Publication and availability

Lemoore College prepares this Annual Security Report in accordance with the Jeanne Clery Campus Safety Act and applicable regulations. This report contains current campus safety and security policies and crime statistics for calendar years 2023, 2024, and 2025.

The Jeanne Clery Campus Safety Act requires participating colleges and universities to disclose campus security policies, procedures, and specified crime statistics; maintain a daily crime log; and provide timely warnings and emergency notifications when required.

Message from the President

It is my honor to present Lemoore College's 2026 Annual Security Report. This report provides information about campus safety policies, reporting options, emergency procedures, prevention efforts, and crime statistics for the three most recently completed calendar years.

A safe, learning, and working environment depends on timely reporting, informed action, and shared responsibility.

I encourage students, employees, and visitors to review this report, learn how to contact Campus Safety and local law enforcement, and become familiar with the support resources available through the College and community partners.

Lemoore College remains committed to transparency, prevention, and a campus environment in which every person can pursue educational and professional goals safely.

James Preston
Lemoore College President

A handwritten signature in black ink, appearing to read "J. Preston". The signature is stylized with a large, looped initial "J" and a cursive "P".

Preparation of the report and statistical methodology

The Office of the Dean of Student Services coordinates preparation of this report with Campus Safety, the Title IX Office, Student Conduct, Human Resources, Athletics, Facilities, Student Life Coordinator, and law-enforcement agencies with jurisdiction over the College's Clery geography. The College requests statistics annually from each relevant law-enforcement agency and documents its reasonable, good-faith efforts. Reports received from campus security authorities and law enforcement are reviewed, classified, counted by the calendar year reported, de-duplicated, and assigned to the applicable Clery geography.

The College records all Clery-reportable crimes reported to a campus security authority or local police agency, whether or not the report results in an investigation, arrest, prosecution, or disciplinary finding. A crime is removed as unfounded only after sworn or commissioned law-enforcement personnel complete a full investigation and formally determine the report false or baseless.

Campus and Clery geography

Lemoore College's main campus is located at 555 College Avenue, Lemoore, California 93245.

For this report, Clery geography includes property owned or controlled by the College within its reasonably contiguous campus, public property immediately adjacent to and accessible from campus, and any qualifying noncampus property. Lemoore College reviews its property inventory and patterns of student use each year to determine the reportable geography.

Property/category	Address or boundary	Clery category	Control/use basis	Approved by/date
Main campus	555 College Avenue, Lemoore, CA 93245	On campus	Parcel: 023-510-018	09/18/26
Adjacent public property	College Ave. – east of campus Bush Ave. – North of Campus	Public property	Adjacent and accessible	09/18/26
Noncampus property	None	Noncampus	None	Confirmed
Student housing	None	Not applicable	None	Confirmed

Reporting crimes and emergencies

Call 911 for an emergency or immediate threat. Consistent with WHCCD AP 3515 and AP 3520, students, employees, and visitors should report crimes accurately and promptly to Lemoore College Campus Safety, the Lemoore Police Department, or another listed campus security authority. Campus Safety forwards incident reports for review by the College's designated campus safety official and refers criminal matters to the law-enforcement agency with jurisdiction. A person who has experienced dating violence, domestic violence, sexual assault, or stalking may also request College assistance in notifying law enforcement or may decline to notify law enforcement.

Reporting destination (title/organization)	Purpose	Phone	Email/URL	Hours
Lemoore Police Department	Emergency and criminal report	911 / (559) 469-4080 assigned officer	Report directly or through Campus Safety	Emergency response 24/7
Lemoore College Campus Safety	Campus, crime, and CSA report	(559) 925-3250	https://lemoorecollege.edu/student-life/campus-safety/	M-F 8am – 5pm
Dean of Student Services	CSA report and student support	(559) 925-3135	Nestor Lomeli, nestorlomeli@whccd.edu	Business hours
Vice President of Student Services/Deputy Title IX Coordinator	Sex discrimination/harassment report and support	(559) 925-3127	Elmer Aguilar, elmeraguilar@whccd.edu	Business hours
District Title IX Coordinator	Title IX report	(559) 934-2159	Becky Cazares, beckycazares@whccd.edu	Business hours

Voluntary confidential and anonymous reporting

Anonymous reports may be submitted through the College's campus-safety reporting route. The College reviews reports for inclusion in Clery statistics and for a timely-warning assessment. Personally identifying information about a victim is not included in the daily crime log, crime statistics, timely warnings, or other public Clery disclosures. Anonymous reporting is not the same as confidential reporting, and anonymity cannot be guaranteed if identifying information is supplied or disclosure is required by law.

Professional and pastoral counselors are not campus security authorities when acting within the scope of their professional licenses or religious assignments. When appropriate, the College encourages counselors to inform counselees about available reporting and support options.

Campus security authorities

Campus security authorities (CSAs) include campus police/security, individuals responsible for campus security, officials with significant responsibility for student and campus activities, and persons or offices designated to receive crime reports. CSAs forward reports for Clery classification and timely-warning assessment; they do not determine whether a crime occurred.

The College has identified the following positions and individuals as campus security authorities:

1. Campus Safety Officer - Steve Rossi
2. Dean of Student Services - Nestor Lomeli
3. Dean of Student Support Programs - Maria Gonzalez
4. Director of Athletics - Walter Parham
5. Athletic Coaches, including Assistant Coaches
6. Vice President, Student Services - Elmer Aguilar
7. Deputy Title IX Coordinator - Elmer Aguilar
8. Behavioral Intervention Team - Maria Gonzalez, Elmer Aguilar, Steve Rossi, J. Daniel Gomez Martinez, Nestor Lomeli
9. Coordinator of Student Life and Engagement - Parveen Kaler
10. Student Life Coordinator – Parveen Kaler
11. Incident Commander - Joshua Allen
12. President - James Preston
13. Vice President, Educational Services - Kris Costa
14. Dean of Educational Services - Sarah Maokosy
15. Dean of Career and Technical Education - Nick Griffith
16. Skilled Maintenance Technician II - John Bernal

Timely warnings

Lemoore College issues a timely warning when a Clery-reportable crime is reported to a CSA or law-enforcement agency and is considered to represent a serious or continuing threat to students or employees. Consistent with WHCCD AP 3515, the assigned college police officer evaluates whether an ongoing or continuing threat exists. The President or designee is responsible for

disseminating the warning in a manner intended to help the campus community prevent similar crimes.

The evaluation is made case by case using the information available, including the nature and severity of the reported conduct; the date, time, and general location; whether the alleged offender is known or apprehended; whether similar incidents or a pattern have been reported; the offender's possible continuing access to the campus community; and the reliability of the information. No single factor controls, and there is no fixed waiting period.

Timely warnings are sent campus-wide to students and employees through College email and phone messaging. When appropriate, the College may also use flyers, in-class announcements, the College website, or other methods reasonably calculated to reach the campus community. A warning ordinarily states the type of incident, date and time or time period, general location, a concise description of the continuing threat, protective or prevention steps, and how to report related information. The warning does not disclose a victim's name or other personally identifying information.

A timely warning is not required for information reported to a pastoral or professional counselor acting in that capacity. When an immediate threat on campus requires emergency action, the College uses its emergency-notification procedures. Follow-up information is issued through appropriate channels when material facts or protective instructions change.

Daily crime log

Lemoore College maintains a written, easily understood daily crime log. The log records, by the date reported, crimes reported to Campus Safety that occurred on campus, in or on noncampus buildings or property, on public property within or immediately adjacent to the campus, or within Campus Safety's patrol jurisdiction. Each entry includes the nature, date, time, and general location of the crime and the disposition, if known. Entries and additions are made within two business days unless disclosure is prohibited by law, would jeopardize victim confidentiality, or may be temporarily withheld under the limited conditions permitted by 34 C.F.R. § 668.46(f).

The current daily crime log is available online at <https://lemoorecollege.edu/student-life/campus-safety/documents/daily-crime-log.pdf> and may be inspected in person at the Eagle Help Desk in the Student Union, Monday through Friday, 8:30 a.m. to 4:30 p.m. The most recent 60 days are open to public inspection. A requested portion older than 60 days will be made available within two business days.

Campus law-enforcement and security authority

Under WHCCD AP 3520, Lemoore College Campus Safety personnel are not sworn peace officers and do not have arrest authority. They may request identification and determine whether a person has lawful business on District property. Criminal conduct is referred to the Lemoore Police Department or other law-enforcement agency with jurisdiction. The Lemoore Police

Department provides sworn law-enforcement services and has authority to investigate crimes and make arrests within its jurisdiction.

The District maintains a written working agreement with the Lemoore Police Department to coordinate responses to criminal activity and the investigation of alleged criminal offenses. Campus Safety forwards incident reports to the District's designated campus safety official, and the College annually requests relevant crime statistics from agencies with jurisdiction over its Clery geography.

Security and access to facilities

Consistent with WHCCD AP 3501, campus facilities are generally open during normal business and scheduled program hours. Facility hours vary by building and program. After hours, access is limited to authorized persons using an issued key, access card, or assistance from Campus Safety. Extended-hours access or opening a closed facility requires prior authorization. Emergency conditions may require the College to change access schedules, close facilities, or limit entry.

The Vice Chancellor of Business and Fiscal Services, College President, Maintenance and Operations, Campus Safety or Police, and the designated campus safety official periodically review campus security conditions. Reviews may address landscaping, doors and locks, alarms, lighting, communications, cameras, and other conditions affecting safety. Community members should promptly report unsafe facility conditions to Campus Safety at (559) 925-3250 or through the College's facilities reporting process.

Security awareness and crime-prevention programs

Lemoore College provides security-awareness, crime-prevention, sexual-violence prevention, CSA, and emergency-preparedness programs. The table below identifies the audience and frequency for each program.

Program	Primary/ongoing	Audience	Frequency/date	Required content/evidence	Owner
New-student safety orientation	Primary	Incoming students	Annually during onboarding, September-November	Online orientation covering reporting, safety resources, and prevention; platform retains completion evidence	Callie Branan
New-employee VAWA/safety training	Primary	New employees	During Onboarding	DV/DV/SA/stalking, bystander, risk reduction, rights/options	Becky Cazarez

Program	Primary/ongoing	Audience	Frequency/date	Required content/evidence	Owner
Annual student Title IX/Sexual Violence Training	Ongoing/annual	All students	Annually	California § 67385.7 content, including Sept. 1, 2026 additions	Elmer Aguilar
CSA training	Annual	All CSAs	Annually	Definitions, geography, reporting route, immediate forwarding	Nestor Lomeli
Emergency exercise/publicity	Annual minimum	Campus community	Annually	Exercise record, procedure publicity, after-action follow-up	Joshua Allen

Off-campus student organizations

Lemoore College does not recognize student organizations that own or control noncampus housing or property. The College reviews this status annually and requests local law-enforcement statistics for any reportable noncampus location if its status changes.

Alcohol, drugs, and weapons

The unlawful possession, use, manufacture, distribution, or sale of alcohol or controlled substances is prohibited on College property and as part of College activities. The College enforces applicable California underage-drinking laws and federal and state drug laws. Weapons are prohibited or regulated under applicable law and District policy.

The College's annual Drug-Free Schools and Communities Act notification contains the standards of conduct; federal, state, and local legal sanctions; health risks; counseling, treatment, rehabilitation, and re-entry resources; and disciplinary sanctions. It is distributed annually to every student and employee and to later enrollees and new hires. Current materials are available in the [2026-2027 catalog](#). The College conducts a biennial review of program effectiveness and consistent sanction enforcement.

Dating violence, domestic violence, sexual assault, and stalking

Lemoore College prohibits dating violence, domestic violence, sexual assault, and stalking. The College provides primary prevention and awareness programs for all incoming students and new employees and ongoing prevention and awareness campaigns for students and employees.

Definitions and consent

For Clery statistical reporting, Lemoore College uses the federal definitions summarized below. District policy may prohibit additional conduct or use broader definitions for institutional proceedings.

Dating violence. Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim, as determined from the relationship's length, type, and frequency of interaction. It includes sexual or physical abuse or the threat of such abuse and excludes acts covered by domestic violence.

Domestic violence. A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner; a person with whom the victim shares a child; a person who cohabitates or formerly cohabitated with the victim as a spouse or intimate partner; a person similarly situated to a spouse under applicable law; or another person whose acts are covered by applicable domestic or family violence law.

Sexual assault. An offense that meets the federal definitions of rape, fondling, incest, or statutory rape.

Stalking. A course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others, or to suffer substantial emotional distress.

California affirmative-consent standard. Affirmative consent is affirmative, conscious, and voluntary agreement to engage in sexual activity. It must be ongoing and may be revoked at any time. Lack of protest or resistance, silence, a dating relationship, or past sexual relations does not by itself establish consent. Consent is not valid when a person is asleep, unconscious, incapacitated, or unable to communicate consent, or when agreement results from force, threats, coercion, or intimidation, as provided by applicable California law and District policy.

Prevention and awareness

Primary and ongoing programming includes the prohibition and definitions of the covered offenses and consent; safe and positive bystander options; risk-reduction information that increases empowerment and addresses perpetration and bystander inaction without blaming victims; reporting procedures; evidence preservation; law-enforcement options; protection orders; confidentiality; services; accommodations/protective measures; and disciplinary procedures.

Procedures to follow after an incident

17. Seek immediate safety and call 911 if there is an emergency or imminent threat.
18. Preserve evidence that may help prove an offense or obtain a protection order. Depending on the incident, this may include avoiding washing, changing clothes, deleting messages or posts, altering devices, or disturbing the location; preserve photographs, communications, and witness information. A person may seek care even if unsure about reporting.

19. Report to any of the campus or law-enforcement options listed in this report. A victim may notify on-campus and local law enforcement, receive College assistance in doing so, or decline to notify law enforcement.
20. Ask the Deputy Title IX Coordinator contact for written rights and options, services, supportive measures, and information about protection/no-contact/restraining orders.

Confidentiality and privacy

Public Clery recordkeeping and disclosures do not include personally identifying information about a victim. The College maintains accommodations and protective measures as confidential to the extent confidentiality does not impair its ability to provide them. Information is shared only as permitted or required by law and as necessary to respond. Confidential resources and the limits of confidentiality are listed below.

Written notice of services, accommodations, and rights

When a student or employee reports dating violence, domestic violence, sexual assault, or stalking, on or off campus, the College provides a written explanation of rights and options. The College also provides written notification about available counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services, both on campus and in the community.

The College provides written notification about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or other protective measures. If requested and reasonably available, the College provides these measures whether or not the victim reports to campus or local law enforcement.

Category	Service/contact	How to access	Confidential?
Counseling/mental health	DRAW; Onyx Trauma Healing Center	DRAW: (559) 380-6690, Monday-Friday, 8 a.m.-5 p.m. Onyx: (559) 772-4677, Monday-Friday, 8 a.m.-5 p.m.; evening hours by request. https://lemoorecollege.edu/student-life/food-and-basic-needs/mental-health-resources.php	Yes; verify scope and limits
Visa/immigration assistance	United Farm Workers	https://ufwfoundation.org/	Yes
Student financial aid	Office of Financial Aid, Lemoore College	https://lemoorecollege.edu/admissions/financial-aid/	Limits

Institutional disciplinary proceedings

Lemoore College uses the procedures summarized below to address allegations of dating violence, domestic violence, sexual assault, and stalking involving student and employee respondents.

Required element	Student respondent process	Employee respondent process
Governing procedure and exact URL	AP 3434, AP 3540, and AP 5520 https://westhillscollge.com/district/administration/board-of-trustees/policies-and-procedures/	AP 3434, AP 3540,

Proceedings are prompt, fair, and impartial from initial investigation through final result; conducted by officials without conflict or bias who receive annual training on the covered offenses and on processes that protect victim safety and promote accountability; provide the accuser and accused the same opportunity to have others present, including an advisor of choice, subject only to equal participation restrictions; and provide simultaneous written notice to both parties of the result, available appeal procedures, any change to the result, and when the result becomes final. Parties receive timely meeting notices and timely/equal access to information used in disciplinary meetings and hearings.

Registered sex offender information

Information about registered sex offenders is available through the California Department of Justice Megan's Law website and relevant local law-enforcement agencies.

Official California resource: [California Megan's Law website](#)

Emergency response, notification, and evacuation

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on campus, the College immediately notifies the appropriate campus community segment(s). Incident Commander, Joshua Allen at Lemoore College confirms the emergency. Incident Commander, Joshua Allen at Lemoore College determines the segment(s), content, and initiation of the notification. Incident Commander, Joshua Allen at Lemoore College is authorized to initiate Rave Mobile, email, text, voice, public-address, website, social media, and other appropriate channels.

Without delay and taking account of community safety, the College determines notification content and initiates the system unless, in the professional judgment of responsible authorities, notification would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The College provides adequate follow-up information as needed and disseminates information to the larger community through Rave Mobile.

Decision/action	Authorized title(s)	Method/documentation
Confirm emergency/dangerous situation	Incident Commander, College President	Incident Command Handbook
Select community segment(s)	Incident Commander, College President	Incident-based per Incident Command Handbook
Determine message content	District Director of Marketing	Incident-based
Initiate notification	Incident Commander	Rave Mobile, Zoom Phones
Inform larger community	District Director of Marketing	College official website, Social Media outlets
Issue follow-up/all clear	Incident Commander	Radio, text, phone, email

Testing and evacuation

The College tests emergency response and evacuation procedures at least annually through announced or unannounced regularly scheduled drills, exercises, and appropriate follow-through activities. In conjunction with at least one test each calendar year, the College publicizes its emergency procedures. For every test, it documents the exercise description, date, time, and whether announced or unannounced, and retains follow-through/after-action records.

Evacuation routes, assembly areas, accessibility assistance, accountability procedures, and re-entry instructions are maintained for campus buildings and the Arena. Occupants follow alarms and official instructions, use posted routes when safe, do not use elevators unless directed, assist others without endangering themselves, and report to designated assembly/accountability points.

Student housing, missing students, and fire safety

Lemoore College does not maintain on-campus student housing. The missing-student notification policy and annual fire safety report requirements for institutions with on-campus student housing therefore do not apply to this campus. The College confirms this status annually.

Hazing policy, reporting, investigation, and prevention

Lemoore College prohibits hazing under WHCCD AP 3436. For federal statistical reporting, hazing includes an intentional, knowing, or reckless act, committed individually or with others against another person regardless of that person's willingness to participate, in connection with initiation into, affiliation with, or maintenance of membership in a student organization, that causes or creates a risk above the reasonable risk of participation of physical or psychological injury. A student organization includes a group with two or more enrolled-student members whether or not the group is established or recognized by the College.

Students, student organizations, and employees may not engage in, encourage, or facilitate hazing, and retaliation for reporting or participating in an investigation is prohibited. Call 911 when there is an immediate danger. Nonemergency reports may be made to Lemoore College Campus Safety at (559) 925-3250, through the College's campus-safety reporting route, or to the Dean of Student Services, Nestor Lomeli, 555 College Avenue, Lemoore, CA 93245, (559) 925-3135, nestorlomeli@whccd.edu. The Dean of Student Services or designee investigates reports under applicable District procedures. Violations may result in student, employee, or organization discipline up to expulsion, termination, or loss of recognition, and may be referred for criminal investigation.

The College includes hazing in its Clery statistical collection and provides annual prevention and awareness training for participants in student organizations, clubs, and athletics and for employees who oversee those groups. Programming addresses the policy and law, reporting and investigation procedures, bystander intervention, ethical leadership, and group-cohesion strategies that do not involve hazing. The College retains training materials and participation records as evidence of implementation.

Campus Hazing Transparency Report

Under WHCCD AP 3436, the College maintains procedures to collect information beginning July 1, 2025 about findings of hazing responsibility involving established or recognized student organizations. After a qualifying finding, the College publishes the organization name; a general description of the violation, findings, sanctions, and alcohol or drug involvement; and the required investigation, adjudication, notice, and resolution dates without student personally identifying information. When findings occur, the report is updated at least twice each year, and published information is retained online for five calendar years.

Public transparency-report location: Crime statistics for calendar years 2023-2025

Counting notes: statistics are based on the year reported, not necessarily the year the incident occurred. They include reports to CSAs and local police within Clery geography. Statistics do not identify victims or accused persons. The College follows applicable FBI definitions, the Hierarchy Rule and exceptions, stalking rules, and the federal hazing counting rule. N/A indicates that the geography or reporting category did not apply.
