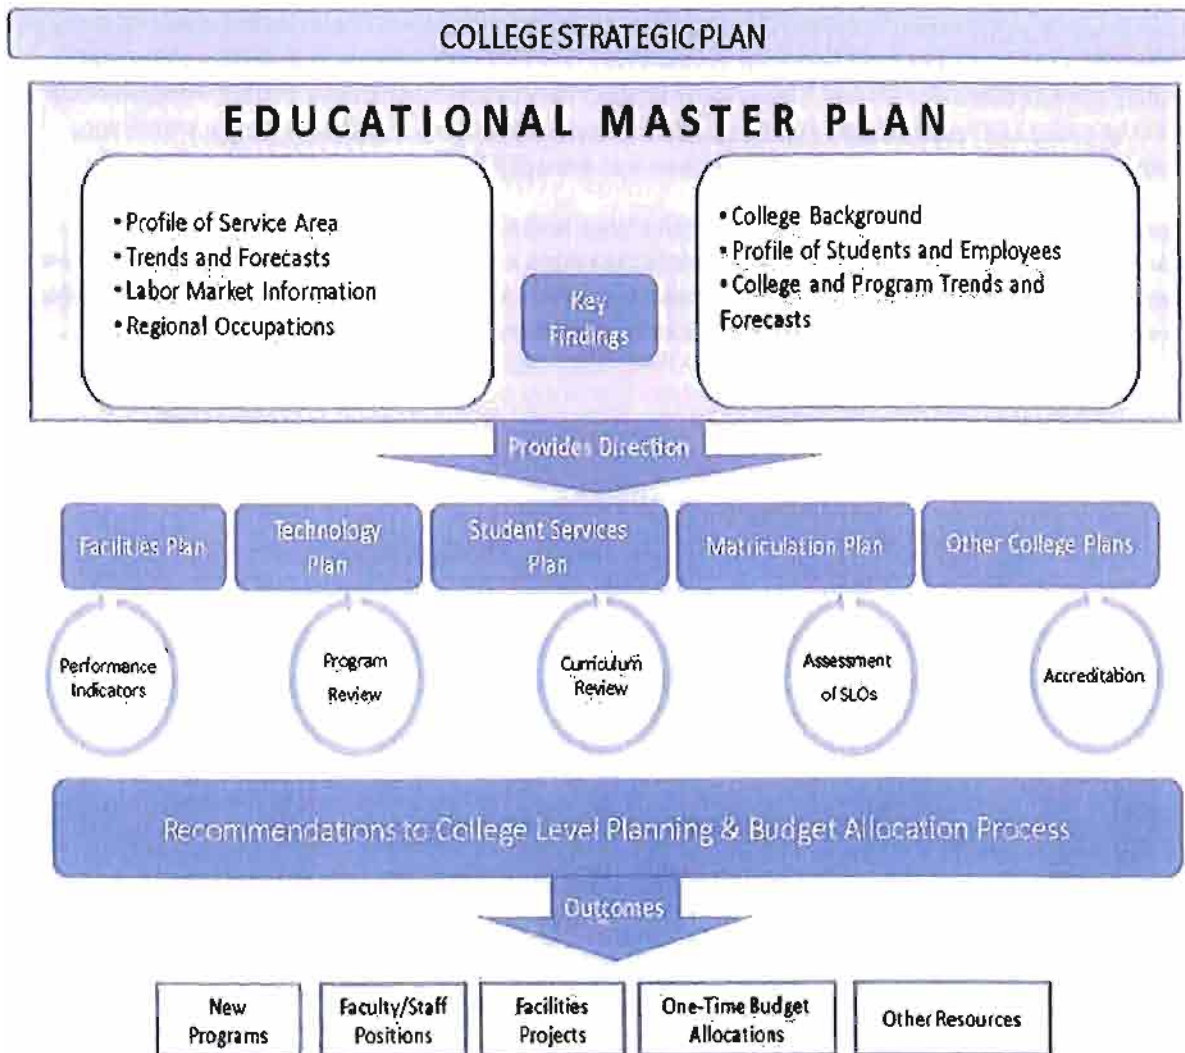

- Implement 3 year replacement plan for all department computers

Master Plan Framework

This Educational Master Plan of West Hills College Lemoore is being constructed at a particularly important juncture in our history as a college. WHC Lemoore received initial accreditation from the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges in June 2006. As one of the newest colleges in the California community college system, we are poised to realize our vision as a premiere, interactive learner-centered college.

Our Educational Master Plan gives direction to the planning processes of the college by providing a clear snapshot of our educational programs. It provides a thorough examination of internal and external trends. It serves as a primary resource for the development and update of other college plans. And it helps to identify our strengths, limitations, and capabilities -- and offer possibilities for the future.

The framework of this plan provides for an Educational Master Plan that is fluid and vital so we can respond to the community we serve.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
West Hills Community College District
Coalinga, California

We have audited the accompanying basic financial statements of the business-type activities of West Hills Community College District (the District) as of and for the years ended June 30, 2009 and 2008, and its discretely presented component unit West Hills Community College District Foundation as listed in the Table of Contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of West Hills Community College District Foundation (the Foundation) were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of West Hills Community College District and its discretely presented component unit as of June 30, 2009 and 2008, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in the Notes to the Financial Statements, the accompanying financial statements reflect certain changes required as a result of the implementation of Governmental Accounting Standards Board (GASB) Statement No. 45 for the year ended June 30, 2009.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2010, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and is important for assessing the results of our audit.

The required supplementary information such as the Management's Discussion and Analysis and Other Postemployment Benefit Funding Progress, as listed in the Table of Contents, is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of the District's management. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the table of contents, including the Schedule of Expenditures of Federal Awards, which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

In June 1999, the Government Accounting Standards Board (GASB) issued Statement No. 34, "*Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*," which established a new reporting format for annual financial statements of governmental entities. In November 1999, GASB issued Statement No. 35, "*Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*," which applies these new reporting standards to public colleges and universities such as the West Hills Community College District (the District). The following discussion and analysis provides an overview of the District's financial activity. This report presents this information in a comparative format. Responsibility for the completeness and fairness of this information rests with the District.

USING THIS ANNUAL REPORT

As required by accounting principles, the annual report consists of three basic financial statements that provide information on the District's activities as a whole: the Statement of Net Assets; the Statement of Revenues, Expenses, and Changes in Net Assets; and the Statement of Cash Flows.

The focus of the Statement of Net Assets is designed to be similar to bottom line results for the District. This statement combines and consolidates current financial resources (net short-term spendable resources) with capital assets and long-term obligations. The Statement of Revenues, Expenses, and Changes in Net Assets focuses on the costs of the District's operational activities, which are supported mainly by property taxes and by State and other revenues. This approach is intended to summarize and simplify the user's analysis of the cost of various District services to students and the public. The Statement of Cash Flows provides an analysis of the sources and uses of cash within the operations of the District.

WEST HILLS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2009

FINANCIAL HIGHLIGHTS

- The District's primary funding source is "State Apportionment as defined by SB 361" received from the State of California through the State System's Office. These funds are comprised of State apportionment, local property taxes, and student enrollment fees. The primary basis of this apportionment is the calculation of Full-Time Equivalent Students (FTES). During the 2008-09 fiscal year, the District's actual FTES were comprised of 4,972 credit FTES and 486 non-credit FTES for a total of 5,458 FTES, an increase of 409 FTES (8.1%) from the 2007-08 fiscal year; however the district was only funded for 5,200 FTES. These FTES are generated at the District's Coalinga and Lemoore College campuses, as well as various satellite locations.
- The District ended the year with an Unrestricted General Fund balance of approximately \$1.9 million. The State Chancellor's Office recommends reserve levels of five percent of unrestricted General Fund expenditures be set aside for economic uncertainties. The District met this requirement with approximately 5.4 % in reserves.
- The primary expenditure of the District is for the salaries and benefits of the Academic, Classified, and Administrative salaries of District employees. These costs increased over the 2007-08 fiscal year by approximately \$3.0 million. In addition to the costs for current employees' insurance coverage, the District provides insurance benefits to retirees meeting plan eligibility requirements.
- The District began several construction and modernization projects throughout the District. These projects will be funded through various financial vehicles, including various maintenance and construction projects funded through the State Chancellor's Office.
- The District provides student financial aid to qualifying students of the District in the amount of approximately \$9.6 million. This aid is provided through grants, and loans from the Federal government, State Chancellor's Office, and local funding.

WEST HILLS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

Condensed financial information is as follows: (in thousands)

NET ASSETS

As of June 30, 2009, 2008, and 2007

	June 30, 2009	June 30, 2008	Change	June 30, 2007	Change

Interest income	3,988	1,934	2,054	2,624	(690)
Interest expense	(3,753)	(2,953)	(800)	(2,873)	(80)
Other non-operating revenues	4,602	7,354	(2,752)	7,249	105
Total Nonoperating Revenues	<u>60,576</u>	<u>58,724</u>	<u>1,852</u>	<u>37,191</u>	<u>21,533</u>
OTHER REVENUES					
State revenues, capital	2,351	708	1,643	791	(83)
Local revenues, capital	31	-	31	154	(154)
Total Other Revenues	<u>2,382</u>	<u>708</u>	<u>1,674</u>	<u>945</u>	<u>(237)</u>
NET INCREASE (DECREASE) IN NET ASSETS	<u>\$ (77)</u>	<u>\$ 2,500</u>	<u>\$ (2,577)</u>	<u>\$ 6,378</u>	<u>\$ (3,878)</u>

This schedule has been prepared from the Statement of Revenues, Expenses and Changes in Net Assets presented on page 12.

The operating revenue for the District is specifically defined as revenues from users of the colleges' facilities and programs. Excluded from the operating revenues are the components of the primary source of District funding - the State apportionment process. These components include the State apportionment and local property taxes. As these sources of revenue are from the general population of the State of California, and not from the direct users of the educational services, they are considered to be nonoperating. As a result, the operating loss of \$63 million is balanced by the other funding sources leading to a decrease in the District's net assets of \$77 thousand.

WEST HILLS COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2009

Auxiliary revenue consists of Food Service revenues. The bookstore sold its inventory of books, supplies, and other items to an outside agency to operate. Those proceeds are reflected as the bookstore sales for the 2008-09 fiscal year. The Food Service operation provides meals to the students and faculty of the college.

Grant and contract revenues relate to student financial aid, as well as specific Federal and State grants received for programs serving the students of the District. These grant and program revenues are restricted as to the allowable expenses related to the programs.

The interest income is primarily the result of cash held at the Fresno County Treasurer. The interest expense relates to interest payments on the long-term debt which is described in Note 10 of the financial statements.

The District is recording the depreciation expense related to capital assets. The detail of the changes in capital assets for the year is included in the notes to the financial statements as Note 6.

Statement of Cash Flows for the Years Ended June 30, 2009, 2008, and 2007

The Statement of Cash Flows provides information about cash receipts and payments during the year. This statement also assists users in assessing the District's ability to meet its obligations as they come due and its need for external financing.

	<u>June 30, 2009</u>	<u>June 30, 2008</u>	<u>Difference</u>	<u>June 30, 2007</u>	<u>Difference</u>
CASH PROVIDED BY (USED IN)					
Operating activities	\$ (60,686)	\$ (54,385)	\$ (6,301)	\$ (26,464)	\$ (27,921)
Noncapital financing activities	57,316	59,690	(2,374)	34,607	25,083
Capital financing activities	11,844	(7,589)	19,433	(3,813)	(3,776)
Investing activities	3,954	2,015	1,939	2,540	(525)
Net Increase in Cash and Cash Equivalents	<u>\$ 12,428</u>	<u>\$ (269)</u>	<u>\$ 12,697</u>	<u>\$ 6,870</u>	<u>\$ (7,139)</u>

The primary operating receipts are student tuition and fees and Federal, State, and local grants and contracts. The primary operating expense of the District is the payment of salaries and benefits to instructional and classified support staff, as well as District administrators.

While State apportionment and property taxes are the primary source of non-capital related revenue, the new GASB accounting standards require that this source of revenue is shown as nonoperating revenue as it come from the general resources of the State and not from the primary users of the colleges' programs and services (students). The District depends upon this funding as the primary source of funds to continue the current level of operations.

**WEST HILLS COMMUNITY COLLEGE DISTRICT
BUDGET DEVELOPMENT CALENDAR**

DATE	ITEM	RESPONSIBILITY
Mid January	Distribute Budget Worksheet forms to College President. College Presidents shall distribute forms per college procedure. Vice Chancellor shall distribute forms to district office Department managers.	Vice Chancellor College Presidents Vice Chancellor

President's Executive Cabinet
October 7, 2010 – 2:00 p.m.
Conf. Rm. 124

Minutes

Members Present:

Bob Clement, Jose Lopez, Jody Ruble, Marlon Hall, Dave Bolt, Don Warkentin

1. Update on SLO progress for courses and programs

Dave reported that David has redesigned the team site. He stated that he believes WHCL is in better standing with program level SLO than many colleges. Don recommended that administrators invite David and/or Ron Oxford to the learning area meetings for direction/discussion toward progressing on SLO. By December our numbers should be 100% better.

2. SB 1440

Dave explained that this is a new bill which will be commencing with the fall term 2012. He provided explanation of SB 1440. Don questioned if colleges maintain their local requirement for PE. This is a concern for the DECC. Jose questioned what happens to the large number of students that are over 70 units. This will really only benefit an incoming freshman who knows exactly what they want to do. Bob voiced that this is a big concern. This will be important for the PE Learning Area representative to take to the Curriculum Committee.

3. Update on Program Review progress

Dave reported that there had been two to three program review parties. He distributed the program review schedule. All instructional program reviews due are being worked on. The due date is December 1st. CTE and the Administrative Office reviews have been assessed and we are waiting for Pedro's analysis.

At the next PIT meeting we will discuss the District Office program reviews schedule. The next program review party is next Friday 10/15 from 10-12.

4. Procedure for Student Lunches

Don stated that he would like staff to use their own credit cards for travel and submit for reimbursement. Only in emergency cases should the credit card be used.

5. Accreditation Update

Dave reported that the self study is being reviewed by a consultant, a retired WASC commissioner.

6. Safety Concerns

Jose reported that there was gang graffiti found in the 200 bldg. bathroom. A campus crime report will be completed and sent. A team site will be created as statistics have to be made public. This will include board policy and administrative policies.

7. New Staff Positions

There will be two full-time faculty will be hired. One is for a Physics and Engineering position to replace Rebecca Neves. It is posted on the web site and being sent to local engineering companies. It will also be sent electronically nationwide to 4 yr. colleges. The second is a nursing position which is grant funded. There have been 200 student applications for our 24 student nursing slots. Now that the new hospital is opening they would like us to help with their educational needs.

8. CBA Workshop

Dave would like to organize a workshop. He is interested to know when all are available. He is considering October 22nd at 9 – 10:30 a.m.

9. Budget Update

This item was not discussed at this time.

10. Other

The Lemoore Rotary Crab Feed is on Nov. 6

The Hanford West Athletic Boosters Crab Feed on October 16th.

Don would like website concerns sent to Glenda to compile for him to address.

Web site concerns should be submitted and then brought to Lenore Simonson's attention.

Next Meeting: October 21, 2010

Their accuracy and completeness is not guaranteed and the giving of the same is not deemed a solicitation on our part with respect to the purchase or sale of any securities or commodities.

Portfolio Risk Management Discussion

We have instituted several interest rate risk management strategies to partially offset the impact of possible higher rates. Three of these strategies are described below:

1. The integration of "Step-Up" Coupon Bonds

These bonds fall within the same maturity parameters outlined in your investment policy. However, unlike your standard coupon bond structure, these bonds gradually increase their coupons over time if not called away. The stated coupon at purchase will never go below a certain level. For instance, we have placed the following bond in the portfolio:

LaSalle Funding Corporation

Rating: AA/AA

Initial Coupon: 3.00%

Stated Final Maturity: 6/15/08

Callable: Semiannually until maturity

Coupon step-up structure: 3.00% to 6/15/05, 3.50% to 6/15/06, 4.00% to 6/15/07, 7.00% to 6/15/08

2. The integration of "Premium" Coupon Bonds

These bonds have a higher coupon rate than currently issued bonds. Thus, they are currently trading at a "premium" to their par value. We have integrated several of these types of bonds into the portfolio. The primary reason for this strategy is to achieve greater portfolio stability and higher possible rates of return, due to reinvestment.

3. The integration of "Floating-Rate" Coupon Bonds

These bonds have a variable rate coupon that trends with interest rates providing stability of principal.

The strategy is similar to the "Step-Up" bonds, however, the coupon resets on a more frequent basis, i.e. monthly or quarterly. As these bonds pay the "current" rate they are categorized as one year maturities.

**Fundable Area Budget Committee Request
2009-10**

Taschen Basic Art Series	30 titles @\$10 each=\$300	Books for Art Lab
Portable Exhibition Panels Sax Arts & Crafts Exhibition Panels	4@ \$2,287.71 each =\$8864	Panels to be used for exhibiting art at various locations on campus.

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

1. Purpose. This Memorandum of Understanding (MOU) is established between Commander, Navy Region Southwest (CNRSW) and West Hills College, hereinafter referred to as the "Academic Institution" or "AI", in accordance with references (a) through (d). The purpose of this MOU is to provide guidelines for the delivery of educational and advisement services to active duty personnel, reservists, retired military personnel and Department of Defense employees, the adult family members of these categories, and other eligible civilians having access to the following Navy Region Southwest (NRSW) installations:

- a. Naval Base Coronado (NBC);
- b. Naval Base Point Loma (NBPL);
- c. Naval Base San Diego (NBSD);
- d. Naval Base Ventura County (NBVC);
- e. Naval Air Station Fallon (NASF);
- f. Naval Air Station Lemoore (NASL);
- g. Naval Air Facility El Centro (NAF El Centro);
- h. Naval Air Weapons Station China Lake (NAWS China Lake);
- i. Naval Weapons Station Seal Beach (NWS Seal Beach).

2. Scope of Agreement

a. This MOU defines the relationship between the NRSW installation commanding officers specified herein, [hereinafter referred to as an "Installation Commanding Officer" or "ICO"], and the AI for specified educational services on board their NRSW installation. The AI in this MOU provides educational programs, on-base classes, at one or more of the following:

- (1) Naval Base Coronado (NBC)
- (2) Naval Base Point Loma (NBPL)
- (3) Naval Base San Diego (NBSD)
- (4) Naval Base Ventura County (NBVC)
- (5) Naval Air Station Fallon (NASF)
- (6) Naval Air Station Lemoore (NASL)
- (7) Naval Air Facility El Centro (NAF El Centro)
- (8) Naval Air Weapons Station China Lake (NAWS China Lake)
- (9) Naval Weapons Station Seal Beach (NWS Seal Beach).

b. This MOU shall become effective upon signature of both parties (CNRSW and AI). This MOU will remain in effect for five years, subject to the provisions in paragraph 10, "Succession of

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

Agreements, Modification, and Termination" below. In accordance with reference (d), this MOU will be reviewed every three years.

c. This MOU is not to be construed in any way as giving rise to a contractual obligation of Navy funds to the AI, which would be contrary to federal law.

3. Administration

a. This MOU shall be administered by the Director of the Navy College Office (DNCO) at each specified NRSW installation herein on behalf of the ICO. The DNCO assigned to each base is designated as the ICO's technical representative for the purpose of inspection and acceptance of services. Actions by the ICO affecting this agreement will be coordinated with the AI prior to taking such actions, except in the case of a declared emergency.

b. This MOU shall be administered for the AI by the individual so designated by the AI who shall ensure adequate supervision of the institutional quality and academic standards. Administrative actions affecting this agreement taken by the AI designated representative must be coordinated with the ICO and DNCO prior to taking such action.

4. Enclosures. This agreement shall have the following documents attached as part of this MOU prior to being signed by either party:

a. Enclosure (1): A copy of the accrediting letter from the appropriate institutional accrediting body indicating the most recent accrediting status for the AI.

b. Enclosure (2): A copy of the type and scope of programs and courses to be offered. This attachment must include course descriptions, specific provisions for quality review of courses and programs, and admission standards and transfer of credit policies.

c. Enclosure (3): A copy of the AI procedures for approving faculty and for providing academic advisement for students.

d. Enclosure (4): Copies of the AI's tuition, fees, and refund policies.

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

e. Enclosure (5): The AI's policy for acceptance of College Level Examination Program (CLEP) General and Subject exams, and Defense Activity for Non-Traditional Education Support (DANTES) Subject Standardized Test (DSSTs), and Excelsior College Examination Program (ECE), to include minimum passing scores and the maximum amount of CLEP/DANTES/ECE credit accepted.

f. Enclosure (6): Verification of membership in Servicemembers Opportunity College Navy (SOCNAV) and inclusion of the degrees offered on base in the SOCNAV Network. If not already a member of SOCNAV, the AI shall submit a copy of their application for membership.

g. Enclosure (7): Identification of all Navy College Points of Contact by installation.

5. Definitions

a. The words "Academic Institution" abbreviated as AI, means that the AI is providing educational services on board one or more of the following:

- (1) Naval Base Coronado (NBC)
- (2) Naval Base Point Loma (NBPL)
- (3) Naval Base San Diego (NBSD)
- (4) Naval Base Ventura County (NBVC)
- (5) Naval Air Station Fallon (NASF)
- (6) Naval Air Station Lemoore (NASL)
- (7) Naval Air Facility El Centro (NAF El Centro)
- (8) Naval Air Weapons Station China Lake (NAWS China Lake)
- (9) Naval Weapons Station Seal Beach (NWS Seal Beach)

b. The word "Catalog" or "Bulletin" means a specific document by which the AI publicly announces the conditions for enrollment and program/course offerings.

c. The words "Installation Commanding Officer," abbreviated as ICO, means the Commanding Officer or his or her designated representative at a NRSW installation.

d. The term "Director of the Navy College Office," abbreviated as DNCO, refers to those individuals that have been

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

assigned additional duty to the ICO of a NRSW installation, as principal advisor on off-duty education matters. Points of contact associated with this MOU are included in enclosure (9).

e. The word "course" means an instructional unit, delivered through a variety of media or formats.

f. The word "fees" means those amounts payable by the student, which are directly related to enrollment in the AI or to a specific course delivered by that institution.

g. The term "Military Installation Voluntary Education Review" (MIVER) refers to a third party, which evaluates voluntary education programs as they are implemented and operated on installations.

h. The words "Site Director, VU" means the single person responsible for carrying out this agreement for the AI, employed by the AI on the installation(s).

i. The term "Resident Center Office" refers to the office(s) in which the academic institution provides educational services in a regular or part time capacity on the installation(s).

j. The word "student" means: 1) military personnel (active and reserve); 2) retired military personnel; 3) Department of the Navy and Department of Defense civilian employees; 4) family members of any of (1) through (3); or 5) other civilians on a space available basis when civilian enrollment is in the best interest of the base program.

k. The word "term" refers to the period of time into which the academic year is divided.

l. The words "term schedule" refers to a listing of courses, dates, times offered, instructors, and room assignments.

m. The word "tuition" means the amount of money charged the student by the AI for instruction per semester hour, quarter hour or unit, not including fees or texts.

6. Responsibilities of ICOs. The ICO shall be responsible for determining the local voluntary education program needs for the

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

military population to be served in accordance with Navy College Program policy and for selecting the off-duty educational programs to provide on base. The ICO, in partnership with CU, shall provide support essential to operating effective educational programs. All services provided will be commensurate with the availability of resources (personnel, funds, equipment). This support includes:

a. Office and Classroom. When available, classrooms will be provided for each class conducted and office space will be provided for the AI personnel. The adequacy of both classroom and office space will be determined by the CO.

b. Repairs and Utilities. Provide repairs as required to maintain office and classroom space in good condition. "Good condition" shall be determined by the CO. Provide utilities, e.g., electricity, water, and heat.

c. Office and Classroom Furnishings. Provide standard office and classroom furnishings within available resources. The AI will provide any specialized equipment required to operate the office or conduct classes.

d. Janitorial Services. Janitorial services will be provided in accordance with installation facility management policies. The AI, in the person of the individual instructor, shall be responsible for leaving the classroom spaces in clean condition at the end of each class.

e. Parking. Parking at NRSW installations for the AI of this MOU will be addressed separately by the ICO of each installation, as appropriate.

7. Responsibilities of the ICO that May Be Delegated to the Director, Navy College Office

a. Counseling/Advisement. An ICO shall delegate the responsibility to provide education counseling/advisement for military personnel to the DNCO. The DNCO shall provide education counseling/advisement to all eligible personnel at NRSW installations.

b. Other Responsibilities. DNCO responsibilities are implemented under authority of reference (b). DNCOs are not

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

separate signatories of this MOU, but they will receive a copy of this MOU. The ICO shall advise the DNCO, upon initial appointment, of his or her responsibilities as the ICO's representative to administer the installation's Voluntary Education Program (VEP) and to act as a principal advisor to the ICO on all matters of educational concern. The DNCO, where applicable, shall ensure liaison is maintained between all afloat commands requesting academic services. The DNCO shall also develop and maintain liaison with educational institutions that provide support to voluntary education. The initial appointment and delegation of responsibilities, and any changes, will be provided in writing to the DNCO. The ICO may adjust these assignments as needed. The ICO may rely upon the DNCO, partially or in whole, in carrying out the following responsibilities:

(1) Program Evaluation. The ICO, at his/her discretion, may evaluate the AI's overall program effectiveness, course(s), and the AI's customer service to determine if such is in conformance with this MOU. Within ten days of such evaluation, the ICO shall submit his/her findings in writing to the AI with a copy to CNRSW. The AI shall have 30 calendar days to investigate, review, and provide the ICO a written discussion of the findings.

(2) Publicity. The ICO shall assist in publicizing the AI education programs encompassed by this MOU within the geographical area of his/her installation. Assistance may include use of the Base Plan of the Day/Week, newspapers, radio/TV station, and other appropriate internal media. All publicity input shall be submitted by the AI to the ICO and DNCO before dissemination. AI staff may be invited to accompany education staff to activities such as Command Indoctrination Programs and General Military Training (GMT) sessions. AI will assume responsibility for the reproduction and distribution of publicity to the Navy College Offices, which will ensure local distribution.

(3) Reports. Each ICO shall provide the electronic format for reports and other records as required to support this MOU.

8. Responsibilities of the AI

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

a. Program Offerings

(1) Membership in Servicemembers Opportunity Colleges Navy (SOCNAV). The AI hereby agrees to become a member of SOCNAV. The AI shall agree to SOCNAV principles and criteria. If not a member when this agreement is signed, the AI must be accepted for membership in SOCNAV within six months of the signatures on this agreement or this agreement becomes null and void. Application for SOCNAV membership shall include submitting the degrees offered on base for inclusion in the SOCNAV Degree network.

(2) The AI shall provide the necessary instructional and administrative personnel to deliver courses leading to the attainment of the degree(s) referenced in paragraph 8.a. (5) below.

(3) The AI shall provide academic counseling to all eligible personnel who visit their resident office, and be flexible in accommodating special military schedules.

(4) Priorities for class enrollment shall be as follows:

- (a) Military personnel (active and reserve)
- (b) Retired military personnel
- (c) DoD civilian employees
- (d) Adult family members of (a) through (c)
- (e) Other civilians on a space available basis

(5) The AI can offer approved degrees at:

- (a) Naval Base Coronado (NBC)
- (b) Naval Base Point Loma (NBPL)
- (c) Naval Base San Diego (NBSD)
- (d) Naval Base Ventura County (NBVC)
- (e) Naval Air Station Fallon (NASF)
- (f) Naval Air Station Lemoore (NASL)
- (g) Naval Air Facility El Centro (NAF El Centro)
- (h) Naval Air Weapons Station China Lake (NAWS China Lake)
- (i) Naval Weapons Station Seal Beach (NWS Seal Beach)

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

When mutually acceptable to the ICO and the AI, any additional SOCNAV degrees that are approved may be added to this MOU by an addendum.

(6) The AI shall develop a long-range schedule in coordination with the DNCO and maintain an ongoing two-year schedule of course offerings in support of on-base degree programs as mutually agreed upon by the ICO and the AI.

b. Library Support. The AI shall provide and arrange for library resources and other academic references and research resources in print or on-line format, whichever is appropriate or necessary to support the courses offered. These arrangements will be in accordance with the standards of the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges. Neither the AI, nor the ICO guarantee a library on base. At a minimum, the AI will include electronic access to the main campus library materials, and professional services, as well as periodicals and books, especially when an on-base library is not available. Where there is an on-base library and electronic access is not available, the AI will make Inter-Library Loan (ILL) processes available through the on-base library. The installation professional librarian (IPL), where available, will have full access to these services, as well as the on-line interlibrary loan system, acting as an intermediary for military personnel in the ILL process. Acquisitions to be placed at a NRSW installation will be approved by a professional librarian, or the Director of the Navy College Office, before being accepted.

c. Course Terms. The AI shall offer and prepare a term schedule of courses to be offered each calendar year, or as mutually agreed upon by the ICO and the AI.

d. Publicity. The AI shall be responsible for preparation of publicity of a general nature concerning programs offered by this MOU. All publicity input shall be submitted by the AI to the DNCO prior to dissemination in accordance with paragraph 7.b. (2). Provision of funds for funded publicity/marketing by AI program(s) is the sole responsibility of the AI.

e. Resident Campus Credit. The AI shall guarantee that students completing courses for credit will receive resident campus credit.

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

f. Credit for Previous Training.

(1) Applicants matriculated at VU Institutions will receive an official evaluation of all previous work including military experience and DANTES exams.

(2) The AI shall award credit as appropriate for degree option, for military school and experience as recommended by the American Council on Education (ACE).

g. Servicemembers Opportunity College Navy (SOCNAV).

(1) The AI shall complete an unofficial evaluation of military experiences, prior college courses, and CLEP/DSST/ECE exams upon request for all potential active duty students.

(2) Within sixty days after completing two courses with the college, the AI shall complete an official evaluation of military experiences, prior college courses and CLEP/DSST/ECE exams in accordance with SOCNAV Degree network guidelines and principles. After the student has paid the matriculation fee (if required) and arranged for submission of prior college transcripts, and has submitted a Sailor/Marine/ACE Registry Transcript (SMART), and other military documentation deemed appropriate by the institution, the college shall complete a formal evaluation of the student's prior learning on the SOCNAV Student Agreement form. Copies of the evaluation will be provided to the student, the DNCO, and SOCNAV.

h. Admission. The AI guarantees that admission standards and requirements for students admitted to courses specified in this agreement shall not exceed those of applicants seeking admission to the classes conducted on the AI's main campus.

i. Veterans Assistance. The AI shall be responsible for obtaining Veterans Administration (VA) determination governing approval of programs specified in this agreement.

j. Diploma(s)/ Degree(s)/ Graduation

(1) The AI shall issue, at no cost to the government,

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

Certificates(s) of Completion, diploma(s), and/or degree(s) to each student who completes the program requirements and has met all financial obligations.

(2) The AI shall make no distinction on any credential to reflect that the course(s) or program(s) were not conducted on the home campus.

(3) When feasible and in agreement with the ICO and DNCO, the AI should conduct, at no cost to the Government, an annual graduation ceremony. If the institution is within commuting distance of the base, students may attend the on campus graduation. The AI shall be responsible for graduation degrees, publicity, programs, invitations, etc.

k. Data and Reports. The AI shall provide, when requested by the ICO and/or DNCO, and as allowed by law, electronic reports on all students as defined in paragraph 5.j. above, pertaining to courses of instruction completed under this MOU agreement, using the template provided by the ICO and acceptable software application(s). This includes, but is not limited to, tuition assistance transactions, final course grades for students using Tuition Assistance, degrees awarded, certificates earned, SOCNV Student Agreements, courses offered, class rosters and military graduation. Requests for reports may be made at any time, but shall not be later than three years after termination of this MOU. Responses to all requests for reports should be provided within 10 working days of the date of request.

1. Tuition, Fees, and Refund Policy

(1) The AI may amend the tuition and fee structure only after sixty days written notice to the ICO. In no event can tuition and fees be amended for a term already in session.

(2) The AI is solely responsible for the collection of monies owed to the AI by its students.

(3) The AI shall pay refunds in accordance with the refund policy stated in the AI catalog.

(4) Any refund of Tuition Assistance funds will be paid to the Navy. Should the refund exceed the Navy's original

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

Tuition Assistance dollar share, the institution shall pay the excess to the student.

(5) In the event a course is cancelled by the AI due to no fault of the U.S. Government, the AI shall refund to the Government and/or the student (in line with paragraph 4 above), 100 percent of the tuition and fees paid for the course.

m. Office/Classroom Space

(1) The AI shall utilize only those office spaces and classrooms specifically designated by the ICO for the AI's use. No class shall be scheduled without a classroom having been previously assigned specifically for that class.

(2) The AI shall be responsible for cleaning off desks, cleaning chalkboards/white boards, placing/emptying trash in appropriate receptacles, and returning all furniture to original positions at the close of class.

n. Safety, Damages, and Claims. The AI shall exercise reasonable care to prevent accidents, injury, or damage to employees, students, and property. The AI agrees to indemnify and hold harmless the Government of the United States, its agencies, and instrumentalities, against all suits, actions, claims, costs, or demands for death, personal injury, and property damage to which Government of the United States, its agencies, and instrumentalities might be subjected and/or held liable for damage arising or resulting from the fault, negligence, wrongful act, or omission of the AI, its employees, or agents in the performance of the required services of this agreement.

o. Office Management.

(1) The AI and the DNCO will determine the Resident Center office hours. The DNCO will post and publicize the established office hours. The AI will be strictly adhered to established office hours. Change of office hours will be approved by the ICO or DNCO.

(2) The AI shall provide all necessary clerical assistance to support its program.

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

(3) The AI shall require that its employees and enrolled students adhere to U.S. Government and base regulations as may be applicable to them concerning standards of conduct. All employees and enrolled students of the AI shall fulfill any local base requirements, which may be established as a condition of entry to the base.

p. Course Schedule

(1) The AI shall prepare a term schedule of all courses to be offered, four weeks prior to the start of the next term. The course schedule shall be approved by the DNCO or the ICO.

(2) The AI shall prepare and keep current a projected term schedule of courses to be offered at least for the two terms beyond the current term.

(3) When feasible, courses shall be made available in a sequential manner to ensure that students have an opportunity to take all of the required courses for graduation.

q. Qualified Instructors. The AI shall provide instructors who meet the criteria established by the AI to qualify as main campus faculty, and who have been certified as qualified to teach the specific course on the main campus. The AI shall not allow any instructor to teach for any term knowing that the instructor may not or will not meet required qualifications.

r. Course Outline. The AI shall develop a standard course outline for each course offered. If requested by the ICO or DNCO, the AI will provide a copy of the course syllabus prior to registration. A copy of the outline will be distributed to each student at the first class meeting.

s. Evaluation/Class Visits. The AI shall maintain attendance rosters and ensure make up classes are scheduled. Periodic class visits will be made by the AI's designated representative. Rosters will be provided to the ICO or DNCO upon request.

t. Counseling. The AI shall provide on-base program guidance to students.

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

u. Support/Equipment

(1) Unless prohibited by the base, the AI shall provide all necessary office equipment including copy machines, facsimile (FAX) machines, and computers.

(2) The AI shall provide all classrooms and laboratory support materials to include but not limited to TVs, VCR equipment, overhead projectors, computers, printers and software.

(3) The AI shall provide its own commercial telephone and installation cost will be at the expense of the AI. Defense Systems Network (DSN) lines will not be given to the AI.

v. Regulation. The AI shall be in compliance with the Federal Education Records and Privacy Act (FERPA), (20 U.S.C. § 1232g; 34 CFR Part 99) when submitting the electronic format for reports and other records to support this MOU.

w. Program Evaluation

(1) The AI shall permit evaluation of on-base courses and programs by teams of evaluators designated by such agencies as Military Installation Voluntary Education Review (MIVER) and their appropriate accrediting association in support of the local Navy College Program.

(2) The AI shall sustain the costs of any and all base visits/evaluations of their program deemed necessary by MIVER, and the appropriate accrediting association.

x. Security. The AI will coordinate with the DNCO to ensure that all entry credentials for AI staff, Instructors, and students are in compliance with any and all security requirements.

9. Disputes. Except as otherwise provided in this agreement, any dispute concerning an interpretation of, or a question of fact arising under this MOU or its application, which is not disposed of by mutual consent, shall be decided by the ICO of the NRSW installation involved in the dispute who shall reduce

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

his/her decision to writing and mail or otherwise furnish a copy to the AI and to CNRSW. The decision of the ICO over the NRSW installation involved in the disputed matter shall constitute final administrative action as to matters so arbitrated.

10. Succession of Agreements, Modification, and Termination. This MOU, from the date of execution, will remain in effect five (5) years unless earlier superseded or terminated. In accordance with reference (d), this MOU will be reviewed every three years.

a. Succession. This MOU supersedes any and all previously existing MOU's between the AI and the following NRSW installations:

- (1) Naval Base Coronado (NBC)
- (2) Naval Base Point Loma (NBPL)
- (3) Naval Base San Diego (NBSD)
- (4) Naval Base Ventura County (NBVC)
- (5) Naval Air Station Fallon (NASF)
- (6) Naval Air Station Lemoore (NASL)
- (7) Naval Air Facility El Centro (NAF El Centro)
- (8) Naval Air Weapons Station China Lake (NAWS China Lake)
- (9) Naval Weapons Station Seal Beach (NWS Seal Beach)

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

b. Modification

(1) At the request of ICO's, this MOU may be amended by mutual consent of CNRSW and the AI, in writing. It may also be amended if either party is required to change the MOU by statutes, executive order, directive, or other government requirement.

(2) Changes in institution policy that are inconsistent with the provisions of this MOU or Navy College Program policy may be cause for review, renegotiation or cancellation.

(3) Changes made to this MOU by mutual written consent of both parties will be recorded and published as addenda to this MOU.

c. Termination

(1) This MOU may be terminated by either party, upon written notice given not less than 180 days prior to the requested termination date, unless both parties mutually agree to a lesser period in writing, but not to be earlier than the term in progress. In addition, the AI shall not admit new students into degree programs after a notification of termination is executed by either party. AI must have in place a degree completion plan for each student officially enrolled in a degree plan at the time of termination.

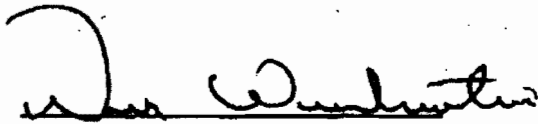

(2) The AI's loss of accreditation will result in the termination of this MOU to be effective at the end of the academic term in progress.

Subj: EDUCATIONAL SERVICES PROVIDED BY WEST HILLS COLLEGE
ON SPECIFIED NAVY REGION SOUTHWEST INSTALLATIONS

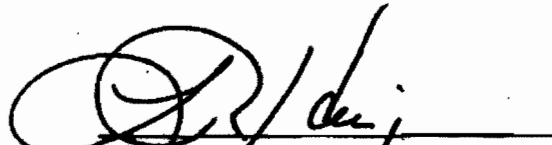

(3) Termination as provided for above shall not be the basis for any claims by the AI against the U.S. Government.

11. Reimbursement. All services described in this MOU will be provided on a non-reimbursable basis, subject to the provisions of paragraph 6.

12. Signatures. IN WITNESS WHEREOF, the parties hereunto have executed this Memorandum of Understanding as of the day and year written below.

Dr. DON WARKENTIN
President,
West Hills College

L. R. HERING
Rear Admiral, U.S. Navy
Commander,

Lemoore Middle College High School (LMCHS) is an effort by the West Hills Community College District and Lemoore Union High School District to establish a non-traditional high school for an increasing number of students who are bright and capable, yet not succeeding to full potential in a traditional high school environment.

LMCHS successfully serves Freshman, Sophomore, Junior, and Senior students and celebrated its second graduating senior class, and first class to have matriculated through the program all four years, during the 2008-2009 school year. Graduates from LMCHS, will earn a UC eligible high school diploma, and have an opportunity to earn a minimum of 30 transferable college units with some going to the extra effort to earn an Associate Degree. In the 08-09 school year, 4 of the 31 high school graduates finished with their Associates Degrees.

Core elements LMCHS Program:

- Collaborative teaching teams of high school and college instructors
- Thematically based instruction enabling high school and college units
- Flexible school day and year allowing for creative scheduling
- Varied multimedia & technology used
- Personalized career guidance - 4 year plan development and monitoring
- Parent and community involvement
- Support services – Service Learning
- Business/Industry connections

LMCHS students successfully associate with college students who share common interests and goals. They go beyond the walls of the school building through extended learning trips, summer programs, and exploration via the internet. LMCHS students work with business mentors to formulate realistic career goals and have access to job shadowing and internships.

LMCHS provides a safe, caring, yet challenging educational setting where students gain ownership over their learning and focus on the future. LMCHS students will graduate with an understanding of who they are, where they're going, and how to get there.

APPLICATION ANNUAL WORKPLAN (ONE OBJECTIVE PER PAGE)

Objective	Procedures/Activities	Performance Outcomes	Timelines	Responsible Person(s)
1.0 Maintain collaborative processes between the high school district and community college district for LMCHS student selection, curriculum development, supportive services and common and specific administrative jurisdiction.	1.1 LUHSD and WHCCD continue to meet to plan ways to improve the operation of LMCHS.	Regular meetings to share information about incoming students and ways in which to provide them with relevant coursework and support.	March 2009-August 2010	Debbie Muro, LUHSD Victor Rosa, LMCHS Principal Dave Bolt, WHCL Jose Lopez, WHCL Rupinder Rai, WHCL Counselor
		50 9th grade students will be selected to participate. 10 th - 12th grade students will be added to fill vacated spaces this year for a total of 150 students to participate this school year.	March 2009-August 2010	Debbie Muro, LUHSD Victor Rosa, LMCHS Principal Dave Bolt, WHCL Jose Lopez, WHCL Rupinder Rai, WHCL Counselor
	1.2 Using an electronic data system, LUHSD staff will disaggregate students based upon test scores, grades, GPA, attendance, as well as ethnicity, NSLP, parent education or etc. as part of selection process for participation.	LUHSD feeder elementary districts will again provide testing and other pertinent information about potential incoming 9 th grade students who would benefit from program participation.	May 2009-August 2010	Victor Rosa, LMCHS Principal Jose Lopez, WHCL Rupinder Rai, WHCL Counselor
	1.3 LMCHS staff will make recommendations of students who meet the criteria for eligibility in the LMCHS project.	Students will have the ability to be successful in the program and able to meet the demands of college coursework.	May 2009-August 2010	Debbie Muro, LUHSD Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor

APPLICATION ANNUAL WORKPLAN (ONE OBJECTIVE PER PAGE)

Objective	Procedures/Activities	Performance Outcomes	Timelines	Responsible Person(s)
<p>2.0 Actively promote both the benefits and success of the school to increase interest and ensure enrollment of 50 students in each grade level by the next school year.</p>	<p>2.1 Promotional events and open-house days will take place throughout the school year to increase visibility and understanding of the program.</p>	<p>An increased number of early enrollment interest forms should result from these efforts creating an interest list of students to target for enrollment</p>	<p>May 2009-August 2010</p>	<p>Victor Rosa, LMCHS Principal Debbie Muro, LUHSD Rupinder Rai, WHCL Counselor LMCHS Instructors</p>
	<p>2.2 Increased school visits to feeder elementary schools with specific meeting with students in AVID programs.</p>	<p>Increased understanding among students regarding the benefits and challenges of a Middle College High School.</p>	<p>May 2009-August 2010</p>	<p>Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor</p>
	<p>2.3 Develop a quarterly newsletter to parents and the community highlighting achievements of students and events taking place on and off campus.</p>	<p>Increased visibility and familiarity with the program among students, parents, and the community.</p>	<p>August 2009-June 2010</p>	<p>Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor LMCHS Instructors</p>

<p>3. The Lemoore Middle College High School Charter Council will meet quarterly.</p>	<p>3.1 Staff, parents, and students from LUHSD, WHCL, and the community have been recruited to serve on the Charter Council, including teachers, administrators, and counselors. Community members, business leaders, parents and other public agency representatives also serve on the Council.</p>	<p>The Charter Council will meet quarterly to review program progress and help advise on necessary mid-course direction changes or modifications.</p>	<p>July 2009-July 2010</p>	<p>Charter Council Members Dave Bolt, WHCL Vice President Debbie Muro, LUHSD Assistant Supt. Lois Hubanks, LUHSD Board Member Victor Rosa, LMCHS Principal Ben Lator, LMCHS Student William McCutchen, LMCHS Teacher Allen Tong, LMCHS Teacher Andrea Rhoads, LMCHS Teacher Brooke Westlund, LMCHS Student Heiko Sweeney, Akers Principal Frank Ohnesorgen, LMCHS Parent Brittany Aguilar, LMCHS Student Rupinder Raj, WHCL Counselor Wendy Brown, LMCHS Parent Chris Camarena, UCS Principal</p>

APPLICATION ANNUAL WORKPLAN (ONE OBJECTIVE PER PAGE)

Objective	Procedures/Activities	Performance Outcomes	Timelines	Responsible Person(s)
4. Develop and enroll 170 LMCHS students in courses required for a high school diploma which also apply toward transfer or an Associates Degree.	4.1 High School core academic teachers will continue to meet with WHCC staff to plan curriculum delivery for high school students based upon high school courses and community college courses that meet high school graduation requirements and for some students an AA/AS, if appropriate.	Four year academic plan will be maintained and updated to determine core classes provided by the high school and the community college, as well as elective classes to complete diploma requirements and, as well as 30 college units or more that lead to an AA/AS or courses transferable to a four-year college program.	August 2009-June 2010	Victor Rosa, LMCHS Principal Jose Lopez, WHCL Rupinder Rai, WHCL Counselor
	4.2 High School teachers will continue to deliver thematically based core curriculum that allows for team teaching and project based learning and is aligned to state standards and CST Blueprints.	A cross-curricular program of language arts and social studies will continue to be developed and that is aligned to state standards that incorporates team teaching and project based learning at the 9 th , 10 th , 11 th and 12 th grade levels.	August 2009-June 2010	LMCHS Teachers Victor Rosa, LMCHS Principal
	4.3 LMCHS students are considered "special part time students enrolled in a community college" and will need to meet a minimum day requirement in high school courses.	Middle College High School students will be enrolled in courses taught by high school teachers that meet the minimum number of required high school minutes and graduation requirements.	August 2009-June 2010	Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor
		High School courses will be evaluated to see if they meet the articulation requirements of 2+2 to determine if college credit can also be granted.	August 2009-June 2010	Marta Hendrickson, WHCL Articulation Coordinator Debbie Muro, LUHSO LMCHS Instructors WHCL Instructors Rupinder Rai, WHCL Counselor

APPLICATION ANNUAL WORKPLAN (ONE OBJECTIVE PER PAGE)

Objective	Procedures/Activities	Performance Outcomes	Timelines	Responsible Person(s)
5. Develop and enroll LMCHS students in courses applicable towards an AA/AS degree, vocational certificate or transfer preparation.	5.1 Students will continue to develop and maintain a "Four Year Plan" that will help map out what they need to graduate with a high school diploma and a solid start towards an AA/AS, vocational certificate or preparation to transfer to a 4 year institution.	Students and parents will meet with an advisor to discuss and plan a four year course sequence that meets the student's unique needs and also educational preparation.	August 2009-June 2010	Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor
		Community College classes will be available to students throughout the day and also in the evening, if appropriate	August 2009-June 2010	Dave Bolt, WHCL Jose Lopez, WHCL
	5.2 Students will enroll in a minimum high school day and then enroll in college courses that will be applied to AA/AS, vocational certificate or transfer to a four-year institution.	It is a goal of the program that all students will have completed at least 30 college units over their four years in the LMCHS that will be applied to both a high school diploma and to a continued commitment to lifelong learning.	August 2009-June 2010	Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor

APPLICATION ANNUAL WORKPLAN (ONE OBJECTIVE PER PAGE)

Objective	Procedures/Activities	Performance Outcomes	Timelines	Responsible Person(s)
6. Graduate 95 percent or more of the enrolled students in the LMCHS.	6.1 Students and parents will meet with advisors to determine high school and college courses and to evaluate their four year plan to ensure progress is being made and student is remaining on track to graduate.	Student will earn a minimum of 35 high school credits each semester, including credits from college units, toward the four year 260 minimum credit requirement for a high school diploma. All students enrolled in the LMCHS program will have the opportunity to earn more than the minimum 260 credits when they graduate.	August 2009-June 2010	Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor LMCHS Instructors WHCL Instructors Parents Students
	6.2 Students who receive less than a "C" in a class will be notified by the teacher and an intervention plan will be drawn up by teacher, student, parent and counselor.	Students will be referred to the tutorial center at WHCL and records will be kept as to when students attend. Instructors can set up their own intervention plans with students, using their expertise to help raise student performance.	August 2009-June 2010	Victor Rosa, LMCHS Principal LMCHS Instructors WHCL Instructors Rupinder Rai, WHCL Counselor Parents Students
		Elective "Success Lab" classes will be added into the high school schedule to assist any student in need of assistance.	August 2009-June 2010	LMCHS Instructors
	6.3 Parents will have access to student's assignments and grades in high school courses via the school district web site to check throughout the school year.	Parents will register for Aries Browser Interface (ABI), an online student information program, where parents have access to their student's academic grades, attendance, assignments, discipline record, test scores and direct e-mail to teachers in real time.	August 2009-June 2010	LMCHS Instructors WHCL Instructors Parents Students Rupinder Rai, WHCL Counselor

APPLICATION ANNUAL WORKPLAN (ONE OBJECTIVE PER PAGE)

Objective	Procedures/Activities	Performance Outcomes	Timelines	Responsible Person(s)
<p>8. Graduate 95 percent or more of the enrolled students. (continued)</p>	<p>6.4 WHCL professors will be encouraged to contact parent and/or counselor via e-mail, if available, or telephone to let them know if a student is receiving less than a "C" in a class or to brag about students who are excelling.</p> <p>6.5 LMCHS will continue to provide lab classes led by a high school instructor in which students will complete online WHCL classes.</p>	<p>College professors will be asked to maintain contact with students, especially younger students to help these students avoid failing.</p> <p>Students, especially younger students, will be allowed to take online college courses under the supervision of a high school instructor. This will ensure that their first experience with an online class is positive and a training ground for the type of work that is acceptable at the college level.</p>	<p>August 2009-June 2010</p> <p>August 2009-June 2010</p>	<p>WHCL Instructors Rupinder Rai, WHCL Counselor</p> <p>Victor Rosa, LMCHS Principal LMCHS Instructors Rupinder Rai, WHCL Counselor</p>

Objective	Procedures/Activities	Performance Outcomes	Timelines	Responsible Person(s)
8. An evaluation system will be developed to monitor progress towards meeting the short range and long range objectives of the LMCHS project.	8.1 A formative evaluation system will continue to be developed to allow for both formal and informal formative data to be collected to provide for mid course adjustments, as needed and to provide a vehicle for ongoing staff communication.	Formative evaluation data will be monitored on an on-going basis by the school leadership to help make adjustments and changes as necessary. The formative process should be both formal in terms of written documentation and informal through conversation and meetings.	August 2009-June 2010	Victor Rosa, LMCHS Principal Rupinder Rai, WHCL Counselor LMCHS Instructors WHCL Instructors
	8.2 The LMCHS is required to participate in the STAR testing program for California and the results will be part of the summative evaluation data for the year.	STAR testing and California High School Exit Exam (CAHSEE) results will be shared with students, parents and teachers, to help evaluate student performance in core academic classes.	August 2009-May 2010	Victor Rosa, LMCHS Principal LMCHS Instructors Rupinder Rai, WHCL Counselor
	8.3 Benchmark exams in all core subject areas will continue to be developed and implemented as part of a school and district movement toward mastery of state standards.	LMCHS teachers along with fellow teachers in the LUHSD will develop benchmark assessment that will act as true indicators of achievement of state standards.	August 2009-May 2010	Victor Rosa, LMCHS Principal Debbie Muro, LUHSD LMCHS Instructors

THIS RESOLUTION MUST BE DISCUSSED, CONSIDERED AND DELIBERATED BY THE GOVERNING BOARD AS A SEPARATE ITEM OF BUSINESS ON THE GOVERNING BOARD'S AGENDA IN ACCORDANCE WITH CALIFORNIA GOVERNMENT CODE SECTION 53635.7.

DISTRICT RESOLUTION

NAME OF DISTRICT: WEST HILLS COMMUNITY COLLEGE DISTRICT*

LOCATED IN: COUNTY OF FRESNO

MAXIMUM AMOUNT OF BORROWING: \$10,000,000.00

RESOLUTION OF THE GOVERNING BOARD AUTHORIZING THE BORROWING OF FUNDS FOR FISCAL YEAR 2010-2011 AND THE ISSUANCE AND SALE OF ONE OR MORE SERIES OF 2010-2011 TAX AND REVENUE ANTICIPATION NOTES THEREFOR AND PARTICIPATION IN THE CALIFORNIA SCHOOL CASH RESERVE PROGRAM AND REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY TO ISSUE AND SELL SAID SERIES OF NOTES

WHEREAS, school districts, community college districts and county boards of education are authorized by Sections 53850 to 53858, both inclusive, of the California Government Code (the "Act") (being Article 7.6, Chapter 4, Part 1, Division 2, Title 5 of the Government Code) to borrow money by the issuance of temporary notes; and

WHEREAS, the governing board (the "Board") has determined that, in order to satisfy certain obligations and requirements of the school district, community college district or county board of education specified above (the "District"), a public body corporate and politic located in the County designated above (the "County"), it is desirable that a sum (the "Principal Amount"), not to exceed the Maximum Amount of Borrowing designated above, be borrowed for such purpose during its fiscal year ending June 30, 2011 ("Fiscal Year 2010-2011") by the issuance of its 2010-2011 Tax and Revenue Anticipation Notes (the first series of which shall be referred to herein as the "Series A Notes" and any subsequent series of which shall be referred to herein as "Additional Notes," and collectively with the Series A Notes, the "Notes"), in one or more series (each a "Series"), therefor in anticipation of the receipt by or accrual to the District during Fiscal Year 2010-2011 of taxes, income, revenue (including, but not limited to, revenue from the state and federal governments), cash receipts and other moneys provided for such fiscal year for the

* If the Name of the District indicated on the face hereof is not the correct legal name of the District which adopted this Resolution, it shall nevertheless be deemed to refer to the District which adopted this Resolution, and the Name of the District indicated on the face hereof shall be treated as the correct legal name of said District for all purposes in connection with the Program (as hereinafter defined).

general fund and, if so indicated in a Pricing Confirmation (as defined in Section 4 hereof), capital fund and/or special revenue fund (or similarly named fund or funds as indicated in such Pricing Confirmation) of the District; and

WHEREAS, the Principal Amount may, as determined by the Authorized Officer (as hereinafter defined), be divided into two or more portions evidenced by two or more Series of Notes, which Principal Amount is to be confirmed and set forth in the Pricing Confirmation if one Series of Notes is issued, or if more than one Series of Notes are issued, such Principal Amount will be equal to the sum of the Series Principal Amounts (as defined in Section 2 hereof) as confirmed and set forth in the Pricing Confirmation applicable to each Series of Notes; and

WHEREAS, the District hereby determines to borrow, for the purposes set forth above, the Principal Amount by the issuance, in one or more Series, of the Notes; and

WHEREAS, because the District does not have fiscal accountability status pursuant to Section 42650 or Section 85266 of the California Education Code, it requests the Board of Supervisors of the County to borrow, on the District's behalf, the Principal Amount by the issuance of the Notes in one or more Series; and

WHEREAS, pursuant to Section 53853 of the Act, if the Board of Supervisors of the County fails or refuses to authorize the issuance of the Notes within the time period specified in said Section 53853, following receipt of this Resolution, and the Notes, in one or more series, are issued in conjunction with tax and revenue anticipation notes, in one or more series, of other Issuers (as hereinafter defined), the District may issue the Notes, in one or more series, in its name pursuant to the terms stated herein; and

WHEREAS, it appears, and this Board hereby finds and determines, that the Principal Amount, when added to the interest payable thereon, does not exceed eighty-five percent (85%) of the estimated amount of the uncollected taxes, income, revenue (including, but not limited to, revenue from the state and federal governments), cash receipts and other moneys provided for Fiscal Year 2010-2011 which will be received by or which will accrue to the District during such fiscal year for the general fund and, if so indicated in a Pricing Confirmation, capital fund and/or special revenue fund (or similarly named fund or funds as indicated in such Pricing Confirmation) of the District and which will be available for the payment of the principal of each Series of Notes and the interest thereon; and

WHEREAS, no money has heretofore been borrowed by or on behalf of the District through the issuance of tax anticipation notes or temporary notes in anticipation of the receipt of, or payable from or secured by, taxes, income, revenue (including, but not limited to, revenue from the state and federal governments), cash receipts and other moneys provided for Fiscal Year 2010-2011 which will be received by or will accrue to the District during such fiscal year for the general fund and, if so indicated in a Pricing Confirmation, capital fund and/or special

** Unless the context specifically requires otherwise, all references to "Series of Notes" herein shall be deemed to refer, to (i) the Note, if issued in one series by the County (or the District, as applicable) hereunder, or (ii) each individual Series of Notes severally, if issued in two or more series by the County (or the District, as applicable) hereunder.

revenue fund (or similarly named fund or funds as indicated in such Pricing Confirmation) of the District; and

WHEREAS, pursuant to Section 53856 of the Act, certain taxes, income, revenue (including, but not limited to, revenue from the state and federal governments), cash receipts and other moneys which will be received by or accrue to the District during Fiscal Year 2010-2011 are authorized to be pledged for the payment of the principal of each Series of Notes (as applicable) and the interest thereon (as hereinafter provided); and

WHEREAS, the District has determined that it is in the best interests of the District to participate in the California School Cash Reserve Program (the "Program"), whereby participating school districts, community college districts and county boards of education (collectively, the "Issuers") will simultaneously issue tax and revenue anticipation notes; and

WHEREAS, due to uncertainties existing in the financial markets, the Program has been designed with alternative structures, each of which the District desires to approve; and

WHEREAS, under the first structure (the "Certificate Structure"), the District would issue one or more Series of Notes, each Series of Notes to be marketed with some or all of the notes issued simultaneously by other Issuers participating in the Program, and Piper Jaffray & Co., as underwriter for the Program (the "Underwriter"), would form one or more pools of notes or series of certificates (the "Certificates") of participation (the "Series of Certificates") distinguished by (i) whether and what type(s) of Credit Instrument (as hereinafter defined) secures notes comprising each Series of Certificates, and (ii) possibly other features, all of which the District hereby authorizes the Underwriter to determine; and

WHEREAS, the Certificate Structure requires the Issuers participating in any particular Series of Certificates to deposit their applicable series of tax and revenue anticipation notes with U.S. Bank National Association, as trustee (the "Trustee"), pursuant to a trust agreement between such Issuers and the Trustee (the trust agreement applicable to each Series of Certificates, in the form presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein collectively as, the "Trust Agreement"), and requires the Trustee, pursuant to the Trust Agreement, to execute and deliver the Certificates evidencing and representing proportionate undivided interests in the payments of principal of and interest on the tax and revenue anticipation notes issued by the Issuers comprising such Series of Certificates; and

WHEREAS, if the Certificate Structure is implemented, the District desires to have the Trustee execute and deliver a Series of Certificates which evidences and represents interests of the owners thereof in each Series of Notes issued by the District and the notes issued simultaneously by other Issuers participating in such Series of Certificates; and

WHEREAS, as additional security for the owners of each Series of Certificates, all or a portion of the payments by all of the Issuers of their respective series of notes comprising such Series of Certificates may or may not be secured by an irrevocable letter (or letters) of credit or policy (or policies) of insurance or other credit instrument (or instruments) (collectively, the "Credit Instrument") issued by the credit provider (or credit providers) (collectively, the "Credit

Provider”) designated in the applicable Trust Agreement, as finally executed, pursuant to a credit agreement (or agreements) or commitment letter (or letters) (such credit agreement (or agreements) or commitment letter (or letters), if any, in the forms presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein collectively as, the “Credit Agreement”) identified in the applicable Trust Agreement, as finally executed, between, in the case of an irrevocable letter (or letters) of credit or policy (or policies) of insurance or other credit instrument (or instruments), the Issuers and the corresponding Credit Provider; and

WHEREAS, pursuant to the Certificate Structure, the Underwriter will submit an offer to purchase each Series of Notes issued by the District and the notes issued by other Issuers participating in the same Series of Certificates all as evidenced and represented by such Series of Certificates (which offer will specify, as designated in the Pricing Confirmation applicable to the sale of such Series of Notes to be sold by the District, the principal amount, interest rate and Credit Instrument (if any)), and has submitted a form of certificate purchase agreement (such certificate purchase agreement, in the form presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein as, the “Certificate Purchase Agreement”) to the Board; and

WHEREAS, pursuant to the Certificate Structure each participating Issuer will be responsible for its share of (i) the fees of the Trustee and the costs of issuing the applicable Series of Certificates, (ii) if applicable, the fees of the Credit Provider(s), and (iii) if applicable, the Issuer’s allocable share of all Predefault Obligations and the Issuer’s Reimbursement Obligations, if any (each as defined in the Trust Agreement); and

WHEREAS, the Certificate Structure requires that each participating Issuer approve the Trust Agreement, the alternative Credit Instruments and Credit Agreements, if any, and the Certificate Purchase Agreement in substantially the forms presented to the Board, with the final type of Credit Instrument and corresponding Credit Agreement determined in the Pricing Confirmation applicable to the sale of each Series of Notes to be sold by the District; and

WHEREAS, under the second structure (the “Bond Pool Structure”), participating Issuers would be required to sell each series of their tax and revenue anticipation notes to the California School Cash Reserve Program Authority (the “Authority”) pursuant to note purchase agreements (such note purchase agreements, in the form presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein as, the “Note Purchase Agreements”), each between such individual Issuer and the Authority, and dated as of the date of the Pricing Confirmation applicable to the sale of the individual Issuer’s series of notes to be sold, a form of which has been submitted to the Board; and

WHEREAS, the Authority, pursuant to advice of the Underwriter, will form one or more pools of notes of each participating Issuer (the “Pooled Notes”) and assign each respective series of notes to a particular pool (the “Pool”) and sell a series of senior bonds (each a “Series of Senior Bonds”) and, if desirable, a corresponding series of subordinate bonds (each a “Series of Subordinate Bonds” and collectively with a Series of Senior Bonds, a “Series of Pool Bonds”) secured by each Pool pursuant to an indenture and/or a supplement thereto (the original indenture

and each supplement thereto applicable to a Series of Pool Bonds to which the Note shall be assigned is hereinafter collectively referred to as the "Indenture") between the Authority and the Trustee, each Series of Pool Bonds distinguished by (i) whether or what type(s) of Credit Instrument(s) secure(s) such Series of Pool Bonds, (ii) the principal amounts or portions of principal amounts of the notes of such respective series assigned to the Pool, or (iii) other factors, and the District hereby acknowledges and approves the discretion of the Authority, acting upon the advice of the Underwriter, to assign the District's Notes of such respective Series to such Pool and such Indenture as the Authority may determine; and

WHEREAS, at the time of execution of the Pricing Confirmation applicable to the sale of each Series of Notes to be sold by the District, the District will (in such Pricing Confirmation) request the Authority to issue a Series of Pool Bonds pursuant to an Indenture to which such Series of Notes identified in such Pricing Confirmation will be assigned by the Authority in its discretion, acting upon the advice of the Underwriter, which Series of Pool Bonds will be payable from payments of all or a portion of principal of and interest on such Series of Notes and the other respective series of notes of other participating Issuers assigned to the same Pool and assigned to the same Indenture to which the District's Series of Notes is assigned; and

WHEREAS, as additional security for the owners of each Series of Pool Bonds, all or a portion of the payments by all of the Issuers of the respective series of notes assigned to such Series of Pool Bonds may or may not be secured (by virtue or in form of the Series of Pool Bonds, as indicated in the Pricing Confirmation applicable to such Series of Pool Bonds, being secured in whole or in part) by one or more Credit Instruments issued by one or more Credit Providers designated in the applicable Indenture, as finally executed, pursuant to a Credit Agreement, if any, identified in the applicable Indenture, as finally executed, between, in the case of an irrevocable letter (or letters) of credit or policy (or policies) of insurance or other credit instrument (or instruments), the Issuers and the corresponding Credit Provider; and

WHEREAS, pursuant to the Bond Pool Structure each Issuer, whose series of notes is assigned to a Pool as security for a Series of Pool Bonds, will be responsible for its share of (i) the fees of the Trustee and the costs of issuing the applicable Series of Pool Bonds, (ii), if applicable, the fees of the Credit Provider(s), and (iii) if applicable, the Issuer's allocable share of all Predefault Obligations and the Issuer's Reimbursement Obligations, if any (each as defined in the Indenture) applicable to such Series of Pool Bonds; and

WHEREAS, the Bond Pool Structure requires that each participating Issuer approve the Indenture, the alternative Credit Instruments and Credit Agreements, if any, and the Note Purchase Agreement in substantially the forms presented to the Board, with the final type of Credit Instrument and corresponding Credit Agreement, if any, to be determined in the Pricing Confirmation applicable to the sale of each Series of Notes to be sold by the District; and

WHEREAS, pursuant to the Bond Pool Structure, the Underwriter will submit an offer to the Authority to purchase, in the case of each Pool of notes, the Series of Pool Bonds which will be secured by the Indenture to which such Pool will be assigned; and

WHEREAS, all or portions of the net proceeds of each Series of Notes issued by the District, may be invested in one or more Permitted Investments (as defined in the Trust

Agreement or the Indenture, as applicable), including under one or more investment agreements with one or more investment providers (if any), the initial investment of which is to be determined in the Pricing Confirmation related to such Series of Notes; and

WHEREAS, it is necessary to engage the services of certain professionals to assist the District in its participation in the Program;

NOW, THEREFORE, the Board hereby finds, determines, declares and resolves as follows:

Section 1. Recitals. All the above recitals are true and correct and this Board so finds and determines.

Section 2. Issuance of Notes.

(A) **Initial Issuance of Notes.** This Board hereby determines to borrow, and hereby requests the Board of Supervisors of the County to borrow for the District, in anticipation of the receipt by or accrual to the District during Fiscal Year 2010-2011 of taxes, income, revenue (including, but not limited to, revenue from the state and federal governments), cash receipts and other moneys provided for such fiscal year for the general fund and, if so indicated in the applicable Pricing Confirmation, the capital fund and/or special revenue fund (or similarly named fund or funds as indicated in such Pricing Confirmation)* of the District, and not pursuant to any common plan of financing of the District, by the issuance by the Board of Supervisors of the County, in the name of the District, of Notes under Sections 53850 *et seq.* of the Act, designated generally as the District's "2010-2011 [Subordinate]** Tax and Revenue Anticipation Notes, Series ___" in one or more of the following Series, in order of priority of payment as described herein:

(1) the Series A Notes, being the initial Series of Notes issued under this Resolution, together with one or more Series of Additional Notes issued in accordance with the provisions of Section 2(B) hereof and payable on a parity with the Series A Notes (collectively, the "Senior Notes"); and

(2) one or more Series of Additional Notes issued in accordance with the provisions of Section 2(B) hereof and payable on a subordinate basis to (i) any Senior Notes, and (ii) any previously issued Subordinate Notes if so specified in the related Pricing Confirmation (collectively, the "Subordinate Notes"), which Subordinate Notes shall be identified as such.

Each such Series of Notes shall be issued in the form of one registered note at the principal amount thereof (the "Series Principal Amount") as set forth in the applicable Pricing Confirmation and all such Series Principal Amounts aggregating to the Principal Amount set forth in such Pricing Confirmations, in each case, to bear a series designation, to be dated the date of its respective delivery to the respective initial purchaser thereof, to mature (without option of prior redemption) not more than thirteen (13) months thereafter on a date indicated on

* For purposes of this Resolution, such funds shall be referred to as the "capital fund" and "special revenue fund."

** A Series of Notes shall bear the "Subordinate" designation if it is a Series of Subordinate Notes.

the face thereof and determined in the Pricing Confirmation applicable to such Series of Notes (collectively, the "Maturity Date"), and to bear interest, payable at the applicable maturity (and, if the maturity is longer than twelve (12) months, an additional interest payment shall be payable within twelve (12) months of the issue date, as determined in the applicable Pricing Confirmation) and computed upon the basis of a 360-day year consisting of twelve 30-day months, at a rate not to exceed twelve percent (12%) per annum as determined in the Pricing Confirmation applicable to such Series of Notes and indicated on the face of such Series of Notes (collectively, the "Note Rate").

With respect to the Certificate Structure, if a Series of Notes as evidenced and represented by the corresponding Series of Certificates is secured in whole or in part by a Credit Instrument and is not paid at maturity or is paid (in whole or in part) by a draw under, payment by or claim upon a Credit Instrument which draw, payment or claim is not fully reimbursed on such date, such Series of Notes shall become a Defaulted Note (as defined in the Trust Agreement), and the unpaid portion thereof with respect to which a Credit Instrument applies for which reimbursement on a draw, payment or claim has not been fully made shall be deemed outstanding and shall continue to bear interest thereafter until paid at the Default Rate (as defined in the Trust Agreement). If a Series of Notes as evidenced and represented by the corresponding Series of Certificates is unsecured in whole or in part and is not fully paid at the Maturity Date, the unpaid portion thereof (or the portion thereof to which no Credit Instrument applies which is unpaid) shall be deemed outstanding and shall continue to bear interest thereafter until paid at the Default Rate.

With respect to the Bond Pool Structure, if a Series of Pool Bonds issued in connection with a Series of Notes is secured in whole or in part by a Credit Instrument or such Credit Instrument secures the Series of Notes in whole or in part and all principal of and interest on such Series of Notes is not paid in full at maturity or payment of principal of and interest on such Series of Notes is paid (in whole or in part) by a draw under, payment by or claim upon a Credit Instrument which draw, payment or claim is not fully reimbursed on such date, such Series of Notes shall become a Defaulted Note (as defined in the Indenture), and the unpaid portion thereof with respect to which a Credit Instrument applies for which reimbursement on a draw, payment or claim has not been fully made shall be deemed outstanding and shall continue to bear interest thereafter until paid at the Default Rate (as defined in the Indenture). If a Series of Notes or the Series of Pool Bonds issued in connection therewith is not so secured in whole or in part and such Series of Notes is not fully paid at the Maturity Date, the unpaid portion thereof (or the portion thereof to which no Credit Instrument applies which is unpaid) shall be deemed outstanding and shall continue to bear interest thereafter until paid at the Default Rate.

In each case set forth in the preceding two paragraphs, the obligation of the District with respect to such Defaulted Note or unpaid Series of Notes shall not be a debt or liability of the District prohibited by Article XVI, Section 18 of the California Constitution and the District shall not be liable thereon except to the extent of the income and revenue provided for Fiscal Year 2010-2011 within the meaning of Article XVI, Section 18 of the California Constitution, as provided in Section 8 hereof.

Both the principal of and interest on each Series of Notes shall be payable in lawful money of the United States of America, but only upon surrender thereof, at the corporate trust

office of U.S. Bank National Association in Los Angeles, California, or as otherwise indicated in the Trust Agreement or the Indenture, as applicable. The Principal Amount may, prior to the issuance of any Series of Notes, be reduced from the Maximum Amount of Borrowing specified above, in the discretion of the Underwriter upon consultation with the Authorized Officer. The Principal Amount shall, prior to the issuance of the last Series of Notes, be reduced from the Maximum Amount of Borrowing specified above if and to the extent necessary to obtain an approving legal opinion of Orrick, Herrington & Sutcliffe LLP ("Bond Counsel") as to the legality thereof or, if applicable, the exclusion from gross income for federal tax purposes of interest thereon (or on any Series of Pool Bonds related thereto). The Principal Amount shall, prior to the issuance of the last Series of Notes, also be reduced from the Maximum Amount of Borrowing specified above, and other conditions shall be met by the District prior to the issuance of each Series of Notes, if and to the extent necessary to obtain from the Credit Provider that issues the Credit Instrument securing the corresponding Series of Certificates evidencing and representing such Series of Notes or the related Series of Pool Bonds to which such Series of Notes is assigned its agreement to issue the Credit Instrument securing such Series of Certificates or Series of Pool Bonds, as the case may be. Notwithstanding anything to the contrary contained herein, if applicable, the approval of the corresponding Credit Provider of the issuance of such Series of Notes and the decision of the Credit Provider to deliver the Credit Instrument shall be in the sole discretion of the Credit Provider, and nothing herein shall be construed to require the Credit Provider to issue a Credit Instrument or to approve the issuance of such Series of Notes.

In the event the Board of Supervisors of the County fails or refuses to authorize the issuance of the Notes within the time period specified in Section 53853 of the Act, following receipt of this Resolution, this Board hereby authorizes issuance of such Notes, in the District's name, in one or more series, pursuant to the terms stated in this Section 2 and the terms stated hereafter. The Notes, in one or more series, shall be issued in conjunction with the note or notes (in each case, in one or more series) of one or more other Issuers as part of the Program and within the meaning of Section 53853 of the Act.

(B) Issuance of Additional Notes. The District (or the County on its behalf, as applicable) may at any time issue pursuant to this Resolution, one or more Series of Additional Notes consisting of Senior Notes or Subordinate Notes (including Subordinate Notes that are further subordinated to previously issued Subordinate Notes, as provided in the applicable Pricing Confirmation), subject in each case to the following specific conditions, which are hereby made conditions precedent to the issuance of any such Series of Additional Notes:

(1) The District shall not have issued any tax and revenue anticipation notes relating to the 2010-2011 fiscal year except (a) in connection with the Program under this Resolution, or (b) notes secured by a pledge of its Unrestricted Revenues (as defined in Section 8) that is subordinate in all respects to the pledge of its Unrestricted Revenues hereunder; the District shall be in compliance with all agreements and covenants contained herein; and no Event of Default shall have occurred and be continuing with respect to any such outstanding previously issued notes or Series of Notes.

(2) The aggregate Principal Amount of Notes issued and at any time outstanding hereunder shall not exceed any limit imposed by law, by this Resolution or

by any resolution of the Board amending or supplementing this Resolution (each a "Supplemental Resolution").

(3) Whenever the District shall determine to issue, execute and deliver any Additional Notes pursuant to this Section 2(B), the Series Principal Amount of which, when added to the Series Principal Amounts of all Series of Notes previously issued by the District, would exceed the Maximum Amount of Borrowing authorized by this Resolution, the District shall adopt a Supplemental Resolution amending this Resolution to increase the Maximum Amount of Borrowing as appropriate and shall submit such Supplemental Resolution to the Board of Supervisors of the County as provided in Section 53850 *et seq.* of the Act with a request that the County issue such Series of Additional Notes in the name of the District as provided in Sections 2(A) and 9 hereof. The Supplemental Resolution may contain any other provision authorized or not prohibited by this Resolution relating to such Series of Additional Notes.

(4) The District may issue a Series of Additional Notes that are Senior Notes payable on a parity with all other Series of Senior Notes of the District or that are Subordinated Notes payable on a parity with one or more Series of outstanding Subordinated Notes, only if it obtains (a) the consent of each Credit Provider relating to each previously issued Series of Notes that will be on a parity with such Series of Additional Notes, and (b) evidence that no rating then in effect with respect to any outstanding Series of Certificates or Series of Bonds, as applicable, from a Rating Agency will be withdrawn, reduced, or suspended solely as a result of the issuance of such Series of Additional Notes (a "Rating Confirmation"). Except as provided in Section 8, the District may issue one or more Series of Additional Notes that are subordinate to all previously issued Series of Notes of the District without Credit Provider consent or a Rating Confirmation. The District may issue tax and revenue anticipation notes other than in connection with the Program under this Resolution only if such notes are secured by a pledge of its Unrestricted Revenues that is subordinate in all respects to the pledge of its Unrestricted Revenues hereunder.

(5) Before such Additional Notes shall be issued, the District shall file or cause to be filed the following documents with the Trustee:

(a) An Opinion of Counsel to the District to the effect that (A) such Additional Notes constitute the valid and binding obligations of the District, (B) such Additional Notes are special obligations of the District and are payable from the moneys pledged to the payment thereof in this Resolution, and (C) the applicable Supplemental Resolution, if any, has been duly adopted by the District.

(b) A certificate of the District certifying as to the incumbency of its officers and stating that the requirements of this Section 2(B) have been met.

(c) A certified copy of this Resolution and any applicable Supplemental Resolution.

(d) If this Resolution was amended by a Supplemental Resolution to increase the Maximum Amount of Borrowing, the resolution of the County Board of Supervisors approving such increase in the Maximum Amount of Borrowing and the issuance of such Additional Notes, or evidence that the County Board of Supervisors has elected to not issue such Additional Notes.

(e) An executed counterpart or duly authenticated copy of the applicable Certificate Purchase Agreement or Note Purchase Agreement.

(f) A Pricing Confirmation relating to the Series of Additional Notes duly executed by an Authorized Officer (as defined in Section 4).

(g) The Series of Additional Notes duly executed by the applicable County representatives as provided in Section 9 hereof, or executed by the applicable Authorized Officers if the County shall have declined to issue the Series of Additional Notes in the name of the District, either in connection with the initial issuance of the Series A Notes or in connection with any Supplemental Resolution increasing the Maximum Amount of Borrowing.

(h) If the Additional Notes are to be parity Senior Notes or parity Subordinate Notes, the Credit Provider consent(s) and Rating Confirmation(s) required pursuant to paragraph (4) above.

Upon the delivery to the Trustee of the foregoing instruments and, if the Bond Pool Structure is implemented, satisfaction of the provisions of Section 2.12 of the Indenture with regard to the issuance of a corresponding Series of Additional Bonds (as defined therein), the Trustee shall authenticate and deliver said Additional Notes to, or upon the written request of, the District. Upon execution and delivery by the District and authentication by the Trustee, said Additional Notes shall be valid and binding obligations of the District notwithstanding any defects in satisfying any of the foregoing requirements.

Section 3. Form of Notes. Each Series of the Notes shall be issued in fully registered form without coupons and shall be substantially in the form and substance set forth in Exhibit A, attached hereto and by reference incorporated herein, the blanks in said form to be filled in with appropriate words and figures.

Section 4. Sale of Notes; Delegation. Any one of the President or Chairperson of the Board, the Superintendent, the Assistant Superintendent for Business, the Assistant Superintendent for Administrative Services, the business manager, director of business or fiscal services or chief financial/business officer of the District, as the case may be, or, in the absence of said officer, his or her duly appointed assistant (each an "Authorized Officer"), is hereby authorized and directed to negotiate, with the Underwriter (if the Certificate Structure is implemented) or the Authority (if the Bond Pool Structure is implemented), an interest rate or rates on each Series of the Notes to the stated maturity or maturities thereof, which shall not, in any individual case, exceed twelve percent (12%) per annum (per Series of Notes), and the purchase price to be paid by the Underwriter or the Authority, as applicable, for the respective Series of the Notes, which purchase price shall be at a discount which when added to the

District's share of the costs of issuance shall not be more than one percent (1%) of (i) the Principal Amount of the Note, if only one Series of Notes is issued or (ii) the Series Principal Amount of each individual Series of Notes, if more than one series is issued. If such interest rate and price and other terms of the sale of the Series of Notes set out in the Pricing Confirmation applicable to such Series of Notes are acceptable to said Authorized Officer, said Authorized Officer is hereby further authorized and directed to execute and deliver the pricing confirmation supplement applicable to such Series of Notes to be delivered by the Underwriter (on behalf of itself, if the Certificate Structure is implemented and on behalf of the Authority, if the Bond Pool Structure is implemented) to the District on a date within five (5) days, or such longer period of time as agreed by the Underwriter or the Authority, as applicable, of said negotiation of interest rates and purchase price during the period from May 1, 2010 through June 15, 2011 (the "Pricing Confirmation"), substantially in the form presented to this meeting as Schedule I to the Certificate Purchase Agreement or the Note Purchase Agreement, as applicable, with such changes therein as said Authorized Officer shall require or approve, and such other documents or certificates required to be executed and delivered thereunder or to consummate the transactions contemplated hereby or thereby, for and in the name and on behalf of the District, such approval by this Board and such officer to be conclusively evidenced by such execution and delivery. In the event more than one Series of Notes are issued, a separate Pricing Confirmation shall be executed and delivered corresponding to each Series of Notes. Any Authorized Officer is hereby further authorized to execute and deliver, prior to the execution and delivery of the Pricing Confirmation applicable to a Series of Notes, the Certificate Purchase Agreement or the Note Purchase Agreement applicable to such Series of Notes, substantially in the forms presented to this meeting, which forms are hereby approved, with such changes therein as said officer shall require or approve, such approval to be conclusively evidenced by such execution and delivery; provided, however, that any such Certificate Purchase Agreement or Note Purchase Agreement shall not be effective and binding on the District until the execution and delivery of the corresponding Pricing Confirmation. Delivery of a Pricing Confirmation by fax or telecopy of an executed copy shall be deemed effective execution and delivery for all purposes. If requested by said Authorized Officer at his or her option, any duly authorized deputy or assistant of such Authorized Officer may approve said interest rate or rates and price by execution of the Certificate Purchase Agreement or the Note Purchase Agreement(s), as applicable, and/or the corresponding Pricing Confirmation(s).

Section 5. Program Approval. The District hereby delegates to the Authority the authority to select which structure (*i.e.*, the Certificate Structure or the Bond Pool Structure) shall be implemented, with the Authorized Officer of the District accepting and approving such selection by execution of the applicable Pricing Confirmation.

(A) **Certificate Structure.** If the Certificate Structure is implemented, each Series of Notes of the District shall be combined with notes of other Issuers into a Series of Certificates as set forth in general terms in the Pricing Confirmation (which need not include specific information about such other notes or Issuers) applicable to such Series of Notes, and shall be marketed and sold simultaneously with such other notes of that Series with such credit support (if any) referred to in the Pricing Confirmation, and shall be evidenced and represented by the Certificates which shall evidence and represent proportionate, undivided interests in such Series of Notes in the proportion that the face amount of such Series of Notes bears to the total

aggregate face amount of such Series of Notes and the notes issued by other Issuers which the Series of Certificates represent. Such Certificates may be delivered in book-entry form.

The District hereby delegates to the Authority the authority to select the Credit Instrument(s), Credit Provider(s) and Credit Agreement(s), if any, for each Series of Certificates which evidences and represents interests of the owners thereof in the related Series of Notes of the District and the notes issued by other Issuers evidenced and represented by such Series of Certificates, all of which shall be identified in, and approved by the Authorized Officer of the District executing, the Pricing Confirmation for such Series of Notes, the Trust Agreement and the Credit Agreement(s) (if any), for and in the name and on behalf of the District, such approval of such officer to be conclusively evidenced by the execution of the Pricing Confirmation, the Trust Agreement and the Credit Agreement(s) (if any).

The form of Trust Agreement, alternative general types of Credit Instruments and forms of Credit Agreements, if any, presented to this meeting are hereby approved, and each Authorized Officer is hereby authorized and directed to execute and deliver the Trust Agreement and the Credit Agreement(s), if applicable, which shall be identified in the Pricing Confirmation for the related Series of Notes, in substantially one or more of said forms (a substantially final form of Credit Agreement to be delivered to such Authorized Officer concurrent with the Pricing Confirmation), with such changes therein as said officer shall require or approve, such approval of this Board and such officer to be conclusively evidenced by the execution of the Trust Agreement, Credit Agreement(s) and Pricing Confirmation, respectively.

The form of the Preliminary Official Statement presented to this meeting is hereby approved, and the Underwriter is hereby authorized to distribute the Preliminary Official Statement in connection with the offering and sale of each Series of Certificates. Each Authorized Officer is hereby authorized and directed to provide the Underwriter with such information relating to the District as the Underwriter shall reasonably request for inclusion in the Preliminary Official Statement for each Series of Certificates. Upon inclusion of the information relating to the District therein, the Preliminary Official Statement for the applicable Series of Certificates shall be, except for certain omissions permitted by Rule 15c2-12 of the Securities Exchange Act of 1934, as amended (the "Rule"), deemed final within the meaning of the Rule; provided that no representation is made as to the information contained in a Preliminary Official Statement relating to the other Issuers or any Credit Provider, and the Authority is hereby authorized to certify on behalf of the District that each Preliminary Official Statement is, as of its date, deemed final within the meaning of the Rule. If, at any time prior to the execution of a Pricing Confirmation, any event occurs as a result of which the information contained in the related Preliminary Official Statement relating to the District might include an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the District shall promptly notify the Underwriter. The Authority is hereby authorized and directed, at or after the time of the sale of any Series of Certificates, for and in the name and on behalf of the District, to execute a final Official Statement in substantially the form of the Preliminary Official Statement presented to this meeting, with such additions thereto or changes therein as the Authority may approve, such approval to be conclusively evidenced by the execution and delivery thereof.

The Trustee is authorized and directed to execute each Series of Certificates on behalf of the District pursuant to the terms and conditions set forth in the related Trust Agreement, in the aggregate principal amount specified in the Trust Agreement, and substantially in the form and otherwise containing the provisions set forth in the form of the Certificate contained in the Trust Agreement. When so executed, each Series of Certificates shall be delivered by the Trustee to the Underwriter upon payment of the purchase price thereof, pursuant to the terms of the Trust Agreement and the applicable Certificate Purchase Agreement.

Subject to Section 8 hereof, the District hereby agrees that if a Series of Notes as evidenced and represented by a Series of Certificates shall become a Defaulted Note, the unpaid portion thereof or the portion to which a Credit Instrument applies for which full reimbursement on a draw, payment or claim has not been made by the Maturity Date shall be deemed outstanding and shall not be deemed to be paid until (i) the Credit Provider providing a Credit Instrument with respect to such Series of Certificates, and therefore, if applicable, all or a portion of such Series of Notes, if any, has been reimbursed for any drawings, payments or claims made under the Credit Instrument with respect to such Series of Notes, including interest accrued thereon, as provided therein and in the applicable Credit Agreement, and (ii) the holders of the Series of Certificates which evidence and represent such Series of Notes are paid the full principal amount represented by the unsecured portion of such Series of Notes plus interest accrued thereon (calculated at the Default Rate) to the date of deposit of such aggregate required amount with the Trustee. For purposes of clause (ii) of the preceding sentence, holders of the applicable Series of Certificates will be deemed to have received such principal amount and such accrued interest upon deposit of such moneys with the Trustee.

The District agrees to pay or cause to be paid, in addition to the amounts payable under each Series of Notes, any fees or expenses of the Trustee and, to the extent permitted by law, if such Series of Notes as evidenced and represented by the related Series of Certificates is secured in whole or in part by a Credit Instrument, any Predefault Obligations and Reimbursement Obligations (to the extent not payable under such Series of Notes), (i) arising out of an "Event of Default" hereunder or (ii) arising out of any other event (other than an event arising solely as a result of or otherwise attributable to a default by any other Issuer). In the case described in (ii) above with respect to Predefault Obligations, the District shall owe only the percentage of such fees, expenses and Predefault Obligations equal to the ratio of the Principal Amount (or Series Principal Amount as applicable) of its Series of Notes over the aggregate Principal Amounts (or Series Principal Amounts, as applicable) of all series of notes, including such Series of Notes, of the Series of Certificates of which such Series of Notes is a part, at the time of original issuance of such Series of Certificates. Such additional amounts will be paid by the District within twenty-five (25) days of receipt by the District of a bill therefor from the Trustee.

If the Certificate Structure is implemented, any Authorized Officer is hereby authorized to execute and deliver any Information Return for Tax-Exempt Governmental Obligations, Form 8038-G of the Internal Revenue Service ("Form 8038-G"), in connection with the issuance of a Tax-Exempt (as defined in Section 7) Series of Notes and the related Series of Certificates. To the extent permitted by law, the Authority, the Trustee, the Underwriter and Bond Counsel are each hereby authorized to execute and deliver any Form 8038-G for and on behalf of the District in connection with the issuance of a Tax-Exempt Series of Notes and the related Series of Certificates, as directed by an Authorized Officer of the District.

(B) Bond Pool Structure. If the Bond Pool Structure is implemented, the Pricing Confirmation for a Series of Notes may, but shall not be required to, specify the Series of Pool Bonds to which such Series of Notes will be assigned (but need not include information about other series of notes assigned to the same pool or their Issuers).

The District hereby delegates to the Authority the authority to select the Credit Instrument(s), Credit Provider(s) and Credit Agreement(s), if any, for each Series of Senior Bonds and corresponding Series of Subordinate Bonds, if any, to which each Series of Notes issued by the District will be assigned, all of which shall be identified in, and approved by the Authorized Officer of the District executing, the Pricing Confirmation for such Series of Notes and the Credit Agreement(s) (if any), for and in the name and on behalf of the District, such approval of such officer to be conclusively evidenced by the execution of the Pricing Confirmation and the Credit Agreement(s) (if any).

The alternative general types of Credit Instruments and the forms of Credit Agreements, if any, presented to this meeting are hereby approved, and each Authorized Officer is hereby authorized and directed to execute and deliver a Credit Agreement(s), if any, which shall be identified in the Pricing Confirmation for the related Series of Notes, in substantially one or more of said forms (a substantially final form of Credit Agreement to be delivered to such Authorized Officer concurrent with the Pricing Confirmation), with such changes therein as said officer shall require or approve, such approval of this Board and such officer to be conclusively evidenced by the execution of the Credit Agreement and Pricing Confirmation, respectively.

The form of Indenture presented to this meeting is hereby acknowledged and approved, and it is acknowledged that the Authority will execute and deliver the Indenture and one or more Supplemental Indentures, which shall be identified in the Pricing Confirmation applicable to the Series of Notes to be issued, in substantially one or more of said forms with such changes therein as the Authorized Officer who executes such Pricing Confirmation shall require or approve (substantially final forms of the Indenture and the Supplemental Indenture (if applicable) to be delivered to the Authorized Officer concurrently with the Pricing Confirmation applicable to the Series of Notes to be issued), such approval of such Authorized Officer and this Board to be conclusively evidenced by the execution of the Pricing Confirmation applicable to such Series of Notes. It is acknowledged that the Authority is authorized and requested to issue one or more Series of Pool Bonds (consisting of a Series of Senior Bonds and, if desirable, a corresponding Series of Subordinate Bonds) pursuant to and as provided in the Indenture as finally executed and, if applicable, each Supplemental Indenture as finally executed.

Each Authorized Officer is hereby authorized and directed to provide the Underwriter with such information relating to the District as the Underwriter shall reasonably request for inclusion in the Preliminary Official Statement(s) and Official Statement(s) of the Authority relating to a Series of Pool Bonds. If, at any time prior to the execution of a Pricing Confirmation, any event occurs as a result of which the information contained in the corresponding Preliminary Official Statement or other offering document relating to the District might include an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the District shall promptly notify the Underwriter.

Subject to Section 8 hereof, the District hereby agrees that if a Series of Notes shall become a Defaulted Note, the unpaid portion thereof or the portion to which a Credit Instrument applies for which full reimbursement on a draw, payment or claim has not been made by the Maturity Date shall be deemed outstanding and shall not be deemed to be paid until (i) any Credit Provider providing a Credit Instrument with respect to such Series of Notes or the Series of Pool Bonds issued in connection with such Series of Notes, has been reimbursed for any drawings, payments or claims made under the Credit Instrument with respect to such Series of Notes, including interest accrued thereon, as provided therein and in the applicable Credit Agreement, and (ii) the holders of such Series of Notes or the Series of the Pool Bonds issued in connection with such Series of Notes are paid the full principal amount represented by the unsecured portion of such Series of Notes plus interest accrued thereon (calculated at the Default Rate) to the date of deposit of such aggregate required amount with the Trustee. For purposes of clause (ii) of the preceding sentence, holders of such Series of Pool Bonds will be deemed to have received such principal amount and such accrued interest upon deposit of such moneys with the Trustee.

The District agrees to pay or cause to be paid, in addition to the amounts payable under each Series of Notes, any fees or expenses of the Trustee and, to the extent permitted by law, if such Series of Notes is secured in whole or in part by a Credit Instrument (by virtue of the fact that the corresponding Series of Pool Bonds is secured by a Credit Instrument), any Predefault Obligations and Reimbursement Obligations (to the extent not payable under such Series of Notes), (i) arising out of an "Event of Default" hereunder or (ii) arising out of any other event (other than an event arising solely as a result of or otherwise attributable to a default by any other Issuer). In the case described in (ii) above with respect to Predefault Obligations, the District shall owe only the percentage of such fees, expenses and Predefault Obligations equal to the ratio of the Principal Amount (or Series Principal Amount as applicable) of its Series of Notes over the aggregate Principal Amounts (or Series Principal Amounts, as applicable) of all series of notes, including such Series of Notes, assigned to the Series of Pool Bonds issued in connection with such Series of Notes, at the time of original issuance of such Series of Pool Bonds. Such additional amounts will be paid by the District within twenty-five (25) days of receipt by the District of a bill therefor from the Trustee.

(C) Appointment of Professionals. Piper Jaffray & Co. (and/or such other firm or firms as shall be selected by the Authority as designated in the applicable Pricing Confirmation and approved and accepted by an Authorized Officer by the execution of such Pricing Confirmation) is hereby appointed and/or approved as underwriter for the Program, the law firm of Orrick, Herrington & Sutcliffe LLP (and/or such other firm or firms as shall be selected by the Authority as designated in the applicable Pricing Confirmation and approved and accepted by an Authorized Officer by the execution of such Pricing Confirmation) is hereby appointed and/or approved as bond counsel for the Program, and the law firm of Kutak Rock LLP (and/or such other firm or firms as shall be selected by the Authority as designated in the applicable Pricing Confirmation and approved and accepted by an Authorized Officer by the execution of such Pricing Confirmation) is hereby appointed and/or approved as special counsel to the District in connection with the Program.

Section 6. No Joint Obligation.

(A) **Certificate Structure.** If the Certificate Structure is implemented, each Series of Notes of the District shall be marketed and sold simultaneously with the notes of other Issuers and shall be aggregated and combined with such notes of other Issuers participating in the Program into a Series of Certificates evidencing and representing an interest in several, and not joint, obligations of each Issuer. The obligation of the District to owners of a Series of Certificates is a several and not a joint obligation and is strictly limited to the District's repayment obligation under this Resolution, the resolution of the County providing for the issuance of the Note, if applicable, and the applicable Series of Notes as evidenced and represented by such Series of Certificates. Owners of Certificates, to the extent of their interest in a Series of Notes, shall be treated as owners of such Series of Notes and shall be entitled to all the rights and security thereof; including the right to enforce the obligations and covenants contained in this Resolution and such Series of Notes. The District hereby recognizes the right of the owners of a Series of Certificates acting directly or through the Trustee to enforce the obligations and covenants contained in the Series of Notes evidenced and represented thereby, this Resolution and the Trust Agreement. The District shall be directly obligated to each owner of a Series of Certificates for the principal and interest payments on the Series of Notes evidenced and represented by such Certificates without any right of counterclaim or offset arising out of any act or failure to act on the part of the Trustee.

(B) **Bond Pool Structure.** If the Bond Pool Structure is implemented, each Series of Notes will be issued in conjunction with a series of notes of one or more other Issuers and will be assigned to a Pool in order to secure a corresponding Series of Pool Bonds. In all cases, the obligation of the District to make payments on or in respect to each Series of its Notes is a several and not a joint obligation and is strictly limited to the District's repayment obligation under this Resolution, the resolution of the County providing for the issuance of the Note, if applicable, and such Series of Notes.

Section 7. Disposition of Proceeds of Notes. The moneys received from the sale of each Series of Notes evidenced and represented by a Series of Certificates or each Series of Pool Bonds issued in connection with a Series of Notes, as the case may be, allocable to the District's share of the costs of issuance (which shall include any fees and expenses in connection with the related Credit Instrument(s) applicable to such Series of Notes or Series of Pool Bonds) shall be deposited in an account in the Costs of Issuance Fund established for such Series of Notes or such Series of Pool Bonds, as applicable, and held and invested by the Trustee under the Trust Agreement or the Indenture, as applicable, and expended as directed by the Underwriter (if the Certificate Structure is implemented) or the Authority (if the Bond Pool Structure is implemented) on Costs of Issuance as provided in the Trust Agreement or the Indenture, as applicable. All or a portion of the moneys allocable to each Series of Notes from the sale of the corresponding Series of Certificates or Pool Bonds, as applicable, net of the District's share of the costs of issuance, is hereby designated the "Deposit to Proceeds Subaccount" and shall be deposited in the District's Proceeds Subaccount attributed to such Series of Notes hereby authorized to be created pursuant to, and held and invested by the Trustee under, the Trust Agreement or the Indenture, as applicable, for the District and said moneys may be used and expended by the District for any purpose for which it is authorized to use and expend moneys, upon requisition from such Proceeds Subaccount as specified in the Trust Agreement or the

Indenture, as applicable. The Pricing Confirmation applicable to each Series of Notes shall set forth such amount of the Deposit to Proceeds Subaccount. Each Authorized Officer is hereby authorized to approve the amount of such Deposit to Proceeds Subaccount. Subject to Section 8 hereof, the District hereby covenants and agrees to replenish amounts on deposit in each Proceeds Subaccount attributed to a Series of its Note to the extent practicable from any source of available funds up to an amount equal to the unreplenished withdrawals from such Proceeds Subaccount.

The Trustee shall transfer to each Payment Account (hereinafter defined) relating to a Series of Notes from amounts on deposit in the related Proceeds Subaccount attributed to such Series of Notes on the first day of each Repayment Period (as defined hereinafter) (or such other day of each Repayment Period designated in the Pricing Confirmation applicable to a Series of Notes), amounts which, taking into consideration anticipated earnings thereon to be received by the Maturity Date, are equal to the percentages of the principal and interest due with respect to such Series of Notes at maturity for the corresponding Repayment Period set forth in such Pricing Confirmation; provided, however, that on the twentieth date of the next to last Repayment Period designated in such Pricing Confirmation (or such other day designated in the Pricing Confirmation applicable to a Series of Notes), or, if only one Repayment Period is applicable to a Series of Notes, on the twentieth day of the month preceding the Repayment Period designated in such Pricing Confirmation (or such other day designated in the Pricing Confirmation applicable to a Series of Notes), the Trustee shall transfer all remaining amounts in the Proceeds Subaccount attributed to the Series of Notes to the related Payment Account all as and to the extent provided in the Trust Agreement or the Indenture, as applicable; provided, however, that with respect to the transfer in any such Repayment Period (or day preceding a single Repayment Period), if said amount in the Proceeds Subaccount attributed to a Series of Notes is less than the corresponding percentage set forth in the Pricing Confirmation applicable to the related Series of Notes of the principal and interest due with respect to such Series of Notes at maturity, the Trustee shall transfer to the related Payment Account attributed to such Series of Notes of the District all amounts on deposit in the Proceeds Subaccount attributed to such Series of Notes on the day designated for such Repayment Period.

For Notes issued in calendar 2010, in the event either (A) the Series Principal Amount of any Tax-Exempt Series of Notes, together with the aggregate amount of all tax-exempt obligations (including any tax-exempt leases, but excluding private activity bonds), issued and reasonably expected to be issued by the District (and all subordinate entities of the District) during calendar year 2010, will, at the time of the issuance of such Tax-Exempt Series of the Notes (as indicated in the certificate of the District executed as of the date of issuance of such Tax-Exempt Series of Notes (each "District Certificate")) exceed fifteen million dollars (\$15,000,000), or (B) the Series Principal Amount of any Tax-Exempt Series of Notes, together with the aggregate amount of all tax-exempt obligations not used to finance school construction (including any tax-exempt leases, but excluding private activity bonds), issued and reasonably expected to be issued by the District (and all subordinate entities of the District) during calendar year 2010, will, at the time of the issuance of such Tax-Exempt Series of Notes (as indicated in the related District Certificate), exceed five million dollars (\$5,000,000), the second following paragraph will apply. In such case, the District shall be deemed a "Safe Harbor Issuer" with respect to such Tax-Exempt Series of Notes.

For Notes issued in calendar year 2011, in the event either (A) the Series Principal Amount of any Tax-Exempt Series of Notes, together with the aggregate amount of all tax-exempt obligations (including any tax-exempt leases, but excluding private activity bonds), issued and reasonably expected to be issued by the District (and all subordinate entities of the District) during calendar year 2011, will, at the time of the issuance of such Tax-Exempt Series of the Notes (as indicated in the certificate of the District executed as of the date of issuance of such Tax-Exempt Series of Notes (each "District Certificate")) exceed fifteen million dollars (\$15,000,000), or (B) the Series Principal Amount of any Tax-Exempt Series of Notes, together with the aggregate amount of all tax-exempt obligations not used to finance school construction (including any tax-exempt leases, but excluding private activity bonds), issued and reasonably expected to be issued by the District (and all subordinate entities of the District) during calendar year 2011, will, at the time of the issuance of such Tax-Exempt Series of Notes (as indicated in the related District Certificate), exceed five million dollars (\$5,000,000), the following paragraph will apply. In such case, the District shall be deemed a "Safe Harbor Issuer" with respect to such Tax-Exempt Series of Notes.

Amounts in any Proceeds Subaccount relating to a Tax-Exempt Series of Notes of the District and attributable to cash flow borrowing shall be withdrawn and expended by the District for any purpose for which the District is authorized to expend funds from the general fund of the District, but, with respect to general fund expenditures, only to the extent that on the date of any withdrawal no other funds are available for such purposes without legislation or judicial action or without a legislative, judicial or contractual requirement that such funds be reimbursed. If on no date that is within six months from the date of issuance of each Tax-Exempt Series of Notes, the balance in the related Proceeds Subaccount attributable to cash flow borrowing and treated for federal tax purposes as proceeds of such Tax-Exempt Series of Notes is low enough so that the amounts in the Proceeds Subaccount attributable to such Tax-Exempt Series of Notes qualify for an exception from the rebate requirements (the "Rebate Requirements") of Section 148 of the Internal Revenue Code of 1986 (the "Code"), the District shall promptly notify the Trustee in writing and, to the extent of its power and authority, comply with instructions from Orrick, Herrington & Sutcliffe LLP, Bond Counsel, supplied to it by the Trustee as the means of satisfying the Rebate Requirements.

The term "Tax-Exempt" shall mean, with respect to interest on any obligations of a state or local government, that such interest is excluded from the gross income of the holders thereof for federal income tax purposes, whether or not such interest is includable as an item of tax preference or otherwise includable directly or indirectly for purposes of calculating other tax liabilities, including any alternative minimum tax or environmental tax under the Code. Each Series of Notes issued hereunder (or any Series of Pool Bonds related thereto) may be issued as a Tax-Exempt Series of Notes or such that the interest on such Series of Notes is not Tax-Exempt.

Section 8. Source of Payment

(A) **Pledge**. The term "Unrestricted Revenues" shall mean the taxes, income, revenue (including, but not limited to, revenue from the state and federal governments), cash receipts and other moneys provided for Fiscal Year 2010-2011 which will be received by or will accrue to the District during such fiscal year for the general fund and, if so indicated in a Pricing Confirmation, capital fund and/or special revenue fund (or similarly named fund or funds as

indicated in such Pricing Confirmation) of the District and which are lawfully available for the payment of current expenses and other obligations of the District. As security for the payment of the principal of and interest on all Series of Notes issued hereunder, subject to the payment priority provisions of Section 17 hereof and this Section 8, the District hereby pledges the first Unrestricted Revenues to be received by the District in the periods specified in each Pricing Confirmation as Repayment Periods (each individual period a "Repayment Period" and collectively "Repayment Periods"), in an amount equal to the percentages of the principal and interest due with respect to each Series of Notes at maturity for the corresponding Repayment Period specified in such Pricing Confirmations (the "Pledged Revenues").

(B) Lien and Charge. As provided in Section 53856 of the Act, all Series of Notes issued hereunder and the interest thereon, subject to the payment priority provisions of Section 17 hereof and this Section 8, shall be a first lien and charge against, and shall be payable from the first moneys received by the District from, the Pledged Revenues.

(C) General Obligation. As provided in Section 53857 of the Act, notwithstanding the provisions of Section 53856 of the Act and of subsection (B) of this Section, all Series of Notes issued hereunder shall be general obligations of the District and, in the event that on the tenth Business Day (as defined in the Trust Agreement or the Indenture, as applicable) of each such Repayment Period (or such other day of each Repayment Period designated in the Pricing Confirmation applicable to a Series of Notes) the District has not received sufficient Unrestricted Revenues to permit the deposit into each Payment Account of the full amount of Pledged Revenues to be deposited therein from said Unrestricted Revenues in such Repayment Period, then the amount of any deficiency shall be satisfied and made up from any other moneys of the District lawfully available for the payment of the principal of all Series of Notes and the interest thereon, as and when such other moneys are received or are otherwise legally available, in the following order of priority: first, to satisfy pro-rata any deficiencies attributable to any Series of Senior Notes; second, to satisfy pro-rata any deficiencies attributable to any Series of Subordinate Notes (except for any Series of Subordinate Notes described in the next clause); and thereafter, to satisfy any deficiencies attributable to any other Series of Subordinate Notes that shall have been further subordinated to previously issued Series of Subordinate Notes in the applicable Pricing Confirmation, in such order of priority.

(D) Payment Accounts. In order to effect, in part, the pledge provided for in subsection (A) of this Section, the District agrees to the establishment and maintenance as a special fund of the District of a separate Payment Account for each Series of Notes issued hereunder (each a "Payment Account") by the Trustee under the Trust Agreement or the Indenture, as applicable, and the Trustee is hereby appointed as the responsible agent to maintain such fund until the payment of the principal of the corresponding Series of Notes and the interest thereon, and the District hereby covenants and agrees to cause to be deposited directly in each Payment Account (and shall request specific amounts from the District's funds on deposit with the County Treasurer for such purpose) a pro-rata share (as provided below) of the first Unrestricted Revenues received in each Repayment Period specified in the Pricing Confirmation(s) and any Unrestricted Revenues received thereafter until the amount on deposit in each Payment Account, taking into consideration anticipated investment earnings thereon to be received by the Maturity Date applicable to the respective Series of Notes (as set forth in a certificate from the Underwriter to the Trustee), is equal in the respective Repayment Periods

identified in the Pricing Confirmation applicable to such Series of Notes to the percentages of the principal of and interest due with respect to such Series of Notes at maturity specified in the Pricing Confirmation applicable to such Series of Notes; provided that such deposits shall be made in the following order of priority: first, pro-rata to the Payment Account(s) attributable to any applicable Series of Senior Notes; second, pro-rata to the Payment Account(s) attributable to any applicable Series of Subordinate Notes (except for any Series of Subordinate Notes described in the next clause); and thereafter, to the Payment Account(s) attributable to any other applicable Series of Subordinate Notes that shall have been further subordinated to previously issued Series of Subordinate Notes in the applicable Pricing Confirmation, in such order of priority.

Subject to the payment priority provisions of Section 17 hereof and this Section 8, any moneys placed in the Payment Account attributed to a Series of Notes shall be for the benefit of (i) the owners of the applicable Series of Certificates if the Certificate Structure is implemented and the holders of the Series of Pool Bonds issued in connection with the Pool of which such Series of Notes is a part if the Bond Pool Structure is implemented, and (ii) (to the extent provided in the Trust Agreement or the Indenture, as applicable) the Credit Provider(s), if any. Subject to the payment priority provisions of Section 17 hereof and this Section 8, the moneys in the Payment Account attributed to the Series of Notes shall be applied only for the purposes for which the Payment Account is created until the principal of such Series of Notes and all interest thereon are paid or until provision has been made for the payment of the principal of such Series of Notes at maturity of such Series of Notes with interest to maturity (in accordance with the requirements for defeasance of the related Series of Certificates or Series of Bonds, as applicable, as set forth in the Trust Agreement or the Indenture, as applicable) and, if applicable (to the extent provided in the Trust Agreement or the Indenture, as applicable, and, if applicable, the corresponding Credit Agreement), the payment of all Predefault Obligations and Reimbursement Obligations owing to the corresponding Credit Provider.

(E) Determination of Repayment Periods. With respect to each Series of Notes, the length of any individual Repayment Period determined in the related Pricing Confirmation shall not exceed the greater of three (3) consecutive calendar months or ninety (90) days and the number of Repayment Periods determined in the related Pricing Confirmation shall not exceed six (6); provided, however, that (1) the first Repayment Period of any Series of Subordinate Notes shall not occur prior to the end of the last Repayment Period of any outstanding Series of Notes of a higher priority without the consent of each Credit Provider for such outstanding Notes; and (2) if the first Repayment Period of any Series of Subordinate Notes overlaps the last Repayment Period of any outstanding Series of Notes of a higher priority, no deposits shall be made in the Payment Account of such Subordinate Notes until all required amounts shall have been deposited into the Payment Account(s) of all outstanding Series of Notes of a higher priority without the consent of each Credit Provider for such outstanding Notes. Any Authorized Officer is hereby authorized to approve the determination of the Repayment Periods and percentages of the principal and interest due with respect to each Series of Notes at maturity required to be on deposit in the related Payment Account in each Repayment Period, all as specified in the Pricing Confirmation applicable to such Series of Notes, by executing and delivering the Pricing Confirmation applicable to such Series of Notes, such execution and delivery to be conclusive evidence of approval by this Board and such Authorized Officer.

(F) Application of Moneys in Payment Accounts. On any interest payment date (if different from the Maturity Date) and on the Maturity Date of a Series of Notes, the moneys in the Payment Account attributed to such Series of Notes shall be transferred by the Trustee, to the extent necessary, to pay, in the case of an interest payment date, the interest, and in the case of the Maturity Date, the principal of and interest with respect to such Series of Notes or to reimburse the Credit Provider(s) for payments made under or pursuant to the Credit Instrument(s), subject to the payment priority provisions of Section 17 hereof and this Section 8. In the event that moneys in the Payment Account attributed to any Series of Notes are insufficient to pay the principal of and/or interest with respect to such Series of Notes in full on an interest payment date and/or the Maturity Date, moneys in such Payment Account together with moneys in the Payment Accounts of all other outstanding Series of Notes issued by the District shall be applied in the following priority:

- (1) with respect to all Series of Senior Notes:**
 - a. first, to pay interest with respect to all Series of Senior Notes pro-rata;**
 - b. second, (if on the Maturity Date) to pay principal of all Series of Senior Notes pro-rata;**
 - c. third, to reimburse each Credit Provider for payment, if any, of interest with respect to all Series of Senior Notes pro-rata (or on such other basis as set for in the Trust Agreement or the Indenture, as applicable);**
 - d. fourth, to reimburse each Credit Provider for payment, if any, of principal with respect to all Series of Senior Notes pro-rata (or on such other basis as set for in the Trust Agreement or the Indenture, as applicable);**
 - e. fifth, to pay pro-rata (or on such other basis as set for in the Trust Agreement or the Indenture, as applicable) any Reimbursement Obligations of the District and any of the District's pro rata share of Predefault Obligations owing to each Credit Provider relating to all Series of Senior Notes, as applicable;**
- (2) then, with respect to all Series of Subordinate Notes (except for any Series of Subordinate Notes described in paragraph (3) below), to make the pro-rata payments corresponding to each such Series of Subordinate Notes equivalent to the payments described above in paragraphs (1)(a) through (e), in such order;**
- (3) then, with respect to all other Series of Subordinate Notes that have been further subordinated to previously issued Series of Subordinate Notes in the applicable Pricing Confirmation, to make the pro-rata payments corresponding to each such Series of Subordinate Notes equivalent to the payments described above in paragraphs (1)(a) through (e), in such order; and**
- (4) lastly, to pay any other Costs of Issuance not previously disbursed.**

Any moneys remaining in or accruing to the Payment Account attributed to each such Series of Notes after the principal of all the Series of Notes and the interest thereon and any Predefault Obligations and Reimbursement Obligations, if applicable, and obligation, if any, to pay any rebate amounts in accordance with the provisions of the Trust Agreement or the Indenture, as applicable, have been paid, or provision for such payment has been made, if any, shall be transferred by the Trustee to the District, subject to any other disposition required by the Trust Agreement, the Indenture or the related Credit Agreement(s), as applicable.

Nothing herein shall be deemed to relieve the District from its obligation to pay its Note of any Series in full on the applicable Maturity Date(s).

(G) Financial Reports and Deficiency Reports. If, as of the first Business Day (as defined in the Trust Agreement or the Indenture, as applicable) of each Repayment Period (or such other day of each Repayment Period designated in the Pricing Confirmation applicable to a Series of Notes), beginning in the Repayment Period designated in Section 3.03 of the Trust Agreement or the Indenture, as applicable, the total amount on deposit in the District's Payment Account applicable to any Series of Notes and the Proceeds Subaccount applicable to such Series of Notes, taking into consideration anticipated earnings thereon to the Maturity Date of such Series of Notes, is less than the amount required to be on deposit in the Payment Account attributed to such Series of Notes in such Repayment Period (as specified in the Pricing Confirmation applicable to the Series of Notes) and any outstanding Predefault Obligations and Reimbursement Obligations (if any), the District shall promptly file with the Trustee, the Underwriter and the corresponding Credit Provider, if any, a Financial Report, and on the tenth Business Day of such Repayment Period (or such other day of each Repayment Period designated in the Pricing Confirmation applicable to a Series of Notes), if applicable, a Deficiency Report, in substantially the forms set forth as Exhibits C and D to the Trust Agreement or the Indenture, as applicable, and shall provide such other information as the corresponding Credit Provider(s), if any, shall reasonably request. In the event of such deficiency, the District shall have no further right to requisition any moneys from any Proceeds Subaccount applicable to any Series of its Notes issued pursuant to this Resolution.

(H) Investment of Moneys in Proceeds Subaccounts and Payment Accounts. Moneys in the Proceeds Subaccount attributed to each Series of Notes and the Payment Account attributed to such Series of Notes shall be invested by the Trustee pursuant to the Trust Agreement or the Indenture, as applicable, in an investment agreement or agreements and/or other Permitted Investments as described in and under the terms of the Trust Agreement or the Indenture, as applicable, and as designated in the Pricing Confirmation applicable to such Series of Notes. The type of initial investments to be applicable to the proceeds of the Series of Notes shall be determined by the District as designated in the Pricing Confirmation applicable to such Series of Notes. In the event the District designates an investment agreement or investment agreements as the investments, the District hereby appoints the bidding agent designated in the Pricing Confirmation (the "Bidding Agent") as its designee as a party authorized to solicit bids on or negotiate the terms of the investment agreement or investment agreements and hereby authorizes and directs the Trustee to invest such funds pursuant to such investment agreement or investment agreements (which (i) shall be with a provider or providers, or with a provider or providers whose obligations are guaranteed or insured by a financial entity, the senior debt or investment contracts or obligations under its investment contracts of which are rated in one of

the two highest long-term rating categories by the rating agency or agencies then rating the applicable Series of Certificates or Series of Pool Bonds (each, a "Rating Agency"), or whose commercial paper rating is in the highest rating category (with regard to any modifiers) of each such Rating Agencies, or (ii) shall be fully collateralized by investments listed in subsection (1) of the definition of Permitted Investments set forth in the Trust Agreement or the Indenture, as applicable, as required by such Rating Agencies to be rated in one of the two highest rating categories, and shall be acceptable to the corresponding Credit Provider, and the particulars of which pertaining to interest rate or rates and investment provider or providers will be set forth in the Pricing Confirmation applicable to such Series of Notes) and authorizes the Trustee to enter into such investment agreement or agreements on behalf of the District. The Bidding Agent, on behalf of itself and any investment broker retained by it, is authorized to accept a fee from the investment provider in an amount not in excess of 0.2% of the amount reasonably expected, as of the date of acquisition of the investment contract, to be invested under the investment contract over its term. Each Authorized Officer is hereby authorized and directed to execute and deliver such side letter or letters as are reasonably required by an investment agreement provider, acknowledging such investment and making reasonable representations and covenants with respect thereto. The District's funds in the Proceeds Subaccount attributed to each Series of Notes and the Payment Account attributed to such Series of Notes shall be accounted for separately. Any such investment by the Trustee shall be for the account and risk of the District, and the District shall not be deemed to be relieved of any of its obligations with respect to any Series of Notes, the Predefault Obligations or Reimbursement Obligations, if any, by reason of such investment of the moneys in its Proceeds Subaccount applicable to such Series of Notes or the Payment Account applicable to such Series of Notes.

Notwithstanding any other investment policy of the District heretofore or hereafter adopted, the investment policy of the District pertaining to each Series of Notes and all funds and accounts established in connection therewith shall be consistent with, and the Board hereby authorizes investment in, the Permitted Investments. Any investment policy adopted by the Board hereafter in contravention of the foregoing shall be deemed to modify the authorization contained herein only if it shall specifically reference this Resolution and Section.

Section 9. Execution of Note. Any one of the Treasurer of the County, or, in the absence of said officer, his or her duly appointed assistant, the Chairperson of the Board of Supervisors of the County or the Auditor (or comparable financial officer) of the County shall be authorized to execute each Note of any Series issued hereunder by manual or facsimile signature and the Clerk of the Board of Supervisors of the County or any Deputy Clerk shall be authorized to countersign each such Note by manual or facsimile signature and to affix the seal of the County to each such Note either manually or by facsimile impression thereof. In the event the Board of Supervisors of the County fails or refuses to authorize issuance of the Series of Notes as referenced in Section 2 hereof, any one of the President or Chairperson of the governing board of the District or any other member of such board shall be authorized to execute the Note by manual or facsimile signature and the Secretary or Clerk of the governing board of the District, the Superintendent of the District, the Assistant Superintendent for Business, the Assistant Superintendent for Administrative Services, the business manager, director of business or fiscal services or chief financial/business officer of the District, as the case may be, or any duly appointed assistant thereto, shall be authorized to countersign each such Note by manual or facsimile signature. Said officers of the County or the District, as applicable, are hereby

authorized to cause the blank spaces of each such Note to be filled in as may be appropriate pursuant to the applicable Pricing Confirmation. Said officers are hereby authorized and directed to cause the Trustee, as registrar and authenticating agent, to authenticate and accept delivery of each such Note pursuant to the terms and conditions of the corresponding Certificate Purchase Agreement or Note Purchase Agreement, as applicable, this Resolution and the Trust Agreement or Indenture, as applicable. In case any officer whose signature shall appear on any Series of Notes shall cease to be such officer before the delivery of such Series of Notes, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery. Each Series of the Notes shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Trustee and showing the date of authentication. Each Series of the Notes shall not be valid or obligatory for any purpose or be entitled to any security or benefit under this Resolution unless and until such certificate of authentication shall have been duly executed by the Trustee by manual signature, and such certificate of authentication upon any such Series of Notes shall be conclusive evidence that such has been authenticated and delivered under this Resolution. The certificate of authentication on a Series of Notes shall be deemed to have been executed by the Trustee if signed by an authorized officer of the Trustee. The Notes need not bear the seal of the District, if any.

Section 10. Note Registration and Transfer. (A) As long as any Series of the Notes remains outstanding, the District shall maintain and keep, at the principal corporate trust office of the Trustee, books for the registration and transfer of each Series of the Notes. Each Series of the Notes shall initially be registered in the name of the Trustee under the Trust Agreement or Indenture, as applicable, to which such Series of the Notes is assigned. Upon surrender of a Note of a Series for transfer at the office of the Trustee with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or its duly authorized attorney, and upon payment of any tax, fee or other governmental charge required to be paid with respect to such transfer, the County or the District, as applicable, shall execute and the Trustee shall authenticate and deliver, in the name of the designated transferee, a fully registered Note of the same Series. For every transfer of a Note of a Series, the District, the County or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to the transfer, which sum or sums shall be paid by the person requesting such transfer as a condition precedent to the exercise of the privilege of making such transfer.

(B) Subject to Section 6 hereof, the County, the District and the Trustee and their respective successors may deem and treat the person in whose name a Note of a Series is registered as the absolute owner thereof for all purposes, and the County, the District and the Trustee and their respective successors shall not be affected by any notice to the contrary, and payment of or on account of the principal of such Note shall be made only to or upon the order of the registered owner thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Note to the extent of the sum or sums so paid.

(C) Any Note of a Series may, in accordance with its terms, be transferred upon the books required to be kept by the Trustee, pursuant to the provisions hereof by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Note for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in form approved by the Trustee.

(D) The Trustee or the Authorized Officer of the District, acting separately or together, are authorized to sign any letter or letters of representations which may be required in connection with the delivery of any Series of Certificates or Series of Pool Bonds (in each case, to which such Series of Notes is assigned), if such Series of Certificates and Series of Pool Bonds, are delivered in book-entry form.

(E) The Trustee will keep or cause to be kept, at its principal corporate trust office, sufficient books for the registration and transfer of each Note of a Series issued, which shall be open to inspection by the County and the District during regular business hours. Upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred, on such books, the Notes of a Series presented as hereinbefore provided.

(F) If any Note of a Series shall become mutilated, the County or the District, as applicable, at the expense of the registered owner of such Note of a Series, shall execute, and the Trustee shall thereupon authenticate and deliver a new Note of like tenor, series and number in exchange and substitution for the Note so mutilated, but only upon surrender to the Trustee of the Note so mutilated. Every mutilated Note so surrendered to the Trustee shall be cancelled by it and delivered to, or upon the order of, the County or the District, as applicable. If any Note of a Series shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the County, the District and the Trustee and, if such evidence be satisfactory to them and indemnity satisfactory to them shall be given, the County or the District, as applicable, at the expense of the registered owner, shall execute, and the Trustee shall thereupon authenticate and deliver a new Note of like tenor, series and number in lieu of and in substitution for the Note so lost, destroyed or stolen (or if any such Note of a Series shall have matured (as of the latest maturity date indicated on the face thereof) or shall be about to mature (as of the latest maturity date indicated on the face thereof), instead of issuing a substitute Note, the Trustee may pay the same without surrender thereof). The Trustee may require payment of a sum not exceeding the actual cost of preparing each new Note issued pursuant to this paragraph and of the expenses which may be incurred by the County or the District, as applicable, and the Trustee in such preparation. Any Note of a Series issued under these provisions in lieu of any Note of a Series alleged to be lost, destroyed or stolen shall constitute an original additional contractual obligation on the part of the County (on behalf of the District) or on the part of the District, as applicable, whether or not the Note of a Series so alleged to be lost, destroyed or stolen be at any time enforceable by anyone, and shall be entitled to the benefits of this Resolution with all other Notes of the same Series secured by this Resolution.

Section 11. Covenants Regarding Transfer of Funds. It is hereby covenanted and warranted by the District that it will not request the County Treasurer to make temporary transfers of funds in the custody of the County Treasurer to meet any obligations of the District during Fiscal Year 2010-2011 pursuant to Article XVI, Section 6 of the Constitution of the State of California; provided, however, that the District may request the County Treasurer to make such temporary transfers of funds if all amounts required to be deposited into the Payment Account(s) of all outstanding Series of Notes (regardless of when due and payable) shall have been deposited into such Payment Account(s).

Section 12. Representations and Covenants.

(A) The District is a political subdivision duly organized and existing under and by virtue of the laws of the State of California and has all necessary power and authority to (i) adopt this Resolution and any supplement hereto, and enter into and perform its obligations under the Certificate Purchase Agreement(s) or the Note Purchase Agreement(s), as applicable, the Trust Agreement(s), if applicable, and the Credit Agreement(s), if applicable, and (ii) authorize the County to issue one or more Series of Notes on its behalf or, if applicable, issue one or more Series of Notes.

(B) (i) Upon the issuance of each Series of Notes, the District will have taken all action required to be taken by it to authorize the issuance and delivery of such Series of Notes and the performance of its obligations thereunder, (ii) the District has full legal right, power and authority to request the County to issue and deliver such Series of Notes on behalf of the District and to perform its obligations as provided herein and therein, and (iii) if applicable, the District has full legal right, power and authority to issue and deliver each Series of Notes.

(C) The issuance of each Series of Notes, the adoption of this Resolution and the execution and delivery of the Certificate Purchase Agreement(s) or the Note Purchase Agreement(s), as applicable, the Trust Agreement(s), if applicable, and the Credit Agreement(s), if applicable, and compliance with the provisions hereof and thereof will not conflict with, breach or violate any law, administrative regulation, court decree, resolution, charter, by-laws or other agreement to which the District is subject or by which it is bound.

(D) Except as may be required under blue sky or other securities law of any state or Section 3(a)(2) of the Securities Act of 1933, there is no consent, approval, authorization or other order of, or filing with, or certification by, any regulatory authority having jurisdiction over the District required for the issuance and sale of each Series of Notes or the consummation by the District of the other transactions contemplated by this Resolution except those the District shall obtain or perform prior to or upon the issuance of each Series of Notes.

(E) The District has (or will have prior to the issuance of the first Series of Notes) duly, regularly and properly adopted a budget for Fiscal Year 2010-2011 setting forth expected revenues and expenditures and has (or will have prior to the issuance of the first Series of Notes) complied with all statutory and regulatory requirements with respect to the adoption of such budget. The District hereby covenants that it will (i) duly, regularly and properly prepare and adopt its revised or final budget for Fiscal Year 2010-2011, (ii) provide to the Trustee, the Credit Provider(s), if any, and the Underwriter, promptly upon adoption, copies of such revised or final budget and of any subsequent revisions, modifications or amendments thereto and (iii) comply with all applicable law pertaining to its budget.

(F) The Principal Amount if only one Series of Notes is issued hereunder, and if more than one Series of Notes is issued hereunder, the sum of the Series Principal Amounts of all Series of Notes issued hereunder by or on behalf of the District, plus the interest payable thereon, on the date of issuance of the final Series of Notes to be issued, shall not exceed fifty percent (50%) of the estimated amounts of uncollected taxes, income, revenue (including, but not limited to, revenue from the state and federal governments), cash receipts and other moneys provided for

Fiscal Year 2010-2011 which will be received by or will accrue to the District during such fiscal year for the general fund and, if applicable, capital fund and/or special revenue fund of the District, all of which will be legally available to pay principal of and interest on such Notes, less amounts, if any, on deposit, on the date of such issuance, in the Payment Accounts attributed to any Series of Notes.

(G) The County has experienced an *ad valorem* property tax collection rate of not less than eighty-five percent (85%) of the average aggregate amount of *ad valorem* property taxes levied within the District in each of the five fiscal years from Fiscal Year 2004-2005 through Fiscal Year 2008-2009, and the District, as of the date of adoption of this Resolution and on the date of issuance of each Series of Notes, reasonably expects the County to have collected and to collect at least eighty-five percent (85%) of such amount for Fiscal Years 2009-2010 and 2010-2011, respectively.

(H) The District (i) is not currently in default on any debt obligation, (ii) to the best knowledge of the District, has never defaulted on any debt obligation, and (iii) has never filed a petition in bankruptcy.

(I) The District's most recent audited financial statements present fairly the financial condition of the District as of the date thereof and the results of operation for the period covered thereby. Except as has been disclosed to the Underwriter and the Credit Provider(s), if any, there has been no change in the financial condition of the District since the date of such audited financial statements that will in the reasonable opinion of the District materially impair its ability to perform its obligations under this Resolution and each Series of Notes. The District agrees to furnish to the Underwriter, the Trustee and the Credit Provider(s), if any, promptly, from time to time, such information regarding the operations, financial condition and property of the District as such party may reasonably request, including the Financial Report and Deficiency Report, if appropriate, appearing as Exhibits C and D to the Trust Agreement or the Indenture, as applicable.

(J) There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, arbitrator, governmental or other board, body or official, pending or, to the best knowledge of the District, threatened against or affecting the District questioning the validity of any proceeding taken or to be taken by the District in connection with each Series of Notes, the Certificate Purchase Agreement(s) or the Note Purchase Agreement(s), as applicable, the Trust Agreement or the Indenture, as applicable, the Credit Agreement(s), if any, or this Resolution, or seeking to prohibit, restrain or enjoin the execution, delivery or performance by the District of any of the foregoing, or wherein an unfavorable decision, ruling or finding would have a materially adverse effect on the District's financial condition or results of operations or on the ability of the District to conduct its activities as presently conducted or as proposed or contemplated to be conducted, or would materially adversely affect the validity or enforceability of, or the authority or ability of the District to perform its obligations under, each Series of Notes, the Certificate Purchase Agreement(s) or the Note Purchase Agreement(s), as applicable, the Trust Agreement or the Indenture, as applicable, the Credit Agreement(s), if any, or this Resolution.

(K) The District will not directly or indirectly amend, supplement, repeal, or waive any portion of this Resolution (i) without the consents of the Credit Provider(s), if any, or (ii) in any way that would materially adversely affect the interests of any holder or owner of any Series of the Notes, Certificates or Pool Bonds, as applicable, issued in connection with any Series of the Notes; provided, however that, if the Program is implemented, the District may adopt one or more Supplemental Resolutions without any such consents in order to increase the Maximum Amount of Borrowing in connection with the issuance of one or more Series of Additional Notes as provided in Section 2(B)(4) hereof.

(L) Upon issuance of a Series of Notes, such Series of Notes, this Resolution and the District's acceptance of its obligations under the corresponding Credit Agreement will constitute legal, valid and binding agreements of the District, enforceable in accordance with their respective terms, except as such enforceability may be limited by bankruptcy or other laws affecting creditors' rights generally, the application of equitable principles if equitable remedies are sought, the exercise of judicial discretion in appropriate cases and the limitations on legal remedies against school districts, community college districts and county boards of education, as applicable, in the State of California.

(M) It is hereby covenanted and warranted by the District that all representations and recitals contained in this Resolution are true and correct, and that the District and its appropriate officials have duly taken, or will take, all proceedings necessary to be taken by them, if any, for the levy, receipt, collection and enforcement of the Pledged Revenues in accordance with law for carrying out the provisions of this Resolution and each Series of Notes.

(N) The District shall not incur any indebtedness that is not issued in connection with the Program under this Resolution and that is secured by a pledge of its Unrestricted Revenues unless such pledge is subordinate in all respects to the pledge of Unrestricted Revenues hereunder.

(O) So long as any Credit Provider is not in default under the corresponding Credit Instrument, the District hereby agrees to pay its pro rata share of all Predefault Obligations and all Reimbursement Obligations attributable to the District in accordance with provisions of the applicable Credit Agreement, if any, and/or the Trust Agreement or Indenture, as applicable. Prior to the Maturity Date of a Series of Notes, moneys in the District's Payment Account attributed to such Series of Notes shall not be used to make such payments. The District shall pay such amounts promptly upon receipt of notice from the Credit Provider that such amounts are due to it by instructing the Trustee to pay such amounts to the Credit Provider on the District's behalf by remitting to the Credit Provider moneys held by the Trustee for the District and then available for such purpose under the Trust Agreement or the Indenture, as applicable. If such moneys held by the Trustee are insufficient to pay the District's pro rata share of such Predefault Obligations and all Reimbursement Obligations attributable to the District (if any), the District shall pay the amount of the deficiency to the Trustee for remittance to the Credit Provider.

(P) So long as any Series of Certificates or Pool Bonds executed or issued in connection with a Series of Notes are Outstanding, or any Predefault Obligation or Reimbursement Obligation is outstanding, the District will not create or suffer to be created any

pledge of or lien on such Series of Notes other than the pledge and lien of the Trust Agreement or the Indenture, as applicable.

(Q) As of the date of adoption of this Resolution, based on the most recent report prepared by the Superintendent of Public Instruction of the State of California, the District does not have a negative certification (or except as disclosed in writing to the Credit Provider(s), if any, a qualified certification) applicable to the fiscal year ending June 30, 2010 (the "Fiscal Year 2009-2010") within the meaning of Section 42133 of the California Education Code. The District covenants that it will immediately deliver a written notice to the Authority, the Underwriter, the Credit Provider(s), if any, and Bond Counsel if it (or, in the case of County Boards of Education, the County Superintendent of Schools) files with the County Superintendent of Schools, the County Board of Education or the State Superintendent of Public Instruction or receives from the County Superintendent of Schools or the State Superintendent of Public Instruction a qualified or negative certification applicable to Fiscal Year 2009-2010 or Fiscal Year 2010-2011 prior to the respective Closing Date referenced in each Pricing Confirmation or the Maturity Date of each Series of Notes.

(R) Except as otherwise approved by the Credit Provider that issued the applicable Credit Instrument, to the extent required by law and by the State Superintendent of Public Instruction, the District fully funded its Reserve for Economic Uncertainties for Fiscal Year 2009-2010 and will fully fund its Reserve for Economic Uncertainties for Fiscal Year 2010-2011.

(S) The District will maintain a positive general fund balance in Fiscal Year 2010-2011.

(T) The District will maintain an investment policy consistent with the policy set forth in Section 8(H) hereof.

(U) The District covenants that it will immediately deliver a written notice to the Authority, the Underwriter, the Credit Provider(s), if any, and Bond Counsel upon the occurrence of any event which constitutes an Event of Default hereunder or would constitute an Event of Default but for the requirement that notice be given, or time elapse, or both.

Section 13. Tax Covenants. (A) The District will not take any action or fail to take any action if such action or failure to take such action would adversely affect the exclusion from gross income of the interest payable on each Tax-Exempt Series of Notes (or on any Tax-Exempt Series of Pool Bonds related thereto) under Section 103 of the Code. Without limiting the generality of the foregoing, the District will not make any use of the proceeds of any Tax-Exempt Series of the Notes or any other funds of the District which would cause any Tax-Exempt Series of the Notes (or on any Tax-Exempt Series of Pool Bonds related thereto) to be an "arbitrage bond" within the meaning of Section 148 of the Code, a "private activity bond" within the meaning of Section 141(a) of the Code, or an obligation the interest on which is subject to federal income taxation because it is "federally guaranteed" as provided in Section 149(b) of the Code. The District, with respect to the proceeds of each Tax-Exempt Series of the Notes, will comply with all requirements of such sections of the Code and all regulations of the United

States Department of the Treasury issued or applicable thereunder to the extent that such requirements are, at the time, applicable and in effect.

(B) In the event the District is deemed a Safe Harbor Issuer (as defined in Section 7) with respect to a Tax-Exempt Series of Notes, this subsection (B) shall apply. The District covenants that it shall make all calculations in a reasonable and prudent fashion relating to any rebate of excess investment earnings on the proceeds of each such Tax-Exempt Series of Notes due to the United States Treasury, shall segregate and set aside from lawfully available sources the amount such calculations may indicate may be required to be paid to the United States Treasury, and shall otherwise at all times do and perform all acts and things necessary and within its power and authority, including complying with the instructions of Orrick, Herrington & Sutcliffe LLP, Bond Counsel referred to in Section 7 hereof to assure compliance with the Rebate Requirements. If the balance in the Proceeds Subaccount attributed to cash flow borrowing and treated for federal tax purposes as proceeds of the Tax-Exempt Series of Notes is not low enough to qualify amounts in the Proceeds Subaccount attributed to cash flow borrowing for an exception to the Rebate Requirements on at least one date within the six-month period following the date of issuance of the Tax-Exempt Series of Notes (calculated in accordance with Section 7), the District will reasonably and prudently calculate the amount, if any, of investment profits which must be rebated to the United States and will immediately set aside, from revenues attributable to the Fiscal Year 2010-2011 or, to the extent not available from such revenues, from any other moneys lawfully available, the amount of any such rebate in the Rebate Fund referred to in this Section 13(B). In addition, in such event, the District shall establish and maintain with the Trustee a fund (with separate subaccounts therein for each such Tax-Exempt Series of Notes if more than one series is issued) separate from any other fund established and maintained hereunder and under the Indenture or Trust Agreement, as applicable, designated as the "2010-2011 Tax and Revenue Anticipation Note Rebate Fund" or such other name as the Trust Agreement or the Indenture, as applicable, may designate. There shall be deposited in such Rebate Fund such amounts as are required to be deposited therein in accordance with the written instructions from Bond Counsel pursuant to Section 7 hereof.

(C) Notwithstanding any other provision of this Resolution to the contrary, upon the District's failure to observe, or refusal to comply with, the covenants contained in this Section 13, no one other than the holders or former holders of each Tax-Exempt Series of Notes, the Certificate or the Bond owners, as applicable, the Credit Provider(s), if any, or the Trustee on their behalf shall be entitled to exercise any right or remedy under this Resolution on the basis of the District's failure to observe, or refusal to comply with, such covenants.

(D) The covenants contained in this Section 13 shall survive the payment of all Series of the Notes.

Section 14. Events of Default and Remedies.

If any of the following events occurs, it is hereby defined as and declared to be and to constitute an "Event of Default":

(A) Failure by the District to make or cause to be made the deposits to any Payment Account required to be made hereunder on or before the fifteenth (15th) day

after the date on which such deposit is due and payable, or failure by the District to make or cause to be made any other payment required to be paid hereunder on or before the date on which such payment is due and payable;

(B) Failure by the District to observe and perform any covenant, condition or agreement on its part to be observed or performed under this Resolution, for a period of fifteen (15) days after written notice, specifying such failure and requesting that it be remedied, is given to the District by the Trustee or any Credit Provider, unless the Trustee and such Credit Provider shall all agree in writing to an extension of such time prior to its expiration;

(C) Any warranty, representation or other statement by or on behalf of the District contained in this Resolution or the Certificate Purchase Agreement(s) or the Note Purchase Agreement(s), as applicable (including the Pricing Confirmation(s)), or the Credit Agreement(s) or in any requisition or any Financial Report or Deficiency Report delivered by the District or in any instrument furnished in compliance with or in reference to this Resolution or the Certificate Purchase Agreement(s) or the Note Purchase Agreement(s), as applicable, or the Credit Agreement(s) or in connection with any Series of the Notes, is false or misleading in any material respect;

(D) Any event of default constituting a payment default occurs in connection with any other bonds, notes or other outstanding debt of the District;

(E) A petition is filed against the District under any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect and is not dismissed within 30 days after such filing, but the Trustee shall have the right to intervene in the proceedings prior to the expiration of such 30 days to protect its and the Certificate or the Bond owners' (or Noteholders') interests;

(F) The District files a petition in voluntary bankruptcy or seeking relief under any provision of any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, or consents to the filing of any petition against it under such law;

(G) The District admits insolvency or bankruptcy or is generally not paying its debts as such debts become due, or becomes insolvent or bankrupt or makes an assignment for the benefit of creditors, or a custodian (including without limitation a receiver, liquidator or trustee) of the District or any of its property is appointed by court order or appointed by the State Superintendent of Public Instruction or takes possession thereof and such order remains in effect or such possession continues for more than 30 days, but the Trustee shall have the right to intervene in the proceedings prior to the expiration of such 30 days to protect its and the Certificate or the Bond owners' or Noteholders' interests; and

(H) An "Event of Default" under the terms of the resolution, if any, of the County providing for the issuance of the Notes (and any Series thereof).

Whenever any Event of Default referred to in this Section 14 shall have happened and be continuing, subject to the provisions of Section 17 hereof, the Trustee shall, in addition to any other remedies provided herein or by law or under the Trust Agreement or the Indenture, as applicable, have the right, at its option without any further demand or notice, to take one or any combination of the following remedial steps:

(1) Without declaring any Series of Notes to be immediately due and payable, require the District to pay to the Trustee, for deposit into the applicable Payment Account(s) of the District under the Trust Agreement or the Indenture, as applicable, an amount equal to all of the principal of all Series of Notes and interest thereon to the respective final maturity(ies) of such Series of Notes, plus all other amounts due hereunder, and upon notice to the District the same shall become immediately due and payable by the District without further notice or demand; and

(2) Take whatever other action at law or in equity (except for acceleration of payment on any Series of Notes) which may appear necessary or desirable to collect the amounts then due and thereafter to become due hereunder or to enforce any other of its rights hereunder.

Notwithstanding the foregoing, and subject to the provisions of Section 17 hereof and to the terms of the Trust Agreement or the Indenture, as applicable, concerning exercise of remedies which shall control if inconsistent with the following, if any Series of Notes is secured in whole or in part by a Credit Instrument or if a Credit Provider is subrogated to rights under any Series of Notes, as long as each such Credit Provider has not failed to comply with its payment obligations under the corresponding Credit Instrument, each such Credit Provider shall have the right to direct the remedies upon any Event of Default hereunder, and as applicable, prior consent shall be required to any remedial action proposed to be taken by the Trustee hereunder, except that nothing contained herein shall affect or impair the right of action of any owner of a Certificate to institute suit directly against the District to enforce payment of the obligations evidenced and represented by such owner's Certificate.

If any Credit Provider is not reimbursed on any interest payment date applicable to the corresponding Series of Notes for the drawing, payment or claim, as applicable, used to pay principal of and interest on such Series of Notes due to a default in payment on such Series of Notes by the District, as provided in the Trust Agreement or in the Indenture, as applicable, or if any principal of or interest on such Series of Notes remains unpaid after the Maturity Date of such Series of Notes, such Series of Notes shall be a Defaulted Note, the unpaid portion thereof or the portion (including the interest component, if applicable) to which a Credit Instrument applies for which reimbursement on a draw, payment or claim has not been made shall be deemed outstanding and shall bear interest at the Default Rate until the District's obligation on the Defaulted Note is paid in full or payment is duly provided for, all subject to Section 8 hereof.

Section 15. Trustee. The Trustee is hereby appointed as paying agent, registrar and authenticating agent for any and all Series of Notes. The District hereby directs and authorizes the payment by the Trustee of the interest on and principal of any and all Series of Notes when such become due and payable from the corresponding Payment Account held by the Trustee in the name of the District in the manner set forth herein. The District hereby covenants to deposit

funds in each such Payment Account at the times and in the amounts specified herein to provide sufficient moneys to pay the principal of and interest on any and all Series of Notes on the day or days on which each such Series matures. Payment of any and all Series of Notes shall be in accordance with the terms of the applicable Series of Notes and this Resolution and any applicable Supplemental Resolution.

The District hereby agrees to maintain the Trustee under the Trust Agreement or the Indenture, as applicable, as paying agent, registrar and authenticating agent of any and all Series of Notes.

The District further agrees to indemnify, to the extent permitted by law and without making any representation as to the enforceability of this covenant, and save the Trustee, its directors, officers, employees and agents harmless against any liabilities which it may incur in the exercise and performance of its powers and duties under the Trust Agreement or the Indenture, as applicable, including but not limited to costs and expenses incurred in defending against any claim or liability, which are not due to its negligence or default.

Section 16. Sale of Notes. If the Certificate Structure is implemented, each Series of Notes as evidenced and represented by the applicable Series of Certificates shall be sold to the Underwriter, in accordance with the terms of the Certificate Purchase Agreement applicable to such Series of Notes, in each case as hereinbefore approved. If the Bond Pool Structure is implemented, each Series of Notes shall be sold to the Authority in accordance with the terms of the Note Purchase Agreement applicable to such Series of Notes, in each case as hereinbefore approved.

Section 17. Subordination. (a) Anything in this Resolution to the contrary notwithstanding, the indebtedness evidenced by each Series of Subordinate Notes shall be subordinated and junior in right of payment, to the extent and in the manner hereinafter set forth, to all principal of, premium, if any, and interest on each Series of Senior Notes and any refinancings, refundings, deferrals, renewals, modifications or extensions thereof.

In the event of (1) any insolvency, bankruptcy, receivership, liquidation, reorganization, readjustment, composition or other similar proceeding relating to the District or its property, (2) any proceeding for the liquidation, dissolution or other winding-up of the District, voluntary or involuntary, and whether or not involving insolvency or bankruptcy proceedings, (3) any assignment for the benefit of creditors, or (4) any distribution, division, marshalling or application of any of the properties or assets of the District or the proceeds thereof to creditors, voluntary or involuntary, and whether or not involving legal proceedings, then and in any such event, payment shall be made to the parties and in the priority set forth in Section 8(F) hereof, and each party of a higher priority shall first be paid in full before any payment or distribution of any character, whether in cash, securities or other property shall be made in respect of any party of a lower priority.

The subordination provisions of this Section have been entered into for the benefit of the holders of the Series of Senior Notes and any Credit Provider(s) that issues a Credit Instrument with respect to such Series of Senior Notes and, notwithstanding any provision of this

Resolution, may not be supplemented, amended or otherwise modified without the written consent of all such holders and Credit Provider(s).

Notwithstanding any other provision of this Resolution, the terms of this Section shall continue to be effective or be reinstated, as the case may be, if at any time any payment of any Series of Senior Notes is rescinded, annulled or must otherwise be returned by any holder of Series of Senior Notes or such holder's representative, upon the insolvency, bankruptcy or reorganization of the District or otherwise, all as though such payment has not been made.

In no event may any holder of all or any part of the Series of Subordinate Notes, or the corresponding Credit Provider(s), exercise any right or remedy available to it on account of any Event of Default on the Series of Subordinate Notes, (1) at any time at which payments with respect thereto may not be made by the District on account of the terms of this Section, or (2) prior to the expiration of forty-five (45) days after the holders of the Series of Subordinate Notes, or the corresponding Credit Provider(s), shall have given notice to the District and to the holders of the Series of Senior Notes and the corresponding Credit Provider(s), of their intention to take such action.

The terms of this Section, the subordination effected hereby and the rights of the holders of the Series of Senior Notes shall not be affected by (a) any amendment of or addition or supplement to any Series of Senior Notes or any instrument or agreement relating thereto, including without limitation, this Resolution, (b) any exercise or non-exercise of any right, power or remedy under or in respect of any Series of Senior Notes or any instrument or agreement relating thereto, or (c) any waiver, consent, release, indulgence, extension, renewal, modification, delay or other action, inaction or omission, in respect of any Series of Senior Notes or any instrument or agreement relating thereto or any security therefor or guaranty thereof, whether or not any holder of any Series of Subordinate Notes shall have had notice or knowledge of any of the foregoing.

In the event that a Series of Additional Subordinate Notes is further subordinated in the applicable Pricing Confirmation, at the time of issuance thereof, to all previously issued Series of Subordinate Notes of the District, the provisions of this Section 17 relating to Series of Senior Notes shall be applicable to such previously issued Series of Subordinate Notes and the provisions of this Section 17 relating to Series of Subordinate Notes shall be applicable to such Series of Additional Subordinate Notes.

Section 18. Continuing Disclosure Undertaking. The provisions of this Section 18 shall be applicable only if the Certificate Structure is implemented.

(A) The District covenants, for the sole benefit of the owners of each Series of Certificates which evidence and represent the applicable Series of Notes (and, to the extent specified in this Section 18, the beneficial owners thereof), that the District shall provide in a timely manner, through the Trustee acting as dissemination agent (the "Dissemination Agent") to the Municipal Securities Rulemaking Board, notice of any of the following events with respect to an outstanding Series of Notes of the District, if material (each a "Listed Event"): (1) principal and interest payment delinquencies on such Series of Notes and the related Series of Certificates; (2) non-payment related defaults; (3) modifications to rights of owners and beneficial owners of

the Series of Certificates which evidence and represent such Series of Notes; (4) optional, contingent or unscheduled bond calls; (5) defeasances; (6) rating changes; (7) adverse tax opinions or events affecting the tax-exempt status of such Series of Notes and the related Series of Certificates; (8) unscheduled draws on debt service reserves reflecting financial difficulties; (9) unscheduled draws on the credit enhancement reflecting financial difficulties; (10) substitution of credit or liquidity providers, or their failure to perform; and (11) release, substitution or sale of property securing repayment of such Series of Notes.

Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall as soon as possible determine if such event would be material under applicable federal securities laws. The Authority and the Dissemination Agent shall have no responsibility for such determination and shall be entitled to conclusively rely upon the District's determination.

If the District determines that knowledge of the occurrence of a Listed Event would be material under applicable federal securities laws, the District shall promptly provide the Authority and the Dissemination Agent with a notice of such occurrence which the Dissemination Agent agrees to file with the Municipal Securities Rulemaking Board.

All documents provided to the Municipal Securities Rulemaking Board shall be provided in an electronic format, as prescribed by the Municipal Securities Rulemaking Board, and shall be accompanied by identifying information, as prescribed by the Municipal Securities Rulemaking Board.

(B) In the event of a failure of the District to comply with any provision of this section, any owner or beneficial owner of the related Series of Certificates may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this section. A default under this section shall not be deemed an Event of Default under Section 14 hereof, and the sole remedy under this section in the event of any failure of the District to comply with this section shall be an action to compel performance.

(C) For the purposes of this section, a "beneficial owner" shall mean any person which has the power, directly or indirectly, to make investment decisions concerning ownership of any Certificates of the Series which evidences and represents such Series of Notes (including persons holding Certificates through nominees, depositories or other intermediaries and any Credit Provider as a subrogee).

(D) The District's obligations under this section shall terminate upon the legal defeasance, prior redemption or payment in full of its Note. If such termination occurs prior to the final maturity of the related Series of Certificates, the District shall give notice of such termination in the same manner as for a Listed Event under subsection (A) of this section.

(E) The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the District pursuant to this section. In no event shall the Dissemination Agent be responsible for preparing any notice or report or for filing any notice or report which it has not received in a timely manner and in a format suitable for reporting. Nothing in this section shall be deemed to prevent the District from disseminating any other

information, using the means of dissemination set forth in this section or any other means of communication, or including any other notice of occurrence of a Listed Event, in addition to that which is required by this section. If the District chooses to include any information in any notice of occurrence of a Listed Event in addition to that which is specifically required by this section, the District shall have no obligation under this section to update such information or include it in any future notice of occurrence of a Listed Event.

(F) Notwithstanding any other provision of this Resolution, the District with the consent of the Dissemination Agent and notice to the Authority may amend this section, and any provision of this section may be waived, provided that the following conditions are satisfied:

(1) If the amendment or waiver relates to the provisions of subsection (A) of this section, it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the applicable Series of Notes and the related Series of Certificates, or the type of business conducted;

(2) The undertaking, as amended or taking into account such waiver, would in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the applicable Series of Notes and the related Series of Certificates, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(3) The amendment or waiver either (i) is approved by the owners or beneficial owners of the Certificates of the Series which evidences and represents the applicable Series of Notes in the same manner as provided in the Trust Agreement for amendments to the Trust Agreement with the consent of owners or beneficial owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the owners or beneficial owners of the related Certificates. In the event of any amendment or waiver of a provision of this section, notice of such change shall be given in the same manner as for an event listed under subsection (A) of this section, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver; provided, however, the District shall be responsible for preparing such narrative explanation.

(G) The Dissemination Agent shall have only such duties as are specifically set forth in this section. The Dissemination Agent shall not be liable for the exercise of any of its rights hereunder or for the performance of any of its obligations hereunder or for anything whatsoever hereunder, except only for its own willful misconduct or gross negligence. Absent gross negligence or willful misconduct, the Dissemination Agent shall not be liable for an error of judgment. No provision hereof shall require the Dissemination Agent to expend or risk its own funds or otherwise incur any financial or other liability or risk in the performance of any of its obligations hereunder, or in the exercise of any of its rights hereunder, if such funds or adequate indemnity against such risk or liability is not reasonably assured to it. The District hereby agrees to compensate the Dissemination Agent for its reasonable fees in connection with its services hereunder, but only from the District's share of the costs of issuance deposited in the Costs of Issuance Fund held and invested by the Trustee under the Trust Agreement.

(H) This section shall inure solely to the benefit of the District, the Dissemination Agent, the Underwriter, any Credit Provider and owners and beneficial owners from time to time of the Certificates, and shall create no rights in any other person or entity.

Section 19. Approval of Actions. The aforementioned officers of the County or the District, as applicable, are hereby authorized and directed to execute each Series of Notes and to cause the Trustee to authenticate and accept delivery of each Series of Notes pursuant to the terms and conditions of the applicable Certificate Purchase Agreement and Trust Agreement or the applicable Note Purchase Agreement and the Indenture, as applicable. All actions heretofore taken by the officers and agents of the County, the District or this Board with respect to the sale and issuance of the Notes and participation in the Program are hereby approved, confirmed and ratified and the officers and agents of the County and the officers of the District are hereby authorized and directed, for and in the name and on behalf of the District, to do any and all things and take any and all actions and execute any and all certificates, requisitions, agreements, notices, consents, and other documents, including tax certificates, letters of representations to the securities depository, investment contracts (or side letters or agreements thereto), other or additional municipal insurance policies or credit enhancements or credit agreements or insurance commitment letters, if any, and closing certificates, which they, or any of them, may deem necessary or advisable in order to consummate the lawful issuance and delivery of each Series of Notes, execution or issuance and delivery of the corresponding Series of Certificates or Series of Pool Bonds, as applicable, and investment of the proceeds thereof, in accordance with, and related transactions contemplated by, this Resolution. The officers of the District referred to above in Section 4 hereof, and the officers of the County referred to above in Section 9 hereof, are hereby designated as "Authorized District Representatives" under the Trust Agreement or the Indenture, as applicable.

In the event that any Series of Notes or a portion thereof is secured by a Credit Instrument, the Authorized Officer is hereby authorized and directed to provide the applicable Credit Provider with any and all information relating to the District as such Credit Provider may reasonably request.

Section 20. Proceedings Constitute Contract. The provisions of each Series of Notes and of this Resolution shall constitute a contract between the District and the registered owner of such Series of Notes, the registered owners of the Series of Certificates or Bonds to which such Series of Notes is assigned, and the corresponding Credit Provider(s), if any, and such provisions shall be enforceable by mandamus or any other appropriate suit, action or proceeding at law or in equity in any court of competent jurisdiction, and shall be irrevocable.

Section 21. Limited Liability. Notwithstanding anything to the contrary contained herein or in any Series of Notes or in any other document mentioned herein or related to any Series of Notes or to any Series of Certificates or Series of Pool Bonds to which such Series of Notes may be assigned, the District shall not have any liability hereunder or by reason hereof or in connection with the transactions contemplated hereby except to the extent payable from moneys available therefor as set forth in Section 8 hereof, and the County is not liable for payment of any Note or any other obligation of the District hereunder.

Section 22. Severability. In the event any provision of this Resolution shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 23. Submittal of Resolution to County. The Secretary or Clerk of the Board of the District is hereby directed to submit one certified copy each of this Resolution to the Clerk of the Board of Supervisors of the County, to the Treasurer of the County and to the County Superintendent of Schools.

**EXHIBIT A
FORM OF NOTE**

R-1

\$ _____

_____ DISTRICT/_____ BOARD OF EDUCATION
COUNTY OF _____, CALIFORNIA
2010-2011 [SUBORDINATE]* TAX AND REVENUE ANTICIPATION NOTE, SERIES __

Date of
Original Issue

REGISTERED OWNER: U.S. BANK NATIONAL ASSOCIATION, AS TRUSTEE

SERIES PRINCIPAL AMOUNT: _____ DOLLARS

Interest Rate		Maturity Date		
_____ %		_____, 2011		
First Repayment Period	Second Repayment Period	Third Repayment Period	Fourth Repayment Period	Fifth Repayment Period
___% of the total of [principal] [interest] [principal and interest] due at maturity	___% of the total of [principal] [interest] [principal and interest] due at maturity	___% of the total of [principal] [interest] [principal and interest] due at maturity	___% of the total of [principal] [interest] [principal and interest] due at maturity	100% of the total of principal and interest due at maturity**

FOR VALUE RECEIVED, the District/Board of Education designated above (the "District"), located in the County designated above (the "County"), acknowledges itself indebted to and promises to pay on the maturity date specified above to the registered owner identified above, or registered assigns, the principal amount specified above, together with interest thereon from the date hereof until the principal amount shall have been paid, payable [on _____ 1, 2011 and] on the maturity date specified above in lawful money of the United States of America, at the rate of interest specified above (the "Note Rate"). Principal of and interest on this Note are payable in such coin or currency of the United States as at the time of payment is legal tender for payment of private and public debts, such principal and interest to be paid upon surrender hereof at the principal corporate trust office of U.S. Bank National Association in Los Angeles, California, or its successor in trust (the "Trustee"). Interest shall be calculated on the basis of a 360-day year, consisting of twelve 30-day months, in like lawful money from the date hereof until the maturity date specified above and, if funds are not provided for payment at the maturity, thereafter on the basis of a 360-day year for actual days elapsed until payment in full of said principal sum. Both the principal of and interest on this Note shall be payable only to the registered owner hereof upon surrender of this Note as the same shall fall due; provided, however, no interest shall be payable for any period after maturity during which the holder hereof fails to properly present this Note for payment. If the District fails to pay interest on this Note on any interest payment date or to pay the principal of or interest on this Note on the

* To bear this designation if this Note is a Series of Subordinate Notes.

** Length and number of Repayment Periods and percentages and amount of principal of Note shall be determined in Pricing Confirmation (as defined in the Resolution).

maturity date or the [Credit Provider(s)] (as defined in the Resolution hereinafter described), if any, is not reimbursed in full for the amount drawn on or paid pursuant to the [Credit Instrument(s)] (as defined in the Resolution) to pay all or a portion of the principal of and interest on this Note on the date of such payment, this Note shall become a Defaulted Note (as defined and with the consequences set forth in the Resolution).

[It is hereby certified, recited and declared that this Note (the "Note") represents an authorized issue of the Note in the aggregate principal amount authorized, executed and delivered pursuant to and by authority of a resolution of the governing board of the District duly passed and adopted heretofore, under and by authority of Article 7.6 (commencing with Section 53850) of Chapter 4, Part 1, Division 2, Title 5 of the California Government Code (the "Resolution"), to all of the provisions and limitations of which the owner of this Note, by acceptance hereof, assents and agrees. Pursuant to and as more particularly provided in the Resolution, additional notes may be issued by the District secured by a lien on a parity with the lien securing this Note.]^{*}

[It is hereby certified, recited and declared that this Note (the "Note") represents an authorized issue of the Note in the aggregate principal amount authorized, executed and delivered pursuant to and by authority of certain resolutions of the governing boards of the District and the County duly passed and adopted heretofore, under and by authority of Article 7.6 (commencing with Section 53850) of Chapter 4, Part 1, Division 2, Title 5 of the California Government Code (collectively, the "Resolution"), to all of the provisions and limitations of which the owner of this Note, by acceptance hereof, assents and agrees. Pursuant to and as more particularly provided in the Resolution, additional notes may be issued by the District secured by a lien on a parity with the lien securing this Note.]^{**}

The term "Unrestricted Revenues" means the taxes, income, revenue, cash receipts and other moneys provided for Fiscal Year 2010-2011 which will be received by or will accrue to the District during such fiscal year for the general fund [and capital fund and/or special revenue fund] of the District and which are lawfully available for the payment of current expenses and other obligations of the District. As security for the payment of the principal of and interest on the Note, subject to the payment priority provisions contained in the Resolution, the District has pledged the first Unrestricted Revenues of the District received in the Repayment Periods set forth on the face hereof in an amount equal to the corresponding percentages of principal of, and [in the final Repayment Period,] interest due on, the Note at maturity set forth on the face hereof (such pledged amounts being hereinafter called the "Pledged Revenues"). As provided in Section 53856 of the California Government Code, subject to the payment priority provisions contained in the Resolution, the Note and the interest thereon shall be a first lien and charge against, and shall be payable from the first moneys received by the District from, the Pledged Revenues. As provided in Section 53857 of the California Government Code, notwithstanding the provisions of Section 53856 of the California Government Code and the foregoing, the Note shall be a general obligation of the District and, in the event that on [the tenth business day of each such Repayment Period], the District has not received sufficient Unrestricted Revenues to permit the deposit into the payment account established for the Note of the full amount of Pledged

^{*} This paragraph is applicable only if the Note is issued by the District.

^{**} This paragraph is applicable only if the Note is issued by the County.

Revenues to be deposited therein from said Unrestricted Revenues in such Repayment Period as provided in the Resolution, then the amount of any deficiency shall be satisfied and made up from any other moneys of the District lawfully available for the payment of the principal of the Note and the interest thereon, as and when such other moneys are received or are otherwise legally available, as set forth in the Resolution and subject to the payment priority provisions contained therein. The full faith and credit of the District is not pledged to the payment of the principal of or interest on this Note. The County is not liable for payment of this Note.

This Note is transferable, as provided by the Resolution, only upon the books of the District kept at the office of the Trustee, by the registered owner hereof in person or by its duly authorized attorney, upon surrender of this Note for transfer at the office of the Trustee, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed by the registered owner hereof or its duly authorized attorney, and upon payment of any tax, fee or other governmental charge required to be paid with respect to such transfer, a fully registered Note will be issued to the designated transferee or transferees.

The [County, the]^{*} District and the Trustee may deem and treat the registered owner hereof as the absolute owner hereof for the purpose of receiving payment of or on account of principal hereof and interest due hereon and for all other purposes, and [the County,]^{*} the District and the Trustee shall not be affected by any notice to the contrary.

This Note shall not be valid or become obligatory for any purpose until the Certificate of Authentication and Registration hereon shall have been signed by the Trustee.

It is hereby certified that all of the conditions, things and acts required to exist, to have happened and to have been performed precedent to and in the issuance of this Note do exist, have happened and have been performed in due time, form and manner as required by the Constitution and statutes of the State of California and that the amount of this Note, together with all other indebtedness of the District, does not exceed any limit prescribed by the Constitution or statutes of the State of California.

[IN WITNESS WHEREOF, the Board of Supervisors of the County has caused this Note to be executed by the manual or facsimile signature of a duly authorized officer of the County and countersigned by the manual or facsimile signature of its duly authorized officer and caused its official seal to be affixed hereto either manually or by facsimile impression hereon as of the date of authentication set forth below.]^{*}

^{*} Applicable only if the Note is issued by the County.

[IN WITNESS WHEREOF, the governing board of the District has caused this Note to be executed by the manual or facsimile signature of a duly authorized officer of the District and countersigned by the manual or facsimile signature of its duly authorized officer as of the date of authentication set forth below.]**

STATEWIDE ASSOCIATION OF COMMUNITY COLLEGES

**BEFORE THE GOVERNING BOARD OF THE
WEST HILLS COMMUNITY COLLEGE DISTRICT**

Resolution CO-51

**In the Matter of Declaring Membership in the
Statewide Association of Community Colleges JPA (SWACC)**

WHEREAS, school districts have determined there is a need for affordable excess coverages by combining their respective efforts to establish, operate and maintain a Joint Power Agency for excess coverages; and

WHEREAS, Title I, Division 7, Chapter 5, Article I (Section 6500 et seq.) of the Government Code of the State of California authorizes joint exercise by two or more public agencies of any power common to them.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of the West Hills Community College declares its membership in the Statewide Association of Community Colleges JPA and instructs Ken Stoppenbrink, its duly authorized agent, to execute on behalf of the West Hills Community College District the attached Joint Powers Agreement.

PASSED AND ADOPTED by the Board of Trustees of the West Hills Community College District this 9th day of April, 2009, by the following vote:

AYES: 7
NOES: 0
ABSENT: 0
ABSTAIN: 0

NOW, THEREFORE, FOR AND IN CONSIDERATION OF THE MUTUAL ADVANTAGES TO BE DERIVED THEREFROM, AND IN CONSIDERATION OF THE EXECUTION OF THIS AGREEMENT BY OTHER PUBLIC AGENCIES, each of the parties hereto does agree as follows:

1. CREATION OF THE JOINT POWERS ENTITY

A Joint Powers Entity, separate and apart from the public agencies signatory hereto, shall be and is hereby created and shall hereafter be designated as the Southern California Schools' Regional Liability Excess Fund (hereinafter referred to as the "Authority").

2. FUNCTIONS OF THE AUTHORITY

(a) The Authority is established for the purposes of administering this Agreement, pursuant to the Joint Powers provisions of the California Government Code, and of providing the services and other items necessary and appropriate for the establishment, operation and maintenance of a joint program for liability and property damage claims against the members of the public agencies who are members thereof, and to provide a forum for discussion, study, development and implementation of recommendations of mutual interest regarding other joint programs.

(b) The functions of the Authority are:

(1) To provide a joint program and system, as stated in the memorandum of coverage given to each member, for liability and property damage claims against the members of the Authority and as such, to perform, or contract for the performance of, the financial administration, policy formulation, claim service, legal representation, safety engineering, and other development as necessary for the payment and handling of all liability and property damage protection claims against members. Said payment and handling for any member shall be for all liability and property damage claims filed and arising out of facts occurring during the period of membership in the Authority. The Authority shall not pay or handle for a member any liability and property damage protection claims which arise out of facts occurring before membership or after termination of membership in this Authority.

(2) To pursue any member's right of subrogation against a third party when in the discretion of the Board of Directors the same is appropriate. Any and all proceeds resulting from the assertion of such subrogation rights shall accrue to the benefit of the member against which the claim is charged.

(3) To enter into contracts.

- (4) To obtain appropriate insurance coverage as determined by the Board of Directors.
- (5) To acquire, hold, and dispose of property, real and personal, all for the purpose of providing the membership with the necessary education, study, development, and implementation of a joint program, for liability and property protection including, but not limited to, the acquisition of facilities and equipment necessary, the employment of personnel, and the operation and maintenance of a system for the handling of the joint program.
- (6) To incur debts, liabilities, and obligations necessary to accomplish the purposes of this Agreement.
- (7) To receive gifts, contributions, and donations of property, funds, services, and other forms of assistance from persons, firms, corporations, associations, and any governmental entity.
- (8) To invest surplus reserve funds as deemed appropriate by the Board of Directors, and as subject to law.
- (9) To provide a forum for discussion, study, development, and implementation of recommendations of mutual interest regarding other joint programs.
- (10) To sue and be sued in the name of the Authority.
- (11) To perform such other functions as may be necessary or appropriate to carry out this Agreement, so long as such other functions so performed are not prohibited by any provision of law.

3. POWERS OF THE AUTHORITY

The Authority shall have the power and authority to exercise any power common to the public agencies which are parties to this Agreement, provided that the same are in furtherance of the functions and objectives of this Agreement as herein set forth. Pursuant to Section 6509 of the California Government Code, the exercise of the aforesaid powers of the Authority shall be subject to the restrictions upon the manner of exercising such powers by a public agency having the same status as a Member District or Joint Powers Authority except as otherwise provided in this Agreement.

4. TERM OF THE AGREEMENT

This Agreement shall become effective on June 1, 1986. This Agreement shall continue in effect until lawfully terminated as provided herein and in the Bylaws. In the event of a reorganization of one or more of the public agencies participating in this Agreement, the successor in interest or successors in interest to the obligations of any such reorganized public agency may be substituted as a party or as parties to this Agreement.

5. BYLAWS

- (a) The Authority shall be governed pursuant to those certain Bylaws, a copy of which is

attached hereto as Exhibit "A" and incorporated herein by reference, and by such amendments to the Bylaws as may from time to time be adopted. Wherever in this Agreement "Bylaws" are referred to, said Bylaws shall be those set forth in Exhibit "A", as may be amended. Each party to this Agreement agrees to comply with and be bound by the provisions of said Bylaws and further agrees that the Authority shall be operated pursuant to this Agreement and said Bylaws.

- (b) Procedures for amending the Bylaws shall be as provided in the Bylaws so long as not inconsistent with this Agreement. All amendments must be approved by two-thirds (2/3) of the weighted vote of the Board of Directors before the amendment shall become effective. Such amendments shall be binding upon all members of the Authority. The effective date of any amendment will be on the first day of the next month following adoption, unless otherwise stated.

6. MEMBERSHIP IN THE AUTHORITY

- (a) Each party to this Agreement must be eligible for membership in the Authority as defined in the Bylaws and shall become a member of the Authority on the effective date of this Agreement, except as provided herein below. Each party, which becomes a member of the Authority shall be entitled to the rights and privileges of, and shall be subject to the obligations of, membership as provided in this Agreement and in the Bylaws.
- (b) Upon the written approval and two-thirds (2/3) of the weighted vote of the Board of Directors, any community college district, or Joint Powers Authority comprised solely of community college districts that is not a party hereto but that desires to join the Authority created hereby, may become a member hereof by executing a copy of this Agreement whereby said community college district and Joint Powers Authority comprised solely of community college districts agrees to comply with the terms of this Agreement and of the Bylaws effective as of the date of such execution.
- (c) Each member shall have a minimum of \$5,000 self-insured retention per occurrence for liability coverage and a minimum of \$5,000 deductible per occurrence for property coverage provided to the member by the Authority.

7. WITHDRAWAL FROM OR TERMINATION OF MEMBERSHIP

- (a) Any party to this Agreement which has completed three complete years as a member of the Authority may voluntarily terminate this Agreement as to itself and withdraw from membership in the Authority. Such termination and withdrawal of membership shall become effective subject and according to the conditions, manner and means set forth in the Bylaws.
- (b) A member may be involuntarily terminated from the Authority upon a two-thirds (2/3) of the weighted vote of all the remaining members of the Board of Directors, as provided by the Bylaws. Such removal from membership shall operate to terminate the Agreement as to such party.

8. TERMINATION OF AGREEMENT

This Agreement may be terminated effective at the end of any fiscal year by the affirmative vote of three-fourths (3/4) of the members of the Authority, provided, however, that the Authority and this Agreement shall continue to exist for the purpose of disposing of all claims, distribution of assets, and all other functions necessary to conclude the affairs of the Authority.

9. DISPOSITION OF PROPERTY AND FUNDS

- (a) In the event of the dissolution of the Authority, the complete rescission, or other final termination of this Agreement by all public agencies then a party hereto, any property interest remaining in the Authority following a discharge of all obligations shall be disposed of as provided for by the Bylaws.
- (b) In the event a member withdraws from this Agreement, any property interest of that member remaining in the Authority following discharge of all obligations shall be disposed of as provided for by the Bylaws.
- (c) "Obligations," as referred to herein, shall include, but not be limited to, all payments required by law, together with all reserves which have been established for the purpose of paying incurred claims together with any other legal obligations incurred by the Authority pursuant to this Agreement.

10. AMENDMENTS

This Agreement may be amended at any time with a subsequent written agreement signed by three-fourths (3/4) of the members of the Authority. Any such amendment shall be effective upon the date of final execution thereof, unless otherwise provided in this amendment.

11. SEVERABILITY

Should any portion, term, condition, or provision of this Agreement be decided by a court of competent jurisdiction to be illegal or in conflict with any law of the State of California, or be otherwise rendered unenforceable or ineffectual, the validity of the remaining portions, terms, conditions, and provisions shall not be affected thereby.

12. LIABILITY

- (a) Pursuant to the provisions of Sections 895, et seq., of the California Government Code, the members are jointly and severally liable upon any liability which is otherwise imposed by law upon any one of the members or upon the Authority for injury caused by a negligent or wrongful act or omission occurring in the performance of this Agreement.

If a member or the Authority is held liable upon any judgement for damages caused by such an act or omission and makes payments in excess of its pro rata share on such judgement, such member or the Authority is entitled to contribution from each of the other members that are parties to the Agreement. A member's pro rata share shall be determined in the same manner as for the disposition of property and funds as provided in the Agreement and the Bylaws.

- (b) The Authority may insure itself, to the extent deemed necessary or appropriate by the Board of Directors, against loss, liability, and claims arising out of or connected with this Agreement.

13. ENFORCEMENT

The Authority is hereby given authority to enforce this Agreement. In the event suit is brought upon this Agreement by the Authority and judgement is recovered against a member, the member shall pay all costs incurred by the Authority, including reasonable attorney's fees as fixed by the court.

14. DEFINITIONS

Unless the context requires otherwise, the terms used herein and in the By-Laws shall have the following meanings:

- (a) "Authority" shall mean the Statewide Association of Community Colleges created by this Agreement.
- (b) "Board of Directors" shall mean the governing board of the Authority established by the Bylaws to direct and control the Authority.
- (c) "Claims Adjuster" shall mean a claim adjuster as may be engaged by the Board of Directors for the purpose of determining losses and payments with respect to the Claims Fund.
- (d) "Contribution" shall mean money paid by a member to the Authority.
- (e) "A Liability" shall mean comprehensive general liability, property damage liability, automobile liability, personal injury liability, and errors and omissions liability as further defined in the memorandum of coverage.
- (f) "Loss Reports" shall mean a report showing a member's liability and property damage claims in detail including current status.
- (g) "Member" shall mean a community college district or joint powers authority comprised solely of community college districts which belong to the Authority.
- (h) "Memorandum of Coverage" shall mean the document stating the type of program and the scope of liability and property damage protection coverage as adopted by the Board of Directors.
- (i) "Public Educational Agency" shall mean a community college district or joint powers authority comprised solely of community college district.
- (j) "Property Damage" shall mean damage to real or personal property owned or held by

a member as further defined in the memorandum of coverage.

- (k) "Reserves" shall mean those parts of member contributions held by the Authority to make future liability and property damage payments as respects to claims that have been incurred but are unpaid.
- (l) "Joint Program" shall mean the group purchasing of Insurance, or the pooled purchase of Excess Insurance with the setting aside of funds and reserves to pay for a self-insured retention or for losses not covered by insurance.
- (m) "Pro-Rata Share" shall mean each member's financial contribution in proportion to the total of all member's contributions for each fiscal year.
- (n) "Weighted Vote" shall mean the votes allocated to the members of the Authority pursuant to the Bylaws.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their authorized officers thereunto duly authorized as set forth herein below.

JOINT EXERCISE OF POWERS AGREEMENT

THIS AGREEMENT is entered into pursuant to the provisions of Title 1, Division 7, Chapter 5, Article 1 (Sections 6500, et seq.) of the California Government Code, relating to the joint exercise of powers, between the public educational agencies signatory hereto, and also those which may hereafter become signatory hereto, for the purpose of operating an agency to be known and designated as The Protected Insurance Program For Schools Joint Powers Authority (hereinafter referred to as "the Authority").

WITNESSETH:

WHEREAS, it is to the mutual benefit of the parties herein subscribed and in the best public interest of said parties to join together to establish this Joint Exercise of Powers Agreement to accomplish the purposes hereinafter set forth; and

WHEREAS, public education agencies are required by Division 4 of the California Labor Code, commencing with Section 3200, to maintain Workers' Compensation coverage for their employees; and

WHEREAS, the signatories hereto have determined that there is a need, by public education agencies, for a Joint Program to provide Workers' Compensation coverage for their employees; and

WHEREAS, Title 1, Division 7, Chapter 5, Article 1, of the California Government Code, commencing with Section 6500, authorizes joint exercise by two or more public education agencies of any power common to them; and

WHEREAS, the Legislature has authorized public education agencies in Section 3700(c) of the California Labor Code to enter into pooled self-insurance joint exercise of powers agreements as one of the ways in which they may satisfy their Workers' Compensation coverage obligation and California Government Code Sections 990.8(d) and 6512.2 allow joint powers authorities to purchase insurance or reinsurance of pooled Claim Liabilities; and

WHEREAS, it is the desire of the signatories hereto to jointly provide for a Joint Program for Workers' Compensation coverage for their mutual advantage and concern.

NOW, THEREFORE, FOR AND IN CONSIDERATION OF THE MUTUAL ADVANTAGES TO BE DERIVED THEREFROM, AND IN CONSIDERATION OF THE EXECUTION OF THIS AGREEMENT BY OTHER PUBLIC AGENCIES, EACH OF THE PARTIES HERETO DOES AGREE AS FOLLOWS:

1. CREATION OF THE JOINT POWERS ENTITY

A joint powers entity, separate and apart from the public agencies signatory hereto, shall be and is hereby created and shall hereafter be designated as the Protected Insurance Program for Schools Joint Powers Authority (hereinafter referred to as the "Authority").

2. FUNCTIONS OF THE AUTHORITY

A. The Authority is established for the purposes of administering this Agreement, pursuant to the provisions of the California Government Code, and of providing the services and other items necessary and appropriate for the establishment, operation and maintenance of a Joint Program for Workers' Compensation coverage for the public educational agencies who are Members thereof, and to provide a forum for discussion, study, development and implementation of recommendations of mutual interest regarding such program.

B. The functions of the Authority are:

- (1) To provide each member a Joint Program and system, for Workers' Compensation coverage for Workers' Compensation claims against the Members of the Authority in accordance with the Authority's Memorandum of Coverage and as such, to perform, or contract for the performance of, the financial administration, policy formulation, claim service, legal representation, safety engineering, and other services as necessary for the payment and handling of all Workers' Compensation claims against Members.
- (2) To pursue the Member's right of Subrogation against a third party when in the discretion of the Authority the same is appropriate. Any and all proceeds resulting from the assertion of such Subrogation rights shall accrue to the benefit of the Authority.

3. POWERS OF THE AUTHORITY

The Authority shall have the power and authority to exercise any power common to the public agencies which are parties to this Agreement, provided that the same are in furtherance of the functions and objectives of this Agreement as herein set forth, including but not limited to the following:

- (A) To enter into contracts.
- (B) To establish appropriate levels of Workers' Compensation coverage, through self-insurance pooling or through re-insurance, as determined by the Authority

and to assess premiums/contributions from Members to provide such coverage.

- (C) To acquire, hold, and dispose of property, real and personal, all for the purpose of providing the membership with the necessary education, study, development, and implementation of a Joint Program for Workers' Compensation coverage including, but not limited to, the acquisition of facilities and equipment, the employment of personnel, and the operation and maintenance of a system for the handling of the Joint Program.
- (D) To incur debts, liabilities, and Obligations necessary to accomplish the purposes of this Agreement.
- (E) To receive gifts, contributions, and donations of property, funds, services, and other forms of assistance from persons, firms, corporations, associations, and any governmental entity.
- (F) To invest funds as deemed appropriate by the Authority, and as subject to law.
- (G) To provide a forum for discussion, study, development, and implementation of recommendations of mutual interest regarding other Joint Programs.
- (H) To sue and be sued in the name of the Authority.
- (I) To perform such other functions as may be necessary or appropriate to carry out this Agreement, so long as such other functions so performed are not prohibited by any provision of law.
- (J) To join other joint powers authorities to provide services and coverages to the Authority.

Pursuant to Section 8509 of the California Government Code, the exercise of the aforesaid powers of the Authority shall be subject to the restrictions upon the manner of exercising such powers by a public agency having the same status as a member agency or joint powers authority except as otherwise provided in this Agreement.

4. GOVERNANCE

(A) Board of Directors

- (1) The signatories to this Agreement hereby create and do establish a nine (9) person Board of Directors, comprised of representatives selected by Members of the Authority, which shall serve as the Governing Board of the Authority. The Board of Directors shall be empowered to effectuate the powers of the Authority. Directors of the Authority shall be employees of

Authority Members. A nominating committee shall be established to accept nominations for Director positions and to oversee Director elections.

- (2) The process for selecting Directors for the Authority shall be specified in the Authority's Bylaws. Directors shall serve staggered two-year terms, except for the initial term, wherein four (4) initial Directors shall serve one-year terms and five (5) initial Directors shall serve two-year terms. For the purpose of electing Directors only, Authority Members shall be allowed one vote for each full Ten Million Dollars (\$10,000,000.00) in Workers' Compensation payroll (based on the latest available full fiscal year's audited actuals) rounded to the nearest whole number. Votes can be cast cumulatively or split among more than one candidate. Vacancies for the Board of Directors shall be filled using a similar selection process. Four (4) of the Board of Director positions shall be reserved for and held by representatives of Community College District members.**
- (3) Individual Directors shall have authority only when convened as a duly constituted Board. Directors shall represent the interests of the Authority as a whole, as well as the interests of the individual members. Each Director may cast a single vote on action items presented to the Board of Directors. Proxy and absentee votes shall not be permitted. A majority vote of the entire Board of Directors shall be required to take action. A quorum shall be necessary for the Authority to conduct business and shall consist of a majority of Individual Directors.**
- (4) The Board of Directors may conduct regular, adjourned regular, special, and adjourned special meetings as it deems necessary, provided, however, that it shall hold at least one regular meeting each fiscal year. The date, time, and place for each such regular meeting shall be fixed by resolution of the Board of Directors, which shall be provided to each member of the Authority. Special meetings of the Board of Directors may be held as needed, to be determined by the President of the Board. Notices of special meetings shall be sent to all members of the Authority, typically at least 72 hours and in no case less than 24 hours in advance of the beginning of such meetings. All meetings of the Board of Directors shall be called, held, and conducted in accordance with the terms and provisions of the Ralph M. Brown Act, Section 54950 et seq., of the California Government Code, as said Act may be modified by subsequent legislation.**
- (5) Except as otherwise provided or permitted by law, all meetings of the Board of Directors shall be open and public. The Board of Directors shall cause minutes of its meetings to be kept, and shall promptly transmit to the Members of the Authority true and correct copies of the minutes of such meetings.**

- (6) The Board of Directors shall designate by resolution a specific location at which it will receive notices, correspondence, and other communications, and shall designate the Secretary of the Board as the agent for purposes of receiving service of process on behalf of the Board of Directors. The Board of Directors shall comply with the requirements of Government Code Sections 6503.5 and 53051 as such provisions pertain to the preparation and filing of statements with the Secretary of State and with the County Clerk.
- (7) The Board of Directors may form, appoint, and dissolve ad hoc and standing committees comprised of Directors and representatives of Members, as determined necessary or useful by the Board of Directors.
- (a) Notwithstanding the foregoing, there shall be irrevocably established a standing committee, referred to as the Community College District Member Committee.
- (i) The composition of the Community College District Member Committee shall include the four (4) designated Directors from community college district members and five (5) non-Director representatives selected from among the community college district members of the Authority. The Community College District Member Committee may add in its discretion additional non-Director representatives to Committee membership. The Community College designated Directors shall select the non-Director community college district member representatives to serve on the Committee.
- (ii) The Board of Directors shall delegate actual and effective decision-making authority to the Community College District Member Committee concerning all issues that affect only the community college district members of the Authority, including but not limited to review of base contribution rates, experience rating, additional assessments, and pro rata return of contributions, if any.
- (iii) All meetings of the Community College District Member Committee shall be called, held, and conducted in accordance with the terms and provisions of the Ralph M. Brown Act, Section 54950 et seq., of the California Government Code.

- (b) Notwithstanding the foregoing, there shall be irrevocably established a standing committee, referred to as the K-12 District Member Committee.
- (i) The composition of the K-12 District Member Committee shall include the five (5) designated Directors from K-12 district members and four (4) non-Director representatives selected from among the K-12 district members of the Authority. The K-12 District Member Committee may add in its discretion additional non-Director representatives to Committee membership. The K-12 designated Directors shall select the non-Director K-12 district member representatives to serve on the Committee.
 - (ii) The Board of Directors shall delegate actual and effective decision-making authority to the K-12 District Member Committee concerning all issues that affect only the K-12 district members of the Authority, including but not limited to review of base contribution rates, experience rating, additional assessments, pro rata return of contributions, if any.
 - (iii) All meetings of the K-12 District Member Committee shall be called, held, and conducted in accordance with the terms and provisions of the Ralph M. Brown Act, Section 54950 et seq., of the California Government Code.
- (c) All Authority governance responsibilities other than those delegated in (a) and (b) above shall be retained by the Board of Directors.
- (8) The Authority shall operate on a July 1 to June 30 fiscal year. The Board of Directors shall adopt preliminary and final budgets showing projected fiscal year expenditures and revenue for the Authority. A copy of the budget shall be promptly transmitted to each of the members of the Authority.
- (9) Directors shall not receive a salary or compensation from the Authority for service on the Board of Directors, although as approved by the Board of Directors as a whole, individual Directors may be reimbursed for expenses incurred in serving on the Board of Directors.

(B) Officers

- (1) The principal officers of the Authority and of the Board of Directors shall consist of a President, Vice President, Secretary, and Treasurer, who shall each be Directors and who shall be elected by the majority vote of the

Board of Directors to serve one-year renewable terms. Any person elected as an officer may be removed at any time, with or without cause, upon the majority vote of the Board of Directors. Vacancies shall be filled by majority vote of the Board of Directors.

- (2) Officers of the Authority shall have the responsibilities delegated to them as provided in the Bylaws and as prescribed by action of the Board of Directors.

5. BYLAWS

- A. The Authority shall be governed pursuant to certain Bylaws, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, and by such amendments to the Bylaws as may from time to time be adopted. Wherever in this Agreement "Bylaws" are referred to, said Bylaws shall be those set forth in Exhibit "A", as may be amended. Each party to this Agreement agrees to comply with and be bound by the provisions of said Bylaws and further agrees that the Authority shall be operated pursuant to this Agreement and said Bylaws.
- B. Procedures for amending the Bylaws shall be as provided in the Bylaws so long as not inconsistent with this Agreement.

6. MEMBERSHIP IN THE AUTHORITY

- A. Each party to this Agreement must be eligible for membership in the Authority as defined in this Agreement and shall become a Member of the Authority on the effective date of this Agreement, except as provided herein below. Each party which becomes a Member of the Authority shall be entitled to the rights and privileges of, and shall be subject to the obligations of, membership as provided in this Agreement and in the Bylaws.
- B. Upon two-thirds (2/3) vote of the Board of Directors, any Public Educational Agency that is not a party hereto but that desires to join the Authority, may become a Member of the Authority by executing a copy of this Agreement whereby said Public Educational Agency agrees to comply with the terms of this Agreement and of the Bylaws effective as of the date of such execution.

7. WITHDRAWAL FROM OR TERMINATION OF MEMBERSHIP

- A. Any Member of the Authority that has maintained its membership in the Authority for at least three (3) complete fiscal years, as described in the Bylaws, may voluntarily terminate this Agreement as to itself only and withdraw from membership in the Authority. Such termination and withdrawal of membership shall become effective subject and according to the conditions, manner and means set forth in the Bylaws.
- B. A Member may be involuntarily terminated from the Authority upon two-thirds (2/3) vote of the Board of Directors, as provided in the Bylaws. Such removal from membership shall become effective subject and according to the conditions, manner and means set forth in the Bylaws.

8. TERMINATION OF AGREEMENT

This Agreement may be terminated effective at the end of any fiscal year by the affirmative vote of three-fourths (3/4) of all the Members of the Authority, provided, however, that the Authority and this Agreement shall continue to exist for the purpose of disposing of all Obligations, distribution of assets, and all other functions necessary to conclude the affairs of the Authority.

9. DISPOSITION OF PROPERTY, FUNDS AND OBLIGATIONS

- A. In the event of the dissolution of the Authority, the complete rescission, or other final termination of this Agreement by the public agencies then a party hereto, any property interest remaining in the Authority following a discharge of all Obligations shall be disposed of as provided for in the Bylaws.
- B. In the event a Member withdraws from this Agreement, any property interest of that Member remaining in the Authority following discharge of all Obligations shall be disposed of as provided for in the Bylaws.

10. AMENDMENTS

This Agreement may be amended at any time by a subsequent written agreement signed by three-fourths (3/4) of all the Members of the Authority. Any such amendment shall be effective upon the date of final execution thereof by all the parties hereto. The establishment of the K-12 District Member Committee and the Community College District Member Committee shall be considered integral to the organization and creation of the Authority which may not be changed without the unanimous consent of all members.

11. SEVERABILITY

Should any portion, term, condition, or provision of this Agreement be decided by a court of competent jurisdiction to be illegal or in conflict with any law of the State of California, or any other applicable law, or be otherwise rendered unenforceable or ineffectual, the validity of the remaining portions, terms, conditions, and provisions shall not be affected thereby.

12. LIABILITY

- A. Pursuant to Section 6508.1 of the California Government Code, the debts, liabilities and Obligations of the Authority shall be debts, liabilities or Obligations of the parties to this Agreement.
- B. Pursuant to the provisions of Sections 895, et seq., of the California Government Code, the Members of the Authority are jointly and severally liable for any liability which is otherwise imposed by law upon any one of the Members or upon the Authority for injury caused by a negligent or wrongful act or omission occurring in the performance of this Agreement. If a Member, or the Authority, is held liable upon any judgment for damages caused by such an act or omission and makes payments in excess of its Pro Rata Share on such judgment, such Member of the Authority is entitled to contribution from each of the other Members that are parties to the Agreement. A Member's Pro Rata Share shall be determined in the same manner as for the disposition of property and funds as provided in the Agreement and the Bylaws.
- C. The Authority may insure/reinsure itself, to the extent deemed necessary or appropriate by the Board of Directors, against loss, liability, and claims arising out of or connected with this Agreement.

13. ENFORCEMENT

The Authority is hereby given authority to enforce this Agreement. In the event suit is brought upon this Agreement by the Authority and judgment is recovered against a Member, the Member shall pay all costs incurred by the Authority, including reasonable attorney's fees as fixed by the court.

14. MULTIPLE COUNTERPARTS

The Agreement may be executed in multiple counterparts, each of which shall be considered an original.

15. DEFINITIONS

The terms used herein and in the Bylaws shall have the following meanings:

- A. "Authority" shall mean the public agency created by this Agreement.
- B. "Board of Directors" shall mean the governing board of the Authority established by the Bylaws to direct and control the Authority.
- C. "Claim Liabilities" shall mean those liabilities established by the Authority which represents Worker Compensation liabilities as respects to claims that have been incurred but unpaid and incurred but not reported.
- D. "Contribution" shall mean money paid by a Member to the Authority, or monies assessed a Member of the Authority.
- E. "Joint Program" shall mean the group purchasing of insurance/reinsurance or the setting aside of funds and reserves to pay for a self-insured retention or for losses not covered by insurance/reinsurance.
- F. "Member" shall mean an individual California school public agency/district, county office of education, community college district, regional occupational center or program, county superintendent of schools, or joint powers authority comprised solely of California school public agencies/districts.
- G. "Memorandum of Coverage" shall mean the description of the scope of protection provided to the Members for Worker Compensation claims.
- H. "Obligations" shall mean to include, but not limited to, all payments required by law together with all Claim Liabilities and any other legal obligations incurred by the Authority pursuant to this Agreement and Bylaws.
- I. "Workers' Compensation" shall mean coverage for Workers' Compensation claims filed by employees of Members.
- J. "Program Year" shall mean one year of the Joint Program, separate from each and every other Program Year and shall operate on a fiscal year from July 1st through June 30th, or as otherwise determined by the Board of Directors.
- K. "Pro Rata Share" shall mean each Member's Net Contribution Available For Pool Operations in proportion to the total of all Member's Net Contributions Available For Pool Operations for each Program Year.
- L. "Public educational agencies" means any public school district, community college district, county board of education/county superintendent of schools, regional occupational programs/centers, or other public entity providing

educational programs or services to the community, or such joint powers agencies/authorities consisting of one or more of the foregoing and serving the interests of the public entities detailed in this section.

M. "Subrogation" shall mean the recovery of payments which the Authority has made on behalf of a Member. Subrogation monies received are the properties of the Authority and for the Basis of Contribution are credited to the account of the Member.

16. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the Authority and the Members, and as such, supersedes all prior agreements, understandings, negotiations and representations.

17. CONTROLLING LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California.

18. TERM OF THE AGREEMENT

This Agreement shall be effective and binding on any signatory thereto upon execution. This Agreement shall continue in effect until lawfully terminated as provided herein and in the Bylaws. In the event of a reorganization of one or more of the public agencies participating in this Agreement, the successor or successors in interest to the assets and/or obligations of any such reorganized public agency shall succeed as a party or as parties to this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their authorized officers thereunto duly authorized as set forth herein below.

MINUTES**

June 23, 2010 4:00pm
West Hills College Lemoore
555 College Avenue
Lemoore, CA 93245
200 Building, Room 274

Members Present:	Members Absent:	WHCCD Staff:	Others Present:
Les Brown, President Tom Hernandez, Vice President Donna Elliott Buddy Brooks Linda Balcazar Lynda Lahodny	Salli Day	Ken Stoppenbrink, Vice Chancellor of Business Services Don Warkentin, WHCL President Frances Squire, Executive Director of Foundation/Marketing	Kevin Cobb, AP Architects Richard Treece, AP Architects

1. Tour of Golden Eagle Arena

A tour of the Golden Eagle Arena was provided for the committee members in attendance prior to the start of the meeting.

2. Call to Order

The meeting was called to order at 4:35 p.m. by Les Brown, committee president. A flag salute was conducted. Introductions were made by each individual in attendance. Mr. Brown welcomed all and stated that he appreciated the tour of the Arena. He asked if there were any comments from the public. None were offered.

3. Action Items

- Citizens' Oversight Bond Meeting Minutes of December 9, 2009

Buddy Brooks motioned to approve the minutes of the December 9, 2009 meeting; it was seconded by Tom Hernandez, all in favor, the motion passed.

4. Information/Discussion/Presentations

A. Review of Measure E and SFID No. 3

Don Warkentin stated that he would like to report on the progress concerning the bond dollars for the Avenal and Riverdale communities. He stated that he has met with Riverdale Unified Superintendent, Elaine Cash and her staff, regarding utilization of their one million dollar bond monies. They are currently considering the bond monies to help refurbish their fitness and wellness facilities center; however, they are still researching other possibilities.

Concerning Avenal, Dr. Gornick, Don Warkentin, Willard Lewallen and Kevin Cobb have had several meetings with Avenal City Manager, Melissa Whitten, along with Paramount Farms who is a major supporter of the Avenal community. We are discussing the construction of an educational center in Avenal and are looking for a plot of ground. Paramount Farms would like to partner with the City concerning the educational piece. Avenal will receive \$2 million from the bond monies. They want an educational center to offer classes for the adults and high school students in the community. Lynda Lahodny asked if it is up to the communities to present how they want to utilize bond monies. Mr. Warkentin responded affirmatively.

Kevin Cobb, AP Architect, reviewed the School Facilities Improvement District (SFID) #3 completion recap dated as of June 3, 2010. He explained that any changes from the original recap would be highlighted in yellow and currently there have been no changes. \$4.4 million of the \$6 million bond sales has been spent thus far. The remainder of the expenditures has been secured. The Student Services building expansion is five years down the road. Buddy Brooks questioned the scheduled maintenance listed for Phase 1. Kevin explained that it refers to general upkeep on parking lots, painting, etc.

B. Series B Bond Sales

Vice Chancellor Ken Stoppenbrink stated that in two weeks he would be traveling to San Francisco to attend a meeting concerning SFID #3. They will look at the valuation of properties (property values have gone up) to see what they might be eligible for. Of the \$30 million authorized, \$6 million has been sold thus far. They are going out for the maximum for which they are eligible.

C. Measure E Facility Projects

Kevin Cobb reported that there are a couple of district-wide information technology projects that have been completed for network switches; however, the SFID monies were not used. Mr. Brown asked if there were questions or comments. Mr. Warkentin asked when the plans for the student center are expected to be done. Kevin responded that funds will need to be solicited and if the Department of State Architects (DSA) completes their portion by the end of the year, the project could go out to bid by next summer. This is part of the Bond Sales B. The first bond sale was \$6 million and these funds were used for infrastructure on the Multi-use Sports Complex. They know that they have some large core projects. Kevin explained that projects are begun and bond sales take place before the projects are finished. Buddy Brooks questioned Kevin as to whether they'd ever got caught without sufficient funding to complete a project. Mr. Brooks recalls this happening at Lemoore High School during the course of building their event center. Kevin responded that there is a margin of error that is very small. There are solutions, i.e. bond anticipation notes. They could sale a bond series, somewhat like a Certificate of Participation (COP). He commented that the monies are not received up front, but in increments and unfortunately, we are at the mercy of the State's funding sources. The matches come from the State and our bond of \$31 million will be matched by the State in the approximate amount of \$80 million. It will at least be a four to one match. Tom Hernandez questioned the number of parking spaces to be added for the arena. Kevin replied that parking will be permissible around the campus. There are currently approximately 700 parking spots and there will be 300-400 spaces added. Kevin will confirm the amount of current parking

spaces and the anticipated spaces and report back to the committee. The student center has to be paid for by the State.

D. Annual Audit

Ken Stoppenbrink stated that the audit is a requirement for the SFID. There was nothing cited in the audit report regarding the bonds. Mr. Brooks questioned if there was something listed under material findings. Ken responded negatively and stated that the entire audit report is available to anyone via e-mail, hardcopy, or the website. He explained that on page 36 of the audit the SFID bond is broken down, and on page 37 these bonds date back to 1999 – 2000 with the Measure G bonds. These remain in the audit report until the bonds are paid off. On page 40 are the Series A Lemoore bonds showing the amount of principal, interest, and debt.

5. Announcements

Mr. Warkentin announced that he had received a call from committee member, Salli Day. She has asked to be excused as a committee member due to personal reasons. A suggestion was made for Lynda Lahodny to replace Salli Day in her role on the committee and recruit for Lynda's seat. Lynda agreed to make contact with Maureen Azevedo to question if she would be interested to serve on this committee. Maureen Azevedo is the new Lemoore Chamber of Commerce director replacing Lynda Lahodny upon her retirement.

The date of the next meeting was scheduled as follows: December 8, 2010 at 4:00 p.m.

6. Committee Member Comments and Requests

Les Brown asked if there were further comments. There were no further comments.

7. Adjournment

The meeting was adjourned at 5:14 p.m.

Report back from the architects, forwarded via e-mail to the Committee members on 6/28/2010:

After confirmation by AP Architects they reported that there are currently 585 existing parking spaces, and 273 additional to be completed along with the Multi-use Sports Complex. 335 additional spaces are planned along with future construction.

Administrative Procedure 2410 Policy and Administrative Procedure

Reference: *Education Code Section 70902*

Board Policies and Administrative Procedures are regularly reviewed by the Chancellor's Office. The Chancellor makes recommendations to the Board of Trustees concerning revisions to existing policies and procedures or the development of new policies and procedures to ensure that they are current and comply with state and federal laws.

Any employee, student, or member of the public may initiate a review or development of any policy or procedure by submitting a request or recommendation in writing to the Chancellor's Office.

Review and Approval Process

Upon receipt of the request or recommendation, the Chancellor's Office may refer to the Community College League's Policy and Procedure Service for recommended or legally advised language. The Chancellor's Office may also use the Policy and Procedure listserv to query other districts for related Board Policies or Administrative Procedures. In some instances, the Chancellor's Office may request that legal counsel review the policy or procedure language. Other employees with expertise in specific areas governed by a Board Policy or Administrative Procedure may also be consulted during the review process.

After initial review by the Chancellor's Office, the policy and/or procedure will be routed to the supervisor, manager or Dean of the appropriate department, if applicable, for review (i.e. Student Services, Human Resources, Business Office, etc.). Following the applicable review, the policy and/or procedure will be routed as follows:

1. Policy and/or procedure to be reviewed and discussed by the Chancellor's Executive Cabinet.
2. After review by the Chancellor's Executive Cabinet, the policy and/or procedure will be sent to the College Planning Council (CPC) at West Hills College Coalinga and the Planning and Governance Council (PGC) at West Hills College Lemoore (through the College Presidents) for review and approval, if applicable. Simultaneously, the policy and/or procedure will be sent to the Academic Senate Presidents and the Faculty Association President as a courtesy.
3. Review and approval by the Academic Senate Presidents will be requested only if the policy and/or procedure deal(s) with academic and professional matters. Review and approval by the Faculty Association President will only be requested if the policy and/or procedure has or will have a significant effect on faculty.
4. After review by the CPC and the PGC, any comments, recommendations or actions taken with regard to the policy and/or procedure shall be sent to the Chancellor's Office by the College Presidents.

Administrative Procedure 2410
Policy and Administrative Procedure

5. In the case of review and approval by the Academic Senate Presidents or Faculty Association President, any comments, recommendations or actions taken with regard to the policy and/or procedure shall be sent to the Chancellor's Office by the individuals serving in those capacities. As a courtesy, the comments, recommendations or actions taken should also be sent to the College Presidents.
6. The Chancellor's Office will take the policy and/or procedure to the District Leadership Council (DLC) for review and approval.
7. After DLC review, and upon final review by the Chancellor, policies will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting. Procedures will be presented to the Board of Trustees for review and information only, unless the procedure is to be included in Chapter 2 (Board of Trustees section) of the district's policies and procedures. If the procedure is to be included in Chapter 2, it will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting.

Submission of Policies and Procedures for Review

When submitted to the CPC, PGC, the Academic Senate Presidents, the Faculty Association President, and the DLC, the policy and/or procedure shall be accompanied by a routing form which will include the following information:

- Policy/Procedure Number
- Policy/Procedure Name
- Indication of new or revised policy/procedure
- Initiator of proposed new or revised policy/procedure
- Purpose for new or revised policy/procedure
- Anticipated timeline for review and approval process

New policies and procedures will be submitted to the appropriate groups as a "clean" copy.

Revised policies and procedures will be submitted to the appropriate groups using the following editing marks:

- Deleted text to be shown in ~~striketrough print~~
- Added text to be shown in **bold print**

Nonsubstantive ("clean up" or "housekeeping") revisions to policies and procedures (i.e. names; title changes; addition or deletion of references) that do not change the intent or meaning of the policy or procedure may be recommended by the Chancellor to the Board of Trustees for review and/or consideration without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CPC, PGC, the Academic Senate Presidents, the Faculty Association President and the DLC as a courtesy.

Policies and procedures dealing strictly with the Board of Trustees (Chapter 2 of the district's policies and procedures) may be recommended by the Chancellor to the Board of Trustees for

Administrative Procedure 2410
Policy and Administrative Procedure

review and consideration without being routed through the review and approval process. However, the proposed or revised policies and procedures will be sent to the CPC, PGC, the Academic Senate Presidents, the Faculty Association President and the DLC as a courtesy.

New or revised procedures that outline an existing process may be presented by the Chancellor to the Board of Trustees for review without being routed through the review and approval process. However, the revised policies and procedures will be sent to the CPC, PGC, the Academic Senate Presidents, the Faculty Association President and the DLC as a courtesy.

Timeline

In most instances, policy and procedure review and approval will be based on a two-month cycle at the college level. Once the Chancellor's Executive Cabinet agrees to move new or revised policies and/or procedures forward to the CPC, PGC, the Academic Senate Presidents and the Faculty Association President, the review and approval process timeline officially begins. The groups will have 60 days in which to complete the review and approval process at the college level and submit final comments, recommendations or actions taken with regard to the policy and/or procedure to the Chancellor's Office.

At the completion of the 60 days (or sooner if the appropriate groups have completed their review and approval process), the policy and/or procedure will be placed on the DLC agenda for final review and approval if applicable. Following DLC final review, will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting. The Board of Trustees will be provided with the Chancellor's final recommendation, along with the completed routing form which will include the comments, recommendations and actions taken by the appropriate groups. Procedures will be presented to the Board of Trustees for review and information only, unless the procedure is to be included in Chapter 2 (Board of Trustees section) of the district's policies and procedures. If the procedure is to be included in Chapter 2, it will be placed on the Board of Trustees agenda for a first reading, with consideration to follow at a subsequent meeting.

The timeline may be shorted due to various circumstances including, but not limited to, changes in law or urgent need. However, the Chancellor's Office shall notify all applicable groups of the shortened timeline.

After review and/or approval by the Board of Trustees, policies and procedures will be posted to the District's website. The College Presidents, Academic Senate Presidents, and Faculty Association President will also be notified as to the status of the proposed or revised policies and procedures.

BUSINESS SERVICES MISSION STATEMENT

The mission of Business Services is to execute Board policy for the fiscal stability of the District through the administration of budgets and financial programs within the District, including providing the necessary support to the colleges to facilitate their individual mission and vision statements.

MAJOR FUNCTIONS:

Prepare and account for a variety of accounting activities that provide the necessary documentation to the State Chancellors Office and other governmental agencies and support for all District functions.

1. Process Prepare on a monthly basis the payroll for all employees.
2. Process purchase orders for colleges and other departments.
3. Process all the accounts payable warrants for all vendors and reimbursement checks for staff.
4. Provide the necessary information to the college presidents and their designated budget managers in preparation of their annual budget process and present the final budget to the Board of Trustees for approval.
5. Prepare monthly budget status reports to the Trustees for budget and financing corporation.
6. Prepare a variety of fiscal reports as requested by the colleges.
7. Monitor the GIC investments and COP obligations for fiscal stability.
8. Prepare bids for equipment, leases, and building and furniture purchases.
9. Process student financial aid disbursements.
10. Review and monitor all grants accounting for reporting to respective agencies for compliance.
11. Process all revenue from the state apportionment; local revenues; student fees; all grants; enterprise funds and other revenues.
12. Oversee collection procedures for delinquent accounts.
13. Process mandated claims for reimbursement from State Controller's office.
14. Provide contract administration and oversight for capital projects and scheduled maintenance projects with coordination from District architects.
15. Serve on the board as a board member of the VIP/JPA self insured insurance plans.
16. Facilitate and provide all the necessary documentation fro external auditors.
17. Process all claims for liability covered under the JPA insurance coverage.
18. Provide leadership to the Risk Management Committee for the District.
19. Provide a variety of training for all college and district staff on Datatel's Colleague Financial software system.
20. Process student classroom, visitor and on-campus accident claims covered under student insurance.
21. Provide input and make recommendations to the Chancellors Executive Cabinet for fiscal policy changes and/or creation.

FINANCE

1. Functions and Responsibilities of Business Services office:

Business Services provides the following accounting services:

- Process payroll
- Process all revenue from the state apportionment; local revenues; student fees; all grants and other revenues
- Process purchase orders
- Process refund checks, petty cash and revolving fund checks
- Process vendor accounts payable warrants and reimbursement checks for staff
- Oversee collection procedures for delinquent accounts
- Process mandated claims for reimbursement
- Provide district wide staff training on Datatel's Colleague Financial software system
- Provide financial information to college presidents in preparation of their annual budget process
- Present final budget to the Board of Trustees for approval
- Prepare monthly budget status reports to the Trustees
- Prepare variety of fiscal reports as requested by colleges
- Monitor GIC investments and COP obligations
- Prepare bids for equipment, leases, and building and furniture purchases
- Process student financial aid disbursements
- Review and monitor grant accounting for compliance and reporting to respective agencies
- Provide contract administration and audit oversight for capital projects and scheduled maintenance projects
- Facilitate and provide documentation for external auditors
- Process all claims for liability covered under the JPA insurance coverage
- Process student classroom, visitor, on-campus accident/incident insurance claims

All cost centers (college departments, organizations and offices) must deposit and maintain these funds with the Business Services office. NOTE: Including all auxiliary operations and student organizations.

- State apportionment
- Federal grants, categorical and contract payments
- Student fees
- Other local revenues
- Revenues from sales or fee collections by college entities
- Revenues from college self-sustaining operations and services centers
- Recoveries of expenditure

2. Establishing, Naming and Terminating District Accounts:

The district adheres to the California Community Colleges Budget and Accounting Manual that follows generally accepted governmental accounting principles and promotes consistency and validity of reported financial data. District cost centers track financial transactions by monitoring their accounts through Datatel.

Sample Account Number: 12-210-642000-52120-110

FUND	12	1 FUND GROUP (General Fund)
	1	2 FUND (General Fund - Restricted)
ACTIVITY	210	2 SOURCE (State)
	2	10 ACTIVITY (DSPS)
COST.CENTER	642000	64 AREA (Other Student Services)
	64	20 PROGRAM (DSPS)
	64	20 00 COST.CENTER (DSPS)
OBJECT	52120	5 CLASS (Expense)
	5	2 Sub-Class (Classified Salaries)
	5	2 1 Category (Non-Instructional Salaries, Regular)
	5	2 1 2 Sub-Category (Classified, Full-time, Regular)
	5	2 1 2 0 Object (Class, FT, Regular)
LOCATION	110	1 CAMPUS (Coalinga)
	1	10 LOCATION (Coalinga Campus)

Account codes are made up of several components, which permit district personnel to precisely identify each financial transaction. These components are:

Fund: An accounting entity with self-balancing set of accounts for recording assets, liabilities, a fund to insure observance of limitations and restrictions placed on the use of these resources.
(For example: Unrestricted, Restricted, Capital Outlay etc.)

Activity: An accounting authorization to incur expenditures for specific purposes, especially Categorical Funds. (For example: CalWorks, EOPS, DSPS, Cafeteria, etc.)

Cost Center: The various operating functions within the district. (For example: Instruction, Administration, Plant Operation, etc.) The various district programs within the District. (For example: Instructional disciplines - Art, History; Athletics, Admissions & Records, etc.)

Expense Code: Identifies the type of revenue or expenditure (For example: instructional supplies, equipment, etc.)

Location Code: Identifies the revenue or expense location. (For example: Coalinga, Lemoore, North District Center, etc.)

3. Establishing New Accounts:

New accounts are established to classify and track revenue and expenditures. Usually budgets are established at the beginning of the fiscal year or when new functions are authorized by the Chancellor's Office, or a new grant is approved. In these cases, the Director, Fiscal Services advises the administrator for the cost center of the account number. Business Services evaluates the proposed types of expenditures and sources of revenue, a program-budget code is assigned to reflect the appropriate classification and the new budget is entered into the accounting system.

If a new account requires an allocation of funds or a transfer of funds to the account, the dean or area administrator sends a memorandum to the Director, Fiscal Services indicating the amount and source of funds. Approval of these fund transfers must then be approved by the Vice Chancellor of Business Services, (Vice Chancellor).

4. Terminating Accounts:

When a budget or account number is no longer required or utilized, it is the responsibility of the area administrator or budget manager to notify the Business Services office that the account number will be discontinued. Those budget, accounting and project numbers, which have been previously assigned and terminated, may not be used again for a period of two years. Prior to the removal of any account the Vice Chancellor must authorize said termination.

5. Budget Statements/Reports:

The district budget statement or reports are a means of communicating financial information between district cost centers. They provide information to permit the comparison of commitments (disbursements and encumbrances) with budgeted allocations.

- Such comparison aids area administrators and budget managers in monitoring and controlling each budget or project's financial activities.
- District personnel can run and check budget reports by hardcopy or onscreen to make sure recorded commitments to the account are an accurate reflection of allocations, encumbrances and expenditures. Accurate accounting of a budget or project's financial status is critical when the budget or project is nearly out of money or when the end of the fiscal year is at hand.
- All cost centers and departments have access either via Datatel or on-line web access. The account balances reflect all transactions that have been posted by the end of the previous working day.

Monthly budget statements or reports provide the following information:-

- Account numbers and titles of revenues received and expenditures budgeted for and expended.

- Current fiscal year allocated budget dollar amounts, includes the tentative budget and any subsequent changes made, which will then become the adopted budget.
- Actual payments made to date for expenditures and any encumbrances entered.
- Percentage of the adjusted budget dollars expended or encumbered to date.
- The balance remaining (adjusted budget minus any expenditures or encumbrances).

6. External Auditors:

The district cooperates with and assists external auditors whose responsibilities involve review and confirmation of district transactions. An external auditor is defined as any non-district auditor, e.g., county, state, federal, private firm. As part of the coordination process, the Business Services office serves as a liaison between district offices, cost centers, departments and the external auditors.

District records are public documents and are available for audit purposes subject to the normal privacy safeguards and availability.

Auditors are to utilize records in the Business Services office as follows:

- Business Services office personnel assist the auditors in locating the records they need to review. The auditors are instructed where to return the records. All re-filing is done by district employees.
- Records older than two years are normally transferred to the inactive file storage area. Auditors should contact the Business Services office for information about the location of inactive files.
- If the auditor must examine accounting records in another office, he/she must make arrangements through the appropriate area administrator or budget manager.
- In most cases, the external auditor will hold an exit conference at the conclusion of the audit. Those audits, which result in a report delivered to another agency rather than to the district also include an exit conference. The exit conference informs district representative of the audit findings, clarifies possible ambiguities, and seeks agreement upon the facts at issue.
- Preliminary comments from district personnel on findings concerning a specific transaction in an audit may be required. The auditors must provide sufficient information to enable the district to adequately review the questions and provide a meaningful response.

7. Audit Resolution Policy and Procedure:

Policy:

In accordance with OMB Circular A-133 Subpart B, Section 200(a) states, in part, that non-Federal entities that expend \$300,000 or more in a year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provision of this part and WIA Directive, WIA 01-3, states in part, that sub recipients that award WIA funds to lower tier sub recipients must have written audit resolution policies and procedures. WIA Directive WIAD 01-3 also states, in part, that all sub recipients must complete an audit control log. The log must contain the date of the audit, the period covered by the audit, the date the audit was received, the auditor, the questioned costs, the administrative findings, the date or dates of Initial and Final

Determinations, and documentation of the decisions regarding disallowed costs and administrative findings.

For sub recipients, audit resolution consists of a three-part process that includes the Initial Determination, informal resolution period, and the Final Determination. Receipt of the Initial and Final Determinations by the audited must be documented by the awarding agency.

The sub recipients must submit a copy of their annual audit no later than December 31st following the closing of the fiscal year. (For example: fiscal year ends June, 30, 2005, copy of audit report is due December 31, 2005). All audits need to be submitted to the Director of Grants at WHCCD.

Procedures:

1. WHCCD must:
 - Review audit report of their sub recipients to ensure compliance with the requirements of OMB Circular A-133
 - Establish an audit resolution file to document the disposition of the reported questioned costs and corrective actions taken for all findings.
 - Complete an Audit Control Log (See Appendix 4)
 - Issue a letter of Initial Determination based on the audit review. The Initial Determination letter is to include:
 - a) A list of questioned costs
 - b) Whether the costs are allowed or disallowed, including the reasons with appropriate citations for such actions.
 - c) Acceptance or rejection of any corrective action taken to date, including corrective action on administrative findings.
 - d) Possible sanctions.
 - e) The opportunity for informal resolution of no more than 60 days from the date of Initial Determination.
 - During information resolution, the audited may provide documentation to support the allow ability of costs and proposed corrective action of administrative findings. Informal resolution discussions may be held by telephone, if necessary, but in person preferably. When a meeting is held, provide a sign-in sheet. The sign-in sheet must be retained as part of the audit file. The meeting must be documented either with a voice recording or written notes. Negotiations of repayments can be initiated at this time.
 - Issue a written Final Determination. The Final Determination includes:
 - a) Reference to the Initial Determination
 - b) Summation of the informal resolution meeting, if held.
 - c) Decisions regarding the disallowed costs, listing each disallowed cost and noting the reasons for each disallowance.
 - d) Questioned costs that have been allowed by the awarding agency and the basis for allowance.
 - e) Demand for repayment of the disallowed costs.
 - f) Description of the debt collection process and other sanctions that may be imposed if payment is not received.
 - g) Rights to a hearing.
 - h) The status of each administrative finding.
 - The audited has 30 calendar days after the Final Determination is issued to submit a written request for a hearing. At least 10 calendar days before the hearing, written notice of the date and site of the hearing must be provided to the audited. The audited may withdraw the request for a hearing in writing.

Audit Resolution:

1. If there are no audit findings, WHCCD will notify the sub recipient that no further action will be taken.
2. If the sub recipient audit identifies an administrative finding, questioned costs, or cost recommended for disallowance, WHCCD will:
 - Establish a sub recipient audit resolution file for documentation of each finding
 - Issue a written notice of Initial Determination.
 - Provide the sub recipient an opportunity for informal resolution and submission of additional documents within 60 days from date of notice.
 - Issue a written notice of Final Determination.

8. Over Expenditures::

Cost center administrators and budget managers are responsible for ensuring total expenditures remain within the budgeted amounts. Without specific approval from the Administration, overdrafts are considered unacceptable. The cost center administrator and/or budget manager is responsible to ensure that their area as a whole is not creating a deficit spending condition.

9. Clearing Over Expenditures:

The cost center administrator and/or budget manager has two options for clearing over expenditures:

- Cease all expenditures on the budget.
- The cost center administrator and/or budget manager may reallocate funds from an appropriate account under his/her jurisdiction by initiating a budget transfer request in Datatel.

10. Budget Transfer (Budget Journal Entries):

The cost center administrator and/or budget manager may move funds from within a specific budget to cover anticipated expenditures by completing a budget transfer. Under no circumstances may resources be transferred from the wage and benefits line items to other areas or visa versa. A request to move or transfer funds is initiated using the Budget Journal Entry field in Datatel, NOTE: Some grant and categorical programs do not allow budget transfers between certain expenditure categories, or may limit the percentage of expenditures that can be transferred.

11. Expenditure Transfer:

Upon discovery of an over expenditure or negative account, the cost center administrator or budget manager can identify an appropriate alternative account to absorb the excess expenditure(s), or elect to move the expenditure in it's entirety to the alternate account. The Business Services office discourages manipulation of accounts by expenditure transfer. Personnel are to ensure that expenditures are initially assigned to the correct account. In order to keep the transfer of funds to a manageable number, the Business Office discourages transfers more than once.

12. Revolving Cash Fund:

Revolving fund payments for goods delivered and services rendered will be made on a limited basis only. The expenditure must be a legal charge against the district. The goods and services must have been delivered or rendered. Advance payments of funds for goods and services are usually not considered.

Advances of funds for travel and meeting expenses must be authorized by the President and/or Chancellor prior to the advance of funds.

Revolving fund purchases will be processed by using a Purchase Requisition for supplies, services and equipment or Travel Request for registration costs.

13. Petty Cash Purchases/Reimbursement:

Cash purchases of \$50 or less including tax, for supplies and services only (no equipment) are permitted. Credit card or charge card purchases are not considered cash purchases. Reimbursement for cash purchases is subject to audit approval by the Business Services office.

The requirements for reimbursement are as follows:

- Purchase must be for \$50 or less. Splitting a purchase amount or items for reimbursement to stay within the \$50 limit is not allowed.
- Purchase must be supported by a Petty Cash Request form, approved by the area administrator and must have a vendor's invoice marked paid attached.
- The following are NOT acceptable receipts:
 - a) Adding machine tapes
 - b) Photocopy of receipt
 - c) Credit card receipt
 - d) Statement of account
 - e) Packing or shipping slip
 - f) Canceled check
 - g) This is not an all inclusive list
- Purchase must be made from a bona fide vendor.
- The items purchased must be stated.
- The purchase must be at a fair market price.
- The items purchased must be authorized in the approved current year's budget.
- Budgeted funds must be available to reimburse the cash purchase.
- The request for reimbursement for petty cash purchases must be submitted during the same fiscal year of purchase per Board Policy 6317
- A completed Petty Cash Request form supported by an itemized invoice marked paid should be submitted to the business services office. All requests for reimbursement will be processed within 48 hours.

RECOMMENDATIONS:

It is recommended that cash purchases should not be made when there is any doubt of obtaining an acceptable vendor's invoice or receipt.

It is recommended that the vendor's invoice be treated like cash. Without it, purchase will not be reimbursed.

It is recommended that since it is often difficult, if not impossible to obtain acceptable paid vendor invoices or receipts on mail and telephone orders, use the regular purchase requisition procedure for placing such orders.

June cash purchases are due in the Business Services office on or before July 6 and all other cash purchases must be submitted within 30 days of expense.

14. Replenishing the Petty Cash Fund:

The petty cash funds will be replenished as requested by the fund custodian and approved by the Director of Fiscal Services.

15. Reconciliation:

The fund custodian is responsible for ensuring that the fund is reconciled each month. If possible, an employee other than the fund custodian should reconcile and sign the reconciliation of the account.

16. Missing Cash:

All district employees are bonded through the district insurance policy however there are reporting requirements that must be followed in order to guarantee coverage for any incident of missing/lost/stolen district cash.

Lost, missing or stolen funds of \$50.00 or more must be immediately reported to the VC, Business Services, or designee, who will determine if a police report is required. A written report is required for all lost, missing or stolen funds of \$50.00 or more.

17. Till Cash Funds:

1. Till cash funds provide the colleges and off-campus centers with cash for making change in across-the-counter financial transactions.
 - a) Such funds are used exclusively for transactions involving official district business.
 - b) Till cash funds are not to be used to purchase goods or services.
2. Maintaining the till cash fund:
 - a) Any overage or shortage must be reported daily as part of the normal balancing for till cash.
 - b) The amount of cash in the fund must always equal the original amount.
3. Borrowing from the fund for any reason is prohibited.

4. The fund may not be used to cash checks.
5. The fund is subject to audit at any time by the Accounting Services Supervisor or the district's external auditors.
6. Fund cash is not to be combined with cash used for other purposes.
7. The custodian is responsible for locking the till cash funds in an appropriate location when not being used. Large till cash funds in a vault or safe. Smaller funds must be locked in a file cabinet or desk drawer.

18. Outstanding Checks:

A review of all outstanding checks on all operating bank accounts will be done not less than every three months. Operating bank accounts include; Revolving Cash, Financial Aid, Associated Student, Bookstore, Cash Clearing, Emergency Loan, School Farm and the WHC Cafeteria accounts. Warrants or checks found to be outstanding longer than 6 months are considered out dated and will not be honored by the bank, they will be purged and the funds re-entered in the account.

19. Cashier Services:

Each College and center site shall collect student tuition and fees, payments of obligations of students, staff, and the public to the district, and shall receive for deposit all monies collected by other district departments for sales and services.

Coalinga Campus Cashier:

Payments for student tuition and fees are made to student services personnel in the Student Services Building (D-Wing). Hours: Monday through Thursday 8:00 a.m. to 5:00 p.m. and Friday 8:00 a.m. to 4:00 p.m. during the school year. All payments made at the campus are deposited intact at least weekly.

Lemoore Campus Cashier:

Payments for student tuition and fees are made to student services personnel in the Administration Building. Hours: Monday through Thursday 8:00 a.m. to 7:00 p.m. and Friday 8:00 a.m. to 4:00 p.m., during the school year. All payments made at the campus are deposited intact at least weekly.

North District Center Cashier:

The North District Center Cashier's Office collects student tuition and fees, payments of obligations of students. Hours: Monday through Thursday 8:00 a.m. to 7:00 p.m. and Friday 8:00 a.m. to 5:00 p.m., during the school year. All payments made at the campus are deposited intact at least weekly.

20. Deposits:

All deposits are collected in accordance with our Armored Truck Company procedures.

Armored Truck Company Procedures:

Machine Tape: Prepare a machine tape of receipts.

Cash Deposit Report: Complete a Bank Deposit form, enter totals for each category:

- Currency
- Cash
- Checks
- Credit Card transactions

Wrap Coins: Wrap all coins in appropriate coin wrappers. Write West Hills College and date on the wrapper.

Bundle Currency: Rubber band dollar bills in groups of 25. Wrap 5-, 10- and 20- dollar bills in 100- dollar bundles of each denomination.

Hand Delivery: All Deposits must be prepared by the department who is counting the cash and/or checks and said deposits must be entered into Datatel by those individuals prior to handing over the cash deposits to the Armored Truck personnel.

21. Revenue Sources and Sub-sources:

The Business Services office assigns source codes for district revenue sources using the California Community Colleges Budget and Accounting Manual.

A complete listing of district assigned and used revenue sources and sub-sources, is available in the West Hills College Chart of Accounts booklet.

22. Refunds:

Refunds periods are established by the California Community Colleges Chancellor's Office and are outlined in the college catalog and schedules. Students must request refunds in writing or on-line, using a Request for Refund form. The Cashier verifies the balance and processes the credit for refund if a written request has been received. The Business Services office then processes the request for payment and all refund checks are mailed, unless otherwise specified.

23. Accounts Receivable:

Each district unit administering accounts receivable is responsible for following district regulations for documenting monies owed and monies actually received.

Receivables are defined as amounts due, which are expected to be collected from private persons, businesses, agencies, funds, or other governmental units.

Whenever possible, the district unit is to collect cash at the time goods or services are provided to non-district clients. The district specifically recommends that the following transactions be cash only:

- Sales for goods or services costing less than \$5.00.
- Sales to customers with accounts more than 30 days past due.

24. Billing/Collection System:

At the time of the sale, the district unit will issue a sequentially-numbered invoice to the client. All delinquent accounts are turned over to the Districts collection agencies for follow up.

25. Recording Receivables:

The district unit must maintain a written record (subsidiary ledger) of outstanding receivables. This ledger is to be maintained and updated on an open-item basis, i.e., an entry must be included for each outstanding amount due. The district departments and service centers may process charge transactions through the district's MIS system.

The district unit record must include the following information for each receivable:

- Name of debtor
- The debtor's ID number (usually social security number)
- Description of each outstanding charge and/or credit
- Invoice number
- Date of Invoice
- Amount of each charge or credit
- The district account number to be credited

26. Student Receivables:

Business Services maintains access to student receivables information in conformance with the provisions of the Family Educational Rights and Privacy Act of 1974 (Public Law 93-380) and the Education Code. Employees accessing student receivables are to be familiar with these provisions. To access any district administrative system (including the district's MIS system), the employee must have been assigned the required user ID and associated system passwords.

27. Past-Due and Delinquent Accounts:

The Business Services office and/or district unit is responsible for vigorous pursuit of all past-due and delinquent receivables. Past-due accounts will be deducted from the individual's account, employee paycheck (staff or student), and/or any student financial awards.

Accounts with unpaid balances greater than 30 days of invoice are considered delinquent.

- The district will issue a minimum of two reminder notices between 30 and 90 days after the bill becomes delinquent.
- These notices request immediate payment of the outstanding balance and notify the debtor of additional actions which may be taken if the debt is not paid.
- Accounts with unpaid balances of more than 90 days past the due date are subject to collection procedures:

Collection Procedures:

- A. Reporting the account to an outside collection agency, and

- B. Referring the account to the California Community College's Chancellor's Office COTOP program for action and collection.

28. Returned Checks:

1. Any district unit/department that accepts checks payable to West Hills College is responsible for minimizing the possibility of returned and/or unpaid checks.
2. Check approval and acceptance:
 - a) Require that each Check writer provide positive identification. The following identification documents are considered acceptable:
 - WHC/staff/faculty/students – A valid identification document with visible photograph and signature (e.g., Driver's license) and valid staff or student identification card.
 - Non WHC personnel – A valid identification document with visible photograph and signature (e.g., Driver's license) and one credit card or check guarantee card.
 - b) Compare document signature to check signature and the photograph with the check writer.
 - c) Enter the identifying number from each piece of identification on the back of the check.
 - d) The district employee who accepts the check enters his/her initials in the upper-right corner on the check front.
3. Endorsing Checks - Checks are to be endorsed as soon as received.
 - a) The endorsement should clearly indicate the department/service center name and specify that the check is "For Deposit Only."
 - b) The endorsement must be legible so that Business Services office personnel can determine origin of the check.
4. Processing Returned Checks:
 - a. Redeposit
 - 1) Banks send all returned checks to the Business Services office for initial handling.
 - 2) The Business Services office will record the check amount plus any returned check fee/s as an account receivable, and collection of the returned check and fees will be conducted as outlined in Accounts Receivable.

29. Commercial Bank Accounts:

The Vice Chancellor must grant approval before a district unit may establish a commercial bank account for the deposit and disbursement of district monies.

The Board of Trustees approves when necessary an updated "Signature Authorization Permit" form, which recognizes district personnel who have the authority to sign checks on behalf of the district.

30. Maintaining the Bank Accounts:

- Fund Custodian: The Director, Fiscal Services designates an employee to be responsible for maintaining and periodically reconciling the account.
- Bank Statements: Each month the designated employee is responsible for reconciling the

bank statement, verifies that the maximum balance has not been exceeded and that deposits have been properly made.

Writing Checks: Only those individuals designated by the Board of Trustees as "authorized signatures" on the bank account may sign checks.

31. District Mail:

Each District unit is responsible for the preparation of their out-going mail for delivery to the U.S. Post Office by assigned department.

Out-Going Mail:

- All district out-going mail is collected daily at 4:00 p.m. for delivery to the Post Office by the assigned departments.
- All district units should bundle their out-going mail to accommodate mail cost charge backs.

Bulk Mail:

- All district designed or planned bulk mailing items must take into consideration the district's mailing machines franking capabilities. The Business Services office should be consulted with for location and placement of bulk mailing stamp area.

FINANCIAL AID PROCEDURES

The Financial Aid Office awards the students and enters the awards on the Financial Aid Award Screen. The Business Services office will apply their award to their student account and write a check for the balance remaining.

The Pell awards are paid in three payments. First Payment is made on the first day of the semester or the time they are award if later than the start of the semester. Second Payment is due the middle of October. The Third Payment is due the 1st day of December. The third and last payment is calculated after the last day to withdraw with a "W" grade has passed.

The SEOG Grant, Cal Grant, EOPS Grant and CARE Grant are applied and paid, as awarded to student in full.

Financial Aid checks are written and disbursed to the student, who signs a release for the check after providing valid student identification or valid driver's license.

The Financial Aid bank account is reconciled monthly, by an employee other than the person responsible for writing the checks. Outstanding checks will be reviewed every three months. Warrants or checks found to be outstanding longer than six (6) months will be purged and the funds re-entered into the account.

Any over awards will be charged to the students account and the amount of the over award will be returned to the proper fund account.

PURCHASING

All purchasing shall be conducted in a manner to provide to the maximum extent practical – open and free competition.

In accordance with Board Policy 2710 – Conflict of Interest, no employee, officer, or agent of the District shall participate in the selection, award, or administration of a contract if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his/her immediate family, his/her partner, or an organization which employs or is about to employ any of the parties indicated therein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the District shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to sub agreements. The standards of conduct shall provide for disciplinary actions. (Code of Federal Regulations)[Title 29, Volume 1, Parts 0 to 99] [Cite: 29CFR]

Board members, employees, and consultants shall not be financially interested in any contract made by the Board or in any contract they make or participate in making their capacity as members of the Board or as consultants. [Government Code Section 1090 et seq.]

1. Bid Procedures:

It is the policy of the District and the Board that the interests of the taxpayers of the district are the primary consideration in procurement transactions. All purchasing transactions and bidding procedures shall provide open and free competition to each responsible vendor who shall furnish supplies, equipment, or lease or rental or equipment to the district. Contractors who develop or draft specifications, requirements, statements of work, and invitations for bids and/or requests for quotations or proposals for the district shall be excluded from competing for such procurements. The Vice Chancellor, Business Services will recommend all bid awards, after price and cost analysis, bid responsiveness and product quality and availability are reviewed. Awards shall be made to the bidder or offer or whose bid or offer is the most responsive and advantageous to the District. Any and all bids or offers may be rejected when it is in the District's best interest to do so.

2. Purchases less than \$5,000:

Supplies, lease/rental, equipment and services with a total cost of \$500 but less than \$5,000 may be purchased without solicitation of written bids. Prices may be established through verbal contacts or other informal means of obtaining quotations. It is recommended the requestor obtain a minimum of two price quotes.

3. Purchases of \$5,000 to \$20,000:

Supplies, lease/rental, equipment and services with a total cost of \$5,000 but less than \$20,000; require two (2) written quotations. The prices may be established with catalog prices, quotations from the Internet or responses to an informal request for quotation. A minimum of two written quotations must be submitted to the Business Office before a purchase order can be approved for processing.

4. Purchases of \$20,000 to \$76,700:**

Supplies, lease/rental, equipment and services with a total cost more than \$20,000 but less than \$76,700, must be purchased from the lowest and most responsive bidder after soliciting written quotations from qualified suppliers. The request for quotation (RFQ) must include a clear and accurate description of the technical requirements for the material, product or service to be procured; the description cannot contain features, which unduly restrict competition. No brand names are to be used unless it states "brand name or equal".

5. Purchases of \$76,700 or more:**

Supplies, lease/rental, equipment and services of \$76,700 or more must be purchased from the lowest most responsive bidder meeting specifications after advertising for bids, under a sealed bid procurement

process. All bids received for purchases in excess of \$76,700 shall include a bid security in an amount not less than 5% of the bid. Bid security shall be in the form of certified check, performance bond or payment bond, in an amount equal to 100% of the contract price quoted.

***This amount is subject to Annual Adjustments per Public Contract Code (PCC) Section 20651 (a)(d), as noticed by the California Community College System Office.*

Formal bids must be processed by Business Services.

The formal bid process at West Hills College District is as follows:

1. Prepare a board agenda item two weeks before the board meeting date that requests Board approval to seek bids for the item(s) to be bid.
2. After Board approval to go to bid, legal newspaper advertisements are placed by the Business Office in the Fresno, Coalinga and Lemoore newspapers.
3. The first legal ad would go in the first Wednesday after the Board "approval to bid" meeting.
4. The second legal ad is placed in the same newspapers one week from the date of the first ad (second Wednesday).
5. The bids will open two weeks from the date of the last legal ad no later than 4 PM p.m. in the Business Office or conference room.
6. The Business Office will proof all bids for various bid features such as length of time bids cannot be withdrawn, warranties and "or equal" features, bond certification, etc.
7. Bid results will be presented to the Board for acceptance and award at the next regular scheduled meeting.

6. Construction Projects

Construction project bidding shall conform to the Public Contract Code Section 22000-22045 as adopted by the Board of Trustees, Board Policy 603, 3/30/98. This matrix is updated annually based upon notification from the State Chancellor's Office. ***Please see Bid Matrix under Appendices.***

7. Encumbrance Procedures

Purchase order requests, properly authorized, are to be entered into the MIS system, currently Datatel, resulting in the encumbrance of the budget. Upon finalization of the purchase order request, which will result from the receipt of items listed on the specific purchase order, the Business Services office will pay the corresponding invoice and indicate to the system that the purchase order is final and thereby closed. The encumbrance is automatically removed regardless of the variance between the encumbrance and the actual payment.

Purchase orders which are either blanket in nature or remain open due to the non-receipt of merchandise or services will remain open and subject to encumbrance. It is the responsibility of the area administrators or budget managers to monitor open purchase orders to assure that they fairly represent the purchasing plan of the specific budget. In the event that open purchase orders are for services and merchandise no longer required or not obtainable, it is the responsibility of the area administrator or budget manager to request liquidation of the purchase order. Upon receipt of a liquidation request, the Business Services office will finalize the purchase order and the encumbrance will be released by the system.

All purchase orders including blanket purchase orders expire on June 30th each year and are not carried forward to the new fiscal year. It is the budget manager's responsibility to request a new purchase order for the new fiscal year.

No purchase order will be issued if the account budget to be charged has insufficient funds to cover the purchase. Purchase requisitions received in the Business Services office for budget accounts with insufficient funds will not be processed or encumbered unless accompanied by a Request for Budget Transfer.

8. Office Supplies:

General office supply items are to be ordered using on-line access with Office Depot (or whichever vendor the District is currently using through the bid process) or by completing the WHC Office Supply Order form, supplies are shipped direct to the ordering party. Orders placed with Office Depot are charged back quarterly to each cost center who ordered supplies. Business Services will assist district units with costing office supply items not listed on the order form but available from the vendor. This procedure is only to be used for general office supplies, any instructional or classroom supplies are to be ordered through the purchase requisition process.

9. Forms:

District staff may obtain certain Business Services Office forms electronically via the public folders. The electronic forms are located in the public folders under "Electronic Forms" – "Fiscal Services". If you are unable to access these forms, please contact the Business Office staff.

10. Summary of Purchasing Guidelines:

1. A purchase requisition must be entered into Datatel and approved before any purchase can be made. A purchase order is initiated from the approved purchase requisition.
2. If a purchase order is to be changed in any way from the original, please notify Business Services.
3. Please sign and verify receipt of the merchandise on the invoice.
4. Deliver all invoices to Business Services when received; quite often the Business Services staff will call a vendor to request an invoice, only to find that the invoice has been in a department since the merchandise was received. Payments to Vendors cannot be processed until the invoice is received in Business Services.
4. Advise Business Services if there are any changes from the original order; i.e. any canceled items that will not be shipped; any back-ordered items that will be shipped at a later date, etc.
5. All **original** invoices **must** be sent to Business Services. Make copies as needed for your files. The auditors require the college pay from original invoices only.

It takes approximately fifteen days to process checks once an invoice has been received in Business Services. After the checks are printed, they are sent to the Fresno County Treasurer's Office for signature and returned to Business Services, then sent to the vendor.

Purchasing - Things to Do

DO:

1. Plan your requirements well in advance of your actual need. A price or cost analysis shall be made and documentation forwarded to the business office for backup. This analysis may be accomplished in various ways, including the comparison of price quotes, market prices, and similar indicia, together with discounts. This is to determine reasonableness, allocability, and allowability
2. Describe your needs very specifically on the Requisition Maintenance Screen (REQM), under line item description. Any additional information should be entered in the comments section.
3. Contact the vendor or Business Services if delivery is unnecessarily delayed.]
4. Check incoming shipments against your purchase order immediately and advise Business Services, in writing, of any discrepancies such as damage. By law, failure to report damage promptly results in release of liability by the shipper. In Datatel, under Purchasing, Goods and Services Receiving, select Purchase Order Receiving. Complete the fields listed. Note any over or under-shipment by detailing on the line item and completing the fields listed on POOM – PO Item Order Maintenance.

5. Practice good storekeeping by regularly rotating stock to avoid deterioration and/or obsolescence. On-the-floor storage should be on wood slats or pallets. Heat sensitive supplies should be stored in a cool, dry place. Flammable materials should be stored in a safe, isolated area away from heat. Do not stack paper too high and periodically turn cases of paper over.
6. When ordering, try to consolidate your requirements to assure minimum orders to vendors.
7. Remember the bid minimums when preparing your purchase requisitions and ensure that required documentation is sent to Business Services:
8. Forward any documents received to Business Services if you cannot identify them with a purchase order.

Things Not to Do:

DON'T:

1. Make any purchases or commitment to a vendor without proper authorization, i.e., a properly executed purchase order. Exception: Petty cash, out-of-pocket purchase of **\$50** or less against a budget with a balance to cover the purchase with **verbal approval of the area Dean or college President**.
2. Split orders to avoid minimum bidding requirements; i.e. to get under the bid limit.
3. Authorize vendor to increase quantities on a specific quantity order; i.e. to get under the bid limit.
4. Authorize the vendor to substitute on purchase orders. Only Business Services is authorized to approve substitutions.
5. Make exchanges without clearing it through Business Services.
6. Exceed monetary limits on blanket/open and regular purchase orders.
7. Return items for credit without clearing it through Business Services.
8. Delay the payment process by being delinquent in returning the invoices to Business Services.

11. Deadlines:

Do not wait until just before annual deadlines to end all purchasing for the year to submit your purchase requisition for supplies and equipment. The annual last minute surge to order supplies and equipment creates a backlog of orders that takes months to process and results in delay in bidding and placing of orders. Early anticipation of needs assures prompt processing and delivery of your requirements.

Deadlines for submitting purchase requisitions are set annually by the Vice Chancellor. Generally, the deadlines are as follows:

Annual Deadlines:

1. Purchase requisitions for equipment, supplies and services are due in the Business Services office on or before April 15.
2. Purchase requisitions for supplies and services required during the Summer Term will be accepted in the Business Services office on or after May 1. Indicate on the purchase requisition the fiscal year to be charged.

Purchase requisitions for supplies and services required at the opening of the Fall Term are due in the Business Services office prior to summer vacation leave. Delivery date may be specified to occur after a specific date; i.e. "Deliver after August 15,.....".

12. Purchase Requisition Preparation:

Purchase Requisitions are processed through the Datatel system and are used for requesting purchase of supplies, services, and equipment.

13. Purchasing Instructions for Vendors:

The following purchasing instructions are printed on every Purchase Order the college issues (front and/or back), which are mailed, faxed or delivered to the vendors:

1. The college is not liable for any purchases from a vendor unless the vendor has a signed purchase order form from the college.
2. No college employee or associate of the college is authorized to purchase for the college without an original signed purchase order form.
3. Vendors that sell to employees or associates of the college without receiving an original signed purchase order form are selling direct to the employee or associate and not to the college.
4. The college pays invoices net/30 days that properly reference the college purchase order number(s). The college does not pay late payment or finance charges.
5. The college requires that the purchase order number appear on all vendor invoices, packing slips and cases.
6. The college requires a vendor invoice to be in duplicate and sent to West Hills College, District Office, Attention: Accounts Payable, 9800 Cody St, Coalinga, CA 93210

14. Cash Advance for Student Field Trips:

BEFORE TRIP:

1. Create a requisition in Datatel and include trip date, number of students, amount of money needed, and date the advance payment is needed. **For categorical programs - a separate requisition is required for each program; requisitions with multiple program participants will no longer be accepted.**
2. A copy of the approved Field Trip Request Form must be submitted to the Business Office. The Field Trip request must include:
 - A trip itinerary.
 - Estimated trip costs for lodging, transportation, meals, plus any expenses for extra activities.
 - Number of participants.

For categorical programs:

1. Verification is required that program funds can be used for activity, funds are available, and students are eligible program participants before the requisition will be approved.
2. Complete the Advance Check Receipt form and obtain approval of Supervisor/Budget Head, submit signed form to the Business Office. You will be required to sign the form when receiving the advance check/cash.
3. It is recommended you allow three (3) weeks for the Business Office to process a check once the requisition has been approved.

NOTE:

- All snacks purchased for a field trip should be purchased with a separate PO. **Do Not** use out of pocket cash.
- Please remember sack lunches can be purchased through the Cafeteria with a PO.
- If you are purchasing meals for the students, **do not** give students the maximum amount allowable, you are to deduct the cost of that meal from the per diem amount of cash given to each student.

- **MAXIMUM daily per diem** is \$25.00 per day for general students and \$19.00 per day for inter-collegiate athletes.

General Students

- \$6.00 for Breakfast
- \$8.00 for Lunch
- \$11.00 for Dinner

Generally, per diems will be paid as follows, less any meals provided:

Breakfast: If travel begins prior to 7:00pm.
 Lunch: If travel covers entire period between 11:00am and 2:00pm.
 Dinner: If travel is concluded after 6:00pm.

Examples:

Trip begins at 6:00am and ends at 11:00am - Breakfast
 Trip begins at 8:00am and ends at 11:00am – no meal reimbursement.
 Trip begins at 8:00am and end at 2:00pm – Lunch
 Trip begins at 8:00am and ends at 6:00pm – Lunch
 Trip begins at 8:00am and ends at 9:00pm – Lunch and Dinner

Inter-Collegiate Athletes

- \$3.50 for Breakfast
- \$4.50 for Lunch
- \$7.00 for Dinner
- \$4.00 for Post Game

The following one-way mileage scale has been developed to determine the number of meals allowed during travel:

- 1-99 miles = 1 meal
- 100-149 miles = 2 meals
- 150-199 miles = 3 meals
- 200-249 miles = 4 meals
- 250-299 miles = 5 meals
- 300-349 miles = 6 meals (maximum)

- Please choose eating establishments that do not charge 15% or higher gratuities/tips when serving large groups (McDonald's, Taco Bell, etc...) as gratuities/tips are not an allowable expense.

AFTER TRIP:

On the first (1st) business day following the trip; submit to District Cashier or Accounting Services Supervisor (for categorical programs) the following items:

1. Any remaining cash, be sure to obtain a receipt from the cashier.
2. Original trip receipts (must have vendor name, address, etc. stamped or preprinted on receipt to be accepted).

3. Original form or checklist with original student signatures acknowledging receipt of cash funds and the amount received.
4. Attach a calculator tape printout to verify all receipts and deposit equal the dollar amount of the original amount advanced to you.
5. IF the dollar amount of receipts exceeds the amount of the advance, prepare and submit an Expense Claim form for the overage to be reimbursed to you.
6. IF the dollar amount of receipts is less than the amount of the advance, you **must** pay the difference immediately.

Cash advances for staff chaperoning Student Field Trips.

Staff must submit an approved Travel Request Form prior to the trip date to the Business Office. An approved Conference and Travel Reimbursement Claim form is to be submitted to the Business Office after the trip has been completed for reimbursement of trip costs. Staff may claim the per diem amount per day instead of submitting receipts. Please refer to following section regarding Conference and Travel Expense claim procedures.

15. Conference and Travel Expense Claims:

All travel must have prior approval of the appropriate supervisor/administrator. Use the Travel Request form to obtain approval, this form is used to identify employee/s traveling, purpose of travel, travel destination, conference/meeting name and any pre-registration costs which must be paid by the Business Services office. In order to insure proper payment, all travel outside of the district requires that a Travel Request form be submitted to Business Services 2 weeks prior to the event.

The Conference and Travel Expense Claim form is used to report and claim reimbursement for actual and necessary expenses incurred in connection with attending a conference, convention, meeting or field trip. This form is used to claim reimbursement for out-of-pocket expenses only. Amounts to be claimed for each expense will be reimbursed at a rate or amount as identified in Board Policy 6317.

Expense claims, including those for mileage, are to be submitted for reimbursement within thirty (30) days of accruing the expense. Claims not submitted in a timely manner will be denied.

Guidelines for Preparing Conference and Travel Expenses form:

Top of form:

1. Insert name of person to be reimbursed
2. Insert month in which travel occurred.
3. Insert budget account number to be charged.
4. Insert date/s of travel, destination and purpose of travel, number of miles per trip.

This form is used for reimbursement of routine automobile mileage claims:

- Mileage will be approved only for the most direct route.
 - Mileage is not allowed for travel to or from home.
5. Insert total miles traveled and multiply by district's current mileage allowance.

Bottom of form:

1. Insert date of meeting or conference.
2. Insert location and purpose of meeting or conference.
3. Insert amount claimed for food (identify meals breakfast, lunch etc.)
4. Insert amount claimed for lodging.
5. Insert air transportation costs.
6. Insert registration costs (only if not already prepaid).

7. Insert any other misc. expenses i.e. taxi fare, parking costs, etc.
8. Insert total of all amounts in this line.

Provide a total expenses claimed amount.

Provide a total mileage claimed amount.

Attach original receipts for lodging, registration, air travel, parking fees, etc. to form.

Claimant must sign the form, and have the area administrator approve the claim, submit to Business Services for approval and payment processing.

16. Automobile Mileage Reimbursement:

Use the Travel Expense Claim form to report and claim reimbursement for actual and necessary expenses incurred in connection with routine travel. Routine travel is defined as travel performed by an employee of the district in the normal course of the employee's duties by using the employee's personal automobile or local public transportation. Travel is not considered routine travel when any of the following is involved: meals, lodging, airline transportation, bus transportation, rail transportation or registration fee. Mileage will be reimbursed at the IRS rate as declared annually by the IRS.

Use of employee's vehicle:

- A. Mileage will be approved only for the most direct route.
- B. Mileage is not allowed for travel to or from home. This is based on the rationale that an employee is expected to provide personal transportation to get oneself to and from work.
- C. Mileage for out-of-city driving will be approved only if the official business cannot be transacted through correspondence or by telephone. The mileage claimed cannot exceed the equivalent cost of such trip by the most efficient, direct and economical mode of transportation required by the occasion.
- D. Employees will be reimbursed at the rate as identified in Board Policy 6317.
- E. The Travel Expense Claim form must be signed and approved by the employee's area administrator.
- F. The Travel Expense Claim form is due in the Business Services within thirty (30) days of accruing the expense. Claims not submitted in a timely manner will be denied.

17. Disposal of District Property:

The Education Code Sections 81450-81454 provide for the sale of district personal property that is not required for college or district purposes with authorization of the sale by the Board. A list of obsolete or worn out property, proposed for sale, will be submitted regularly by Business Services for consideration of the Board.

Area administrators are responsible for providing Business Services with the following information in order to have any district property declared surplus by the Board:

- a) Equipment Type/Manufacturer or Description of Item
- b) WHCCD Inventory Number
- c) Model Number
- d) Serial Number
- e) Condition of item
- f) Location of item/s to be surplusd

Items of \$500 or less:

Property with a value of less than \$500 may be sold through private sale without advertising.

Items of \$500 or more:

Property with a value of \$500 or more will be sold to the highest bidder after legal advertisement. Public Notice advertisements will be prepared by Business Services. Bids will be opened in the Business Services office two weeks after the second advertisement has been published at 2:00 p.m.

18. Fixed Assets

For instructions in this area, please contact the Business Services Office staff.

PAYROLL

1. Employee or Contractor:

Area administrators and Business Services will use the following guidelines when evaluating whether an individual is an employee or contractor. If the individual is determined to be an independent contractor, those services are handled under the purchasing guidelines outlined in this manual.

The determination as to whether an individual is an employee or independent contractor is based upon the right to control the method of work:

- If the means and methods of a person's job are under his or her discretion and control, he or she is an independent contractor.
- If the means and methods of a person's job are under the discretion and control of the person for whom he or she is performing the work, the person is an employee.

Tests for Employee:

The following indicators suggest that the personal service is provided by an employee:

- The employing department sets or approves hours of work.
- The employing department furnishes the place to work and usually provides the tools.
- The employing area administrator has the right to discharge the person.

Tests for Contractor:

The following indicators suggest that an independent contractor provides the personal service:

- The person is free to accept employment from other person at the same time.
- The person employs his or her own assistants who cannot be discharged by the district.

2. W-4 - Withholding Federal Income Tax:

An employee must complete, sign, and submit to the Business Services office a W-4 form (Employee's Withholding Allowance Certificate) before Business Services makes any salary or wage payments.

The employee declares the IRS filing status and the number of withholding allowances or the percent of income to withhold on the W-4 form.

Payroll uses this information to compute the amount to withhold from the employee's taxable gross salary.

3. Social Security Card:

Any potential or new employee **must** provide the Human Resources Office a copy of the individual's **original** social security card before the payroll technician makes any salary or wage payments.

The social security number must be correct to credit the employer's and the employee's contribution and service quarters to the employee's social security account.

The social security number is the payroll/employee number.

Payroll Address:

Payroll uses the address on the employee's initial W-4 for paychecks, earnings statements, and any other payroll mail.

Employees may change their payroll address at the Business Services office by:

- Completing a new W-4 form.
- Completing a change of address form.

4. Time Cards:

Part-time Academic, Adult and Student Employees:

All district part-time academic, adult and student staff are required to complete an Employees Time Report (time card) each month. The time card is to be signed by the employee's direct supervisor and submitted to Business Services office no later than the 10th day of each month.

Time cards not received on the 10th of the month **will not** be processed until the next regular payroll period. It is the responsibility of the area administrators to ensure that **all** employee time cards are submitted to the Business Services office on or before the 10th of each month.

Regular Classified Employees:

All district classified employees are required to complete an Employees Time Report (time card) each month. The time card is to be signed by the employee's direct supervisor and submitted to the Human Resources Department by the end of the month.

5. Overtime Payment:

Payment of any overtime hours worked will be included on the employee/s regular paycheck. Any overtime worked is to be authorized by the employee's area administrator **prior** to working the overtime and a copy of the authorization to work overtime is to be on file in the Business Services office before payment can be made.

Part-time, temporary and student employees are not eligible for comp time. Any overtime earned should be reported on the employee's timecard for payment on the last day of the month. Permanent part-time employees must have an Overtime Authorization form on file in the Business Office prior to working any hours over their regularly scheduled hours.

6. Payroll Advance:

General payroll advances are not permitted or authorized.

7. Payroll Errors:

In the event that the district is responsible for a time card error resulting in payroll non-payment for that month, the employee may request a Revolving Fund check for 75% of the employee's gross salary amount due for that month. The employee must complete the Temporary Payroll Adjustment form and have the Director, Fiscal Services approval. The remaining payroll amount due will be processed as part of the next regular payroll cycle.

Payroll Deductions for Regular and Final Paychecks:

a. Income Taxes are deducted from all payments according to the employee's W-4 withholding statement and may include:

- Federal
- State
- Social Security

- Medicare

b. Retirement contributions are deducted from all payments:

- Certificated - STRS
- Classified - PERS
- All Other Non-bargaining unit employees - APPLE

c. Employee requested deductions are deducted from all payments and may include:

- TSA's
- 403(b) Plans
- Additional Life Insurance Policy Premiums
- Additional Federal or State Income Tax withholdings
- Any non-profit organization identified in writing.

d. Outstanding obligations to the district may be deducted from all payments and may include:

- All Student Fees (examples: Tuition, enrollment, dormitory, meal plan, bookstore, library fees, this is not an exclusive list).
- Child Care Service Fees
- Bookstore Charges
- Overpayments
- Cafeteria Charges

Pay Dates:

The district issues paychecks and earnings statements on the last normal working day of each month.

Paycheck Distribution:

All District employees must complete a Payroll Distribution Options form to have their payroll checks direct deposited or mailed.

Student paychecks are not available for pick-up on campus. All student paychecks are mailed to the address listed on the Payroll Distribution Options form.

SAFETY & SECURITY

1. Risk Management Responsibility and Authority:

The Vice Chancellor is responsible for the district risk management program which helps to ensure the district's overall ability to meet its objectives in the face of continual risk from fire, theft, accident and liability claims.

Risk management includes a number of alternative actions which may be taken both before and after injury, damage or other loss. These risk management actions may prevent loss occurrence or minimize a loss's interference with district teaching and service responsibilities.

State law defines risk management as the total effort and continuous step-by-step process of risk identification, measurement, minimization, assumption, transfer and loss adjust which is aimed at protecting assets and revenues.

The district is a member of the Valley Insurance Program, Joint Powers Authority for the purpose of providing the services and other items necessary and appropriate for the establishment, operation and maintenance of a joint insurance and self insurance program for property casualty and worker's compensation risks for members thereof, and to provide a forum for discussion, study, development and implementation of recommendations of mutual interest regarding risk management.

The Business Services office purchases all insurance for the district and all requests to purchase insurance are to be directed to this office. Premiums for one time insurance requests, special events coverage and/or special equipment coverage will be charged to the department which requires the insurance.

The Business Services office interacts on behalf of the district with outside parties concerning claims investigation, claims management and incident reporting.

Motor Vehicle Accidents:

Losses due to motor vehicle accidents involving district vehicles are covered by district insurance. Any accident involving an injury or property damage of \$500 or more must be reported to the local police or highway patrol. An Accident Report must be completed and submitted to Business Services immediately for any accident involving district vehicles.

Accidents involving privately owned vehicles on district business - most personal policies cover these situations. The driver should check his/her policy to make sure they are covered while using the vehicle for district business.

State law states the driver of any motor vehicle "who is in any manner involved in an accident" in this state must report the accident to the Department of Motor Vehicles (DMV) within 10 days if anyone was injured or killed, or if there was more that \$500.00 damage to any one person's property.

Equipment Damage or Loss:

Unexplained loss - loss of inventoried equipment is reported immediately to the local police. The area administrator then notifies the Business Services office by memorandum. Included in the memorandum is a complete and precise description of the equipment or property damaged or lost, the district inventory number, equipment, model and/or serial number, when the equipment was last seen, was equipment in a secured location etc. This written report is then submitted to the district's claims handling administrator.

All district equipment is insured. However claims are subject to a deductible of \$1,000, except in regard to certain types of vehicular losses or damage.

Classroom/On-Campus Injury-Incidents:

Any district employee who witnesses, or is informed of, any on-campus or classroom accident (excluding athletics) is to immediately complete a WHC Classroom/On-Campus Injury-Incident Report regardless of whether the visitor, student or guest requires medical attention or not. This form is to be submitted to the

Business Services office for processing with the district's student/visitor insurance company and or property liability insurance carrier. Any corrective measures needed to be taken to district property to ensure this type of accident or incident does not reoccur will be reported to the appropriate department for action.

Responsibility for Personal Property

The West Hills Community College District will not assume either the responsibility or the liability for personal property belonging to employees or students either on or off campus. The West Hills Community College District will not provide reimbursement for the loss, destruction or damage by arson, burglary, or vandalism of personal property. Personal property will not be stored on district property.

It shall be the policy of the Board that staff and students are not to use their own personal property for instructional or operational purposes in any program of the West Hills Community College District without proper authorization from the Chancellor.

Board Policy 804 – Responsibility for Personal Property

RECORDS

1. Records Management:

The district currently has a formal Records Retention and Destruction in accordance with Board Policy 3310. Records means all records, maps, books, papers, data processing output and documents of the district including, but not limited to, records created originally by computer, required by Title 5 to be retained.

The following materials are not required to be retained and may be disposed of at will by the various district departments:

- Catalogs, trade journals, and other printed or published materials which require no action.
- Copies of correspondence, completed forms, bulletins, etc. prepared for reference.
- Letters of transmittal which do not add any information to the transmitted material.
- Notices or memoranda which do not relate to district functional responsibility such as notices of community affairs or employee meetings.
- Drafts of letters, memoranda, reports, work sheets and notes which do not represent basic steps in the preparation of record documents.
- Reproduction material, such as stencils, masters, and offset plates.
- Routing slips, telephone messages, "While You Were Away" slips, or similar message forms.
- Shorthand notes, stenotype tapes, and mechanical recordings which have been transcribed.
- Stocks of agency publications, forms, and printed documents which are superseded, outdated, or worthless.

The Vice Chancellor's Office will coordinate and certify records destruction annually for departments at the District Office. Each college and/or center is required to arrange for the destruction and certification of the records destruction. Each department is to specify record retention periods for public records and authorize destruction or release of the out-dated files location. Each box or file that is to be stored in the in-active storage area should be clearly marked with the minimum period of time the records must be kept.

The Vice Chancellor shall authorize the classification and destruction of records. An annual report shall be made to the Board of Trustees regarding the classification and destruction of records.

Potential Archival Records:

Records having potential archival values are those which document past decision, decision making, and legal precedent, as well as those documenting the district's history, development, and general achievements. Examples include:

- External correspondence documenting basic district operation such as planning, policy, decision making, or interdepartmental relations.
- Campus correspondence documenting relationships with non-district agencies and individuals.
- Annual reports.
- Organizational information such as organization charts and delegation of responsibility.
- Documentation of departmental development.
- Committee records, minutes, agenda, reports, position papers, recommendations
- Subject files, concerning single issues or special programs.
- Grant proposals and final
- Tape recordings, films, and videotapes documenting district activities.
- Photographs of personnel and facilities.

2. Release of Public Records:

Public records shall include all records required by law or the Board of Trustees to be maintained or kept on file. All records generated to conduct district business are public records. Unless a public record is specifically exempt from disclosure, the District must make all records available to anyone on request for either inspection or copying.

Please refer to Board Policy 802 – Public Records for additional information. Questions not answered by this section, should be directed to the VC, Business Services or

3. Procedures:

- a) Hours - Public records are available only during business hours.
- b) Written request – Employees/Citizens should submit a written request in advance of such inspection specifying those records which the individual wishes to inspect.
- b) Records Protection - District employees are responsible for protecting records from damage and disorganization. Records are not removed from the designated area of storage.
- c) Copying - A department may charge a fee for copies of public records which may include personnel costs associated with the copying service.

4. Exempt Records:

The following general categories of records are exempt from public disclosure:

- a) Personal information regarding district students, including examination results, grades and curricular material.
- b) Personal information regarding district employees, to the extent that disclosure would violate their right to privacy.

- c) Test questions, scoring keys, and other examination data used to administer a license, employment, or academic examination.
- d) Applications for district employment, including the names of applicants, resumes, and other information submitted with respect to the applicant.
- e) Residential addresses or residential telephone numbers of students, employees or volunteers.
- f) Lists of students, staff or volunteers requested for commercial purposes.
- g) Interview panel materials

MONITORING & INTERNAL CONTROL PROCEDURES

Directors for each grant monitor and enforce program compliance.

Program directors are required to follow the federal laws, regulations and program compliance requirements under the contracts and grant agreements that apply to the program.

1. Circular A-21 Cost Principles
2. Uniform Administrative Requirements 2 CFR 215
3. A-133 OMB Circular

Some of the fiscal responsibilities are:

- Prepare and maintain and record a variety of accounts and transactions in accordance with established laws, regulations and administrative requirements for accounts payable, accounts receivable and general ledger accounting.
- Maintain controls to assure proper accounting of income and expenses for assigned accounts. This includes verification of account codes, encumbrance of obligations, approval and payment of invoices. Verify payroll is coded correctly.
- Periodic site visits performed to make sure procedures are being followed.
- Train, instruct and advise staff on accounting principles and procedures
- Keep track of all time cards and time allocation sheets for grant funded positions.
- Prepare Monthly Invoices for reimbursement. Prepare quarterly and annual Federal, State and District financial reports and statements.
- Drawdowns done monthly
- Meet with program directors on a monthly basis to review budget, expenditures, projections and actuals.
- Make sure all supporting documentation is in order and attached to expenditures.
- Maintain inventory of Equipment purchase through grant monies
- Maintain grant records in the Business Office

Work with Grant staff to make sure everyone is doing time allocation sheets and turning in time cards. Make sure business office policy and procedures are being followed. Run Reports and monitor budgets to make sure they are aligned with grant and track progress. Approve expenditures to make sure they are an allowable cost and that all of the proper backup documentation is submitted to Business Office. Make sure that all reporting is completed on time. Work with Director to prepare budget modification for a grant if needed. All monthly, quarterly and annual budget reporting is completed and submitted.

Accounting system reflects Federal, State and Local Grants with their separate fund. We have revenue cost centers that reflect whether they are state or federal monies. All of this information is in the Chart of Accounts.

Subject: RE: Datatel Training for UB Staff

Hi Pedro:

You are correct, I provide Budget Reporting, Budget Inquiry and Budget transfer training.

I do not know who provides Datatel Student access training, perhaps one of the Lemoore staff who uses this module can provide this training for them, this was the goal when we implemented Datatel that users would in turn train new staff, etc.

Thelma Trevino provided the Requisition training in Datatel but with her new job duties, it may be difficult.

Again, perhaps someone at Lemoore College could provide this training, if they are not already in Datatel they have to do three (3) Requisitions in the test account before going into the live account.

The Datatel Budget report training is typically done after staff are familiar with the Requisition module.

The Lemoore College October 12th training is for Administrative, Management and Supervisory staff and they should contact Glenda if they are interested in attending.

Subject: RE: Datatel Training for UB Staff

Jody,

I think you might be confused with the training that Anne is providing. As I understand, Anne deals with the budget and business screens and does not handle any of student type of training. I'm copying Anne to confirm my assumption.

Regarding screen access for advisors, we are currently working on setting up Datatel access "profiles" that will be based on job titles. This will provide across the board access for all advisors so that they all have the same amount of access to screens that are critical to their job function. Also, we will be working with Jose and Sylvia to identify a formal training process so that everyone received the same type of training on screens, protocols, and FERPA.

Subject: Datatel Training for UB Staff

Hello Pedro,

I am trying to increase my staff's abilities with Datatel and would like to see about getting screens and training for Oscar Villarreal and Jose Murrieta to obtain student academic data and to produce requisitions. If you think this is appropriate, I will send a request to Anne Jorgens to invite the guys to her training next week here on campus.

Thanks for considering.

At this screen you see the Voucher (Check) information regarding the actual expenditure, notice again the "Blue" boxes detail choices to continue detailing in on for more information on the PO, Comments items, both Printed and Comments as well as the GL Account No.

Click on the "Triple X" key at the top of the page to return to the GL menu.

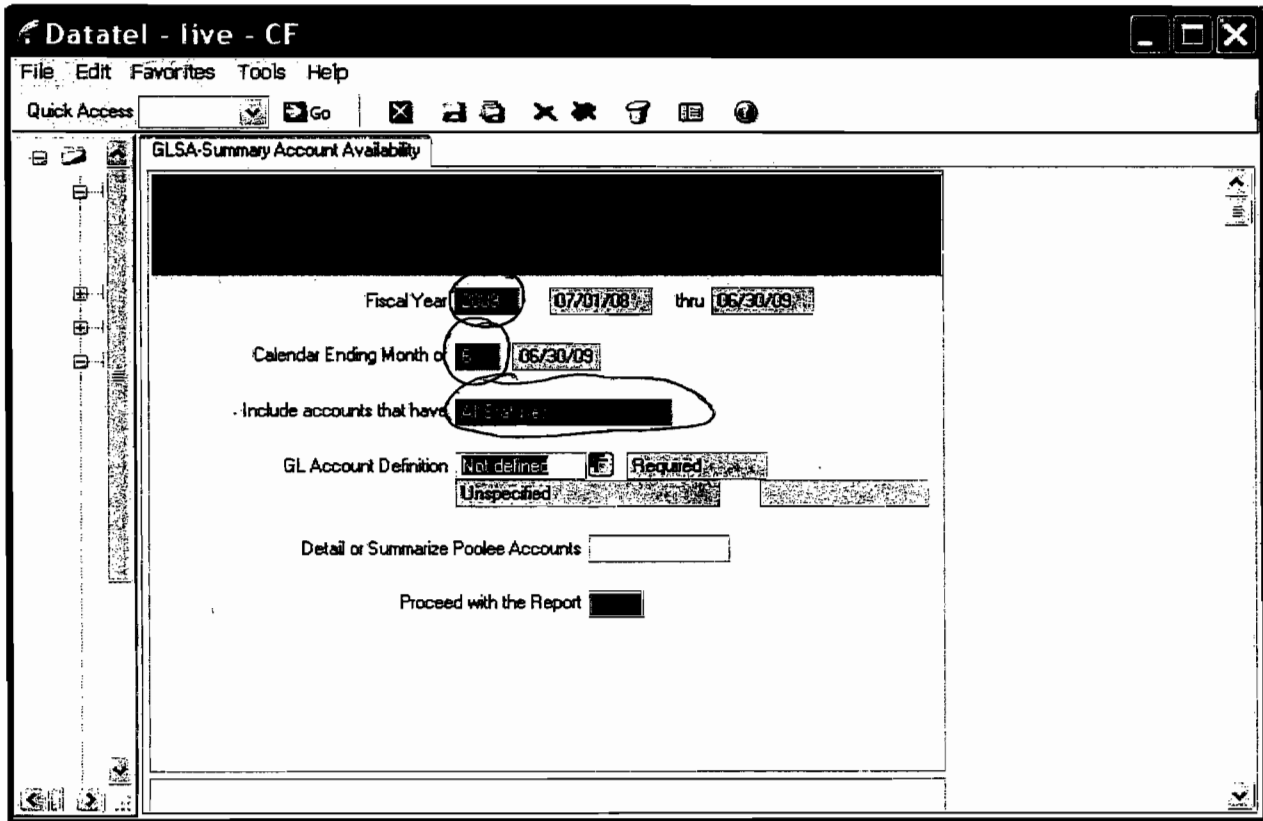

GLSA – Summary Account Availability

At the GL selection menu, select “GLB – Budget Reports”

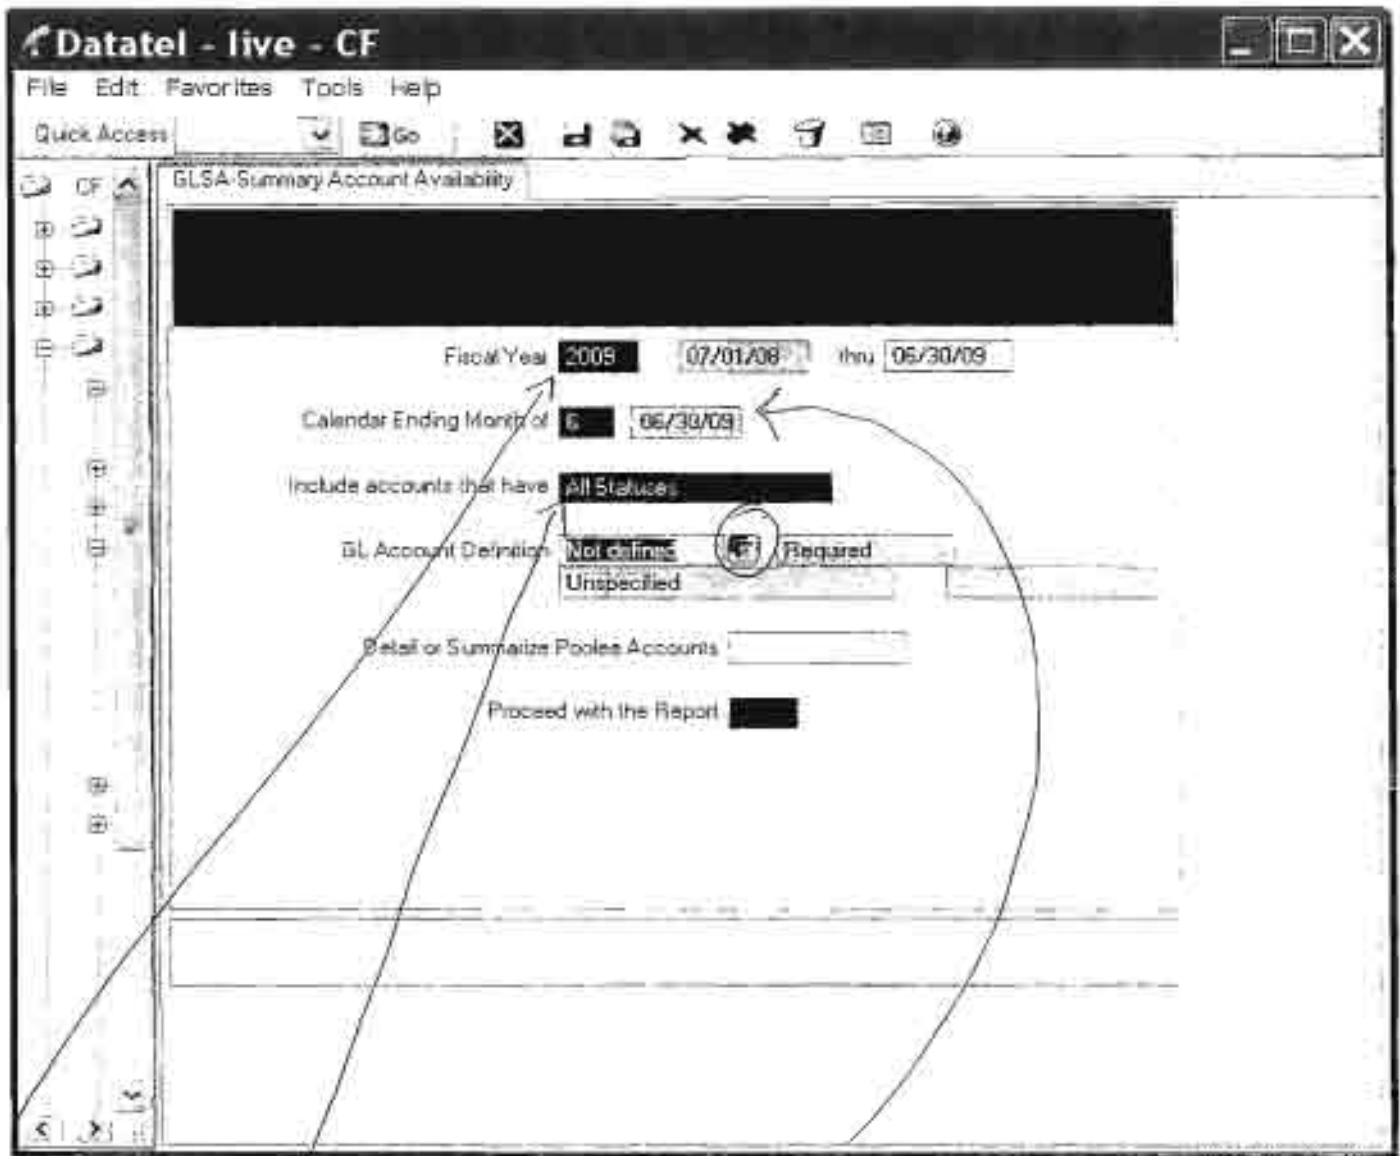

There are 4 main Datatel Budget reports; GLBA Budget to Actual, GLSA – Summary Account Availability, GLBR – Annual or YTD Budget Report and GLBA – Budget Status Report. Today we will look at 2 of the reports (the most used), the GLSA and GLBR reports.

Click on “GLSA – Summary Account Availability”

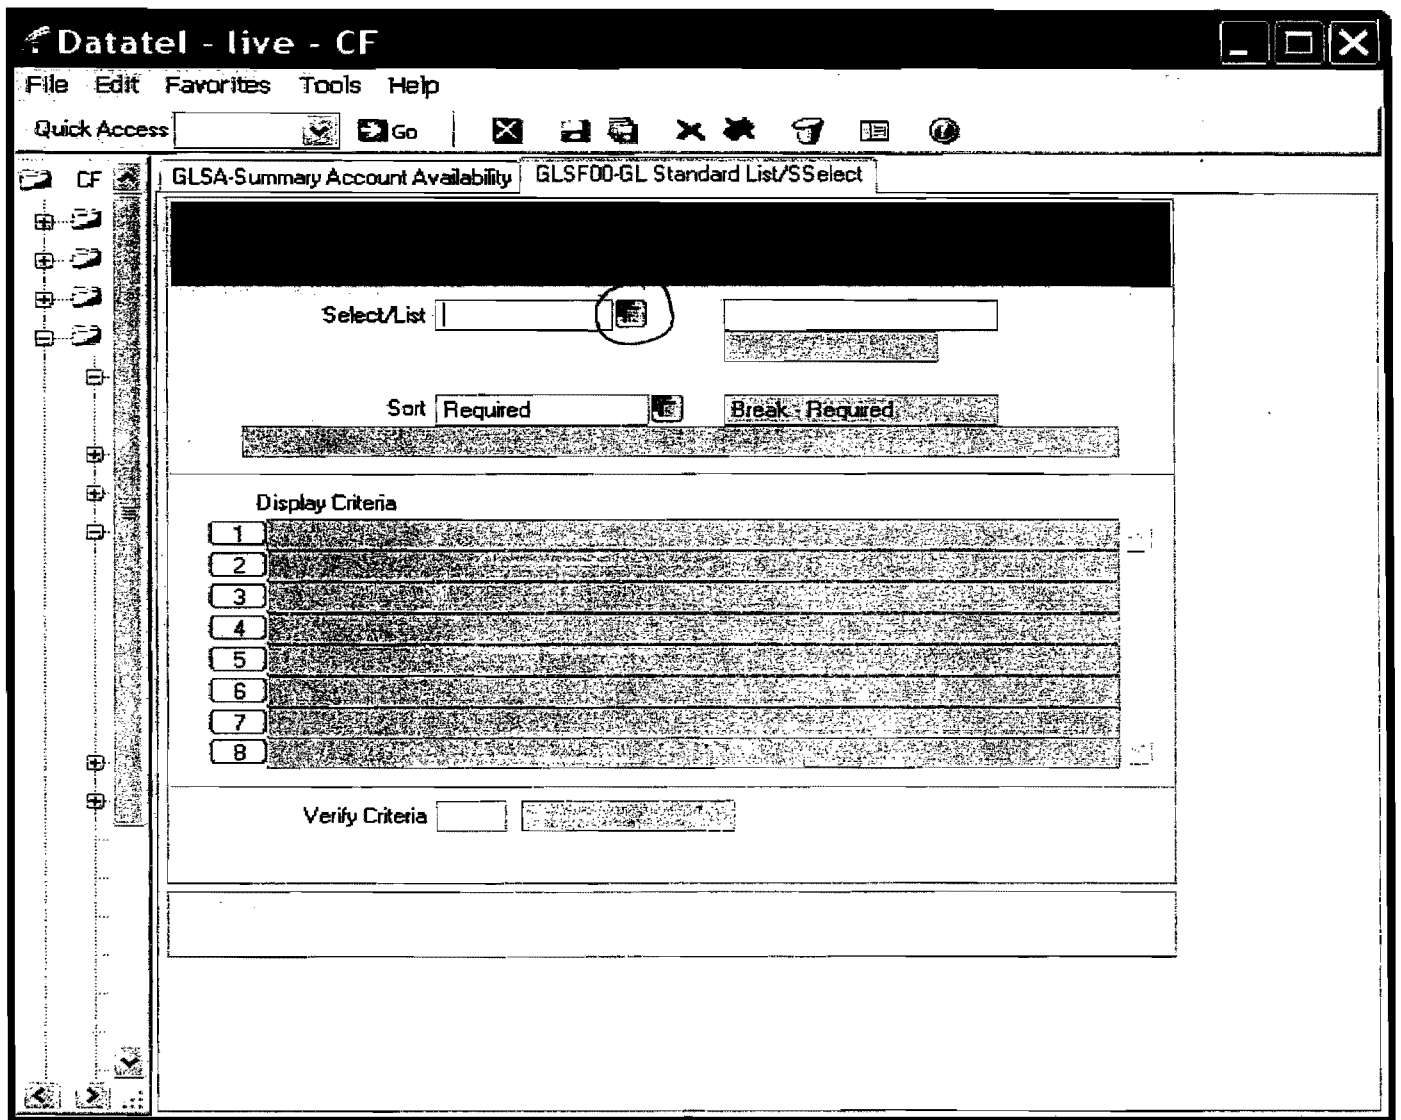

At this screen you will need to type in the following items:

- The fiscal year you want a report for in the Fiscal Year space (2009)
- The calendar ending month (6 for June 2009)
- The accounts that you want to include in the report (a = All Statuses)

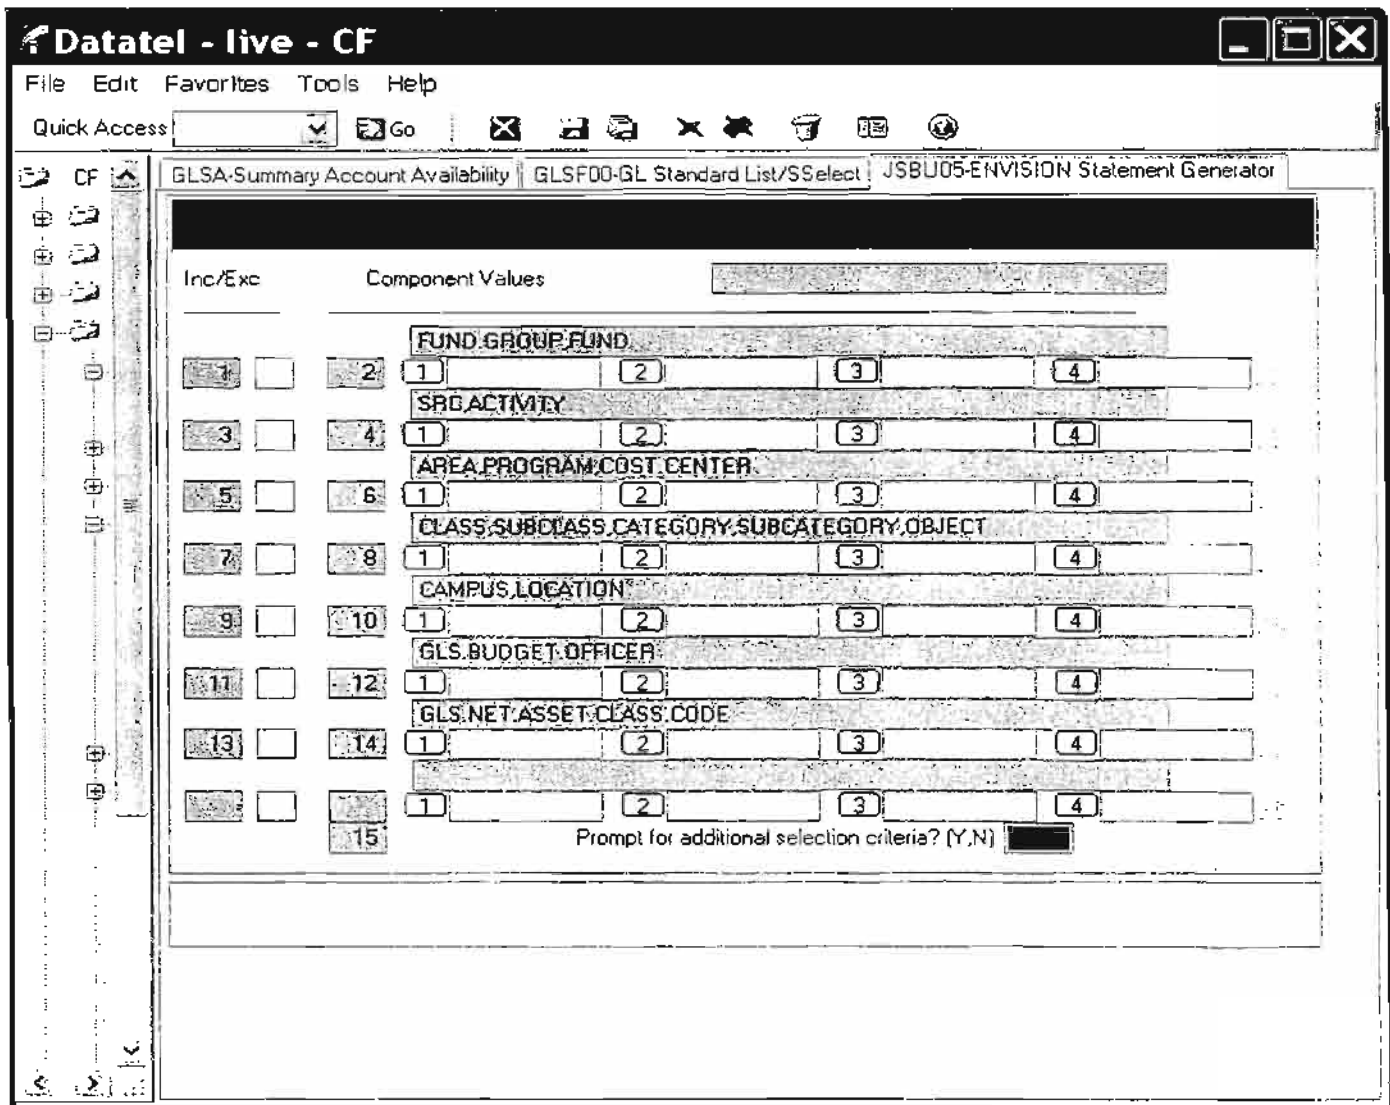

Type "2009" in the fiscal year space, Type in "6" in the calendar ending month space, Type in "a" for All Statuses (always use "a"), next you need to identify the GL Account Definition (Accounts) that you want your report on. Here you will Click on the GL Account Definition "Blue" box.

This is the screen you see next, here you must select or list all of the accounts you want to include in your report.

Click on the Select/List "blue" box.

At this screen you need to identify and list by either "I" Including or "E" Excluding the funds and accounts you want your report on.

On line 1 – type in "I" (include), tab to the Fund box, type in 11 (for GF 11 unrestricted), then

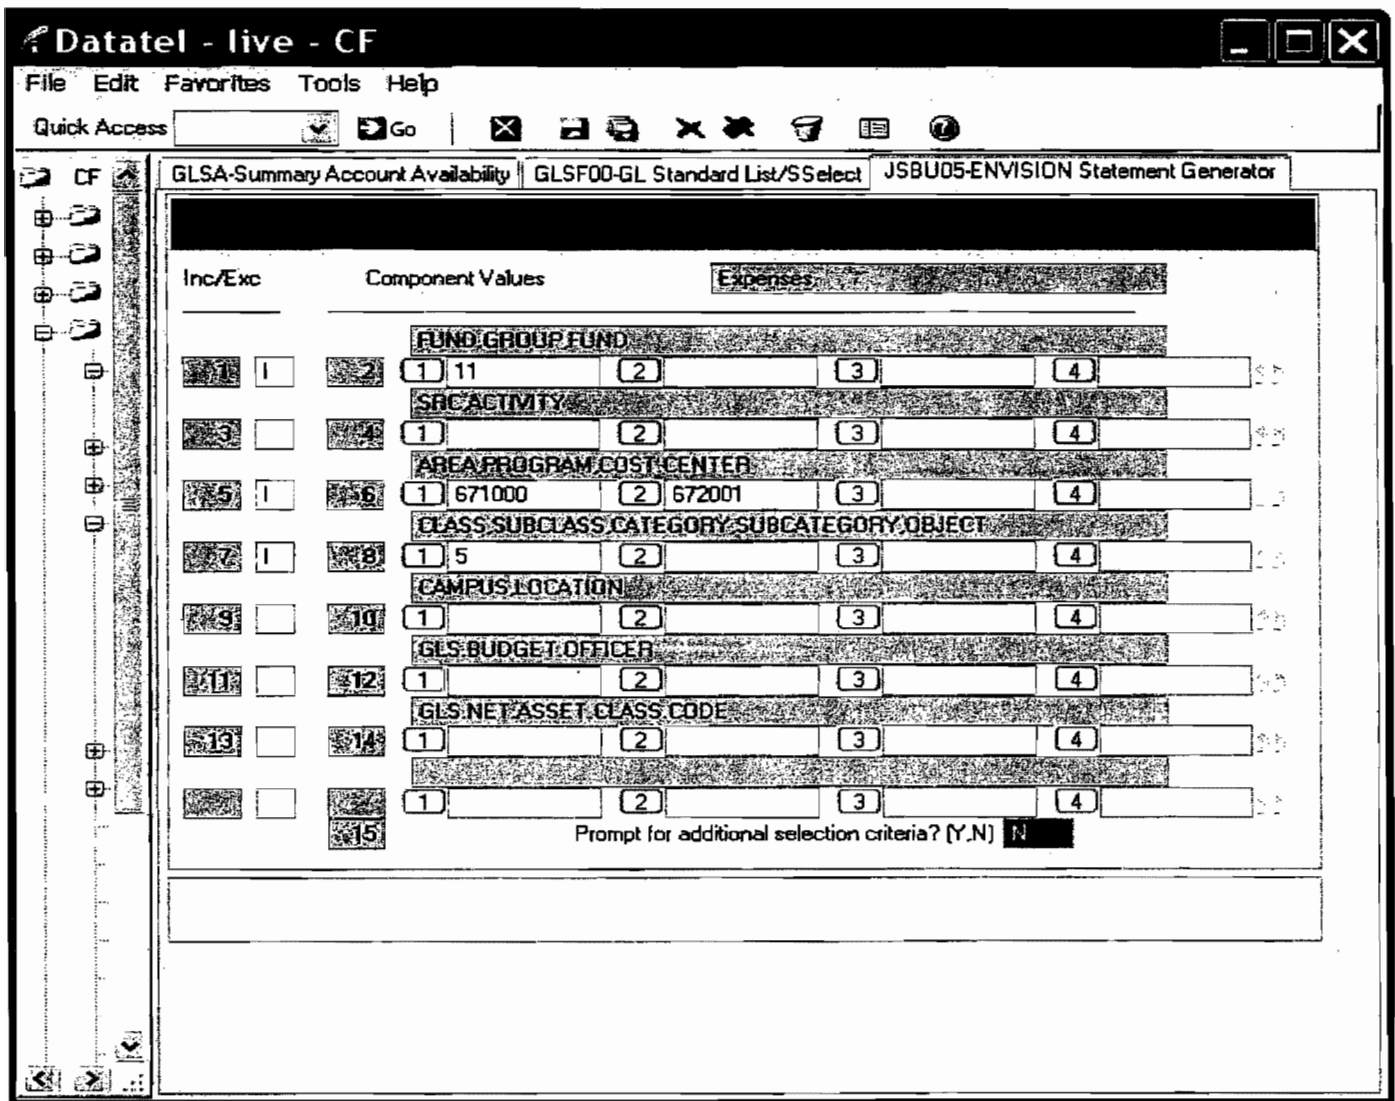

On line 5 – type in "I" (include), tab to the cost.center box, type in 671000, and 672001 in the next blank box, then

On line 7 – type in "I" (include), tab to the Object box, type in 5.

For our report today, this is all the account information required to obtain a full report for this GF 11 Account.

Click on the "Red" box at the bottom of the page, type in "N" (no)

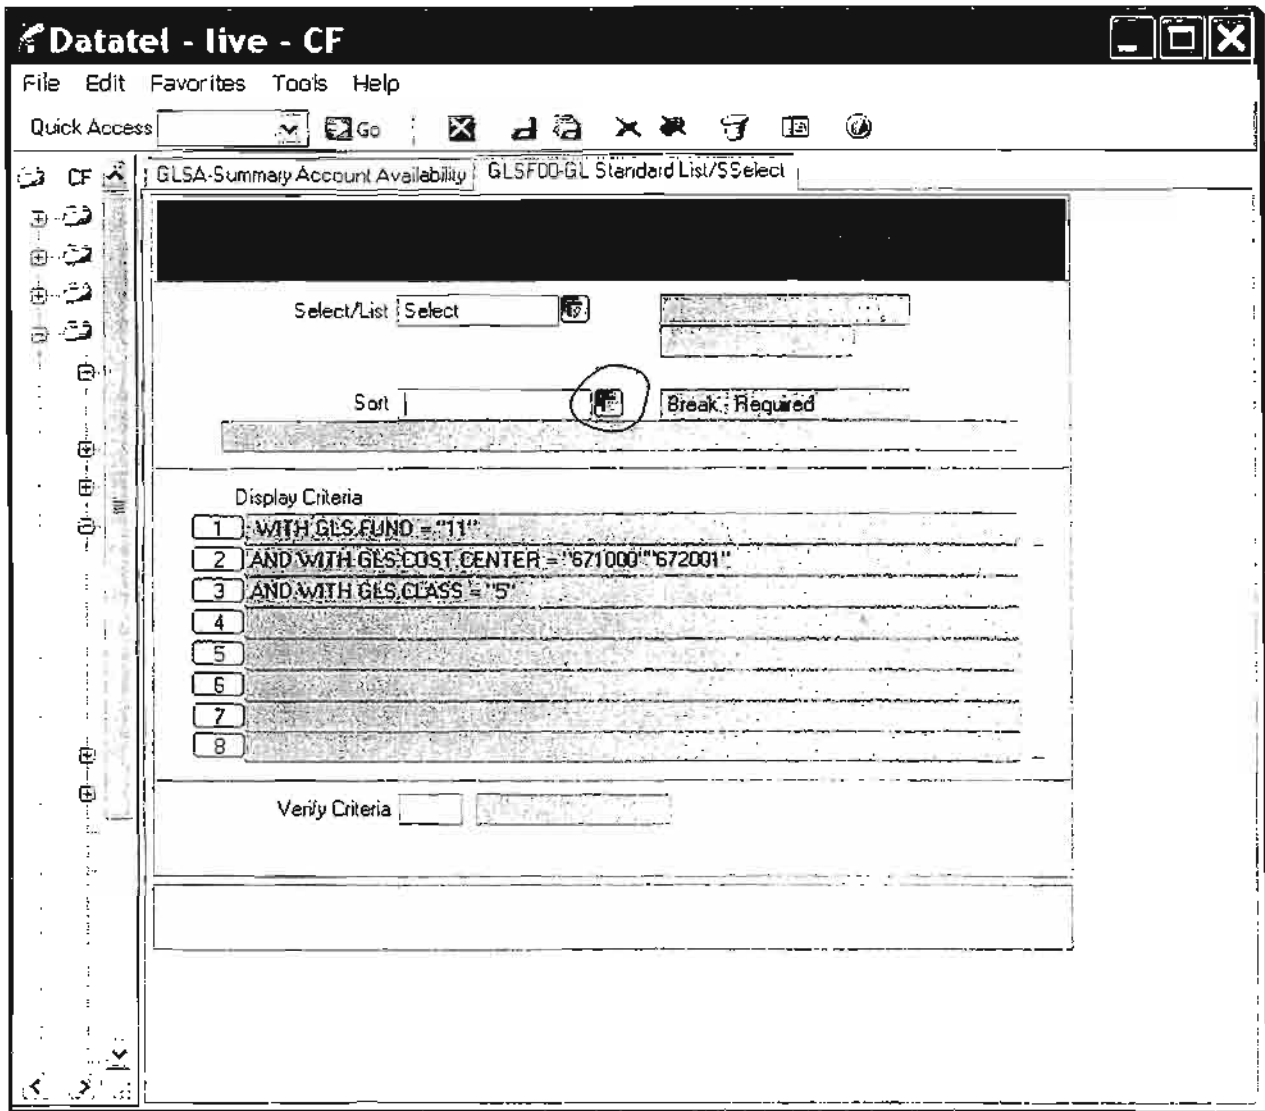

(see Next page)

This is how the completed page will look.

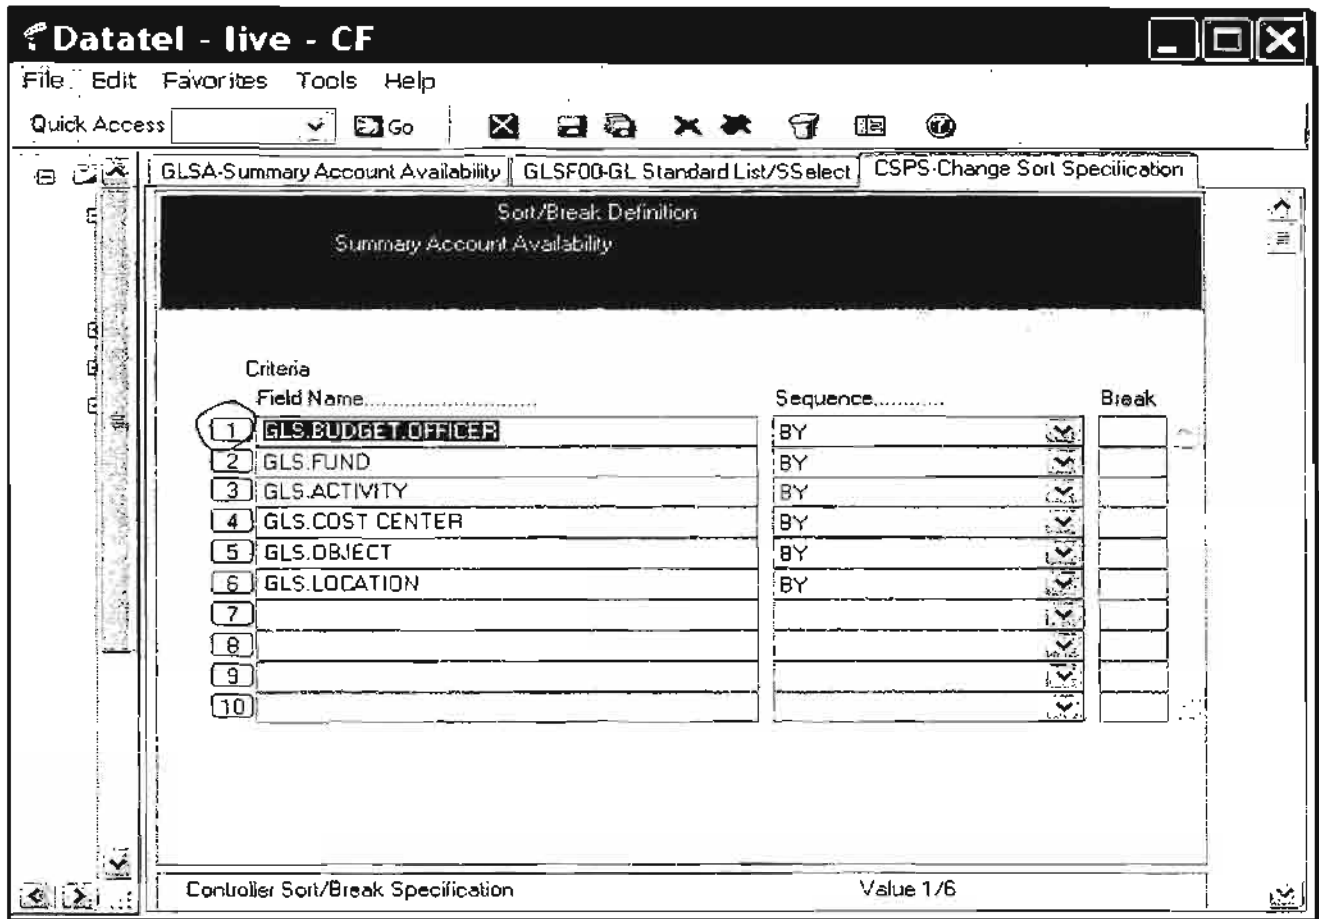

Click "Update" or press Enter.

You are back at the first selection page again, where you see your account "Criteria" selected.

At this screen you must select how you want your report to be sorted and total by. This is a required screen and you MUST make at least one sort criteria to have any report output (without a selection here a report will not be created).

Click on the Sort "Blue" box

It is recommended you delete those items you do not want from this page and place those criteria you wish in the order you want by deleting and inputting the criteria where you need them to be.

Click on the "1" box

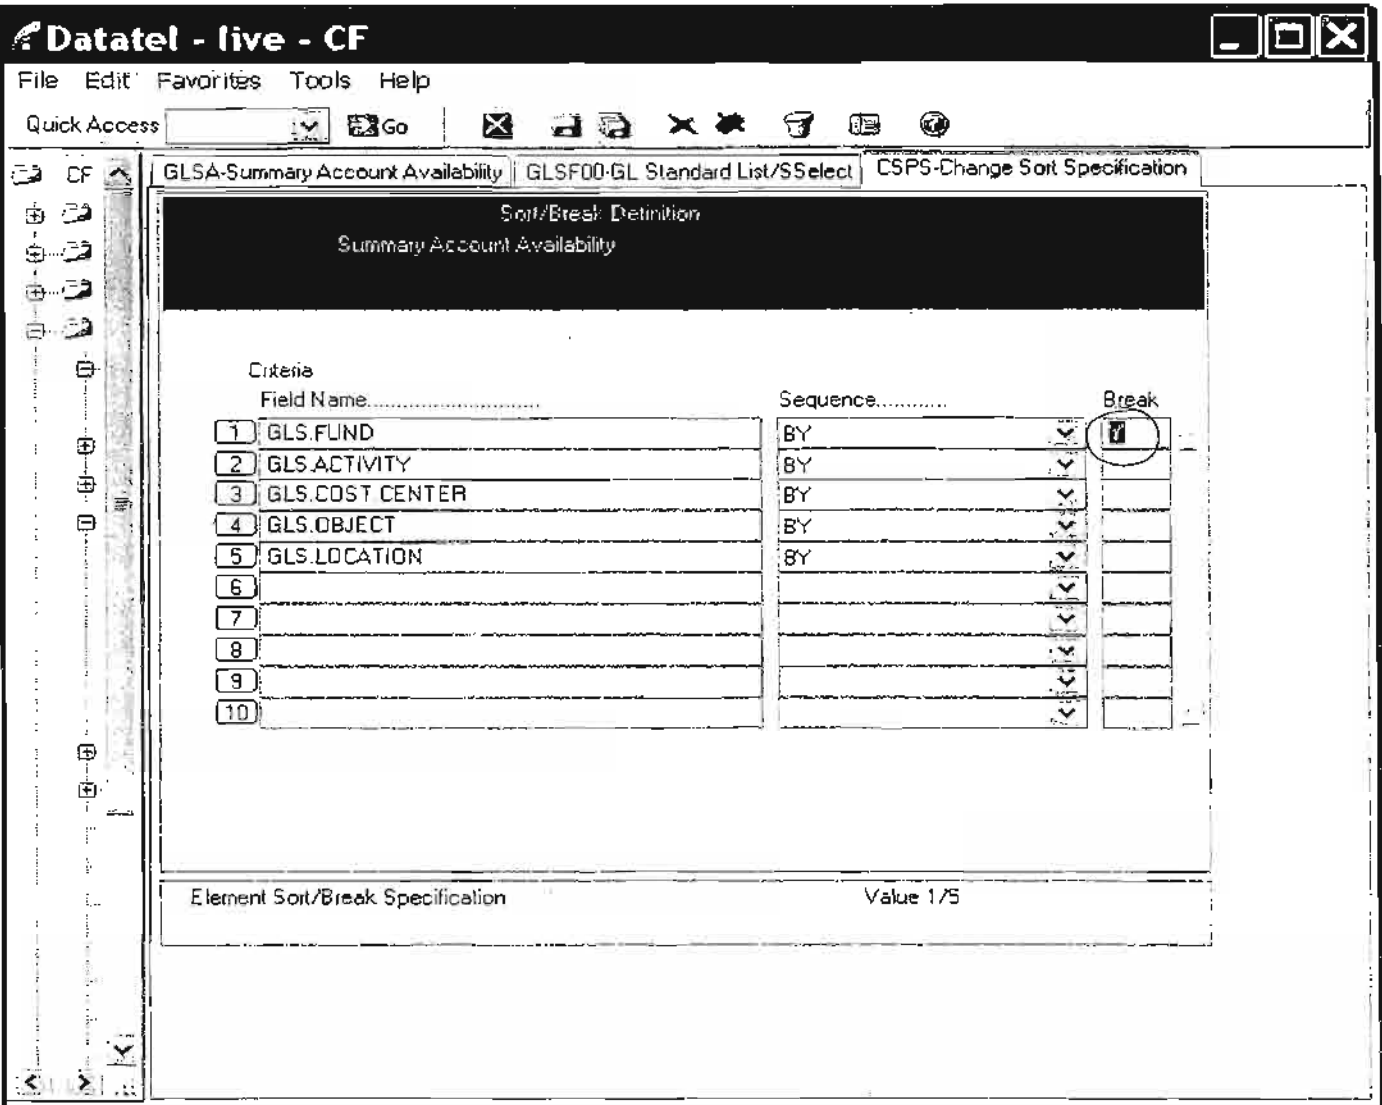

then Click "Delete"

this is what you want to do.

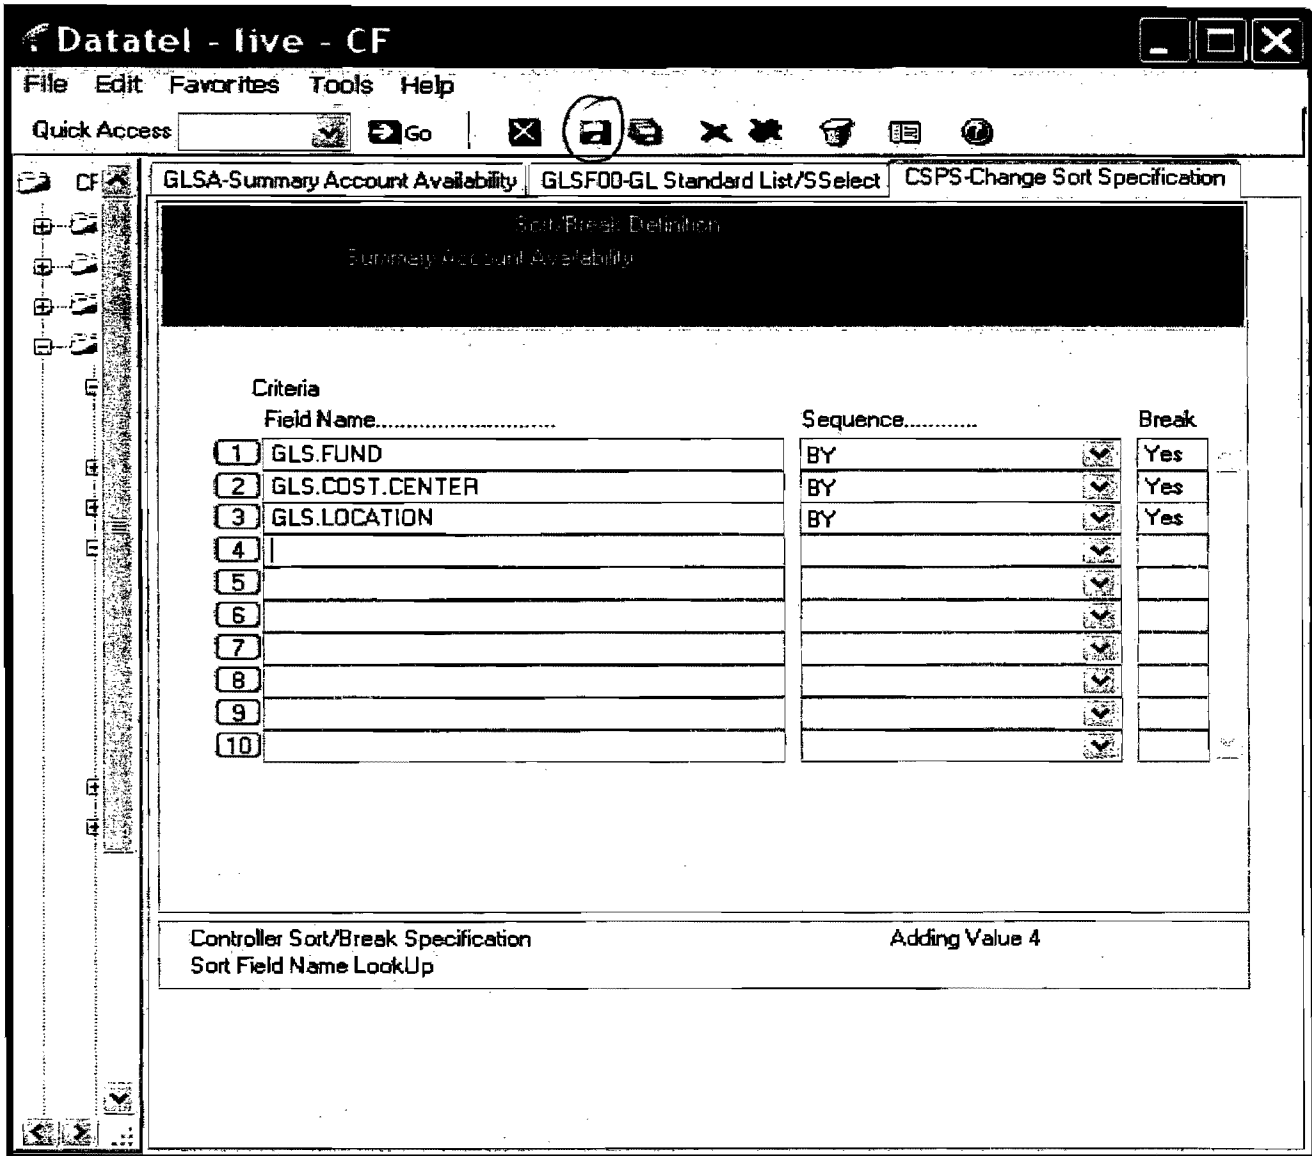

Datatel will always ask twice if you want to Delete – to insure Click "Delete"

In Datatel reports you must tell it where to put your totals and sub-totals (Breaks) and the Last total is first, sub-total is second, etc. Today we want a 1 Page report, with an overall total by Fund, sub-total by Cost.Center and another sub-total by Location.

- Type in "Y" in the Fund line "Break" box. (this will give a grand total by Fund),
- Click on the "2" box, to Delete the Activity line (in GF 11 – the activity number is 000 – nothing to sort by).
- Type in "Y" in the Cost.Center line "Break" box (this will give a sub-total total by Cost.Center)
- Click on the "3" box, to Delete the Object line (we will not be sorting by expenditure object)
- Type in "Y" in the Location line "Break" box (this will give you a sub-total under the Cost.Center by Location).

(see Next Page)

This is what your screen will look like.

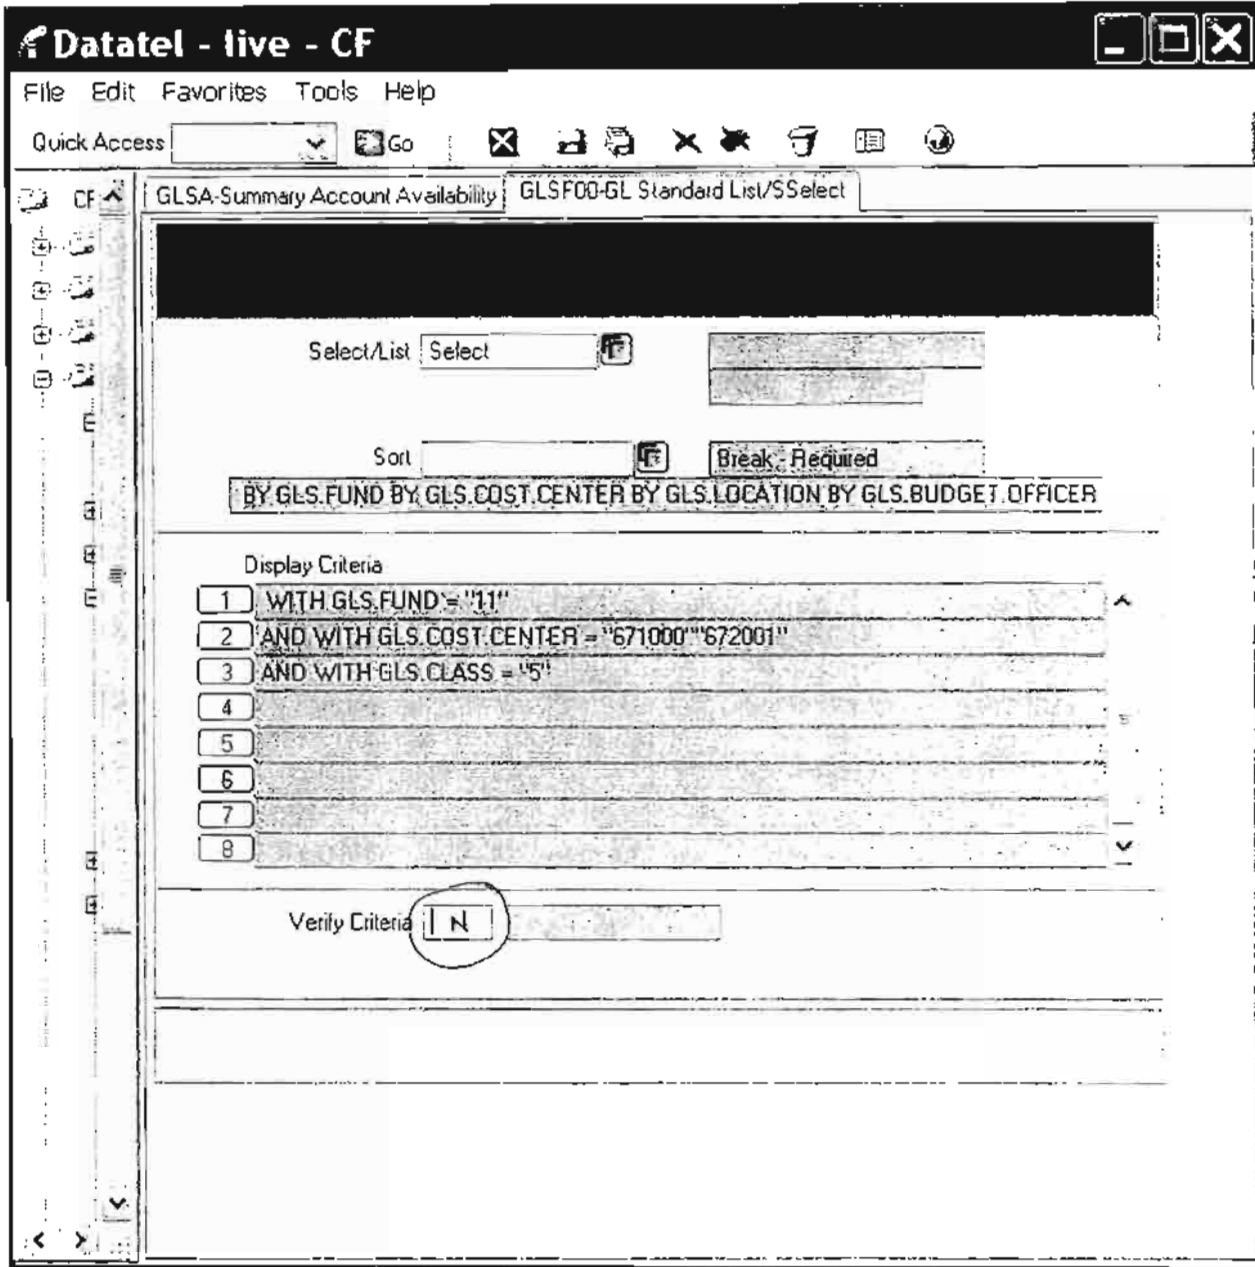

Click on the single "Save" button at the top of the page.

This screen will pop up, Always press OK (the District does not use the GLS.Budget.Officer module in Datatel).

Click "Update" or press Enter.

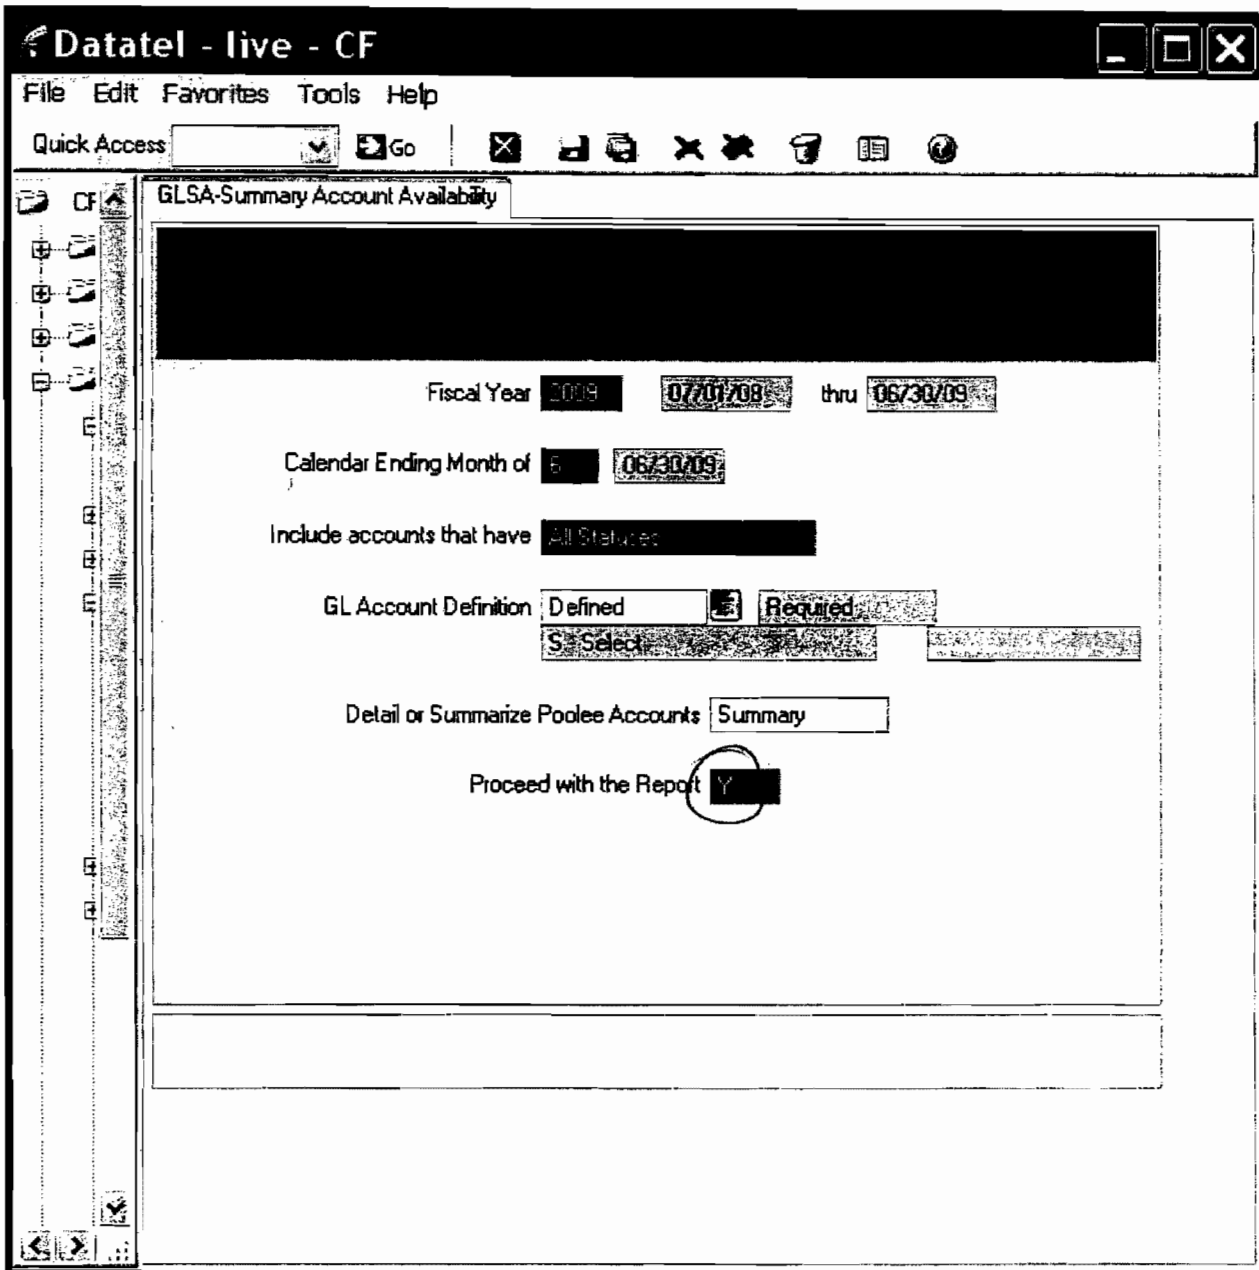

You are again back at the selection screen, but now you see the Display Criteria and Sort Criteria sections have been input.

Type in the Verify Criteria blank box "N" for no.

Click "Update" or press Enter.

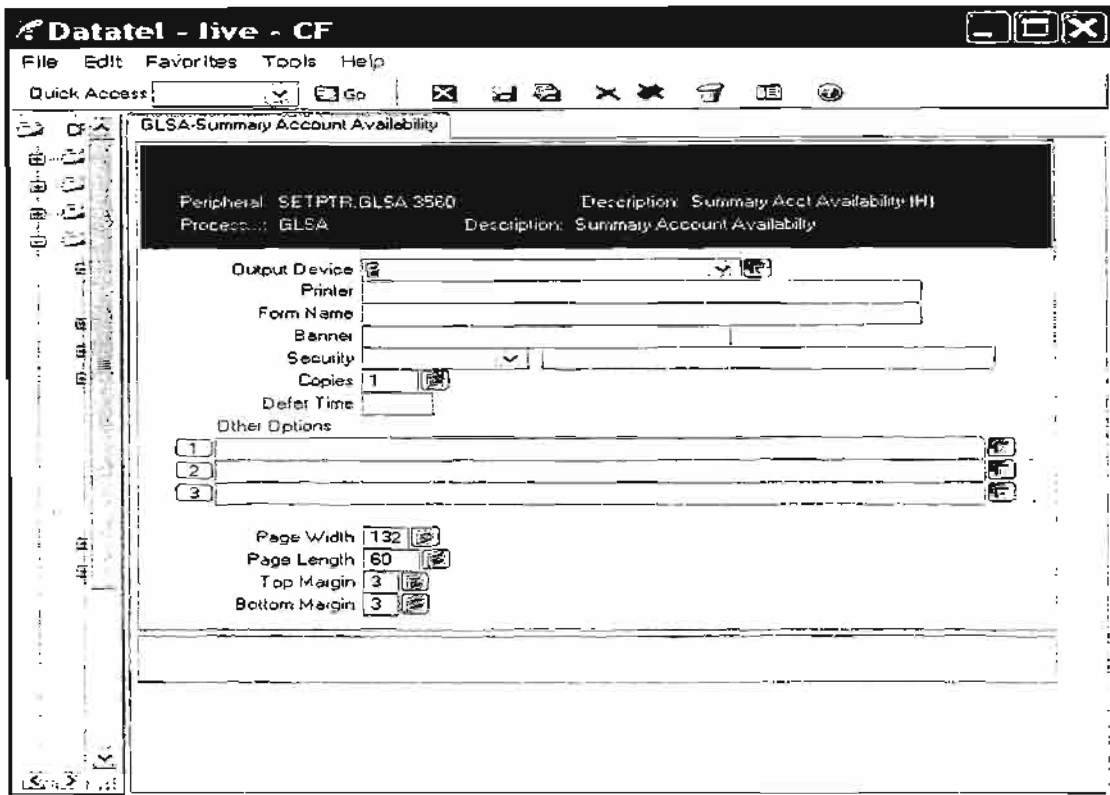

You are now back at the GLSA – Page 1. As the GLSA is a SUMMARY report – you will leave the “S” for Summary and Press enter,

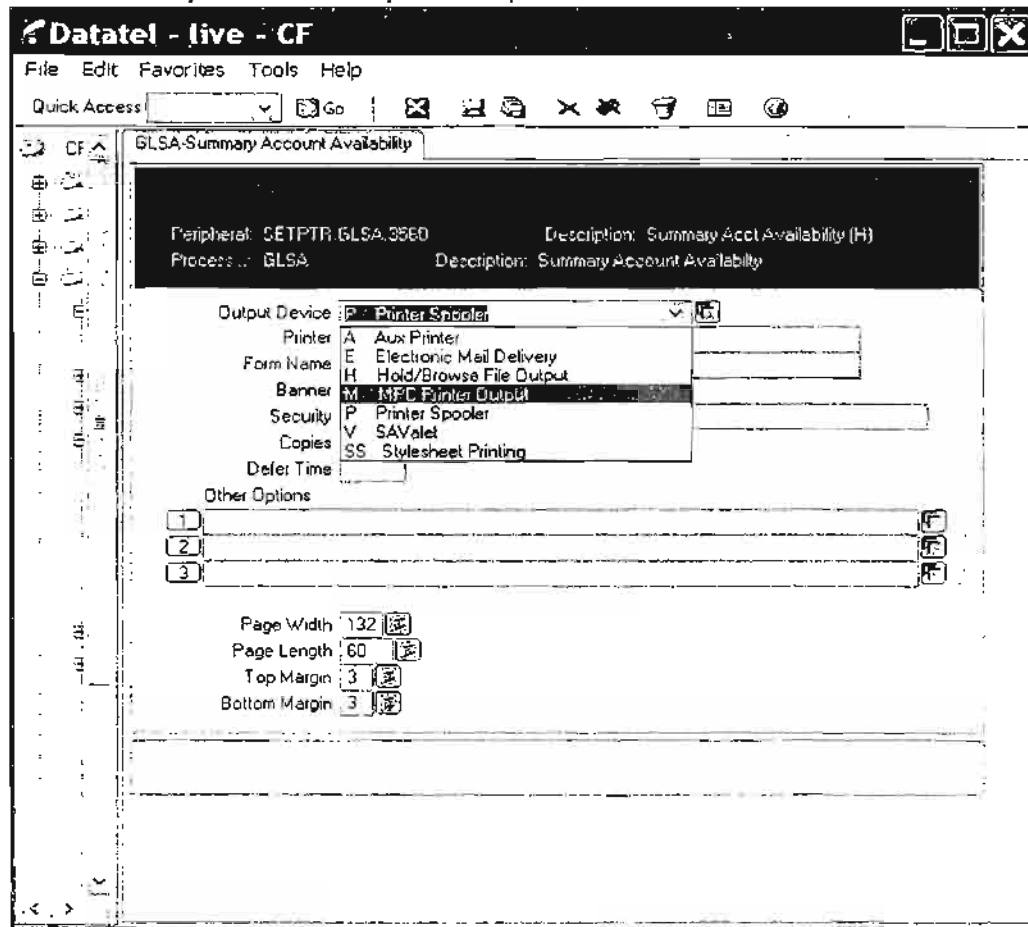

In the Proceed with the Report “Red” box, **Type in “Y” for yes.** If you accidentally type in “N” for No here you will be sent back to the GL menu selection page and will have to begin again.

Click “Update” or press Enter.

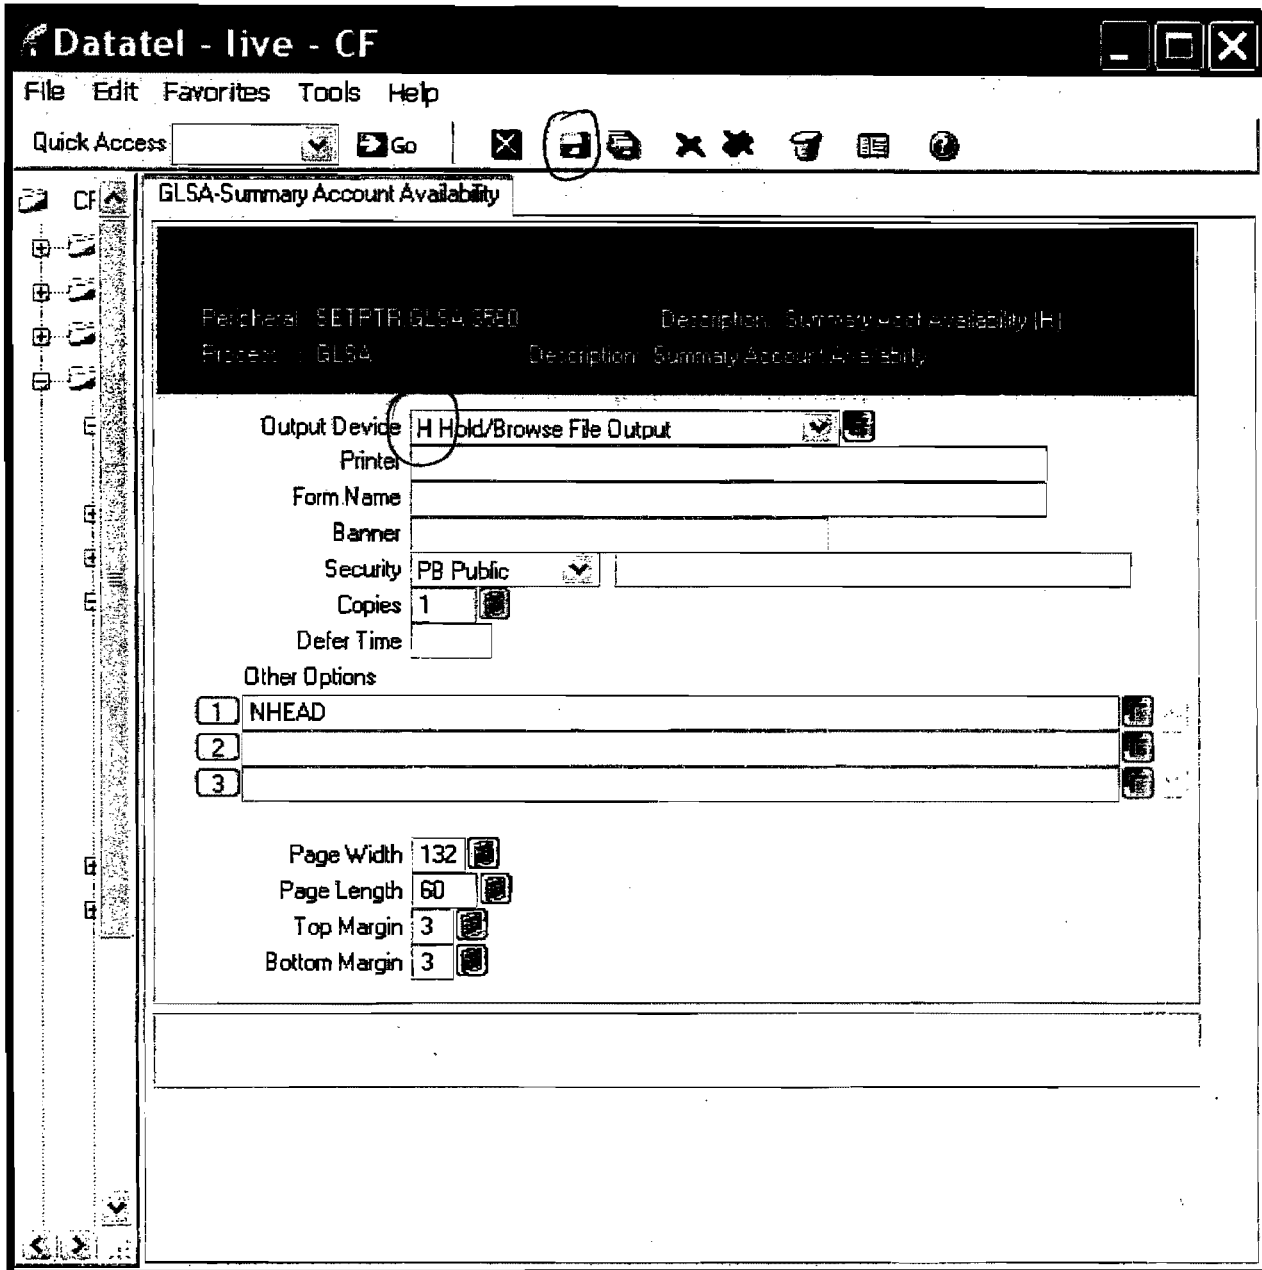

At this screen you will identify the Output Device.

By clicking on the Output Device "blue" box – it shows the different types of devices that you can send your report to.

Here you will ALWAYS use "H" for HOLD/Browse File Output.

Click on the Single "Save" symbol at the top of the page, then

Click "Update" or press Enter

To Print your report to the local network printer identified for your PC, Click on the “inside” printer icon.

This is the screen you will see next.

Datatel reports have a set default to Print LANDSCAPE on a page. If this is OK with you Click “OK”.

* If you want your reports to Print PORTRAIT on the page, then Click on “Font” button. Select “Courier New” under Font Column, then “Regular” under Font style and TYPE “7” in the Size column, then Click “OK” button.

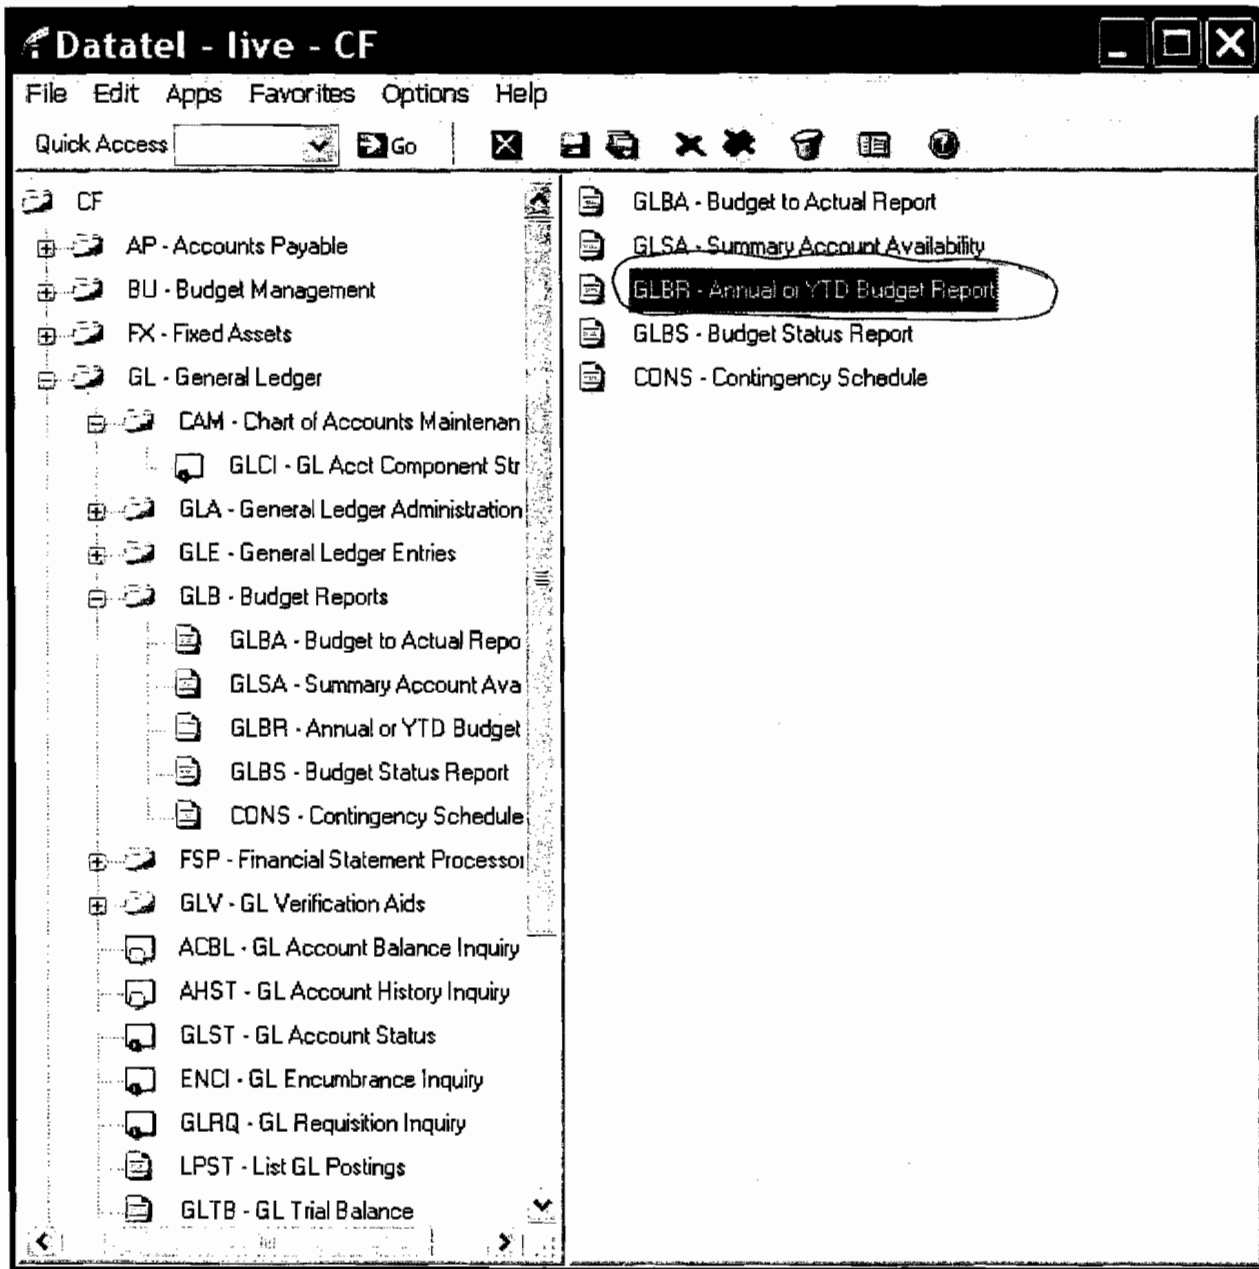

This takes you back to the

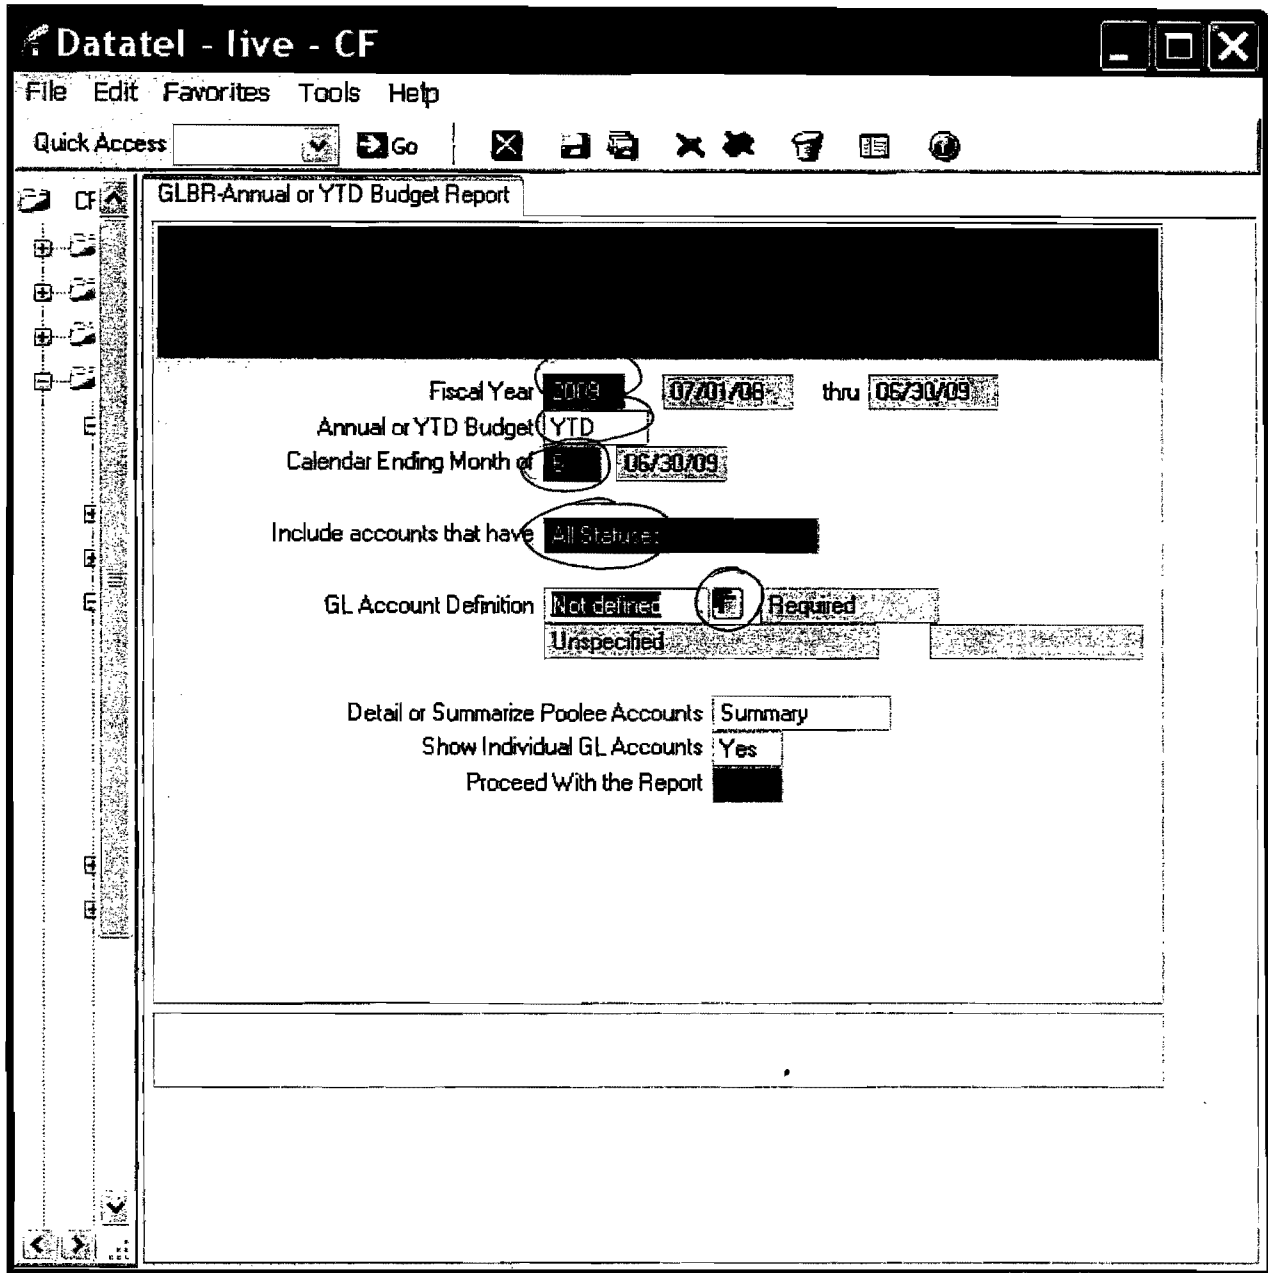

Printer Setup page, Click “OK”. Your report will print now.

Click on the small “Red X” at top left corner of screen, this takes you back to the GL menu selection page.

GLBR – Annual or YTD Budget Report.

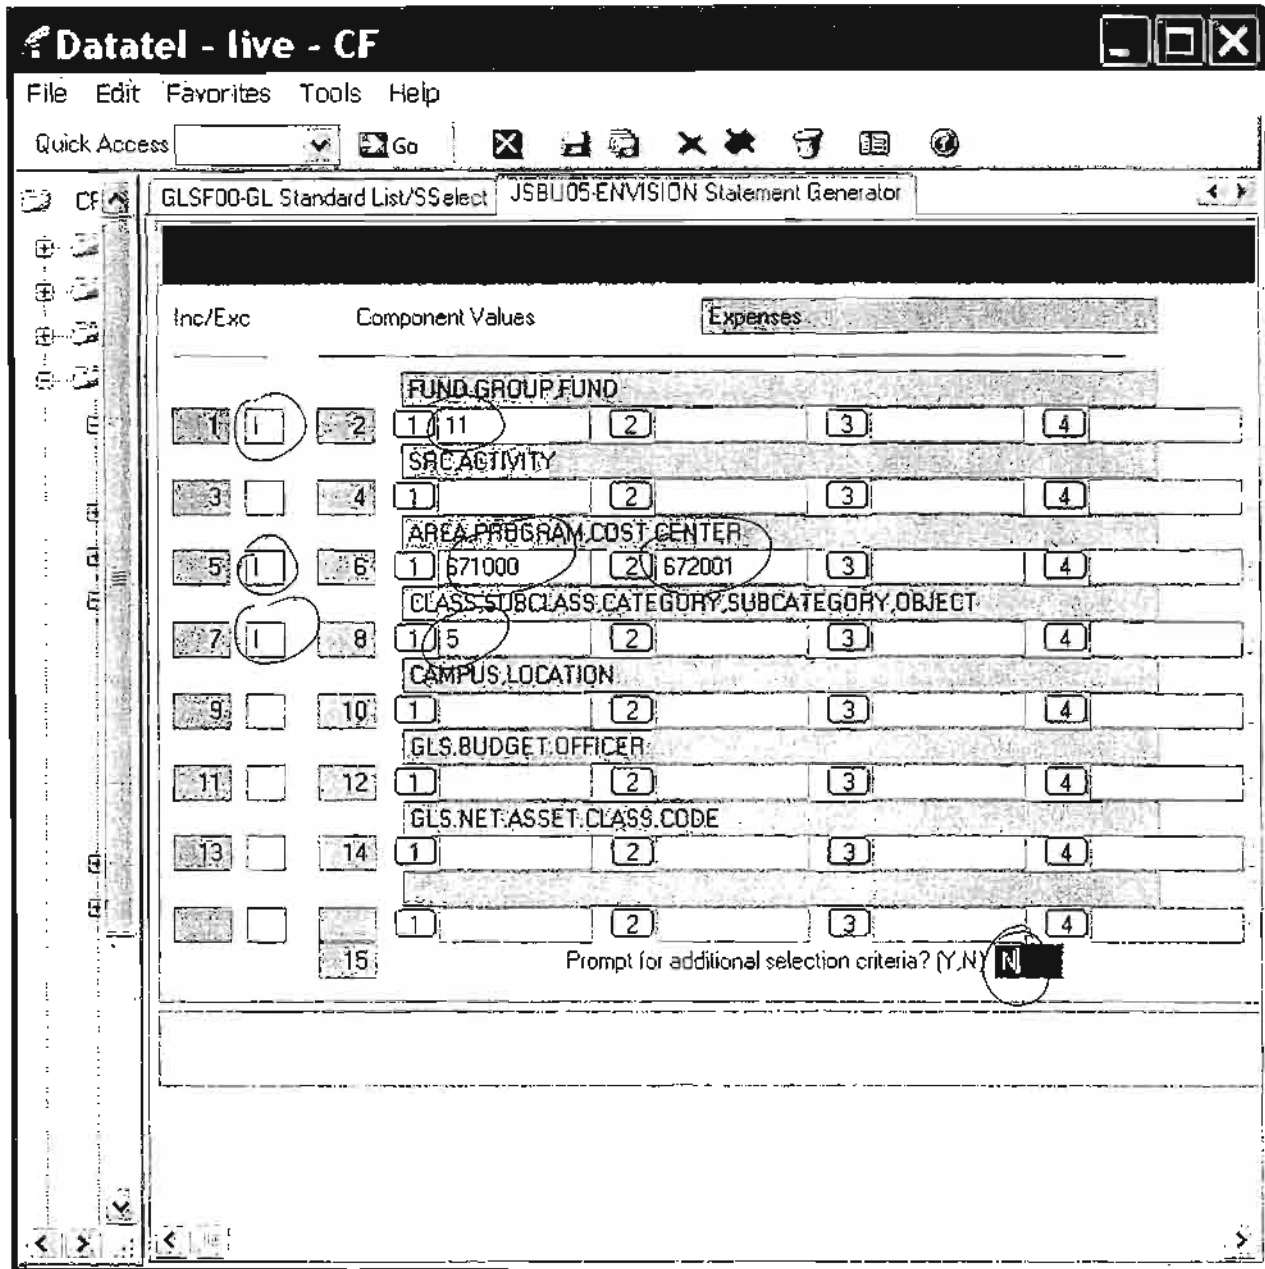

Click on the “GLBR – Annual or YTD Budget Report” selection.

Type in the Fiscal Year you want to report on. ("2009").
In the Annual or YTD Budget box – type in "Y" for YTD,
In the Calendar Ending Month of Red box – type in "6"
In the Include accounts that have Red box – type in "a" All Statuses.
Then Click on the "Blue" box,

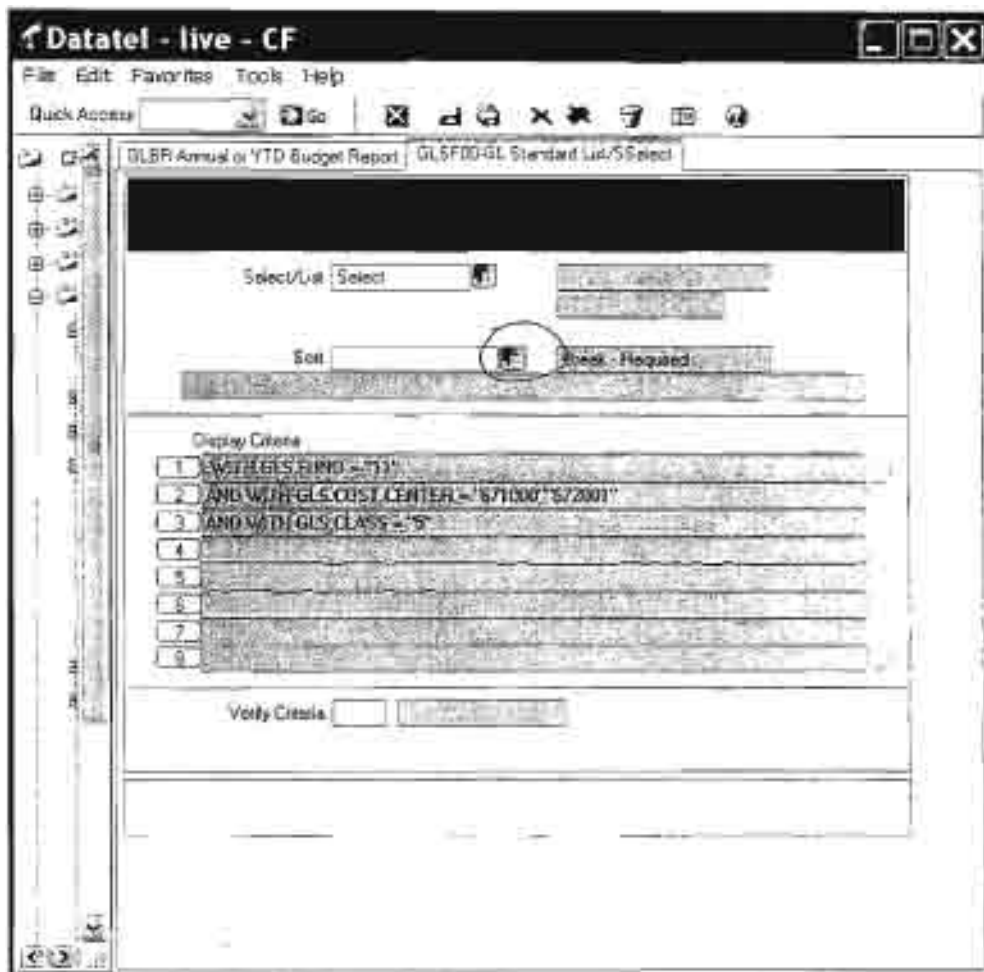

At the next screen (Select/List screen), Click on the "blue" box, to go to
your account selection screen.

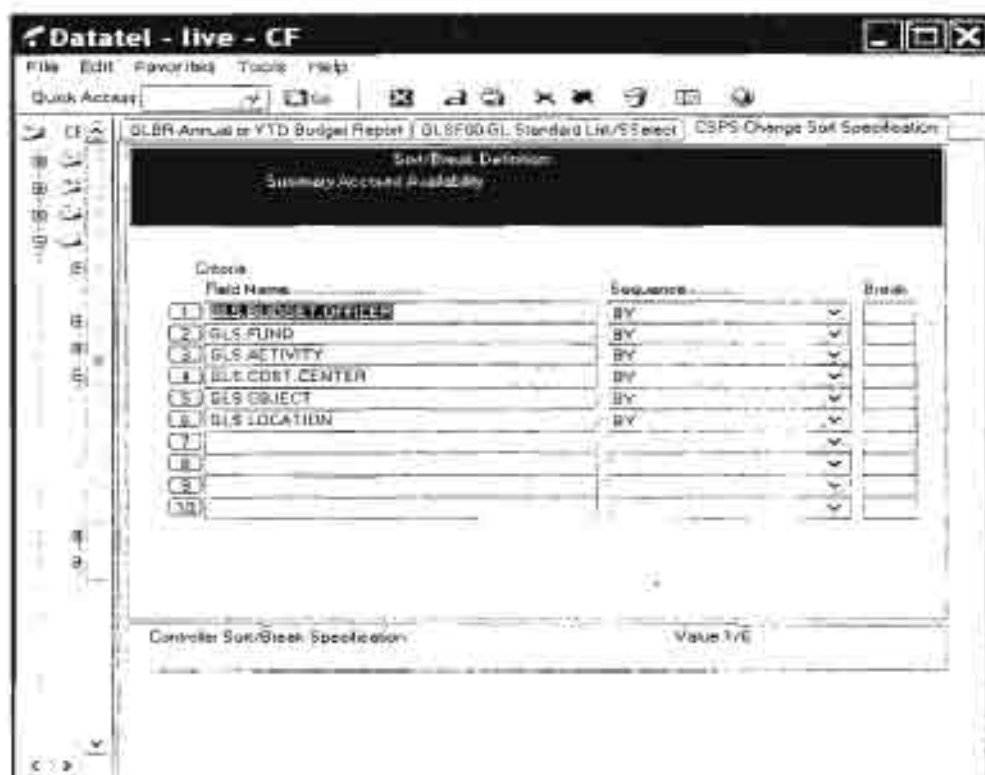

Here you will type in either "I" to include or "E" to exclude funds and accounts you want a report for. Type in "I" in box 1, tab and type in "11" for Fund 11
 Tab to line 5, type in "I", tab and type in the Cost.Center blanks boxes "671000" and "672001",
 Tab to line 7, type "I", tab to Object blank type in "5" for all expenses.
 Then Click on the Red box and type in "N" for No and press Enter.

Click "Update" or press Enter

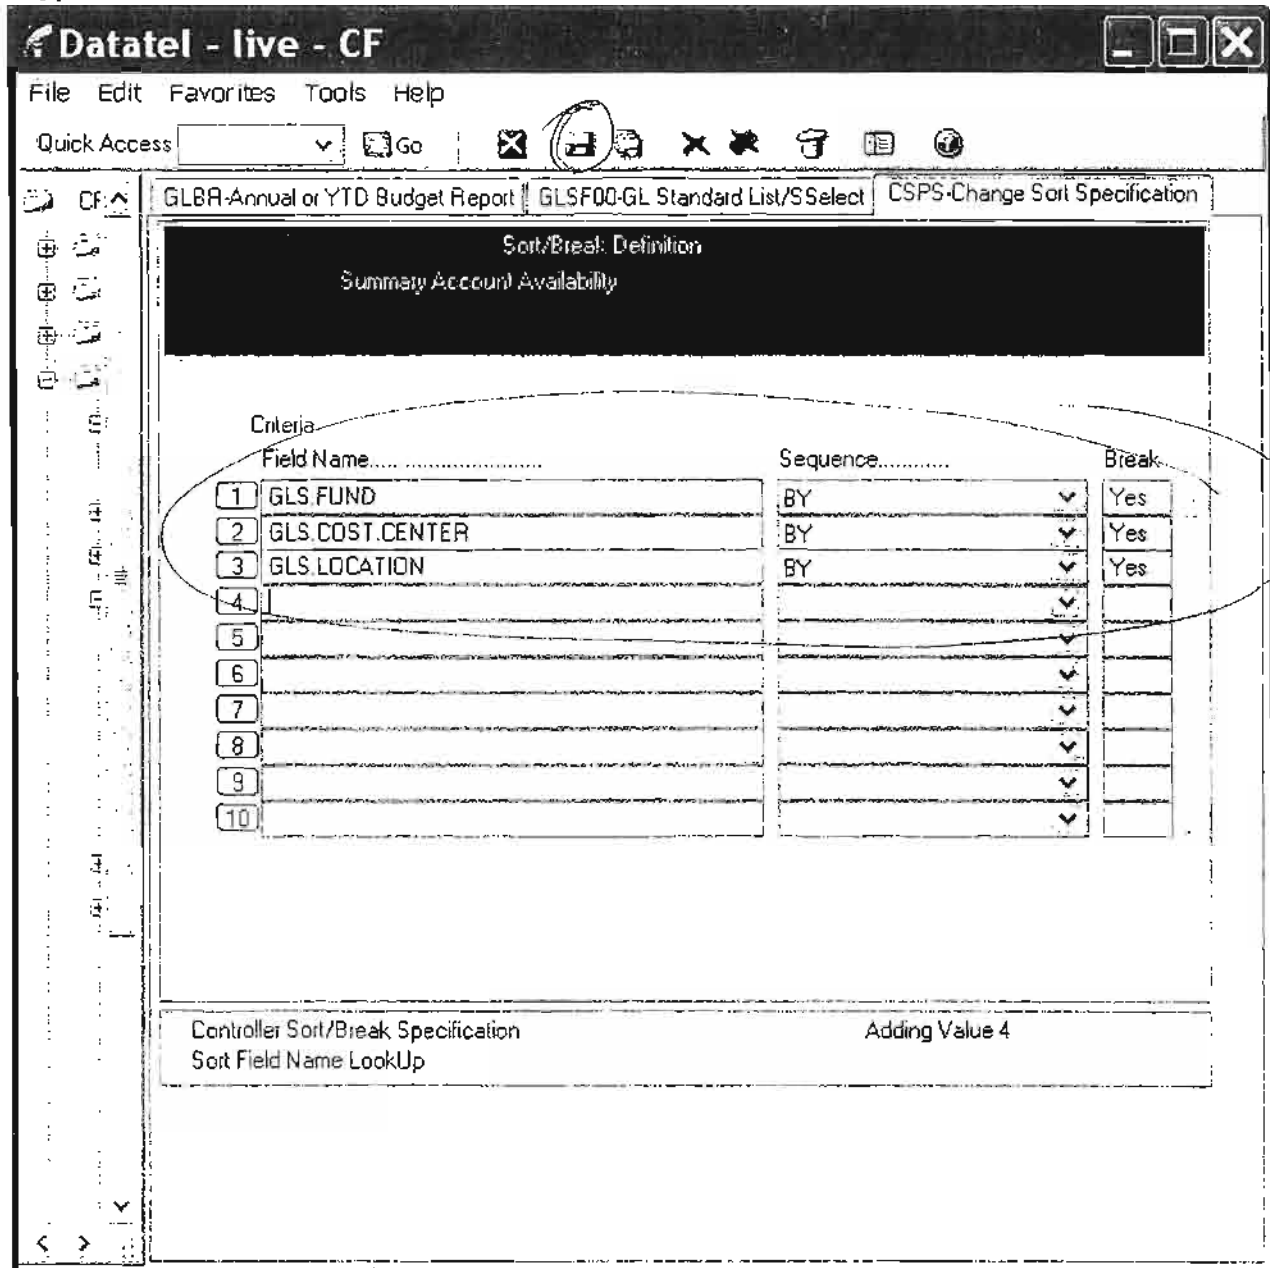

Click on the "blue" box by Sort

Here you must identify your breaks - totals.

Here, Click on 1 - and Delete this line (remember must click Delete twice),
 Type in "Y" in Break Column at Line 1,
 Click on 2 – Delete this line,
 Type in "Y" in Break Column, at Line 2,
 Click on 3 – Delete this line,
 Type in "Y" in Break Column, at Line 3.

Click on Single "Save" icon at top of page,
 Click OK on ALERT BOX SCREEN,
 Click on "Update" or Enter.
 Type "N" in Verify Criteria box at bottom of page, press Enter,
 Click "Update" or press Enter,

You should now be back at Page 1 for the GLBR screen.

This is your report. In this report you see ALL 5- Expenditures for the 2 budget Cost.Centers selected. The YTD Budget = the Adopted budget, plus or minus any transfers in or out and any journal entries. YTD Actual = actual expenditures PAID (Vouchers/Checks issued). MTD Actual = actual expenditures PAID (Vouchers/Checks issued) for the month of June, 2009. YTD Encumbrances = Any PO's or PB's with a remaining balance or those that have no charges on them and are still considered open.

Click on the "Inside Printer" icon to run this report on your Datatel networked printer.

When finished, Click "Red X" top left corner of screen, to return to GL menu selection screen.

In Datatel you can save Report or Selections in your FAVORITES function. This allows you to jump right to Page 1 of your selection which can save a lot of screen selections.

To do this you must be in the First Page or Page 1 of your selection, we will use the Requisition Screen as an example:

- At the GL Selection Screen – Select “PU” – Purchasing
- Then Select “REQ” Requisitions,
- Then Select “REQM – Requisition Maintenance

- Type in “A” to add,

Enter "N" or Number or <ENTER> to assign automatically

- Click on "OK" or press Enter to automatically assign the next available Requisition number in Datatel to your requisition,

Alert

Number will be assigned automatically upon completion of Req

- Click "OK"

Done Internet

Type in your
"My West Hills"
user name and
password, then
click on Submit

This is the screen where you will select which budget accounts you want to see. If the GL Component fields are left blank, you will get a report with all the accounts that you have been given access to see. If you wanted to limit your selection criteria to cost center 671000, you would type in 671000 in the field on Line 3. You do not have to put a number in every component.

Reimbursement Claim Inquiry on the Web

April 25, 2006

By

Tammy Weatherman

www.westhillscollge.com

The screenshot shows the homepage of the West Hills Community College District. At the top, there is a navigation bar with a search box and links for 'Site Index', 'Directory', and 'Español'. Below this is a main header with the college's name and a secondary navigation menu including 'About', 'Child Dev. Centers', 'Foundation', 'Human Resources', 'My West Hills', 'News & Events', and 'West Hills Online'. The main content area is divided into several sections: a large banner with the slogan 'ONCE YOU GO HERE YOU CAN GO ANYWHERE', a 'QUICK LINKS' sidebar, a 'SELECT A COLLEGE NEAR YOU' section, a 'NEWS & EVENTS' section featuring a 'Chancellor's Message' and a list of events, and a 'MISSION & VISION' section. A red box is drawn around the 'Employee Section' link in the 'MY WEST HILLS - Online Services' sidebar. At the bottom, there is a footer with a 'Compliance Statement' and a '508 Approved' logo. A red box at the very bottom contains the text 'Click on "Employee Section" above'.

Submit

Suggested Usage - Leave fields blank and submit.

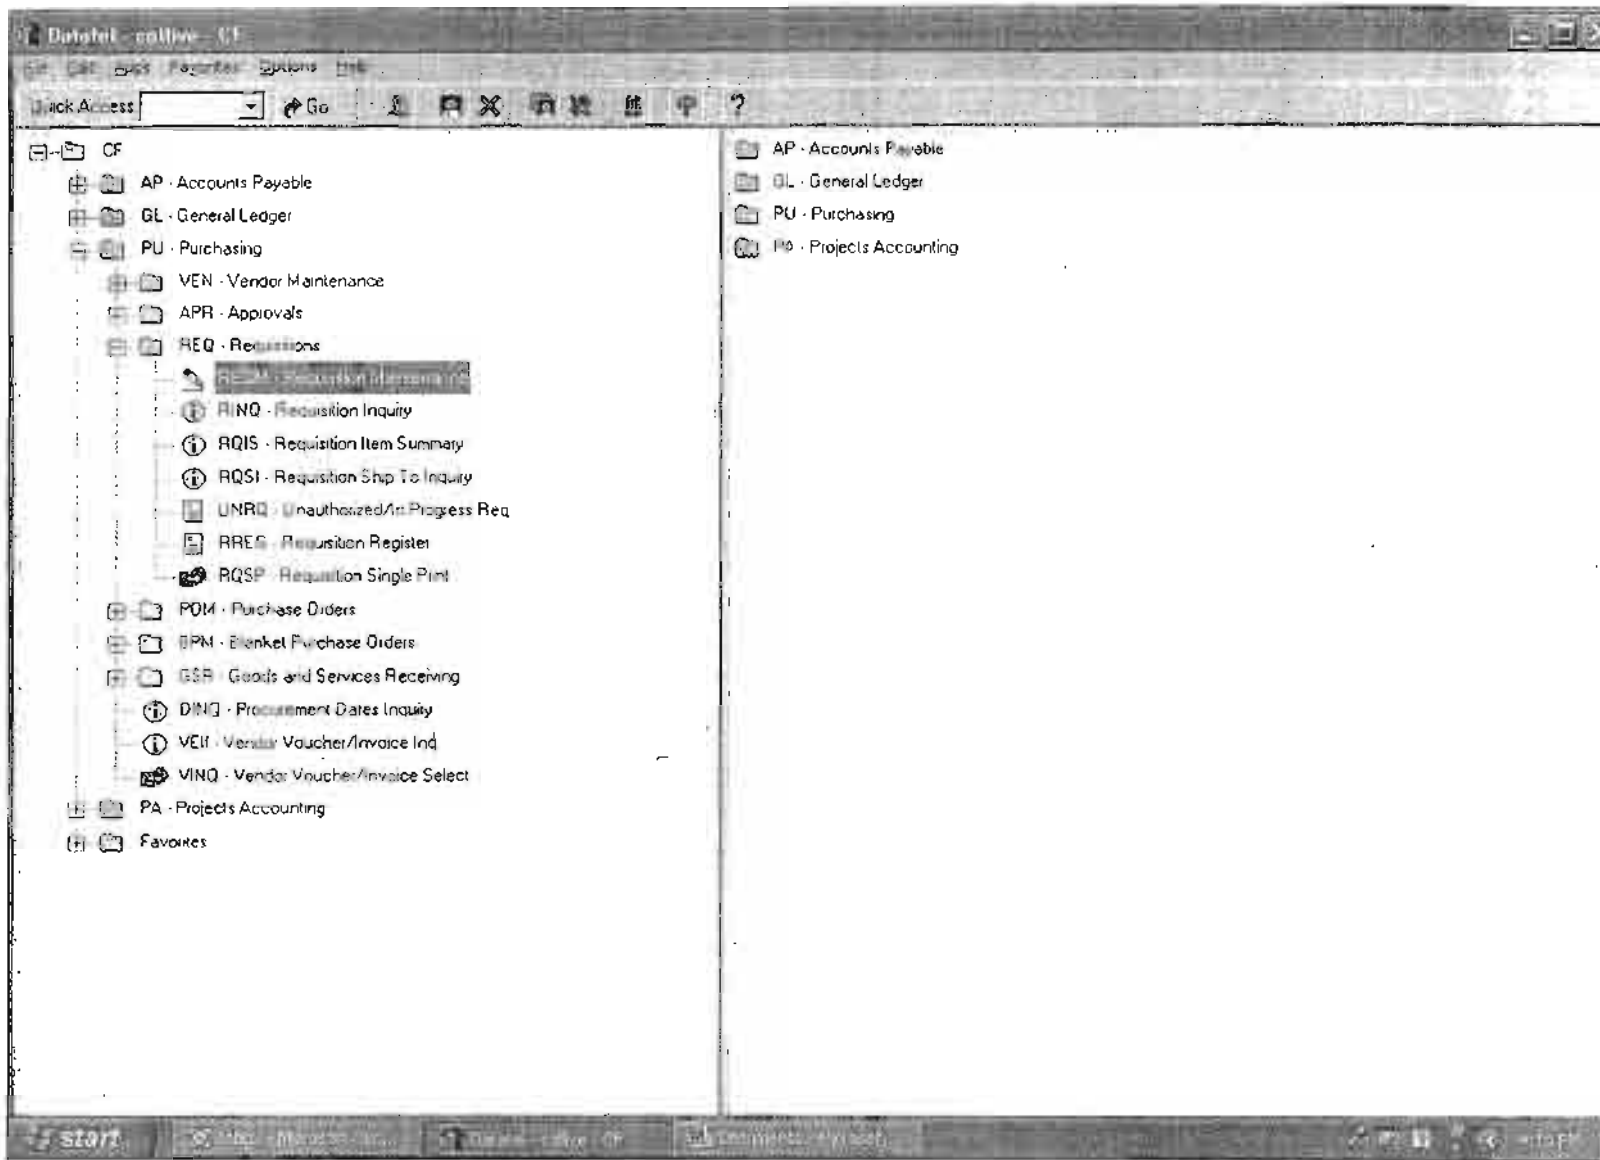

[Return to Employees Menu](#)

The first time you use this screen, I recommend that you leave all the fields blank and then click on Submit. You will get a list of all your reimbursements on file back to July 2000. However, if you only want to see those claims submitted for 2005, you would use a Start Date of 01/01/05 and an End Date of 12/31/05. Always leave the invoice number field blank.

	Invoice Date	Invoice	Status	Due Date	Invoice Amount	Check Number	Check Date	Check Amount	Voucher

Budget Transfer
1/1/05
J.R.

NEW Procedure

Budget Transfers
(Budget Journal Entries)

8/18/2005

8/18/05
J.R.

Type in A – do not use C or O, then click on ok.

If you are creating a new Budget transfer, do not enter anything, just click on "OK". If you are making an adjustment to a Budget transfer that has not been approved yet, you can either type in the journal number or type in ... and select from the list.

Type in the current date, then click on 'OK'

Enter Transaction Date

08/18/05

OK Cancel Detail Finish Help

This is a screenshot of a standard Windows-style dialog box. The title bar at the top reads "Enter Transaction Date". Below the title bar is a text input field containing the date "08/18/05". At the bottom of the dialog, there are five buttons arranged horizontally: "OK", "Cancel", "Detail", "Finish", and "Help". The "OK" button is highlighted with a mouse cursor. The dialog box has a standard Windows XP-style appearance with a grey border and a white background.

When you have completed this screen, save and update.

Next, type in the description - this will be the description that shows on your budget detail reports

Type in the dollar amount - since you are moving money from this account, it is entered in the "Credit Amount" column on line 1.

On line 2, type in the account number where the money is to be moved TO. Because you already have a description on line 1, you can press enter and that field will be populated with the same description. Then type in the dollar amount that is being transferred to this account.

Debit = the "to" account
Credit = the "from" account

I. General Information

Department/Service: Disabled Student Services and Programs (DSP&S)
Date Prepared: August 16, 2006
September 8, 2006
September 29, 2006
October 23, 2006
March 6, 2007
March 12, 2007
Prepared By: Sylvia Dorsey-Robinson
Staff: Sylvia Dorsey-Robinson
Lataria Hall
Elva Torres
Suzanne Heskett

II. Program Overview

A. Provide a brief 4-year department/service area history.

The mission of West Hills Community College Disabled Student Programs and Services (DSP&S) is to provide equal access to education for disabled students in order that each student has the opportunity to realize his/her full potential. This is accomplished, in part, by providing academic accommodations and support services to students with physical, learning and psychological disabilities.

Over the last four years, DSPS Services have been offered at three campus-sites, Lemoore, Coalinga, and the North District Center at Firebaugh. The geographical area consists of two counties with the drive between the service areas one to two hours. Due to the geographic distance program services have been difficult to maintain. Nonetheless, DSP&S students at all sites have enjoyed the benefits of a multitude of services. Specifically, those services have been:

Individual, academic and vocational counseling
Priority registration
Notetakers/readers
Diagnostic Learning/ Disability testing
Alternative testing services
Mobility assistance
Liaison with the State Department of Rehabilitation and other agencies
Texts on tape
Electronic Text
Alternate Media
Instruction and use of assistive technology
Disability advocacy

Personal and academic counseling
 Adaptive classes
 Hearing equipment

These supports have enable students to not only fulfill their lifelong dreams of having a college degree, but to be recognized in a leaderships capacity on the campus. More specifically, last year, the president of the Student Club was a student who has been and continues to be served in the DSP&S program. This student not only gained the respect and admiration of the other students but went on to become on of the founding students of the Special People's Club.

The most notable and recent achievement of the college has been to gain recognition as a accredited higher education institution, making West Hills Lemoore the 110th Community College in the State of California. While this accolade comes with a resounding sense of pride and accomplishment, it also brings with it future challenges and growth opportunities for the college over the next several years.

B. Describe how the department/service area is aligned to the advancement of the college mission, goals and objectives.

The DSP&S program is designed to support the advancement of all students in fulfilling their college dream. As our motto says, "Once you go here, you can go anywhere" this is particularly true of the DSP&S population. To that end, the DSP&S department offers students priority registration, testing and accommodations, technology support, and lab assistance with assignments.

C. List any recommendations from the most recent college/department/service area accreditation and/or previous review.

The June, 2006 Accreditation committee, recommended that six items be addressed. Of those six items, recommendation number three "Improving Institutional Effectiveness" specifically focuses on all programs, instructional and non-instructional, identify measurable goals and objectives that support student learning.

III. Qualitative and Quantitative Data Review

A. Attach the following Non-Instructional Program Review data (as provided):

▪ **Enrollment Trends**

The enrollment trends as reflected in the DSP&S program are as follows:

YEAR	98/99	99/00	00/01	01/02	02/03	03/04	04/05	05/06
District					12,000	11,157	12,156	12,834
Lemoore					8,289	7,942	8,725	9,034
DSPS	187	277	327	378	420	296	369	356

▪ **Student Retention Rates/Student Success Rates (if applicable)**

The student success rate is as follows:

YEAR	02/03	03/04	04/05	05/06
District	66%	65%	64.9%	64.9%
Lemoore	64.2%	64.5%	65.5%	65.3%
DSPS	61.4%	62.1%	63.2%	61.7%

The student retention rate is as follows:

YEAR	02/03	03/04	04/05	05/06
District	81.4%	81.0%	80.9%	80.5%
Lemoore	79.68%	79.83%	80.50%	79.88%
DSPS	78.1%	77.9%	80.4%	77.8%

▪ **WSCH/FTEF (if applicable)**

▪ **Full-time to Part-time Faculty Ratio**

▪ **Number of Students Earning Degrees (if applicable)**

The number of students in the DSP&S program that have earned a degree or certificate between Summer 2004 to Fall 2006 is 64 compared to 543 in the District in 2004-05.

▪ **Job Market Analysis (if applicable)**

▪ **Student Demographics**

The student demographics for 2005-06 was as follows:

Ethnicity	Asian	African American	Filipino	Hispanic	Native American	Other	Pacific Islander	White	DTS
District	4.43	6.65	2.81	42.58	1.17	1.22	.56	36.19	4.32
Lemoore	4.87	6.49	3.73	37.05	1.31	1.53	.58	39.71	4.69
DSPS	0.00	14.85	1.66	33.44	5.23	1.49	0.00	37.26	6.06

▪ **Grade Distribution (if applicable)**

The grade distribution for DSP&S students in 2005-06 was as follows:

Grade	A%	B%	C%	D%	F%	CR%	NC%	I%	W%
District	28	21	14	5	10	2	.06	.50	19
Lemoore	29	21	14	5	9	1	.04	.47	20
DSPS	29	17	15	6	8	.04	.33	.25	22

▪ Student Survey Data (if applicable)

B. Using the data provided, describe how the department/service area is affected.

Based on the information presented above, it appears that the students served by the DSPS program are performing comparable to their non-DSPS peers. With regard to enrollment trends, an analysis of the data shows that there is fluctuation in the enrollment numbers of students served in the DSPS program. While the District as a whole and Lemoore were able to recuperate student enrollment following the 2003-04 school year, the DSPS program was not. In fact the numbers for both the District and Lemoore exceed the numbers prior to 2003-04. This suggests that there is a tremendous need for recruitment and outreach for the DSPS program.

With regard to the student success and retention rate, the success rate suggests that DSPS students are performing consistent with their non-disabled peers. However, the retention rate yields a very different picture. While students who stay in a class are achieving grades of A, B, C or CR, far more students are receiving a grade of "W". This suggests that DSPS students are unaware of the impact of class withdrawals and/or they are enrolling in classes that they are not academically ready for. This suggests a greater need for more student counseling and workshops.

An analysis of the graduation/ certificate rates shows that 17% of DSPS students are completing their matriculation, while 29.6% of students district wide are completing their course design. This suggests that not only are DSPS students having difficulty completing classes, they are also not earning a terminal degree.

A review of the ethnic breakdown of DSPS students shows a disproportionate number of African-American and Native American students receiving DSPS services, with a significantly less percentage of Filipino. The percent of African American students District wide is 6.65% and Lemoore is 6.49, while DSPS students are 14.85%. Likewise, the disproportionate number of Native American students in the district, Lemoore and DSPS are disparate. The percentage of DSPS students are 5.23, District wide is 1.17 and Lemoore is 5.23. On the contrary, there are significantly less Filipino students served in the DSPS program compared to the number of Filipino students district wide and in Lemoore. This data suggest.

C. Attach the following data maintained by your department/service area:

- Budget information regarding costs per department/service area on personnel, equipment, supplies, delivery of services (where applicable), and any other direct or indirect costs connected with the service as reflected by student enrollment.**

YEAR	00/01	01/02	02/03	03/04	04/05	05/06
State Allocation	250,592	365,244	361,590	344,684	338,746	\$350,484

Expenditures	727,067.56	1,061,039.10	754,713.91	\$1,123,972.54	1,030,894	1,138,774
College Effort	-0-	-0-	9,527.08	\$53,117	61,826	
Unspent Program				0	0	0
\$						
Primary Student Count	327	378	430	296	369	
Secondary Student Count	39	46	8	4	2	
Total Weighted Student Count	652.17	395.45	708.55	466.36	581.73	

2. Identify all personnel, including the number of certificated, classified professionals and volunteers. Discuss the diversity of faculty and staff.

Currently there are seven staff supporting the DSPS students and one volunteer. The certificated staff is composed of the Interim Associate Dean, a DSPS Counselor and two full-time faculty. One faculty member currently spends 100% of her time supporting in the general studies class, while the other faculty supports students through an adaptive physical education class. The classified staff consists of one high technology specialists, one Learning Skills Program Assistant, and one secretary.

The DSPS staff is comprised of not only individuals with a variety of education and experiences levels, but ethnic levels as well. Of the seven staff, there are two Black, four White and one Hispanic.

3. Describe the certificated and classified staffing requirements of the existing department/service area, as well as the effect any proposed curricular or instructional changes would have in the next three years. This statement should include the need to retrain, or to add staffing for new specialties. Finally, this statement should include the need to retrain or to add staff for clerical assistance, for maintaining equipment, or for serving as an instructional assistant.

Currently we are able to fulfill the program and student needs with existing staff. However, over the next five years, we will need the following :

Staff	Existing	Next Two Years	Next Five Years
Counselor/LD Spec.	1 FTE	2 FTE	3 FTE
High Technology	.5 FTE	.5 FTE	1 FTE
Access Specialists	0 FTE	1 FTE	1 FTE
Learning Assistant	1 FTE	1.5 FTE	2 FTE
Transportation Assistant	2 hrs	4.5 hrs	6 hrs
General Studies Instructor	1 FTE	2.5 FTE	3 FTE
Secretary	1 FTE	1.5 FTE	1.5 FTE
Director	0 FTE	0 FTE	1 FTE
Interim Assoc. Dean	.25 FTE	.25 FTE	.25 FTE
Dean	0 FTE	0 FTE	1 FTE

The additional staff will be the result of increased enrollment in both the college and the DSPS program. As the student population grows, staff will need to be available for counseling and other direct and indirect services to students. Concurrent with the student and staff growth will be the need to expand the course offerings, DSPS lab location, times, and computer stations. This will require additional equipment purchases.

The most immediate need; however, is to make available technology training to staff to ensure that staff have the necessary tools to articulate and provide assistive technology to students. This can most efficiently be accomplished through trainings and conferences offered through the High Tech Center, CAPED, and CSUN. Staff are also encouraged to seek out and identify professional development activities that will advance the college mission.

In addition to the regular staff development activities provided by the college, the DSPS staff will continue to attend trainings at the state High Tech College Training Unit (HTCTU) and job-related conferences provided by CAPED and other organizations as funding permits. Staff will also need to

receive ongoing updates in regards to Learning Disability (LD) assessments and the state Learning Disability eligibility model .

One option to reduce this expense would be to contribute to an ITS staff member to maintain the software/hardware technology in the DSPS labs, and consider changing the High Technology/Alternate Media position to an Alternate Media Specialist resulting in a cost reduction.

Staffing will also need to be increased accordingly to keep pace with the growing number of disabled students and number of students participating in the adaptive classes.

F. Address any significant trends in the above statistics, which relate to a specific course/program/service.

The significant trends reflected in the above data shows that there is an urgent need to improve the communication regarding DSPS eligibility and services. The DSPS team will be involved in ongoing outreach and communication efforts over the next two years. These efforts are designed to restore the student participation rate to levels seen prior to 2003-04.

Additionally, there is a strong need to work with DSPS students in recognizing when there are at risk of failing a class long before they are required to "withdraw". In conjunction with that, there is a need to provided more support to students in course selection, planning and organizing, strengthening study skills and making greater used of the technology available in the DSPS lab. While the "early warning" system for all students is continuing to develop, ensuring communication with the DSPS office will be essential to student success, retention and persistence.

G. Identify and discuss the effect that trends may have on the department/services area's organization, structure, and nature over the next two to four years.

The above described services to students will entail more staff to be available for counseling, course offerings, lab usages and assistance with mobility.

H. What resources are required to maintain department/service area, and what additional resources are necessary to improve or expand it?

The resources needed to improve or expand the department rests with staff, office space, technology, and equipment and supplies to support the expansion of the campus and services.

I. Discuss staff training, academic and professional currency.

The most urgent need is for staff to become better educated on the technology resources available to students.

J. Excluding curriculum validation, discuss community involvement in the operation of the department/service area.

The community has been involved in the DSPS program through counselor outreach activities. The DSPS team intends to continued the outreach efforts of "College Day" in the Spring, which will expose high school students to the services available in the DSPS program.

IN-SERVICE TRAINING

Goal

The District Director shall be responsible for a program of staff development for both the campus faculty and staff. The in-service will provide an increased awareness of the needs of students with disabilities and appropriate accommodations. Continuing efforts will be made to keep the College faculty and staff aware of:

- Support services and programs for the disabled
- Applicable regulations
- Student accommodation requirements
- Student referral procedures
- Assistive Technology

Objective

Develop a staff development training program for all support personnel who directly provide assistance to students with disabilities as well as for campus faculty and staff.

IV. Professional Development

A. What professional development activities have staff participated in?

In-service training should continue to be provided to assist instructors with classroom needs relative to disabled population.

Staff have attended conferences, workshops, etc. as staff development and program funds have allowed. Over the last three years (2003 to 2006), a limited number of staff have participated in the professional development activities such as: regional meetings, DeAnza High Technology Center, and mandatory conferences sponsored by the California Community College Chancellor's Office.

B. How does this professional development affect Student Learning Outcomes for your department/service area?

The effects of the professional development activities and student learning outcomes for the department have been isolated to a few individuals receiving training and gaining knowledge relative to Student Learning Outcomes.

C. Describe the department/service area's plans for staff development over the next four years.

Over the next four years, staff will need professional development in not only Student Learning outcomes, but technology advances that will enable West Hills to be fully accessible to a diverse present and future DSPS population. These trainings will better prepare staff to fully participate in the development of Student Learning Outcomes and strategies and interventions to regarding student success, retention and persistence.

D. Discuss the effectiveness of continuing education requirement to meet the need for advanced training and/or training in emerging technologies.

The effectiveness of continuing education requirements to meet the needs of advanced training and/or training in emerging technologies will be to largely available through staff participating in trainings provided through the High Technology Center and other technology conferences and trainings.

V. Student Learning Outcomes

A. Explain how Student Learning Outcomes are used to measure quality and success of this department/service area.

While we have just begun to use student learning outcomes as a measures of program success and student achievement, the effects of measuring the quality and success of the department will be evidenced by and increase in the number of students enrolled in the DSPS program, the availability of a variety of adaptive classes and fewer DSPS students receiving a grade of 'W'.

B. State any other measures used to determine the success of the department/service area (e.g. enrollment and demographics trends).

In addition to using student learning outcomes to measure the quality and success of the DSPS program, the college will look at data provided by the Office of Institutional Effectiveness.

VI. General Operations

A. How does the department/service area ensure that current curriculum/delivery of service is adequately meeting the needs of students?

The department diligently works to ensure that the curriculum/delivery of services is adequately meeting the needs of students by utilizing Curriculum committee updates, course review, and individual instructor assessment.

B. Do special accreditations, external regulations, or advisory committees regulate the department/service area? Yes No (If yes, elaborate.)

Yes, the Title 5 Implementation Guidelines serves as an external regulatory for the DSPS program. While there is not direct oversight, the college is expected to ensure proper implementation and the associate dean is responsible for ensuring that the guidelines are followed.

C. Does the department/service area have any special regulations, space requirements, staff training, etc.? Yes No (If yes, elaborate.)

Yes, the Title 5 Implementation Guidelines serves as an external regulatory for the DSPS program.

D. Is there evidence of unmet student needs caused by your department/service area? Yes No (If yes, elaborate.)

Yes, there is evidence of unmet student need. Based on data collected regarding DSPS students' use of the lab during the summer of 2006, it appears that DSPS students are want and will use the lab during the summer session. However, the summer of 2006 was the first summer that the lab was open and students were able to partially benefit from this opportunity, as the lab was closed or patricianly open due to lack of planning in the prior year.

E. How does the department/service area address cultural diversity?

The department addresses cultural diversity through the diverse staff employed. Specifically, the staff is a mixture of different ethnic and language backgrounds.

F. Describe the initiatives the department/service area has implemented to meet the needs of social-economically diverse students, and/or those with non-traditional requirements (e.g., physical mental disabilities, re-entry, gender, etc.)

The nature and design of the Title 5 regulations is to support individuals with special needs.

Therefore, all funding received for the program is intended to remove barriers, educational hurdles and empower students to meet academic challenges like any other student.

With respect to supporting the needs of individuals who are socially and economically diverse, the staff seek to recognize individuals who may need financial assistance and refer them to other student programs that can offer additional fiscal resources, such as the Extended Opportunities Programs and Services.

G. Discuss the department/service area's use of external funding, including grants and collaborative partnerships, if applicable.

The department relies heavily upon the state allocation of funds, and funds generated from both credit and non-credit classes.

H. To what extent is technology being used in the department/service area?

The use of technology is widespread in the department and student services. Students have access to a lab that supports voice activation, vision enlargement, and other technological supports. Additionally, staff all have access to computers at their work stations and the available technology for data management, ongoing communications and work management.

Prior to December, 2000, there had not been a plan for updating and/or maintaining hardware of software and there was no assistive technology on the campus. The college has made considerable progress in meeting the needs of the disabled through technology but there should be an ongoing plan to continue to upgrade technology taking into consideration the variability of the state economic situations, available funding, and civil rights requirements.

Ongoing supply needs will consist of routine office supplies, DSPS lab supplies, and assistive technology being available to individuals with low incidence disabilities. The major issue facing software needs will be the division of assistive technology site licenses. Current software programs offered within the lab are:

- For blind students, JAWS, Kurzweil 1000, a Braille embosser, a Braille translation program, and a tactile graphics enhancer called the PIAF.
- For low vision students: ZoomText Level TWO, CCTV, Optelec ClearView SVGA base units
- For Learning Disabled students, the Kurzweil 3000 with a flatbed scanner.
- For students with physical disabilities, Dragon Dictate Naturally Speaking
- Read and Write to assist students with writing better papers

The Technology Advisory Committee was established to make appropriate recommendations with upgrades and new technology being added based upon funding capability. In addition, Human Ware, Inc. and the state High Tech Center make site visits periodically to complete assessments and make technology recommendations for the labs in order to best meet DSPS students' needs.

I. Describe the supply requirements for your existing department/service area, as well as the effect that any proposed changes would have on the supplies in the next four years. This statement should include the kinds and amounts of supplies needed, any anticipated costs, and the need for any computer software/technology.

The supply requirements at this time are adequate to meet the needs of existing students. However as students with varying disabilities continue to enroll on the campus, there will be a need to identify and procure more sophisticated technological supports for those students. Additionally, staff training in the area of the technological supports will be essential. While at the same time making students aware that those supports exist and ensuring close articulation between the high schools and the colleges so that when a student enrolls he/she is aware of what they have

- J. Describe the need for facility modifications within your existing department/service area or the effect that any proposed curricular or instructional changes would have on the existing facilities in the next four years. This statement should include a description of the desired changes, the rationale for the changes, and a rough estimate of the costs.**

While the Lemoore campus is fortunate enough to be in the forefront with disability sensitivity and accessibility, it continues to be a major consideration in the design, development and acquisition of products and services for the DSPS students. The associate dean sits on the Facilities committee which helps to ensure that articulation continues to exist between the needs of the students, the mission of the colleges and the development of those structures. The district has allocated \$125,000.00 to ensure that the issues of accessibility continues to be a fundamental principle in the design and development of the campus. Additional space is needed for the DSPS lab in Lemoore.

VII. Additional Information (optional)

Please provide any other information to describe, explain, justify, analyze, or clarify prospective department/service area changes or needs anticipated in the next four years.

- A. What factors did you use in determining the quality and success of this department/service area?**
- B. Identify the best ways to measure the quality and success of this department/service area. Conduct an evaluation of the department/service area. Use a survey or questionnaire when appropriate to address questions. (Examples: How do the persons served by this department/service area evaluate its adequacy or effectiveness? How do services compare to similar departments/service areas outside the College? By what processes does the department/service area deal with complaints and continually up-grade services? Other methods might include matching or exceeding nation-wide productivity measures, i.e., full-time staffing equivalent per square foot for M & O and per number of employees for Human resources, feedback from campus "clients", etc.)**
- C. Describe the annual scheduling patterns for courses impact your department/service areas. Consider interaction with other departments/service areas, use of facilities and flexibility for students.**

VIII. Summary and Recommendations

- A. Based on analysis of the information provided in I through VII, describe the program's strengths, areas that need improvement, and strategies and actions to make those improvements.**

Based on analysis of items I to IV, it is felt that the program strengths are : From spring, 1999 to fall, 2002, there was an increase in district enrollment of 14.5%. During that same time period, there was an increase of 37% in the DSPS program. However, only 17% of DSPS students receive a terminal degree or certificate compared to non-DSPS students where 29.6% receive a terminal degree or certificate.

This suggest that while DSPS students are enrolling in classes, there needs to be greater emphasis on successful completion of a degree. More work needs to be done in the area of available of a variety of adaptive classes wherein DSPS students can complete a programs, use the existing and future technology options to meet their course requirements and continued and greater emphasis on expanding trainings to not only which staff person will receive trainings but what trainings staff will participate in. The focus should be on researching a greater variety of technology options to a more divers DSPS population.

B. Program strengths

Program strengths are:

- Semi-automatic doors have been installed at the Lemoore Campus along with automatic paper towel dispensers. The next major purchase will be automatic soap dispensers, and transportation drop-off and pick-up points. We will also need to hire a driver to ensure that this service continues to be available to students with mobility and or medical needs. .
- Program student e-mail created.
- Overall, increased program participants.
- Assistive technology upgrades were made in JAWS, Kurzweil, Dragon Dictate Naturally Speaking, and Text-Write Gold.
- The High Technology/Alternate Media Specialist received updated training as needed at the DeAnza High Technology center.
- A DSPS Faculty Handbook was developed with training provided to instructors.
- Involvement in flex-day training activities promoting disability and technology awareness.

C. Areas that need improvement

The data suggests that the increased outreach efforts have helped significantly with the increased program growth since 1998. Plans are to not only continue outreach efforts with high school students but also to provide training in assistive technology with local RSP teachers in the secondary school system in order to help promote transition. There is a need to ensure that the website is accessible to individuals with disabilities. Also to make the lab available beyond the current 8:00- 5:00 time period, during the fall and spring semesters.

Additionally, there is a need to provide courses that are compatible to the divers needs of the DSPS student, making the possibility of a terminal degree or certificate more likely.

D. Strategies and actions for program enhancement and improvement.

Strategies that are necessary to ensure continued program enhancement and improvements are :

- Academic counseling/program planning
- Registration assistance, academic counseling, and general assistance provided by learning disability specialists and counselors
- Referral to career planning guidance, testing and counseling service
- Have available for students who need the following:
 - Sign language interpreters
 - Mobility assistance
 - Braille transcription
 - Availability of adaptive equipment
- DSPS Orientation and ongoing workshope
- Individualized testing for DSPS eligibility
- Continue to participate in the Faculties Planning Committee
- Access to High Tech Center including adapted hardware and specialized software
- Liaison with community agencies
- Access to advisory committees, clubs, and organizations

- Establish and maintain an Advisory Committee as an integral part of the District's program for the disabled. The committee will be established in conformance with District policy. Committee membership will include but not be limited to:
 - Consumer group representatives
 - Public and private agencies
 - Referring agencies
 - DSPS Staff

E. Attach your Assessment Grid, which describes at least three short-term and three long-term goals. You should have not more than five short term goals, of which at least three are student learning outcome goals. (The logic model may be used to answer this question.)

Subject: Furloughs

Good afternoon,

As you all have heard by now Administration, Classified Managers, Confidential, Classified, and Faculty will be taking furlough days throughout the 09-10 year. All the days will be coordinated by your department/supervisors and kept on a master calendar by the President's office on the campuses and by the Vice Chancellor of Business services at the district. Below is the number of furlough days you will need to take. These days need to be requested by you on the Request for Time-off form (which is attached) in advance and for classified must also be documented on your timecard at the end of the month.

Administration/Managers/Confidential	24 Furlough days
Classified	12 Furlough Days
Faculty-177 day contract	10 Furlough Days
Faculty-197/199 day contract	11 Furlough Days
Faculty-221 day contract	12 Furlough Days

Admin/Mgrs/Conf/Class have 3 predetermined furlough days, those days are December 21, 22, & 23, 2009. Please take those 3 days and minus them from the numbers above. There is a possibility, pending an agreement with CSEA that March 29-April 1 will become furlough days if this is approved please minus 4 more days from your days above.

Faculty have 2 predetermined furlough days, those days are January 14 & 15, 2010 during the 2010 spring semester. Faculty members may take 1 furlough day per month on a regularly scheduled class day, exceptions to this are made on an individual basis.

All furlough days must be taken by June 30, 2010.

If you have any questions or concerns please feel free to contact me.

Subject: August Furloughs

To: Administrative/Management/Confidential staff members:

As you know, each person in these groups will have 24 furlough days for the 09-10 fiscal year. The 24 furlough days are scheduled to be deducted as two days per month. After discussing the STRS/PERS procedures for calculating retirement and retirement service credit, we have discovered that we are required to go back to July and revise the amounts reported. To calculate service credit, STRS and PERS require the retirement base and the amount paid to be the same in order for each employee to receive the full amount of service credit. If the retirement base is reported without the furlough deductions, and the salary is reduced, the service credit would be reduced. For STRS and PERS we will have to back out the salaries reported for July and replace them with the July salary less the two furlough days, and include the retroactive salary steps for those eligible.

In order to correct the employee and employer retirement contributions, these changes will be included on the August 31st payroll check. Specific information for each employee is being estimated and will be sent out via email as soon as possible.

If you have any questions after receiving your estimate, please contact Tammy Weatherman at ext. 2117 or Diane Edwards at ext. 2112.

Subject: furloughs

All,
Please make sure that your staff have been scheduled off for their respective furlough days prior to the end of the fiscal year.
Also I have heard that some have been approving furloughs on an hourly basis. The MOU we have with the Union states that furlough days shall be coordinated through the supervisor of each department. The MOU does not state that furlough hours shall be coordinated. Furlough days shall be awarded in full scheduled work days.
For those employees on a 40 hour work week that will be an 8 hour day for those 19 hour a week employees that will be dependent upon how their 19 hours are scheduled.

Subject: Budget Update #2

The following message is being sent on behalf of Dr. Frank Gornick, Chancellor:

Hello again everyone,

I recently met with Mark Millett of CSEA and Marty Ennes of CTA to discuss the current budget situation as we understand it. We are all presented with basically the same information from the State, however what is important to all of us is how this information will affect us at West Hills. We know we will have reductions to our current budget and possibly next year's budget. **The three of us agree that our goal is to meet the reductions without having to layoff or reduce full time classified staff, faculty or administrators.**

What can we expect? The information we have from the State is pretty straight forward. Currently, we have been paid our apportionment claims, dollar for dollar. That is the good news. The bad news is that beginning with the January payments to the district, our payments will be reduced by 25 cents on the dollar for the months of January, February and March. The State uses this technique to reduce their cash flow requirements in the current year.

What can we do to offset this reduction? We basically have three options: The first is do nothing, which would not be acceptable to the Board of Trustees. The second is to make the reductions in current budgets across the board effective November 1. While this will get us to our goal of reducing our budget by approximately \$1 million, it is a very intrusive and disconcerting process for the colleges to go through right now. The third option – the one preferred by CSEA, CTA and myself – is to implement a "freeze" effective November 1 on Fund 11 dollars. (Fund 11 dollars are unrestricted and come from the State).

The reason we favor this approach is that we have used it before with great success. At the October Board meeting we will have a discussion concerning the options presented above. We are in a good financial position for a district our size and our enrollment for the summer and fall semester have been higher than anticipated. That means that we can plan on a normal spring semester enrollment which will help us in the next budget.

I will keep you informed as I receive more information. Please call or e-mail with any questions you might have or suggestions on other options we might consider.

Regards,

Frank Gornick, Chancellor

INDEPENDENT AUDITORS' REPORT

Board of Trustees
West Hills Community College District
Coalinga, California

We have audited the accompanying basic financial statements of the business-type activities of the West Hills Community College District (the District) as of and for the years ended June 30, 2008 and 2007, and its discretely presented component unit West Hills Community College Foundation as of and for the years ended December 31, 2007 and 2006, as listed in the Table of Contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the West Hills Community College District as of June 30, 2008 and 2007, and its discretely presented component unit as of December 31, 2007 and 2006, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 5, 2009, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and is important for assessing the results of our audit.

The Management's Discussion and Analysis, as listed in the Table of Contents, is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of the District's management. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the table of contents, including the Schedule of Expenditures of Federal Awards, which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
